General Information

Senate bill 1043 (Laws 2002, Chapter 130) amended A.R.S. Title 43, Chapter 13, relating to income taxation of estates and trusts. For taxable years beginning from and after December 31, 2002, the Arizona income tax treatment of estates, trusts, and beneficiaries of estates and trusts will conform to the current federal income tax treatment under the Internal Revenue Code. Additionally, the legislation defines resident and nonresident trusts for purposes of the Arizona income tax.

Estates

An Arizona resident estate is the estate of a decedent who was a resident of Arizona at the time of death. The starting point for the Arizona income tax computation for a resident estate is the estate's federal taxable income.

A nonresident estate is an estate that is not a resident estate. The starting point for a nonresident estate is that portion of the estate's federal taxable income derived from Arizona sources.

Trusts

An Arizona resident trust is a trust of which the fiduciary is a resident of Arizona. If the trust has more than one fiduciary, the trust is a resident trust if a least one of the fiduciaries is a resident of Arizona. If a corporate fiduciary engaged in interstate trust administration is the sole fiduciary of a trust, or is a cofiduciary with a nonresident, the trust is a resident trust only if the corporate fiduciary conducts the administration of the trust in Arizona. The starting point for the Arizona income tax computation for a resident trust is the trust's federal taxable income.

A nonresident trust is a trust that is not a resident trust. The starting point for a nonresident trust is that portion of the trust's federal taxable income derived from Arizona sources.

Who Must File

If an estate or trust has income subject to Arizona tax, the fiduciary, or fiduciaries, must file a return when any of the following apply:

1. The estate's Arizona taxable income for the tax year is \$1,000 or more.
2. The trust's Arizona taxable income for the tax year is \$100 or more.
3. The estate's or trust's gross income for the tax year is \$5,000 or more, regardless of the amount of the taxable income.

The above also applies to bankruptcy estates.

The fiduciary does not have to file a return if the income does not exceed the amounts shown in items 1 through 3 above.

NOTE: *The fiduciary must file a final return for an estate when the fiduciary is requesting a tax certificate required by the probate court. In this case, the fiduciary must file a final return regardless of the estate's income. See instructions for requesting a certificate on pages 2 and 3.*

Fiduciary Filing Return on Form 140

A personal representative must file a return on Form 140 if any of the following apply:

- The Arizona adjusted gross income of a single decedent was \$5,500 or more.
- The gross income of a single decedent was \$15,000 or more.
- The Arizona adjusted gross income of a married decedent for which the representative will file a separate return was \$5,500 or more.
- The gross income of a married decedent for which the representative will file a separate return was \$15,000 or more.
- The Arizona adjusted gross income of a married decedent and his or her surviving spouse for which a joint return will be filed was \$11,000 or more.
- The gross income of a married decedent and his or her surviving spouse for which a joint return will be filed was \$15,000 or more.

For individual filing purposes, gross income is gross income as defined under the Internal Revenue Code less income included in gross income that is excluded from Arizona taxation.

Example:

A taxpayer died on June 29, 2003. The decedent had wages of \$9,700 and interest income of \$920 received through the date of death. The personal representative files a final Form 140 for the period January 1, 2003, through June 29, 2003. The personal representative notes on the Form 140 that the taxpayer is deceased as of June 29, 2003. The personal representative reports the wage and interest income of \$10,620 on the Form 140. The personal representative reports all income that the estate receives from June 30, 2003, forward on the Form 141AZ.

A fiduciary who has charge of the income of an individual must file a return of income on Form 140 if that individual's income meets the filing requirements. Such fiduciaries include guardians of minors and guardians or committees of legally incompetent persons.

Where several fiduciaries exist, a return filed by one of two or more joint fiduciaries is sufficient.

Filing For a Charitable Remainder Trust

Charitable remainder trusts should file on the Arizona Form 141AZ. The fiduciary should indicate that the return is for a charitable remainder trust by checking the appropriate box on line 6.

The trustee should not enter any numerical figures on the face of the return.

The trustee should not complete an Arizona Form 141AZ Schedule K-1 or Schedule K-1(NR) for any of its beneficiaries.

Grantor Trusts

Grantor trusts file only an information return since the income reverts to the grantor. The grantor reports this income on the individual income tax return (Form 140). Do not enter any numerical figures on the face of the return. Go directly to the signature line. The fiduciary should indicate that the return is for a grantor trust by checking the appropriate box on line 6.

When Should You File?

You must file a return made on a calendar year basis by April 15, 2004. You must file a return made on a fiscal year basis by the 15th day of the fourth month following the close of the fiscal year. Your filing date must be the same for Arizona as it is for federal purposes.

You may request an extension if you know you will not be able to file on time. *An extension does not extend the time to pay the income tax. Failure to pay at least 90 percent of the tax due by the original due date will result in a penalty.* Beginning April 16, Arizona charges interest on any unpaid tax. The extension underpayment penalty is one-half of one percent (.005) of the tax not paid for each 30 day period or fraction of a 30 day period. The extension underpayment penalty cannot exceed 25 percent of the unpaid tax.

To Get a Filing Extension, You Can Either:

1. Apply for a state extension (Form 204). To apply for a state extension, file Arizona Form 204 by April 15. See Form 204 for details. You must attach a copy of the Arizona extension to the back of your return when you file. Also make sure that you check either box 82D or 82F on page 1 of the return. If you must make a payment, use Arizona Form 204.
2. Use your federal extension - (Federal Form 2758 for estates or federal Form 8736 for trusts). File your Arizona return by the same due date. If you are filing under a federal extension, you do not have to attach a copy of your federal extension to your return, but make sure that you check either box 82D or 82F on page 1 of the return.

Does an Estate or Trust Have to Make Estimated Payments?

An estate or trust does not have to make estimated payments. An estate or trust may elect to make Arizona estimated tax payments on Arizona Form 140ES.

What if You File or Pay Late?

If you file or pay late, the department can charge you interest and penalties on the amount you owe. If the U.S. Post Office postmarks your 2003 calendar return by April 15, 2004, your return will not be late. You may also use certain private delivery services designated by the IRS to meet the "timely mailing as timely filed" rule.

Late Filing Penalty

If you file late, the department can charge you a late filing penalty. This penalty is 4½ percent of the tax required to be shown on the return for each month or fraction of a month the return is late. This penalty cannot exceed 25 percent of the tax found to be remaining due.

Late Payment Penalty

If you pay your tax late, the department can charge you a late payment penalty. This penalty is ½ of 1 percent (.005) of the

amount shown as tax for each month or fraction of a month for which the failure continues. This penalty cannot exceed a total of 10 percent.

Extension Underpayment Penalty

If you file your return under an extension, you must pay 90 percent of the tax shown on your return by the return's original due date. If you do not pay this amount, the department can charge you a penalty. The department can also charge you this penalty if you do not attach a copy of the Arizona extension to your return when you file. This penalty is ½ of 1 percent (.005) of the tax not paid for each 30 day period or fraction of a 30 day period. The department charges this penalty from the original due date of the return until the date you pay the tax. This penalty cannot exceed 25 percent of the unpaid tax.

NOTE: *If you are subject to two or more of the above penalties, the total cannot exceed 25 percent.*

Interest

The department charges interest on any tax not paid by the due date. The department will charge you interest even if you have an extension. If you have an extension, the department will charge you interest from the original due date until the date you pay the tax. The Arizona interest rate is the same as the federal rate.

Amended Returns

If you are filing an amended Form 141AZ, check the amended return box on line 6. Complete the entire return, correct the appropriate line(s) with the new information, and recompute your tax liability. On an attached schedule, explain the reason(s) for the amendment(s) and identify the line(s) and amount(s) being changed on the amended return. Also attach a copy of the amended federal Form 1041.

NOTE: *You must plainly mark an amended return "Amended" by checking the appropriate box on line 6. The period covered by this return must be the same accounting period as covered by the original return. If you are amending a prior year return, use the form for that taxable year.*

Copy of Will or Trust Instrument

Upon the department's request, the fiduciary must submit a copy of the will or trust instrument when the estate's or trust's gross income is \$5,000 or more. The fiduciary must swear that the will or trust instrument is a true and complete copy.

Reporting Payments Made by a Trust or Estate

An estate or trust that paid salaries or wages may have to report those payments to the department.

Request for Certificate of Payment of Taxes

IMPORTANT: *Make requests for this income tax certificate separately. Do not attach requests for the income tax certificate to Form 141AZ. The department can issue certificates only if required by the probate court.*

Address requests to:

Fiduciary Unit Certificate Request
Arizona Department of Revenue
1600 W Monroe, Room 520
Phoenix AZ 85007-2650

If an estate is being probated, the fiduciary may have to obtain a certificate from the department that shows no income tax is due. The probate court may require this certificate before approving the fiduciary's final account.

Arizona law requires a certificate only when all of the following apply.

1. The estate is subject to probate.
2. The value of the assets of the estate at the decedent's date of death exceeds \$20,000.
3. The estate has a beneficiary that is not an Arizona resident.

In order for the department to issue a certificate, all of the following must be met.

1. The fiduciary has filed Arizona Form 210.
2. A return was filed by or on behalf of the decedent and for the estate for each taxable year in which the respective incomes of the decedent or estate exceeded the requirements for filing returns.
3. A final Arizona fiduciary return is filed when the certificate is requested. This return must be filed regardless of the gross or net income for the year. If there is no income, submit a return with "zero" on all lines. If you are filing a final Arizona fiduciary return, mail the final return to: Fiduciary Unit, Arizona Department of Revenue, 1600 W. Monroe, Room 520, Phoenix, AZ 85007-2650.
4. The request must contain a statement regarding the status of returns filed by or on behalf of the decedent or for the estate for the four taxable years immediately preceding the date of the request. The fiduciary must make the statement under declaration of perjury. The statement must indicate:
 - The years for which returns were filed.
 - The years for which the gross and Arizona taxable incomes were less than the amount necessary to require the filing of returns.

Use lines B1 through B4 to figure the amount of fiduciary adjustment that increases federal taxable income.

B1 - Positive Arizona Fiduciary Adjustment From Another Trust or Estate

B2 - State or Municipal Bond Interest

B3 - Other additions to federal taxable income

Enter any other additions, including those shown below, to federal taxable income. Attach your own schedule.

A. Bonus Depreciation Allowed Under I.R.C. § 168(k)

The federal Job Creation and Worker Assistance Act of 2002 (P.L. 107-147), which was signed by President Bush on March 9, 2002, allows businesses to claim a 30% bonus depreciation for qualified capital investments in property placed in service after September 10, 2001. The Jobs and Growth Tax Relief Reconciliation Act of 2003 (P.L. 108-27) which was signed by President Bush on May 28, 2003 allows businesses to claim a 50% bonus depreciation for qualified capital investments in property acquired after May 5, 2003. However, for Arizona income tax purposes, Arizona will not allow the bonus depreciation. Taxpayers that claim the bonus depreciation on the federal income tax return must add the amount claimed for federal purposes to Arizona gross income. Enter the amount of such depreciation claimed on the 2003 federal income tax return here. If you make an entry here, also see the instructions for Schedule B, line B8.

A nonresident estate or trust should enter the amount of such depreciation claimed on its 2003 federal income tax return only to the extent it included the depreciation in computing its Arizona gross income.

If the difference reported on your Arizona Form 165, Schedule K-1, is a positive number, enter that difference as an addition. Enter the addition on line B3.

- You are still depreciating or amortizing a child care facility for which you claimed a state credit.

B4 - Total Adjustments Increasing Federal Taxable Income

Add lines B1 through B3. Enter the total.

Fiduciary Adjustment Decreasing Federal Taxable Income

Use lines B5 through B9 to figure the amount of fiduciary adjustment that decreases federal taxable income.

You may only subtract those items for which statutory authority exists. Without such authority you cannot take a subtraction. If you have any questions concerning subtractions from income, call one of the numbers listed on page 1 of these instructions.

Line B6 - Interest Received on U.S. Obligations

Enter the amount of interest income from U.S. Government obligations included on page 1, line 7. U.S. Government obligations include obligations such as U.S. savings bonds and treasury bills. You cannot deduct any interest or other related expenses incurred to purchase or carry the obligations. If such expenses are included in Arizona gross income, you must reduce the subtraction by such expenses. Reduce the subtraction only by the amount of such expenses included in your Arizona gross income.

NOTE: *Do not subtract interest earned on FNMA or GNMA bonds since this interest is taxable by Arizona. For details, see the department's income tax ruling, ITR 02-1.*

Do not subtract any amount received from a qualified pension plan that invests in U.S. Government obligations. Do not subtract any amount received from an IRA that invests in U.S. Government obligations. These amounts are not interest income. For more information, see Arizona Department of Revenue Income Tax Rulings ITR 96-2 and ITR 96-3.

Line B7 - Construction of an Energy Efficient Residence

For taxable years beginning from and after December 31, 2001, through December 31, 2010, Arizona law allows a subtraction for an energy efficient residence. The subtraction is allowed for selling one or more new energy efficient residences located in Arizona. The subtraction is equal to 5% of the sales price excluding commissions, taxes, interest, points, and other brokerage, finance and escrow charges. The subtraction cannot exceed \$5,000 for each new qualifying residence.

The taxpayer that builds the new residence may claim the subtraction when the taxpayer first sells the residence. However, the seller may elect to transfer the subtraction to the buyer.

For more information, see Arizona Department of Revenue Income Tax Procedure ITP 02-1.

On line B7, enter the following:

1. The allowable subtraction for the sale of new energy efficient residences by the trust or estate during the taxable year; plus
2. The allowable subtraction for new energy efficient residences purchased by the trust or estate during the taxable year for which the subtraction was transferred by the seller to the purchasing trust or estate.

If the trust or estate claims the subtraction for the sale of new energy efficient residences, it must complete Schedule 141AZ EER. Do not mail the Schedule 141AZ EER with the Form 141AZ. Separately mail the completed Schedule 141AZ EER to the address listed on the form. If the trust or estate claims a subtraction for new energy efficient residences for which the seller transferred the subtraction to the trust or estate, it must attach a copy of the statement provided by the seller for each residence.

Line B8 - Other Subtractions From Federal Taxable Income**A. Exclusion for U.S. Government, Arizona State, or Local Government Pensions**

- The United States Government Service Retirement and Disability Fund
- The United States Foreign Service Retirement and Disability System
- Retired or retainer pay of the uniformed services of the United States
- Any other retirement system or plan established by federal law

NOTE: *This applies only to those retirement plans authorized and enacted into the U.S. Code. This does not apply to a retirement plan that is only regulated by federal law (i.e., plans which must meet certain federal criteria to be qualified plans).*

- The Arizona State Retirement System
- The Arizona State Retirement Plan
- The Corrections Officer Retirement Plan
- The Public Safety Personnel Retirement Plan
- The Elected Officials' Retirement Plan
- A retirement plan established for employees of a county, city, or town in Arizona

This subtraction does not apply to nonresident estates or trusts.

D. Qualified Wood Stove, Wood Fireplace, or Gas Fired Fireplace

Arizona law provides a subtraction for converting an existing fireplace to a qualified wood stove, qualified wood fireplace, or gas fired fireplace and non-optional equipment directly related to its operation. You may subtract up to \$500 for converting an existing fireplace on property located in Arizona to a qualified wood stove, qualified wood fireplace, or gas fired fireplace.

E. Claim of Right Adjustment for Amounts Repaid in Prior Taxable Years

You must make an entry here if all of the following apply:

1. During a year prior to 2003 you were required to repay amounts held under a claim of right.
2. You computed your tax for that prior year under Arizona's claim of right provisions.
3. A net operating loss or capital loss was established due to the repayment made in the prior year.
4. You are entitled to take that net operating loss or capital loss carryover into account when computing your 2003 Arizona taxable income.
5. The amount of the loss carryover allowed to be taken into account for Arizona purposes is more than the amount included in your federal income.

Enter the amount by which the loss carryover allowed for the taxable year under Arizona law is more than the amount included in your federal income.

F. Certain Expenses Not Allowed For Federal Purposes

You may subtract some expenses that you cannot deduct on your federal return when you claim certain federal tax credits. These federal tax credits are:

- The federal work opportunity credit
- The empowerment zone employment credit
- The credit for employer-paid social security taxes on employee cash tips
- The Indian employment credit

If you received any of the above federal tax credits for 2003, enter the portion of wages or salaries you paid or incurred during the taxable year equal to the amount of those federal tax credits you received.

A nonresident estate or trust should enter the portion of wages or salaries attributable to Arizona source income that it paid or incurred during the taxable year that is equal to the amount of those federal tax credits it received.

G. Employer Contributions Made to Employee Medical Savings Accounts

If you are an employer, you may subtract the amount contributed to your employees' medical savings accounts that are established under Arizona law. You can subtract these contributions only to the extent not deductible for federal income tax purposes. You can subtract these contributions only to the extent included in your Arizona gross income.

H. Agricultural Crops Given to Charitable Organizations

Arizona law allows a subtraction for qualified crop gifts made during 2003 to one or more charitable organizations. To take this subtraction, the estate or trust must be engaged in the business of farming or processing agricultural crops. The crop must be grown in Arizona. The gift must be made to a charitable organization located in Arizona that is exempt from Arizona tax.

The subtraction is the greater of 80 percent of the wholesale market price or 80 percent of the most recent sale price for the crop given.

To determine if your crop gift qualifies for this subtraction, see Arizona Department of Revenue Procedure, *ITP 93-2*.

I. Installment Sale Income From Another State Taxed by the Other State in a Prior Taxable Year

You may subtract any income from an installment sale that has been properly subjected to income tax in another state in a prior tax year. Enter the amount of such income included in Arizona gross income in the current taxable year.

This subtraction does not apply to nonresident estates or trusts.

J. Subtraction for World War II Victims

You may subtract distributions made to the trust or estate for the decedent's or settlor's persecution or the persecution of the decedent's or settlor's ancestors by Nazi Germany or any

other Axis regime for racial, religious or political reasons. If the trust or estate is the first recipient of such distributions, enter the amount of the distributions that you had to include in the trust's or estate's federal taxable income.

You may also subtract items of income that are attributable to, derived from or related to assets that were stolen or hidden from or lost to the decedent or settlor if the decedent or settlor was persecuted by Nazi Germany or any other Axis regime for racial, religious or political reasons before, during or immediately after World War II. If the trust or estate is the first recipient of such income, enter the amount of income that you had to include in the trust's or estate's federal adjusted gross income.

A nonresident estate or trust should enter such payments only to the extent included in Arizona taxable income.

K. Adjustment for Bonus Depreciation Allowed Under I.R.C. § 168(k) Added to Arizona Gross Income.

30% Bonus Depreciation

If the trust or estate added the 30% special depreciation allowed under I.R.C. § 168(k) to Arizona gross income, the trust or estate may adjust the amount of regular annual depreciation claimed on the federal return for that asset. The trust or estate may subtract an amount equal to three-sevenths of the amount of regular annual depreciation claimed on the federal return for that asset.

For example: Trust A places a five-year useful life asset costing \$9,000 in service on January 1, 2003 and deducts \$2,700 ($\$9,000 \times 30\%$) of special depreciation and \$1,260 ($\$9,000 - \$2,700 \times 20\%$) of regular annual depreciation on the federal return. On the Arizona return, Trust A must add the \$2,700 of special depreciation to Arizona income (on Schedule B, line B3), but Trust A may then take a subtraction of \$540. Trust A figures the amount to subtract on the Arizona return as follows:

Trust A multiplies the amount of regular annual depreciation claimed on the federal return for this asset by three-sevenths ($\$1,260 \times 3/7 = \540).

Trust A should compute this subtraction for each year that it deducts regular depreciation for this asset on its federal return.

50% Bonus Depreciation

If the trust or estate added the 50% special depreciation allowed under I.R.C. § 168(k) to Arizona gross income, the trust or estate may adjust the amount of regular annual depreciation claimed on the federal return for that asset. The trust or estate may subtract an amount equal to the amount of regular annual depreciation claimed on the federal return for that asset.

For example: Trust A places a five-year useful life asset costing \$9,000 in service on July 1, 2003 and deducts \$4,500 ($\$9,000 \times 50\%$) of special depreciation and \$450 ($\$9,000 - \$4,500 \times 20\%$ divided by 2, using the half-year convention) of regular annual depreciation on the federal return. On the Arizona return, Trust A must add the \$4,500 of special depreciation to Arizona income (on Schedule B, line B3), but Trust A may then take a subtraction of \$450.

Trust A should take a subtraction for each year that it deducts regular depreciation for this asset on the federal return.

L. Depreciation Adjustment for Property Sold or Otherwise Disposed of During the Taxable Year

If you sold or otherwise disposed of property that you acquired and put into service after September 10, 2001, you may have an additional subtraction for Arizona purposes if all of the following apply.

1. In the year of acquisition, you made an addition to income for bonus depreciation claimed on the federal return.
2. You sold or otherwise disposed of that property during the taxable year.
3. The depreciation allowed for Arizona purposes (for all taxable years for which depreciation was claimed) was less than what would have been allowed under I.R.C. § 167(a) without regard to I.R.C. § 168(k).

If 1 through 3 above apply, calculate the amount of depreciation you would have been allowed had you chosen not to claim bonus depreciation. If this amount is greater than the amount of depreciation you have actually claimed for this asset on your Arizona returns, you may claim a subtraction for the difference.

NOTE: *This is not an adjustment for the difference in basis caused by the effect of bonus depreciation allowed on the federal return.*

M. Other Adjustments

Other special adjustments may be necessary. Call one of the numbers listed on page 1 of these instructions if any of the following apply.

- You sold or disposed of property that was held for the production of income and your basis was computed under the Arizona Income Tax Act of 1954.
- You deferred exploration expenses determined under Internal Revenue Code section 617 in a taxable year ending before January 1, 1990, and you have not previously taken a subtraction for those expenses.

B10 - Net Fiduciary Adjustment

Subtract the amount on line B9 from the amount on line B4. If the result is a negative number, enter the result in brackets. Also enter the result on Form 141AZ, page 1, line 8.

Schedule C - Fiduciary Adjustment Allocation

Schedule C is used to determine the allocation of the shares of the Arizona fiduciary adjustment. The Arizona fiduciary adjustment is divided among the beneficiaries and the fiduciary in proportion to their share of the federal distributable net income.

If there is no federal distributable net income, each beneficiary's share of the Arizona fiduciary adjustment shall be in proportion to each share of the estate or trust income distributed. Any balance of the Arizona fiduciary adjustment not allocated to the beneficiaries is allocable to the fiduciary.

Lines C1 Through C12

In column (a), enter the name of each beneficiary. In column (b), enter each beneficiary's share of the federal distributable net income. In column (c), enter the percentage of the estate or trust to be distributed to each beneficiary in accordance with the documents or laws controlling distribution of the estate or trust.

If the trust or estate has more than 12 beneficiaries, complete an additional schedule. The schedule should show the same information required on lines C1 through C12.

Line C13 -

Add the amounts on lines C1 through C12 in column (b). Add the percents on lines C1 through C12 in column (c). If the fiduciary completed an additional schedule because there are more than 12 beneficiaries, include the amounts from the additional schedule on line C13.

Line C14 -

In column (b), enter the fiduciary's share of the federal distributable net income. In column (c), enter the percentage of the fiduciary's share of federal distributable net income computed in accordance with the documents or laws controlling distribution of the estate or trust.

Lines C15 through C18 -

Compute lines C15 through C18 as instructed on the form.

Schedule D - Federal Distributive Net Income From Arizona Sources

Schedule D is used to determine the net trust or estate income reportable to Arizona by nonresident beneficiaries. Use the information in Schedule D to complete Forms 141AZ K-1(NR) for nonresident beneficiaries.

The fiduciary should complete schedule D only if the trust or estate has Arizona nonresident beneficiaries. If the trust or estate does not have any nonresident beneficiaries, the fiduciary should skip Schedule D.

Lines D1 Through D9 -

In column (b), enter an amount for each item from which federal distributable net income is comprised. The total entered on line D9 column (b) should equal the federal distributable net income.

In column (c), enter that portion of federal distributive net income derived from Arizona sources. Such income includes Arizona rental and business income, and gains on the sale of Arizona property.

Schedule E - Questions

Answer the questions on lines E1 through E8.

Tax Computation**Line 12 - Income of a Trust Established as a Medical Savings Account**

Arizona law provides a subtraction of income earned during the taxable year by a trust established as a medical savings account. Subtract such amounts only to the extent the trust included the income in Arizona gross income.

Line 14 - Tax Amount

Compute the tax on the amount on line 13 from the tax rate table on page 11 of these instructions.

Lines 15 and 16 - Clean Elections Fund Tax Reduction

You may designate \$5 of the tax go to the Clean Elections Fund and may also reduce the tax on line 14 by up to \$5.

To make this designation, check box 15.

If you checked box 15 and the amount on Form 141AZ, page 1, line 14 is \$10 or more, enter \$5 on line 16. If the amount on line 14 is less than \$10, complete the following worksheet.

Line 18 - Credit for Taxes Paid to Other States or Countries

If both Arizona and another state or country consider an estate or trust to be a resident, Arizona will allow the estate or trust a tax credit against the Arizona income tax liability for taxes paid to the other state or country.

For the purpose of this credit, Arizona considers an estate or trust to be a resident of the state or country legally entitled to tax the income of the estate or trust regardless of whether the estate or trust derives income from sources in that state or country.

The credit allowed on the Arizona fiduciary return is subject to the following conditions:

1. The credit is allowed only for the proportion of the taxes paid to the other state or country that the income taxable to Arizona and also subject to tax in the other state or country bears to the entire income on which the taxes paid to the other state or country are imposed.
2. The credit cannot exceed the proportion of the tax payable to Arizona that the income subject to tax in the other state or country and also taxable to Arizona bears to the entire income that is taxable to Arizona.
3. The credit is not allowed for taxes paid to the other state or country on income from sources within Arizona.

If claiming this tax credit, you must attach the following items to the Arizona Form 141AZ:

1. A copy of the other state or country's income tax return.
2. A schedule showing how the credit was calculated.

Line 20 - Clean Elections Fund Tax Credit

NOTE: Amounts designated to the Clean Elections Fund on Form 141AZ, page 1, lines 15 and 16 do not qualify for the credit. Do not include those amounts here.

If the trust or estate made a contribution to the Citizens Clean Elections Fund, the trust or estate may claim a credit for those contributions.

For 2003, the trust or estate may claim a credit for:

- Donations the trust or estate made directly to the fund during 2003.
- A donation the trust or estate made to the fund on its 2002 income tax return filed in 2003.

The trust or estate may not claim a credit on its 2003 return for a donation made to the fund on its 2003 return. If the trust or estate makes a donation to the fund with its 2003 return, the trust or estate may claim a credit for that donation on its 2004 return.

Filing Reminder to Fiduciary Filers

1. Be sure to use the correct year's form to file your return. Also be sure to clearly mark the period covered by the return.
2. Enter the correct social security number and/or federal employer identification number on the return. If Form 140 was also filed for the same taxpayer, please use same name and social security number.
3. If you are ready to file but have not yet received a federal employer identification number, you may file the return. Let us know what the number is as soon as you receive it. Send your correspondence to: Fiduciary Unit, Arizona Department of Revenue, 1600 W. Monroe, Phoenix AZ 85007-2650.
4. Put a social security number or federal employer identification number on the front of all checks and correspondence.
5. Send all correspondence separate from returns to: Fiduciary Unit, Arizona Department of Revenue, 1600 W Monroe, Phoenix, AZ 85007-2650. Do not attach correspondence to the back of returns.
6. When filing returns that generate a refund due to any previous payments (i.e., amount paid with extension, amount paid as estimated payment, amount paid with original returns), it may speed the refund process if a copy of the canceled check of the previous payment accompanies the return generating the refund.
7. If you are a fiscal year filer (for periods not ending in December), use Tax Rate Table for the prior year. Example: If filing for April 1, 2002, to March 31, 2003,

use the 2002 Tax Rate table. If this return is for a short taxable year, use the 2003 Tax Rate Table. Example: If filing for June 13, 2003, to November 21, 2003, use the 2003 Tax Rate Table.

8. If your income is taxable but deductions bring your return to zero, make sure all necessary lines are filled in to support this declaration.
9. Grantor trusts file an information return using Form 141AZ showing no numerical figures for lines 7 through 32. Taxable income on a grantor trust reverts to the grantor. The grantor reports this income on the individual income tax return. The fiduciary should indicate that the return is for a grantor trust by checking the appropriate box on line 6.
10. When filing an amended Form 141AZ return, be sure the return is marked as an amended return. Also be sure to enter the year you are amending.
You must plainly mark an amended return "amended" by checking the appropriate box on line 6.
11. File returns on time to avoid late filing and/or late payment penalties. Returns are due on the 15th day of the fourth (4th) month from the date the tax period ends.

Taxpayer Identification Number

All returns, statements, and other documents filed with the Department of Revenue require a taxpayer identification number (TIN). The TIN is either a correct social security number or, for a business, the federal employer identification number. Paid tax preparers must also include their TIN on forms where requested. Taxpayers and paid preparers who fail to include the proper TIN may be subject to a penalty. Please check the return to be sure that all required identification numbers are accurate and written clearly. Missing, incorrect, or unclear identification numbers may cause delays in processing the returns.

Example of the computation of Arizona fiduciary income tax, resident beneficiary's Arizona fiduciary adjustment, and nonresident beneficiary's Arizona source income.

The federal Form 1041 for the Judy Jones estate showed the following items of income and deduction:

Interest Income	\$ 32,614
Dividends	4,800
Net Rent Income (AZ)	<u>16,832</u>
Total Income	\$ 54,246
Fiduciary Fees	6,000
Accountant's Fees	1,500
Total Fees	<u>7,500</u>
Adjusted Total Income	\$ 46,746
Income Distribution Deduction	34,189
Exemption	<u>600</u>
Total	\$ 34,789
Taxable Income	<u>\$ 11,957</u>

The estate also had \$2,476 in non-Arizona municipal bond interest during the taxable year. \$24,000 was distributed to Jane Jones, an Arizona Resident and \$12,000 to June Jones, a nonresident of Arizona. The estate had \$8,700 in U.S. Government interest.

The shares of federal distributable net income are as follows:

Jane Jones	\$ 24,000	48.76%
June Jones	12,000	24.38%
Judy Jones Estate	<u>13,222</u>	<u>26.86%</u>
Total	\$ 49,222	100.00%

The estate's Arizona taxable income is figured as follows:

Federal taxable income	\$ 11,957
Modifications increasing federal taxable income: Non-Arizona municipal bond interest	\$ 2,476
Modifications decreasing federal taxable income: U.S. Government Interest	<u>\$ 8,700</u>
Net Modifications	\$(6,224)
Allocated to the estate @ 26.86%	<u>\$ (1,672)</u>
Arizona taxable income	<u>\$ 10,285</u>

Jane Jones share of the Arizona fiduciary adjustment is figured as follows:

Share of non-Arizona municipal bond interest @ 48.76%	\$ 1,207
Share of U.S. Government Interest @ 48.76%	4,242
Net modification	\$ (3035)

June Jones income reportable to Arizona is figured as follows:

Share of federal distributable net income	\$ 12,000
From Arizona sources @ 29.67%	3,561

Arizona source income is figured as follows:

<u>Rental income (Arizona) \$16,832</u>	
Total income \$56,722 (\$54,246 + \$2,476)	= 29.67%

This can be verified as follows:

<u>June's share of income \$12,000</u>	
DNI \$49,222 (\$46,746+\$2,476)	= 29.67%
Share of rental income \$16,832 X 24.38%	= \$4,104
Share of fees \$7,500 X 24.38% X 29.67% *	= <u>543</u>
Net Arizona income	\$3,561

* Share of fees allocated to rental income
