2011 PUBLIC SCHOOL REPORT INDIVIDUAL INCOME TAX CREDIT FOR THE SUPPORT OF EXTRACURRICULAR ACTIVITIES OR CHARACTER EDUCATION PROGRAMS

Arizona Revised Statute § 43-1089.01 provides a non-refundable individual tax credit for fees and cash contributions paid to public schools in Arizona for the support of extracurricular activities or character education programs. This credit is available only to individuals.¹ The credit is equal to the amount of fees paid or amount contributed up to \$200 for single or heads of household taxpayers and up to \$400 for married taxpayers that file a joint return.²

Extracurricular activities are school sponsored activities that require enrolled students to pay a fee in order to participate. The activities must supplement the school's education program. Extracurricular activities may include use of band uniforms, use of equipment or uniforms for varsity athletics, use of scientific laboratory equipment or materials, or in-state or out-of-state trips that are solely for competitive events. Extracurricular activities do not include any senior trips or events that are recreational, amusement or tourist activities.

A character education program is a program defined in Arizona Revised Statute § 15-719. At a minimum, the character education program must include instruction in the definition and application of at least six of the following twelve character traits: truthfulness, responsibility, compassion, diligence, sincerity, trustworthiness, respect, attentiveness, obedience, orderliness, forgiveness and virtue.

The school must provide instruction in grades kindergarten through 12. Contributions made or fees paid to a non-governmental school, a pre-school, a community college, a university, or a public school located outside of Arizona does not qualify for this credit.

Public Schools must report on a calendar year basis to the Arizona Department of Revenue by February 28th of each year indicating the total number of donors, the total dollar amount of fees and contributions received and the amount spent by the school during the previous calendar year. New legislation (Laws 2011, Chapter 195) now requires the school to report the amount spent categorized by specific extracurricular activity or character education program. A report must be submitted even if the school received no fees or cash contributions.

For calendar year 2011, Public Schools (which include Charter Schools) reported receiving \$48,443,537 in fees or cash contributions from 250,210 donors for the support of extracurricular activities or character education programs. This represents a 10.8% increase over the \$43,718,717 reported for 2010. The average fee or cash contribution per donor was \$194 for 2011 compared to an average of \$175 per donor for 2010. Public Schools reported spending \$45,636,385 or 94.2% of the \$48.4 million received in calendar year 2011. For 2010, schools reported spending \$41,875,730 or 95.8% of the \$43.7 million

¹ Corporations may not claim this credit. A partnership may not pass the credit through to its partners. An S corporation may not pass the credit through to its shareholders.

² If married taxpayers file separate returns, each spouse may claim only half of the credit that would have been allowed on a joint return.

received. The fees or cash contributions received generally will not equal the amount spent during the calendar year as many contributions are received late in the calendar year and are not utilized until the following year.

The table below summarizes the fees or cash contributions for the support of extracurricular activities or character education programs reported by Public Schools on a calendar year basis.

A.R.S. § 43-1089.01 was amended requiring a public school to report how the tax credit money was spent categorized by specific extracurricular activity or character education program. At the time of publishing this report, outstanding requests for more information

from schools that listed the amount spent as “general” or “undesignated” instead of the specific extracurricular activity were pending. Additionally, some schools listed the type of expense rather than the extracurricular activity. Based on the information gathered, the Department of Revenue will continue to work with the Auditor General’s Office, the Attorney General’s Office, and the Arizona School Boards Association to assist schools in determining if an activity is tax credit eligible. Current guidelines can be found at www.azdor.gov under the *Reports & Research* and *School Tax Credit* links and listed as *Guidelines for Public Schools*.
