**2014 PUBLIC SCHOOL REPORT
INDIVIDUAL INCOME TAX CREDIT FOR THE SUPPORT OF
EXTRACURRICULAR ACTIVITIES OR CHARACTER EDUCATION PROGRAMS**

Arizona Revised Statute § 43-1089.01 provides a non-refundable individual income tax credit for fees and cash contributions paid to public schools in Arizona for the support of extracurricular activities or character education programs. This credit is only available to individuals.¹ The credit is equal to the amount of fees paid or amount contributed up to \$200 for single or heads of household taxpayers and up to \$400 for married taxpayers that file a joint return.²

Extracurricular activities are school sponsored activities that require enrolled students to pay a fee in order to participate. The activities must supplement the school's education program. Extracurricular activities may include use of band uniforms, use of equipment or uniforms for varsity athletics, use of scientific laboratory equipment or materials, or in-state or out-of-state trips that are solely for competitive events. Extracurricular activities do not include any senior trips or events that are recreational, amusement or tourist activities.

A character education program is a program defined in Arizona Revised Statute § 15-719. At a minimum, the character education program must include 1) instruction in the definition and application of at least six of the character traits (truthfulness, responsibility, compassion, diligence, sincerity, trustworthiness, respect, attentiveness, obedience, orderliness, forgiveness, virtue, fairness, caring, citizenship and integrity), 2) use activities, discussions and presentations to illustrate and reinforce the application of the character traits and 3) presentations by teachers or mentors who demonstrate the character traits.

The school must provide instruction in grades kindergarten through 12. Contributions made or fees paid to a non-governmental school, a pre-school, a community college, a university, or a public school located outside of Arizona does not qualify for this credit.

Public Schools must report on a calendar year basis to the Arizona Department of Revenue by February 28 of each year indicating the total number of donors, the total dollar amount of fees and contributions received and the amount spent by the school. The school must also report the amount spent categorized by specific extracurricular activity or character education program.

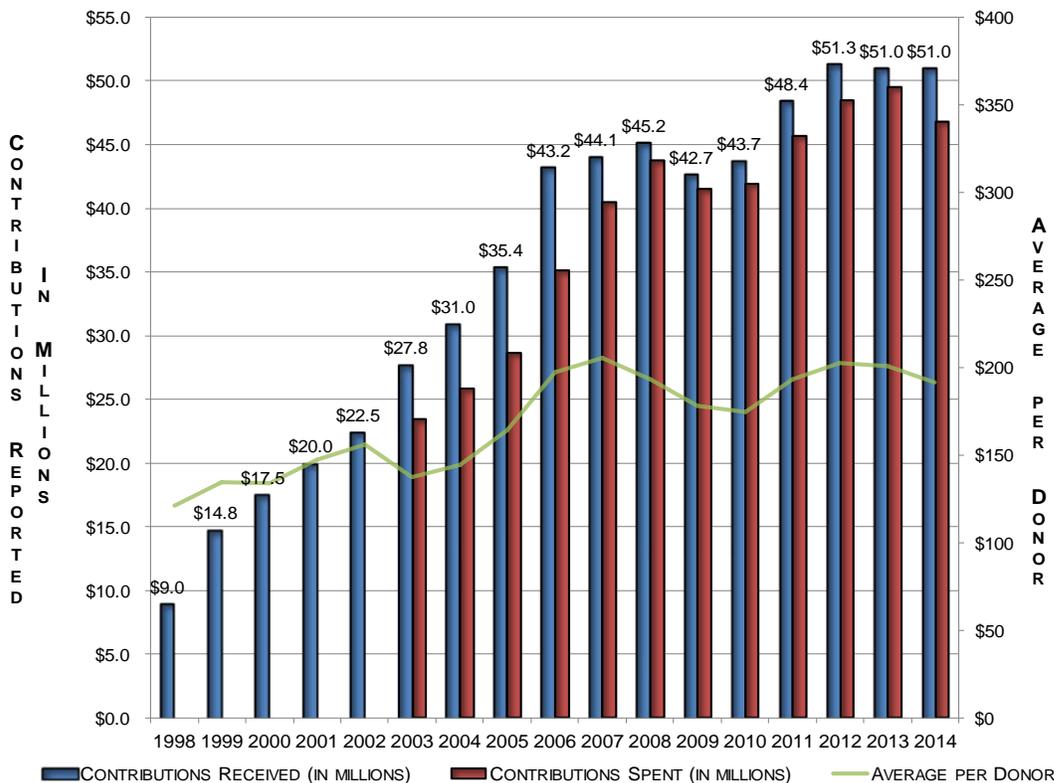

For calendar year 2014, public schools (which include charter schools) reported receiving \$50,991,999 in fees or cash contributions from 266,087 donors for the support of extracurricular activities or character education programs. This represents an increase of \$19,143 or 0.0% over the \$50,972,856 reported for 2013. The average fee or cash contribution per donor was \$192 for 2014 compared to an average of \$201 per donor for 2013. Public schools reported spending \$46,801,468 or 91.8% of the \$51.0 million received in calendar year 2014. For 2013, schools reported spending \$49,479,227 or 97.1% of the \$51.0 million received.

¹ Corporations may not claim this credit. A partnership may not pass the credit through to its partners. An S corporation may not pass the credit through to its shareholders.

² If married taxpayers file separate returns, each spouse may claim only half of the credit that would have been allowed on a joint return.

The maximum allowable credit of \$200 was increased to \$250 for married taxpayers filing a joint return for taxable year 2001; to \$300 for tax year 2005; and to \$400 for taxable year 2006 and thereafter.
