Who is Required to Make Estimated Tax Payments

C corporations, S Corporations subject to tax at the federal level and exempt organizations with unrelated business taxable income that anticipate an Arizona tax liability for the year of at least \$1,000 are required to make Arizona estimated payments.

- A unitary group of corporations filing a combined return on Form 120 must make Arizona estimated tax payments on a combined basis. Therefore, a unitary group, as a single taxpayer, must make estimated tax payments if its Arizona tax liability for the taxable year is at least \$1,000.
- An Arizona affiliated group filing an Arizona consolidated return pursuant to A.R.S. § 43-947 on Form 120 must make Arizona estimated tax payments on a consolidated basis. Therefore, an Arizona affiliated group, as a single taxpayer, must make estimated tax payments if its Arizona tax liability for the taxable year is at least \$1,000.

Partnerships and S Corporations making the Pass-Through Entity (PTE) election whose taxable income for the previous

year exceeds \$150,000 are required to make Arizona estimated tax payments.

Pass-Through Entity (PTE) Election

For 2022, partnerships and S Corporations making the PTE election are not required to make first or second quarter Arizona estimated tax payments. Partnerships and S Corporations making the PTE election that did not pay their April and June estimated tax payments will not incur a penalty under A.R.S. § 42-1125(Q).

Partnerships and S Corporations making the PTE election that wish to make Arizona estimated tax payments for the first or second quarter of 2022 may do so by completing this form and mailing a check to the address indicated above.

The department anticipates being able to accept electronic estimated payments for the PTE tax in time for the third quarter payment, due September 15, 2022. At that time, a minimum payment of 25% of the partnership's or S Corporation's estimated tax for the 2022 tax year will be due.

S Corporations having a PTE tax liability and a corporate tax liability for the same taxable year must:

- Make Arizona estimated tax payments if their total taxable income for the previous taxable year exceeds \$150,000.
- Calculate estimated payments using the total of their PTE tax liability and their corporate tax liability.
- Make the required estimated payments on the 15th day of April, June, and September of the taxable year, and January 15th of the following year.

Composite Returns

Partnerships and S corporations must use Form 140ES to make voluntary estimated tax payments on a composite basis on behalf of nonresident individual shareholders or nonresident individual partners participating in the filing of a composite return on Arizona Form 140NR. Refer to the department's ruling, ITR 16-2, *Composite Individual Income Tax Returns*, for additional information regarding composite returns.

Who Should Use Arizona Form 120/165ES

Corporations for whom the Director has granted a waiver from the electronic payment requirement.

Corporations whose anticipated tax liability for the year is less than \$500 that wish to make Arizona estimated tax payments may complete this form and mail the form and payment to the address above.

Partnerships and S Corporations making the PTE election that wish to make Arizona estimated tax payments for the first or second quarter of 2022 may complete this form and mail the form and payment to the address above.

When to Make Estimated Tax Payments

Calendar year and fiscal year basis corporate taxpayers are required to make their Arizona corporate estimated tax payments by the 15th day of the 4th, 6th, 9th, and 12th months of the taxable year. If the installment due date falls on a weekend or legal holiday, the payment is considered timely if made on the next business day.

For taxable year 2022, partnerships and S Corporations making the PTE election will be required to make their third quarter Arizona estimated tax payment. The minimum payment due will be 25% of the partnership's or S Corporation's Arizona estimated tax for the 2022 taxable year. For calendar year 2022, the third quarter estimated tax payment is due September 15, 2022.

Computation of Required Installments of Estimated Tax on Arizona Form 120W

Taxpayers should use Form 120W, *Estimated Tax Worksheet for Corporations*, to compute the amount of the required installments of estimated tax.

Underpayment of Required Installments of Estimated Tax

If the taxpayer is required to make Arizona corporate estimated tax payments, a penalty will be imposed on any required installment that is late or underpaid. **See A.R.S. § 42-1125(Q).**

Recomputing Required Installments of Estimated Tax

If the taxpayer, after paying one or more required installments of Arizona estimated tax, finds that its tax liability for the taxable year will be more or less than originally estimated, the taxpayer should recompute its required installments. If earlier installments were underpaid, the taxpayer may be subject to a penalty for underpayment of estimated tax.

If a new estimate is made, the required installments payable on or after the date of the new estimate should be adjusted. An immediate "catch-up" payment should be made to reduce the amount of any penalty resulting from the underpayment of any earlier installments, whether caused by a change in estimate, failure to make a payment, or a mistake.

Estimated Tax Payments by Electronic Funds Transfer (EFT)

Refer to Arizona Revised Statutes § 42-1129 and the related Arizona Administrative Code R15-10-301 through R15-10-307 for detailed information regarding EFT.

Taxpayers anticipating a tax liability for the current year of at least \$1,000 must make Arizona estimated tax payments by EFT.

Taxpayers that anticipate a tax liability for the current year of more than \$500 but less than \$1,000 are not required to make Arizona estimated tax payments. If the taxpayer elects to make Arizona estimated tax payments, it is required to make those payments by EFT.

NOTE: Taxpayers required to make Arizona estimated tax payments via EFT that fail to do so will be subject to a penalty of 5% of the amount of the payment not made by EFT. See A.R.S. § 42-1125(O).

Taxpayers required to make Arizona estimated tax payments via EFT must complete the department's EFT authorization agreement at least 30 days prior to initiation of the first applicable transaction.

Taxpayers who anticipate their Arizona income tax liability for the 2022 taxable year to be less than \$500 may elect voluntary participation in the EFT program. Voluntary participants in the program must complete the department's EFT authorization agreement at least 30 days prior to the first applicable transaction.

DO NOT submit Form 120/165ES to the department if the taxpayer makes its Arizona estimated tax payments by EFT.
