

EXECUTIVE SUMMARY

Outstanding bonded indebtedness as of June 30, 2010 in Arizona, as reported by cities and towns, counties, community colleges, school districts, state agencies, universities, special districts and other political subdivisions was \$43.21 billion. This figure represents principal only; no interest is included in the \$43.21 billion total. In FY 2008/09, the total bonded indebtedness reported for the political subdivisions referenced above was \$41.148 billion.

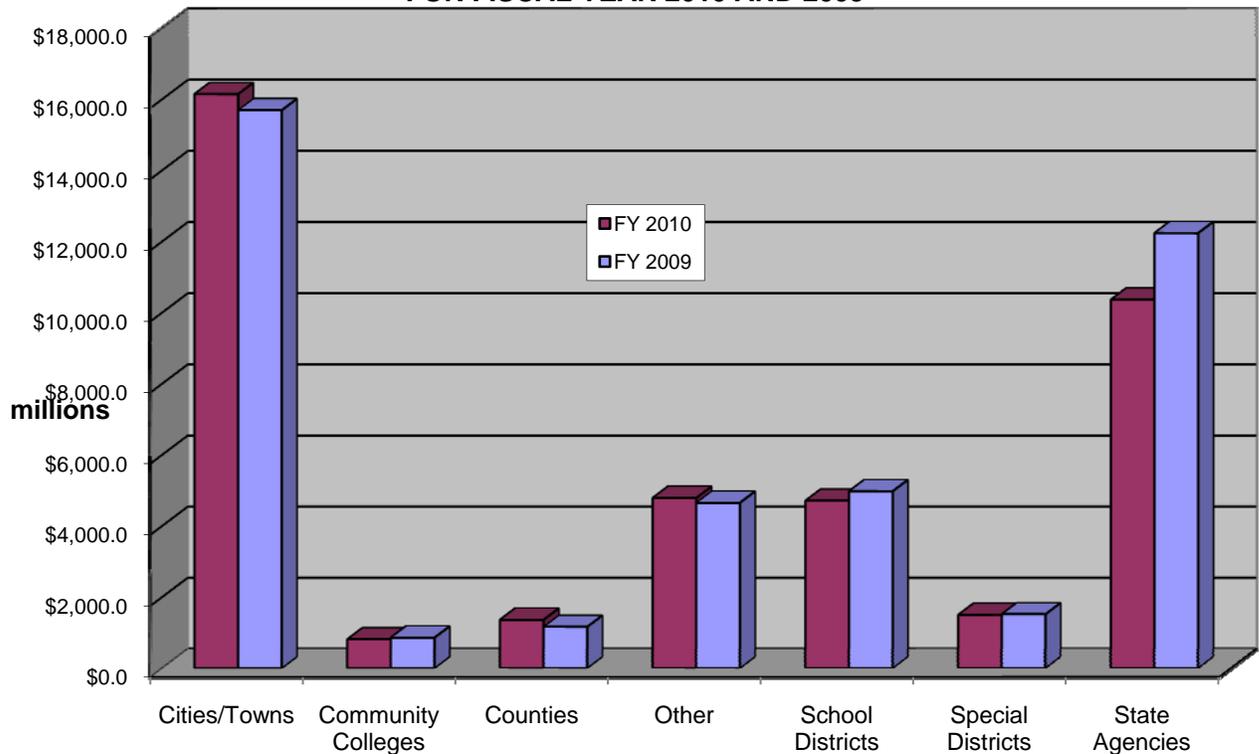

Throughout FY 2009/10, \$4.763 billion in new debt was reported by Arizona political subdivisions. Of the \$4.763 billion in new debt, \$221.4 million was directly attributed to refunding of old debt. Since refunding bonds basically replace old issues, there is no double counting of old and new issues in the political subdivision summary tables or the executive summary of this report. However, refunding bonds are included in the "New Issue" section of this report.

PERCENT OF NEW DEBT (INCLUDING NEW REFUNDING BONDS) BY COUNTY

According to reports submitted, all Arizona political subdivisions were within their constitutional debt limit at the end of the fiscal year. The aggregate debt limit for all political subdivisions reporting general obligation debt during the fiscal year (regardless of the debt limit percentage set by the Arizona Constitution) was \$49.796 billion. The total amount outstanding was \$6.952 billion.

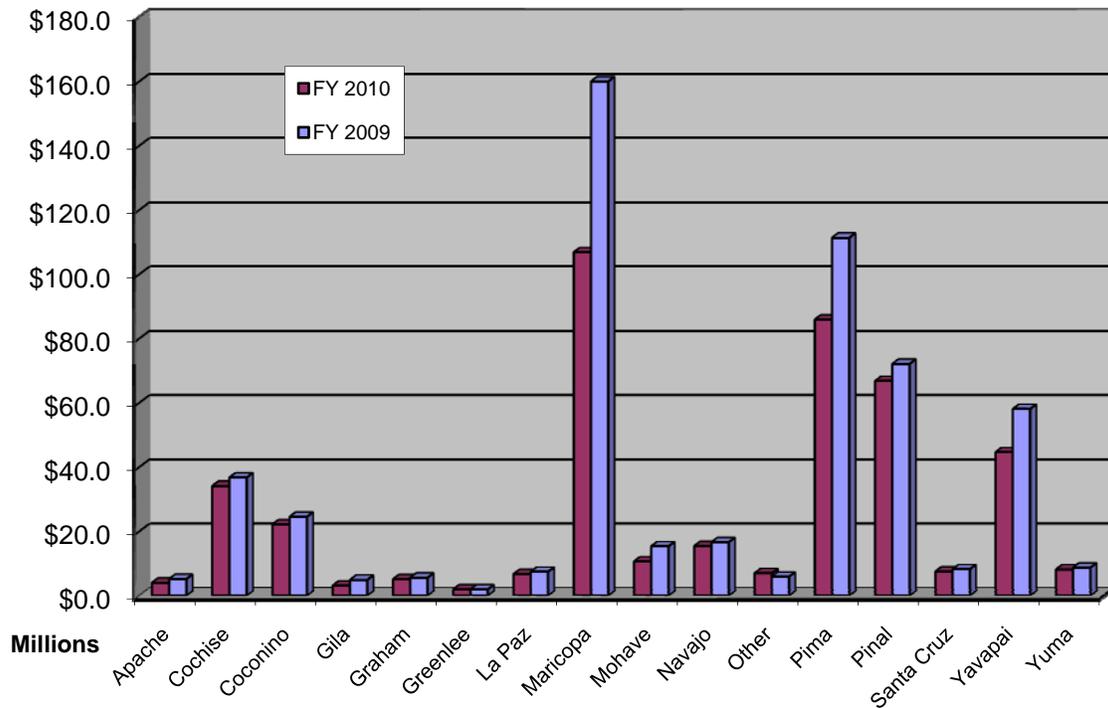

**BONDED INDEBTEDNESS REPORTED BY POLITICAL SUBDIVISIONS
FOR FISCAL YEAR 2010 AND 2009**

The change in the level of bonded indebtedness between years can be due to better reporting on behalf of political subdivisions or increases due to those who are issuing debt for the first time. Based on the information provided, this report provides an accurate representation of the outstanding indebtedness of the state as reported by political subdivisions. In FY 2009/10, 405 political subdivisions reported bonded indebtedness out of the 1,030 that submitted reports. In FY 2008/09, 396 political subdivisions reported bonded indebtedness out of the 1,007 that submitted reports. Even with this information, it is important to examine the detail contained in this book to understand the changes in levels of bonded indebtedness from year to year.

Outstanding lease purchases and third party contracts totaled \$980.7 million for all reporting subdivisions in FY 2009/10. There were 347 political subdivisions and agencies reporting these types of contracts. There were 689 political subdivisions and agencies that reported no lease purchase or third party contracts in FY 2009/10. (In FY 2008/09, \$1.034 billion in outstanding lease purchase and third party contracts was reported by 368 political subdivisions and agencies. There were 643 reporting no lease purchase or third party contracts in FY 2007/08.) Reporting by the political subdivisions and state agencies from year to year can be inconsistent. Conclusions from the comparison between the two fiscal years should be made only after carefully examining the detail contained in this report.

**TOTAL LEASE PURCHASE AND THIRD PARTY CONTRACT DEBT FOR
POLITICAL SUBDIVISIONS IN FISCAL YEAR 2010 AND 2009
(EXCLUDES STATE AGENCIES)**

A summary of debt and security obligations of Arizona political subdivisions is presented in the following table. Each type of political subdivision is grouped within the county in which it is located. County governments are only responsible for debt listed specifically as "County" obligations. Other jurisdictions are aggregated within the county boundaries for convenience and analysis purposes only.

This table provides a quick reference tool when attempting to research the outstanding indebtedness of political subdivisions. Each schedule shows the original principal of all outstanding bonds within the political subdivision, reports on total principal retired and/or refunded through FY 2009/10 and the new outstanding indebtedness at the end of the fiscal year. (Remember that there is no interest included in any of these figures.) The numbers in these schedules are provided by the political subdivisions pursuant to A.R.S. § 35-501 and 502.

HB 2282, Chapter 288, second regular session, 2010, required most local governments to report additional information (interest paid to date and interest paid in the latest fiscal year) to DOR. Fiscal year 2010 is the first year for collecting this additional information. The interest information applies to counties, community colleges and school districts with a student count of more than 600 pupils, and cities or towns with a population of more than 2,500 persons. This excludes State agencies and universities, special districts and other jurisdictions. Be aware that the interest paid to date amounts may have been difficult for jurisdictions to determine when a bond has been refunded or restructured. It also required DOR to maintain an online accessible and searchable database.

INTRODUCTION

In compliance with A.R.S. § 35-501 and § 35-502, this report is a compilation of bonded indebtedness reported for the fiscal year July 1, 2008 through June 30, 2009 (hereafter referred to as FY 2008/09), by the state, political subdivisions within the state or their statutory agents. A.R.S. § 35-501 states, in part:

"The department of revenue shall ascertain and record in its office all issues of bonds or other securities issued for a term in excess of one year by the state or a county, city, town, school district, irrigation district or other political subdivision within the state."

The statutory language above, by referring to "all issues of bonds or other securities" requires the collection of information on all debt including general obligation bonds, revenue bonds, certificates of participation, special district bonds, municipal property corporation bonds, impact aid revenue bonds, and lease purchases.

The statute also requires that the record will show the date of issuance, amount, denomination, rates of interest, maturity, etc., plus other information the department may require.

In addition, the statutes require that the department collect reports upon the *issuance* of new bonds and securities. These reports must contain information about the par amount, interest, repayment schedule, source of repayment, issue price and premium or discount, issuance costs, outstanding indebtedness, and the constitutional and statutory limitations on the issuance of new debt. A.R.S. § 35-502.A states,

"The state treasurer and the governing body of the county, city, town, district or other political subdivision shall make such reports to the department of revenue as the department requires relating to the issuance of the bonds and securities provided by § 35-501..."

Failure to comply is a class 2 misdemeanor, pursuant to paragraph B of the same section and jurisdictions in violation may not issue further indebtedness.

HB 2282, Chapter 288, second regular session, 2010, required most local governments to report additional information (interest paid to date and interest paid in the latest fiscal year) to DOR. Fiscal year 2010 is the first year for collecting this additional information. The interest information applies to counties, community colleges and school districts with a student count of more than 600 pupils, and cities or towns with a population of more than 2,500 persons. This excludes State agencies and universities, special districts and other jurisdictions. Be aware that the interest paid to date amounts may have been difficult for jurisdictions to determine when a bond has been refunded or restructured. It also required DOR to maintain an online accessible and searchable database.

This report is divided into four main sections: a summary of outstanding debt by jurisdiction; new debt issued during FY 2009/10; lease purchase and third party financing contracts reported by political subdivisions; and a summary of non reporters. Tables containing detailed data for each section are provided at the end of each section.

Section One of this report provides information for counties, cities and towns, community colleges, school districts, special districts, state agencies, universities and other entities. This includes information on general obligation bonds, revenue bonds, special assessment or special district bonds, certificates of participation, municipal property corporation debt and debt limitations. The data presented, which is as complete and accurate as the records submitted by the reporting political subdivisions, includes outstanding debt of **\$43.21** billion.

Section Two provides information on new debt issued. This information is summarized for counties, cities/towns, community colleges, school districts, special districts, agencies

universities and other entities. Highlights are provided for each sub-section. Copies of the forms used to report new debt, as provided by all jurisdictions in accordance with the above law, are available upon request.

Section Three provides a summary of the Lease Purchase/Third Party Contract information collected. While the department has always attempted to collect information about Certificates of Participation, because they are clearly specified in A.R.S. §35-501, reporting of Lease Purchases by the political subdivisions has not been entirely comprehensive. The data presented is as complete and accurate as the records submitted by the reporting political subdivisions for FY 2008/09.

Section Four lists political subdivisions that failed to submit a Report of Bonded Indebtedness or Lease Purchase/Third Party Financing Report.

TYPES OF BONDED INDEBTEDNESS

General Obligation bonds are secured by the issuer's general taxing power (typically property taxes). These bonds are usually subject to a constitutional debt limit and necessitate voter approval. The various constitutional debt limits for general obligation bonds are determined by multiplying the net secondary assessed value of taxable property in the issuing jurisdiction by the percentage set out in the Arizona Constitution (Article IX, Sections 8 and 8.1). In this report, the net secondary assessed value used to calculate debt limitations was from the 2009 Property Tax Rates and Assessed Values, issued by the Arizona Tax Research Foundation.

Revenue bonds are secured by a specific, identified revenue source, typically non-property tax revenue. These sources include excise taxes, rents or fees (including tuition) or other revenues, in some instances paid by the users of the project being funded by the bonds. These bonds may not require voter approval and are not subject to constitutional debt limits. Projects financed through revenue bonds include street and highway construction or improvements, university capital projects, housing authority projects, electric light or power systems, water or sewer systems or stadiums.

Special Assessment or Special District bonds fund projects that generally benefit a specific group of property owners within an established geographic area or "district". They are secured by assessments (or taxes) that are levied against property located within the district.

Municipal Property Corporation bonds are issued by non-profit corporations acting on behalf of a political subdivision of this state. These bonds are used as a financing tool to build or acquire projects that are then leased back to the political subdivision. Typically, the lease revenues received by the non-profit corporation are used to secure the bonds. Lease payments may in turn be secured by a revenue stream of the political subdivision. Because the bonds are issued by the non-profit corporation, they are typically not considered debt of the political subdivision and are not subject to the constitutional debt limits.

Certificates of Participation are generally proportional shares in annually appropriated long-term leases. Generally, these leases are subject to cancellation by the issuing political subdivision if the annual payments are not appropriated. As a result, the leases are not considered long-term debt and are not subject to the constitutional debt limits.

Impact Aid Revenue bonds are paid from revenues received through a federal program designed to directly reimburse public schools for the loss of traditional revenue sources due to a federal presence or activity.

LEASE PURCHASES/THIRD PARTY CONTRACTS

Lease purchases and third party contracts are not bonded indebtedness. Information on these obligations has been requested by the department and included because of the language in A.R.S. § 35-501, shown on the first page of the Introduction to this report, which states "other securities issued for a term in excess of one year..." No lease purchases or third party contracts with terms of less than one year are included here.

All figures and information contained in this report have been reviewed by the Debt Oversight Commission, as established by A.R.S. § 35-504.

SECTION ONE

**FY 2009/10 BONDED INDEBTEDNESS BY POLITICAL
SUBDIVISION**

COUNTIES

County debt is debt that is the ultimate responsibility of the county. Under this definition, special assessment or special district debt issued by an independent political subdivision but reported by the county is not included here. Ten counties have reported outstanding debt totaling \$1.4 billion at the end of FY 2009/10. Detail of the outstanding debt reported by the counties can be found in Table 1. Four types of debt have been reported:

- ✓ \$422 million in general obligation debt, reported by two counties;
- ✓ \$793 million in revenue bonds, reported by seven counties;
- ✓ \$67.8 million in certificates of participation, reported by four counties; and
- ✓ \$83.7 million in municipal property corporation debt, reported by one county.

During FY 2009/10, \$147.6 million of outstanding principal was retired or refunded by counties. Coconino County, Graham County, Greenlee County, La Paz and Yuma County reported no debt.

The following table lists debt by county, from most debt to least debt. This table does not allow for any kind of determination as to whether a county has heavy or light debt; it is simply a rank order from highest to smallest.

COUNTY	OUTSTANDING DEBT
Pima	\$996,196,031
Pinal	\$155,195,000
Maricopa	\$145,035,000
Santa Cruz	\$14,735,000
Yavapai	\$14,000,000
Mohave	\$13,115,000
Navajo	\$10,615,000
Gila	\$7,800,000
Cochise	\$5,830,000
Apache	\$3,980,000
Coconino	\$0
Graham	\$0
Greenlee	\$0

COUNTY	OUTSTANDING DEBT
La Paz	\$0
Yuma	\$0

Please note that the outstanding balances listed in the report should reflect all indebtedness as of June 30, 2010. *However, the year-end balances should reflect any July 1, 2010 payments if the payment amount has been deposited into a dedicated fund for the payment of principal.*

GENERAL OBLIGATION DEBT

Pima and Apache Counties reported general obligation debt, subject to the 15% county debt limitation. Both counties were within their constitutional debt limitation, as shown below and on Table 1.

COUNTY	DEBT LIMITATION	DEBT	% OF DEBT LIMIT USED
Pima	\$1,479,147,135	\$417,995,000	28%
Apache	\$78,742,534	\$3,980,000	5%

REVENUE BONDS

Gila, Maricopa, Navajo, Pima, Pinal, Santa Cruz, and Yavapai Counties have outstanding revenue bonds, which are considered county debt but are not subject to a limitation. The outstanding balance in revenue bonds at the end of FY 2009/10 was \$793 million, after payments totaling \$62.8 million during the fiscal year.

CERTIFICATES OF PARTICIPATION

Cochise, Maricopa, Mohave, and Pima Counties reported certificates of participation. The outstanding balance in certificates of participation at the end of FY 2009/10 was \$67.8 million, after retiring and refunding \$3.9 million during the fiscal year.

MUNICIPAL PROPERTY CORPORATION DEBT

Pinal County reported municipal property corporation debt. The outstanding balance at the end of FY 2009/10 was \$83.7 million. A total of \$85 million in principal was retired and refunded during the fiscal year.

INTEREST

Counties are required to report interest paid during the fiscal year and interest paid to date per A.R.S. § 41-4604. The counties reported interest paid during FY 2009/10 of \$56.9 million on \$1.4 billion of outstanding principal as of June 30, 2010 and \$330 million interest paid to date on 53 issues with an original principal of \$2 billion.

PER CAPITA DEBT

One method of determining the level of debt in relation to the other counties is dividing total outstanding debt by the population of the county. High per capita debt is neither good nor bad; it is simply a comparative tool to describe how the county compares to others. Using this measure, Pima County has the most debt per capita, as can be seen on the following table.

COUNTY	PER CAPITA DEBT
Pima	\$978.57
Pinal	\$435.57
Santa Cruz	\$307.62
Gila	\$136.35
Navajo	\$91.97
Mohave	\$63.43
Yavapai	\$61.27
Apache	\$51.91
Cochise	\$41.56
Maricopa	\$36.05
Coconino	\$0
Graham	\$0
Greenlee	\$0
La Paz	\$0
Yuma	\$0

The population measure used to calculate per capita debt is the July 1, 2009 Department of Commerce estimate.

CITIES/TOWNS

City and town bonded indebtedness consists of general obligation bonds, revenue bonds, special district or special assessment bond issues (for which the city or town has, at least, contingent liability), certificates of participation and debt issued on behalf of the city or town by municipal property corporations. As of June 30, 2010, these types of outstanding debt totaled \$16.15 billion for cities and towns, a 2.9% increase from the \$15.70 billion reported for FY 2009. Of the 91 incorporated cities and towns in Arizona, 77 had at least one of these types of debt outstanding at the end of the FY 2010; 14 reported no debt.

Detail of the outstanding indebtedness of cities and towns, in alphabetical order, can be found in Table 2. The cities and towns reported the following outstanding bonded indebtedness as of June 30, 2010:

- ✓ \$4.6 billion in general obligation debt, reported by 26 cities and towns;
- ✓ \$4.7 billion in revenue bonds, reported by 67 cities and towns;
- ✓ \$6.5 billion in debt issued through municipal property corporations, reported by 37 cities and towns.
- ✓ \$263.2 million in certificates of participation, reported by 8 cities and towns; and
- ✓ \$100.4 million in special assessment debt¹, reported by 13 cities and towns;

During FY 2010, 32 municipalities issued 75 new issues totaling \$1.4 billion. Of all the cities and towns with outstanding debt, Phoenix has the most with \$6.7 billion while Pima has the least with \$35,000. Ten municipalities with outstanding debt in excess of \$300 million account for 85.9% of all outstanding debt.

CITY/TOWN	OUTSTANDING DEBT
Phoenix	\$6,701,679,129
Mesa	\$1,323,505,964
Scottsdale	\$1,159,204,882

¹ This is city improvement debt authorized in Title 48. For this report, special assessment and improvement district debt is combined.

Please note that the outstanding balances listed in the report should reflect all indebtedness as of June 30, 2010. However, the year-end balances will reflect any July 1, 2010 payments, if the payment amount has been deposited into a dedicated fund for the payment of the principal.

GENERAL OBLIGATION DEBT

Total outstanding general obligation debt of Arizona's cities and towns as of June 30, 2010 was \$4.6 billion, or 28.6% of all outstanding debt. General obligation debt was reported by 26 of the 91 incorporated cities and towns. General obligation debt issued by a city or town is subject to either the 6% or 20% of ad valorem valuation constitutional debt limit, dependent upon the purpose of the debt. Article IX, § 8, paragraph 1 of the Arizona Constitution states:

“... that any incorporated city or town, with such assent, may be allowed to become indebted to a larger amount, but not exceeding twenty per centum additional, for supplying such city or town with water, artificial light, or sewers, when the works for supplying such water, light, or sewers are or shall be owned and controlled by the municipality, and for the acquisition and development by the incorporated city or town of land or interests therein for open space preserves, parks, playgrounds and recreational facilities, public safety, law enforcement, fire and emergency services facilities and streets and transportation facilities.”

City and town debt is being measured against debt limits. Of the cities reporting general obligation debt for FY 2010, no city or town exceeded its 6% or 20% constitutional debt limit.

CITY / Town	DEBT LIMITATION	DEBT	% OF DEBT LIMIT USED
Avondale	\$166,858,374	\$37,160,000	22.3%

Tolleson	\$70,096,642	\$37,582,957	53.6%
Tucson	\$1,047,862,954	\$238,315,610	22.7%
Willcox	\$6,069,556	\$1,190,000	19.6%
Yuma	\$197,155,356	\$2,765,000	1.4%

Cities and towns retired and refunded \$374.2 million in outstanding general obligation principal during the fiscal year. Cities with general obligation debt in excess of \$200 million, in order of most to least debt, are: Phoenix, Scottsdale, Tempe, Chandler, Mesa, Tucson and Glendale.

REVENUE BONDS

Total outstanding debt from revenue bonds as of June 30, 2010 was \$4.7 billion, or 28.9% of total outstanding debt. There were 67 cities and towns with outstanding revenue bonds. Cities retired and refunded \$308.5 million in principal in the fiscal year.

The cities with revenue bond debt in excess of \$200 million, in order of most to least debt, are: Mesa, Tucson, Scottsdale, Glendale, Yuma, and Tempe.

MUNICIPAL PROPERTY CORPORATION DEBT

Municipal property corporation debt was reported in 37 cities and towns for FY 2010, with an outstanding balance at the end of the fiscal year of \$6.5 billion. This represents 40.2% of total outstanding debt. Cities retired and refunded \$245.1 million in the fiscal year. Outstanding debt amounts ranged from \$5.0 billion for Phoenix to \$89,563 for Bisbee.

CERTIFICATES OF PARTICIPATION

Eight cities and towns reported certificates of participation with total outstanding principal on June 30, 2010 of \$263.2 million, or 1.6% of total debt. A total of \$13.2 million in principal was retired and refunded in the fiscal year. Tucson, with \$205.3 million, and Phoenix, with \$29.5 million, account for 89.2% of outstanding certificates of participation debt.

SPECIAL ASSESSMENT BONDS

Special assessment bonds are issued by a city or town for improvements in a subsection of the city or town. Thirteen cities and towns reported special assessment debt totaling \$100.4 million.

Cities retired and refunded \$8.5 million in special assessment principal in FY 2010. The cities with outstanding special assessment debt in excess of \$5 million, in order of most to least debt, are: Queen Creek, Gilbert, Kingman and Mesa.

INTEREST

Cities and towns with a population greater than 2,500 persons are required to report interest paid during the fiscal year and interest paid to date per A.R.S. § 41-4604. Huachuca City and Tombstone has total outstanding debt of \$139,500 but were not required to report interest because their population is below the 2,500 threshold. The remaining cities and towns reported interest paid during FY10 of \$738.5 million on \$16.15 billion of outstanding principal as of June 30, 2010 and \$4.6 billion interest paid to date on 774 issues with an original principal of \$21.9 billion.

PER CAPITA DEBT

One method of comparing the level of debt in relation to other cities and towns is per capita debt, dividing total outstanding debt by the population. High per capita debt is neither good nor bad; it is simply a tool to show how much debt the city or town has at a given point in time in comparison with other cities or towns.

CITY/TOWN	PER CAPITA DEBT

COMMUNITY COLLEGES

Community college bonded indebtedness consists of general obligation debt, revenue bonds and certificates of participation. Of the eleven community colleges, Gila College, Eastern Arizona Community College and Northland Pioneer College have reported no debt. Detail of the outstanding indebtedness of Community Colleges can be found in Table 3. The community colleges reported the following outstanding bonded indebtedness as of June 30, 2010:

- ✓ \$ 773.3 million in general obligation debt, reported by six community colleges, and
- ✓ \$ 41.3 million in revenue bonds, reported by seven community colleges

During FY 2009/10, \$120.8 million of outstanding principal was retired or refunded. The following table lists debt by community college, from most debt to least debt. This table does not allow for any determination as to whether a community college has heavy or light debt; it is only a rank order from highest to smallest.

COMMUNITY COLLEGE	OUTSTANDING DEBT
Maricopa	\$ 601,930,000
Arizona Western ²	\$ 68,790,000
Yavapai	\$ 47,730,000
Central Arizona ³	\$ 45,405,000
Coconino	\$ 15,535,000
Pima	\$ 14,635,000
Cochise	\$ 10,405,000
Mohave	\$ 10,215,000
Northland Pioneer ⁴	\$ 0
Eastern Arizona ⁵	\$ 0
Gila	\$ 0

Please note that the outstanding balances listed in the report should reflect all indebtedness as of June 30, 2010. *However, the year-end balances should reflect any July 1, 2009 payments, if the payment amount has been deposited into a dedicated fund for the payment of the principal.*

²Arizona Western Community College serves Yuma and La Paz Counties.

³Central Arizona Community College serves Pinal County.

⁴Northland Pioneer College serves Navajo County.

⁵Eastern Arizona Community College serves Graham County.

GENERAL OBLIGATION DEBT

Arizona Western, Central Arizona, Coconino, Maricopa, Pima and Yavapai Community Colleges reported general obligation debt subject to the constitutional 15% debt limitation imposed on school districts, which includes community college districts. Each of the community colleges was within their debt limitation, as shown below and on Table 3.

COMMUNITY COLLEGE	DEBT LIMITATION	DEBT	% OF DEBT LIMIT USED
Arizona Western	\$ 258,404,580	\$ 68,790,000	26.6%
Central Arizona	\$ 509,814,480	\$ 39,105,000	7.7%
Coconino	\$ 323,377,651	\$ 15,535,000	4.8%
Maricopa	\$8,697,607,758	\$587,930,000	6.8%
Pima	\$1,479,147,135	\$ 47,310,000	3.2%
Yavapai	\$ 573,740,327	\$ 50,470,000	8.8%

REVENUE BONDS

Arizona Western, Central Arizona, Cochise, Maricopa, Mohave, Pima and Yavapai Community Colleges have outstanding revenue bonds. These bonds are secured by and to be repaid from student tuition and fees. Student unions, classrooms, dormitories and general construction are the primary purposes listed for these bonds. The outstanding balance in revenue bonds at the end of FY 2009/10 was \$41.3 million, after retiring and refunding \$4.1 million during the fiscal year.

CERTIFICATES OF PARTICIPATION

There were no certificates of participation in fiscal year 2009/10.

PER STUDENT DEBT

One method of determining the level of debt in relation to the other community colleges is dividing total outstanding debt by the full-time student count. High per student debt is neither good nor bad; it is simply a comparative tool to describe how the community college compares to others. Using this measure, Arizona Western College has the most debt per student, as can be seen on the table below:

COMMUNITY COLLEGE	PER STUDENT DEBT
Arizona Western	\$14,257
Yavapai	\$11,641
Central Arizona	\$9,979
Maricopa	\$8,026
Coconino	\$7,226
Mohave	\$2,688
Cochise	\$1,387
Pima	\$642
Eastern Arizona	\$0
Gila	\$0
Northland Pioneer College	\$0

The student population counts used to calculate the per student debt are those provided by the State Board of Community Colleges for FY 2009/10 the expenditure limitation calculation.

INTEREST

Community colleges are required to report interest paid during the fiscal year and interest paid to date per A.R.S. § 41-4604. Community colleges reported a total interest paid during FY 2010 of \$ 38.2 million on \$814.6 million of outstanding principal as of June 30, 2010, and \$225.0 million interest paid to date on 30 issues with an original principal of \$1.3 billion.

SCHOOL DISTRICTS

School districts can incur general obligation debt, which is subject to constitutional debt limitations. For Class A general obligation bonds, elementary schools and high schools have a debt limitation of 15% of ad valorem valuation; unified school districts have a limit of 30%.

Class B general obligation bonds are subject to a lower debt limitation. Elementary schools and high schools are subject to a debt limitation of 5% of ad valorem valuation or \$1,500 per student based on average daily membership, which ever is greater. Unified school districts have a limit of 10% or \$1,500 per student based on average daily membership, which ever is greater.

Some school districts are also subject to a restricted debt limitation due to the issuance of some Capital Appreciation Bonds prior to March 31, 1996.

Of the 221 school districts that reported, 94 had no bonded indebtedness in FY 2009/10. Five school districts (Sierra Vista USD in Cochise, Clifton USD in Greenlee, Isaac ESD and Union ESD in Maricopa and Mammoth-San Manuel USD in Pinal) retired all outstanding debt as of June 30, 2010. The remaining 127 school districts with outstanding bonded indebtedness had:

- ✓ \$1.2 billion in Class A general obligation debt, reported by 77 school districts;
- ✓ \$3.4 billion in Class B general obligation debt, reported by 93 school districts;
- ✓ \$410,000 in certificates of participation, reported by one school district;
- ✓ \$47.5 million in Impact Aid revenue bonds, reported by eight school districts.

Within school districts that have outstanding bonded indebtedness, the average debt per student was \$5,650. (There are 48 school districts with a higher debt-per-student figure.)

Detail of the outstanding indebtedness of Arizona school districts can be found in Tables 4 through 20. The following table shows the number of reporting school districts in each

county with and without outstanding bonded indebtedness as of June 30, 2010.

COUNTY	# WITH B.I.	# WITHOUT B.I.
Apache	5	6
Cochise	5	17
Coconino	4	6
Gila	3	5
Graham	3	4
Greenlee	2	3
La Paz	3	3
Maricopa	47	9
Mohave	8	6
Navajo	9	2
Pima	11	5
Pinal	11	7
Santa Cruz	1	5
Yavapai	7	15
Yuma	8	1

The next table lists county totals of school district debt, from most debt to least debt. This table does not allow for any kind of determination as to whether the school districts within the county have heavy debt or light debt; it is simply a rank order of debt outstanding as of June 30, 2010.

COUNTY TOTAL FOR SCHOOL DISTRICTS:	OUTSTANDING DEBT	DEBT PER STUDENT
Maricopa	\$3,306,980,000	\$6,043
Pima	\$546,850,000	\$4,455
Pinal	\$259,405,000	\$6,489
Yavapai	\$152,685,000	\$9,188
Mohave	\$113,544,650	\$5,416
Navajo	\$80,360,000	\$5,611
Yuma	\$78,795,000	\$3,063
Coconino	\$60,425,000	\$4,050
Gila	\$35,830,000	\$6,630
Apache	\$22,270,000	\$3,456
Cochise	\$15,930,000	\$2,566
Santa Cruz	\$8,970,000	\$2,615
Graham	\$7,240,000	\$1,466
Greenlee	\$2,985,000	\$2,093
La Paz	\$2,200,000	\$4,752

The debt per student figures shown on the previous table is calculated using the Arizona Department of Education's preliminary 100th

day average daily membership student count for FY 2009/10 for those districts with outstanding debt.

Tables 4 through 18, at the end of this section, summarize outstanding bonded indebtedness by school district by county, with the debt limitation calculation. Please note that the outstanding balances listed in the report should reflect all indebtedness as of June 30, 2010. *However, the year-end balances should reflect any July 1, 2010 payments if the payment amount has been deposited into a dedicated fund for the payment of the principal.*

GENERAL OBLIGATION DEBT

As mentioned, school district debt is being measured against debt limits which may be restricted due to prior issue of Capital Appreciation Bonds. Based upon information provided by the school districts, three districts still have restricted capacity. The restriction occurs only when a refunding Capital Appreciation bond was issued prior to March 31, 1996, creating debt capacity that was then used by subsequent bond issues. If such bonds have been paid off, no restriction exists. If such bonds have not yet been paid off, the restriction will be reduced as premium is paid off. Districts with restricted debt capacity are asterisked in Tables 4 through 18.

Per §15-1021, beginning January 1, 1999 school districts could begin issuing Class B bonds which are subject to a lower debt limitation than Class A bonds. For Class B bonds, elementary schools and high schools are subject to a debt limitation of 5% of ad valorem valuation or \$1,500 per student based on average daily membership, which ever is greater. Unified school districts have a limit of 10% or \$1,500 per student based on average daily membership, which ever is greater. Effective from and after December 31, 1999 school districts are no longer allowed to issue Class A bonds (with some exceptions). The total amount of Class A and B bonds issued by a school district cannot exceed the constitutional debt limits of 15% and 30%.

As of publication date, there are 93 school districts that are known to have Class B bonds with outstanding principal. In Tables 4 through 18, the Class B bonds have been separated from the other school district General Obligation issues but have not been

included in the debt limit comparisons. The Class B Bond outstanding principal and current capacity are shown in Table 19.

CERTIFICATES OF PARTICIPATION

The outstanding balance of this type of debt at the end of FY 2009/10 was \$410,000. J O Combs Unified School District in Pinal County was the only school district with this type of debt.

IMPACT AID REVENUE BONDS

Impact Aid Revenues are revenues received through a federal program designed to directly reimburse public schools for the loss of traditional revenue sources due to a federal presence or activity. School districts are not to authorize, issue or sell bonds (unless refunding) while there is existing indebtedness from impact aid revenue bonds. There are eight districts that have issued Impact Aid Revenue Bonds since FY 2003/04: Ganado USD and Red Mesa USD in Apache County; Page USD and Tuba City USD in Coconino County; Cedar USD, Whiteriver USD and Winslow USD in Navajo County; and Indian Oasis USD in Pima County. The outstanding balance of this type of debt at the end of FY 2009/10 was \$47.5 million.

INTEREST

School districts with 600 or more students are required to report interest paid during the fiscal year and interest paid to date per A.R.S. § 41-4604. School districts reported interest paid during FY 2009/10 of \$245 million on \$4.7 billion of outstanding principal as of June 30, 2010 and \$1.5 billion interest paid to date.

PER STUDENT DEBT

Table 20 shows bonded indebtedness for each school district with outstanding debt, in order from most debt to least debt. It also has debt per student for each district with rank order noted. Again, neither the rank order for outstanding debt nor the rank order for debt per student allows for any determination to be made as to level of debt in the school district. It is purely a comparative tool and only indicates the level of debt in the particular school district as of June 30, 2010.

As shown on Table 20, Phoenix Union High School District in Maricopa County has the largest amount of outstanding bonded indebtedness among all school districts as of

June 30, 2010, at \$266.4 million. In terms of debt per student, however, Phoenix Union High School District ranks 17th at \$10,611. The school district with the highest debt per

student is Sedona-Oak Creek Unified School District in Yavapai County, at \$53,976 in outstanding debt per student.

SPECIAL DISTRICTS

Special districts are located within counties and in some cities and towns. They issue debt which is not the ultimate responsibility of the county or city or town within which the special district is situated. The debt is secured by assessments levied against property located within the special district. The resulting projects primarily benefit an isolated group and they may or may not be subject to voter approval.

For example, there are Community Facilities Districts in Scottsdale, which issue debt. If something were to happen so that the debt service payments could not be made, Scottsdale would not necessarily be compelled to make the payments. Therefore, these districts stand alone and were not included in the county or city or town debt figures listed in previous sections.

Special district debt has been reported in thirteen of the fifteen counties. Of the 582 known special districts, reports have been received on the presence or absence of bonded indebtedness for 573 special districts.

The following table shows the outstanding debt at the end of FY 2009/10 and FY 2008/09 for the special districts within each county. (All dollar amounts are in millions.) The last two columns show the number of special districts reporting in each county that had outstanding debt at the end of the fiscal year.

Please note that the outstanding balances listed in the report should reflect all indebtedness as of June 30, 2010. *However, the year-end balances should reflect any July 1, 2010 payments, if the amount has been deposited into a dedicated fund for the payment of the principal.*

COUNTY	FY10	FY09	# 10	# 09
Apache	\$6.4	\$6.9	2	3
Cochise	\$0.5	\$0.7	2	1
Coconino	\$29.7	\$31.8	17	18
Gila	\$0.2	\$0.2	1	2
Graham	\$0.0	\$0.0	0	0
Greenlee	\$0.0	\$0.0	0	0
La Paz	\$4.5	\$3.2	1	1
Maricopa	\$539.5	\$559.6	45	44
Mohave	\$92.3	\$95.6	8	7
Navajo	\$18.2	\$18.1	19	18
Pima	\$380.5	\$375.2	16	17
Pinal	\$225.3	\$228.8	20	20
Santa Cruz	\$52.1	\$55.2	3	3
Yavapai	\$77.9	\$69.6	20	18
Yuma	\$76.7	\$86.9	8	7
Total	\$1,503.8	\$1,531.8	162	159

The total outstanding debt for the 162 special districts reporting debt as of June 30, 2010 was \$1.50 billion. *(Do not try to compare this number with the \$1.53 billion reported last year. Some districts that reported last year did not report this year and vice versa.)* The remaining 411 special districts reported that they had no outstanding bonded indebtedness. Tables 21 through 35 provide more information about each of the special districts within the counties. The nine districts that failed to report bonds are listed in Table 46.

During FY 2010, 12 special districts issued 15 new issues totaling \$71.6 million. Special districts are not required to report interest per A.R.S. § 41-4604. However, 142 special districts reported interest paid during FY10 of \$55.7 million on \$1.1 billion of outstanding principal as of June 30, 2010 and \$344.0 billion interest paid to date on 228 issues with an original principal of \$1.5 billion.

STATE AGENCIES AND UNIVERSITIES

State agencies and universities are summarized in this section. State agencies use revenue bonds due to restrictions on general obligation debt in Arizona. These revenue bonds are backed primarily by the revenues generated by the project being funded. The universities use revenue bonds and certificates of participation for funding purposes.

The Greater Arizona Development Authority and the Water Infrastructure Finance Authority do issue general obligation bonds, supported by payments made by the local jurisdictions. Detail on the outstanding indebtedness of State Agencies can be found in Table 36 in the Appendix.

The total outstanding debt for these agencies at the end of FY 2009/10 was \$12.6 billion after \$577.5 million in principal was retired or refunded during the fiscal year. However, it should be noted that debt reported by the Water Infrastructure Finance Authority and the Greater Arizona Development Authority is also reported by the receiving jurisdictions in their respective sections. Therefore, to avoid

double-counting this indebtedness (by counting it here and in the section for the receiving jurisdiction), the total indebtedness of these two agencies has been removed from the total noted at the beginning of this paragraph. (This explains why the total shown here and on Table 36 is different.)

During FY 2009/10, four state agencies and universities issued nine new issues totaling \$1.9 billion. State agencies and universities are not required to report interest per A.R.S. § 41-4604. However, six state agencies and universities reported interest paid during FY 2009/10 of \$250.4 million on \$13.9 billion of outstanding principal as of June 30, 2010 and \$1.5 billion interest paid to date on 99 issues with an original principal of \$17.9 billion.

Please note that the outstanding balances listed in the report should reflect all indebtedness as of June 30, 2010. *However, the year-end balances should reflect any July 1, 2010 payments if the payment amount has been deposited into a dedicated fund for the payment of principal.*

Loans issued by the Greater AZ Development Authority and the Water Infrastructure Finance Authority are also included in city bond tables.

OTHER JURISDICTIONS

Political subdivisions that do not belong to a particular jurisdiction are included in this section. Special districts, such as the Central Arizona Water Conservation District, which have boundaries that cross county lines are also included here. Details on the outstanding indebtedness of Other Jurisdictions can be found in Table 37.

Total outstanding debt for these organizations at the end of FY 2009/10 was \$4.8 billion after \$163.2 million in principal was retired or refunded during the fiscal year. The largest debt-holder shown here is Salt River Project.

During FY 2009/10, four other jurisdictions issued nine new issues totaling \$624.6 million.

Other jurisdictions are not required to report interest per A.R.S. § 41-4604. However, four other jurisdictions reported interest paid during FY 2009/10 of \$30.9 million on \$4.7 billion of outstanding principal as of June 30, 2010 and \$169.7 million interest paid to date on 10 issues with an original principal of \$6.9 billion.

Please note that the outstanding balances listed in the report should reflect all indebtedness as of June 30, 2010. *However, the year-end balances should reflect any July 1, 2010 payments if the payment amount has been deposited into a dedicated fund for the payment of principal.*

SECTION TWO

FY 2009/10 ISSUES

FY 2009/10 NEW ISSUES

Throughout FY 2009/10 \$4.763 billion in new debt was reported by Arizona political subdivisions. Of the \$4.763 billion in new debt, \$221.4 million was directly attributed to refunding old debt.

The following table lists new debt by county as well as the portion recognized as refunding.

COUNTY	NEW DEBT	REFUNDING
Apache	\$1,105,000	\$0
Cochise	\$7,430,000	\$10,020,000
Cocconino	\$69,105,000	\$0
Gila	\$14,970,000	\$1,140,000
Graham	\$0	\$0
Greenlee	\$0	\$0

Maricopa	\$1,186,535,584	\$68,020,000
Mohave	\$118,347,216	\$0
Navajo	\$445,280	\$0
Other	\$308,935,000	\$0
Pima	\$488,028,817	\$63,005,000
Pinal	\$96,532,334	\$5,470,000
Santa Cruz	\$15,135,000	\$0
State	\$2,217,960,000	\$39,655,000
Yavapai	\$46,070,116	\$0
Yuma	\$4,274,268	\$34,042,000
Total	\$4,541,873,615	\$221,352,000

COUNTIES

During the FY 2009/10, four counties reported eight new bond issues totaling \$340.1 million. The following is a breakdown of this total:

- ✓ \$113.5 million in a general obligation bond by one county;
- ✓ \$204.4 million in revenue bonds by two counties;
- ✓ \$20.0 million in a lease purchase by one counties;
- ✓ \$20.0 million in a certificate of participation by one county.

New county debt for the fiscal year can be found in Table 38.

NOTE: Copies of the Report of Bond and Security Issuance forms as provided by the jurisdictions can be obtained upon request.

CITIES AND TOWNS

City and town debt comes in a variety of forms including general obligation, revenue, special assessment, certificates of participation, lease purchase, and municipal property corporation bonds. In general, cities and towns obtain debt to improve roads, highways, waste water systems and other municipal facilities.

During FY 2009/10 thirty-two cities and towns incurred \$1,376.5 million in new debt. The following is a breakdown of this total:

- ✓ \$561.2 million in revenue bonds, reported by twenty eight cities and towns;
- ✓ \$750.7 million in general obligation debt, reported by twelve cities and towns;
- ✓ \$46.2 million in debt issued through municipal property corporations, reported by three cities and towns;
- ✓ \$18.3 million in certificates of participation, reported by two cities.

Projects for new debt issued by cities and towns include: \$492.3 million for wastewater and sewer projects, \$74.1 million for streets/highways, \$733.4 million for municipal improvement projects, and \$76.6 million for refunding.

Detail of the new debt issues reported by cities and towns for this fiscal year can be found in Table 39.

COMMUNITY COLLEGES

Authorized as separate municipal jurisdictions from the counties, community colleges have the authority to levy property taxes, and, therefore, can issue general obligation bonds. Of the ten community college districts statewide, two reported new debt during the fiscal year.

- ✓ \$71.3 million in general obligation bonds by two community colleges;

Detail on new issues by Community Colleges can be found in Table 40.

SCHOOL DISTRICTS

As discussed in section one, school districts incur, primarily, general obligation debt, subject to the limitations established by the constitution. During FY 2009/10, thirty-eight of Arizona school districts reported new general obligation debt in the amount of \$331.3 million (of this amount \$38.3 million of this amount was for refunding). An additional \$2.7 million was reported by one school district in the form of long term lease purchase agreements.

Six of the fifteen Arizona counties had school districts that issued new debt. Maricopa county schools accounted for approximately 51% of all new general obligation debt by issuing \$170.2 million. Of this amount, \$10.2 million is to be used in a refunding capacity. The remaining \$161.1 million is for improvement projects of various types.

Arizona school districts that reported debt for FY 2009/10 had, as of the date of their report, outstanding debt in the amount of \$4.7 billion. New debt and new lease purchases, then, account for 7.1% of total outstanding debt for school districts.

Detail of all new debt issued by school districts in the fiscal year can be found in Table 41.

SPECIAL DISTRICTS

Special districts are created within a county and organized to complete a specified project. Debt issued by these jurisdictions is not the ultimate responsibility of the county. Special district debt can take the form of general obligation, revenue, and special assessment bonds:

During FY 2009/10, twenty-two special districts incurred \$87.4 million in new debt. The following is a breakdown of this total:

- ✓ \$43.1 million in revenue bonds, issued by six special districts;
- ✓ \$18.8 million in general obligation bonds, issued by two special districts;
- ✓ \$12.7 million in special assessment bonds, issued by eight special districts;
- ✓ \$111,434 in lease purchase debt, issued by one special district;
- ✓ \$12.6 million in a certificate of participation, issued by one special district.

Detail of all new debt issued by special districts for the fiscal year can be found in Table 42.

STATE AGENCIES, UNIVERSITIES AND OTHERS

Entities listed in this section issue, almost exclusively, are revenue bonds. During FY 2009/10, one certificate of participation was issued as well:

- ✓ \$1.6 billion in revenue bonds, issued by nine agencies, universities and others;
- ✓ \$998.8 million in a certificate of participation bond, issued by one agency.

Detail of new debt issued by state agencies, universities and other jurisdictions for the fiscal year can be found in Table 43.

SECTION THREE

LEASE PURCHASES

LEASE PURCHASE/THIRD PARTY CONTRACTS

This section provides a summary of the Lease Purchase/Third Party Financing Contract (hereafter referred to as Lease Purchase) information collected for FY 2009/10. This information is presented by county only for the sake of organization. The counties are not responsible for the payment of any lease purchase contracts other than their own.

Arguments have been made that lease purchases are not debt, and therefore should not be the subject of the Department's requests or reports. The guiding principal behind collecting this information is the reference to 'other securities issued with a term in excess of one year...' in the statute.

In FY 1996/97, the first year that reporting was requested approximately 450 political subdivisions or state agencies submitted reports. The reports submitted for FY 1996/97

showed 669 lease purchase contracts with \$209.5 million outstanding at the end of that fiscal year.

For FY 2009/10, 1,025 political subdivisions and state agencies submitted reports. Reports submitted for this fiscal year reflected 1,268 lease purchase contracts with \$980.6 million outstanding at the end of the fiscal year. The data presented is as complete and accurate as the records submitted by the reporting political subdivisions and agencies.

Details of all Lease Purchase and Third Party Contracts reported by Arizona political subdivisions and state agencies can be found in Table 44. Table 45 lists all political subdivisions and state agencies who reported having no lease purchases or third party financing contracts.
