ARIZONA DEPARTMENT OF REVENUE

CORPORATE TAX COLLECTIONS

	March 2014	March 2013	% Change
Gross Collections	\$ 80,847,279	\$ 77,103,276	4.9%
Refunds	(2,438,851)	(1,702,847)	43.2%
Net Collections	\$ 78,408,428	\$ 75,400,429	4.0%

	Current Fiscal Year Total	Prior Fiscal Year Total	% Change
Gross Collections	\$ 484,107,258	\$ 485,985,160	(0.4)%
Refunds	(122,632,766)	(81,508,750)	50.5%
Net Collections	\$ 361,474,492	\$ 404,476,409	(10.6)%

Gross collections, refunds and net collections, aggregated on a quarterly basis, are presented on the following three charts. Remember that if the quarter is not yet complete, quarter-to-date figures are still presented on the chart. *Therefore, if this report is only one or two months into a quarter, the corresponding bar for that quarter in the charts below will be incomplete.* The fourth chart, a stacked bar chart, shows net collections for each fiscal year, divided into quarters.

CY 2013	\$ 6,114,578	\$ 4,990,103	\$ 23,087,692	\$ 7,600,200	\$ 20,305,000	\$ 62,097,573	

CORPORATE REFUNDS

Corporate refunds paid in any state fiscal year are for a mixture of corporate fiscal years. The table below presents the percent of refunds paid in FY 12/13 by corporate fiscal year. For example, in FY 12/13, 21.6% of the refund dollars paid were for corporate fiscal years ending in 2008 or before. The percentages are for refunds paid through the fiscal year.

Corporate Fiscal Year-End:	08 & Prior	09	10	11	12	13
FY 12/13	21.6%	3.5%	6.6%	54.7%	13.5%	0.1%
Corporate Fiscal Year-End:	09 & Prior	10	11	12	13	14
FY 13/14	28.0%	1.8%	5.1%	61.9%	3.2 %	0.0%

The corporate refunds shown above are those refunds for which a check is mailed to the corporation. Sometimes corporations choose to apply their refund as an estimated payment. The following table presents refunds applied as estimated payments in the most recent month and for the calendar year.

March 2014	\$ 546,117	Calendar Year Total	\$ 8,793,204
March 2013	\$ 216,539	Calendar Year Total	\$ 20,379,566
% Change	152.2%	% Change	(56.9)%

CORPORATE STATISTICS & CHARTS
A MONTHLY REPORT FROM THE OFFICE OF ECONOMIC RESEARCH & ANALYSIS,
ARIZONA DEPARTMENT OF REVENUE

The following chart shows corporate refunds over \$10,000, by quarter within the fiscal year. The columns illustrate the number of refunds over \$10,000; the lines show the aggregate value of the refunds over \$10,000. Remember this data is in a quarterly format; if this report is for a period that is less than the full quarter, the corresponding column or point on the line graph is incomplete.

CORPORATE STATISTICS & CHARTS
A MONTHLY REPORT FROM THE OFFICE OF ECONOMIC RESEARCH & ANALYSIS,
ARIZONA DEPARTMENT OF REVENUE

CORPORATE INCOME TAX DOCUMENT COUNT

The Arizona Department of Revenue received 133,310 corporate returns showing a fiscal year-end of 2012. The type of return received is indicated below:

	120 X (Amended)	120 (Regular)	120S (S Corp)	99T (Exempt Org.)	120 A (Short Form)
#	171	33,899	86,310	871	12,059
%	0.1%	25.4%	64.7%	0.7%	9.1%

Through March 2014, 30,782 documents were received for a fiscal year-end of 2013, distributed as follows:

	120 X (Amended)	120 (Regular)	120S (S Corp)	99T (Exempt Org.)	120 A (Short Form)
#	14	7,839	18,989	80	3,860
%	0.0%	25.5%	61.7%	0.3%	12.5%

The figures for the 2013 returns are most meaningful when compared to 2012 returns received during the same period of time in the previous year. Through March 2013, the Department of Revenue received 22,886 documents with a fiscal year-end of 2012. Compared to 2013 documents, the Department has seen a 34.5% *increase* in the number of corporate returns processed at this point of time in the calendar year.

CORPORATE TAX LIABILITY

Corporate revenues and refunds for large corporations flow through the state coffers over three state fiscal years for each corporate fiscal year. For example, consider a corporate fiscal year that corresponds to the calendar year. Estimated payments are received in April of state fiscal year X. More estimated payments are received in the second half of the calendar year, which is state fiscal year Y. In April of the following calendar year, still state fiscal year Y, either the final corporate return is filed with payment made or notice of refund due or an extension is filed with some payment. Large corporations nearly always file an extension, which means final returns are not submitted until October, which is state fiscal year Z. These final returns will have payments or notice of refund due.

The following chart shows corporate tax liability within a calendar year. The data for this table aggregates all payments and refunds for corporate fiscal years, regardless of state fiscal year, and then all corporate fiscal years are aggregated within a calendar year. For example, fiscal years ending January 2000, February 2000, March 2000, etc., are aggregated into 2000. The maroon bars are liability totals from last month; the blue bars are liability totals from the current month. The difference is the activity occurring in the current month. The yellow bars represent the aggregate liability from a year earlier. For example, in April 2001, net payments for fiscal year 2000 were over \$600 million. In April 2002, net payments for fiscal year 2000 had dropped to \$525 million. This means that \$75 million in refunds for that tax year was paid between April 2001 and April 2002.

CORPORATE STATISTICS & CHARTS
A MONTHLY REPORT FROM THE OFFICE OF ECONOMIC RESEARCH & ANALYSIS,
ARIZONA DEPARTMENT OF REVENUE

All payments and refunds are aggregated by fiscal year-end for which the payment was received or refund was paid. This creates a net corporate liability for fiscal year periods. The data can be aggregated in a number of different ways, each having its own problems in reconciling to the state fiscal year net corporate collections. The following table shows data aggregated by state fiscal year in which it is received. The problem here is that billings received can't be included because they are not keyed with the fiscal year-end of the corporation. Therefore, for each state fiscal year's worth of data, a varying amount of revenue is missing from this database, dependent upon the level of billings paid in the fiscal year. See the table below, Corporate Payment Totals by DOR Fiscal Year, to view the data components.

The final table attached to this report, Grand Total Net Corporate Payments by Corporate, present revenues for each corporate fiscal year, aggregated by calendar year, and grouped by the state fiscal year within which they were received (or paid). Moving horizontally in each row beginning with 1987, there are three numbers for each corporate fiscal year that represent the bulk of tax liability for all corporations with a corresponding fiscal year end.
