

### This booklet contains:

- Tax Credit Forms
- Fiduciary Tax Forms
- Withholding Tax Forms

### CAUTION

The federal amounts that you use on your Arizona return may not be the same as the federal amounts from your federal tax return.

Each year the Arizona State Legislature considers if they will adopt changes made to the federal tax law during the prior year. These forms assume the Legislature will adopt all federal law changes made after January 1, 2014.

If you use the amounts from your 2014 federal tax return to complete your Arizona return and the Legislature does not adopt the 2014 federal changes, you may have to amend your return at a later date for any difference between Arizona and federal law. For more details, visit [www.azdor.gov](http://www.azdor.gov) and click on the link for 2014 conformity.

**General Instructions**

Arizona Revised Statutes (A.R.S.) §§ 43-1080 and 43-1169 provide a nonrefundable tax credit for expenses incurred in constructing a qualified environmental technology manufacturing, producing or processing facility as described in A.R.S. § 41-1514.02. The amount of the credit is equal to 10% of the amount spent during the taxable year to construct the facility, including land acquisition, improvements, building improvements, machinery and equipment. The credit cannot exceed 75% of the Arizona income tax liability for the taxable year as determined without applying the credit.

The former Arizona Department of Commerce identified and certified new facilities of qualified environmental technology manufacturers, producers and processors for purposes of the credit. The certification program ran through June 30, 1996. However, the certification may be assigned or transferred to one or more successor taxpayers, manufacturers, producers or processors that have acquired and continue to operate a facility that was used to meet the qualifying conditions listed below and that continues to be used predominantly for those purposes.

To qualify under A.R.S. § 41-1514.02, an environmental technology manufacturer, producer, or processor must locate or make an additional capital investment in a facility in this state that:

- Is used predominantly to do any of the following:
  - a. sort, store, prepare, convert, fabricate, manufacture, or otherwise process finished products consisting of at least 90% recycled materials.
  - b. prepare, fabricate, manufacture, or otherwise process finished products that are powered exclusively with solar or other specific renewable energy.
  - c. prepare, fabricate, manufacture, or otherwise process raw material or intermediate product exclusively through a hydro-metallurgical process where at least 85% of the process solution used to produce the finished product is recycled on site for additional production.
  - d. fabricate or manufacture finished paper products that consist of at least 80% recycled material.
- Costs, or is expected to cost, an aggregate of at least 20 million dollars of new capital investment in this state within five years after construction begins or commencement of installation of improvements.

You may claim a credit with respect to new qualifying construction within ten years after the start of the facility's initial construction. You qualify for the credit if you own or lease the facility or any component of the facility for a term of five or more years, but a credit is not allowed for any amount spent more than ten years after the start of the facility's initial construction.

You can only take the credit for items that are depreciable or amortizable assets. You have to subtract your credit from your basis in those assets. You can still take depreciation or amortization of your Arizona basis in the assets.

If the allowable tax credit exceeds 75% of the taxes otherwise due on the claimant's income, or if there are no taxes due, the amount of the credit not used to offset taxes may be carried forward for not more than fifteen taxable years as a credit against subsequent years' income tax liabilities.

Co-owners of a business, including partners in a partnership and shareholders of an S corporation, may each claim only the pro rata share of the credit allowed based on the ownership interest. The total of the credits allowed all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

The credit is available to an exempt organization that is subject to corporate income tax on unrelated business taxable income (UBTI). The credit must result from the activities that generate UBTI.

**Credit Recapture**

If either of the following circumstances occurs with respect to a qualified environmental technology manufacturing, producing or processing facility, the tax imposed for the taxable year shall be increased by the full amount of all credits previously allowed with respect to that facility:

- The taxpayer abandons construction before the facility is placed in service.
- Before the facility is placed in service, the taxpayer changes plans so that the facility no longer qualifies as an environmental technology manufacturing, producing or processing facility under A.R.S. § 41-1514.02.

If a qualified environmental technology facility ceases to operate as an environmental manufacturing, producing or processing facility at some time during the first five years it has been in operation, you have to recapture part of the credit.

Any credit recapture will affect any carryover you may have on that credit. If you have to recapture 100% of the credit, you will have no credit carryover. If you have to recapture a portion of the credit, you have to recapture the same portion of the carryover. How to figure the recapture of a portion of your credit is discussed in the specific instructions that follow.

**Specific Instructions**

Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Include the completed form with your tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, an exempt organization with UBTI, an S corporation, or a partnership is the taxpayer's employer identification number. The TIN for an individual is your social security number or an Internal Revenue Service individual taxpayer identification number. If you fail to include your TIN, you may be subject to a penalty.

Enter the certification number from the former Arizona Department of Commerce.

**Part 1 - Schedule of Cost of Equipment or Property Used in Construction of Facility for Current Year and Current Taxable Year's Credit Calculation**

**Lines 1 through 3 -**

Enter the date the facility's initial construction was started.

**Current Year's Cost of Equipment or Property Used in Construction of Facility**

**In column (a)**, describe the expenses incurred in constructing the new qualifying environmental technology facility during the current year. Such items would include land purchased or improved, building construction initiated or improved, or equipment or machinery installed or placed in use. If additional space is needed, include a separate sheet. **In column (b)**, enter the amount of the cost.

Complete lines 2 and 3 as directed on the form.

**Part 2 - Recapture of Environmental Technology Facility Credit**

If the facility has been in operation for five years or more, you do not have to recapture credits you have already used to offset your tax liability. If it ceased to operate as required before five years had passed, you must recapture the credit you used by taking the total of all environmental technology facility credits you received before, and multiplying it by a percentage. The percentage depends on how long the facility had been operating as an environmental manufacturing, producing or processing facility. The recapture percentages are as follows:

How long between the time the facility was placed in service and the time it ceased to meet the credit requirements?	Recapture percentage
Less than one year	100 %
At least one year, but less than two years	80 %
At least two years, but less than three years	60 %
At least three years, but less than four years	40 %
At least four years, but less than five years	20 %

Use the appropriate percentage to complete Part II as instructed on the form.

**Part 3 - S Corporation Credit Election and Shareholder's Share of Credit and Credit Recapture**

The S corporation must complete this portion of Form 305 in order for the S corporation or its shareholders to claim this credit. The S corporation must make an irrevocable election either to claim the credit or to pass the credit through to its shareholders. The election statement on line 9 must be signed by one of the officers of the S corporation who is also a signatory to Arizona Form 120S.

If the S corporation elects to pass the credit through to its shareholders, it must first complete Form 305, Part 1 and then complete Part 3, lines 10 through 12, separately for each shareholder. If the S corporation has been notified of a credit recapture for a credit it passed through to its shareholders, it must also complete Part 2 and then Part 3, line 13, separately for each shareholder.

Each S corporation shareholder is entitled to only a pro rata share of pass-through credit based on ownership interest in the S corporation. The total of the credit allowed to all shareholders may not exceed the amount that would have been allowed for a sole owner.

The S corporation must give each shareholder a copy of pages 1, 2 and 3 of Form 305. Each shareholder must complete Parts 5 (if Part 5 is applicable) through 7.

**Part 4 - Partner's Share of Credit and Credit Recapture**

**Lines 14 through 17 -**

The partnership must complete Part 1. Then, complete Part 4, lines 14 through 16, separately for each partner. If the partnership has been notified of a credit recapture, it must also complete Part 2 and then Part 4, line 17, separately for each partner.

Each partner is entitled to only a pro rata share of the credit based on the partner's ownership interest in the partnership. The total of the credit allowed to all partners may not exceed the amount that would have been allowed for a sole owner.

The partnership must furnish each partner with a copy of pages 1, 2 and 3 of Form 305. Each partner must complete Parts 5 (if Part 5 is applicable) through 7.

**Part 5 - Credit Recapture Summary**

Use lines 18 through 23 to determine whether you have any allowable credit remaining, even if you have to recapture some of it. Complete Part 5 as instructed on the form.

**Part 6 - Available Credit Carryover**

**General Instructions**

Arizona Revised Statutes (A.R.S.) §§ 43-1079 and 43-1167 provide nonrefundable individual and corporate income tax credits for net increases in employment of full-time employees by a taxpayer in a military reuse zone, established under Title 41, chapter 10, article 3, of the Arizona Revised Statutes. These employees must be engaged primarily in providing aviation or aerospace services, or in manufacturing, assembling, or fabricating aviation or aerospace products.

There are two military reuse zones. The first, Williams Gateway Airport, was established on August 2, 1996. There is no available credit or carryforward before that date. The current zone designation expires in October 2016.

The second military reuse zone, Phoenix/Goodyear Airport, was established on December 10, 2002. There is no available credit or carryforward before that date. The current zone designation expires in December 2017.

A taxpayer that owns or leases income producing property located in a military reuse zone is eligible for the military reuse zone tax credit according to the terms and conditions prescribed by A.R.S. §§ 43-1079 or 43-1167. To qualify for the tax incentive the taxpayer shall:

- Agree with the Arizona Commerce Authority (Commerce) in writing to furnish information relating to the amount of tax benefits the taxpayer receives for each taxable year in which the taxpayer claims the credit. If the taxpayer fails to provide the required information, Commerce shall immediately revoke the taxpayer's qualification and notify the Arizona Department of Revenue (Revenue).
- Enter into a memorandum of understanding with this state through Commerce containing employment goals. Each year in which the taxpayer claims the credit the taxpayer shall report in writing to Commerce its performance in achieving the goals. The memorandum shall contain provisions that allow:
  - a. Commerce to stop, readjust, or recapture all or part of the tax incentives provided to the taxpayer on noncompliance with the terms of the memorandum;
  - b. Commerce to notify Revenue of the conditions of noncompliance; and

- c. Revenue to require the taxpayer to file appropriate amended tax returns reflecting the recapture of the tax credit.

The net increase in the number of employees shall be determined by comparing the taxpayer's average employment in the military reuse zone during the taxable year with the taxpayer's previous year's fourth quarter employment in the zone, based on the taxpayer's report to the Arizona Department of Economic Security for unemployment insurance purposes, but considering only employment in the zone.

A credit is not allowed with respect to an employee whose place of employment is relocated by the taxpayer from a location in this state to the military reuse zone, unless the employee is engaged in providing aviation or aerospace services, or in manufacturing, assembling, or fabricating aviation or aerospace products, and the taxpayer maintains at least the same number of employees in this state but outside the zone.

The military reuse zone credit is in lieu of the following credits, with respect to the same employees:

- The credit for new employment, under A.R.S. §§ 43-1074 or 43-1161 (claimed on Arizona Form 345);
- The employment credit for healthy forest enterprises, under A.R.S. §§ 43-1076 or 43-1162 (claimed on Arizona Form 332); and
- The credit for renewable energy industry, under A.R.S. §§ 43-1083.01 or 43-1164.01 (claimed on Arizona Form 342).

The amount of the credit is a dollar amount allowed for each new full-time employee. The amount per employee differs depending on whether the employee is a dislocated military base employee or another type of full-time military base employee. A "dislocated military base employee" means a civilian who previously had permanent full-time civilian employment on the military facility, at the date the closure of the facility was finally determined under federal law, as certified by Commerce. The credit amount per employee is as follows:

Year of employment	Amount of credit allowed per employee	
	Dislocated Employee	Non-dislocated Employee
1st	\$1,000	\$ 500
2nd	\$1,500	\$1,000
3rd	\$2,000	\$1,500
4th	\$2,500	\$2,000
5th	\$3,000	\$2,500

If the allowable tax credit exceeds the taxes otherwise due, or if there are no taxes due, the amount of the claim not used to offset the taxes may be carried forward as a credit against the five subsequent years' income tax liabilities, if the business remains in the military reuse zone.

Co-owners of a business, including partners in a partnership and shareholders of an S corporation, may each claim only a pro rata share of the allowable credit based on the ownership

interest. The total of the credits allowed all owners may not exceed the amount that would have been allowed for a sole owner of the business.

The credit is available to an exempt organization that is subject to corporate income tax on unrelated business taxable income (UBTI). The credit must result from the activities that generate UBTI.

**Aggregate summary:** This is a single Form 306 that combines the results of multiple business locations in a military reuse zone or zones. Taxpayers having multiple business locations must first complete separate Forms 306, 306-1, 306-2, 306-3, and 306-4 for each business location, whether those locations are in the same military reuse zone or multiple military reuse zones. Then, complete an aggregate summary of Form 306. Do not complete aggregate summaries of Forms 306-1 through 306-4.

Taxpayers do NOT need to complete the following portions of an aggregate summary of Form 306:

- Part 1 - Business Information
- Part 2 - Net Increase in Employment
- Part 3 - Lines 8 through 11 (line 12 must still be completed)

### Specific Instructions

Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Include the completed form with the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, an exempt organization with UBTI, an S corporation, or a partnership is the taxpayer's employer identification number. The TIN for an individual is the taxpayer's social security number or an Internal Revenue Service individual taxpayer identification number. Taxpayers that fail to include their TIN may be subject to a penalty.

#### Part 1 - Business Information

##### Lines 1 through 4 -

On lines 1 through 3, enter the business's name, its actual location in the zone (may not be its mailing address), and employer identification number. On line 4, enter the name of the military reuse zone in which the business is located.

**NOTE:** If there is more than one location in a military reuse zone, include a schedule listing the name, location address, employer identification number, and zone of each location.

#### Part 2 - Net Increase in Employment

The military reuse zone credit is based on net increases in employment of full-time employees working in a military reuse zone. Whether there has been a net increase in employment is determined by comparing the average employment in the zone during the current taxable year with the prior year's fourth quarter employment in the zone. The prior year figure must be based on the employer's unemployment insurance report to the Arizona Department of Economic Security, limited to employment in the zone.

#### Line 5 -

Enter the average employment in the military reuse zone for the current taxable year. Complete the worksheet below to determine the average employment during the current taxable year.

On lines 1 through 12 below, enter the number of employees employed at the end of each month by the business located in the military reuse zone.

Average Full-Time Employment Worksheet		Line 5 Column – Current Taxable Year
1	January	
2	February	
3	March	
4	April	
5	May	
6	June	
7	July	
8	August	
9	September	
10	October	
11	November	
12	December	
13	Total – Add lines 1 through 12.	
14	Total number of months during the taxable year in which the employer was in business.	
15	Average – Divide the amount on line 13 by the amount on line 14.	

#### Line 6 -

Enter the previous year's fourth quarter employment. A newly established business in a military reuse zone that did not have any employment within the zone during the fourth quarter of the immediately preceding taxable year would enter zero.

An established business already located in an area that subsequently becomes a designated military reuse zone could have employment in the zone during the fourth quarter of the immediately preceding taxable year. This employer would enter their previous year's fourth quarter employment in the zone only, based on their report to the Arizona Department of Economic Security for unemployment tax purposes.

#### Line 7 -

Subtract the amount on line 6 from the amount on line 5. If this amount is less than one, enter zero. If this amount contains a decimal, round down to the next whole number. This is the net increase in employment.

**Part 3 - Maximum Number of New Employees****Lines 8 through 12 and Form 306-1 and Form 306-3**

The maximum number of new employees for which the business may claim the military reuse zone credit is limited to the lesser of the total number of new employees or the net increase in employment. Complete Form 306-1 listing each dislocated military base employee in the first year of employment in the military reuse zone. Complete Form 306-3 listing each non-dislocated military base employee in the first year of employment in the military reuse zone.

**Line 8 -**

Enter the total number of new employees employed in the zone who are dislocated military base employees from the Form(s) 306-1.

**Line 9 -**

Enter the total number of new employees employed in the zone who are non-dislocated military base employees from the Form(s) 306-3.

**Line 10 -**

Add line 8 and line 9 and enter the total.

**Line 11 -**

Enter the net increase in employment from Part 2, line 7.

**Line 12 -**

Enter the lesser of line 10 or line 11. This is the maximum number of new employees for which the business may claim the military reuse zone credit.

**Part 4 - Credit Calculation for Dislocated Military Base Employees**

Before completing lines 13 through 18, complete the Form 306-2 listing each dislocated military base employee for whom the business is claiming a credit.

Arizona's statutes do not require that the dislocated military base employee who is claimed in a subsequent year of continuous employment be the same dislocated military base employee who was claimed in prior years of employment. Therefore, if one of the originally claimed new dislocated military base employees leaves employment after the first year, the business can claim subsequent years' credits for another dislocated military base employee. The substitute employee must be in the same year of employment as the departed employee.

**Lines 13 through 17 -****Column (a) -**

Refer to the total numbers of employees shown in the columns of Form 306-2 to complete column (a) of Part 4. The maximum number of dislocated military base employees entered on line 13, column (a) cannot exceed the maximum number of new employees entered on Part 3, line 12. If the business is claiming the military reuse zone credit for dislocated military base employees and non-dislocated military base employees, the total number of employees claimed in both categories cannot exceed the maximum number of new employees from Part 3, line 12.

The number of dislocated military base employees claimed in each year can never exceed the number of employees for which a credit was claimed in the immediately preceding tax year.

**Column (c) -**

Multiply the numbers shown on lines 13 through 17, column (a) by the amounts shown in column (b). Enter each result in column (c).

**Line 18 -**

Add the numbers on lines 13 through 17, in column (a). Enter the total on line 18 in column (a). The number shown on line 18, column (a), is the total number of dislocated military base employees for which the business is claiming the military reuse zone credit.

Add the amounts on lines 13 through 17 in column (c). Enter the total on line 18 in column (c). The amount shown on line 18, column (c) is the total allowable military reuse zone credit for dislocated military base employees for the current taxable year.

**Part 5 - Credit Calculation for Non-Dislocated Military Base Employees**

Before completing lines 19 through 24, complete the Form 306-4 listing each non-dislocated military base employee for whom the business is claiming a credit.

**Lines 19 through 23 -****Column (a) -**

Refer to the total numbers of employees shown in the columns of Form 306-4 to complete column (a) of Part 5. The maximum number of non-dislocated military base employees entered on line 19, column (a), cannot exceed the maximum number of new employees entered on Part 3, line 12. If the business is claiming the military reuse zone credit for dislocated military base employees and non-dislocated military base employees, the total number of employees claimed in both categories cannot exceed the maximum number of new employees from Part 3, line 12.

The number of non-dislocated military base employees claimed in each year can never exceed the number of non-dislocated military base employees for which a credit was claimed in the immediately preceding tax year.

**Column (c) -**

Multiply the numbers shown on lines 19 through 23, column (a) by the amounts shown in column (b). Enter each result in column (c).

**Line 24 -**

Add the numbers on lines 19 through 23, in column (a). Enter the total on line 24 in column (a). The number shown on line 24, column (a), is the total number of non-dislocated military base employees for which the business is claiming the military reuse zone credit.

Add the amounts on lines 19 through 23 in column (c). Enter the total on line 24 in column (c). The amount shown on line 24, column (c) is the total allowable military reuse zone credit for non-dislocated military base employees for the current taxable year.

## Part 6 - S Corporation Credit Election and Shareholder's Share of Credit

### Line 25 -

This portion of Form 306 must be completed by all S corporations in order for the S corporation or its shareholders to claim the military reuse zone credit. The S corporation must make an irrevocable election either to claim the credit or to pass the credit through to its shareholders. The election statement must be signed by one of the officers of the S corporation who is also a signatory to Arizona Form 120S. If the S corporation elects to claim the credit itself, it can skip lines 26 through 29 and complete Parts 8 and 9.

### Lines 26 through 29 -

If the S corporation elects to pass the credit through to its shareholders, it must complete lines 26 through 29 separately for each shareholder.

Each S corporation shareholder is entitled to only a pro rata share of pass-through credit based on ownership interest in the S corporation. The total of the credit allowed to all shareholders may not exceed the amount that would have been allowed for a sole owner.

The S corporation must furnish each shareholder with a copy of pages 1, 2 and 3 of Form 306. Each shareholder must complete Parts 8 and 9.

**NOTE:** Taxpayers who are partners or shareholders in multiple entities operating in military reuse zones must complete a schedule detailing the amount of the credit passed through from each partnership or S corporation, and include the schedule with their tax returns.

## Part 7 - Partner's Share of Credit

### Lines 30 through 33 -

Complete Part 7, lines 30 through 33, separately for each partner.

Each partner is entitled to only a pro rata share of the credit based on the partner's ownership interest in the partnership. The total of the credit allowed to all partners may not exceed the amount that would have been allowed for a sole owner.

The partnership must furnish each partner with a copy of pages 1, 2 and 3 of Form 306. Each partner must complete Parts 8 and 9.

**NOTE:** Taxpayers who are partners or shareholders in multiple entities operating in military reuse zones must complete a schedule detailing the amount of the credit passed through from each partnership or S corporation, and include the schedule with their tax returns.

## Part 8 - Available Credit Carryover

### Lines 34 through 40 -

Use Part 8 to figure the total available credit carryover. Complete lines 34 through 40 if you claimed the credit on a prior year return and the credit was more than your tax.

Provided it maintains its businesses in the military reuse zone, a taxpayer may carry forward the amount of the unused military reuse zone credit for a period not to exceed five taxable years. However, if the taxpayer moves its business outside of the military reuse zone or the military reuse zone is terminated, the carryover of the tax credit is lost. If a portion of its business is moved outside of the military reuse zone, the portion of the carryforward attributable to that portion of the business is lost.

Enter the taxable year(s) from which you are carrying over the credit on line 34 in columns (a) through (e). On line 35, enter the credit originally computed for that taxable year. On line 36, enter the amount of the credit from that taxable year already used. Subtract the amount on line 36 from the amount on line 35 and enter the result on line 37. On line 38, enter the amount of credit that is unallowable because the business is no longer located in the military reuse zone or the zone has been terminated. Subtract the amount entered on line 38 from line 37, and enter the result on line 39.

Add the amounts in columns (a) through (e) on line 39. Enter the total in column (f) on line 40. This is the total military reuse zone credit carryover for the current taxable year.

The recycling equipment credit for an individual was repealed effective for taxable years beginning from and after December 31, 2002. Individuals cannot claim any *new* credits. A partnership cannot generate and pass a new credit through to its individual partners.

Individuals can continue to carry the credit forward, if the credits were claimed in taxable years beginning prior to January 1, 2003.

The portion of the unused credit carryovers relating to that recycling equipment is lost if either of the following apply.

- If the recycling equipment ceases to be recycling equipment; or
- Is transferred to another person.

The portion of the total available credit carryover that may be claimed by the individual taxpayer is limited to the *smaller* of the following amounts.

- 25% of the amount of tax entered on Arizona Form 301, Part 2, line 39; or
- \$5,000.

### Line-by-Line Instructions

Taxpayers that fail to include their identification number may be subject to a penalty.

**General Instructions**

**NOTE:** THE 2014 FORM 308 IS USED BY TAXPAYERS THAT ARE CORPORATIONS, EXEMPT ORGANIZATIONS WITH UNRELATED BUSINESS TAXABLE INCOME (UBTI), S CORPORATIONS OR PARTNERSHIPS. INDIVIDUAL TAXPAYERS MUST USE THE 2014 FORM 308-I.

Arizona Revised Statutes (A.R.S.) § 43-1168 provides a corporate income tax credit for increased research activities in a taxable year; a portion of the current year's excess credit may be refundable to qualified taxpayers.

The credit for increased research activities is in lieu of the solar liquid fuel credit, provided by A.R.S. § 43-1164.02 (claimed on Arizona Form 344), with respect to the same expenses.

The Arizona corporate tax credit is allowed in an amount computed pursuant to Internal Revenue Code (IRC) § 41 with the following exceptions:

- Qualified research includes only research conducted in Arizona. The term "qualified research," for purposes of the Arizona tax credit, means qualified research, as defined in IRC § 41, that is conducted in Arizona and basic research, as defined in IRC § 41, which is conducted in Arizona.
- The amount of the credit is based on the federal regular credit computation method for Arizona qualified research expenses and Arizona basic research payments. Taxpayers CANNOT use the federal alternative credit computation method. The allowable current taxable year credit is a percentage of (a) the excess, if any, of the Arizona qualified research expenses for the taxable year, over the base amount; and (b) the Arizona basic research payments.

For 2014, if the allowable expenses do not exceed \$2,500,000, the allowable credit is 24% of this amount. If the allowable expenses exceed \$2,500,000, the allowable credit amount is \$600,000 plus 15% of the amount of expenses over \$2,500,000, subject to certain limitations.

- If two or more taxpayers, including shareholders of an S corporation and partners in a partnership, share in the eligible expenses, each taxpayer is eligible to receive a proportionate share of the credit.

- The termination provisions of IRC § 41 do not apply.

**CORPORATE TAXPAYERS:** If two or more members of a unitary group or an Arizona affiliated group incur qualifying expenses, the individual members of the group are not considered separate taxpayers. When a combined return or a consolidated return is filed, the unitary group or the Arizona affiliated group is considered a single taxpayer.

The credit is available to an exempt organization that is subject to corporate income tax on UBTI. The credit must result from the activities that generate UBTI.

**REFUND OF 75% OF CURRENT YEAR'S EXCESS CREDIT**

If the current taxable year's credit for increased research activities exceeds your income tax liability for the taxable year, a portion of the excess credit may be refundable, if you qualify.

The amount of credit that is refundable is limited to 75% of the excess credit. The excess credit is the current year's credit less the current year's tax liability. The 75% refund is only available for the current year's excess credit for increased research activities. Once the taxpayer files a return with the department, the excess credit for increased research activities is carried forward; therefore, the taxpayer may not claim a refund for that taxable year.

**NOTE:** Because the refund is calculated after tax liability, it is necessary that you calculate all of your other credits before you can determine the current year's excess credit amount.

Taxpayers must apply to the Arizona Commerce Authority (Commerce) and receive a Certificate of Qualification (Certificate) to receive a refund. Taxpayers must have less than 150 full-time employees to qualify. The refund is the lesser of (a) 75% of the excess credit; or (b) the maximum refund on the Certificate from Commerce. Any additional amount is waived.

If two or more taxpayers, including shareholders of an S corporation and partners in a partnership, share in the eligible expenses, each taxpayer is eligible to claim a proportionate share of the refund. An S corporation must apply for the Certificate on behalf of its shareholders. A partnership must apply for the Certificate on behalf of its partners.

**CARRYOVER OF UNUSED CREDIT**

If the current taxable year's credit exceeds the taxpayer's tax liability for the taxable year, the taxpayer may carry forward the unused credit to the next fifteen consecutive taxable years. Due to various law changes, the amount that may be carried forward and how it is applied differs depending on the tax year it was earned. Please see the specific instructions for more information on how to calculate the proper carryforward amounts.

**NOTE:** Taxpayers that elected to receive a refund of 75% of the excess credit cannot carry forward any amount from the year of the refund. Carry forwards from years prior to 2010 or years where the taxpayer did not elect to receive a refund may carryover to the following year.

If you qualify to receive a refund for this taxable year, carryovers of the credit for increased research activities from previous taxable years will be carried over to the following taxable year, subject to the fifteen year carryover period and annual limitations on use of those carryovers.

## Specific Instructions

Complete the name and employer identification number (EIN) section at the top of the form. Indicate the period covered by the taxable year. Include the completed form with the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, an exempt organization with UBTI, an S corporation or a partnership is the taxpayer's EIN. Taxpayers that fail to include their TIN may be subject to a penalty.

### Part 1 - Qualification for Refund of Current Taxable Year's Excess Credit

#### Line 1 -

If the taxpayer applied to Commerce and received a Certificate related to the credit for increased research activities, check the "Yes" box. Otherwise, check the "No" box and skip line 2.

#### Line 2 -

If you checked the "Yes" box on line 1, enter the maximum refund amount for taxable year 2014 on your Certificate from Commerce.

#### Line 3 -

If an entity from which you are claiming a pass through credit for increased research activities applied to Commerce and received a Certificate, check the "Yes" box. Otherwise, check the "No" box, and skip line 4 and line 5.

If you checked the "No" box for both line 1 and line 3, skip Part 6.

**NOTE:** By checking the "No" boxes for both line 1 and line 3, you are indicating that you will not seek a refund for this taxable year, and instead will carry any excess credit forward. This election cannot be changed on an amended return.

#### Line 4 -

If you checked the "Yes" box on line 3, enter the name and EIN of the entity that received the Certificate from Commerce on line 4.

#### Line 5 -

If you checked the "Yes" box on line 3, enter your share of the maximum refund amount for taxable year 2014, from Part 4 of the S corporation's Form 308 or Part 5 of the partnership's Form 308.

Only an exempt organization with UBTI would enter a pass-through amount from an S corporation on line 5.

#### Line 7 -

Enter the base period amount as defined by IRC § 41(e) that is based on Arizona research activity. The amount on line 7 (but not more than the amount on line 6), although not eligible for the basic research credit, can be treated as contract research expenses on line 12.

#### Line 9 -

Enter total wages paid or incurred for qualified services performed in Arizona. Do not include the amount of such wages paid to employees that were used in the calculation of the federal work opportunity credit. Wages include any wages paid or incurred to an employee for qualified services performed by such employee. Qualified services consist of engaging in qualified research or engaging in the direct supervision or direct support of research activities that constitute qualified research.

#### Line 10 -

Enter the cost of supplies paid or incurred for use in the conduct of qualified research in Arizona. Supplies include expenditures for any tangible property other than land or improvements to land, and property of a character subject to the allowance for depreciation.

- (a) Seventy-five percent (.75) of any amount paid or incurred for qualified research performed in Arizona by a qualified research consortium on the taxpayer's behalf. "Qualified research consortium" is any qualifying organization as defined in IRC § 41(b)(3)(C)(ii). Also include 75% of that portion of line 6, basic research payments, paid to a qualified research consortium that does not exceed the line 7 base amount.
- (b) Sixty-five percent (.65) of any amount paid or incurred for qualified research performed in Arizona on the taxpayer's behalf, other than such amounts paid to a qualified research consortium. Prepaid contract research expenses are considered paid in the year the research is actually done. Also include 65% of that portion of line 6, basic research payments, that does not exceed the line 7 base amount, other than amounts paid to a qualified research consortium.

**NOTE:** If you made basic research payments to an Arizona university under the jurisdiction of the Arizona Board of Regents, you may be entitled to an additional credit. See Arizona Form 346 for details.

**Line 14 -**

Enter the amount of expenses included on lines 9 through 12 that are related to solar liquid fuel that will be claimed on Arizona Form 344. The credit for increased research activities is in lieu of the solar liquid fuel credit, provided by A.R.S. § 43-1164.02 (claimed on Arizona Form 344), with respect to the same expenses.

**Line 16 -**

Enter the average annual Arizona gross receipts for the four taxable years preceding the taxable year for which the credit is being determined (the credit year). The taxpayer may be required to annualize gross receipts for any short taxable year.

If 2014 is the first year the taxpayer is in business, the average annual Arizona gross receipts for the preceding taxable years is zero. If the taxpayer has been in business in Arizona for less than four taxable years prior to the credit year, then the average is the sum of annual Arizona gross receipts of the applicable period, divided by the number of taxable years.

Example: ABC Corporation began business in Arizona in 2012. Its annual Arizona gross receipts for 2012 were \$100,000. Its annual Arizona gross receipts for 2013 were \$200,000. Therefore, ABC Corporation's average annual Arizona gross receipts for the 2014 credit year is \$150,000 (\$100,000 plus \$200,000) divided by 2).

**Line 17 -****Fixed base percentage**

Use the same type of formulas to compute your fixed-base percentage for Arizona as you would for computing your federal fixed-base percentage. The difference is that you use Arizona qualified research expense and gross receipts amounts instead of federal amounts. Other than that, the calculations are the same. Round off the percentage to the nearest one, one hundredth of one percent (four decimal places).

If the percentage computation involves *de minimis* amounts of gross receipts and qualified expenses in a taxable year or short taxable years are involved, the amounts may be annualized or disregarded. Refer to IRC §§ 41(c)(3) and 41(f)(4) for details.

**Existing firms and start-up companies**

Arizona's definition of whether an organization is an existing firm or a start-up company is also the same as federal, albeit on an Arizona basis:

- **Existing firms** - An existing firm is one that had both Arizona gross receipts and Arizona qualified research expenses for at least three taxable years beginning after December 31, 1983, and before January 1, 1989. The fixed-base percentage is the ratio that the aggregate Arizona qualified research expenses for all taxable years beginning after 1983 and before 1989, bears to the aggregate Arizona gross receipts for such taxable years.
- **Start-up companies** - A start-up company is one that had both Arizona gross receipts and Arizona qualified research expenses either (1) for the first time in a taxable year beginning after December 31, 1983, or (2) for fewer than three taxable years beginning after 1983 and before 1989.

If the percentage computation involves *de minimis* amounts of gross receipts and qualified expenses in a taxable year or short taxable years are involved, the amounts may be annualized or disregarded. Refer to IRC §§ 41(c)(3) and 41(f)(4) for details.

**NOTE:** *The maximum percentage that can be entered on line 17 is 16% (.1600).*

**Line 20 -**

Multiply line 15 by 50% (.50). The base amount cannot be less than 50% of the current year qualified research expenses. This rule applies to both existing and start-up companies.

**Lines 23 through 27 -**

The way you compute the amount of current year's credit you may receive depends on the amount of expenses you have. To determine your proper credit amount, complete lines 23 through 27 as instructed on the form.

**Part 3 - Current Taxable Year's Credit Passed Through From S Corporations and Partnerships****Line 28 -**

Enter the aggregate amount you received as a flow through from Form 308, Part 5, line 38 for each partnership. An exempt organization with UBTI would also include the amount received as a flow through from Form 308, Part 4, line 33 from an S corporation. Include a copy of Form 308 received from each S corporation or partnership with your return.

If you checked the "Yes" box on line 3, complete Part 6 to calculate the amount of the current year's excess credit that is refundable to you.

Complete Parts 7 and/or 8 to compute the available carryover of the credit passed through by S corporations or partnerships from prior taxable years. You should complete Parts 7 and/or 8 only if your allowable credit for increased research activities for prior taxable years exceeded your Arizona income tax liability for those taxable years, and you did not receive a refund of the credit for increased research activities for those taxable years. The carry forward for tax years in which you received a refund of the credit for increased research activities is zero.

**Line 29 -**

Enter the total of line 27 and line 28. This is your current year's total credit for increased research activities.

**Part 4 - S Corporation Credit Election and Shareholder's Share of Credit****Line 30 - S Corporation Credit Election**

S corporations must complete line 30. The S corporation must make an irrevocable election to either claim the current taxable year credit or pass the credit through to its shareholders. The election statement must be signed by one of the officers of the S corporation who is also a signatory to Arizona Form 120S. If the S corporation elects to claim the credit itself, it can skip lines 31 through 35 and complete Parts 6 through 11, as applicable.

**Lines 31 through 35 -**

If an S corporation elects to pass the credit through to its shareholders, it must also complete lines 31 through 33. If the

S corporation received a Certificate from Commerce, it must also complete line 34. If the S corporation received a pass-through credit from a partnership, and the partnership received a Certificate from Commerce, the S corporation must also complete line 35.

After the S corporation completes Parts 1, 2 and 3, it must complete Part 4, lines 31 through 35, separately for each shareholder. The S corporation must furnish each shareholder with a copy of pages 1 through 4 of Form 308, and a copy of the Certificate, if applicable.

Each exempt organization shareholder must complete Parts 6 through 11, as applicable. All individual S corporation shareholders should complete Arizona Form 308-I.

## Part 5 - Partner's Share of Credit

### Lines 36 through 40 -

After a partnership completes Parts 1, 2 and 3, it must complete Part 5, lines 36 through 40, separately for each partner. The partnership must furnish each partner with a copy of pages 1 through 4 of Form 308 and a copy of the Certificate, if applicable. Each corporate partner must complete Parts 6 through 11, as applicable. A partner that is an exempt organization with UBTI must complete Parts 6 through 11, as applicable. All individual partners should complete Arizona Form 308-I.

## Part 6 - Refundable Portion of the Current Taxable Year's Excess Credit

Complete Part 6 if any of the following apply:

- 1) You are a corporation, and exempt organization with UBTI, or an S corporation that elects to claim the credit, and the "Yes" box on Part 1, line 1 and/or Part 1, line 3, is checked and you elect to receive a refund of up to 75% of your excess credit, limited by the amount on line 2 and/or line 5;  
or
- 2) You are a corporate partner in a partnership or an exempt organization with UBTI that is a partner in a partnership, and the "Yes" box on Part 1, line 1 and/or Part 1, line 3, is checked and you elect to receive a refund of 75% of your excess credit, limited by the amount on line 39 and/or line 40;  
or
- 3) You are an exempt organization S corporation shareholder, and the "Yes" box on Part 1, line 1 and/or Part 1, line 3, is checked and you elect to receive a refund of 75% of your excess credit, limited by the amount on line 34 and/or line 35.

If you are an individual receiving a pass through from a partnership or an S corporation, you must complete Form 308-I to claim your refund. Include both the entity's Form 308 and your Form 308-I with your individual tax return.

The excess credit is the current taxable year's credit for increased research activities less the current taxable year's tax liability. Carryovers of the credit for increased research activities from

previous taxable years will carryover for possible use in the next taxable year, provided they do not expire this taxable year.

**NOTE:** *If you complete Part 6 and are receiving a refund, do not complete Part 9 or Part 10.*

### Line 41 -

If the difference is zero or more, also enter it on Part 11, line 66; also enter it on Form 300, Part 1, line 4, column (a), and Form 300, Part 2, line 36. If the difference is less than zero, enter zero.

### Line 43 -

Subtract line 42c from line 41. Enter the difference. If the difference is less than zero, enter zero; no refund is available for this taxable year. This is the current taxable year's excess credit.

### Line 44 -

Multiply line 43 by 75% and enter the result. This is your tentative refundable credit.

### Line 45 -

Enter the maximum refundable credit. Corporations, exempt organizations with UBTI, or S corporations, enter the amount from Part 1, line 2. S corporations that are eligible for a refund because of a flow through from a partnership, enter the amount from Part 1, line 5. ## CREDIT CARRYOVER

### WHAT IS A CONVERSION CARRYOVER?

The allowable amount of carryover of qualified research expenses from years before taxable year 2001 was determined differently than a carryover is ordinarily done. Instead of carrying forward an unused credit amount, taxpayers had to convert each year's qualified research expenses to a credit carryover amount ("conversion carryover"). Any unused qualified research expenses were multiplied by 20%, and the result was carried forward and applied subject to the same additional limitations as any credit for increased research activities. Those additional limitations are explained in the instructions that follow.

Because the conversion carryover arises from years where individuals were ineligible for the credit, S corporations would have no conversion carryover to pass through to their shareholders. The conversion carryover applies only to corporations and S corporations that were using the credit to offset their corporate income tax.

Taxpayers needing to use the conversion calculation may refer to the 2001 Form 308, *Credit for Increased Research Expenses*. This form is available on the department's website at [www.azdor.gov](http://www.azdor.gov).

### Part 7 - Available Pre-2003 Credit Carryover

The credit for increased research activities may be carried forward to offset against the tax liability of the next fifteen taxable years. Use Part 7 to calculate the available pre-2003 credit carryover.

After you complete lines 47 through 50, calculate the total of all your carryovers from tax years prior to 2003. Enter this total on line 51, column (d).

#### Allowable Credit Carryover

There are limitations on how much of your carryover you can use to offset this year's tax. How much you can use depends on the year from which the carryover arose. In Part 9 and Part 10, you will be applying these limitations to determine the proper carryover amounts.

Remember, if you have other credits, your usable amount of credit from increased research activities may be limited further. You will be applying these limitations when you complete Form 300, *Nonrefundable Corporate Tax Credits and Recapture*.

### Part 8 - Available Post-2002 Credit Carryover

The credit for increased research activities may be carried forward and offset against the next fifteen taxable years. Use Part 8 to calculate the available post-2002 credit carryover.

After you complete lines 53 through 62, calculate the total of all your carryovers from tax years after 2002. Enter this total on line 63, column (d).

**REMINDER:** If you received a refund of the credit for increased research activities related to taxable years 2010, 2011, 2012, or 2013, no carryover is available from those years. In this case, enter zero in column (d) for those tax years.

### Part 9 - Limitation of Pre-2003 Credit Carryover

**NOTE:** If you completed Part 6 and are receiving a refund, do not complete Part 9.

The total amount of credit carryovers that originated in taxable year 2002 and the preceding years that you can use to offset this year's tax liability is limited. The total amount of pre-2003 credit carryforward cannot be more than your current year's income tax liability or \$500,000, minus the current year's credit for increased research activities.

Use lines 64a through 64f to calculate the amount of pre-2003 carryovers that you can use. Complete these lines as instructed on the form.

### Part 10 - Limitation of Post-2002 Credit Carryover

**NOTE:** If you completed Part 6 and are receiving a refund, do not complete Part 10.

The total amount of credit carryovers originating in 2003 and subsequent years that you can use to offset this year's tax liability can be no more than the current year's tax liability less the current taxable year's credit for increased research activities.

Use lines 65a through 65e to calculate the amount of post-2002 carryovers that you can use. Complete these lines as instructed on the form.

### Part 11 - Total Available Nonrefundable Credit

Complete this section to compute the total available nonrefundable credit for the taxable year. The total available nonrefundable credit is the sum of the credit for the current taxable year's increased research activities and the available credit carryover(s).

#### Line 66 -

If you completed Part 6 and are receiving a refund, enter the amount from Part 6, line 42c.

*Corporations (including S corporations that elected to claim the credit) and exempt organizations with UBTI not receiving a refund in Part 6 - enter the current year's credit from Part 3, line 29.*

*Exempt organizations with UBTI that are S corporation shareholders not receiving a refund in Part 6 - enter the credit from Part 4, line 33.*

*Corporate partners of a partnership or exempt organizations with UBTI that are partners of a partnership not receiving a refund in Part 6 - enter the credit from Part 5, line 38.*

This is the current taxable year's credit for increased research activities.

#### Line 67 -

If you completed Part 6 and are receiving a refund, enter zero. Otherwise, enter your pre-2003 credit carryover amount from Part 9, line 64f.

#### Line 68 -

If you completed Part 6 and are receiving a refund, enter zero. Otherwise, enter your post-2002 credit carryover amount from Part 10, line 65e.

#### Line 69 -

Add the amounts from lines 66, 67, and 68. This is the total available credit for increased research activities that may be applied to the current taxable year's tax liability. Enter the total here and on Form 300, Part 1, line 4, column (c).

**NOTE:** THE 2014 FORM 308-I IS USED BY INDIVIDUAL TAXPAYERS. THE 2014 FORM 308 IS USED BY TAXPAYERS THAT ARE CORPORATIONS, EXEMPT ORGANIZATIONS WITH UNRELATED BUSINESS TAXABLE INCOME, S CORPORATIONS, OR PARTNERSHIPS.

Arizona Revised Statutes (A.R.S.) § 43-1074.01 provides an individual income tax credit for increased research activities in a taxable year. For taxable years beginning from and after December 31, 2009, a portion of the current year's excess credit may be refundable to qualified taxpayers.

The credit for increased research activities is in lieu of the solar liquid fuel credit, provided by A.R.S. § 43-1085.01 (claimed on Arizona Form 344), with respect to the same expenses.

The Arizona tax credit for individuals is allowed in an amount computed pursuant to Internal Revenue Code (IRC) § 41 with the following exceptions:

- Qualified research includes only research conducted in Arizona. The term "qualified research," for purposes of the Arizona tax credit, means qualified research, as defined in IRC § 41, that is conducted in Arizona.
- The amount of the credit is based on the federal regular credit computation method for Arizona qualified research expenses. Taxpayers CANNOT use the federal alternative credit computation method. The allowable current taxable year credit is a percentage of the excess, if any, of the Arizona qualified research expenses for the taxable year over the base amount.

For 2014, if the allowable expenses do not exceed \$2,500,000, the allowable credit is 24% of this amount. If the allowable expenses exceed \$2,500,000, the allowable credit amount is \$600,000 plus 15% of the amount of expenses over \$2,500,000.

- If two or more taxpayers, including shareholders of an S corporation and partners in a partnership, share in the eligible expenses, each taxpayer is eligible to receive a proportionate share of the credit.
- The termination provisions of IRC § 41 do not apply.

**REFUND OF 75% OF CURRENT YEAR'S EXCESS CREDIT**

If the current taxable year's credit for increased research activities exceeds your income tax liability for the taxable year, a portion of the excess credit may be refundable, if you qualify.

The amount of credit that is refundable is limited to 75% of the excess credit. The excess credit is the current year's credit less the current year's tax liability. The 75% refund is only available for the current year's excess credit for increased research activities. Once the taxpayer files a return with the department, the excess credit for increased research activities is carried forward; therefore, the taxpayer may not claim a refund for that taxable year.

**NOTE:** Because the refund is calculated after tax liability, it is necessary that you calculate all of your other credits before you can determine the current year's excess credit amount.

Taxpayers must apply to the Arizona Commerce Authority (Commerce) and receive a Certificate of Qualification (Certificate) to receive a refund. Taxpayers must have less than 150 full-time employees to qualify. The refund is the lesser of (a) 75% of the excess credit; or (b) the maximum refund on the Certificate from Commerce. Any additional amount is waived.

If two or more taxpayers, including shareholders of an S corporation and partners in a partnership, share in the eligible expenses, each taxpayer is eligible to claim a proportionate share of the refund. An S corporation must apply for the Certificate on behalf of its shareholders. A partnership must apply for the Certificate on behalf of its partners.

Carryovers from the credit for increased research activities from previous taxable years will be carried over to the following taxable year, subject to the fifteen year carryover period and annual limitations on use of those carryovers.

**CARRYOVER OF UNUSED CREDIT**

If the current taxable year's credit for increased research activities exceeds your income tax liability for the current taxable year, you may carry forward the unused credit to the next fifteen consecutive taxable years.

The amount of credit carryover that you may use to reduce your current year's tax liability is limited to the amount of tax liability that remains after you have used your current year's credit. If the carryovers are from taxable years beginning January 1, 2001 through December 31, 2002, the amount of credit carryover that may be used is further limited. This is addressed in the instructions for Part 7 of Form 308-I.

If you have other nonrefundable tax credits that you are using to reduce your tax liability, you may not be able to use all of your credit for increased research activities to reduce your tax this year. You will be applying these limitations when you complete Arizona Form 301, *Nonrefundable Individual Tax Credits and Recapture*.

**DO YOU HAVE TO MAKE OTHER ADJUSTMENTS TO ARIZONA GROSS INCOME OR TO THE ARIZONA TAX CREDIT FOR INCREASED RESEARCH ACTIVITIES?**

- If you claim an Arizona credit for increased research activities for the taxable year, Arizona statutes do not require you to make an addition to Arizona gross income for the amount of qualified research expenses equal to the amount of the allowable Arizona credit.
- If you claim a reduced federal credit for increased research expenses and claim the Arizona credit for increased research activities, Arizona statutes do not require you to reduce the Arizona credit for increased research activities in a manner similar to the federal reduction method.
- If you reduce the amount of the deduction for qualified research activities in the computation of federal adjusted gross income, Arizona statutes do not allow you to take a subtraction from Arizona gross income for the amount of the expense reduction.
- If you adjust the federal asset basis of capitalized research expenses and reduce the amount of amortization deductible in the computation of federal adjusted gross income, Arizona statutes do not allow you to take a subtraction from Arizona gross income for additional amortization.

### Specific Instructions

---

---

Complete the name and social security number section at the top of the form. Indicate the period covered by the taxable year. Include the completed form with the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for an individual is the taxpayer's social security number or an Internal Revenue Service individual taxpayer identification number. Taxpayers that fail to include their TIN may be subject to a penalty.

**Part 1 - Qualification for Refund of Current Taxable Year's Excess Credit****Line 1 -**

If your sole proprietorship applied to Commerce and received a Certificate related to the credit for increased research activities, check the "Yes" box. Otherwise, check the "No" box, and skip line 2.

**Line 2 -**

If you checked the "Yes" box on line 1, enter the maximum refund amount for taxable year 2014 on your Certificate from Commerce.

**Line 3 -**

If the entity from which you are claiming a pass through credit for increased research activities applied to Commerce

and received a Certificate, check the "Yes" box. Otherwise, check the "No" box, and skip line 4 and line 5.

If you checked the "No" box for both line 1 and line 3, skip Part 4.

**NOTE:** By checking the "No" boxes for both line 1 and line 3, you are indicating that you will not seek a refund for this taxable year, and instead will carry any excess credit forward. This election cannot be changed on an amended return.

**Line 4 -**

If you checked the "Yes" box on line 3, enter the name and taxpayer identification number of the entity that received the Certificate from Commerce on line 4.

**Line 5 -**

If you checked the "Yes" box on line 3, enter your share of the maximum refund amount for taxable year 2014. Shareholders of an S corporation, enter the amount from Form 308, Part 4, line 34 or line 35. Partners of a partnership, enter the amount from Form 308, Part 5, line 39 or line 40.

**Part 2 - Current Taxable Year's Credit Calculation (Sole Proprietorships Only)**

**NOTE:** Complete this part only if you operate a business as a sole proprietorship and your sole proprietorship incurred qualified research expenses during the taxable year. If you received your credit as the result of a pass through, go to Part 3.

**Line 6 -**

Enter total wages paid or incurred for qualified services performed in Arizona. Do not include the amount of such wages paid to employees that were used in the calculation of the federal work opportunity credit. Wages include any wages paid or incurred to an employee for qualified services performed by such employee. Qualified services consist of engaging in qualified research or engaging in the direct supervision or direct support of research activities that constitute qualified research.

**Line 7 -**

Enter the cost of supplies paid or incurred for use in the conduct of qualified research in Arizona. Supplies include expenditures for any tangible property other than land or improvements to land, and property of a character subject to the allowance for depreciation.

**Line 8 -**

Enter the amount paid or incurred to rent or lease the right to use computers in the conduct of qualified research in Arizona.

**Line 9 -**

Enter the total of:

- Seventy-five percent (.75) of any amount paid or incurred for qualified research performed in Arizona by a qualified research consortium on your sole proprietorship's behalf.

"Qualified research consortium" is any qualifying organization as defined in IRC § 41(b)(3)(C)(ii).

- (b) Sixty-five percent (.65) of any amount paid or incurred for qualified research performed in Arizona on your sole proprietorship's behalf, other than such amounts paid to a qualified research consortium. Prepaid contract research expenses are considered paid in the year the research is actually done.

**NOTE:** *If your contract research expenses were made to an Arizona university under the jurisdiction of the Arizona Board of Regents and qualify as basic research payments, you may be entitled to an additional credit. See Arizona Form 346 for details.*

**Line 11 -**

Enter the amount of expenses included on lines 6 through 9 that are related to solar liquid fuel that will be claimed on Arizona Form 344. The credit for increased research activities is in lieu of the solar liquid fuel credit, provided by A.R.S. § 43-1085.01 (claimed on Arizona Form 344), with respect to the same expenses.

**Line 13 -**

Enter the average annual Arizona gross receipts for the four taxable years preceding the taxable year for which the credit is being determined (the credit year). You may be required to annualize gross receipts for any short taxable year.

If 2014 is the first year the taxpayer is in business, the average annual Arizona gross receipts for the preceding taxable years is zero. If the taxpayer has been in business in Arizona for less than four taxable years prior to the credit year, then the average is the sum of annual Arizona gross receipts of the applicable period, divided by the number of taxable years.

Example: ABC Corporation began business in Arizona in 2012. Its annual Arizona gross receipts for 2012 were \$100,000. Its annual Arizona gross receipts for 2013 were \$200,000. Therefore, ABC Corporation's average annual Arizona gross receipts for the 2014 credit year is \$150,000 ([\$100,000 plus \$200,000] divided by 2).

**Line 14 -**

Round off the percentage to the nearest one, one hundredth of one percent (four decimal places). Compute the fixed-base percentage as follows:

- **Existing firms** - An existing firm is one that had both Arizona gross receipts and Arizona qualified research expenses for at least three taxable years beginning after December 31, 1983, and before January 1, 1989. The fixed-base percentage is the ratio that the aggregate Arizona qualified research expenses for all taxable years beginning after 1983 and before 1989, bears to the aggregate Arizona gross receipts for such taxable years.
- **Start-up companies** - A start-up company is one that had both Arizona gross receipts and Arizona qualified research expenses either (1) for the first time in a taxable

year beginning after December 31, 1983, or (2) for fewer than three taxable years beginning after 1983 and before 1989.

Fixed-Base Percentages for Taxable Years Beginning After 1993 in Which Start-Up Companies Incurred Arizona Qualified Research Expenses	
Taxable Year After 1993	Percentages for Taxable Years After 1993
1st through 5th	3%
6th	Divide the aggregate Arizona qualified research expenses for 4th and 5th taxable years by the aggregate Arizona gross receipts for 4th and 5th taxable years. Multiply the result by 1/6 (.1667).
7th	Divide the aggregate Arizona qualified research expenses for 5th and 6th taxable years by the aggregate Arizona gross receipts for 5th and 6th taxable years. Multiply the result by 1/3 (.3333).
8th	Divide the aggregate Arizona qualified research expenses for 5th through 7th taxable years by the aggregate Arizona gross receipts for 5th through 7th taxable years. Multiply the result by 1/2 (.50).
9th	Divide the aggregate Arizona qualified research expenses for 5th through 8th taxable years by the aggregate Arizona gross receipts for 5th through 8th taxable years. Multiply the result by 2/3 (.6667).
10th	Divide the aggregate Arizona qualified research expenses for 5th through 9th taxable years by the aggregate Arizona gross receipts for 5th through 9th taxable years. Multiply the result by 5/6 (.8333).
All years after 10th	Divide the aggregate Arizona qualified research expenses for any 5 taxable years selected by the taxpayer from among the 5th through 10th taxable years by the aggregate Arizona gross receipts for the selected taxable years.

If the percentage computation involves *de minimis* amounts of gross receipts and qualified expenses in a taxable year or short taxable years are involved, the amounts may be annualized or disregarded. Refer to IRC §§ 41(c)(3) and 41(f)(4) for details.

**NOTE:** *The maximum percentage that can be entered on line 14 is 16% (.1600).*

**Line 17 -**

Multiply line 12 by 50% (.50). The base amount cannot be less than 50% of the current year qualified research expenses. This rule applies both to existing and start-up companies.

**Lines 19 through 23 -**

The way you compute the amount of the current year's credit you may receive depends on the amount of expenses you have. To determine your proper credit amount, complete lines 19 through 23 as instructed on the form.

**Part 3 - Current Taxable Year's Credit Passed Through From S Corporations and Partnerships**

**Line 24 -**

Enter the aggregate amount you received as a flow through from S corporations (from Form 308, Part 4, line 33) and

partnerships (from Form 308, Part 5, line 38). Include a copy of Form 308 received from each S corporation or partnership with your return.

If you checked the "Yes" box on line 3, complete Part 4 to calculate the amount of the current year's excess credit that is refundable to you.

Complete Part 5 and/or Part 6 to compute the available carryover of the credit passed through by S corporations or partnerships from prior taxable years. You should complete Part 5 and/or Part 6 only if your allowable credit for increased research activities for prior taxable years exceeded your Arizona income tax liability for those taxable years, and you did not receive a refund of the credit for increased research activities for those taxable years. The carry forward for tax years in which you received a refund of the credit for increased research activities is zero.

#### **Part 4 - Refundable Portion of the Current Taxable Year's Excess Credit**

Only complete this section if you checked the "Yes" box in Part 1, line 1 or Part 1, line 3, and elect to receive a refund of 75% of your excess credit. The excess credit is the current taxable year's credit for increased research activities less the current taxable year's tax liability. Carryovers of the credit for increased research activities from previous taxable years will carry over for possible use in the next taxable year, provided they do not expire this taxable year.

**NOTE:** *If you complete Part 4 and are receiving a refund, do not complete Part 7.*

#### **Line 26 -**

Enter the amount from Part 3, line 25.

#### **Line 27a -**

Enter the amount from Form 140, line 48; or Form 140PY, line 61; or Form 140NR, line 58; or Form 140X, line 33.

#### **Line 27b -**

Enter the current year's nonrefundable tax credits from Form 301, excluding the credit or carryovers for increased research activities.

#### **Line 27c -**

Subtract line 27b from line 27a. Enter the difference. If the difference is zero or more, enter it on Part 8, line 51; also enter it on Form 301, Part 1, line 5, column (a), and Form 301, Part 2, line 46. If the difference is less than zero, enter zero. This is the current year's credit for increased research activities that will be used to offset the current taxable year's tax liability.

#### **Line 28 -**

Subtract the amount on line 27c from line 26. Enter the difference. If the result is less than zero, enter zero, because no refund is available. This is the current year's excess credit.

#### **Line 29 -**

Multiply the amount on line 28 by 75% (.75) and enter the result. This is your tentative refundable credit.

#### **Line 30 -**

Enter the amount from Part 1, line 2 or Part 1, line 5. This is the maximum refundable credit.

#### **Line 31 -**

Enter the lesser of line 29 or line 30. Complete Part 5 and Part 6 if you have carryovers from prior taxable years. Skip Part 7.

Enter the amount from line 31 on Form 140, line 57; or Form 140PY, line 69; or Form 140NR, line 64; or Form 140X, line 40. On the same line, be sure to check box 308-I indicating you are claiming a refundable credit for increased research activities.

**NOTE:** *If you complete Part 4 and are receiving a refund, do not complete Part 7.*

#### **Part 5 - Available Pre-2003 Credit Carryover**

Use Part 5 to compute the carryover of the credit for increased research activities from taxable years beginning January 1, 2001 through December 31, 2002. Since the credit for increased research activities applies only to individuals for taxable years beginning after December 31, 2000, there is no available credit carryover from taxable years beginning prior to January 1, 2001. Compute the total available carryover of the credit for increased research activities on Part 5, lines 32 through 34.

In column (b), enter the credit originally computed for taxable year 2001 and 2002. In column (c), enter the amount of the credit from taxable years 2001 and 2002 which has already been used. Subtract the amount in column (c) from column (b) and enter the difference in column (d). Add the amounts entered on lines 32 and 33 in column (d). Enter the total on line 34, column (d). This is the total credit carryover available for years beginning before January 1, 2003.

#### **Part 6 - Available Post-2002 Credit Carryover**

Use Part 6 to compute the carryover of the credit for increased research activities from taxable years beginning on or after January 1, 2003.

In column (b), enter the credit originally computed for taxable years 2003 and subsequent years. In column (c), enter the amount that has already been used. Subtract the amount in column (c) from column (b) and enter the difference in column (d). Add the amounts entered on lines 35 through 45 in column (d). Enter the total on line 46, column (d). This is the total credit carryover available for years beginning on or after January 1, 2003.

**REMINDER:** *If you received a refund of the credit for increased research activities in 2010, 2011, 2012, or 2013, no carryover is available in those years. In this case, enter zero in column (d) for those tax years.*

#### **Part 7 - Limitation of Credit Carryovers**

Use Part 7 to figure the limitations on use of credit carryovers. Complete lines 47a through 50 if you claimed the credit on a prior year return and the credit was more than your tax.

**NOTE:** *If you completed Part 4 and are receiving a refund, do not complete Part 7.*

LIMITATION FOR CREDIT CARRYOVERS FROM TAXABLE YEARS BEGINNING JANUARY 1, 2001 THROUGH DECEMBER 31, 2002. There is an additional limitation on how much you can use of your available credit carryovers included in the amount from Part 5, line 34, column (d). To calculate the limitation, you must first compare the amount of your tax liability with \$500,000, and select the lower of those two numbers. Then, subtract your current year's credit for increased research activities from the number you selected. Use your entire current year's credit for increased research activities for this computation, even if you will not be able to claim that entire amount on your current year's tax return. If the result of your calculation is zero or less, you will not be able to use your credit carryforward from taxable years beginning January 1, 2001 through December 31, 2002, to reduce your current year's tax liability. However, you may still be able to use your credit carryover from 2003 and later.

LIMITATION FOR CREDIT CARRYOVERS FROM TAXABLE YEARS BEGINNING ON OR AFTER JANUARY 1, 2003. The amount of credit carryover from taxable years beginning on or after January 1, 2003, is only limited by the amount by which your current year's tax liability exceeds your current year's credit for increased research activities.

**Line 47a -**

Enter your tax liability from Form 301, Part 2, line 39.

**Line 47b -**

Enter the current year's total credit from Part 3, line 25.

**Line 47c -**

Subtract line 47b from line 47a and enter the difference. If the difference is zero or less, enter zero.

**Line 48a -**

Enter your available pre-2003 credit carryover from Part 5, line 34, column (d).

**Line 48b -**

If the amount on line 47a is lower than \$500,000, enter that number on line 48a. If it is not, enter \$500,000.

**Line 48c -**

Subtract line 47b from line 48b and enter the difference. If the result is zero or less, enter zero.

**Line 48d -**

Compare the numbers on lines 48a and 48c, and enter the lowest number here. This is the amount of pre-2003 carryover you may use to reduce your current year's Arizona tax liability.

**Line 49 -**

Subtract line 48d from line 47c and enter the difference.

**Line 50 -**

Compare the amounts on Part 6, line 46, column (d), and on Part 7, line 49, and enter the lowest amount here. This is the amount of post-2002 carryover you may use to reduce your current year's Arizona tax liability.

**Part 8 - Total Available Nonrefundable Credit**

Complete this section to compute the total available credit for the taxable year. The total available credit is the sum of the current taxable year's credit for increased research activities and the available credit carryover(s).

**Line 51 -**

If you completed Part 4 and are receiving a refund, enter the amount from Part 4, line 27c. Otherwise, enter the amount from Part 3, line 25. This is the current taxable year's credit for increased research activities.

**Line 52 -**

If you completed Part 4 and are receiving a refund, enter zero. Otherwise, enter the amount from Part 7, line 48d. This is the amount of the pre-2003 carryover that you may use to reduce your current year's Arizona tax liability.

**Line 53 -**

If you completed Part 4 and are receiving a refund, enter zero. Otherwise, enter the amount from Part 7, line 50. This is the amount of the post-2002 carryover that you may use to reduce your current year's Arizona tax liability.

**Line 54 -**

Add the amounts on lines 51, 52, and 53. This is the total available credit for increased research activities that may be applied to your current taxable year's tax liability. Enter the total here and on Arizona Form 301, Part 1, line 5, column (c).

**Purpose of Form**

Use Arizona Form 309 to figure your credit for taxes paid to Arizona and another state or country on the same income. If claiming a credit for more than one state or country, make a separate computation for each state or country.

If you are not sure what amounts you should enter on Form 309, the department has issued an income tax procedure (ITP) to help you figure out what amounts you should use. For more information, see the department's procedure, ITP 08-1, *Procedure for Calculating Credit for Taxes Paid to Another State or Country by Arizona Resident Individuals*.

*NOTE: You must notify the department immediately if the other state or country credits or refunds taxes for which you have received an Arizona credit. In this case, you must file an amended return.*

Complete this form only if you meet the following.

1. You are filing a 2014 Arizona income tax return.
2. You paid a **net** income tax to another qualified state or country for 2014.
- If you are claiming a credit for taxes paid to another state, payroll taxes withheld from income do not constitute a net income tax. Having tax withheld from your pay by Arizona and another state does not by itself qualify you for this credit. You must file a net income tax return to the other state.
- If you are claiming a credit for taxes paid to another country, a net income tax paid to another country includes those taxes that qualify for a credit under Internal Revenue Code (IRC) §§ 901 and 903.

*NOTE: To claim a credit for taxes paid to a foreign country, you must complete Form 309. You must complete Form 309 even if you did not have to complete federal Form 1116 to claim a credit on your federal return.*

**You may not claim this credit for the following.**

1. Income taxes paid to any city or county.
2. Interest or penalties paid to another state or country.

*NOTE: If you file an amended return after you claim this credit, be sure to recalculate the credit, if required.*

**Application of Credit**

Claim this credit only if the income was subject to tax in both Arizona and the other state or country in the same tax year.

You cannot apply this credit against interest or penalties payable to Arizona.

*NOTE: You may use this credit only in the year incurred. You cannot carry the credit forward to the next year. You also cannot carry the credit back to a prior year.*

**Arizona Resident**

Arizona residents are allowed a credit against Arizona income taxes for net income taxes imposed by and paid to another state or country if the following apply.

1. The income taxed in Arizona is derived from sources within another state or country. This income is subject to a net income tax in the other state or country regardless of your residence.
2. The other state or country does not allow Arizona residents a credit for taxes imposed on income subject to tax in both Arizona and the other state or country.

**As an Arizona resident, nonresident returns filed with the following states qualify for the credit:**

Alabama, Arkansas, Colorado, Connecticut, Delaware, Georgia, Hawaii, Idaho, Illinois, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota\*, Mississippi, Missouri, Montana, Nebraska, New Jersey, New Mexico, New York, North Carolina, North Dakota, Ohio, Oklahoma, Pennsylvania, Rhode Island, South Carolina, Utah, Vermont, West Virginia and Wisconsin.

\***Minnesota** sources the sale of certain partnership interests to Minnesota. Minnesota allows an Arizona resident a credit for taxes paid to Minnesota for the sale of a partnership interest that is subject to Minnesota tax. As an Arizona resident, you cannot claim this credit for taxes paid to Minnesota on the sale of a partnership interest that is sourced to Minnesota.

*NOTE: This list is subject to change at any time.*

**Important:** As an Arizona resident, nonresident returns filed with the following states **DO NOT QUALIFY** for the credit:

Alaska, California, District of Columbia, Florida, Indiana, Nevada, New Hampshire, Oregon, South Dakota, Tennessee, Texas, Virginia, Washington and Wyoming.

**Nonresident**

A credit against Arizona income taxes is allowed for Arizona nonresidents who are not allowed a credit by their state or country of residence for taxes paid to Arizona if either:

1. The other state or country does not tax Arizona residents on income derived from sources within the other state or country.

- The other state or country allows Arizona residents credit for taxes paid on income subject to tax by the other state or country and Arizona.

Arizona nonresidents who file resident returns with the following states qualify for the credit:

California, Indiana, Oregon, and Virginia.

*NOTE:* This list is subject to change at any time.

### Part-Year Residents

For that part of the year you were a resident of Arizona, follow the instructions for residents.

For that part of the year you were an Arizona nonresident, follow the instructions for nonresidents.

### Dual Resident

You may be eligible to claim the credit if you are a full-year Arizona resident filing Arizona Form 140 and you are also considered to be a resident of another state under the laws of that other state. Figure your credit for taxes paid to Arizona and that other state on the same income that is taxable by both Arizona and the other state, but only on income that would be sourced to the other state if you had to report that income as a nonresident.

You may claim the credit as a dual resident if you meet the following.

- You are filing a 2014 full-year Arizona resident income tax return.
- You are considered to be a resident of another state under the laws of that other state.
- You paid a **net** income tax to that other state.

An Arizona resident who is also considered to be a resident of another state under the laws of that state is allowed a credit against Arizona income taxes for net income taxes imposed by and paid to that other state if the following apply.

- The other state taxes the income of the Arizona resident and does not allow the Arizona resident a credit for taxes imposed on income subject to tax in both Arizona and the other state.
- The credit is allowed only for taxes imposed on income that would have been sourced to the other state if the Arizona resident had filed as a nonresident to the other state.

**If you are an Arizona full-year resident and also considered to be a resident of another state under the laws of that other state, complete the *Schedule of Income Allocation*, on page 2 of Form 309 before you complete page 1 of Form 309.**

### Required Forms

If you are claiming a credit for taxes paid to another state, you must include a copy of the tax return filed to the other state.

If you are claiming a credit for taxes paid to a foreign country, include the following information with your Arizona income tax return.

- A copy of the tax return you filed to the foreign country. If you are claiming a credit for taxes paid to a foreign country for amounts withheld at the source, and are not

required to file a return with that country, include documentation showing the amount of tax imposed and paid.

- If the tax is paid in a foreign currency, a statement substantiating the conversion rate on the date of payment. Identify your authority for your conversion rate.

### Line-by-Line Instructions

Enter your name and SSN as shown on Arizona Form 140, Form 140NR, Form 140PY, or Form 140X.

Make sure that every return, statement, or document that you file with the department has your SSN. Failing to include the proper numbers may subject you or your preparer to a penalty. Make sure that all of the required identification numbers are clear and correct. Your return may take longer to process if identification numbers are missing, incorrect, or unclear.

*If your name appears first on the return, make sure your SSN is the first number listed.*

### Part 1 - Computation of Income Subject to Tax by Both Arizona and the Other State or Country During 2014

If you are claiming a credit for income taxes paid to another state, enter in the space provided, the two-letter abbreviation for that state. See the last page of these instructions for a list of state abbreviations.

If you are claiming a credit for income taxes paid to another country, enter the name of that country on the line provided.

In order for income to be taxed by both Arizona and another state or country, the following must exist.

#### For an Arizona resident:

- The same income must be taxed by both Arizona and the other state or country; and
- The income must have its source within the other state or country.

#### For a nonresident:

- The same income must be taxed by both Arizona and the other state or country; and
- The income must have its source within Arizona.

### Lines 1 through 6 -

Provide a breakdown of your income which is subject to tax in both Arizona and the other state or country. Complete lines 1 through 5 separately for each income item listed in columns (a) through (c). If you have more than three items of income from the other state or country for which you are claiming the credit, complete additional schedules.

If you are an Arizona resident who is also considered to be a resident of another state under the laws of that other state, complete the *Schedule of Income Allocation*, on page 2 of Form 309 before you complete Part I, lines 1 through 6 of Form 309.

#### Line 1 -

Identify the income item from which the income subject to tax in both Arizona and the other state or country is derived. If you have more than one income item, complete column(s) (b) and (c), as necessary. Examples of such income are business income, partnership income, wages, etc.

Enter an item in column (a) only if your Arizona adjusted gross income and the adjusted gross income of the return filed with the other state or country includes the income from that item.

If you are an Arizona resident and also considered to be a resident of another state, enter the income item and amount from column (d) of the *Schedule of Income Allocation*.

If you are claiming a credit for taxes paid to another country, and that country withheld at the source, and you are not required to file a return with that country, enter the item of income from which the foreign taxes were withheld.

**Line 2 -**

Enter the amount of income from the item listed on line 1 reportable to both Arizona and the other state or country. This is the amount of income derived from that item which you must include in the income reported to both Arizona and the other state or country.

**Line 3 -**

Enter that portion of income on line 2 included in your Arizona adjusted gross income. This amount is that portion of the amount of income included on line 2 that is also included in your Arizona gross income adjusted by any additions or subtractions related to that income required under Arizona law.

**For example**, during the tax year, Taxpayer A, a full-year Arizona resident, had Schedule C business income of \$50,000 from State P. This \$50,000 of Schedule C income is reportable to both Arizona and to State P. For federal purposes, Taxpayer A included the \$50,000 in federal adjusted gross income, but also reduced that Schedule C business income by 1/2 of the self-employment tax related to that income (\$3,532) and by the amount of self-employed health insurance deduction (\$6,000). Therefore, only \$40,468 (\$50,000 - (\$3,532 + \$6,000)) of the \$50,000 Schedule C income is included in Taxpayer A's Arizona gross income. Arizona law requires no further additions or subtractions related to this Schedule C income included in Taxpayer A's Arizona gross income. Therefore, the amount of Schedule C income included in Taxpayer A's Arizona adjusted gross income would be \$40,468. Taxpayer A would enter \$40,468 on line 3.

**Line 4 -**

Enter that portion of income on line 2 which is included in the other state's or country's equivalent of Arizona adjusted gross income. If you are a full-year Arizona resident filing a

nonresident return to the other state or country, this would be the other state's or country's income computed under the equivalent of Arizona Revised Statute (A.R.S.) § 43-1094 (adjusted gross income of a nonresident). In other words, the income computed as if only source income were included, and then adjusted by any additions or subtractions related to that income required under the other state's or country's law.

**For example**, during the tax year, Taxpayer A, a full-year Arizona resident, had Schedule C business income of \$50,000 from State P. This \$50,000 of schedule C income is reportable to both Arizona and to State P. For federal purposes, Taxpayer A included the \$50,000 in federal adjusted gross income, but also reduced that Schedule C business income by 1/2 of the self-employment tax related to that income (\$3,532) and by the amount of self-employed health insurance deduction (\$6,000). Taxpayer A was required to make these same adjustments on the return filed to State P. Therefore, only \$40,468 (\$50,000 - (\$3,532 + \$6,000)) of the \$50,000 Schedule C income is included in State P's equivalent of Arizona gross income. Additionally, State P law allows Taxpayer A to subtract an additional \$2,000 of depreciation related to the Schedule C income. Therefore, the amount of Schedule C income included in State P's equivalent of Arizona adjusted gross income would be \$38,468 (\$40,468 - \$2,000). Taxpayer A would enter \$38,468 on line 4.

**NOTE:** *If you are claiming a credit for taxes paid to another country, and that country withheld at the source, and you are not required to file a return with that country, enter the amount of income subject to tax in that foreign country.*

**Line 5 -**

Enter the smaller of the amount entered on line 3 or line 4. This is the amount of income from that item which is subject to tax by both Arizona and the other state or country.

**Line 6 -**

Add line 5, columns (a) through (c). This is the total income subject to tax in both Arizona and the other state or country. Enter the amount from Part 1, line 6, on Part 2, line 8, and also on Part 2, line 13.

**NOTE:** *The amounts on lines 2 through 5 may be the same. However, differences may occur due to the application of the other state's law. See the following example.*

**The following example illustrates how to complete lines 1 through 6 of Arizona Form 309. If you are an Arizona resident who is also considered to be a resident of another state under the laws of that other state, see the example following the instructions for the *Schedule of Income Allocation* for an example of how to complete lines 1 through 6 of Form 309.**

**EXAMPLE:**

**Facts:**

Mr. and Mrs. M are Arizona residents. Mr. M is an active duty military member who is stationed in State X. Mr. M receives wages from the military and from a part-time job in State X. Mr. and Mrs. M receive rental income from property in Arizona. During the taxable year for which the credit is being claimed, Mr. and Mrs. M received the following income.

Mr. M's military wages	\$ 15,000
Mr. M's part-time employment wages	\$ 10,000
Rental income from AZ property	\$ 20,000
Total Income	\$ 45,000

As Reported on State X Return		As Reported on Arizona Return	
Federal adjusted gross income	\$ 45,000	Federal adjusted gross income	\$ 45,000
Less non-state X income (military & rental income)	\$ (35,000)	Less subtractions from income (military income of \$15,000 and dependent exemption of \$2,300)	\$ (17,300)
Less subtraction for second job income	\$ (1,000)	Arizona adjusted gross income	\$ 27,700
State X adjusted gross income	\$ 9,000		

Mr. and Mrs. M must include Mr. M's part-time employment wages of \$10,000 in both the Arizona gross income and the State X's equivalent of Arizona gross income. Therefore, the amount of wage income reportable to both Arizona and State X is \$10,000. For Arizona purposes, there are no additions or subtractions related to that \$10,000 wage income included in Arizona gross income, so the entire \$10,000 of wage income is included in Arizona adjusted gross income. However, under State X law, \$1,000 of the \$10,000 wage income is subtracted from State X's equivalent of Arizona adjusted gross income, so only \$9,000 of that \$10,000 is included in State X's equivalent of Arizona adjusted gross income. Mr. and Mrs. M complete lines 1 through 6 of Form 309 as follows:

	(a) wages
1. Description of income items	
2. Amount of income from item listed on line 1, reportable to both Arizona and the other state or country.	\$10,000
3. Portion of income on line 2 included in Arizona adjusted gross income.	\$10,000
4. Portion of income included on line 2 included in the other state's or country's equivalent of Arizona adjusted gross income.	\$ 9,000
5. Income subject to tax by both Arizona and the other state or country. Enter the smaller of the amount entered on line 3 or 4.	\$ 9,000
6. Total income subject to tax in both Arizona and the other state or country.	\$ 9,000

**Part 2 - Computation of Other State or Country Tax Credit**

**Line 7 -**

Enter your Arizona tax liability less any credits. However, do not reduce your Arizona tax liability by the other state tax credit.

For 2014, your Arizona tax liability prior to tax credits can be found on the following line number.

Arizona Form	Line Number
140	46
140PY	59
140NR	56
140X	30

**NOTE:** If you are taking other tax credits, you must reduce your Arizona tax by the amount of those other tax credits. For the purpose of this computation, be sure to reduce your Arizona tax by both refundable and nonrefundable credits.

**Line 8 -**

Enter amount from Part I, line 6.

**Line 9 - Entire Income Upon Which Arizona Tax is Imposed**

Enter your entire income upon which Arizona tax is imposed. This is the Arizona adjusted gross income excluding allowable exemptions for age 65 or over, blind, dependents, or qualifying parents and grandparents.

Use the appropriate worksheet below to figure your entire income upon which Arizona tax is imposed.

Worksheet for Arizona Residents

2. Enter the amount from Form 140PY, page 2, line 54.	
3. Add the amounts on lines 1 and 2. Enter the total here and on line 9 of Form 309.	

**Part-Year Residents With Arizona Source Income for the Period of the Year in Which You Were an Arizona Nonresident**

If you have Arizona source income for the period of the year in which you were an Arizona nonresident, you must separately determine the amount of Arizona adjusted gross income for the period in which you were a resident and the amount of Arizona adjusted gross income for the period in which you were a nonresident. These figures are not separately stated on any particular line on your Arizona Form 140PY.

**Lines 10 and 11**

Follow the instructions on the form for lines 10 and 11.

**Line 12 -**

Enter the amount of income tax paid to the other state or foreign country. Do not include federal income taxes or any taxes paid to a city or county. Also, do not include any amount paid to the other state or foreign country for penalty or interest. Amounts of tax paid or accrued to a foreign country do not include amounts that are reasonably certain to be refunded, credited, rebated, abated, or forgiven. Also enter the name of the other state or country to which income tax was paid.

**Line 14 - Entire Income Upon Which Other State's or Country's Income Tax is Imposed**

Enter the entire income upon which the other state's or country's income tax is imposed. This is the other state's or country's equivalent of Arizona adjusted gross income, but

does not include exemptions allowable under the equivalent of A.R.S. § 43-1023. Such income must include items of income and loss, but not exemptions and itemized or standard deductions. Such income must also be adjusted by any additions or subtractions required under the other state's law which relate to the income from sources within the other state. This amount may not be shown on a specific line of the return filed with the other state.

If you are claiming a credit for taxes paid to another country, and that country withheld at the source, and you are not required to file a return with that country, enter the amount of income subject to tax in that foreign country.

***NOTE FOR ARIZONA RESIDENTS ONLY:** Since the other state can only tax a nonresident on income which is sourced to that state, the entire income upon which the other state's income tax is imposed includes only income sourced to that other state under its income tax laws. Source income is generally income derived from property located within a state or from an activity carried on within a state when the income recipient is a nonresident.*

***NOTE:** You may not be able to take the entire income upon which the other state's or country's tax is imposed from a specific line on the return filed to the other state or country. If you must determine this amount, include a schedule.*

The example following line 17 illustrates how an Arizona resident figures the entire income subject to tax in the other state or country.

If you have questions concerning what amount to enter on line 14, call one of the phone numbers listed at the beginning of these instructions.

**Lines 15 and 16**

Follow the instructions on the form for lines 15 and 16.

**Line 17 -**

Enter the smaller of line 11 or line 16. If this is the only state or country for which you are claiming a credit, also enter this amount on Arizona Form 301, Part 1, line 6, column (a).

If you are claiming a credit for more than one state or country, make a separate computation for each. Enter the total from all Arizona Forms 309 on Arizona Form 301, Part 1, line 6, column (a).

**EXAMPLE:**

**The following example will illustrate how to figure a credit for taxes paid to another state.**

17. Other state or country tax credit. Enter the lesser of line 11 or line 16 .....	17	199	

**\* Lines 1 through 6 - Income subject to tax in both Arizona and State XY**

Mr. and Mrs. F must report State XY farm income of \$16,000 in both Arizona gross income and State XY's equivalent of Arizona gross income. There are no additions or subtractions related to the \$16,000 farm income required under either Arizona law, or State XY law. Therefore, \$16,000 of farm income is included in Arizona adjusted gross income and \$16,000 of farm income is included in State XY's equivalent of Arizona adjusted gross income.

**\*\*Line 7 - Arizona tax liability**

For the purpose of the credit, Mr. and Mrs. F compute the Arizona tax liability as follows:

Arizona tax	\$1,020
Less public school tax credit	<u>(300)</u>
Arizona tax Liability	<u>\$ 720</u>

**\*\*\*Line 9 - Entire income upon which Arizona tax is imposed**

For the purpose of the credit, Mr. and Mrs. F compute the entire income upon which Arizona tax is imposed as follows:

Arizona adjusted gross income	\$55,700
Plus dependent, blind, age 65 or over, and qualifying parent and grandparent exemptions	<u>2,300</u>
Entire income upon which Arizona income tax is imposed	<u>\$58,000</u>

**\*\*\*\*Line 14 - Entire income upon which State XY tax is imposed**

This is the entire income upon which State XY tax is imposed. This is State XY's equivalent of Arizona adjusted gross income for these individuals. Since these individuals are nonresidents of State XY, State XY's equivalent of Arizona adjusted gross income (not including exemptions and standard or itemized deductions), includes only that income which is sourced to State XY. It should be noted that in this case, the entire income upon which State XY income tax is imposed had to be determined. This amount was

not separately shown on a specific line of the State XY return, since State XY computes its tax on the total income and then prorates that tax to reflect the tax attributable to income derived from sources within State XY. For the purpose of the credit, Mr. and Mrs. F compute the entire income upon which State XY tax is imposed as follows:

Mr. and Mrs. F's Farm income sourced to State XY (State XY's equivalent of Arizona adjusted gross income computed under A.R.S. § 43-1094)	\$16,000
Plus State XY's equivalent of Arizona's dependent exemptions	<u>0</u>
Entire income upon which State XY tax is imposed	<u>\$16,000</u>

**Form 309, Page 2 – Schedule of Income Allocation Instructions**

Complete page 2, *Schedule of Income Allocation*, only if you are a full-year Arizona resident who is also considered a resident of another state under the laws of that other state.

All other taxpayers skip page 2, *Schedule of Income Allocation*.

**NOTE:** *If you are a full-year Arizona resident that is also considered to be a resident of another state under the laws of that other state, you must complete the Schedule of Income Allocation on page 2 of Form 309 before you complete page 1 of Form 309.*

Because the credit allowed for a full-year Arizona resident that is also considered to be a resident of another state is for taxes paid to that other state on income sourced to that other state, you must complete the *Schedule of Income Allocation*, before you can complete lines 1 through 6 of Form 309.

This schedule allocates income between income sourced to the other state and income from everywhere else that is taxable to the other state. Complete column (a) before completing columns (b) through (d). On lines 1 through 10 of column (a), for each line, enter the amounts reported on your federal income tax return. In column (b), enter the amounts listed in column (a) that are included in income reported on your Arizona return. In column (c), enter the amounts listed in column (a) that are included in income reported on the return filed with the other state. In column (d), enter the amounts listed in column (c) that would be sourced to the other state if you were a nonresident of that state filing a nonresident return to that state.

**The following example illustrates how to complete Form 309 for an Arizona resident who is also considered to be a resident of another state under the laws of that other state.**

**EXAMPLE:**

**Facts:**

Mr. and Mrs. R are Arizona residents who are temporarily living and working in State Z. They will be there for one year and then they will return to Arizona. During the current taxable year, Mr. and Mrs. R have been living and working in State Z for 10 and one-half months. Because Mr. and Mrs. R have been living in State Z for more than 183 days during the tax year, State Z considers Mr. and Mrs. R to be residents of State Z and taxes all of their income from the time they moved to State Z. Because Mr. and Mrs. R are Arizona residents who are temporarily out of Arizona, they are still full-year Arizona residents for Arizona income tax purposes and must file a full-year Arizona income tax return and include all income for the taxable year, wherever derived. For the taxable year, Mr. and Mrs. R have the following income.

Mr. R's wages from employment in Arizona	\$ 15,000
Mr. R's wages from employment in State Z	\$ 42,000
Mrs. R's wages from employment in State Z	\$ 5,000
Interest income	\$ 5,000
Rental income from AZ property	<u>\$ 20,000</u>
Total income	<u>\$ 87,000</u>

As Reported on State Z Return		As Reported on Arizona Return	
Wages (Mr. R's State Z wages \$42,000 + Mrs. R's State Z wages \$5,000)	\$ 47,000	Federal adjusted gross income	\$ 87,000
Interest income received after moving to State Z	4,375	Less subtractions from income (dependent exemption \$2,300)	(2,300)
Rental income from Arizona property received after moving to State Z	17,500	Arizona adjusted gross income	\$ 84,700
State Z gross income	68,875	Arizona itemized deductions	(12,000)
Plus additions to income	0	Arizona personal exemption	(6,300)
Less subtractions (dependent \$4,000)	( 4,000)	Arizona taxable income	\$ 66,400
State Z adjusted gross income	\$ 64,875	Arizona tax	\$ 1,933
State Z itemized deductions	( 9,500)		
State Z personal exemptions	( 7,500)		
State Z taxable income	\$ 47,875		
State Z tax	\$ 2,154		

Before Mr. and Mrs. R can complete Form 309, they must complete the *Schedule of Income Allocation* on page 2 of Form 309. This will help Mr. and Mrs. R determine the income that is taxable in both Arizona and State Z that would be sourced to State Z if Mr. and Mrs. R were filing a nonresident return to State Z.

	(a)	(b)
1. Description of Income Items	Wages	
2. Amount of income from item listed on line 1, reportable to both Arizona and State Z.	\$47,000

16. Multiply the amount on line 12 by the decimal on line 15.....	16	1,470
17. Other state or country tax credit. Enter the smaller of line 11 or line 16.....	17	1,044

**\* Lines 1 through 6 – Income subject to tax in both Arizona and State XY**

Before completing lines 1 through 6, Mr. and Mrs. R must complete page 2 of Arizona Form 309, *Schedule of Income Allocation*. Even though Mr. and Mrs. R must report wage income, interest income and rental income to State Z, only the wage income earned for services performed in State Z would be sourced to State Z if State Z were taxing Mr. and Mrs. R as nonresidents. Therefore, when Mr. and Mrs. R complete the *Schedule of Income Allocation*, Mr. and Mrs. R indicate that only \$47,000 of wages would be sourced to State Z as income of a nonresident of State Z.

Mr. and Mrs. R must report State Z wages of \$47,000 in Arizona gross income and \$47,000 of State Z wages in State Z's equivalent of Arizona gross income. There are no additions or subtractions related to the \$47,000 of State Z wages required under either Arizona law, or State Z law. Therefore, \$47,000 of State Z wage income is included in Arizona adjusted gross income and \$47,000 of State Z wage income is included in State Z's equivalent of Arizona adjusted gross income.

**\*\*Line 9 – Entire income upon which Arizona tax is imposed**

For the purpose of the credit, Mr. and Mrs. R compute the entire income upon which Arizona tax is imposed as follows:

Arizona adjusted gross income	\$ 84,700
Plus dependent, blind, age 65 or over, and qualifying parent and grandparent exemptions	<u>2,300</u>
Entire income upon which Arizona income tax is imposed	<u>\$ 87,000</u>

**\*\*\*Line 14 – Entire income upon which State Z tax is imposed**

This is the entire income upon which State Z tax is imposed. This is State Z's equivalent of Arizona adjusted gross income for these individuals. For the purpose of the credit, Mr. and Mrs. R compute the entire income upon which State Z tax is imposed as follows:

State Z's equivalent of Arizona adjusted gross income	\$ 64,875
State Z's equivalent of Arizona's dependent exemptions	<u>4,000</u>
Entire income upon which State Z's tax is imposed	<u>\$ 68,875</u>

## General Instructions

**Note:** Beginning 2014, you **must** also complete Arizona Form 301, Nonrefundable Individual Tax Credits and Recapture, and include Forms 301 and 310 with your tax return to claim this credit.

Arizona law provides a solar energy credit for an individual who installs a solar energy device in his or her residence located in Arizona.

The solar energy credit for buying and installing a solar energy device is 25% of the cost, including installation, or \$1,000, whichever is less. If you install another device in a later year, the cumulative credit cannot exceed \$1,000 for the same residence.

**Note:** A taxpayer may claim a credit of up to \$1,000 for a second personal home. A taxpayer that claims a credit for both a primary home and a second home is limited to a maximum credit of \$1,000 in the taxable year. To claim a credit for a second home you must complete a second form and add the two amounts together to claim on your return.

If the allowable tax credit is more than your tax or if you have no tax, you may carry the unused credit forward for up to the next 5 consecutive years.

To be eligible for this credit, you must be an Arizona resident who is not a dependent of another taxpayer.

A solar energy device is a system or series of mechanisms which collect and transfer solar generated energy and which are designed primarily to:

- Provide heating;
- Provide cooling;
- Produce electrical power;
- Produce mechanical power;
- Provide solar daylighting; or
- Provide any combination of the above by means of collecting and transferring solar generated energy into such uses either by active or passive means, including wind generator systems that produce electricity.

Solar energy systems may also have the capability of storing solar energy for future use. Passive systems must clearly be designed as a solar energy device, such as a trombe wall, and not merely as a part of a normal structure, such as a window.

Only a system or device, which performs one or more of these functions, qualifies for the credit. An individual component of a system does not qualify for the credit by itself.

### The following devices, when used for residential purposes, qualify for the credit:

- Solar domestic water heating systems - collectors, storage tanks, heat exchangers, and piping, valves, wiring, etc., directly related to the solar system.
- Solar swimming pool and spa heating systems - collectors, heat exchangers, piping, valves, wiring, etc., directly related to the solar system.
- Solar photovoltaic systems - collectors, batteries, inverters, solar system related wiring, and including solar photovoltaic systems for recreational vehicles used as a residence. End-use appliances (even if they are 12 vdc) are excluded unless they are manufactured specifically for photovoltaic systems applications.
- Solar photovoltaic phones, street lighting, etc. - collectors, batteries, inverters, and solar system related wiring. Phone, lights, etc., are excluded unless they are manufactured specifically for photovoltaic applications.
- Passive solar building systems - trombe wall components, thermal mass, and components specifically designed for energy gains. Dual pane windows, low-e, and other window coatings, etc., are excluded.
- Solar day lighting systems - those devices and systems specifically designed to capture and redirect visible solar energy while controlling the infrared energy (conventional skylights are specifically excluded).
- Wind generators - windmill, structure, generator, batteries, controls, wiring, and other components directly related to the wind generator. End-use appliances are excluded.
- Wind-powered pumps - windmill, structure, pump, pipes, and other components directly related to the wind pump.

The person who sells you your solar energy device must furnish you with a certificate stating that the solar energy device complies with Arizona's solar energy device requirements. If you designed and installed the system yourself, you will not receive such a statement, but your solar energy device must meet the required criteria.

For more information on the solar energy credit and the Arizona solar energy device requirements, see the department's brochure, Pub 543, *Solar Energy Credit*.

### The following DO NOT qualify for the credit:

- Conventional plumbing components - water softeners, drinking water systems, etc., even if they are provided (free or otherwise) as part of the system.
- Conventional controls - load controllers, programmable thermostats, etc., even if they are provided (free or otherwise) as part of the system.
- Conventional heating/cooling systems - air conditioners, heat pumps, evaporative coolers, furnaces, regardless of efficiency.

- Conventional windows and window treatments - dual-pane, low-e, shade screens, reflective and dark coatings, awnings, interior shades, drapes, and blinds.
- Conventional skylights.
- Appliances (all voltages) - refrigerators, lights, fans, TVs, etc., unless they are manufactured specifically for photovoltaic systems.
- Fans - ceiling, window, attic, interior, etc., unless they are manufactured specifically for photovoltaic applications.
- Paint - ceramic, reflective roof coatings.
- Insulation (includes "outsulation") and radiant barrier.
- Weather stripping, caulking.
- Misting systems.
- Vegetation - shade trees, shrubs, grass.
- Solar energy cars.
- A solar hot water heater plumbing stub out that was installed by the builder of a house or dwelling unit before title was conveyed to the taxpayer. You may be able to take this credit on Arizona Form 319. For details, see Form 319.

**NOTE:** *If you claim a credit, you cannot take a depreciation deduction for the solar energy device for which the credit is claimed. If such depreciation deduction is included in your federal adjusted gross income, you must add that amount to your Arizona gross income. You must make this addition for each period in which you deduct depreciation for federal purposes.*

### General Instructions

Arizona law allows a nonrefundable tax credit for the purchase and installation of an agricultural water conservation system. The credit is equal to 75% of the qualifying expenses incurred during the taxable year.

This credit is available to individuals only. A corporation, including an S corporation, may not claim this credit. However, an S corporation may pass the credit through to its individual shareholders. A partnership may not claim this credit, but may pass the credit through to its individual partners.

**To Qualify for the Credit:**

- The system must be primarily designed to substantially conserve water on land that the taxpayer or taxpayer's tenant uses to:
  - A. produce crops, fruits, or other agricultural products;
  - or**
  - B. raise, harvest, or grow trees; **or**
  - C. sustains livestock.
- The expense must be consistent with a conservation plan that the taxpayer has filed and that is in effect with the United States Department of Agriculture Soil Conservation Service.

If the allowable tax credit exceeds the taxes otherwise due, or if there are no taxes due, you may carry the unused credit forward for a period not to exceed the next five taxable years.

Individual co-owners of a business, including individual partners in a partnership and individual shareholders of an S corporation, may each claim only a pro rata share of the credit, based on their ownership interest. The total of the credits allowed all owners may not exceed the amount that would have been allowed for a sole owner of the business.

You cannot take a subtraction for the same expenses for which you claim a credit. If you claim this credit, you must add the amount of the expenses taken for the taxable year to your Arizona gross income.

**For example:** if the taxpayer had \$10,000 of qualifying expenses the credit would be \$7,500 and the add back would be \$10,000. The individual would include \$10,000 on the Arizona individual income tax return under "*Other Additions*".

### Specific Instructions

Type or print the required information in the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Include the completed form with the income tax return.

All returns, statements, and other documents filed with the department require a TIN. The TIN for a partnership or an S corporation is the taxpayer's employer identification number (EIN). The TIN for an individual is the taxpayer's SSN or an Internal Revenue Service (IRS) individual taxpayer identification number (ITIN). Taxpayers that fail to include their identification number may be subject to a penalty.

**Part 1 - Qualifying Water Conservation System

Each individual shareholder may claim only a pro rata share of the credit based on the individual shareholder's ownership interest in the S corporation.

An individual cannot take a subtraction for the same expenses for which a credit is claimed. If you claim this credit, you must add the amount of the expenses taken for the taxable year to your Arizona gross income.

The amount of the individual shareholder's share of qualifying expenses that must be added to the individual shareholder's income is reported in Part 3, on line 10. The individual shareholder is required to include this amount on their individual Arizona income tax return under "Other Additions".

The S corporation must furnish each individual shareholder with a copy of the completed Form 312.

**General Instructions**

Arizona Revised Statutes §§ 43-1081 and 43-1170 provide nonrefundable individual and corporate income tax credits for expenses incurred during the taxable year to purchase real or personal property that is used within Arizona in the taxpayer's trade or business to control or prevent pollution. The amount of the credit is equal to 10% of the purchase price, limited to a maximum credit of \$500,000 in a taxable year.

Co-owners of a business, including partners in a partnership and shareholders of an S corporation, may each claim only the pro rata share of the credit allowed based on the ownership interest. The total of the credits allowed all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

The credit is available to an exempt organization that is subject to corporate income tax on unrelated business taxable income (UBTI). The credit must result from the activities that generate UBTI.

**Qualifying property includes** a structure, building, installation, excavation, machine, equipment, and any attachment to, or addition to, or reconstruction, replacement, or improvement of that property. Property eligible for the tax credit includes only that portion of the property directly used, constructed, or installed in Arizona to prevent, monitor, or reduce air, water, or land pollution that results from the taxpayer's direct operating activities in conducting a trade or business in this state. The property must meet or exceed rules or regulations adopted for this purpose by the United States Environmental Protection Agency, the Arizona Department of Environmental Quality, or a political subdivision of Arizona.

**Amounts that qualify for the credit** must be includible in the taxpayer's adjusted basis for the property. The adjusted basis of any property for which the taxpayer has claimed a credit must be reduced by the amount of credit claimed for that property.

If the allowable tax credit exceeds the taxes otherwise due or, if there are no taxes due, the amount of the credit not used to offset taxes may be carried forward for not more than five taxable years as a credit against subsequent years' income tax liabilities.

**Specific Instructions**

Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Include the completed form with the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, an exempt organization with UBTI, an S corporation, or a partnership is the taxpayer's employer identification number. The TIN for an individual is the taxpayer's social security number or an Internal Revenue Service individual taxpayer identification number. Taxpayers that fail to include their TIN may be subject to a penalty.

If the S corporation elects to pass the credit through to its shareholders, it must also complete lines 18 through 20.

The S corporation must complete Part 1. Then, complete Part 2, lines 18 through 20, separately for each shareholder.

Each S corporation shareholder is entitled to only a pro rata share of pass-through credit based on ownership interest in the S corporation. The total of the credit allowed to all shareholders may not exceed the amount that would have been allowed for a sole owner.

If the S corporation passes the credit through to its shareholders, it must notify each shareholder of the shareholder's pro rata share of the adjustment to income required by the difference between the federal depreciable basis and the Arizona depreciable basis of the property for which the credit is claimed. The S corporation must also notify the shareholder of the shareholder's pro rata share of any difference in gain or loss on the sale or other disposition of the property due to the difference in basis.

### General Instructions

Arizona Revised Statutes § 43-1178 provides a nonrefundable corporate income tax credit equal to 30% of the amount paid by the seller or purchaser as transaction privilege tax or use tax for coal sold to the taxpayer that is consumed in the generation of electrical power in Arizona. "Amount paid by the seller or purchaser as transaction privilege tax or use tax" means that the Arizona transaction privilege tax (TPT) was passed through to the taxpayer by the seller as an added charge or that the seller collected the Arizona use tax from the taxpayer or that the taxpayer paid the Arizona use tax to the department.

The tax credit is in lieu of a deduction for the taxes for which the credit is claimed. An addition to Arizona gross income is required for the amount of Arizona TPT and Arizona use taxes included in the computation of federal taxable income for which the Arizona tax credit is claimed.

For example, a taxpayer that paid \$50,000 in TPT for coal consumed in the generation of electrical power in Arizona would receive a credit of \$15,000 ( $\$50,000 \times 30\% = \$15,000$ ). The addition to Arizona gross income would be \$50,000.

The tax credit is available only to corporate taxpayers. A partnership may pass this credit through only to its corporate partners. An S corporation may claim this credit, or the S corporation may elect to pass this credit through to only its exempt organization shareholders.

The credit is available to an exempt organization that is subject to corporate income tax on unrelated business taxable income (UBTI). The credit must result from the activities that generate UBTI.

Co-owners of a business, including corporate partners of a partnership or exempt organization shareholders of an S corporation, may each claim only the pro rata share of the credit allowed based on the ownership interest. The pro rata share that would be distributed to non-eligible partners or shareholders is lost. The total of the credits allowed all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

If the allowable tax credit exceeds the taxes otherwise due, or if there are no taxes due, the amount of the credit not used to offset taxes may be carried forward for not more than five consecutive taxable years as a credit against subsequent years' income tax liability.

### Specific Instructions

Complete the name and employer identification number section at the top of the form. Indicate the period covered by the taxable year. Include the completed form with the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, an exempt organization with UBTI, an S corporation or a partnership is the taxpayer's employer identification number. Taxpayers that fail to include their TIN may be subject to a penalty.

#### Part 1 - Current Taxable Year's Credit Calculation

##### Form 318-1 and Line 1 -

Complete Form 318-1 before completing Part 1, line 1, of Form 318. Complete Form 318-1 to list the qualifying coal purchases for the taxable year.

#### FORM 318-1

The design of Form 318-1 allows the taxpayer to list qualifying coal purchases for the taxable year in two situations:

1. Purchases from vendors that passed the Arizona TPT through to the taxpayer as an added charge or purchases from vendors that collected the Arizona use tax from the taxpayer; and
2. Purchases from vendors for which the taxpayer paid the Arizona use tax to the department.

**Situation 1:** List the qualifying coal purchases *by vendor* for situation 1 above. If the taxpayer has purchased coal from more than two vendors, additional Form(s) 318-1 must be completed to list the qualifying coal purchases for the taxable year. Complete section A to list the vendor name and the vendor's Arizona TPT or use tax number. Do not complete section B.

**NOTE:** *The Arizona TPT must be shown as an added charge on the vendor's invoice. If the vendor collects the Arizona use tax from the taxpayer, the tax must be shown as a separate charge on the vendor's invoice.*

**Situation 2:** List the qualifying coal purchases *from all vendors* for situation 2 above. Complete section B to list the taxpayer's Arizona TPT or use tax number. Do not complete section A.

**NOTE:** *If the taxpayer pays the Arizona use tax directly to the department, the taxpayer must document the amount of tax paid for each invoice.*

**Column (a):** On lines 1 through 12, enter the applicable month of the taxable year.

**Column (b):** On lines 1 through 12, indicate the type of tax, TPT or use.

**Column (c):** On lines 1 through 12, enter the total amount of qualifying coal purchases for that month. Do not include the amount of tax paid in the total.

**Column (d):** On lines 1 through 12, enter the total amount of tax paid for that month.

**Column (e):** On lines 1 through 12, enter the total of columns (c) and (d).

Now go to Form 318, Part 1, line 1.

## FORM 318

### Line 1 -

Enter the aggregate total from the completed Form(s) 318-1, line 13, column (d), on Form 318, Part 1 line 1.

### Line 2 -

Multiply line 1 by 30 percent (.30). Enter the result. This is the current taxable year's credit.

## Part 2 - Corporate Partner's Share of Credit

### Lines 3 through 5 -

The partnership must complete Form(s) 318-1 and Part 1 of Form 318. Then, complete Part 2, lines 3 through 5, separately for each corporate partner. The partnership may pass the credit through **only** to its corporate partners.

Each corporate partner is entitled to only a pro rata share of the credit based on the corporate partner's ownership interest in the partnership. The total of the credit allowed to all corporate partners may not exceed the amount that would have been allowed for a sole owner.

The partnership must furnish each corporate partner with a copy of Form 318. Each corporate partner must complete Part 3, if applicable, and Part 4.

**NOTE:** *An S corporation that elects to pass the credit through to its exempt organization shareholders should complete Part 2 separately for each exempt organization shareholder and include a statement with Form 318, signed by a signatory to Arizona Form 120S, that states: The S corporation has made an irrevocable election for the taxable year ending (MM/DD/YYYY) to pass the credit for taxes paid for coal consumed in generating electrical power as shown on Form 318, Part 1, line 2 through to its exempt organization shareholders. Each exempt organization shareholder would then complete Part 3, if applicable, and Part 4 of Form 318.*

## Part 3 - Available Credit Carryover

Complete Part 3 only if the allowable credit for prior taxable years exceeded the Arizona income tax liability for those taxable years. Calculate the total available carryover of the credit on Part 3, lines 6 through 11.

Enter the applicable taxable year(s) in column (a) on lines 6 through 10. Enter the amount of the original tax credit for each taxable year in column (b). ### **General Instructions**

Arizona Revised Statutes §§ 43-1090 and 43-1176 provide nonrefundable individual and corporate income tax credits for the installation of solar hot water heater plumbing stub outs and electric vehicle recharge outlets in houses or dwelling units constructed by the taxpayer. The houses or dwelling units must be located in Arizona.

Qualifying installations of solar hot water heater plumbing stub outs must:

- Include two insulated three-fourths inch copper pipes and at least two pairs of wires for monitoring and control purposes that project from the dwelling roof or other suitable locations and that are connected to the domestic hot water transport and storage system.
- Be located and configured to allow sufficient solar access and exposure and to allow ready installation of solar water heating devices without further expense or effort to reach, use or serve the domestic hot water system of the house or dwelling.

Qualifying installations of electric vehicle recharge outlets must be connected to the utility system by a dedicated line that:

- Is capable of operating at normal secondary voltages.
- Meets applicable local building safety codes.
- Is commensurate and consistent with electric vehicle recharging needs and methods.

The amount of the credit is equal to the lesser of \$75 or the installation cost for each installation of a solar hot water heater plumbing stub out or an electric vehicle recharge outlet in each separate house or dwelling unit.

The taxpayer that constructed the house or dwelling unit may transfer the credit for that house or dwelling unit to a purchaser or transferee. A taxpayer that transfers the credit for a house or dwelling unit must provide a written statement to the purchaser or transferee of the house or dwelling unit. The written statement must include the name of the purchaser or transferee, the address of the house or dwelling unit, the number of stub outs or outlets installed, the installation cost of each, and a certification that the taxpayer has elected not to claim the credit and has elected to transfer the credit to the purchaser or transferee. If the builder transfers the credits for more than one house or dwelling unit to a purchaser or transferee, the builder must provide a separate written statement for each house or dwelling unit.

The tax credit is in lieu of a deduction for the expenses of installing the solar hot water heater plumbing stub outs and electric vehicle recharge outlets for which the credit is claimed.

Co-owners of a business, including partners in a partnership and shareholders of an S corporation, may each claim only the pro rata share of the credit allowed based on the ownership interest. The total of the credits allowed all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

The credit is available to an exempt organization that is subject to corporate income tax on unrelated business taxable income (UBTI). The credit must result from the activities that generate UBTI.

If the allowable tax credit exceeds the taxes otherwise due, or if there are no taxes due, the amount of the credit not used to offset taxes may be carried forward for not more than five consecutive taxable years as a credit against subsequent years' income tax liability.

### **Specific Instructions**

### General Instructions

Arizona law provides a nonrefundable credit for employers that employ recipients of Temporary Assistance for Needy Families (TANF). TANF is assistance granted under Section 403 of Title IV of the Social Security Act, as it exists after August 21, 1996.

The credit for employing TANF recipients is equal to:

1. One-fourth of the taxable wages paid to each qualified employee in the first year or partial year of employment, not to exceed \$500 per net new employee.
2. One-third of the taxable wages paid to each previously qualified employee in the second year of continuous employment, not to exceed \$1,000 per net new employee.
3. One-half of the taxable wages paid to each previously qualified employee in the third year of continuous employment, not to exceed \$1,500 per net new employee.

You cannot take a deduction for the same wages for which you claim a credit. For more information, see the instructions under "*Other Additions to Income*" for the income tax return you will file.

You cannot claim this credit for any position that is *eligible* for any other Arizona employment credit based on wages paid.

If the allowable credit exceeds your income tax liability, you may carry over any unused amount for up to five consecutive taxable years.

This credit is available to individuals, corporations, and S corporations. A partnership may pass the credit through to its partners. An S corporation may pass the credit through to its shareholders.

This credit is also available to an exempt organization that is subject to corporate income tax on unrelated business taxable income (UBTI). The credit must result from the activities that generate UBTI.

For more information on this credit, see the department's brochure, Pub 708, *Credit for Employment of Recipients of Temporary Assistance for Needy Families*.

### Line-by-Line Instructions

Enter your name and Social Security Number (SSN) as shown on Arizona Forms 140, 140PY, 140NR, or 140X.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). #### Part 1 - Business Information

##### Lines 1 through 3 -

On lines 1, 2, and 3, enter the name, address, and employer identification number (EIN) of the business that employs qualifying employees.

#### Part 2 - Net Increase in Qualified Employment Positions

##### Lines 4 and 5 -

This credit is based on net increases in qualified employment positions. You must determine the net increase in the number of qualified positions by comparing the average number of qualified employment positions during the taxable year with the immediately preceding taxable year. This comparison is based on the report that you submit to the Arizona Department of Economic Security for unemployment purposes. The worksheet following the instructions for line 5 is provided to help you determine the average number of qualified positions for lines 4 and 5.

##### Line 4 -

Enter the average number of qualified employment positions during the current taxable year.

A qualified employment position is a position that meets **all** of the following.

- The position must be classified as full-time employment.
- The position must provide health insurance coverage if the employer offers the coverage to other employees not on TANF.
- The position must provide compensation at least equal to the minimum wage or a wage comparable to that paid other employees not receiving TANF in the same job classification.
- The position must be listed on the report that you submit to the Arizona Department of Economic Security for unemployment purposes.

##### Line 5 -

Enter the average number of qualified employment positions during the immediately preceding taxable year. If the

business is a newly established business, the business would not have any qualified employment positions during the immediately preceding taxable year. A newly established business would have zero average employment positions during the immediately preceding taxable year. This business would enter zero on line 5.

If the business is an established business, the business must figure the average qualified employment positions of the immediately preceding taxable year using the worksheet below. Line 15 of the worksheet's immediately preceding taxable year column is the amount you should enter on line 5.

Complete the following worksheet to determine the average employment.

On lines 1 through 12 below, enter the number of qualifying employment positions the business had during each month of the current taxable year and the immediately preceding taxable year.

	Line 4 Column Current Taxable Year	Line 5 Column Immediately Preceding Taxable Year

14. Total number of months during the taxable year in which you were in business.		
15. Average - <i>Divide the number on line 13 by the number on line 14. Do not round the quotient.</i>		

**Line 6 - Net Increase in the Number of Qualified Employment Positions**

Subtract line 5 from line 4. If this amount is less than one, enter zero. If this amount contains a decimal, round **down** to the next whole number. This is your net increase in qualified employment positions.

**NOTE:** *If the amount shown on line 6 is zero or less, you may not claim this credit for qualified employees hired during the year.*

**Line 7 -**

You cannot take this credit for any position that is *eligible* for any other Arizona employment credit based on wages paid. On line 7, enter the number of positions on line 6 that are eligible for any other income tax credit under Arizona law.

**Line 8 -**

Subtract line 7 from line 6. This is the maximum number of new employment positions for which you may claim a credit for employees in their first year of employment.

**Part 3 - Qualifying New Employees**

**Line 9 -**

Enter the total number of new employees hired during the year.

**Line 10 - Qualified New Employees**

Enter the number of employees shown on line 9 who are qualified employees.

A qualified employee is an employee who meets **all** of the following criteria.

- The employee is a resident of Arizona.
- The employee was a recipient of TANF at the time he or she was hired. The employer should obtain documentation from the employee substantiating that the employee was a TANF recipient on the date of hire.
- The employee was employed for at least ninety days during the first taxable year. An employee hired with less than 90 days left in the taxable year is considered to be a new employee in the next taxable year. Periods when the employee's wages are subsidized under A.R.S. § 46-299 cannot be counted as employment time.
- The employee was not employed by the taxpayer within 12 months before the current date of hire.

**Line 11 - Maximum Number of Qualifying Net New Employees**

Enter the smaller of line 8 or line 10. This is the maximum number of qualifying net new employees for which you may claim a credit.

**Part 4 - Credit Calculation for Qualified Employees**

**Lines 12 through 15 and Form 320-1 and Form 320-2**

**Important:** *Before completing Part 4, lines 12 through 15 of Form 320, complete Form 320-1, and Form 320-2.*

**Form 320-1 Qualifying Employees**

social security numbers. Complete columns (c) through (e), as instructed on the form.

Enter the number of qualifying net new employees from Form 320-2, line 12, column c1.

**NOTE:** *The maximum number of qualifying net new employees entered on line 12, column (a), cannot exceed the number of qualified net new employees entered on line 11 (Part 3).*

#### Line 12 - Column (b)

Enter the maximum allowable wages for all of your qualifying first year employees from Form 320-2, line 12, column e1.

#### Line 12 - Column (d)

Multiply the amount entered on line 12, column (b), by the percent shown on line 12, column (c). Enter the result on line 12, column (d). This is the allowable credit for qualifying net new employees.

Arizona's statutes do not require that the employee who is claimed in the second year of continuous employment be the same employee who was claimed in the first year of employment. Therefore, if one of the originally claimed net new employees leaves employment in year two, the business can claim the second year credit for another previously qualified employee who is in the second year of continuous employment.

#### Line 13 - Column (b)

Enter the maximum allowable wages for all previously qualified employees in the second year of continuous employment, from Form 320-2, line 12, column e2.

#### Line 13 - Column (d)

Arizona's statutes do not require that the employee who is claimed in the third year of continuous employment be the same employee who was claimed in the second year of employment. Therefore, if one of the originally claimed net new employees leaves employment in year three, the business can claim the third year credit for another previously qualified employee who is in the third year of continuous employment.

Enter the maximum allowable wages for all previously qualified employees in the third year of continuous employment from Form 320-2, line 12, column e3.

#### Line 15 -

- Add the amounts in column (a) on lines 12, 13 and 14; enter the total in column (a) on line 15.

S corporations must complete Form 320, Parts 1 through 5. The S corporation must complete Part 5, lines 17 through 20, separately for each shareholder. Each shareholder may claim only a pro rata share of the credit based on the shareholder's ownership interest in the S corporation.

#### Line 19 – Individual Shareholder's share of the Qualifying Wages used to compute the allowable current year credit.

An individual shareholder cannot take a subtraction for the same expenses for which the credit is claimed. If the shareholder claims the credit, the shareholder is required to add back the pro-rata portion of the total expenses used to compute the allowable current year credit.

Enter the shareholder's pro-rata share of the total amount of qualifying wages used to compute the allowable current year credit.

**For example:**

Arizona Form 320 line:	(b) Qualifying Wages
12. Net new employees...	\$15,000
13. Second-year employees...	\$27,000

## General Instructions

**NOTE:** Beginning 2014, you **must** also complete Arizona Form 301, Nonrefundable Individual Tax Credits and Recapture, and include Forms 301 and 321 with your tax return to claim this credit.

Arizona law provides a credit for cash contributions made to certain charities that provide help to the working poor. The maximum amount of credit for these donations is \$200 for single taxpayers or heads of household. For married taxpayers, the maximum credit is \$400.

The maximum credit may be increased for cash contributions made to a qualified foster care charitable organization that is also a qualified charitable organization. If you made a contribution to a qualified foster care charitable organization, you can increase the maximum credit amount allowed from \$200 to \$400 (\$400 to \$800 for married filing joint).

If you made cash contributions to **both** types of charities during the taxable year, the **total combined maximum** credit allowed for the taxable year is \$400 for single taxpayers or heads of household but no more than \$200 of the total may be for contributions to a non-foster care qualifying charitable organization. For married taxpayers, the **total combined maximum** credit allowed for the taxable year is \$800 but no more than \$400 of the total may be for contributions to a non-foster care qualifying charitable organization.

In most cases, for married taxpayers who file separate returns, each spouse may claim only one-half (1/2) of the total credit that would have been allowed on a joint return. If you are married filing a separate return, but you could have filed a joint return, you may take only 1/2 of the total credit that you and your spouse would have been allowed to take on a joint return.

If the allowable tax credit is more than your tax or if you have no tax, you may carry the unused credit forward for up to the next five consecutive taxable years' income tax liability.

This credit is available only to individuals. Corporations may not claim this credit. A partnership may not pass the credit through to its partners. An S corporation may not pass the credit through to its shareholders.

You may qualify for this credit if you make cash contributions to a qualified charity through an Umbrella Charitable Organization (UCO). An UCO is a charitable organization that collects donations on behalf of member charities and directs that donation as designated by the taxpayer to a qualifying charitable organization or a qualifying foster care charitable organization that is certified by the department.

In this case, 100% of the donation to a specific qualifying charitable organization or qualifying foster care charitable organization or to a specific fund of the UCO must be distributed to a qualifying charitable organization or a qualifying foster care charitable organization that is certified by the department.

The UCO will need to provide you with a receipt for your donation that specifies the qualifying charity or fund to whom the donation is designated and certifies that 100% of the donation will be distributed to the named charity. If a fund is designated then the receipt should certify that either 100% of the fund is distributed to a qualifying charity that is certified by the department or 100% of the fund is distributed to qualifying foster care charitable organization that is certified by the department.

**NOTE:** You may be able to make contributions to these charities through your payroll withholding. Contact your employer and ask if they can withhold contributions for this credit from your pay.

For more information about this credit, see the department's publication, Pub 710, *Credit for Contributions to Qualifying Charitable Organizations*.

### What is a Qualifying Charitable Organization?

A qualifying charitable organization (charity) is a charity that is exempt from federal income tax under Internal Revenue Code (IRC) § 501(c)(3). A qualifying charity is also a charity that is a designated community action agency that receives Community Services Block Grant Program money under the United States Code, Title 42, Section 9901. The charity must spend at least 50% of its budget on services to Arizona residents who receive Temporary Assistance for Needy Families benefits, who are low income Arizona residents, or who are chronically ill or physically disabled children.

For the purpose of this credit, qualifying services are services that meet the recipient's immediate basic needs. The services must be provided and used in Arizona. Services that meet these needs include cash assistance, medical care, childcare, food, clothing, shelter, job training, and job placement services.

A qualifying charitable organization also includes charities that are *qualifying foster care charitable organizations*. A qualifying foster care charitable organization is a qualifying charitable organization that each operating year provides services to at least two hundred foster children in Arizona. The charity must spend at least 50% of its budget on services to foster children in this state.

"Foster child" means a child placed in a foster home or child welfare agency. "Foster home" means a home maintained by any individual or individuals having the care or control of minor children, other than those related to each other by blood or marriage, or related to such individuals, or who are legal wards of such individuals.

### How Can I Tell if a Charity Qualifies?

In order to qualify, a charity must provide the Department with written certification that it meets the criteria necessary to be considered a qualifying charity. To see if a particular charity qualifies, you should visit the department's website and click on *Tax Credits* to see a list of the qualifying charities.

## General Instructions

*Note: Beginning 2014, you must also complete Arizona Form 301, Nonrefundable Individual Tax Credits and Recapture, and include Forms 301 and 322 with your tax return to claim this credit.*

Arizona law provides a credit for cash contributions made and for certain fees paid to public schools in Arizona. The credit for contributions made or fees paid to a public school must be claimed in the year of the donation.

The credit is equal to the amount contributed or the amount of fees paid. For single taxpayers or heads of household, the credit cannot exceed \$200. For married taxpayers that file a joint return, the credit cannot exceed \$400. In most cases, for married taxpayers who file separate returns, each spouse may claim only one-half (1/2) of the credit that would have been allowed on a joint return.

If the allowable tax credit is more than your tax or if you have no tax, you may carry the unused credit forward for up to the next five consecutive taxable years' income tax liability.

This credit is available only to individuals. Corporations may not claim this credit. A partnership may not pass the credit through to its partners. An S corporation may not pass the credit through to its shareholders.

To qualify for the credit, you must make contributions or pay fees to a public school for support of character education programs, or extra curricular activities.

You may be able to make credit eligible contributions to a public school through payroll withholding. Check with your employer to see if your employer has agreed to withhold contributions that qualify for this credit from your pay.

A character education program is a program defined in Arizona Revised Statutes (A.R.S.) § 15-719. Under this statute, each district may develop its own course of study for each grade. At a minimum, the character education

program must include instruction in the definition and application of at least six of the following character traits: truthfulness, responsibility, compassion, diligence, sincerity, trustworthiness, respect, attentiveness, obedience, orderliness, forgiveness, and virtue.

Extracurricular activities are school-sponsored activities that require enrolled students to pay a fee in order to participate. The activities must supplement the school's education program and may be educational or recreational. Each school district will determine what activities are extra curricular activities for each public school located in that district. Extracurricular activities may include the following.

- Use of band uniforms
- Use of equipment or uniforms for varsity athletics
- Use of scientific laboratory equipment or materials
- In-state or out-of-state trips that are solely for competitive events

Extra curricular activities do not include any senior trips or events that are recreational, amusement or tourist activities.

You must make cash contributions or pay fees to a public school or charter school located in Arizona. The school must provide instruction in grades kindergarten through 12.

Contributions made or fees paid to any of the following **do not** qualify for this credit.

- A nongovernmental school
- A pre-school
- A community college
- A university
- A public school located outside of Arizona

You cannot claim both a tax credit and an itemized deduction for the amount of contributions made to a public school for which you are claiming a credit. If you claim this credit on your 2014 tax return for a donation made from January 1, 2015 to April 15, 2015, you must make an adjustment on your 2015 Arizona Form 140, Schedule A, *Itemized Deductions Adjustments*, or Form 140 Schedule A(PY) or A(PYN); or Form 140NR Schedule A(NR).

Before claiming this credit, make sure the public school issues you a receipt for the contributions or qualifying fees you paid. The receipt should show **all** of the following.

- Name of the public school
- Name and number of the school district
- Name of the taxpayer
- Amount paid or contributed
- Date paid or contributed
- Description of the activity for which the contributions were made or the fees were paid

Please keep this receipt with your tax records. For more information on school tax credits, see the Arizona Department of Revenue brochure, Pub 707, *School Tax Credits*.

## Line-by-Line Instructions

Enter your name and Social Security Number (SSN) as shown on Arizona Forms 140, 140PY, 140NR, or 140X.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN).

The TIN for an individual is the taxpayer's SSN or an Internal Revenue Service (IRS) individual taxpayer identification number (ITIN). Taxpayers that fail to include their identification number may be subject to a penalty.

### Part 1 - Current Year's Credit

#### Lines 1, 2 and 3

Enter the following information for each Arizona public school for which you made cash contributions or paid fees.

- Name of the public school
- Location of the public school (city and state)
- District name and number of the public school
- Amount of contributions or fees paid to the school

If you made qualifying cash contributions or paid qualifying fees to a second and third school, complete line(s) 2 and 3.

If you made qualifying cash contributions or paid qualifying fees to four or more schools, complete an additional schedule. The schedule should show the same information required on lines 1, 2 and 3 for each of the additional schools to which you made cash contributions or paid fees.

#### Line 4 -

Add the amount of qualifying cash contributions and fees paid to all schools listed on lines 1 through 3, and any additional schedule. Enter the total on line 4.

#### Line 5 -

Single taxpayers and taxpayers filing as head of household enter \$200. Married taxpayers enter \$400.

### Line 6 - Current Year's Credit

Enter the smaller of line 4 or line 5. If you are married filing a separate return, but you could have filed a joint return, you may take only 1/2 of the total credit that you and your spouse would have been allowed to take on a joint return, up to a maximum of \$200. In this case, enter 1/2 of the smaller of line 4 or line 5.

### Part 2 - Available Credit Carryover

#### Lines 7 through 12 -

Use lines 7 through 12 to figure your total available credit carryover from taxable years 2009 through 2013. Complete lines 7 through 12 if you claimed this credit on a return for one of these years and the allowable credit was more than your tax.

**NOTE:** You may carry over only that portion of the credit that you do not apply to tax. You cannot carry over any amount that you paid that was more than the amount allowed as a credit.

**For example,** during 2014, John, a single person, paid \$400 to School A for extra curricular activity fees for John's child. For 2014, John is allowed a credit of \$200. John's 2014 tax is \$100. John applied \$100 credit to his tax liability and may carryover \$100 of the unused \$200 credit to 2015. John cannot claim any credit for the \$200 fee he paid that was more than the allowable credit (\$400 minus allowable credit of \$200).

- In column (b), enter the credit originally computed for that taxable year listed in column (a).

- In column (c), enter the amount of the credit from that taxable year which you have already used.
- In column (d), subtract the amount in column (c) from column (b) and enter the difference.
- Add the amounts entered on lines 7 through 11 in column (d).

Enter the total on line 12, column (d).

### Part 3 - Total Available Credit

#### Lines 13 through 15 -

Use lines 13 through 15 to figure your total available credit for 2014.

#### Line 13 -

## General Instructions

**Note:** Beginning 2014, you **must** also complete Arizona Form 301, Nonrefundable Individual Tax Credits and Recapture, and include Forms 301 and 323 with your tax return to claim this credit.

Arizona law provides a credit for contributions made to a private school tuition organization that provides scholarships or grants to qualified schools.

The credit is equal to the amount contributed. For 2014, the credit cannot exceed \$528 for single taxpayers or heads of household. For married taxpayers that file a joint return, the credit cannot exceed \$1,056. In most cases, for married taxpayers who file separate returns, each spouse may claim only one-half (1/2) of the credit that would have been allowed on a joint return.

The credit eligible contributions made to a school tuition organization from January 1, 2015, to April 15, 2015, may be used as a tax credit on either your 2014 or 2015 Arizona income tax return.

If the allowable tax credit is more than your tax or if you have no tax, you may carry the unused credit forward for up to the next 5 consecutive taxable years' income tax liability.

This credit is available only to individuals. Corporations may not claim this credit. A partnership may not pass the credit through to its partners. An S corporation may not pass the credit through to its shareholders.

A private school tuition organization is an organization that meets **all** of the following:

- The organization is tax exempt under Section 501(c)(3) of the Internal Revenue Code (IRC).
- The organization allocates at least 90% of its annual revenue from contributions to educational scholarships or tuition grants.

- The organization makes its scholarships or grants available to students of more than one qualified school.

A "qualified school" means a preschool that offers services to students with disabilities, nongovernmental primary or a secondary school that is located in Arizona. The school cannot discriminate on the basis of race, color, handicap, familial status, or national origin and requires all teaching staff and personnel that have unsupervised contact with students to be fingerprinted. A "qualified school" does not include a charter school or programs operated by a charter school. The primary school must begin with kindergarten and the secondary school must end with grade 12.

In the case of a preschool that offers services to students with disabilities, a "student with disabilities" is a student who has any of the following conditions.

- Hearing impairment
- Visual impairment
- Developmental delay
- Preschool severe delay
- Speech and/or language impairment

**NOTE:** The Arizona Department of Revenue is required to certify school tuition organizations. The department maintains a list of currently certified school tuition organizations on its website at [www.azdor.gov](http://www.azdor.gov).

To qualify for the credit all contributions must be made to a certified school tuition organization. To determine if your contributions made in 2014 and/or 2015, qualify for this credit, you should verify that the school tuition organization you made a contribution to is certified. For a list of school tuition organizations certified to receive donations for the individual income tax credit, see the department's website.

Your donation to the school tuition organization will not qualify for the credit if you designate the donation for the direct benefit of your dependent.

**NOTE:** Your donation will also not qualify if you designate a student beneficiary as a condition of your contribution to the school tuition organization. Also, the tax credit is not allowed if you agree with another person to designate each other's contributions to the school tuition organization for the direct benefit of each other's dependent, a practice commonly known as swapping.

You cannot claim both a tax credit and an itemized deduction for the amount of contributions made to a private school tuition organization for which you are claiming a credit.

If you claim this credit in 2014 for a donation made from January 1, 2015, to April 15, 2015, you must make an adjustment on your Arizona Form 140, Schedule A; or Form 140PY, Schedule A(PY) or A(PYN); or Form 140NR, Schedule A(NR), filed in 2015.

Before claiming this credit, make sure the school tuition organization issues you a receipt for the contribution. The receipt should show **all** of the following.

- Name and address of the school tuition organization;
- Name of the taxpayer;
- Amount paid; and
- Date paid.

Please keep this receipt with your tax records. For more information on school tax credits, see the department's brochure, Pub 707, *School Tax Credits*.

**NOTE:** You may be able to make credit eligible contributions to a school tuition organization through payroll withholding. Check with your employer to see if your employer has agreed to withhold contributions that qualify for this credit from your pay.

## Line-by-Line Instructions

### Part 1 - Current Year's Credit

#### Line 1 -

Enter the name and address of the private school tuition organization to which you made contributions and for which you are claiming a current year's credit for on your return.

#### Line 1a -

Enter the amount of contribution(s) made from January 1, 2014 through December 31, 2014.

#### Line 1b -

Enter the amount of contribution(s) made from January 1, 2015 through April 15, 2015, for which you are claiming a credit on your 2014 tax return.

#### Line 1c -

Add lines 1a and 1b and enter the total.

#### Lines 2, 2a through 2c -

Complete these lines following the instructions for lines 1 and 1a through 1c.

If you made contributions to 3 or more school tuition organizations, complete an additional schedule. The schedule should show the same information required on lines 1 and 1a through 1c for each of the additional school tuition organizations to which you made contributions.

#### Line 3 -

Add lines 1c, 2c and any amounts from additional schedules.

#### Line 4 -

Single taxpayers and taxpayers filing as head of household, enter \$528. Married taxpayers enter \$1,056.

### Line 5 - Current Year's Credit

Enter the smaller of line 3 or line 4. If you are married filing a separate return, but you could have filed a joint return, you may take only one-half of the total credit that you and your spouse would have been allowed to take on a joint return, up to a maximum of \$528 each. In this case, enter one-half of the smaller of line 3 or line 4.

**NOTE:** If you made contributions that total more than the allowable current year's credit on Form 323, you may claim a credit on Arizona Form 348 for some or all of the contributions that exceed the maximum allowable amount. For more information see Form 348.

### Part 2 - Available Credit Carryover

#### Lines 6 through 11 -

Use lines 6 through 11 to figure your total available credit carryover from taxable years 2009 through 2013. Complete lines 6 through 11 if you claimed this credit on a return for one of these years and the credit was more than your tax.

**NOTE:** You may carry over only that portion of the credit that you do not apply to tax. You cannot carry over any amount that you gave that was more than the amount allowed as a credit. See the example on the last page of these instructions.

- In column (b) enter the credit originally computed for that taxable year listed in column (a).
- In column (c) enter the amount of the credit from that taxable year which you have already used.
- Subtract the amount in column (c) from column (b) and enter the difference in column (d).
- Add the amounts entered on lines 6 through 10 in column (d).

Enter the total on line 11, column (d).

### Part 3 - Total Available Credit

#### Line 12 -

Enter the amount from Part 1, line 5.

#### Line 13 -

Enter the amount from Part 2, line 11, column (d).

#### Line 14 -

Add line 12 and line 13. Enter the total.

Enter the amount from Form 323, Part 3, line 14 on Arizona Form 301, Part 1, line 14, column (c).

**NOTE:** You may carry over only that portion of the credit that you do not apply to tax. You cannot carry over any amount that you gave that was more than the amount allowed as a credit.

**For example:** During 2014, Mary, a single person, gave \$1,400 to a school tuition organization. For 2014, Mary is allowed a maximum credit on Form 323 of \$528. Mary's 2014 tax liability is \$400. Mary may apply \$400 of the \$528 credit claimed on Form 323 against her 2014 tax liability. Mary may carryover the unused credit of \$128 to her 2015 income tax return. Mary may not claim a credit on Form 323 for the \$872 gift that was more than the allowable credit (\$1,400 minus allowable credit of \$528).

However, Mary may claim a credit on Arizona Form 348 for the contribution made to the school tuition organization that was more than the \$528 allowable credit. The credit Mary may claim on Form 348 cannot exceed the maximum credit allowed on that form. To compute that credit, Mary must complete Form 348 in addition to Form 323. Mary must also complete Arizona Form 301.

For 2014, Mary would compute her available credit for Form 323 as follows.

2014 total contribution made to school tuition organizations	\$1,400
Maximum allowable credit claimed on Form 323 for tax year 2014	<u>\$ 528</u>
Mary's 2014 tax liability	\$ 400
Less: available tax credit - Form 323	<u>\$ 400</u>
Balance of tax	<u>\$ 0</u>
Carryover available for 2015 from Form 323 (\$528 minus \$400)	\$ 128
Contribution available to calculate the allowable credit on Form 348 (\$1,400 minus \$528). Mary must complete Arizona Form 348 to figure that credit.	<u>\$ 872</u>

**General Instructions**

Arizona Revised Statutes (A.R.S.) §§ 43-1081.01 and 43-1170.01 provide nonrefundable individual and corporate income tax credits for expenses that a taxpayer incurred during the taxable year to purchase agricultural pollution control equipment.

**To Qualify for the Credit:**

- The taxpayer must be involved in the commercial production of livestock, livestock products or agricultural, horticultural, viticultural or floricultural crops or products; AND

The taxpayer must purchase tangible personal property that is primarily used in the taxpayer's trade or business in Arizona to control or prevent pollution.

- Property eligible for the tax credit includes only that portion of the property directly used, constructed, or installed in Arizona to prevent, monitor, or reduce air, water, or land pollution.
- Qualifying property includes a portion of a structure, building, installation, excavation, machine, equipment, or device, and any attachment to, or addition to, or reconstruction, replacement, or improvement of that property.

Amounts that qualify for the credit must be includible in the taxpayer's adjusted basis for the property. The adjusted basis of any property for which the taxpayer has claimed a credit must be reduced by the amount of credit claimed for that property.

The amount of the credit is equal to 25% of the cost of the property. The maximum credit that a taxpayer may claim in a taxable year is \$25,000.

The agricultural pollution control equipment credit allowed under A.R.S. §§ 43-1081.01 or 43-1170.01 (claimed on Arizona Form 325) is in lieu of the pollution control credit under A.R.S. §§ 43-1081 or 43-1170 (claimed on Arizona Form 315) with respect to the same equipment or expense.

Co-owners of a business, including partners in a partnership and shareholders of an S corporation, may each claim only the pro rata share of the credit allowed based on the ownership interest. The total of the credits allowed all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

The credit is available to an exempt organization that is subject to corporate income tax on unrelated business taxable income (UBTI). The credit must result from the activities that generate UBTI.

If the allowable tax credit exceeds the taxes otherwise due or, if there are no taxes due, the amount of the credit not used to offset taxes may be carried forward for not more than five taxable years as a credit against subsequent years' income tax liabilities.

**Specific Instructions**

Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Include the completed form with the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, an exempt organization with UBTI, an S corporation, or a partnership is the taxpayer's employer identification number. The TIN for an individual is the taxpayer's social security number or an Internal Revenue Service individual taxpayer identification number. Taxpayers that fail to include their TIN may be subject to a penalty.

### General Instructions

Arizona Revised Statutes (A.R.S.) §§ 43-1089.02 and 43-1181 provide nonrefundable individual and corporate income tax credits for the donation of real property and improvements to an Arizona school district or Arizona charter school for use as a school or as a site for the construction of a school.

#### To qualify for the credit:

- The real property and improvements must be located in Arizona.
- The donor must convey the real property and improvements unencumbered and in fee simple, except that there must be a deed restriction and protective covenant related to the use of the property.
- The value of the donated property must be determined by an appraisal as defined in A.R.S. § 32-3601 that is conducted by an independent party and is paid for by the donee.
- The conveyance shall not violate the provisions of A.R.S. §§ 15-341(D) or 15-183(U).
- The donor must record the appropriate lien on the property donated to an Arizona charter school. The tax credit constitutes a lien on the property. The lien is the amount of the allowable tax credit adjusted by the gross domestic product (GDP) price deflator, as defined in A.R.S. § 41-563, with a maximum of 12.5% over the allowable tax credit.
- An Arizona school district shall not accept the donation unless the school facilities board has reviewed the proposed donation and has issued a written determination that the real property and improvements are suitable as a school site or as a school.

On written request of the donee, the donor must disclose in writing to the donee the amount of the allowable tax credit for the property received by the donee.

The tax credit is in lieu of a deduction in the computation of Arizona gross income for the donation of the property for which the credit is claimed. **CORPORATE TAXPAYERS:** An addition to Arizona gross income is required for the amount of the deduction included in the computation of federal taxable income. **INDIVIDUAL TAXPAYERS:** The taxpayer cannot claim both the tax credit and an itemized deduction for the donation of a school site. If the taxpayer claims the credit and itemizes deductions on the Arizona return, the taxpayer must exclude the amount of the charitable deduction otherwise allowed for the donation of the school site.

For example, a taxpayer that donates a \$2,000,000 property would receive a credit of \$600,000 (\$2,000,000 x 30%). If the taxpayer is a corporation, the addition to Arizona gross income would be \$2,000,000. If the taxpayer is an individual that itemizes deductions, then the charitable contribution deduction must exclude the \$2,000,000 donation.

Co-owners of a business, including partners in a partnership and shareholders of an S corporation, may each claim only the pro rata share of the credit allowed based on the ownership interest. The total of the credits allowed all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

The credit is available to an exempt organization that is subject to corporate income tax on unrelated business taxable income (UBTI). The credit must result from the activities that generate UBTI.

If the allowable tax credit exceeds the taxes otherwise due or, if there are no taxes due, the amount of the credit not used to offset taxes may be carried forward for not more than five taxable years as a credit against subsequent years' income tax liabilities.

This form is for donations of real property only (real estate). Please do not use this form for cash donations to schools. Credits for those donations should be claimed on Arizona Form 322. Please do not use this form for cash donations to school tuition organizations. Credits for those donations should be claimed on Arizona Form 323 or Arizona Form 348 for individuals, or claimed on Arizona Form 335 or Arizona Form 341 for corporations, as appropriate.

**General Instructions**

**Employment Credit for Healthy Forest Enterprises**

Arizona Revised Statutes (A.R.S.) §§ 43-1076 and 43-1162 allow a business that operates a healthy forest enterprise to receive a nonrefundable employment credit against individual and corporate income tax liabilities for taxable years beginning from and after December 31, 2004 through December 31, 2024.

**Training Credit for Healthy Forest Enterprises**

A.R.S. §§ 43-1076.01 and 43-1162.01 allow a business that operates a healthy forest enterprise to receive a nonrefundable training credit against individual and corporate income tax liabilities for taxable years beginning from and after December 31, 2011 through December 31, 2024.

In order to claim either credit, the business must be a qualified healthy forest enterprise, as certified by the Arizona Commerce Authority (Commerce). The business must provide a copy of its Commerce certification to the department for approval before using the certification to obtain this credit.

The credit is available to an exempt organization that is subject to corporate income tax on unrelated business taxable income (UBTI). The credit must result from the activities that generate UBTI.

While a taxpayer may claim both credits for healthy forest enterprises with respect to the same employees, the credits for healthy forest enterprises are in lieu of the following credits, with respect to the same employees:

- The credit for new employment, under A.R.S. §§ 43-1074 or 43-1161 (claimed on Arizona Form 345); and
- The military reuse zone credit, under A.R.S. §§ 43-1079 or 43-1167 (claimed on Arizona Form 306).

In general, a qualified healthy forest enterprise is a business operation that enhances or sustains forest health, sustains or recovers watershed or improves public safety. A qualified healthy forest enterprise must be primarily engaged in the business of harvesting, transporting or processing of qualifying forest products for commercial use. To obtain information regarding additional criteria for qualification, contact Commerce using the contact information shown above.

The credits are based on the net increase in the number of qualified employment positions created and filled by a business operating a healthy forest enterprise.

**The employment credit** is computed using the wages of qualified employees of the business and the net increase in the number of qualified employment positions.

**The training credit** is based on the net cost to the taxpayer of training and certifying a new employee in a qualified employment position, but not more than \$3,000 in each of the first three years of employment.

Positions occupied by employees that meet the following criteria are considered qualified employment positions.

**NOTE:** *The business claiming a credit under a twelve month certification from Commerce must employ at least three new employees in qualified employment positions in the first taxable year in which the credits are claimed. This three position minimum does not apply to businesses first claiming the credit under a 60 month certification from Commerce.*

**EMPLOYEES IN QUALIFIED POSITIONS**

1. Must be Arizona residents on their hire date.
2. Must be permanent, full-time employees in positions that require at least 1,550 hours per year. The 1,550 hour requirement does not include overtime hours. If forest closures or weather conditions beyond the taxpayer's control result in a shorter period, this would not disqualify the employee so long as the position is still permanent and full-time, and all other qualifications are met.
3. Must have duties that primarily involve or directly support the harvesting, transporting or processing of qualifying forest products for commercial use.
4. Must be compensated at wages equal to or greater than the wage offer of the county, as computed annually by the Arizona Department of Economic Security research administration division.
5. Cannot have been employed by the business within the twelve months preceding their hire date.
6. Must have been employed for at least ninety days during the first taxable year. An employee who is hired during the last ninety days of the taxable year shall be considered a new employee during the following taxable year.
7. Must have employer-provided health insurance coverage, a portion of which must be paid for by the employer. The employer must pay for at least twenty-five percent of the premium or membership cost of the insurance program in the third year the employer claims the credit for healthy forest enterprises. The employer must pay at least forty percent of this cost in the fourth year it claims the credit, and at least fifty percent of the cost in the fifth year it claims the credit.

**Calculating the Credits**

The number of qualified employment positions on which the credits can be computed cannot exceed 200 per year per taxpayer. For example, if a taxpayer has several healthy forest enterprises, the taxpayer would add up the net increase in qualified employment positions for all enterprises and compute the credit on that number or 200, whichever is the lesser amount. If the net increase is being computed for a group of corporations filing a combined or consolidated

Arizona corporate income tax return, that group is considered a single taxpayer and therefore entitled to use no more than 200 positions for its credit calculations. Co-owners of the same enterprise(s) are similarly limited to the lesser of the net increase in qualified employment positions or 200. Each co-owner would get a pro rata share of the credits. Therefore, although a taxpayer may have more than 200 filled qualified employment positions, the taxpayer must select which of those positions should be used for computing the credits. The same employees who are used to compute the first year credit are used to compute the second and third year credits.

*The number of qualified employment positions determined in the first year will never increase in the second or third year. Only the same positions that were qualified in the first year can be used to compute the credits in the two subsequent tax years.*

**Employment Credit for Healthy Forest Enterprises**

Once the taxpayer has determined which employees it will use to compute the employment credit, the credit amount allowed per employee is applied. Only employee wages incurred during the period the taxpayer has been certified may be used for this calculation. The credit amount per employee depends on the employee's year of employment, as follows.

**First year employees:** The lesser of \$500 or one-fourth of the taxable wages paid to an employee in a qualified employment position in the first year or partial year of employment.

**Second year employees:** The lesser of \$1,000 or one-third of the taxable wages paid to an employee in a qualified employment position in the second year of continuous employment.

**Third year employees:** The lesser of \$1,500 or one-half of the taxable wages paid to an employee in a qualified employment position in the third year of continuous employment.

**Training Credit for Healthy Forest Enterprises**

Once the taxpayer has determined which employees it will use to compute the training credit, the credit amount allowed per employee is applied. Only the net cost to the taxpayer of training and certifying the new employee incurred during the period the taxpayer has been certified may be used for this calculation. The credit amount per employee is the net cost to the taxpayer of training and certifying the employee, but not to exceed \$3,000 in each of the first three years of employment.

**Credit Carryovers**

Co-owners of a business, including partners in a partnership and shareholders of an S corporation, may each claim only a pro rata share of the allowable credits based on the ownership interest. The total of the credits allowed all owners may not exceed the amount that would have been allowed for a sole owner of the business.

**Specific Instructions**

Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Include all supporting forms with the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, an exempt organization with UBTI, an S corporation, or a partnership is the taxpayer's employer

identification number. The TIN for an individual is the taxpayer's social security number or an Internal Revenue Service individual taxpayer identification number. Taxpayers that fail to include their taxpayer identification number may be subject to a penalty.

**Part 1 - Business Information**

**Lines 1 and 2 -**

Enter the name and taxpayer identification number of the healthy forest enterprise. For a corporation, an exempt organization with UBTI, a partnership, or an S corporation, use the taxpayer's employer identification number.

**Lines 3 through 5 -**

Check only one box on each line to answer each of the questions on line 3, line 4, and line 5.

**Part 2 - Average Number of Full-Time Employees**

Use these lines to calculate the difference in the average number of full-time employees that worked for the healthy forest enterprise in this taxable year and the average for the immediately preceding taxable year. The following worksheet can be helpful in figuring the average. The column for each year corresponds to line 6 and line 7 on page 1 of Form 332.

On lines 1 through 12 of the worksheet, enter the number of full-time employees employed at the end of each month of the year indicated. If the enterprise was not in operation in the immediately preceding taxable year, that year's average is zero. Once the worksheet has been completed, enter the amounts on page 1 of Form 332.

14	Total number of months during the taxable year in which the healthy forest enterprise was in business.	
15	Average – divide the amount on line 13 by the amount on line 14.	

**Line 8 -**

Subtract the amount on line 7 from the amount on line 6. If the difference contains a decimal, enter the whole number only - do not round up. This is the net increase in the average number of full-time employees. If the difference is zero, the enterprise cannot claim an employment credit for qualified employment positions created during the current taxable year.

If the amount is greater than zero, enter the amount here and in Part 3, line 10.

### Part 3 - Net Increase in Qualified Employment Positions

#### Lines 9 through 11 -

Enter the total number of filled qualified employment positions created during the current taxable year on line 9. If the business is claiming the employment credit under a twelve month certification, it must employ at least three new employees in qualified employment positions in the first taxable year it claims the credit. If a qualified employment position is filled during the last ninety days of the taxable year, it is considered a new qualified employment position for the next taxable year. A newly created position is a qualified employment position on the date that it meets all of the requirements for a qualified employment position.

Compare the amounts on lines 9 and 10. Enter the lowest of the numbers on line 11.

### Part 4 - Limitation on Number of Qualified Employment Positions

Compare the amounts on lines 11 and 12. Enter the lower number on line 13. This is the maximum number of positions on which you may compute each of the credits.

**NOTE:** Before completing Part 5, lines 14 through 17, of Form 332, complete Forms 332-1 and 332-2. Use additional sheets, if necessary. See the instructions for Forms 332-1 and 332-2 at the end of these instructions.

### Part 7 - Recapture of the Employment Credit

#### Lines 22 through 27 -

If your healthy forest enterprise has had its qualification terminated or revoked within five taxable years after you first

claimed the employment credit for a healthy forest enterprise, you must recapture a percentage of the total employment credit you took in all prior years. How much credit you must recapture depends on the year you first received the credit, and how long ago it was. The percentage of credit you must recapture is shown in the following table.

If you first received the credit	The percentage is
Immediately preceding year	100% (1.00)
Two taxable years ago	80% (.80)
Three taxable years ago	60% (.60)
Four taxable years ago	40% (.40)
Five taxable years ago	20% (.20)
Six or more taxable years ago	No recapture

If the qualification was revoked due to reasons beyond the control of the business as determined by Commerce, you do not have to recapture the credit.

If you are required to recapture the employment credit, complete Part 7 as instructed on the form.

**Part 8 - Recapture of the Training Credit  
Lines 28 through 33 -**

If your healthy forest enterprise has had its qualification terminated or revoked within five taxable years after you first claimed the training credit for a healthy forest enterprise, you must recapture a percentage of the total training credit you took in all prior years. How much credit you must recapture depends on the year you first received the credit, and how long ago it was. The percentage of credit you must recapture is shown in the following table.

If you first received the credit	The percentage is
Immediately preceding year	100% (1.00)
Two taxable years ago	80% (.80)
Three taxable years ago	60% (.60)
Four taxable years ago	40% (.40)
Five taxable years ago	20% (.20)
Six or more taxable years ago	No recapture

If the qualification was revoked due to reasons beyond the control of the business as determined by Commerce, you do not have to recapture the credit.

If you are required to recapture the training credit, complete Part 8 as instructed on the form.

**Part 9 - S Corporation Credit Elections and Shareholder's Share of Credits and Credit Recaptures**

The S corporation must complete this portion of Form 332 in order for the S corporation or its shareholders to claim the credit(s). The S corporation must make an irrevocable election either to claim the credit(s) or to pass the credit(s) through to its shareholders. The election statements on line 34 and line 35 must be signed by one of the officers of the S corporation who is also a signatory to Arizona Form 120S.

If the S corporation elects to pass the credits through to its shareholders, it must first complete Form 332, Parts 1 through 8, then complete Part 9, lines 36 through 39, separately for each shareholder. If the S corporation has been

notified of a credit recapture for a credit it passed through to its shareholders, it must also complete line 40 and line 41, as applicable, separately for each shareholder.

Each S corporation shareholder is entitled to only a pro rata share of pass-through credit based on ownership interest in the S corporation. The total of the credit allowed to all shareholders may not exceed the amount that would have been allowed for a sole owner.

The S corporation must furnish each shareholder with a copy of pages 1 through 5 of Form 332. Each shareholder would then complete Parts 11 through 15, as applicable.

**Part 10 - Partner's Share of Credits and Credit Recaptures**

A partnership must complete Form 332, Parts 1 through 8, then complete Part 10, lines 42 through 45, separately for each partner. If the partnership has been notified of a credit recapture, it must also complete line 46 and line 47, as applicable, separately for each partner.

**General Instructions**

**Credit for Motion Picture Production Costs**

Former Arizona Revised Statutes §§ 43-1075 and 43-1163 provided transferable individual and corporate income tax credits against tax liabilities for motion picture production companies that produce motion pictures completely or partially in Arizona. "Motion picture" was defined as a single medium or multimedia program including commercials, music videos or a television series.

The credit is based on a percentage of motion picture production costs that a motion picture production company had in Arizona that were directly attributable to the production of the motion picture in Arizona.

The tax credit is in lieu of a deduction for the expenses for which the credit is claimed. An addition to Arizona gross income is required for the amount of the expenses included in the computation of federal taxable income for which the Arizona tax credit is claimed. For example, if a taxpayer computes its \$30,000 credit on \$100,000 of expenses, the taxpayer must add \$100,000 to federal taxable income.

The credit is available to an exempt organization that is subject to corporate income tax on unrelated business taxable income (UBTI). The credit must result from the activities that generate UBTI.

No credit will be allowed to any taxpayer who has a delinquent tax balance owed to the Arizona Department of Revenue.

In order to obtain the credit for motion picture production costs, a motion picture production company must have received post-approval from the Arizona Commerce Authority ("Commerce") prior to claiming the credit. The credit may be claimed on the first tax return due after the post-approval has been received, but not before the tax year of the pre-approval ("allocation year"). The allocation year is the calendar year to which the credit was applied to the annual credit cap. This date will be noted on the post-approval document.

For example, Company A, a motion picture production company, is a calendar year filer. Company A received pre-approval from Commerce for producing Motion Picture B on November 9, 2010, and received its post-approval on July 31, 2012. Because the credit is allocated to the year in which the

credit is applied to the cap, Company A's credit is allocated to 2010, and 2010 is the first year of the credit. However, because Company A must claim the credit on the first return due after the post-approval, the first year in which Company A may claim the credit is 2011 (if Company A did not request a filing extension for 2011, Company A could not claim the credit on its 2011 return).

**NOTE:** *The credit for motion picture production costs must be claimed on a timely filed original income tax return, including extensions. Therefore, the credit may not be claimed on an amended return.*

The credit a taxpayer may claim can never exceed the amount that was preapproved.

**NOTE:** *The production company must submit a copy of the post-approval document with Form 334 when claiming the credit.*

**Credit Transfer**

**Form 334-1 - Schedule of Credit Transfers**

Former Arizona law allowed you to obtain the motion picture credit from other entities, and to transfer your credit to other entities. Use Form 334-1 to record transfers you made to, and received from, other entities.

Check a box to indicate the allocation year of the credit. Check only one box. Complete a separate Form 334-1 for transfers related to each allocation year. For example, if the taxpayer is transferring credits from both 2009 and 2010, the taxpayer would complete one Form 334-1 for 2009 and complete a separate Form 334-1 for 2010.

Complete Part 1 to record the credits you have received as transfers from other entities. If you received a credit as a transfer directly from the motion picture company that originated the credit, enter the name and TIN of the motion picture company in column (a). In column (b), write "same as transferor." If you received the credit from an entity other than the motion picture company, enter that entity information in column (a), and the information of the motion picture company in column (b).

Complete Part 2 to record the credits you transferred to others. In column (h), enter any credit balance you have remaining on a credit you transferred to someone else. If you have no balance remaining, write zero in column (h).

**Form 334-E and Form 334-O - Notice of Transfer**

Complete Form 334-E or Form 334-O as instructed on the form.

**Authorized contact person:** List the name and telephone number of the individual who Arizona Department of Revenue employees may contact with questions about this form. Confidential information may be disclosed to a principal officer, any person designated by a principal officer, any person designated in a resolution by the corporate board of directors or other similar governing body, or to an individual designated as an authorized representative in a valid power of attorney. A principal

corporate officer of a parent corporation may execute a written authorization for a controlled subsidiary. Refer to Arizona General Tax Ruling GTR 02-1 for additional information on the definition of a controlled subsidiary. IF THIS INDIVIDUAL IS NOT A PRINCIPAL OFFICER, OR IS NOT DESIGNATED AS AN AUTHORIZED REPRESENTATIVE IN A VALID POWER OF ATTORNEY, THE TAXPAYER UNDERSTANDS AND AGREES THAT CONFIDENTIAL INFORMATION MAY BE DISCLOSED TO THIS INDIVIDUAL.

**NOTE:** Both the transferor and transferee must report transfers to the department within thirty days of the transfer. Transferors file Form 334-O while transferees file Form 334-E. Do not file the forms with Form 334. Instead, mail them to this address: Arizona Department of Revenue, Office of Economic Research and Analysis, PO BOX 29099, Phoenix, AZ 85038.

### Carryover Period

The credit for motion picture production costs may be carried forward and used against not more than five consecutive taxable years' income tax liabilities.

The carryover period is determined by the allocation year of the motion picture production company that originated the credit. The allocation year is the calendar year to which the credit was applied to the annual credit cap. This date will be noted on the post-approval document received from Commerce. All motion picture credits are already in the five year carryover period.

**Example 1:** Company C, a motion picture production company, is a calendar year filer. Company C received pre-approval from Commerce for producing Motion Picture D on January 3, 2010. Because the credit is allocated to the year the credit is applied to the annual credit cap, 2010 is the allocation year; 2010 is also the first year of the credit.

Company C received its post-approval for Motion Picture D on June 14, 2012. Company C may claim the credit on the first return due after the post-approval, but not before the allocation year. The first year in which Company C may claim the credit is 2011 (if Company C did not request a filing extension for 2011, Company C could not claim the credit on its 2011 return). Because the carryforward period begins with the first year after the allocation year, 2011 is the first year of the carryover period.

If Company C transfers the credit to Company E during Company E's 2012 tax year (year two of the carryover period), Company E may use the credit to apply against its 2012 tax liability. If Company E transfers the credit in 2013 to Company F, Company F would be using the credit in the third carryover year. There would be two more consecutive calendar years remaining in the carryover period. A credit allocated to the 2010 annual credit cap can be carried forward through calendar year 2015.

**NOTE:** The credit for motion picture production costs must be claimed on a timely filed original income tax return, including extensions. Therefore, it may not be claimed on an amended return.

### Limited Managed Audit

The motion picture company may enter into a limited managed audit agreement with the department to confirm the credit amount. Contact the department's audit section for details.

### Specific Instructions

Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Include the completed form with the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, an exempt organization with UBTI, an S corporation, or a partnership is the taxpayer's employer identification number. The TIN for an individual is the taxpayer's social security number or an Internal Revenue Service individual taxpayer identification number. A taxpayer that fails to include its TIN may be subject to a penalty.

If you did not originate the credit, but received the credit through a transfer, skip Parts 1 through 4. Complete Part 5 and Form(s) 334-1.

### Part 1 - Individual Who Will Maintain Records of Expenditures in Arizona

In this area, enter the name, address, and telephone number of the person who will keep the records of the expenditures the company has in Arizona. If more than one individual will keep the records, include an additional schedule.

Your tax information on file with the department is confidential. The department cannot discuss your tax information with anyone else, unless you have authorized the department to release confidential information to that person. You may use Arizona Form 285 to authorize the department to release confidential information to the individual(s) you have named in Part 1, or any appointee you choose. See Form 285 for details.

### Part 2 - Listing of Post-approved Productions

#### Lines 1 through 4 -

In Part 2, list all of your productions that Commerce postapproved that are eligible to be claimed on this year's tax return. Credits for motion picture production costs are eligible to be claimed on the first tax return due after the post-approval date, including extensions. Write the allocation year in column (a)1. The allocation year is the calendar year to which the credit was applied to the annual credit cap. This date will be noted on the post-approval document received from Commerce. Commerce has assigned each production a priority placement number, which should be the same on both pre-approval and post-approval documents. List this number in column (a)3.

If the company entered into a limited managed audit agreement, list the approved credit amount based on the

Motion Picture Tax Credit Certificate. Otherwise, enter the approved credit amount per the post-approval document.

If you do not have enough lines on the form to enter all of the productions eligible to be claimed this tax year, include a schedule that shows all of the information Part 2 requires. Enter the total approved credit amount from all included schedules on line 3. Add lines 1 through 3, and enter the total on line 4. This is the total credit for motion picture production costs.

**Because the allocation year in column (a)1 is 2010 or prior, the credit for motion picture production costs is already in the five year carryover period. Enter the amount for each production from Part 2, column (b) in Part 5, on line 13, in the column corresponding with the allocation year in Part 2, column (a)1.**

Complete Form 334-1 before completing the rest of Form 334.

#### FORM 334-1

Complete Form(s) 334-1; check the box to indicate the allocation year in which the credit was originated. Complete a Form 334-1 for each allocation year. List all transferred credits on Form(s) 334-1. Refer to Form(s) 334-1 to determine amounts needed for Form 334, Part 5, line 15 or line 18. For example, if a taxpayer transfers a credit in the amount of \$50,000 from the 2009 allocation year, in addition to completing Form 334-1, Part 2, the taxpayer would enter \$50,000 on Part 5, line 18 in the column for 2009.

#### FORM 334

**NOTE:** *Because all motion picture production cost credits are beyond the allocation year, they are already in the carryover period. All credits claimed in Part 2 should be entered in Part 5, line 14 of the allocation year of the credit.*

### Part 3 - S Corporation Credit Election and Shareholder's Share of Credit

#### Lines 5 through 9 -

S corporations must complete this portion of Form 334 in order for the S corporation or its shareholders to claim the credit. The S corporation must make an irrevocable election either to claim the credit or to pass the credit through to its shareholders. The election statement must be signed by one of the officers of the S corporation who is also a signatory to Arizona Form 120S.

If the S corporation elects to pass the credit through to its shareholders, it must first complete Form 334, Parts 1 and 2, then complete Part 3, lines 6 through 9, separately for each shareholder. The S corporation may determine the amount of pass-through credits on any basis, without regard to ownership interest. The total of the credits allowed to all shareholders may not exceed the amount that would have been allowed for a sole owner.

The S corporation must furnish each shareholder with a copy of pages 1 and 2 of Form 334 and a copy of the post-approval document received from Commerce. Each shareholder would then complete Part 5.

**Note to individual shareholders of an S Corporation:** *If you are claiming the credit on Part 3, line 8, you must include the amount from Part 3, line 9, on your Arizona income return, under "Other Additions".*

### Part 4 - Partner's Share of Credit

#### Lines 10 through 12 -

A partnership must complete Form 334, Parts 1 and 2, then complete Part 4, lines 10 through 12, separately for each partner. The partnership may determine the amount of pass-through credits on any basis, without regard to ownership interest. The total of the credits allowed to all partners may not exceed the amount that would have been allowed for a sole owner.

The partnership must furnish each partner with a copy of pages 1 and 2 of Form 334 and a copy of the post-approval document received from Commerce. Each partner would then complete Part 5.

### Part 5 - Available Credit Carryover

#### Lines 13 through 21 -

Use Part 5 to figure your total available credit carryover for motion picture production costs. Complete lines 13 through 21, columns (a) through (b), if you claimed the credit on a prior year's return and the credit was more than your tax, or because the credit originated on this year's tax return was from a prior allocation year.

The allocation year(s) are entered on line 13. The allocation year is the calendar year to which the credit was applied to the annual credit cap. This date will be noted on the post-approval document received from Commerce. On line 14, enter the credit originally computed for that allocation year. On line 15, enter the total of any credit transfers you received that were originated in that allocation year. Add lines 14 and 15 together and enter the total on line 16. On line 17, enter the amount of the credit originated in that allocation year which you have already used. Enter the amount of credit from that allocation year that you transferred to other entities on line 18. On line 19, enter the total amount of credit that you can no longer use because it was disallowed, recaptured, or has expired. Subtract the sum of the amounts on lines 17 through 19 from line 16, and enter the difference on line 20. Add the amounts entered on line 20, column (a) and column (b) and enter the result on line 21, column (b).

**NOTE:** *Be sure to complete and submit Form(s) 334-1, one for each allocation year transferred credits were originated from, to detail credit transfers included on lines 15 and/or 18.*

The amount on Part 5, line 21, column (b) is the available credit carryover for motion picture production costs. Also enter this amount as instructed below:

*Corporations, exempt organizations with UBTI, and S corporations* – enter the amount on Form 300, Part 1, line 13, column (b).

*Individuals* – enter the amount on Form 301, Part 1, line 19, column (b).

## General Instructions

Arizona Revised Statutes (A.R.S.) § 43-1183 provides a nonrefundable corporate income tax credit for contributions made to a school tuition organization that provides scholarships or grants to qualified schools. The school tuition organization must be certified pursuant to Chapter 15 of Title 43 at the time of donation.

Contributions designated as being for the direct benefit of any specific student will not qualify for the credit. This credit is in lieu of any deduction taken under Internal Revenue Code § 170 for state tax purposes.

The tax credit is equal to the amount the department has preapproved, if the taxpayer has made that amount of contribution to the school tuition organization within twenty days of when the school tuition organization notified the taxpayer of the preapproval.

The tax credit is available only to corporate taxpayers. A partnership may pass this credit through only to its corporate partners, each of which may claim a pro rata share of the credit based on ownership interest. An S corporation may claim this credit against income Arizona is taxing at the corporate level, or the S corporation may elect to pass this credit through to only its exempt organization shareholders, each of which may claim a pro rata share of the credit based on ownership interest.

The credit is available to an exempt organization that is subject to corporate income tax on unrelated business taxable income (UBTI). The credit must result from the activities that generate UBTI.

Co-owners of a business, including corporate partners of a partnership or exempt organization shareholders of an S corporation, may each claim only the pro rata share of the credit allowed based on the ownership interest. The pro rata share that would be distributed to non-eligible partners or shareholders is lost. The total of the credits allowed all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

If the allowable tax credit exceeds the taxes otherwise due, or if there are no taxes due, the amount of the credit not used to offset taxes may be carried forward for not more than five consecutive taxable years as a credit against subsequent years' income tax liability.

The amount of total credits the Arizona Department of Revenue may allow cannot exceed \$10 million in the first fiscal year. This amount will increase by 20% in each

following fiscal year. The state's fiscal year begins on July 1, and ends on June 30 of the following year.

A taxpayer shall not claim a credit for this credit and the credit provided under A.R.S. § 43-1184, claimed on Arizona Form 341, with respect to the same contribution.

## CREDIT PREAPPROVAL PROCEDURE

*Before claiming the credit, obtain a copy of the school tuition organization's preapproved application. Include a copy of the preapproved application with Form 335. Failure to do so could result in a disallowance of this credit.*

The department will preapprove the credits on a first-come, first-served basis. The preapproval process works as follows:

- Before making the contribution, the taxpayer notifies the school tuition organization of the intended amount.
- The school tuition organization requests preapproval from the Arizona Department of Revenue.
- The Arizona Department of Revenue preapproves or denies the request within twenty days after it has received the request, and notifies the school tuition organization.
- If the request is preapproved, the school tuition organization notifies the taxpayer immediately.
- The taxpayer must make the contribution within twenty days of receiving notice from the school tuition organization.

## QUALIFIED SCHOOL TUITION ORGANIZATION REQUIREMENTS

The school tuition organization receiving contributions under this program must be certified pursuant to Chapter 15 of Title 43 at the time of donation.

For 2014, each educational scholarship or tuition grant is limited to \$5,000 for kindergarten through eighth grade students, and to \$6,300 for students in grades nine through twelve. Each limitation will each increase by \$100 in each subsequent program year.

## Specific Instructions

Complete the name and employer identification number section at the top of the form. Indicate the period covered by the taxable year. Include the completed form with the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, an exempt organization with UBTI, an S corporation, or a partnership is the taxpayer's employer identification number. Taxpayers that fail to include their TIN may be subject to a penalty.

## Part 1 - Current Taxable Year's Credit Calculation

List each school tuition organization's name, address, credit approval number, and approved contribution amount. If you made contributions to more than ten organizations, complete and include additional schedules.

Add the amount of contributions made to all school tuition organizations listed on lines 1 through 10, and any additional schedule(s). Enter the total on line 11.

### Part 2 - Corporate Partner's Share of Credit

Partnerships must complete Form 335, Part 1. The partnership must complete Part 2, lines 12 through 14, separately for each corporate partner.

Each corporate partner is entitled to only a pro rata share of the credit based on the corporate partner's ownership interest in the partnership. The total of the credit allowed to all corporate partners may not exceed the amount that would have been allowed for a sole owner.

The partnership must furnish each corporate partner with a copy of all of the following documents:

- 1) Pages 1 and 2 of Form 335;
- 2) Supplementary schedules to Part 1, if applicable; and
- 3) A copy of the school tuition organization's preapproved application(s).

Each corporate partner would then complete Part 3, if applicable, and Part 4 of Form 335.

**NOTE:** *An S corporation that elects to pass the credit through to its exempt organization shareholders should complete Part 2 separately for each exempt organization shareholder and include a statement with Form 335, signed by a signatory to Arizona Form 120S, that states: The S corporation has made an irrevocable election for the taxable year ending (MM/DD/YYYY) to pass the credit for corporate contributions to school tuition organizations as shown on Form 335, Part 1, line 11, column (c) through to its exempt organization shareholders. Each exempt organization shareholder would then complete Part 3, if applicable, and Part 4 of Form 335.*

### Part 3 - Available Credit Carryover

Use Part 3 to figure your total available credit carryover from prior taxable years. Complete lines 15 through 20, columns (a) through (d), if you claimed the credit on a prior year's return and the credit exceeded your tax liability.

In column (c), enter the amount of the credit from that taxable year which you have already used. Subtract the amount in column (c) from the amount in column (b) and enter the difference in column (d). Add the amounts entered on lines 15 through 19 in column (d). Enter the total on line 20, column (d). This is the total credit carryover available for the current taxable year.

## General Instructions

For taxable years beginning on or after January 1, 2006 through December 31, 2018, Arizona law provides a solar energy credit for a taxpayer that installs one or more solar energy devices for commercial, industrial, or any other nonresidential application in the taxpayer's facility located in Arizona.

The solar energy credit is 10% of the cost of the installed device. The credit cannot exceed \$25,000 with respect to the same building in the same tax year, or \$50,000 in total credits in any given tax year.

If the allowable tax credit is more than the tax, the taxpayer may carry the unused credit forward for up to the next 5 consecutive tax years.

## Who May Claim This Credit

This credit is available to individuals, corporations and S corporations. A partnership may pass the credit through to its partners. An S corporation may pass the credit through to its shareholders.

This credit is also available to an exempt organization that is subject to corporate income tax on unrelated business taxable income (UBTI). The credit must result from the activities that generate UBTI.

The taxpayer, including a tax exempt organization that would otherwise qualify for the credit, may elect to transfer the credit to the third party that financed, installed, or manufactured the solar energy device. All taxpayers, including a tax exempt organization that elects to transfer the credit to a third party, must complete Arizona Form 336 to make this election.

## Tax Exempt Organizations

A tax exempt organization, filing only Form 99, and that is transferring this credit to a third party must complete Parts 1, 2 and 4 of Form 336. The tax exempt organization must furnish each taxpayer, to whom it transfers a credit, a completed copy of Form 336 (Parts 1 through 4, only). The exempt organization must mail a copy of the completed Form 336 to:

Arizona Department of Revenue  
Office of Economic Research and Analysis  
PO Box 29099  
Phoenix, AZ 85038-9099

*Note: An exempt organization must mail a copy of the completed Form 336 to the above address regardless of whether the organization is required to file Arizona Form 99.*

A tax exempt organization with UBTI, and filing Arizona Form 99T, should do the following.

- Whether or not the credit is claimed by the exempt organization with UBTI, or is transferred by the exempt organization with UBTI to a third party, include the completed Form 336 with the Form 99T, when filed.
- Mail a copy of the completed Form 336 to:  
Arizona Department of Revenue  
Office of Economic Research and Analysis  
PO Box 29099  
Phoenix, AZ 85038-9099

## Credit Eligibility

To be eligible for this credit, the Arizona Commerce Authority (ACA) must have issued the taxpayer a Credit Certificate that includes an identifying number. To obtain a Credit Certificate, the taxpayer must follow the procedures outlined by the ACA. These procedures include the requirement that the taxpayer file an application with the ACA so that the ACA can determine whether the project meets the criteria for the purpose of this tax credit.

Once the ACA determines that the project meets the criteria, the ACA will issue an initial certification of the project. To receive a Credit Certificate, the taxpayer must file additional information to the ACA once the installation is complete. For more information on how to make an application for this credit with the ACA, visit [www.azcommerce.com](http://www.azcommerce.com).

*NOTE: A taxpayer cannot claim this credit without a Credit Certificate issued from the ACA.*

## Solar Energy Devices

For the purpose of this credit, a solar energy device means a system or series of mechanisms designed primarily to:

- provide heating;
- provide cooling;
- produce electrical power;
- produce mechanical power;
- provide solar day lighting; or
- provide any combination of the foregoing by means of collecting and transferring solar generated energy into such uses either by active or passive means, including wind generator systems that produce electricity.

Solar energy systems may also have the capability of storing solar energy for future use. Passive systems shall clearly be designed as a solar energy device, such as a trombe wall, and not merely as a part of a normal structure, such as a window. The person who sells or installs the solar energy device must furnish the taxpayer with an accounting of the cost.

### **Line-by-Line Instructions**

Enter the names and taxpayer identification numbers (TIN) as shown on Arizona Form 99, 99T, 140, 140NR, 140PY, 140X, 120, 120A, 120S, 120X, or 165. If the taxpayer is an exempt organization that is not required to file Arizona Form 99, enter the organization's name and employer identification number (EIN). Fiscal year basis taxpayers must indicate the period covered by the taxable year. Include the completed form with the tax return. Exempt organizations must file this form as noted under the heading titled "Tax Exempt Organizations."

All returns, statements, and other documents filed with the Department of Revenue (Department) require a TIN. The TIN is either a correct SSN or, for a business, the EIN. Paid tax preparers must also include their TIN on forms where requested. Paid preparers who fail to include their TIN may be subject to a penalty.

Please check the return to be sure that all required identification numbers are accurate and written clearly. Missing, incorrect, or unclear identification numbers may cause delays in processing.

### **Part 1 - Eligibility**

#### **Lines 1 and 2 -**

Answer questions 1 and 2. If you answer "NO" to either question 1 or question 2, **STOP**, you do not qualify for this credit. In this case, do not complete Form 336.

### **Part 2 - Credit Computation for Installing Qualifying Devices**

#### **Lines 3 through 16 -**

Use lines 3 through 16 to figure your credit for installing one or more solar energy devices for commercial, industrial, or nonresidential purposes on your business property located in Arizona.

If you have installed more than one device on the same building during the same taxable year, complete your own separate schedule for each device installed on that building. The separate schedules should show the information required on lines 5 through 9 for a single device.

Enter the aggregate amount for all devices installed on the same building in the column designated for that building. When you file your return, include your separate schedules and Form 336 with your return. Exempt organizations must file this form as noted under the heading titled "Tax Exempt Organizations."

If you have installed devices on more than three buildings, complete an additional schedule. The additional schedule should show the same information that is shown on the form for the first three buildings.

Complete lines 3 through 16 as instructed on the form.

### **Part 3 - Allowable Credit Transferred to You as a Third Party**

#### **Lines 17 through 19 -**

Use lines 17 through 19 to claim a credit if you are the third party to which the taxpayer transferred the credit.

The credit may be transferred to you as a third party only if you financed, installed or manufactured the solar energy device.

#### **Line 17 - Credit Limitation**

The total credit allowed in any given tax year cannot exceed \$50,000. Line 17 limits the amount of credit allowed to be claimed in both Part 2 and Part 3 to the \$50,000 maximum. Complete Line 17 as instructed on the form.

#### **Line 18 - Credits Transferred to You as a Third Party**

Enter the amount from Form 336, Part 4, line 24 received from the taxpayer otherwise eligible for the credit. If more than one taxpayer has transferred a credit to you as the third party, enter the aggregate amount from Part 4, line 24 from all Forms 336 received from the transferors.

**NOTE:** *If claiming the credit as a third party, you must include a copy of the Form 336 from which the credit was transferred. If you are claiming a credit from more than one taxpayer, include all Forms 336 from which the credits were transferred.*

#### **Line 19 - Allowable Credit to Third Party**

Enter the smaller of line 17 or line 18. This is the amount of credit allowable to you as a third party.

### **Part 4 - Taxpayer's Third Party Election**

#### **Lines 20 through 25 -**

All taxpayers claiming the credit must complete Part 4. The taxpayer must make an irrevocable election either to claim the credit or to transfer the credit to a third party. The credit may be transferred to a third party that financed, installed or manufactured the solar energy device.

If a taxpayer makes the election to transfer the credit to a third party, the taxpayer must transfer the entire credit allowable for that device to the third party. The taxpayer may not use a portion of the credit and also allow the third party to use a portion of the credit. However, if the taxpayer has installed more than one device, the taxpayer may claim the credit for one device and transfer the credit for the second device to a third party.

The taxpayer must sign the election statement. In the case of a corporation, the election must be signed by one of the officers of the corporation who is also a signatory to the Arizona Form 120, Form 120A or Form 120S. In the case of a partnership, the election must be signed by a partner who is also a signatory to the Arizona Form 165. In the case of a tax exempt organization, the election must be signed by an officer of the organization.

If you have credits for multiple devices that you are transferring to more than one third party, complete a separate Form 336 for each third party to which you are transferring a credit.

On line 25, enter the total amount of the credit transferred to all third party organizations. If you are transferring the credit to only one third party organization, enter the amount from line 24 on line 25.

**NOTE:** *If you are not transferring any credit to a third party, enter zero on both lines 24 and 25.*

The taxpayer must furnish each third party with a copy of the completed Form 336. The third party will use the information from Part 4, line 24 to complete its own Form 336 to claim the credit.

---

### **Part 5 - Current Year's Credit**

The S corporation must make an irrevocable election either to claim the credit or to pass the credit through to its shareholders. The election statement must be signed by one of the officers of the S corporation who is also a signatory to the Arizona Form 120S.

If the S corporation elects to pass the credit through to its shareholders, it must complete lines 32 through 34 separately for each shareholder. To claim this credit, you must include a copy of the ACA's *Authorization of Tax Credits* with your income tax return.

You must claim the credit on a timely filed return filed for the tax year in which the credit is available. A timely filed return is a return that you file by the return's original or extended due date. If you fail to timely file a return claiming the credit for a taxable year, the credit expires for that taxable year and there is no carryforward of the expired credit.

If the allowable tax credit is more than your tax liability or if you have no tax liability, you may carry the unused credit forward for up to the next three consecutive tax years.

This credit is available to individuals only. A corporation, including an S corporation, may not claim this credit. However, an S corporation may pass the credit through to its individual shareholders.

A partnership may pass the credit through to its individual partners. The total of the credits allowed all such owners may not exceed the amount that would have been allowed a sole owner.

The basis of any investment with respect to which you claim a credit must be reduced by the amount of the credit claimed with respect to the investment.

## Qualified Small Business Capital Investment Program

The ACA administers the Qualified Small Business Capital Investment program. The ACA cannot allocate tax credits exceeding \$20 million during the life of the program. Tax credits are authorized on a first come, first served basis. Income tax credits are equal to 30% or 35% of the investment amount and are claimed over a three year period.

To seek a tax credit under this program, you must submit an application for an *Authorization of Tax Credits* to the ACA. To obtain an *Authorization of Tax Credits*, you must document that each investment and the small business meet the eligibility requirements. The ACA will issue an *Authorization of Tax Credits* after determining eligibility of the investor. For more information about this credit, visit the ACA's web site at: [www.azcommerce.com](http://www.azcommerce.com).

## General Instructions

For taxable years 2008 through 2018, Arizona law allows a credit for cash donations made to the Military Family Relief Fund. If your donation qualifies for the credit, your credit will be the smaller of 1 through 4 below.

1. The amount you donated to the fund during the taxable year.
2. If you are a single taxpayer or a head of household, \$200.
3. If you are married filing a joint return, \$400. If you are filing separate returns you each may claim only 1/2 of the credit that would have been allowed on a joint return (up to a maximum of \$200 each).
4. Your tax liability for the taxable year.

There is no carry forward for this credit. You must claim and use this credit on the tax return filed for the taxable year for which you made your donation.

This credit is available only to individuals. Corporations may not claim this credit. A partnership may not pass the credit through to its partners. An S corporation may not pass the credit through to its shareholders.

You cannot claim both a tax credit and an itemized deduction for your donation.

Before you claim this credit, you must have received a receipt from the ADVS. Your receipt must show **all** of the following:

- Your full name and address.
- The last four digits of your social security number.
- The amount you donated.
- Your donation qualifies for the credit.

## Military Family Relief Fund

The ADVS administers the Military Family Relief Fund. The fund helps service members and their families faced with unforeseen expenses when a loved one becomes a casualty of war. Your donations to the fund may qualify for this income tax credit. Donations to the fund will qualify for the credit if the total amount donated to the fund during the calendar year has not exceeded one million dollars.

Donations made to the fund once the total donations for the calendar year reach one million dollars will not qualify for the credit. The determination of whether a donation will qualify for the credit is made on a first come, first served basis.

The ADVS will provide you with a receipt that will let you know if your donation qualifies for the credit. The ADVS will also send a copy of that receipt to the Arizona Department of Revenue.

# 2014 Credit for Corporate Contributions to School Tuition Organizations for Displaced Students or Students With Disabilities

341**

## General Instructions

Arizona Revised Statutes (A.R.S.) § 43-1184 provides a nonrefundable corporate income tax credit for contributions made to a school tuition organization that provides scholarships or grants to displaced students or students with disabilities. The school tuition organization must be certified pursuant to Chapter 15 of Title 43 at the time of donation.

Contributions designated as being for the direct benefit of any specific student will not qualify for the credit. This credit is in lieu of any deduction taken under Internal Revenue Code § 170 for state tax purposes.

The tax credit is equal to the amount the department has preapproved, if the taxpayer has made that amount of contribution to the school tuition organization within twenty days of when the school tuition organization notified the taxpayer of the preapproval.

The amount of total credits the Arizona Department of Revenue may allow cannot exceed \$5 million in any fiscal year. The state's fiscal year begins on July 1, and ends on June 30 of the following year.

The tax credit is available only to corporate taxpayers. A partnership may pass this credit through only to its corporate partners, each of which may claim a pro rata share of the credit based on ownership interest. An S corporation may claim this credit against income Arizona is taxing at the corporate level, or the S corporation may elect to pass this credit through to only its exempt organization shareholders, each of which may claim a pro rata share of the credit based on ownership interest.

The credit is available to an exempt organization that is subject to corporate income tax on unrelated business taxable income (UBTI). The credit must result from the activities that generate UBTI.

Co-owners of a business, including corporate partners of a partnership or exempt organization shareholders of an S corporation, may each claim only the pro rata share of the credit allowed based on the ownership interest. The pro rata share that would be distributed to non-eligible partners or shareholders is lost. The total of the credits allowed all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

If the allowable tax credit exceeds the taxes otherwise due, or if there are no taxes due, the amount of the credit not used to offset taxes may be carried forward for not more than five consecutive taxable years as a credit against subsequent years' income tax liability.

A taxpayer shall not claim a credit for this credit and the credit provided under ARS § 43-1183, claimed on Arizona Form 335, with respect to the same contribution.

## CREDIT PREAPPROVAL PROCEDURE

*Before claiming the credit, obtain a copy of the school tuition organization's preapproved application. Include a copy of the preapproved application with Form 341. Failure to do so could result in a disallowance of this credit.*

The department will preapprove the credits on a first-come, first-served basis. The preapproval process works as follows:

- Before making the contribution, the taxpayer notifies the school tuition organization of the intended amount.
- The school tuition organization requests preapproval from the Arizona Department of Revenue.
- The Arizona Department of Revenue preapproves or denies the request within twenty days after it has received the request, and notifies the school tuition organization.
- If the request is preapproved, the school tuition organization notifies the taxpayer immediately.
- The taxpayer must make the contribution within twenty days of receiving notice from the school tuition organization.

## QUALIFIED SCHOOL TUITION ORGANIZATION REQUIREMENTS

The school tuition organization receiving contributions under this program must be certified pursuant to Chapter 15 of Title 43 at the time of donation.

For 2014, each educational scholarship or tuition grant is limited to the cost of tuition for a qualified student to attend the qualified school or 90% of the amount of state aid that otherwise would be computed for the student as provided in Title 15, Chapter 9, Article 5, whichever is less.

## Specific Instructions

Complete the name and employer identification number section at the top of the form. Indicate the period covered by the taxable year. Include the completed form with the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, an exempt organization with UBTI, an S corporation, or a partnership is the taxpayer's employer identification number. Taxpayers that fail to include their TIN may be subject to a penalty.

### Part 1 - Current Taxable Year's Credit Calculation

List each school tuition organization's name, address, credit approval number, and approved contribution amount. If you made contributions to more than ten organizations, complete and attach additional schedules.

Add the amount of contributions made to all school tuition organizations listed on lines 1 through 10, and any additional schedule(s). Enter the total on line 11.

**Part 2 - Corporate Partner's Share of Credit**

Partnerships must complete Form 341, Part 1. The partnership must complete Part 2, lines 12 through 14, separately for each corporate partner.

Each corporate partner is entitled to only a pro rata share of the credit based on the corporate partner's ownership interest in the partnership. The total of the credit allowed to all corporate partners may not exceed the amount that would have been allowed for a sole owner.

The partnership must furnish each corporate partner with a copy of all of the following documents:

- 1) Pages 1 and 2 of Form 341;
- 2) Supplementary schedules to Part 1, if applicable; and
- 3) A copy of the school tuition organization's preapproved application(s).

Each corporate partner would then complete Part 3, if applicable, and Part 4 of Form 341.

**NOTE:** An S corporation that elects to pass the credit through to its exempt organization shareholders should complete Part 2 separately for each exempt organization shareholder and include a statement with Form 341, signed by a signatory to Arizona Form 120S, that states: *The S corporation has made an irrevocable election for the taxable year ending (MM/DD/YYYY) to pass the credit for corporate contributions to school tuition organizations for displaced students or students with disabilities as shown on Form 341, Part 1, line 11, column (c) through to its exempt organization shareholders. Each exempt organization shareholder would then complete Part 3, if applicable, and Part 4 of Form 341.*

**Part 3 - Available Credit Carryover**

Use Part 3 to figure your total available credit carryover from prior taxable years. Complete lines 15 through 20, columns (a) through (d), if you claimed the credit on a prior year's return and the credit exceeded your tax liability.

**General Instructions**

Arizona Revised Statutes (A.R.S.) §§ 43-1083.01 and 43-1164.01 provide refundable individual and corporate income tax credits for expanding or locating qualified renewable energy operations in this state. "Renewable energy operations" are limited to manufacturers of, and headquarters for, systems and components that are used or useful in manufacturing renewable energy equipment for the generation, storage, testing and research and development, transmission or distribution of electricity from renewable resources, including specialized crates necessary to package the renewable energy equipment manufactured at the facility. The credit is effective for taxable years beginning from and after December 31, 2009 through December 31, 2019.

The credit is up to 10 percent of the taxpayer's total capital investment in Arizona. The credit is apportioned and claimed in five equal annual installments in each of five consecutive taxable years.

The credit for renewable energy industry is in lieu of the following credits, with respect to the same employment positions:

- The credit for new employment, under A.R.S. §§ 43-1074 or 43-1161 (claimed on Arizona Form 345); and
- The military reuse zone credit, under A.R.S. §§ 43-1079 or 43-1167 (claimed on Arizona Form 306).

In order to claim the credit for renewable energy industry, a renewable energy business must apply for and receive pre-approval from the Arizona Commerce Authority (Commerce). Commerce cannot preapprove income tax credits for any one taxpayer in excess of \$30 million in any calendar year. The \$70 million overall limit for renewable energy industry credits is shared with the credit for qualified facilities provided under A.R.S. §§ 41-1512, 43-1083.03 and 43-1164.04 and claimed on Arizona Form 349.

Once pre-approval is received, the renewable energy business must incur at least \$250,000 in qualifying investment within 12 months of pre-approval.

The tax year of pre-approval determines the "allocation year." The allocation year is the calendar year to which the credit was applied to the annual credit cap.

The renewable energy business must enter into a managed review with Commerce prior to applying for post-approval.

The renewable energy business must obtain post-approval from Commerce prior to claiming the credit. The first fifth

of the apportioned credit is claimed on the tax return that includes the post-approval date.

For example, Company A, a renewable energy business, is a calendar year filer. Company A received pre-approval from Commerce for renewable energy operations on March 10, 2010, and received its post-approval on March 16, 2012. Because Company A completed everything necessary to earn the credit in calendar year 2012, the first fifth of the credit must be claimed on the tax return for calendar year 2012.

**NOTE:** *Each fifth of the credit for renewable energy industry must be claimed on a timely filed original income tax return, including extensions. The credit may not be claimed on an amended return. Failing to claim the apportioned credit on a timely filed return will result in loss of the apportioned credit for that taxable year.*

The amount of the credit for renewable energy industry a taxpayer may claim can never exceed the amount that is on the post-approval from Commerce.

**NOTE:** *The renewable energy business must submit a copy of the Certification of Qualification (Certification) from Commerce with Form 342 when claiming the credit.*

Co-owners of a business, including partners in a partnership and shareholders of an S corporation, may each claim only the pro rata share of the apportioned credit based on ownership interest. The total of the apportioned credits allowed to all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

The credit is available to an exempt organization that is subject to corporate income tax on unrelated business taxable income (UBTI). The credit must result from the activities that generate UBTI.

**Credit Recapture**

During the pre-approval process with Commerce, the applicant must consent to adjustment or recapture of the income tax credit in the case of noncompliance with A.R.S. § 41-1511.

If, within five taxable years after first receiving the credit for renewable energy industry, the Certification is rescinded by Commerce, the taxpayer is disqualified from the apportioned credits for subsequent taxable years and may be subject to recapture.

On a determination that the taxpayer has committed fraud or relocated outside of this state within five taxable years of first receiving a credit, all credits previously allowed are subject to recapture.

The recapture of the credit is computed by increasing the amount of taxes imposed in the year following the year of termination or revocation by the full amount of all credits previously allowed.

**Specific Instructions**

Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Include the completed form with the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN).

The TIN for a corporation, an exempt organization with UBTI, an S corporation, or a partnership is the taxpayer's employer identification number. The TIN for an individual is the taxpayer's social security number or an Internal Revenue Service individual taxpayer identification number. A taxpayer that fails to include its TIN may be subject to a penalty.

### **Part 1 - Listing of Post-Approved Renewable Energy Operations and Apportioned Credit Amount**

#### **Lines 1 through 4 -**

In Part 1, list renewable energy operations that Commerce has post-approved and that have apportioned credit amounts that are eligible to be claimed on this year's tax return. The first fifth of the credits for renewable energy industry is to be claimed on the tax return that includes the post-approval date and must be filed timely, including extensions.

Write the allocation year in column (a)1. The allocation year is the calendar year to which the credit was applied to the annual credit cap. This date will be noted on the post-approval document received from Commerce. Commerce has assigned each operation a priority placement number, which should be the same on both pre-approval and post-approval documents. List this number in column (a)3. Enter the apportioned credit amount per the post-approval document in column (b).

If you do not have enough lines on the form to enter all of the apportioned credits required to be claimed this tax year, include a schedule that shows all of the information Part 1 requires. Enter the total apportioned credit amounts from all included schedules on line 3. Add lines 1 through 3, and enter the total on line 4. This is the total apportioned credit for renewable energy industry for this year.

### **Part 2 - Credit Recapture**

#### **Lines 5 and 6 -**

On line 5, list the date on which the Certification of the renewable energy business was terminated or revoked. On line 6, enter the full amount of apportioned credits previously claimed.

### **Part 3 - S Corporation Credit Election and Shareholder's Share of Credit and Credit Recapture**

#### **Lines 7 through 11 -**

S corporations must complete this portion of Form 342 in order for the S corporation or its shareholders to claim the credit. The election statement must be signed by one of the officers of the S corporation who is also a signatory to Arizona Form 120S.

If the S corporation elects to pass this year's apportioned credit through to its shareholders, it must first complete Form 342, Part 1, then complete Part 3, lines 8 through 10, separately for each shareholder. Each S corporation

shareholder is entitled to only a pro rata share of pass-through credit based on ownership interest in the S corporation. The total of the credits allowed to all shareholders may not exceed the amount that would have been allowed for a sole owner.

If the S corporation has been notified of a credit recapture for a credit it passed through to its shareholders, it must also complete Part 2 and then Part 3, line 11, separately for each shareholder.

The S corporation must furnish each shareholder with a copy of the Certification from Commerce and pages 1 and 2 of Form 342. Each shareholder would then complete Part 5, if applicable, and Part 6.

### **Part 4 - Partner's Share of Credit and Credit Recapture**

#### **Lines 12 through 15 -**

A partnership must complete Form 342, Part 1, then complete Part 4, lines 12 through 14, separately for each partner.

Each partner is entitled to only a pro rata share of the credit based on the partner's ownership interest in the partnership. The total of the credits allowed to all partners may not exceed the amount that would have been allowed for a sole owner.

If the partnership has been notified of a credit recapture, it must also complete Part 2 and then Part 4, line 15, separately for each partner.

The partnership must furnish each partner with a copy of the Certification from Commerce and pages 1 and 2 of Form 342. Each partner would then complete Part 5, if applicable, and Part 6.

**General Instructions**

Arizona Revised Statutes §§ 43-1083.02 and 43-1164.03 provide nonrefundable individual and corporate income tax credits for production of electricity by a qualified energy generator that produces electricity using a qualified energy resource.

“Qualified energy generator” means a facility that has at least five megawatts generating capacity, that is located on land in Arizona owned or leased by the taxpayer, that produces electricity using a qualified energy resource and that sells electricity to an unrelated entity, unless the electricity is sold to a public service corporation.

“Qualified energy resource” means a resource that generates electricity through the use of only: solar light, solar heat, wind or biomass.

The qualified energy generator must first produce electricity from and after December 31, 2010, and before January 1, 2021. The credit is effective for taxable years beginning from and after December 31, 2010.

The Department of Revenue (Revenue) will certify credits on a first-come, first-served basis. The entity that holds title to the qualified energy generator must apply between January 2 and January 31 of the year following the calendar year of production. Fiscal year taxpayers will claim the credit on the return for the taxable year in which the calendar year ends.

The amount of total credits Revenue may allow cannot exceed \$20 million in any calendar year. The amount of credit per facility is limited to \$2 million per calendar year, for up to 10 consecutive calendar years. The amount of the credit is based on electricity produced, the qualified energy resource used, the year of production, and Revenue certification.

Revenue will issue a Certificate of Renewable Energy Production Tax Credit (Certificate) to the applicant if it is certified to claim the tax credit. Each taxpayer must include a copy of the Certificate with the return.

Co-owners of a business, including partners in a partnership and shareholders of an S corporation, may each claim only the pro rata share of the credit allowed based on the ownership interest. The total of the credits allowed all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

The credit is available to an exempt organization that is subject to corporate income tax on unrelated business taxable income (UBTI). The credit must result from the activities that generate UBTI.

The unused portion of this tax credit may be carried forward for five succeeding taxable years.

For more information regarding this credit, review the program guidelines developed by Revenue, available at [www.azdor.gov](http://www.azdor.gov) on the Tax Credits page.

**Specific Instructions**

### General Instructions

Arizona Revised Statutes (A.R.S.) §§ 43-1085.01 and 43-1164.02 provide nonrefundable individual and corporate income tax credits for increased research activities related to solar liquid fuel. This credit is allowed for taxable years beginning from and after December 31, 2010 through December 31, 2021.

Additional credits related to solar liquid fuel will become available in 2016 for production and delivery system costs.

"Solar liquid fuel" means liquid fuel that is generated through processes that use sunlight, carbon dioxide and water to produce infrastructure compatible liquid hydrocarbon fuels.

Co-owners of a business, including partners in a partnership and shareholders of an S corporation, may each claim only the pro rata share of the credit allowed based on the ownership interest. The total of the credits allowed all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

The credit is available to an exempt organization that is subject to corporate income tax on unrelated business taxable income (UBTI). The credit must result from the activities that generate UBTI.

There is no carry forward for the solar liquid fuel credit. This credit must be used on the tax return filed for the taxable year in which the research was conducted.

The solar liquid fuel credit is in lieu of the following credits, with respect to the same expenses.

- The credit for increased research activities under A.R.S. §§ 43-1074.01 or 43-1168 (claimed on Arizona Form 308-I or Form 308); and
- The credit for increased research activities for basic research payments, under A.R.S. § 43-1074(A)(1)(d) or A.R.S. § 43-1168 (A)(1)(c) (claimed on Arizona Form 346).

The Arizona solar liquid fuel credit related to increased research is allowed in an amount computed pursuant to Internal Revenue Code (IRC) § 41 with the following exceptions:

- Qualified research includes only research related to solar liquid fuel conducted in Arizona. The term "qualified research," for purposes of the Arizona tax credit, means qualified research, as defined in IRC § 41, that is conducted in Arizona.
- The amount of the credit is based on the federal regular credit computation method for Arizona qualified research expenses. [Taxpayers CANNOT use the federal alternative credit computation method.] The allowable current taxable year credit is 40 percent of the excess, if any, of the Arizona qualified research expenses for the taxable year, over the base amount.

### Specific Instructions

Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Include the completed form with the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, an exempt organization with UBTI, an S corporation or a partnership is the taxpayer's employer identification number. The TIN for an individual is the taxpayer's social security number or an Internal Revenue Service individual taxpayer identification number. Taxpayers that fail to include their TIN may be subject to a penalty.

- Sixty-five percent (.65) of any amount paid or incurred for qualified research performed in Arizona on the taxpayer's behalf, other than such amounts paid to a qualified research consortium. Prepaid contract research expenses are considered paid in the year the research is actually done.

##### Line 6 -

Enter the amount of expenses included on lines 1 through 4 that are related to solar liquid fuel that will be claimed on Arizona Form 308, Arizona Form 308-I or Arizona Form 346. The solar liquid fuel credit is in lieu of these credits with respect to the same expenses.

##### Line 8 -

Enter the average annual Arizona gross receipts for the four taxable years preceding the taxable year for which the credit is being determined (the credit year). The taxpayer may be required to annualize gross receipts for any short taxable year.

If 2014 is the first year the taxpayer is in business, the average annual Arizona gross receipts for the preceding taxable years is zero. If the taxpayer has been in business in Arizona for less than four taxable years prior to the credit year, then the average is the sum of annual Arizona gross receipts of the applicable period, divided by the number of taxable years.

Example: ABC Corporation began business in Arizona in 2012. Its annual Arizona gross receipts for 2012 were \$100,000. Its annual Arizona gross receipts for 2013 were \$200,000. Therefore, ABC Corporation's average annual Arizona gross receipts for the 2014 credit year is \$150,000 ([\$100,000 plus \$200,000] divided by 2).

### Line 9 -

#### Fixed base percentage

Use the same type of formulas to compute your fixed-base percentage for Arizona as you would for computing your federal fixed-base percentage. The difference is that you use Arizona qualified research expense and gross receipts amounts instead of federal amounts. Other than that, the calculations are the same. Round off the percentage to the nearest one, one hundredth of one percent (four decimal places).

If the percentage computation involves *de minimis* amounts of gross receipts and qualified expenses in a taxable year or short taxable years are involved, the amounts may be annualized or disregarded. Refer to IRC §§ 41(c)(3) and 41(f)(4) for details.

#### Existing firms and start-up companies

Arizona's definition of whether an organization is an existing firm or a start-up company is also the same as federal, albeit on an Arizona basis:

- **Existing firms** - An existing firm is one that had both Arizona gross receipts and Arizona qualified research expenses for at least three taxable years beginning after December 31, 1983, and before January 1, 1989. The fixed-base percentage is the ratio that the aggregate Arizona qualified research expenses for all taxable years beginning after 1983 and before 1989, bears to the aggregate Arizona gross receipts for such taxable years.
- **Start-up companies** - A start-up company is one that had both Arizona gross receipts and Arizona qualified research expenses either (1) for the first time in a taxable year beginning after December 31, 1983, or (2) for fewer than three taxable years beginning after 1983 and before 1989.

If the percentage computation involves *de minimis* amounts of gross receipts and qualified expenses in a taxable year or short taxable years are involved, the amounts may be annualized or disregarded. Refer to IRC §§ 41(c)(3) and 41(f)(4) for details.

**NOTE:** The maximum percentage that can be entered on line 9 is 16 percent (.1600).

### Line 12 -

Multiply line 7 by 50% (.50). The base amount cannot be less than 50 percent of the current year qualified research expenses. This rule applies to both existing and start-up companies.

### Line 14 -

Compute the amount of current year's credit by multiplying the amount on line 13 by 40 percent (.40).

**General Instructions**

**NOTE:** Laws 2012, Chapter 343 (HB 2815) made changes to the Arizona Revised Statutes that authorize this credit. These changes are effective for taxable years from and after December 31, 2012. Third year credits related to tax year 2012 may still be affected by the previous statutes.

Arizona Revised Statutes (A.R.S.) §§ 43-1074 and 43-1161 provide nonrefundable individual and corporate income tax credits for net increases in qualified employment positions in Arizona at a business location in Arizona. This credit applies to taxable years beginning from and after June 30, 2011. No more than 10,000 first year qualified positions for all taxpayers shall be allowed annually. The 10,000 qualified position cap is administered by the Arizona Commerce Authority (Commerce).

**Note for Form 120 filers:** Taxpayers filing on a combined or consolidated basis are considered to be a single taxpayer for the purposes of the credit for new employment.

If the documents required to be filed with Commerce or the Arizona Department of Revenue (Revenue) are not timely filed or contain materially false information, the taxpayer is ineligible for the credit for new employment (including second and third year credits, and carryovers) and is subject to recovery of the amount of tax credits allowed in preceding taxable years based on the false information, plus penalties and interest.

The credit for new employment is in lieu of the following credits, with respect to the same employment positions:

- The military reuse zone credit, under A.R.S. §§ 43-1079 or 43-1167 (claimed on Arizona Form 306);
- The employment credit for healthy forest enterprises, under A.R.S. §§ 43-1076 or 43-1162 (claimed on Arizona Form 332); and
- The credit for renewable energy industry, under A.R.S. §§ 43-1083.01 or 43-1164.01 (claimed on Arizona Form 342).

To qualify for the credit for new employment, the owner must either:

- Invest at least \$5 million of capital investment and create at least 25 new qualified employment positions within the exterior boundaries of a city or town in Arizona that has a population of fifty thousand and that is located in a county that has a population of eight hundred thousand persons or more.
- Invest at least \$1 million of capital investment and create at least 5 new qualified employment positions in any other location in Arizona.

To qualify for the credit for new employment, the qualified employment positions must meet the following requirements:

- Consist of at least 1,750 hours per year of permanent employment.
- The job duties are performed primarily at the location or locations of the business in Arizona.
- The employment provides health insurance coverage for the employee where the employer pays 65% of the premium or membership cost.
- The employer pays at least equal to the median wage by county as computed annually by Commerce.

The credit for new employment for qualified employment positions is equal to:

- \$3,000 for each Arizona employee in a qualified employment position in the first year or partial year of employment.
- \$3,000 for each Arizona employee in a qualified employment position for the full taxable year, in the second year of continuous employment.
- \$3,000 for each Arizona employee in a qualified employment position for the full taxable year, in the third year of continuous employment.

The credit is limited to 400 first year employees, per taxpayer, in any taxable year beginning from and after June 30, 2011 through December 31, 2012. The credit is allowed for second and third year employees only for qualified employment positions for which a credit was claimed and allowed in the first year.

**NEW:** For taxable years beginning from and after December 31, 2013, if a full-time employee in a qualified employment position left during the second or third taxable year that a credit for that position is being claimed, the employee may be replaced with another new full-time employee in the same employment position and the new employee will be treated as being in their second or third full year of continuous employment if (1) the total time the qualified employment position was vacant from the date the position was originally filled to the end of the current tax year totals 90 days or less, **and** (2) the new employee meets all of the same requirements as the original employee was required to meet. However, only one credit can be claimed for one employee for each qualified employment position, even if there was more than one replacement for the same position during the taxable year.

If the allowable tax credit exceeds the taxes otherwise due on the claimant's income, or if there are no taxes due, the amount of the credit not used to offset taxes may be carried forward for not more than five taxable years as a credit against subsequent years' income tax liabilities.

Co-owners of a business, including partners in a partnership and shareholders of an S corporation, may each claim only the pro rata share of the credit allowed based on the ownership interest. The total of the credits allowed all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

The credit is available to an exempt organization that is subject to corporate income tax on unrelated business taxable income (UBTI). The credit must result from the activities that generate UBTI.

**Reporting requirements:** Include a copy of the Certification received from Commerce stating that the taxpayer timely complied with the reporting requirements for that agency and indicating the number of positions certified for the taxable year. A taxpayer must timely comply with the reporting requirements of both Revenue and Commerce in order to claim the credit. Do not use the 2014 Forms 345 and 345-1 to claim the credit for new employment for prior taxable years.

**Aggregate summary:** This is a single Form 345 that combines the results of multiple business locations in Arizona for which the taxpayer is claiming the credit for new employment. Taxpayers having multiple business locations must first complete separate Forms 345, 345-1 and 345-2 for each business location. Then, complete the aggregate summary Form 345. Do not complete aggregate summaries of Forms 345-1 and 345-2.

Taxpayers do NOT need to complete Part 1 - Business Information, of the aggregate summary Form 345.

## Specific Instructions

Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Include the completed form and all supporting documentation with the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, an exempt organization with UBTI, an S corporation, or a partnership is the taxpayer's employer identification number. The TIN for an individual is the taxpayer's social security number or an Internal Revenue Service individual taxpayer identification number. Taxpayers that fail to include their taxpayer identification number may be subject to a penalty.

Revenue will accept a hard copy spreadsheet that contains all the requested information or the information may be submitted on electronic media as a Microsoft Excel spreadsheet on a CD-ROM or DVD. The chosen media must be Microsoft Windows compatible.

Regardless of the form, the information must be filed on or before the due date of the tax return including any extensions. Taxpayers submitting the information on CD-ROM or DVD should secure the CD-ROM or DVD in a hard case and include it with the tax return. The Forms 345-1 submitted on CD-ROM or DVD are part of the income tax return and are subject to the sworn statement on the return that they are true and correct to the best of the signer's knowledge and belief.

The CD-ROM or DVD should be labeled as Form 345-1 with the taxpayer's name, employer identification number, and taxable year.

Taxpayers may password protect the CD-ROM or DVD and email the password separately to MediaLibrarian@azdor.gov. Include "Form 345-1" in the subject line of the email. In the body of the email, include the same information that is on the CD-ROM or DVD label. Revenue **will not** return or copy any media.

**CAUTION:** The taxpayer substitutes the CD-ROM or DVD at its own risk and understands that the information may need to be provided to Revenue again at a later date if it is not accessible by Revenue for any reason.

**NEW:** For taxable years beginning from and after December 31, 2013, if a full-time employee in a qualified employment position left during the second or third taxable year that a credit for that position is being claimed, the employee may be replaced with another new full-time employee in the same employment position and the new employee will be treated as being in their second or third full year of continuous employment if (1) the total time the qualified employment position was vacant from the date the position was originally filled to the end of the current tax year totals 90 days or less, **and** (2) the new employee meets all of the same requirements as the original employee was required to meet. However, only one credit can be claimed for one employee for each qualified employment position, even if there was more than one replacement for the same position during the taxable year. ## General Instructions

Arizona Revised Statutes (A.R.S.) §§ 43-1074(A)(1)(d) and 43-1168(A)(1)(c) provide an additional income tax credit for increased research activities for basic research payments made to a university under the jurisdiction of the Arizona Board of Regents. The credit is available to individuals and corporations for taxable years beginning from and after December 31, 2011.

This credit is available to individuals, corporations, exempt organizations with unrelated business taxable income (UBTI), and S corporations using the credit to offset tax incurred at the corporate level. S corporations or partnerships may pass the credit through to their shareholders or partners.

The credit is available to an exempt organization that is subject to corporate income tax on UBTI. The credit must result from the activities that generate UBTI.

Taxpayers must be certified by the Arizona Department of Revenue (Revenue) before claiming the credit. The credit is limited to \$10 million in total credits in a calendar year. Visit the department's Tax Credit web page for information on the application process or to obtain an application: [www.azdor.gov/taxcredits.aspx](http://www.azdor.gov/taxcredits.aspx).

The additional credit for increased research activities for basic research payments is in addition to the credit for increased research activities, claimed on Arizona Form 308 for corporations or Arizona Form 308-I for individuals, with respect to the same basic research payments.

The additional credit for increased research activities for basic research payments is in lieu of the solar liquid fuel credit under A.R.S. §§ 43-1081.01 or 43-1164.02 (claimed on Arizona Form 344) with respect to the same basic research payments.

The additional tax credit is allowed in an amount computed pursuant to Internal Revenue Code (IRC) § 41(e) with the following exceptions:

- For purposes of the additional Arizona tax credit, only basic research payments, as defined in IRC § 41(e), which are made to a university under the jurisdiction of the Arizona Board of Regents, are included.
- The taxpayer must make basic research payments during the taxable year to a university under the jurisdiction of the Arizona Board of Regents, for research completed by the same university.
- The terms "basic research payments" and "qualified organization base period amount" have the same meanings prescribed by IRC § 41(e), without regard to whether the taxpayer is or is not a corporation.

- The amount of the credit is based on the federal regular credit computation method for basic research payments. Taxpayers CANNOT use the federal alternative credit computation method. The allowable current taxable year credit is 10% of the excess, if any, of the basic research payments over the qualified organization base period amount for the taxable year.
- If two or more taxpayers, including shareholders of an S corporation and partners in a partnership, share in the eligible expenses, each taxpayer is eligible to receive a proportionate share of the credit.
- The termination provisions of IRC § 41 do not apply.

**CORPORATE TAXPAYERS:** If two or more members of a unitary group or an Arizona affiliated group incur qualifying basic research payments, the individual members of the group are not considered separate taxpayers. When a combined return or a consolidated return is filed, the unitary group or the Arizona affiliated group is considered a single taxpayer.

If the current taxable year's credit exceeds the taxpayer's tax liability for the taxable year, the taxpayer may carry forward the unused credit to the next five consecutive taxable years. The credit is not refundable.

## Specific Instructions

Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Include the completed form with the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, an exempt organization with UBTI, an S corporation or partnership is the taxpayer's employer identification number. The TIN for an individual is the taxpayer's social security number or an Internal Revenue Service individual taxpayer identification number. Taxpayers that fail to include their TIN may be subject to a penalty.

### General Instructions

For taxable years beginning on or after January 1, 2012 through December 31, 2014, Arizona law provides a credit for employers who provide qualified health insurance plans or contributions to health savings accounts (HSA) for its employees who are Arizona residents.

This credit is available to individuals, corporations, and S corporations. A partnership may pass the credit through to its partners. An S corporation may pass the credit through to its shareholders. The total of the credits allowed all of the owners of the business may not exceed the amount that would have been allowed for a sole owner of the business.

This credit is also available to an exempt organization that is subject to corporate income tax on unrelated business taxable income (UBTI). The credit must result from activities that generate UBTI.

To be eligible, the HSA must be an HSA that is established under Internal Revenue Code (IRC) § 223. A qualified health insurance plan is a high deductible plan that includes catastrophic health care coverage and that is established in conjunction with an HSA.

The amount of the credit is \$360 for every qualified employee who is enrolled in the qualified health insurance plan.

You cannot take a deduction for the same expenses for which you claim a credit. You must add-back the amount of expenses claimed for the taxable year to your Arizona gross income.

If the allowable credit exceeds your income tax liability, you may carry over any unused amount to the next three consecutive taxable years' income tax liability.

To qualify for the credit, the employer must:

1. Have not provided health insurance coverage to its employees for the 90 days immediately preceding the offer of the qualified health insurance plan in the taxable year in which the employer initially claims the credit.

2. Offer the qualified health insurance plan to every employee.
3. Pay at least \$360 during the taxable year for health insurance premiums or contributions to a health savings account for every qualified employee who is enrolled in the qualified health insurance plan.
4. Provide the health insurance plan to the enrolled employee for at least twelve (12) consecutive months.
5. Employ at least 2 and not more than 50 employees who are residents of Arizona.

## Notice to All Taxpayers

**NOTE:** To claim this credit, you **must** first claim the maximum credit allowed on Arizona Form 323, Credit for Contributions to Private School Tuition Organizations. The amount of credit you must claim on Form 323 depends on your filing status. See Form 323 for these amounts.

**If you have a carryover amount(s) from a credit claimed on Form 348 from prior tax year(s), you do not have to claim the maximum allowable credit on Form 323 to only use a carryover amount on Form 348. If you are claiming only a carryover amount on Form 348, and are not claiming any current year's credit on Form 323, submit only Form 348.**

For an example of how to calculate the current year credit and carryover credit, if any, see the last page of these instructions.

## AZ Form 348 Credit Carryover Amount(s) from Prior Tax Year(s)

If you claimed an allowable credit on Form 348 on your 2012 and/or 2013 tax return and your 2012 and/or 2013 tax liability was less than your allowable credit, you may have a carryover amount available.

You may use the available credit carryover amount to reduce your 2014 tax liability even if you do not claim a credit on Form 323 for 2014.

## General Instructions

Arizona law provides an individual income tax credit for the voluntary cash contributions made to a certified school tuition organization in order to improve education by raising tuition scholarships for children in Arizona. This credit is

available only to individuals. Corporations may not claim this credit. A partnership may not pass the credit through to its partners. An S corporation may not pass the credit through to its shareholders.

The credit is equal to the amount contributed after the maximum amount that can be claimed on Form 323 is contributed. For 2014, the credit cannot exceed \$525 for single taxpayers or heads of household. For married taxpayers that file a joint return, the credit cannot exceed \$1,050. In most cases, for married taxpayers who file separate returns, each spouse may claim only one-half (1/2) of the credit that would have been allowed on a joint return.

**NOTE:** The credit eligible contributions made to a certified school tuition organization from January 1, 2015 to April 15, 2015 may be claimed as a tax credit on either your 2014 or 2015 Arizona income tax return.

If the allowable tax credit is more than your tax or if you have no tax, you may carry the unused credit forward for up to the next 5 consecutive taxable years' income tax liability.

A certified school tuition organization is an organization that meets **all** of the following.

- The organization is tax exempt under Section 501(c)(3) of the Internal Revenue Code.
- The organization allocates at least 90% of its annual revenue for educational scholarships or tuition grants.
- The organization makes its scholarships or grants available to students of more than one qualified school.

A "qualified school" means a preschool that offers services to students with disabilities, nongovernmental primary or a secondary school that is located in Arizona. The school cannot discriminate on the basis of race, color, handicap, familial status, or national origin and requires all teaching staff and personnel that have unsupervised contact with students to be fingerprinted. A "qualified school" does not include a charter school or programs operated by a charter school. The primary school must begin with kindergarten and the secondary school must end with grade 12.

In the case of a preschool that offers services to students with disabilities, a "student with disabilities" is a student who has any of the following conditions.

- Hearing impairment
- Visual impairment
- Developmental delay
- Preschool severe delay
- Speech and/or language impairment

**NOTE:** The Arizona Department of Revenue is required to certify school tuition organizations. The department maintains a list of currently certified school tuition organizations on its website at [www.azdor.gov](http://www.azdor.gov).

To qualify for the credit, all contributions must be made to a certified school tuition organization. To determine if your

contributions made in 2014 and/or 2015, qualify for this credit, you should verify that the school tuition organization you made a contribution to is certified. For a list of school tuition organizations certified to receive donations for the individual income tax credit, see the department's website.

Your donation to the school tuition organization will not qualify for the credit if you designate the donation for the direct benefit of your dependent.

**NOTE:** *Your donation will also not qualify if you designate a student beneficiary as a condition of your contribution to the school tuition organization. Additionally, the tax credit is not allowed if you agree with another person to designate each other's contributions to the school tuition organization for the direct benefit of each other's dependent, a practice commonly known as swapping.*

You cannot claim both a tax credit and an itemized deduction for the amount of contributions made to a certified school tuition organization for which you are claiming a credit. If you claim this credit in 2014 for a donation made from January 1, 2015, to April 15, 2015, you must make an adjustment on your Arizona Form 140; Schedule A, *Itemized Deduction Adjustments*, filed in 2015.

Before claiming this credit, make sure the school tuition organization issues you a receipt for the contributions. The receipt should show **all** of the following.

- The name and address of the school tuition organization
- The name of the taxpayer
- The amount paid
- The date paid

Please keep this receipt with your tax records.

**NOTE:** *You may be able to make credit eligible contributions to a certified school tuition organization through payroll withholding. Check with your employer to see if your employer has agreed to withhold contributions that qualify for this credit from your pay.*

Once Mary computes her credit, she must then determine how much of that credit may be applied to the current year's tax and how much, if any, may be carried over to a future year. In this case, Mary has already applied a credit (from Arizona Form 323) against her total tax liability of \$400. Therefore, Mary will have a \$525 carryover on Form 348 for the next taxable year.

Mary will compute her **2014 carryover credit** amount as follows:

Current Year's Credit		\$ 525
Mary's 2014 tax liability	\$ 400	
Tax credit used – from Arizona Form 323	(\$ 400)	
Balance of tax	\$ 0	
Amount of current year credit used from Form 348 to off-set taxes		\$ 0
Amount of current year credit from Form 348 available to carryover to next year.		<u>\$ 525</u>

Mary may not carryover the \$347 gift that was more than the allowable credit.

**NOTE:** To claim this credit, you **must** first claim the maximum credit allowed on Arizona Form 323, Credit for Contributions to Private School Tuition Organizations. The amount of credit you must claim on Form 323 depends on your filing status. See Form 323 for these amounts.

**For example:** During 2014, Mary, a single person, gave \$1400 to a school tuition organization. Mary's tax liability for 2014 is \$400. Mary claimed the maximum credit amount of \$528 allowed on Arizona Form 323. Since Mary made a contribution that totaled more than the allowable credit on Arizona Form 323, she may take a credit, up to the maximum amount allowed, on Form 348 (for 2014, \$525 for single or head of household; or \$1,050 for married filing joint.)

For 2014, Mary would compute her **available current year's credit** for Form 348 as follows:

2014 total contributions made to school tuition organization	\$ 1,400
Allowable credit claimed on Form 323 for tax year 2014	(\$ 528)
Contributions eligible to use for computing Form 348 credit	\$ 872
Maximum allowable credit from Form 348 that Mary may claim for 2014	<u>\$ 525</u>
Amount of the contributions exceeding the allowable credit. Mary may not use the amount of the gift, \$347, which was more than the allowable \$525 credit (\$872 minus \$525) to figure her credit on Form 348.	\$ 347

**General Instructions**

Arizona Revised Statutes (A.R.S.) §§ 43-1083.03 and 43-1164.04 provide refundable individual and corporate income tax credits for expanding or locating a qualified facility in this state. A "qualified facility" means a facility in this state that devotes at least 80% of the property and payroll at the facility to one or more of the following: (a) qualified manufacturing, (b) qualified headquarters, or (c) qualified research. The credit is effective for taxable years beginning from and after December 31, 2012 through December 31, 2019.

The credit is 10% of the lesser of (a) the taxpayer's total capital investment in the qualified facility or (b) \$200,000 for each net new full-time employment position at the qualified facility. The credit is apportioned and claimed in five equal annual installments in each of five consecutive taxable years.

The credit for qualified facilities is in lieu of the following credits, with respect to the same employment positions:

- The credit for new employment, under A.R.S. §§ 43-1074 or 43-1161 (claimed on Arizona Form 345);
- The military reuse zone credit, under A.R.S. §§ 43-1079 or 43-1167 (claimed on Arizona Form 306); and
- The credit for renewable energy industry, under A.R.S. §§ 43-1083.01 or 43-1164.01 (claimed on Arizona Form 342).

In order to claim the credit for qualified facilities, a business must apply for and receive pre-approval from the Arizona Commerce Authority (Commerce). Commerce cannot pre-approve income tax credits for any one taxpayer in excess of \$30 million in any calendar year. Commerce cannot pre-approve income tax credits in excess of \$70 million annually between the credit for qualified facilities and the credit for renewable energy industry provided under A.R.S. §§ 41-1511, 43-1083.01 and 43-1164.01.

Once pre-approval is received, the business must incur at least \$250,000 in qualifying investment within 12 months of pre-approval.

The tax year of pre-approval determines the "allocation year." The allocation year is the calendar year to which the credit was applied to the annual credit cap.

The business must enter into a managed review with Commerce prior to applying for post-approval. The business must obtain post-approval from Commerce prior to claiming the credit. The first fifth of the apportioned credit is claimed on the tax return that includes the post-approval date.

For example, Company A, is a calendar year filer. Company A received pre-approval from Commerce for a qualified facility on March 11, 2013, and received its post-approval on March 14, 2014. Because Company A completed everything necessary to earn the credit in calendar year 2014, the first fifth of the credit must be claimed on the tax return for calendar year 2014.

**NOTE:** *Each fifth of the credit for qualified facilities must be claimed on a timely filed original income tax return, including extensions. The credit may not be claimed on an amended return. Failing to claim the apportioned credit on a timely filed return will result in loss of the apportioned credit for that taxable year.*

The amount of the credit for qualified facilities a taxpayer may claim can never exceed the amount that is on the post-approval from Commerce.

**NOTE:** *The business must submit a copy of the Certification of Qualification (Certification) from Commerce with Form 349 when claiming the credit.*

Co-owners of a business, including partners in a partnership and shareholders of an S corporation, may each claim only the pro rata share of the apportioned credit based on ownership interest. The total of the apportioned credits allowed to all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

The credit is available to an exempt organization that is subject to corporate income tax on unrelated business taxable income (UBTI). The credit must result from the activities that generate UBTI.

**Credit Recapture**

During the pre-approval process with Commerce, the applicant must consent to adjustment or recapture of the income tax credit in the case of noncompliance with A.R.S. § 41-1512.

If, within five taxable years after first receiving the credit for qualified facilities, the Certification is rescinded by Commerce, the taxpayer is disqualified from the apportioned credits for subsequent taxable years and may be subject to recapture.

On a determination that the taxpayer has committed fraud or relocated outside of this state within five taxable years of first receiving a credit, all credits previously allowed are subject to recapture.

The recapture of the credit is computed by increasing the amount of taxes imposed in the year following the year of termination or revocation by the full amount of all credits previously allowed.

## Specific Instructions

Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Include the completed form with the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, an exempt organization with UBTI, an S corporation, or a partnership is the taxpayer's employer identification number. The TIN for an individual is the taxpayer's social security number or an Internal Revenue Service individual taxpayer identification number. A taxpayer that fails to include its TIN may be subject to a penalty.

### Part 1 - Listing of Post-Approved Qualified Facilities and Apportioned Credit Amount

#### Lines 1 through 4 -

In Part 1, list qualified facilities that Commerce has post-approved and that have apportioned credit amounts that are eligible to be claimed on this year's tax return. The first fifth of the credits for qualified facilities is to be claimed on the tax return that includes the post-approval date and must be filed timely, including extensions.

Write the allocation year in column (a)1. The allocation year is the calendar year to which the credit was applied to the annual credit cap. This date will be noted on the post-approval document received from Commerce. Commerce has assigned each facility a priority placement number, which should be the same on both pre-approval and post-approval documents. List this number in column (a)3. Enter the apportioned credit amount per the post-approval document in column (b).

If you do not have enough lines on the form to enter all of the apportioned credits required to be claimed this tax year, include a schedule that shows all of the information Part 1 requires. Enter the total apportioned credit amounts from all included schedules on line 3. Add lines 1 through 3, and enter the total on line 4. This is the total apportioned credit for qualified facilities for this year.

### Part 2 - Credit Recapture

#### Lines 5 and 6 -

On line 5, list the date on which the Certification of the business was terminated or revoked. On line 6, enter the full amount of apportioned credits previously claimed.

### Part 3 - S Corporation Credit Election and Shareholder's Share of Credit and Credit Recapture

#### Lines 7 through 11 -

S corporations must complete this portion of Form 349 in order for the S corporation or its shareholders to claim the credit. The S corporation must make an irrevocable election either to claim this taxable year's apportioned credit or to

pass this taxable year's apportioned credit through to its shareholders. The election statement must be signed by one of the officers of the S corporation who is also a signatory to Arizona Form 120S.

If the S corporation elects to pass this year's apportioned credit through to its shareholders, it must first complete Form 349, Part 1, then complete Part 3, lines 8 through 10, separately for each shareholder. Each S corporation shareholder is entitled to only a pro rata share of pass-through credit based on ownership interest in the S corporation. The total of the credits allowed to all shareholders may not exceed the amount that would have been allowed for a sole owner.

If the S corporation has been notified of a credit recapture for a credit it passed through to its shareholders, it must also complete Part 2 and then Part 3, line 11, separately for each shareholder.

The S corporation must furnish each shareholder with a copy of the Certification from Commerce and pages 1 and 2 of Form 349. Each shareholder would then complete Part 5, if applicable, and Part 6.

### Part 4 - Partner's Share of Credit and Credit Recapture

#### Lines 12 through 15 -

A partnership must complete Form 349, Part 1, then complete Part 4, lines 12 through 14, separately for each partner.

Each partner is entitled to only a pro rata share of the credit based on the partner's ownership interest in the partnership. The total of the credits allowed to all partners may not exceed the amount that would have been allowed for a sole owner.

If the partnership has been notified of a credit recapture, it must also complete Part 2 and then Part 4, line 15, separately for each partner.

The partnership must furnish each partner with a copy of the Certification from Commerce and pages 1 and 2 of Form 349. Each partner would then complete Part 5, if applicable, and Part 6.

**CONTACTS FOR CREDIT FOR RENEWABLE ENERGY INVESTMENT AND PRODUCTION FOR SELF-CONSUMPTION BY MANUFACTURERS**

**Arizona Department of Revenue**

• Tax forms and instructions • Information and assistance

Website: [www.azdor.gov](http://www.azdor.gov)

Taxpayer assistance (602) 255-3381

From area codes 520 and 928, toll-free (800) 352-4090

**General Instructions**

Arizona Revised Statutes (A.R.S.) §§ 43-1083.04 and 43-1164.05 provide nonrefundable individual and corporate income tax credits for investment in new renewable energy facilities that produce energy for self-consumption using renewable energy resources if the power will be used primarily for manufacturing. The credit authorized is \$1 million per year for five years for each renewable energy facility. The maximum credit allowed per taxpayer per year is \$5 million. The initial credit for each facility is claimed in the year that the facility becomes operational. To qualify as a separate renewable energy facility, a facility must be located at least one mile from any other renewable energy facility for which the taxpayer is claiming a credit.

In order to claim the credit, the taxpayer must apply to the Arizona Department of Revenue for certification of the credit for each facility. The department reviews and pre-approves the taxpayer for a specified amount of credit on a first come, first served basis. The department may not authorize tax credits under the A.R.S. §§ 43-1083.04 and 43-1164.05 that exceed in the aggregate a total of \$10 million for any calendar year.

The Taxpayer must submit a request for final certification to the department within 30 days after each of the renewable energy facilities for which an authorization was given becomes operational. See the program guidelines at [www.azdor.gov](http://www.azdor.gov) under the "Tax Credits" section.

To be eligible for the credit, the taxpayer must meet all of the following requirements:

1. The taxpayer must invest at least \$300 million in new renewable energy facilities in Arizona that produce energy for self-consumption using renewable energy resources. The minimum investment must be completed within a three-year period beginning on the date the initial application is received or December 31, 2017, whichever is earlier.
2. At least 90% of the energy produced at each renewable energy facility is used for self-consumption in Arizona. Self-consumption includes the power used by related entities if the related entities are owned directly or indirectly by the same ownership interests that collectively own more than 50%. A facility that transfers the power it generates to a utility qualifies if at least 90% of the power is transferred back for self-consumption in Arizona.
3. The power is used primarily for manufacturing. A lessor of a manufacturing facility that is using power for self-

consumption would qualify this requirement if the lessee is a manufacturer and the power is transferred as part of the lease to the lessee.

If the taxpayer fails to make the required \$300 million investment within the required time period, the taxpayer must cease claiming any credits and recapture any credits already claimed for all facilities. The recapture must be made on the taxpayer's income tax return for the tax year in which it was first known that the required investment would not be made within the required time.

If a particular facility ceases to meet the requirements or if the facility is sold, the taxpayer may not generate and claim any future credits related to that facility. However, taxpayers may be allowed to claim the credit carryovers that were properly established for that facility.

Co-owners of a business, including partners in a partnership, members of a limited liability company, and shareholders of an S corporation, may each claim only the pro rata share of the credit allowed based on the ownership interest. The total of the credits allowed all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

The credit is available to an exempt organization that is subject to corporate income tax on unrelated business taxable income (UBTI). The credit must result from the activities that generate UBTI.

If the current taxable year's credit exceeds the taxpayer's tax liability for the taxable year, the taxpayer may carry forward the unused credit to the next five consecutive taxable years. No credit, other than carryovers generated properly, may be claimed for any taxable year beginning after December 31, 2025.

**Specific Instructions**

Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Include the completed form and all supporting documentation with the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, an exempt organization with UBTI, an S corporation, or a partnership is the taxpayer's employer identification number. The TIN for an individual is the taxpayer's social security number or an Internal Revenue Service individual taxpayer identification number. Taxpayers that fail to include their taxpayer identification number may be subject to a penalty.

If you checked the "Yes" box on line 1, enter the aggregate amount of credit on line 2 and also the facility code(s) for calendar year 2014 on your certificates received from the department on line 3. Fiscal year taxpayers will claim the credit on the return for the taxable year in which the calendar year ends. Be sure to include a copy of your certificate(s) with the return.

**Pass-through Credit You Received in Current Year**

**Line 4 -**

If an entity from which you are claiming a pass-through tax credit received a Certificate from the department, check the "Yes" box. Otherwise, check the "No" box, and skip lines 5, 6 and 7.

**Line 5 -**

### General Information

#### Estates

An Arizona resident estate is the estate of a decedent who was a resident of Arizona at the time of death. The starting point for the Arizona income tax computation for a resident estate is the estate's federal taxable income.

A nonresident estate is an estate that is not a resident estate. The starting point for a nonresident estate is that portion of the estate's federal taxable income derived from Arizona sources.

#### Trusts

An Arizona resident trust is a trust of which the fiduciary is a resident of Arizona. If the trust has more than one fiduciary, the trust is a resident trust if at least one of the fiduciaries is a resident of Arizona. If a corporate fiduciary engaged in interstate trust administration is the sole fiduciary of a trust, or is a co-fiduciary with a nonresident, the trust is a resident trust only if the corporate fiduciary conducts the administration of the trust in Arizona. The starting point for the Arizona income tax computation for a resident trust is the trust's federal taxable income.

A nonresident trust is a trust that is not a resident trust. The starting point for a nonresident trust is that portion of the trust's federal taxable income derived from Arizona sources.

### Who Must File

The fiduciary, or fiduciaries, must file a return for an estate or trust if of the following apply:

1. The estate or trust has any Arizona taxable income for the tax year.
2. The estate's or trust's gross income for the tax year is \$5,000 or more, regardless of the amount of the Arizona taxable income.

The above also applies to bankruptcy estates.

The fiduciary does not have to file a return if the income does not exceed the amounts shown in items 1 or 2 above.

**NOTE:** *The fiduciary must file a final return for an estate when the fiduciary is requesting a tax certificate required by the probate court. In this case, the fiduciary must file a final return regardless of the estate's income. See instructions for requesting a certificate on page 3.*

### Fiduciary Filing Return on Arizona Form 140

A personal representative must file a return on Arizona Form 140 if any of the following apply:

- The gross income of a single decedent was \$15,000 or more.
- The Arizona adjusted gross income of a single decedent was \$5,500 or more.
- The Arizona adjusted gross income of a married decedent for which the representative will file a separate return was \$5,500 or more.
- The gross income of a married decedent for which the representative will file a separate return was \$15,000 or more.
- The Arizona adjusted gross income of a married decedent and his or her surviving spouse for which a joint return will be filed was \$11,000 or more.
- The gross income of a married decedent and his or her surviving spouse for which a joint return will be filed was \$15,000 or more.

For individual filing purposes, gross income is gross income as defined under the Internal Revenue Code (IRC) less income included in gross income that is excluded from Arizona taxation.

#### Example:

A taxpayer died on June 29, 2014. The decedent had wages of \$9,700 and interest income of \$920 received through the date of death. The personal representative files a final Arizona Form 140 for the period January 1, 2014, through June 29, 2014. The personal representative notes on the Form 140 that the taxpayer is deceased as of June 29, 2014. The personal representative reports the wage and interest income of \$10,620 on the Form 140. The personal representative reports all income that the estate receives from June 30, 2014, forward on the Form 141AZ.

A fiduciary who has charge of the income of an individual must file a return of income on Form 140 if that individual's income meets the filing requirements. Such fiduciaries include guardians of minors and guardians or committees of legally incompetent persons.

Where several fiduciaries exist, a return filed by one of two or more joint fiduciaries is sufficient.

### Filing for a Charitable Remainder Trust

Charitable remainder trusts should file on Arizona Form 141AZ. The fiduciary should indicate that the return is for a charitable remainder trust by checking the appropriate box on line 6.

The trustee should not enter any numerical figures on the face of the return. The trustee should not complete an Arizona Form 141AZ, Schedule K-1, or Schedule K-1(NR) for any of its beneficiaries.

## Grantor Trusts

Grantor trusts file only an information return since the income reverts to the grantor. The grantor reports this income on the individual income tax return (Arizona Form 140). Do not enter any numerical figures on the face of the return. Go directly to the signature line. The fiduciary should indicate that the return is for a grantor trust by checking the appropriate box on line 6.

### Where Should You Mail the Return?

If you are **expecting a refund, or owe no tax**, or owe tax but are not sending a payment, mail the return to:

Arizona Department of Revenue  
PO Box 52138  
Phoenix, AZ 85072-2138

If you are **sending a payment** with this return, mail the return to:

Arizona Department of Revenue  
PO Box 52016  
Phoenix, AZ 85072-2016

### When Should You File?

Your 2014 calendar year tax return is due no later than midnight, April 15, 2015. You must file a return made on a fiscal year basis by the 15th day of the fourth month following the close of the fiscal year. Your original filing date must be the same for Arizona as it is for federal purposes.

You may request an extension if you know you will not be able to file on time. An extension does not extend the time to pay the income tax. Failure to pay at least 90% (.90) of the tax due by the original due date will result in a penalty. Arizona charges interest on any unpaid tax. The extension underpayment penalty is ½ of 1% (.005) of the tax not paid for each 30-day period or fraction of a 30-day period. The extension underpayment penalty cannot exceed 25% of the unpaid tax.

**NOTE:** *Arizona will grant a five-month extension. For more information, see Fiduciary Tax Ruling FTR 09-1.*

### To Get a Filing Extension, You Can Either:

1. Apply for a state extension (Form 141AZ EXT). To apply for an automatic 5-month state extension, file Form 141 AZ EXT by April 15. See Form 141AZ EXT for details. You do not have to include a copy of the extension with your return when you file, but make sure that you check extension box 82E on page 1 of the return. If you must make a payment, use Arizona Form 141AZ EXT.
2. Use your federal extension. File your Arizona return by the same due date. You do not have to include a copy of the extension with your return, but make sure that you check extension box 82E on page 1 of the return.

### Does an Estate or Trust Have to Make Estimated Payments?

An estate or trust does not have to make estimated payments. An estate or trust may elect to make Arizona estimated tax payments on Arizona Form 141AZ ES.

### What if You File or Pay Late?

If you file or pay late, we will charge you interest and penalties on the amount you owe. If the U.S. Post Office postmarks your 2014 calendar return by April 15, 2015, your return will not be late. You may also use certain private delivery services designated by the Internal Revenue Service (IRS) to meet the "timely mailing as timely filed" rule.

### Late Filing Penalty

If you file late, we will charge you a late filing penalty. This penalty is 4½% (.045) of the tax required to be shown on the return for each month or fraction of a month the return is late. This penalty cannot exceed 25% of the tax found to be remaining due.

### Late Payment Penalty

If you pay your tax late, we will charge you a late payment penalty. This penalty is ½ of 1% (.005) of the amount shown as tax for each month or fraction of a month for which the failure continues. We charge this penalty from the original due date of the return until the date you pay the tax. This penalty cannot exceed a total of 10% of the unpaid tax.

### Extension Underpayment Penalty

If you file your return under an extension, you must pay 90% of the tax shown on your return by the return's original due date. If you do not pay this amount, we will charge you a penalty. This penalty is ½ of 1% (.005) of the tax not paid for each 30-day period or fraction of a 30-day period. We charge this penalty from the original due date of the return until the date you pay the tax. This penalty cannot exceed 25% of the unpaid tax. If we charge you the extension underpayment penalty, we will not charge you the late payment penalty under Arizona Revised Statutes (A.R.S.) § 42-1125(D).

**NOTE:** *If you are subject to two or more of the above penalties, the total cannot exceed 25%.*

### Interest

We charge interest on any tax not paid by the due date. We will charge you interest even if you have an extension. If you have an extension, we will charge you interest from the original due date until the date you pay the tax. The Arizona interest rate is the same as the federal rate.

### Amended Returns

If you are filing an amended Form 141AZ, check the amended return box on line 6. Complete the entire return, correct the appropriate line(s) with the new information, and recompute your tax liability.

On a separate schedule, explain the reason(s) for the amendment(s) and identify the line(s) and amount(s) being changed on the amended return. Also, include a copy of the amended federal Form 1041.

**NOTE:** *You must plainly mark an amended return "Amended" by checking the appropriate box on line 6. The period covered by this return must be the same accounting period as covered by the original return. If you are amending a prior year return, use Form 141AZ for that taxable year.*

### Copy of Will or Trust Instrument

Upon the department's request, the fiduciary must submit a copy of the will or trust instrument when the estate's or trust's gross income is \$5,000 or more. The fiduciary must swear that the will or trust instrument is a true and complete copy.

### Reporting Payments Made by an Estate or Trust

An estate or trust that paid salaries or wages may have to report those payments to the department.

**Request for Certificate of Payment of Taxes**

**IMPORTANT:** Make requests for this income tax certificate separately. Do not include requests for the income tax certificate with Form 141AZ. The department can issue certificates only if required by the probate court.

Mail requests to:

Arizona Department of Revenue  
 Attention: Fiduciary Unit  
 1600 West Monroe - Division Code 23  
 Phoenix, AZ 85007-2650

If an estate is in probate, the probate court may require a certificate from the department that shows no income tax is due. The probate court may require this before approving the fiduciary's final account.

Arizona law requires a certificate only when **all** of the following apply.

1. The estate is subject to probate.
2. The value of the assets of the estate at the decedent's date of death exceeds \$20,000.
3. The estate has a beneficiary that is not an Arizona resident.

In order for the department to issue a certificate, **all** of the following must be met.

1. The fiduciary has filed Arizona Form 210 - *Notice of Assumption of Duties in a Fiduciary Capacity*.
2. A return was filed by, or on behalf of, the decedent and for the estate for each taxable year in which the respective incomes of the decedent or estate exceeded the requirements for filing returns.
3. A final Arizona fiduciary return is filed when the certificate is requested. This return must be filed regardless of the gross or net income for the year. If there is no income, submit a return with "zero" on all lines.

If filing a final return and you are **sending a payment** with this return, mail the return to:

Arizona Department of Revenue  
 PO Box 52016  
 Phoenix, AZ 85072-2016

If filing a final return and you are **expecting a refund, or owe no tax**, or owe tax but are not sending a payment, mail the return to:

Arizona Department of Revenue  
 PO Box 52138  
 Phoenix, AZ 85072-2138

4. The request must contain a statement regarding the status of returns filed by, or on behalf of, the decedent or for the estate for the four taxable years immediately preceding the date of the request. The fiduciary must make the statement under declaration of perjury. The statement must indicate:

- The years for which returns were filed.
- The years for which the gross and Arizona taxable incomes were less than the amount necessary to require the filing of returns.

If you have any questions, call us at (602) 716-7809.

**Foreign Addresses**

If the estate, trust or fiduciary has a foreign address, enter the information in the following order: city, province or state, and country. Follow the country's practice for entering the postal code. Do not abbreviate the country's name.

**Lines 5a through 5d – Check Box (only one)**

If you are filing this return for a:	check box
resident estate	5a
nonresident estate	5b
resident trust	5c
nonresident trust	5d

**Line 6 -**

Check the box (es) that identify the type of return you are filing.

**Line 7 - Federal Taxable Income of Fiduciary**

An Arizona resident estate or trust should enter the federal taxable income shown on page 1 of the federal fiduciary return, Form 1041.

A nonresident estate or trust must complete Form 141AZ, Schedule A, before entering an amount on line 7. For a nonresident estate or trust, the fiduciary should enter the amount from Form 141AZ, Schedule A, line A6 on line 7.

**NOTE:** Before completing the rest of page 1 of Form 141AZ, complete Schedules A, B, C, D and E, as necessary.

**Schedule A - Nonresident Estate or Trust Source Income Schedule**

Schedule A is used to compute the federal taxable income of the estate or trust from Arizona sources. All nonresident estates and nonresident trusts must complete Schedule A. Resident estates and resident trusts should skip Schedule A.

**Federal Column**

Enter all items of income and deductions that correspond to those items listed on the federal fiduciary return. Line A5 should equal the federal taxable income reported on the federal fiduciary return.

**Arizona Column**

Enter that part of each item of income and deductions reported in the federal column that is derived from Arizona sources. Intangible income will not be considered to be from Arizona sources except where it is part of a business, trade, or occupation carried on in Arizona.

**Schedule B - Fiduciary Adjustment****Fiduciary adjustment increasing federal taxable income**

Use lines B1 through B4 to figure the amount of fiduciary adjustment that increases federal taxable income.

**Line B1 - Positive Arizona Fiduciary Adjustment From Another Estate or Trust**

Use this adjustment only if the estate's or trust's Arizona Form 141AZ, Schedule K-1, indicates a difference between federal and state distributable income. If the amount shown on the Arizona Form 141AZ, Schedule K-1, is a positive number, enter that amount here.

**Line B2 - Non-Arizona Municipal Bond Interest**

Arizona taxes interest received from non-Arizona municipal bonds. Enter the amount of this type of interest income that you did not include on the federal return.

You may exclude any expenses incurred to purchase or hold the bond(s). Reduce the interest income by the amount of expenses that you could not deduct on your federal return.

**Line B3 - Other Additions to Federal Taxable Income**

Enter any other additions, including those shown below, to federal taxable income. Include your own schedule.

**A. Total Depreciation Included in Arizona Gross Income**

Enter the amount of depreciation deducted on the federal return that is included in Arizona gross income. If you make an entry here, also see the instructions for line B9, "Other Subtractions From Federal Taxable Income."

**B. Net Operating Losses**

Arizona does not have specific provisions for calculating the net operating loss of estates or trusts. Generally, the net operating loss deduction included in the federal taxable income is the amount allowable for Arizona purposes. There are, however, instances when the amount allowable for Arizona may be different.

You must adjust the net operating loss deduction included in the federal taxable income if the estate or trust has already deducted any amount of the net operating loss included in federal taxable income for Arizona purposes. Enter on line B3, the amount of net operating loss included in federal taxable income that was previously deducted for Arizona purposes.

Usually, Arizona conforms to the federal net operating loss and the carryback provisions. Arizona, however, did not conform to the special federal net operating loss rules for 2008 and 2009. Under the special rules for 2008 and 2009, a taxpayer could have elected to carry the net operating loss back for 3, 4, or 5 years, instead of the normal 2 years. This election would have been allowed under IRC § 172(b)(1)(H) as amended by the American Recovery and Reinvestment Act of 2009 or the Worker, Homeownership, and Business Assistance Act of 2009. If a taxpayer deducted a federal net operating loss carryback under the federal American Recovery and Reinvestment Act of 2009 or the federal Worker, Homeownership, and Business Assistance Act of 2009, see the instructions for line B9, (K).

For information on deducting a net operating loss carryback in cases where a taxpayer did not make an election under IRC § 172(b)(1)(H), see the department's Income Tax Procedure, ITP 99-1.

**C. Annuity Income in Excess of Contributions**

Make this adjustment if both of the following apply.

1. The estate or trust received annuity income and the first payment received from the annuity was before December 31, 1978.
2. The sum of the proceeds received from the annuity in all taxable years prior to and including the current tax year exceeds the total consideration premiums paid.

**D. Excess of a Partner's Share of Partnership Taxable Income or Loss**

Make this adjustment if the Arizona Form 165, Schedule K-1, shows a difference between federal and state distributable income.

If the difference reported on the Arizona Form 165, Schedule K-1, is a positive number, enter that difference as an addition. Enter the addition on line B3.

If the difference reported on the Arizona Form 165, Schedule K-1, is a negative number, enter that difference as a subtraction. Enter the subtraction on line B9.

**E. Claim of Right Adjustment for Amounts Repaid in 2014**

You must make an entry here if **all** of the following apply:

1. During 2014, the estate or trust was required to repay amounts held under a claim of right.
2. The amount required to be repaid was subject to Arizona income tax in the year included in income.
3. The amount required to be repaid during 2014 was more than \$3,000.
4. The estate or trust took a deduction for the amount repaid on its 2014 federal income tax return.
5. The deduction taken on the estate's or trust's federal income tax return is reflected in the Arizona taxable income.

If all of the above apply, enter the amount deducted on the federal income tax return that is reflected in the Arizona taxable income.

For more information on the Arizona claim of right provisions, see the department's Individual Income Tax Procedure ITP 95-1.

**F. Claim of Right Adjustment for Amounts Repaid in Prior Taxable Years**

You must make an entry here if **all** of the following apply:

1. During a year prior to 2014, the estate or trust was required to repay amounts held under a claim of right.
2. The estate or trust computed its tax for that prior year under Arizona's claim of right provisions.
3. A net operating loss or capital loss was established due to the repayment made in the prior year.
4. The estate or trust is entitled to take that net operating loss or capital loss carryover into account when computing its 2014 Arizona taxable income.
5. The amount of the loss carryover included in the estate's or trust's federal income is more than the amount allowed to be taken into account for Arizona purposes.

Enter the amount by which the loss carryover included in the federal income is more than the amount allowed for the taxable year under Arizona law.

**G. Nonqualified Withdrawals From 529 College Savings Plans**

Make this adjustment if both of the following apply.

1. The estate or trust received a nonqualified withdrawal from a 529 college savings plan.
2. The amount of withdrawal was not included in the federal taxable income.

The amount that the fiduciary must add is the amount of withdrawal, but no more than the difference between the amount of contributions subtracted in prior years and the amount added in any prior years.

A nonqualified withdrawal is a withdrawal other than any of the following:

- A qualified withdrawal. A qualified withdrawal is a withdrawal from an account to pay the qualified higher education expenses of the designated beneficiary of the account.
- A withdrawal made as the result of the death or disability of the designated beneficiary of an account.
- A withdrawal that is made on the account of a scholarship, or the allowance or payment described in IRC § 135(d)(1)(B) or (C), and that is received by the designated beneficiary, but only to the extent of the amount of this scholarship, allowance, or payment.
- A rollover or change of designated beneficiary.

**H. Original Issue Discount (OID) on Reacquisition of Debt Instrument**

For federal purposes, when an estate or trust made the special election to defer discharge of indebtedness (DOI) income under IRC § 108(i), the estate or trust was not allowed to take a deduction with respect to the portion of any OID that accrued with respect to that DOI income, during the income deferral period. In this case, the estate or trust had to deduct the aggregate amount of the OID deductions disallowed ratably over a 5-year period, beginning with the period in which the income was includible in federal adjusted gross income.

Arizona did not adopt the federal provisions requiring an estate or trust to defer the OID deduction in cases where the estate or trust federally deferred the DOI income.

For Arizona purposes, the estate or trust had to report the DOI income from a debt reacquisition in the year in which it reacquired the debt, and it was allowed to subtract any OID related to that DOI income in the year the OID accrued. (See the instructions for "Other Subtractions From Federal Taxable Income" line B9, (L).) If the estate's or trust's federal taxable income includes a deduction for any accrued OID already subtracted for Arizona purposes, make an addition to Arizona income for the amount of deferred OID deducted on the federal return. Generally, this addition will not apply until taxable year 2014 through 2018. On line B3, enter the amount of any previously deferred OID deducted in computing the estate's or trust's 2014 federal taxable income, to the extent that the amount was previously subtracted from Arizona taxable income.

**I. Estate Loss of an Arizona Nonprofit Medical Marijuana Dispensary (NMMD) included in Federal Adjusted Gross Income**

If the NMMD was registered to an individual as a sole proprietorship and the NMMD becomes part of the individual's estate after the individual died, the estate is required to add the amount of the loss from the dispensary

that is included in the computation of the estate's federal adjusted gross income. Include the amount of the loss on line B3.

**J. Other Adjustments**

Other special adjustments may be necessary. You may need to make an addition for depreciation or amortization. Call one of the numbers listed on page 1 of these instructions if any of the following apply.

1. You sold or disposed of property that was held for the production of income and your basis was computed under the Arizona Income Tax Act of 1954.
2. You elected to amortize the basis of a pollution control device or the cost of a childcare facility under Arizona law in effect before 1990. You are still deducting amortization or depreciation for that device or facility on your federal income tax return.

**Line B4 - Total Adjustments Increasing Federal Taxable Income**

Add lines B1 through B3. Enter the total.

**Fiduciary Adjustment Decreasing Federal Taxable Income**

Use lines B5 through B10 to figure the amount of fiduciary adjustment that decreases federal taxable income.

You may only subtract those items for which statutory authority exists. Without such authority, you cannot take a subtraction. If you have any questions concerning subtractions from income, call one of the numbers listed on page 1 of these instructions.

**NOTE:** *You cannot subtract any amount that is allocable to income excluded from Arizona taxable income.*

Enter the following *other* subtractions from federal taxable income. Include your own schedule.

**Line B5 - Negative Arizona Fiduciary Adjustment From Another Estate or Trust**

Use this adjustment only if the Arizona Form 141AZ, Schedule K-1, indicates a difference between federal and state distributable income. If the amount shown on the Arizona Form 141AZ, Schedule K-1, is a negative number, enter that amount here.

**Line B6 - Interest Received on U.S. Obligations**

Enter the amount of interest income from U.S. Government obligations included on page 1, line 7. U.S. Government obligations include obligations such as U.S. savings bonds and treasury bills. You cannot deduct any interest or other related expenses incurred to purchase or carry the obligations. If such expenses are included in Arizona gross income, you must reduce the subtraction by such expenses. Reduce the subtraction only by the amount of such expenses included in your Arizona gross income.

**NOTE:** *Do not subtract interest earned on FNMA or GNMA bonds since this interest is taxable by Arizona. For details, see the Income Tax Ruling, ITR 06-1.*

Do not subtract any amount received from a qualified pension plan that invests in U.S. Government obligations. Do not subtract any amount received from an IRA that invests in U.S. Government obligations. These amounts are not interest income.

For more information, see Income Tax Rulings ITR 96-2 and ITR 96-3.

**Line B7 - Refunds From Other States**

Enter any state income tax refunds received from states other than Arizona. Enter an amount only to the extent it is included on page 1, line 7 of Arizona Form 141AZ.

**Line B8 – Reserved**

Do not enter an amount on line B8.

**Line B9 - Other Subtractions From Federal Taxable Income**

Enter any other subtractions, including those shown below, to federal taxable income. Include your own schedule.

**A. Exclusion for U.S. Government, Arizona State, or Local Government Pensions**

If the estate or trust received pension income from any of the sources listed below, subtract the amount received or \$2,500, whichever is less. Only include amounts which the estate or trust reported as income on the federal return.

**Public pensions from the following sources qualify for this subtraction:**

- The United States Government Service Retirement and Disability Fund
- The United States Foreign Service Retirement and Disability System
- Retired or retainer pay of the uniformed services of the United States
- Any other retirement system or plan established by federal law

**NOTE:** *This applies only to those retirement plans authorized and enacted into the U.S. Code. This does not apply to a retirement plan that is only regulated by federal law (i.e., plans that must meet certain federal criteria to be qualified plans).*

- The Arizona State Retirement System
- The Arizona State Retirement Plan
- The Corrections Officer Retirement Plan
- The Public Safety Personnel Retirement Plan
- The Elected Officials' Retirement Plan
- A retirement plan established for employees of a county, city, or town in Arizona
- An optional retirement program established by the Arizona Board of Regents under Arizona Revised Statutes
- An optional retirement program established by an Arizona community college district

**NOTE:** *Public retirement pensions from states other than Arizona do not qualify for this subtraction.*

This subtraction does not apply to nonresident estates or trusts.

**B. Qualified Wood Stove, Wood Fireplace, or Gas Fired Fireplace**

Arizona allows a subtraction for converting an existing fireplace to one of the following.

- a qualified wood stove
- a qualified wood fireplace, or
- a gas fired fireplace and non-optional equipment directly related to its operation

You may subtract up to \$500 for converting an existing fireplace on property located in Arizona to a qualified wood stove, qualified wood fireplace, or gas fired fireplace.

**C. Claim of Right Adjustment for Amounts Repaid in Prior Taxable Years**

You must make an entry here if **all** of the following apply:

1. During a year prior to 2014, the estate or trust was required to repay amounts held under a claim of right.
2. The estate or trust computed its tax for that prior year under Arizona's claim of right provisions.
3. A net operating loss or capital loss was established due to the repayment made in the prior year.
4. The estate or trust is entitled to take that net operating loss or capital loss carryover into account when computing its 2014 Arizona taxable income.
5. The amount of the loss carryover allowed to be taken into account for Arizona purposes is more than the amount included in your federal income.

Enter the amount by which the loss carryover allowed for the taxable year under Arizona law is more than the amount included in your federal income.

**D. Certain Expenses Not Allowed For Federal Purposes**

The estate or trust may subtract some expenses that it cannot deduct on its federal return when the estate or trust claims certain federal tax credits. These federal tax credits are

- The federal work opportunity credit
- The empowerment zone employment credit
- The credit for employer-paid social security taxes on employee cash tips
- The Indian employment credit

If the estate or trust claimed any of these federal tax credits for 2014, enter the portion of wages or salaries it paid or incurred during the taxable year equal to the amount of those federal tax credits it received.

A nonresident estate or trust should enter the amount of wages or salaries that it paid or incurred during the taxable year that is related to the income sourced to Arizona. The subtraction is equal to the amount of the federal credits it received.

**E. Agricultural Crops Given to Charitable Organizations**

Arizona allows a subtraction for qualified crop gifts made during 2014 to one or more charitable organizations. To take this subtraction, **all** of the following must apply.

- The estate or trust must be engaged in the business of farming or processing agricultural crops.
- The crop must be grown in Arizona.
- The gift must be made to a charitable organization located in Arizona.
- The charitable organization must be exempt from Arizona income tax.

The subtraction is the greater of the wholesale market price or the most recent sale price for the crop given. The amount of the subtraction cannot include any amount deducted under IRC § 170 with respect to the crop contribution that exceeds the cost of producing the contributed crop.

To determine if the estate's or trust's crop gift qualifies for this subtraction, see Income Tax Procedure, ITP 12-1.

**F. Installment Sale Income From Another State Taxed by the Other State in a Prior Taxable Year**

The estate or trust may subtract any income from an installment sale that has been properly subjected to income tax in another state in a prior tax year. Enter the amount of such income included in Arizona gross income in the current taxable year.

**This subtraction does not apply to nonresident estates or trusts.**

**G. Subtraction for World War II Victims**

The estate or trust may subtract distributions made to it for the decedent's or settlor's persecution by Nazi Germany or any other Axis regime for racial, religious, or political reasons. The estate or trust may also subtract distributions made for the persecution of the ancestors of the decedent or settlor. If the estate or trust is the first recipient of such distributions, enter the amount of the distributions that it had to include in the estate's or trust's federal taxable income.

The estate or trust may also subtract certain items of income, if the decedent or settlor was persecuted by Nazi Germany or any other Axis regime for racial, religious, or political reasons before, during, or immediately after World War II. The income must be attributable to, derived from, or related to assets that were stolen or hidden from the decedent or settlor. If the estate or trust is the first recipient of such income, enter the amount of income that it had to include in the estate's or trust's federal taxable income.

A nonresident estate or trust should enter such payments only to the extent included in Arizona taxable income.

**H. Recalculated Arizona Depreciation****Resident Estate or Trust**

For assets placed in service in taxable years beginning before December 31, 2012, enter the total amount of depreciation allowable pursuant to IRC § 167(a) for the taxable year calculated as if the taxpayer had elected not to claim bonus depreciation for eligible properties for federal purposes.

For assets placed in service during taxable years beginning from and after December 31, 2012 through December 31, 2013, the amount of the subtraction for these assets depends on the method you used to compute the depreciation for these assets.

**NOTE:** For more information, see the department's individual income tax procedure, ITP 14-3.

For assets placed in service in taxable years beginning from and after December 31, 2013, enter the total amount of depreciation allowable pursuant to IRC § 167(a) for the taxable year calculated as if the bonus depreciation is 10% of the amount of federal bonus depreciation pursuant to IRC § 168(k).

Add all amounts together and enter the total on line B9.

**Nonresident Estate or Trust**

For assets placed in service in taxable years beginning before December 31, 2012, enter the total amount of depreciation attributable to assets used in an Arizona business allowable pursuant to IRC § 167(a) for the taxable year calculated as if the taxpayer had elected not to claim bonus depreciation for eligible properties for federal purposes.

For assets placed in service during taxable years beginning from and after December 31, 2012 through December 31, 2013, the amount of the subtraction for these assets depends on the method you used to compute the depreciation for these assets. Enter the total amount of depreciation attributable to assets used in an Arizona business.

**NOTE:** For more information, see the department's individual income tax procedure, ITP 14-3.

For assets placed in service in taxable years beginning from and after December 31, 2013, enter the total amount of depreciation attributable to assets used in an Arizona business allowable pursuant to IRC § 167(a) for the taxable

year calculated as if the bonus depreciation is 10% of the amount of federal bonus depreciation pursuant to IRC § 168(k).

Add all amounts together and enter the total on line B9.

**I. Basis Adjustment for Property Sold or Otherwise Disposed of During the Taxable Year**

With respect to property that is sold or otherwise disposed of during the taxable year by a taxpayer who has complied with the requirement to add back all depreciation with respect to that property on tax returns for all taxable years beginning from and after December 31, 1999; enter the amount of depreciation that was allowed pursuant to IRC § 167(a), to the extent that the amount has not already reduced Arizona taxable income in the current or prior years. (Note: The practical effect of this is to allow a subtraction for the difference in basis for any asset for which bonus depreciation has been claimed on the federal return.) A nonresident estate or trust may make this adjustment for only property that was used in an Arizona business.

**J. Federal Estate Taxes Paid by an Estate**

An estate may subtract the amount of federal estate tax paid by the estate in the current taxable year. Enter the amount of federal estate taxes paid in 2014.

**K. Net Operating Loss Adjustment**

This subtraction applies to only those estates or trusts that made an election under the special federal net operating loss rules for 2008 and 2009. Under these federal rules for 2008 and 2009, an estate or trust could have elected to carry the net operating loss back for 3, 4, or 5 years, instead of the normal 2 years.

This election would have been allowed under IRC § 172(b)(1)(H) as amended by the American Recovery and Reinvestment Act of 2009 or the Worker, Homeownership, and Business Assistance Act of 2009.

Arizona did not adopt the special federal net operating loss rules for losses incurred during 2008 or 2009. For Arizona purposes, estates or trusts must deduct a net operating loss as if the loss was computed under IRC § 172 in effect prior to the enactment of those special rules.

**Resident Estate or Trust**

If the estate or trust made an election to deduct a 2008 or 2009 federal net operating loss under IRC § 172(b)(1)(H), the estate or trust may have to enter an amount here. Figure how much of the net operating loss carry forward would have been allowed as a deduction on the estate's or trust's 2012 federal income tax return, if the election described in IRC § 172(b)(1)(H) had not been made in the year of the loss. On line B9, enter the amount that exceeds the actual net operating loss carry forward that was deducted in arriving at federal taxable income.

**Nonresident Estate or Trust**

Figure how much of the net operating loss carry forward would have been allowed as a deduction on the estate's or trust's 2014 federal income tax return, if the election described in IRC § 172(b)(1)(H) had not been made in the year of the loss. Then figure how much of the carry forward computed under that method was derived from Arizona source losses. The amount the estate or trust may take as a subtraction is the difference between the amount of Arizona source net operating loss carryover allowable as a deduction for federal purposes under the as if calculation and the amount of the Arizona source net operating loss deduction

actually taken for federal purposes that the estate or trust included in its Arizona gross income. On line B9, enter the amount of allowable Arizona source loss carry forward deduction that exceeds the actual amount of Arizona source net operating loss carry forward deduction that was deducted in arriving at Arizona gross income.

**NOTE:** *As an Arizona nonresident estate or trust, the estate or trust may have had a loss from prior year Arizona business operations. However, the loss cannot offset this year's income unless the as if calculation results in an Arizona source net operating loss deduction for federal purposes. The estate or trust can only take this subtraction if the as if federal net operating loss deduction for 2014 includes Arizona source losses that have not been absorbed by non-Arizona income in any intervening years. The estate or trust cannot subtract any amount of that net operating loss that has been absorbed by non-Arizona income in any intervening years. The estate or trust also cannot take a subtraction for any amount that has already been deducted for Arizona purposes.*

#### **L. Previously Deferred Discharge of Indebtedness (DOI) Income Adjustment**

Generally, when a loan is settled for less than the amount owed, DOI income is realized by the debtor and usually must be included in the debtor's gross income. The amount of DOI income is generally equal to the amount of loan forgiveness. DOI income also occurs when a debtor repurchases its own debt at a discount (a price lower than the adjusted basis issue price of the debt instrument). In debt repurchase transactions, the amount of DOI income is generally equal to the difference between the adjusted issue price and the price paid for the debt instrument.

For federal purposes, an estate or trust may have made a special election for taxable years 2009 or 2010 to include DOI income in connection with the reacquisition of a business debt instrument, ratably over a 5-year period.

An estate or trust that made this election will generally include this income in federal taxable income beginning with the 2014 taxable year. An estate or trust would have made the federal election under IRC § 108(i) as added by the American Recovery and Reinvestment Act of 2009. Arizona did not adopt the special federal DOI income deferral provisions for the 2009 or 2010 taxable year.

For Arizona purposes, if a taxpayer made the federal election to defer the inclusion of DOI income under IRC § 108(i), the estate or trust was required to add the amount of deferred DOI income to Arizona income for the year for which the estate or trust made the election. If the estate or trust made the required addition to Arizona income on the Arizona return filed for the year in which the estate or trust reacquired the debt instrument (2009 or 2010), Arizona will not tax that DOI income twice. In the year in which the estate or trust includes that deferred DOI income in federal taxable income, the estate or trust may take a subtraction for the amount included for that year.

#### **Resident Estate or Trust**

On line B9, enter the amount of previously deferred DOI income included in federal taxable income for the current taxable year to the extent that the amount was previously added to the Arizona income.

#### **Nonresident Estate or Trust**

On line B9, enter the amount of previously deferred Arizona source DOI that the estate or trust included in its Arizona

gross income for the current taxable year to the extent that the amount was previously added to the estate's or trust's Arizona income.

#### **M. Estate Income of an Arizona Nonprofit Medical Marijuana Dispensary (NMMD) included in Federal Adjusted Gross Income**

If the NMMD was registered to an individual as a sole proprietorship and the NMMD becomes part of the individual's estate after the individual died, the estate may subtract the amount of the income from the dispensary that is included in the computation of the estate's federal adjusted gross income. Include the amount of the income on line B9.

#### **N. Other Adjustments**

Other special adjustments may be necessary. Call one of the numbers listed on page 1 of these instructions if any of the following apply.

### **Schedule C - Fiduciary Adjustment Allocation**

Use Schedule C to determine the allocation of the shares of the Arizona fiduciary adjustment. This adjustment is divided among the beneficiaries and the fiduciary in proportion to their share of the federal distributable net income. If there is no federal distributable net income, each beneficiary's share of the adjustment is in proportion to each share of the estate or trust income distributed. Any balance of the adjustment not allocated to the beneficiaries is allocable to the fiduciary.

#### **Lines C1 through C10 -**

In column (a), enter the name of each beneficiary. In column (b), enter each beneficiary's share of the federal distributable net income. In column (c), enter the percentage of the estate or trust to be distributed to each beneficiary in accordance with the documents or laws controlling distribution of the estate or trust. #### **Line C11 -**

Add the amounts on lines C1 through C10 in column (b). Add the percents on lines C1 through C10 in column (c). If the fiduciary completed an additional schedule because there are more than 10 beneficiaries, include the amounts from the additional schedule on line C11.

## Schedule D - Federal Distributable Net Income From Arizona Sources

Schedule D is used to determine the net estate or trust income reportable to Arizona by **nonresident beneficiaries**. Use the information in Schedule D to complete Forms 141AZ, Schedule K-1(NR) for nonresident beneficiaries.

The fiduciary should complete Schedule D only if the trust or estate has Arizona nonresident beneficiaries. If the trust or estate does not have any nonresident beneficiaries, the fiduciary should skip Schedule D.

### Lines D1 through D9 -

In column (b), enter an amount for each item from which federal distributable net income is comprised. The total entered on line D9, column (b), should equal the federal distributable net income.

In column (c), enter that portion of federal distributable net income derived from Arizona sources. Such income includes Arizona rental and business income, and gains on the sale of Arizona property.

## Schedule E - Questions

Answer the questions on lines E1 through E7.

**Caution:** If the amount entered on line 14 includes a long-term capital gain from an investment made **after** December 31, 2011, you cannot include that portion of the net capital gain in your computation of the allowable subtraction for any net long-term capital gain from assets acquired after December 31, 2011 and included in federal adjusted gross income. For more information, see the instructions on page 12 for the amount to enter on line 13 on the net long-term capital gain worksheet.

### Lines 15a through 15e - Net Capital Gain or (Loss) and Net Long-Term Capital Gain Subtraction for assets acquired after December 31, 2011.

The credit allowed on the Arizona fiduciary return is subject to the following conditions:

1. The credit is allowed only for the proportion of the taxes paid to the other state or country that the income taxable to Arizona and also subject to tax in the other state or country bears to the entire income on which the taxes paid to the other state or country are imposed.
2. The credit cannot exceed the proportion of the tax payable to Arizona that the income subject to tax in the other state or country and also taxable to Arizona bears to the entire income that is taxable to Arizona.

## Filing Reminder to Fiduciary Filers

---

- DO NOT STAPLE THE RETURN. DO NOT STAPLE ANY DOCUMENT, SCHEDULE OR PAYMENT TO THE RETURN.**
- Be sure to use the correct year's form to file the return. Also, be sure to clearly mark the period covered by the return.
- Enter the correct EIN on the return.
- If the estate or trust is ready to file but has not yet received an EIN, it may file the return. Let us know what the number is as soon as it is received. Mail the correspondence to:
 

Taxpayer Assistance  
Arizona Department of Revenue  
PO Box 29086  
Phoenix, AZ 85038-9086
- Write the estate's or trust's EIN and tax year on the front of all checks and correspondence. Include the check with the return.
- Do not attach correspondence to the back of the return. Mail all correspondence separate from returns to:
 

Taxpayer Assistance  
Arizona Department of Revenue  
PO Box 29086  
Phoenix, AZ 85038-9086
- When filing returns that generate a refund due to any previous payments (i.e., amount paid with extension, amount paid as estimated payment, amount paid with original returns), it may speed the refund process if a copy of the canceled check of the previous payment accompanies the return generating the refund.
- If the estate or trust is a fiscal year filer (for periods not ending on December 31), use the Tax Table for the prior year. Example: If filing for April 1, 2013, to March 31, 2014, use the 2013 Tax Table. If this return is for a short taxable year, use the 2014 Tax Table. Example: If filing for June 1, 2014, to November 30, 2014, use the 2014 Tax Table.
- If the income is taxable but deductions bring the return to zero, make sure all necessary lines are filled in to support this declaration.

10. Grantor trusts file an information return using Form 141AZ showing no numerical figures for lines 7 through 30. Taxable income on a grantor trust reverts to the grantor. The grantor reports this income on the Arizona individual income tax return. The fiduciary should indicate that the return is for a grantor trust by checking the appropriate box on line 6.
11. When filing an amended Form 141AZ return, be sure the return is marked as an amended return. You must plainly mark an amended return "amended" by checking the appropriate box on line 6. If amending the 2014 return use the 2014 form. If amending a different tax year, use the Form 141AZ for that tax year.
12. File returns on time to avoid late filing and/or late payment penalties. Returns are due on the 15th day of the fourth (4th) month from the date the tax period ends.

---

### **Taxpayer's Identification Numbers**

---

All returns, statements, and other documents filed with the Arizona Department of Revenue require a taxpayer identification number (TIN). The TIN for a trust or an estate is its EIN.

Taxpayers who fail to include the proper TIN may be subject to a penalty. Please check the return to be sure that all required identification numbers are accurate and written clearly. Missing, incorrect, or unclear identification numbers may cause delays in processing the returns.

---

### **Identification Numbers for Paid Preparers**

---

If you pay someone else to prepare your return, that person must also include an identification number where requested.

A paid preparer may use any of the following

- his or her PTIN
- his or her SSN
- the EIN for business

A paid preparer who fails to include the proper numbers may be subject to a penalty.

## Instructions for completing the worksheet for the subtraction from Arizona gross income for the net long-term capital gain from assets acquired after December 31, 2011.

### Purpose of the Worksheet

The estate or trust may subtract a percentage of any undistributed net long-term capital gain included in its federal taxable income (resident estate or trust) or its Arizona gross income (nonresident estate or trust) that is from an investment in an asset acquired after December 31, 2011. The worksheet is used to identify a *qualified* asset. For purpose of this subtraction, “qualified” means a capital asset acquired after December 31, 2011 and held for more than one year.

To take the allowable subtraction, you must know whether the capital gain or (loss) is considered short-term or long-term. Only the net long-term capital gain from qualified assets is used to compute the allowable subtraction. For more information about determining whether a gain or (loss) is short term or long term, see federal *Publication 544* at [www.irs.gov](http://www.irs.gov).

### Who Should Complete this Worksheet?

Complete the worksheet to compute the allowable subtraction if the estate or trust has a net long-term capital gain included in federal taxable income (resident estate or trust) or its Arizona gross income (nonresident estate or trust) and the gain includes assets purchased after December 31, 2011.

Do *not* complete this worksheet if either of the following applies.

- The estate or trust does not have any capital gains to report for the current tax year; or
- The estate or trust does not have any net capital gain from qualified asset(s) acquired after December 31, 2011, to report for the current tax year.

### General Instructions

1. Enter the estate’s or trust’s name and employer identification number as shown on Form 141AZ, page 1.
2. Check the box if this worksheet is for an original or an amended return.
3. Keep this worksheet for the estate’s or trust’s records.

### Line-by-Line instructions for completing the worksheet

For a resident estate or trust, the Arizona gross income is the federal taxable income. For a nonresident estate or trust, the Arizona gross income is that part of the federal taxable income derived from Arizona sources.

- **Column (c)** is the amount of the long-term capital gains or (losses), included in column (b) for assets acquired before January 1, 2012.
- **Column (d)** is the amount of the long-term capital gains or (losses), included in column (b) for assets acquired after December 31, 2011.

#### Line 12 –

Subtract line 11 from line 10 and enter the difference in each applicable column.

The fiduciary must make the statement under declaration of perjury. The statement must indicate the following.
  - The years for which returns were filed.
  - The years for which the gross and Arizona taxable incomes were less than the amount necessary to require the filing of returns.
2. A return was filed by or on behalf of the decedent and for the estate for each taxable year in which the respective incomes of the decedent or estate exceeded the requirements for filing returns.
3. A final return is filed when the certificate is requested. This return must be filed regardless of the gross or net income for the year. If there is no income, file a return with "zero" on all lines.

### General Instructions

**NOTE:** *These instructions specifically address attaching Form W-2 and Form W-2c. Certain federal information returns (i.e. Form W-2G, Form 1099-MISC, Form 1099-R, etc.) should only be included to report Arizona withholding, in accordance with Arizona Withholding Tax Ruling WTR 99-1.*

#### Who May Use Form A1-APR

**NOTE:** **Only an employer that qualifies to make its withholding payment on an annual basis should use Form A1-APR. If the employer files Form A1-QRT or Form A1-R, do not file Form A1-APR.**

An employer may make its Arizona withholding payments on an annual basis if all of the following conditions are met:

- The employer has established a history of withholding activity by filing the quarterly tax return (Form A1-QRT) for at least the four preceding calendar quarters.
- The employer's withholding liability was an amount greater than zero for at least one of the four preceding calendar quarters.
- The average amount of Arizona income taxes withheld by the employer in the four preceding calendar quarters does not exceed \$200. The employer will meet this average withholding requirement if the total amount withheld in the four preceding calendar quarters is \$800 or less.
- The employer has timely filed Form A1-QRT and has timely made its Arizona withholding payments for at least three of the four preceding calendar quarters.
- The employer has filed Form A1-QRT for all preceding calendar quarters and does not have a balance due (tax, penalty, or interest) for any preceding calendar quarter.
- The employer has filed the annual reconciliation tax return (Form A1-R) for all preceding calendar years and has timely filed Form A1-R for the preceding calendar year.

An employer may continue to make its Arizona withholding payments on an annual basis for the succeeding calendar year if all of the following conditions are met:

- The average amount of Arizona income taxes withheld by the employer in the four preceding calendar quarters does not exceed \$200.
- The employer has timely filed the annual payment tax return (Form A1-APR) and has timely made its annual Arizona withholding payment for the preceding calendar year.

If an employer does not meet all of the qualifying conditions to continue making its Arizona withholding payments on an annual basis for the succeeding calendar year:

- The employer must determine its Arizona withholding payment schedule for succeeding calendar quarters according to the Arizona Withholding Liability/Payment Schedule section of Form A1-QRT instructions; and
- The employer shall file quarterly tax returns (Form A1-QRT) for succeeding calendar quarters.

#### Filing Original Returns

Returns are due on or before February 28 of the year following the close of the calendar year. If the due date falls on a Saturday, Sunday, or legal holiday, the return is considered timely filed if it is postmarked by the next day that is not a Saturday, Sunday, or legal holiday. If the employer has an Arizona extension, file the return by the extended due date. Attach a copy of the Arizona extension to the front of the return. Mail the return to:

Arizona Department of Revenue  
PO Box 29009  
Phoenix AZ 85038-9009.

Form A1-APR is also the Arizona transmittal return for federal Form W-2 and Form W-2c. Form W-2G, Form 1099-MISC, Form 1099-R and all similar federal information returns are only required if those forms include Arizona withholding. These federal information returns are required to be filed with Form A1-APR as an integral part of the annual reconciliation required by statute.

The department normally determines the timeliness of a return by the postmark or other official mark of the U.S. Postal Service stamped on the envelope in which the return is mailed. Refer to Arizona General Tax Ruling GTR 93-1 for further information. The department will also accept proof of mailing from a private delivery service included in the Internal Revenue Service (IRS) list of designated private delivery services. Contact the private delivery service for information regarding how to obtain written proof of mailing.

#### Extension of Time to File a Return

An employer may apply for an extension of time to file Form A1-APR upon a showing of good cause. The employer must file the extension request as soon as the employer knows that an extension of time to file is necessary. The extension request must be mailed on or before the due date of Form A1-APR. An extension cannot be granted if the extension request is filed after the due date of Form A1-APR. An extension of time to file Form A1-APR is also an extension of time to file federal Forms W-2, W-2c, W-2G, and/or 1099-R that are required to be filed with that return.

**NOTE:** *To request an extension to file Arizona Form A1-APR, refer to Arizona Withholding Tax Procedure WTP 11-1, available on the department's website [www.azdor.gov](http://www.azdor.gov) under Legal Research and Procedures. Be sure to select "Withholding" from the drop down box for the Procedure Tax Type.*

## Payment of Tax

The entire amount of tax is due on or before the original due date of Form A1-APR, even if the employer has been granted an extension of time to file Form A1-APR. Payments can be made via check, electronic check, money order, or credit card. Visit [www.AZTaxes.gov](http://www.AZTaxes.gov) to register and make payments via the Internet.

Payments made with the employer's extension request should be accompanied by a completed Form A1-WP, indicating the payment is for the 4th Quarter of 2014.

## Filing Amended Returns

If this is an amended Form A1-APR, check the amended return box on page 1 of the form. Complete Part II, Part III, and Part IV on page 1 of the form according to the instructions for those sections. Also complete Part V on page 2 of the form.

## Submitting Forms W-2, W-2c, W-2G, and 1099-R

The department will accept federal Forms W-2, W-2c, W-2G, and 1099-R (if Forms W-2G and 1099-R include Arizona withholding) submitted by either method listed below:

**Optical media.** Label the CD-ROM or DVD with the employer's name, employer identification number, calendar year and Form W-2 or Form 1099 (or both, whichever applies). If the CD-ROM or DVD is password protected, include the email the password originated from on the CD-ROM or DVD label. Email the password separately to [MediaLibrarian@azdor.gov](mailto:MediaLibrarian@azdor.gov). Include "Form W-2" or "Form 1099" (or both, whichever applies) in the subject line of the email. In the body of the email, include the same information that is on the CD-ROM or DVD label. The department **will not** return or copy any media.

Employers submitting the information on CD-ROM or DVD should secure the CD-ROM or DVD in a hard case and include it with Form A1-APR.

**CAUTION:** The employer substitutes the CD-ROM or DVD at its own risk and understands that the information may need to be provided to the department again at a later date if it is not accessible by the department for any reason.

Refer to Publication 701, *Optical Media Reporting*, for information regarding optical media specifications for reporting federal Forms W-2, W-2c, W-2G, and 1099-R.

**NOTE:** Only the federal attachments to Arizona Form A1-APR may be filed via optical media. A paper copy of Arizona Form A1-APR must be filed to the address on the form, unless Form A1-APR was filed electronically through [www.AZtaxes.gov](http://www.AZtaxes.gov) or a payroll service company. Please do not include a paper copy of Form A1-APR with the CD-ROM or DVD containing optical media. Instead, complete Arizona Form A1-T

**Paper copy.** Submit a paper copy of each federal Form W-2, W-2c, W-2G, and 1099-R with Form A1-APR.

**NOTE:** If Form A1-APR was filed electronically, then complete Arizona Form A1-T and include it with the paper copy of the federal Forms W-2, W-2c, W-2G and 1099-R.

Mail Form A1-APR and the attachment(s) to:

Arizona Department of Revenue  
PO Box 29009  
Phoenix, AZ 85038-9009

## Penalties and Interest

**A. Late Filing Penalty.** A return filed after the original due date is subject to the late filing penalty unless the employer has an approved Arizona extension. The employer must attach a copy of the approved Arizona extension to the return. A return filed after its extended due date is also subject to the late filing penalty. The late filing penalty is 4.5% (.045) of the amount of tax required to be shown on the return. "Amount of tax required to be shown on the return" is the amount of tax imposed less the amount of any part of the tax paid on or before the beginning of the month. The penalty period is each month or fraction of a month between the due date of the return and the date the employer filed the return. The maximum penalty is 25% of the tax found to be remaining due.

**B. Late Payment Penalty.** The department imposes the late payment penalty on any amount shown as tax on the return that is not paid by the date prescribed for its payment. The late payment penalty is 0.5% (.005) of the unpaid tax for each month or fraction of a month the tax remains unpaid, not to exceed 10% of the unpaid tax.

**NOTE:** If both of the penalties described in A and B apply, the maximum combined penalty is 25%.

**C. Additional Failure to Pay Penalty.** An employer is required to withhold Arizona income tax from compensation paid to an employee for services performed in Arizona, unless the compensation is exempt from Arizona withholding by Arizona law. The department may impose a penalty if the amount of tax required to be withheld, whether the amount of tax is determined by the employer or the department, is not paid to the department by the date prescribed for its payment. The amount of the penalty is 25% of the amount of tax required to be withheld and paid to the department.

**D. Payroll Service Company Penalty.** A payroll service company, as defined in Arizona Revised Statutes § 43-418(E)(3), is subject to a \$25 penalty for failure to make withholding payments electronically and a \$25 penalty for failure to file withholding returns electronically. Multiple \$25 penalties could apply to the same client on one return. For example, if Client A is required to make four payments in the 3rd quarter, and none of the payments are made electronically, the payroll service company would be subject to four \$25 penalties, a total of \$100. If the payroll service company files the quarterly reconciliation for Client A by paper, an additional penalty of \$25 would apply for a grand

total of \$125 in penalties assessed toward the payroll service company related to Client A for the 3rd quarter.

**E. Interest.** The department assesses interest on any portion of the tax, whether determined by the department or the employer, not paid by the date prescribed for its payment. The department applies interest, compounded annually, in the same manner and at the same times as prescribed by Internal Revenue Code (IRC) § 6621 with the following exception.

**Exception:** The Arizona rate of interest for both underpayments and overpayments *for all taxpayers* is the federal underpayment rate under IRC § 6621(a)(2). On January 1 of each year, the department adds any interest outstanding as of that date to the principal amount of the tax. It is then a part of the principal amount of the tax and accrues interest until paid.

**Specific Instructions**

Form A1-APR may be filed online. Employers that are registered with the Arizona Department of Revenue and registered at [www.AZTaxes.gov](http://www.AZTaxes.gov) may file Form A1-APR and make withholding payments online. Visit [www.AZTaxes.gov](http://www.AZTaxes.gov) to register.

### General Instructions

#### Who May Use Form A1-QRT

An employer must make its Arizona withholding payments to the department either on a quarterly basis or at the same time as the employer makes its federal withholding deposits. An employer must file a quarterly withholding tax return with the department to report its Arizona withholding tax liability.

An employer incurs an Arizona withholding tax liability either quarterly, or on the same dates as it incurs a federal withholding liability (monthly, semi-weekly, or next-day). An employer must determine when it incurs an Arizona withholding tax liability to establish its correct Arizona withholding payment schedule. An employer makes this determination by calculating its average Arizona withholding tax liability for the four preceding calendar quarters or by using an alternate calculation if it does not have historical data for the preceding four calendar quarters. Both computations are discussed in the Arizona Withholding Liability/Payment Schedule section of these instructions.

**FORM A1-QRT:** Use the quarterly tax return if the liability is incurred on a quarterly, monthly, semi-weekly or next-day basis. A monthly liability employer that incurs a next-day liability during the calendar quarter immediately becomes an Arizona semi-weekly liability employer for the remainder of the calendar quarter.

**NOTE:** *Quarterly returns are required to be filed for every quarter by employers that are registered with the department, until the employer cancels its withholding registration by filing a final Form A1-QRT. This includes quarterly returns with no (zero) withholding liability. The only exception is for employers that qualify to file and pay annually (Form A1-APR).*

**EXCEPTION FOR ANNUAL PAYMENT RETURN (FORM A1-APR):** Certain employers may make their withholding payments on an annual basis and file an annual withholding tax return on Form A1-APR. These employers will not file Form A1-QRT or Form A1-R, or use Form A1-WP for their annual withholding payment.

An employer may make its Arizona withholding payments on an annual basis if all of the following conditions are met:

- The employer has established a history of withholding activity by filing the quarterly tax return (Form A1-QRT) for at least the four preceding calendar quarters.
- The employer's withholding liability was an amount greater than zero for at least one of the four preceding calendar quarters.
- The average amount of Arizona income taxes withheld by the employer in the four preceding calendar quarters does not exceed \$200. The employer will meet this average withholding requirement if the total amount withheld in the four preceding calendar quarters is \$800 or less.

- The employer has timely filed Form A1-QRT and has timely made its Arizona withholding payments for at least three of the four preceding calendar quarters.
- The employer has filed Form A1-QRT for all preceding calendar quarters and does not have a balance due (tax, penalty, or interest) for any preceding calendar quarter.
- The employer has filed the annual reconciliation tax return (Form A1-R) for all preceding calendar years and has timely filed Form A1-R for the preceding calendar year.

An employer may continue to make its Arizona withholding payments on an annual basis for the succeeding calendar year if all of the following conditions are met:

- The average amount of Arizona income taxes withheld by the employer in the four preceding calendar quarters does not exceed \$200.
- The employer has timely filed the annual tax return and has timely made its annual Arizona withholding payment for the preceding calendar year.

If an employer does not meet all of the qualifying conditions to continue making its Arizona withholding payments on an annual basis for the succeeding calendar year:

- The employer must determine its Arizona withholding payment schedule for succeeding calendar quarters according to the instructions in the Arizona Withholding Liability/Payment Schedule section; and
- The employer shall file the quarterly tax return (Form A1-QRT) for succeeding calendar quarters.

#### Penalties and Interest

**A. Late Filing Penalty.** A return filed after the due date is subject to the late filing penalty. The late filing penalty is 4.5% (.045) of the amount of tax required to be shown on the return. "Amount of tax required to be shown on the return" is the amount of tax imposed less the amount of any part of the tax paid on or before the beginning of the month. The penalty period is each month or fraction of a month between the due date of the return and the date the taxpayer filed the return. The maximum penalty is 25% of the tax found to be remaining due.

**B. Late Payment Penalty.** The department imposes the late payment penalty on any amount shown as tax on the return that is not paid by the date prescribed for its payment. The late payment penalty is 0.5% (.005) of the unpaid tax for each month or fraction of a month the tax remains unpaid, not to exceed 10% of the unpaid tax.

**NOTE:** *If both of the penalties described in A and B apply, the maximum combined penalty is 25%.*

**C. Additional Failure to Pay Penalty.** An employer is required to withhold Arizona income tax from compensation paid to an employee for services performed in Arizona, unless the compensation is exempt from Arizona withholding by Arizona law. The department may impose a penalty if the amount of tax required to be withheld, whether the amount of tax is determined by the employer or the department, is not paid to the department by the date prescribed for its payment. The amount of the penalty is 25% of the amount of tax required to be withheld and paid to the department.

**D. Payroll Service Company Penalty.** A payroll service company, as defined in Arizona Revised Statutes (A.R.S.) § 43-418(E)(3), is subject to a \$25 penalty for failure to make withholding payments electronically and a \$25 penalty for failure to file withholding returns electronically. Multiple \$25 penalties could apply to the same client on one return. For example, if Client A is required to make four payments in the 3rd quarter, and none of the payments are made electronically, the payroll service company would be subject to four \$25 penalties, a total of \$100. If the payroll service company files the quarterly reconciliation for Client A by paper, an additional penalty of \$25 would apply for a grand total of \$125 in penalties assessed toward the payroll service company related to Client A for the 3rd quarter.

**E. Interest.** The department assesses interest on any portion of the tax, whether determined by the department or the employer/taxpayer, not paid by the date prescribed for its payment. The department applies interest, compounded annually, in the same manner and at the same times as prescribed by Internal Revenue Code (IRC) § 6621 with the following exception. **Exception:** The Arizona rate of interest for both underpayments and overpayments *for all taxpayers* is the federal underpayment rate under IRC § 6621(a)(2) [the federal short-term rate, determined pursuant to IRC § 6621(b), plus three percentage points]. On January 1 of each year, the department adds any interest outstanding as of that date to the principal amount of the tax. It is then a part of the principal amount of the tax and accrues interest until paid.

### Arizona Withholding Liability/Payment Schedule

Arizona law requires an employer to compute its average Arizona withholding tax liability for the preceding four calendar quarters at the beginning of each new quarter. This calculation is performed to determine the correct Arizona withholding payment schedule.

An employer that has four full consecutive calendar quarters of Arizona withholding liability historical data must use the regular withholding payment schedule computation. An employer that does not have four full consecutive calendar quarters of Arizona withholding liability historical data must use the alternate withholding payment schedule computation.

#### A. Regular Arizona Withholding Liability/Payment Schedule Computation

An employer required to use the regular computation must add its withholding liabilities for the preceding four calendar quarters and divide the total by four.

An employer must make its Arizona withholding payments on a quarterly basis if the average amount of Arizona income taxes withheld during the preceding four calendar quarters does not exceed \$1,500.

An employer must make its Arizona withholding tax payments at the same time as its federal withholding deposits if the average amount of Arizona income taxes withheld during the preceding four calendar quarters exceeds \$1,500.

<b>Example 1</b>		
An employer is trying to determine the correct Arizona withholding payment schedule for the second calendar quarter 2015. The employer would make the following calculation to compute the average amount of Arizona income taxes withheld in the preceding four calendar quarters.		
First quarter 2015 withholding		\$ 1,100
Fourth quarter 2014 withholding	+	1,600
Third quarter 2014 withholding	+	1,000
Second quarter 2014 withholding	+	1,200
Total withholding	=	\$ 4,900
Divide by	÷	4
Average withholding	=	\$ 1,225
This example illustrates a four-quarter average of Arizona income taxes withheld that does not exceed \$1,500. Therefore, the employer is required to make Arizona withholding payments on a quarterly basis.		

<b>Example 2</b>		
An employer is trying to determine the correct Arizona withholding payment schedule for the third calendar quarter 2015. The employer would make the following calculation to compute the average amount of Arizona income taxes withheld in the preceding four calendar quarters.		
Second quarter 2015 withholding		\$ 1,800
First quarter 2015 withholding	+	1,400
Fourth quarter 2014 withholding	+	1,900
Third quarter 2014 withholding	+	1,300
Total withholding	=	\$ 6,400
Divide by	÷	4
Average withholding	=	\$ 1,600
This example illustrates a four-quarter average of Arizona income taxes withheld that exceeds \$1,500. Therefore, the employer is required to make Arizona withholding payments at the same time as its federal withholding deposits.		

#### B. Alternate Arizona Withholding Liability/Payment Schedule Computation

An employer must make its Arizona withholding payments on a quarterly basis if the average amount of Arizona income taxes withheld during the preceding four calendar quarters does not exceed \$1,500.

An employer must make its Arizona withholding tax payments at the same time as its federal withholding deposits (monthly, semi-weekly, or next-day), if the average amount of Arizona income taxes withheld during the preceding four calendar quarters exceeds \$1,500.

An employer required to use the alternate computation must use one of the following methods.

**An employer that purchases an existing business** must determine its Arizona withholding payment schedule for each calendar quarter by calculating the average amount withheld in the four preceding calendar quarters as follows:

- For the first quarter of withholding, the employer must calculate the previous owner's average amount of Arizona income taxes withheld in the four preceding calendar quarters.
- For the second through fourth quarters of withholding, the employer must calculate the average amount withheld in the four preceding calendar quarters by combining its prior quarters of withholding with the previous owner's quarters of withholding.
- For subsequent quarters of withholding, the employer must calculate the average amount withheld based on amounts the employer withheld in the four preceding calendar quarters.

**A newly formed business** must determine its Arizona withholding payment schedule as follows:

- For the first quarter of withholding, the employer must make its Arizona withholding payments on a quarterly basis.
- For the second quarter of withholding, the employer must determine its Arizona withholding payment schedule based on the amount withheld in the first quarter of withholding.
- For the third quarter of withholding, the employer must determine its Arizona withholding payment schedule by adding the amounts withheld in the first and second quarters and dividing by two.
- For the fourth quarter of withholding, the employer must determine its Arizona withholding payment schedule by adding the amounts withheld in the first, second, and third quarters and dividing by three.
- For subsequent quarters of withholding, the employer must determine its Arizona withholding payment schedule by adding the amounts withheld in the four preceding calendar quarters and dividing by four.

**When two or more employers consolidate their business activities to form one entity**, the new employer must determine its Arizona withholding payment schedule based on the combined withholding of the prior employers for the preceding four full quarters. Any prior employer with fewer than four full quarters of withholding activity must annualize the amounts withheld and divide by four. The new employer must determine its Arizona withholding payment schedule by combining this amount with the quarterly averages of the other prior employers with four full quarters of withholding activity.

### C. Withholding Payment Due Dates

**Internet payments:** Registered employers may make their withholding payments on the Internet. Go to [www.AZTaxes.gov](http://www.AZTaxes.gov) to register or for further information.

**Quarterly** Arizona withholding payments are due on the following dates:

- First calendar quarter - April 30 of the current calendar year;
- Second calendar quarter - July 31 of the current calendar year;
- Third calendar quarter - October 31 of the current calendar year;
- Fourth calendar quarter - January 31 of the next calendar year.

If the quarterly withholding payment due date is a non-banking day (Saturday, Sunday, or a legal holiday), the withholding payment is timely if made on the next banking day.

*An employer required to make its Arizona withholding payments at the same time as its federal withholding deposits must make its Arizona withholding payments on a monthly, semi-weekly, or next-day basis.*

**Monthly** Arizona withholding payments are due on the fifteenth day of the month following the calendar month in which the taxes accumulated.

If the fifteenth day of the following month is a non-banking day (Saturday, Sunday, or a legal holiday), the withholding payment is timely if made on the next banking day.

**Semi-Weekly** Arizona withholding payments are due on the following schedule:

- *Wednesday through Friday semi-weekly period* - on or before the following Wednesday.
- *Saturday through Tuesday semi-weekly period* - on or before the following Friday.

If any of the *three weekdays* following the close of a semi-weekly period is a non-banking day (a legal holiday), an additional banking day is granted to make the required payment.

If a calendar quarter ends during a semi-weekly period (on a day other than Tuesday or Friday), the following rules apply:

- Taxes accumulated on the days in the current calendar quarter are subject to one payment obligation.
- Taxes accumulated on the days in the next calendar quarter are subject to a separate payment obligation.
- The payment(s) is (are) due at the normal payment due date for the semi-weekly period.

**Next-Day** Arizona withholding payments are due on the first banking day following the day that an employer incurs a federal next-day deposit obligation. The employer must make a next-day federal withholding deposit if federal taxes accumulate to \$100,000 or more on any day during a monthly or semi-weekly deposit period. The Arizona withholding payment is due the same day as the federal withholding deposit although the Arizona withholding tax liability may not have reached \$100,000 for the same monthly or semi-weekly period. A monthly liability payer that incurs an Arizona next-day withholding payment obligation during the calendar quarter immediately becomes an Arizona semi-weekly liability payer for the remainder of the calendar quarter.

**Extended Form A1-QRT due dates available to taxpayers who have made every payment on time.** A.R.S. § 43-401(C) allows some employers additional time to file Form A1-QRT. Employers who have made every payment on time during the preceding calendar quarter may have ten additional days in which to file Form A1-QRT.

Form A1-QRT, for employers who have made every payment on time during the preceding calendar quarter, are considered timely if filed by the following dates:

- First calendar quarter - May 11, 2015;
- Second calendar quarter - August 10, 2015;
- Third calendar quarter - November 10, 2015;
- Fourth calendar quarter - February 10, 2016.

Because May 10, 2015, is a Sunday, the return is considered to be timely for the first quarter if it is filed on the next day that is not a Saturday, Sunday, or legal holiday.

Form A1-QRT, for employers who have *not* made every payment on time during the preceding calendar quarter, are considered timely if filed by the following dates:

- First calendar quarter - April 30, 2015;
- Second calendar quarter - July 31, 2015;
- Third calendar quarter - November 2, 2015;
- Fourth calendar quarter - February 1, 2016.

**Because October 31, 2015 is a Saturday and January 31, 2016 is a Sunday, the return is considered to be timely for those quarters if it is made on the next day that is not a Saturday, Sunday, or legal holiday.**

If the overpayment exceeds the outstanding liabilities or the employer has no outstanding liabilities, a refund check will be issued and mailed to the employer. ### General Instructions

An employee can request that his or her employer reduce his or her withholding in an amount equal to income tax credit(s) the employee will qualify for when filing the employee's income tax return. Only the following credits qualify for the reduction in withholding:

- contributions to qualifying charitable organizations, provided by Arizona Revised Statutes (A.R.S.) § 43-1088 and claimed on Arizona Form 321;
- contributions made or fees paid to public schools, provided by A.R.S. § 43-1089.01 and claimed on Arizona Form 322; and
- contributions to private school tuition organizations, provided by A.R.S. §§ 43-1089 and 43-1089.03 and claimed on Arizona Form 323 and Arizona Form 348.

### Who Must File Form A1-C

Employers that make payments of the reduced withholding of its employees to charitable organizations as provided by A.R.S. § 43-401(G)(1) must file Form A1-C, *Arizona Charitable Withholding Statement*, to report the information required by A.R.S. § 43-401(G)(4). Form A1-C is also the Arizona transmittal statement for detail forms. These detail forms are required to be filed with Form A1-C as an integral part of the statement required by the statute.

Instead of completing the individual Charitable Withholding Statements, employers may substitute their own schedule as long as it contains the same information.

**NOTE:** *Employers that file Form A1-C must still file either Form A1-APR, Arizona Annual Payment Withholding Tax Return, or Form A1-R, Arizona Withholding Reconciliation Return, to reconcile their payments and transmit federal Forms W-2, W-2c, W-2G, 1099-R and any other federal information returns that include Arizona withholding. Mail each form to the address on the form, by the due date or extended due date.*

### Filing Original Statements

This statement must be filed annually, on a calendar year basis (i.e., for the period January 1, 2015, through December 31, 2015) or within 15 days of termination of an employee whose withholding was reduced. The annual statement is due by January 30 of the year following the calendar year in which

donations were withheld. If the due date falls on a Saturday, Sunday, or legal holiday, the statement is considered timely if it is filed by the next day that is not a Saturday, Sunday, or legal holiday. Mail the statement to:

Arizona Department of Revenue  
Office of Economic Research and Analysis  
PO Box 29099  
Phoenix, AZ 85038-9099

### Filing Amended Statements

If this is an amended Form A1-C, check the amended statement box. Enter the amended numbers in all areas of the form, and complete Part III to explain why an amended statement is being filed. Include amended detail forms with the amended statement. Check the "Corrected" box on the amended individual statements.

Check the boxes to indicate whether this statement is an amended statement, and whether the address of the employer has changed.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). Taxpayers that fail to include their TIN may be subject to a penalty. The TIN for a paid tax return preparer is the individual's social security number or the employer identification number of the business. Paid tax return preparers that fail to include their TIN may be subject to a penalty.

There may be several individual Charitable Withholding Statements for each charity and for each employee. Include continuation sheet(s), if necessary. ## 2014 Arizona Withholding Reconciliation Return

Obtain additional information or assistance by calling one of the numbers listed below:

Phoenix (602) 255-2060  
From area codes 520 and 928, toll-free (800) 843-7196

Obtain tax rulings, tax procedures, tax forms and instructions, and other tax information by accessing the department's website at [www.azdor.gov](http://www.azdor.gov).

### General Instructions

**NOTE:** *These instructions specifically address Form W-2 and Form W-2c. Certain federal information returns (i.e. Form W-2G, Form 1099-MISC, Form 1099-R, etc.) should only be included to report Arizona withholding, in accordance with Arizona Withholding Tax Ruling WTR 99-1.*

#### Who May File Form A1-R

Employers that file Form A1-QRT must file Form A1-R, *Arizona Withholding Reconciliation Return*, to perform the reconciliation required by Arizona Revised Statutes (A.R.S.) § 43-412. Form A1-R is also the Arizona transmittal return for federal Form W-2 and Form W-2c. Form W-2G, Form 1099-MISC, and Form 1099-R are only required if those forms include Arizona withholding. These federal forms are required to be filed with Form A1-R as an integral part of the reconciliation required by the statute.

**NOTE:** *Employers that file Form A1-APR, Arizona Annual Payment Withholding Tax Return, will not file Form A1-R. Form A1-APR contains the reconciliation required by A.R.S. § 43-412.*

#### Filing Original Returns

File this return only on a calendar year basis, i.e., for the period January 1, 2014, through December 31, 2014. The return is due by February 28 of the year following the calendar year for which payments were made. If the due date falls on a Saturday, Sunday, or legal holiday, the return is considered timely if it is filed by the next day that is not a Saturday, Sunday, or legal holiday. If the employer has an Arizona extension, file the return by the extended due date. Include a copy of the extension request to the front of the return. Mail the return to:

Arizona Department of Revenue  
PO Box 29009  
Phoenix, AZ 85038-9009

#### Extension of Time to File a Return

**NOTE:** *To request an extension to file Arizona Form A1-R, refer to Arizona Withholding Tax Procedure WTP 11-1, available on the department's website [www.azdor.gov](http://www.azdor.gov) under Legal Research and Procedures. Be sure to select "Withholding" from the drop down box for the Procedure Tax Type.*

An employer may apply for an extension of time to file Form A1-R upon a showing of good cause. The employer must file the extension request as soon as the employer knows that an extension of time to file is necessary. The extension request must be mailed on or before February 28.

An extension cannot be granted if the extension request is filed after the due date of Form A1-R. An extension of time to file Form A1-R is also an extension of time to file federal Forms W-2, W-2c, W-2G, and 1099-R associated with that return. Include a copy of the extension request to the front of Form A1-R when filing Form A1-R.

#### Filing Amended Returns

If this is an amended Form A1-R, check the amended return box. Enter the amended numbers in all areas of the form, and explain why an amended return is being filed in the space provided. Include amended federal Forms W-2, W-2c, W-2G, and/or 1099-R with the amended return.

#### Penalties

This form is an information return. The penalty for failing to file, filing late (including extensions) or filing an incomplete information return is \$100 for each month, or fraction of a month, that the failure continues, up to a maximum penalty of \$500.

#### Submitting Forms W-2, W-2c, W-2G, and 1099-R

The department will accept federal Forms W-2, W-2c, W-2G, and 1099-R (if Forms W-2G, and 1099-R include Arizona withholding) submitted by either method listed below:

**Optical media.** Label the CD-ROM or DVD with the employer's name, employer identification number, calendar year and Form W-2 or Form 1099 (or both, whichever applies). If the CD-ROM or DVD is password protected, include the email address the password originated from on the CD-ROM or DVD label. Email the password separately to [MediaLibrarian@azdor.gov](mailto:MediaLibrarian@azdor.gov). Include "Form W-2" or "Form 1099" (or both, whichever applies) in the subject line of the email. In the body of the email, include the same information that is on the CD-ROM or DVD label. The department **will not** return or copy any media.

**CAUTION:** The employer submits the CD-ROM or DVD at its own risk and understands that the information may need to be provided to the department again at a later date if it is not accessible by the department for any reason.

Employers submitting the information on CD-ROM or DVD should secure the CD-ROM or DVD in a hard case and include it with Form A1-R.

Refer to Publication 701, *Optical Media Reporting*, for information regarding optical media specifications for reporting federal Forms W-2, W-2c, W-2G, and 1099-R.

**NOTE:** *Only the federal documents submitted with the Arizona Form A1-R may be filed via optical media. A paper copy of Arizona Form A1-R must be filed to the address on the form, unless Form A1-R was filed electronically through a payroll service company or transmitter. Please do not include a paper copy of Form A1-R with the CD-ROM or DVD containing optical media. Instead, complete Arizona Form A1-T.*

Mail Form A1-R and the document(s) to:

Arizona Department of Revenue

**Employee's Instructions**

Arizona law requires your employer to withhold Arizona income tax from your wages for work done in Arizona. This amount is applied to your Arizona income tax due when you file your tax return. The amount withheld is a percentage of your gross taxable wages of every paycheck. You may also have your employer withhold an extra amount from each paycheck. Complete this form to select a percentage and any extra amount to be withheld from each paycheck.

**What are my "Gross Taxable Wages"?**

For withholding purposes, your "gross taxable wages" are the wages that will generally be in box 1 of your federal Form W-2. It is your gross wages less any pretax deductions, such as your share of health insurance premiums.

**New Employees**

Complete this form in the first five days of employment to select an Arizona withholding percentage. You may also have your employer withhold an extra amount from each paycheck. If you do not file this form, the department requires your employer to withhold 2.7% of your gross taxable wages.

**Current Employees**

If you want to change the current amount withheld, you must file this form to change the Arizona withholding percentage or change the extra amount withheld.

**What Should I do With Form A-4?**

Give your completed Form A-4 to your employer.

**Electing a Withholding Percentage of Zero**

You may elect an Arizona withholding percentage of zero if you expect to have no Arizona income tax liability for the current year. Arizona tax liability is gross tax liability less any tax credits, such as the family tax credit, school tax credits, or credits for taxes paid to other states. If you make this election, your employer will not withhold Arizona income tax from your wages for payroll periods beginning after the date you file the form. Zero withholding does not relieve you from paying Arizona income taxes that might be due at the time you file your Arizona income tax return. If you have an Arizona tax liability when you file your return or if at any time during the current year conditions change so that you expect to have a tax liability, you should promptly file a new Form A-4 and choose a percentage that applies to you.

**Voluntary Withholding Election by Certain Nonresident Employees**

Compensation earned by nonresidents while physically working in Arizona for temporary periods is subject to Arizona income tax. However, under Arizona law, compensation paid to certain nonresident employees is not subject to Arizona income tax withholding. These nonresident employees need to review their situations and determine whether they should elect to have Arizona income taxes withheld from their Arizona source compensation. Nonresident employees may request that their employer withhold Arizona income taxes by completing this form to elect Arizona income tax withholding.

Obtain tax rulings, tax procedures, tax forms and instructions, and other tax information by accessing the department's website at [www.azdor.gov](http://www.azdor.gov).

Arizona Revised Statutes (A.R.S.) § 43-401 requires an employer to make Form A-4 available to employees at all times and to inform employees of the Arizona withholding election options.

Arizona income tax withholding is based on a percentage of gross taxable wages. "Gross taxable wages" is the amount that meets the federal definition of "wages" contained in Internal Revenue Code § 3401 and that will generally be included in box 1 of the employee's federal Form W-2 at the end of the calendar year (i.e. gross wages net of pretax deductions, such as the employee's portion of health insurance premiums). Employees may also elect an extra amount to be withheld from each paycheck.

## New Employees

New employees must complete Form A-4 within the first five days of employment. If the employee does not complete this form, the employer must withhold 2.7% of the employee's gross taxable wages, until the employer receives a completed form from the employee.

## Current Employees

Current employees must complete Form A-4 to elect a different Arizona withholding percentage or to change the extra amount to be withheld from each paycheck. If the employee wants to increase or decrease the amount of Arizona withholding, the employee must complete Form A-4 to change the Arizona withholding percentage or change the extra amount to be withheld from each paycheck.

## Electing a Withholding Percentage of Zero

An employee may elect an Arizona withholding percentage of zero, if the employee expects to have no Arizona income tax liability for the current taxable year. If an employee makes this election, the employer will not withhold Arizona income tax from the employee's compensation for payroll periods beginning after the date of the employee's election.

**NOTE:** *This election must be renewed annually by each employee claiming to be exempt from Arizona withholding.*

## Voluntary Withholding Election by a Nonresident Employee Exempt Under A.R.S. § 43-403(A)(5)

A qualifying employee may use this form to voluntarily elect to have a portion of the employee's compensation withheld under the provisions of A.R.S. § 43-403(D)(1) for application toward the employee's Arizona income tax liability. The employee completes this form to elect an Arizona withholding percentage and an extra amount to be withheld from each paycheck.

**NOTE:** *This exemption does not apply to a nonresident employee who is in this state solely for athletic or entertainment purposes.*

**QUALIFYING CRITERIA FOR THE A.R.S. § 43-403(A)(5) EXEMPTION.** The exemption under the provisions of A.R.S. § 43-403(A)(5) applies to wages paid to nonresident individuals who are:

1. Employed by a company having property, payroll, and sales in Arizona or by a related entity having more than 50 percent direct or indirect common ownership; **and**
2. Physically present in Arizona for less than 60 days in a calendar year for the purpose of performing a service that will benefit the employer.  
Activities not included in determining the number of days of service are:
  - a. Being in transit.
  - b. Engaging in personal activities.
  - c. Participating in training or professional development activities or attending meetings that are not directly connected to the Arizona operations of the employer.

A "related entity having more than 50 percent direct or indirect common ownership" means that the related entities are more than 50 percent owned by the same interests. The examples below illustrate three different situations in which the nonresident employee is performing services in Arizona for such an entity for less than 60 days during a calendar year. In these examples, the employer has met the qualifying criteria for the A.R.S. § 43-403(A)(5) exemption and, therefore, does not have to withhold Arizona income taxes from compensation paid to the employee for services performed in Arizona.

### **Example 1:**

Corporation A is the U.S. domestic parent of Corporation B, a wholly owned foreign subsidiary corporation. Corporation A has property, payroll and sales in Arizona. Corporation B operates in China and does not have property, payroll and sales in Arizona. Individual R, an Arizona nonresident, is an employee of Corporation B. Individual R performs services for Corporation B in Arizona for 45 days during calendar year 2015.

### **Example 2:**

Corporation F, based in California, is the common parent of Corporation W. Corporation F does not have property, payroll and sales in Arizona. Corporation W does have property, payroll and sales in Arizona. Individual L, an Arizona nonresident, is an employee of Corporation F. Individual L performs services for Corporation F in Arizona for 55 days during calendar year 2015.

### **Example 3:**

Individual D owns 60 percent of Corporation K and 51 percent of Corporation S. Individual N owns 40 percent of Corporation K and 49 percent of Corporation S. Corporation S has property, payroll and sales in Arizona. Corporation K, based in California, does not have property, payroll and sales in Arizona. Individual T, an Arizona nonresident, is an employee of Corporation K. Individual T performs services for Corporation K in Arizona for 35 days during calendar year 2015.
