AVOID PROCESSING DELAYS: *Are you mailing your Arizona Small Business income tax return? If you are mailing your return to the department, you must include Form 140PY-SBI with your Form 140PY, when filed. See the mailing instructions for Form 140PY for assembly order (form sequence) information.*

NOTE: *If you made any 2022 estimated tax payments for the 140PY-SBI tax return and are not electing to report small business income on the 140PY-SBI return for tax year 2022, you must file a zero "0" 2022 140PY-SBI return to claim any overpayment from the 2022 estimated taxes. The overpayment shown on Form 140PY-SBI tax return will be applied against any tax liability (TAX DUE) shown on the personal income tax return (Form 140PY). After netting the two returns, the department will either issue a refund or bill the taxpayer for any remaining tax due, if applicable.*

If you do not file a zero 140PY-SBI return to claim only the overpayment from estimated taxes, the processing of the SBI overpayment may be delayed along with any application to your personal income tax liability shown on the return.

How do I file a zero "0" 140PY-SBI tax return?

1. Complete all information on lines 1, 2 and 3.
2. Enter the 2022 total amount of estimated tax payments made with Form 140ES-SBI or made using AZTaxes.gov on the following lines.
 - Line 56c (box 56a) - Estimated Tax Payments
 - Line 61 - Overpayment
 - Line 63 - Balance of Overpayment
3. Sign and date the return. If you paid someone to prepare your tax return, that person must also sign and date the return.
4. Include Form 140PY-SBI return with your timely filed personal income tax return.

Who Can Use Form 140PY-SBI?

Part-year **resident individuals** may elect to report their small business income on Arizona Form 140PY-SBI, *Small Business Income*, for the small business income amount included in their federal adjusted gross income.

An individual's small business income is reported on federal Schedules B, C, D, E, F and Form 4797 (for amounts not included on Schedule D).

Additional information and guidance can be found in the department's Publication 712, *Summary of Arizona Small Business Income and Taxation*.

How do I elect to report Small Business Income on Arizona Form 140PY-SBI?

Taxpayers make the election by simply completing Form 140PY-SBI reporting their small business income and including the completed form with their Arizona Form 140PY, *Resident Personal Income Tax Return*, when filed. If you do not timely file Form 140PY-SBI with your Form 140PY, your election will be denied **and the subtraction on your Form 140PY will be disallowed.**

What if a Taxpayer Died?

If a taxpayer died before filing a return for 2022, the taxpayer's spouse or personal representative may have to file and sign a return for that taxpayer. A personal representative can be an executor, administrator, or anyone who is in charge of the deceased taxpayer's property.

The person who files the return should use the form the taxpayer would have used. The person who files the return should print the word "deceased" after the decedent's name and enter the date of death after the decedent's name.

Claiming a Refund for a Deceased Taxpayer

If you are claiming a refund on Form 140PY-SBI for a deceased taxpayer, you **must** complete Arizona Form 131-SBI, *Claim for Refund on Behalf of Deceased Taxpayer*.

If you are claiming a refund on Form 140PY for a deceased taxpayer, you must also complete Arizona Form 131, *Claim for Refund on Behalf of Deceased Taxpayer*. Place both forms on top, when mailing the returns.

What are the Filing Dates and Penalties?

NOTE: *If the due date for an income tax or related payment falls on a weekend and/or legal holiday, the filing or payment is considered timely if filed or paid on the next business day and that business day is a day other than Saturday, Sunday or a legal holiday.*

When Should You File?

NOTE: *Your small business income tax return (Form 140PY-SBI) **must** be timely filed (including extension). If you do not file Form 140PY-SBI timely, your election will be denied and the subtraction on your Form 140PY will be disallowed.*

Your small business tax return's due date is the same as the due date for your Form 140PY. Your 2022 calendar year small business tax return is due no later than midnight, April 15, 2023. File your return as soon as you can after January 1, 2023, but no later than April 15, 2023. **Because April 15, 2023 falls on a weekend and April 17 is a federal holiday, you have until Tuesday, April 18, 2023 to timely file your 2022 tax return.**

If you are a fiscal year filer, your return is due on the 15th day of the fourth month following the close of your fiscal tax year.

What if You Cannot File on Time?

You may request an automatic 6-month extension if you know you will not be able to file on time. If you request an extension to file your 2022 calendar year tax return, your due date is October 15, 2023. **Because October 15, 2023 falls on a weekend, you have until Monday, October 16, 2023 to timely file your 2022 tax return.**

If you file Form 204 requesting an extension for your Form 140PY, it will also apply to Form 140PY-SBI. Do not file a separate extension request for Form 140PY-SBI.

Only use Form 204-SBI to make an extension payment for Form 140PY-SBI.

NOTE: *An extension does not extend the time to pay your income tax. See the instructions for Arizona Form 204.*

To get a filing extension, you can either

- Apply for a state extension (Arizona Form 204). To apply for a state extension, file Form 204 by April 18, 2023. See Form 204 for details. You do not have to include a copy of the extension with your return when you file, but make sure that you check box **82F** (above your name) on page 1 of the return. If you must make an extension payment for your small business income tax return, use Arizona

Form 204-SBI, or visit www.AZTaxes.gov to make an electronic payment.

- Use your federal extension (federal Form 4868). File your Arizona return by the same due date. You do not have to include a copy of your federal extension with your return, but make sure that you check box **82F** (above your name) on page 1 of the return.

When Should You File if You Are a Nonresident Alien?

As a Nonresident Alien, do not file Form 140PY or Form 140PY-SBI. Use Form 140NR, *Nonresident Personal Income Tax Return*, to report your Arizona income and Form 140NR-SBI if you elect to report your Arizona sourced small business income on the Small Business Income Tax Return. **See the instructions for Form 140NR for your filing due dates.**

What if You File or Pay Late?

Late Payment Penalty

If you pay your small business income tax liability late, we will charge you interest and penalties on the amount you owe. If the U.S. Post Office postmarks your 2022 calendar year return by April 18, 2023, your return will not be late. You may also use certain private delivery services designated by the Internal Revenue Service (IRS) to meet the "timely mailing as timely filed" rule. For more information, see "*Mailing Your Return*" at the end of these instructions.

Late Filing Penalty

You must file Form 140PY-SBI timely along with your Form 140PY by the original due date (including valid extensions). If you file Form 140PY-SBI late, your small business election will be denied and the return rejected. In addition, the subtraction on Form 140PY return will be disallowed. In this case, no late filing penalty will be assessed on your small business income tax return. However, the late filing penalty may still be assessed on your Form 140PY return if it was filed late.

If you file your Form 140PY late, we will charge you a late filing penalty on your Form 140PY. This penalty is 4½% (.045) of the tax required to be shown on the return for each month or fraction of a month the return is late. This penalty cannot exceed 25% (.25) of the tax found to be remaining due.

Late Payment Penalty

If you pay your tax late, we will charge you a late payment penalty. This penalty is ½ of 1% (.005) of the amount shown as tax for each month or a fraction of a month for which the failure continues. We charge this penalty from the original due date of the return until the date you pay the tax. This penalty cannot exceed a total of 10% (.10) of the unpaid tax.

Extension Underpayment Penalty

If you file your return under an extension, you must pay 90% (.90) of the tax shown on your return by the return's original due date. If you do not pay this amount, we will charge you a penalty. This penalty is ½ of 1% (.005) of the tax not paid for each 30-day period or a fraction of a 30-day period. We charge this penalty from the original due date of the return until the

date you pay the tax. This penalty cannot exceed 25% (.25) of the unpaid tax. If we charge you the extension underpayment penalty, we will not charge you the late payment penalty under Arizona Revised Statutes (A.R.S.) § 42-1125(D).

NOTE: *If you are subject to two or more of the above penalties, the total cannot exceed 25%.*

Interest

We charge interest on any tax not paid by the due date. We will charge you interest even if you have an extension. If you have an extension, we will charge you interest from the original due date until the date you pay the tax. The Arizona interest rate is the same as the federal rate.

When Should You Amend a Return?

If you need to make changes to your small business tax return after you have filed, **do not** file a new return using Form 140PY-SBI. You must file Arizona Form 140X-SBI, *Small Business Amended Income Tax Return*. File your amended return after your original return has processed. Generally, you have four years to amend a return to claim a refund.

If either of the following applies, file Form 140X-SBI.

- You are changing any amount originally reported on Form 140PY-SBI or latest amended return.
- You are rescinding your election to report small business on Form 140PY-SBI.

If you amend your small business income tax return, you are required to amend your Form 140PY, using Form 140X. For more information, see the instructions for Form 140X.

If you amend your federal return changing amounts originally reported on federal Schedules B, C, D, E, F and Form 4797 for any year, you must also file an Arizona Form 140X-SBI and 140X for that year.

If the IRS makes a change to your federal taxable income for any year, you must report that change to Arizona. You must file Form 140X-SBI and 140X within 90 days of the final determination of the IRS. You may use one of the following two options to report this change.

Option 1

You may file Forms 140X-SBI and 140X for that year. If you choose this option, you must amend and mail your Arizona returns within 90 days of the final determination of the IRS. Include a complete copy of the federal notice with your Forms 140X-SBI and 140X.

Option 2

You may file a copy of the final federal notice with the department within 90 days of the final determination of the IRS.

If you choose this option, you must include a statement in which you must:

1. Request that the department recompute your tax on Forms 140PY-SBI and 140PY; **and**
2. Indicate if you agree or disagree with the federal notice.

If you do not agree with the federal notice, you must also include any documents that show why you do not agree. If you

choose Option 2, mail the federal notice and any other documents to:

Do You Need to Make Arizona Estimated Payments For the Small Business Tax Return in 2023?

Taxpayers are required to make small business income estimated tax payments (starting with tax year 2023) if the small business income liability will exceed \$1,000 (small business income tax less allowable tax credits). Taxpayers must pay 90% of current or 100% of last year's tax liability. The 100% of last year exception only applies if a taxpayer filed a small business income tax return in the prior year.

See Form 140ES-SBI, page 2 to determine if you are required to make estimated tax payments in 2023.

Use the worksheet for Arizona Form 140ES-SBI to figure how much your payments should be. For more information about making estimated payments, see the department's publication, Pub. 012, *Arizona Individual Estimated Income Tax Payments*.

What if You Make Your Estimated Payments Late?

We will charge you a penalty if you are late or if you fail to make any required payments. See AZ Form 221-SBI (2022).

Can You Make Estimated Payments Even if You Do Not Have To?

If you do not have to make Arizona estimated income tax payments, you may still choose to make them. For details, see Arizona Form 140ES-SBI.

If you are taking a subtraction on line 32 for any net long-term capital gain from assets acquired after December 31, 2011, you must also complete line 31. If you do not complete lines 28 through 31, you cannot take the subtraction on line 32.

You may subtract 25% (.25) of any net long-term capital gain included in your federal Schedule D from small business income and included in line 6 that is derived from an investment in an asset acquired after December 31, 2011.

Complete the *Worksheet for Net Long-Term Capital Gain Subtraction for Assets Acquired after December 31, 2011*, at the end of these instructions to determine the allowable subtraction. Keep the worksheet for your records.

Enter the total amount of net long-term capital gain or (loss) reported included in line 6.

If your net long-term capital gain (loss) is limited to an amount reported on Form 1099-DIV and you were not required to complete federal Schedule D, enter the amount shown on Form 1099-DIV on line 30.

Line 31 - Net Long-Term Capital Gain from Assets Acquired After December 31, 2011

NOTE: Only include net long-term capital gains on this line if it can be verified that the small business income asset was acquired after December 31, 2011. If the date of acquisition cannot be determined, the asset is considered to have been acquired before January 1, 2012. For purposes of this line, an asset acquired by gift or inheritance is considered acquired on the date it was acquired by the gift-giver or the deceased individual.

If you completed the worksheet at the end of these instructions, enter the amount from line 5 of the worksheet.

If you did not complete the worksheet and you have no net long-term capital gain from assets acquired after December 31, 2011, enter zero, "0".

Line 32 - Net Long-Term Capital Gain Subtraction From Income for Assets Acquired After December 31, 2011.

Multiply the amount on line 31 by 25% and enter the result.

CAUTION: *If you take a subtraction for the net capital gain derived from investment in a qualified business (line 34) or the net capital gain from the exchange of one kind of legal tender for another kind of legal tender (line 35), that includes any long-term capital gain from an investment made after December 31, 2011, you **cannot include** that portion in your computation of the allowable subtraction on line 32 for any net long-term capital gain from assets acquired after December 31, 2011, and included in line 6. For more information, see the worksheet at the end of these instructions.*

NOTE: *1099-DIV:* *If Form 1099-DIV did not include the acquisition date of each asset sold within the fund, you cannot verify that the long-term capital gain was from an asset acquired by the Fund was after December 31, 2011, for the purpose of the allowable subtraction on line 32. In this case, you may want to contact the Fund Administrator and request to obtain the acquisition date of each asset sold within the fund. If the Administrator does not provide you with the specific date(s), then those assets cannot be included on line 31.*

1099-B: *Form 1099-B generally includes your purchase date of the fund including acquisition dates of assets included in your portion of the fund when reporting short-term or long-term capital gains or (losses). In this case, you would know the specific date the asset was acquired and those assets may be included on line 31.*

You may subtract the amount of any **net** capital gain included in federal adjusted gross income (Schedule D) for the taxable

year derived from investment in a qualified small business as determined by the Arizona Commerce Authority (ACA) pursuant to A.R.S. § 41-1518.

To qualify for this subtraction, your investment in the qualified small business must have been made *after* the ACA certified the company as a qualified small business and *before* the company's certification expiration date. See the ACA's website, *Small Business Incentives: Angel Investment*, for a list of certified businesses and their certification dates.

On line 34, enter the amount of the allowable subtraction.

Line 35 - Net Capital Gain from the Exchange of One Kind of Legal Tender for Another Kind of Legal Tender

For assets placed in service in taxable years beginning before December 31, 2012, enter the total amount of depreciation allowable pursuant to IRC § 167(a) for the taxable year, calculated as if you had elected not to claim bonus depreciation for eligible properties for federal purposes.

For assets placed in service during taxable years beginning from and after December 31, 2012 through December 31, 2013, the amount of the subtraction for these assets depends on the method used to compute the depreciation for these assets.

For assets placed in service in taxable years beginning from and after December 31, 2013 through December 31, 2015, enter the total amount of depreciation allowable pursuant to IRC § 167(a) for the taxable year, calculated as if the bonus depreciation is 10% (.10) of the amount of federal bonus depreciation pursuant to IRC § 168(k).

For assets placed in service in taxable years beginning from and after December 31, 2015 through December 31, 2016, enter the total amount of depreciation allowable pursuant to IRC § 167(a) for the taxable year, calculated as if the bonus depreciation is 55% (.55) of the amount of federal bonus depreciation pursuant to IRC § 168(k).

Line 38 - Interest on U.S. Obligations

Enter the amount of interest income from U.S. Government obligations included as income on your federal return. U.S. Government obligations include obligations such as savings bonds and treasury bills. You cannot deduct any interest or other related expenses incurred to purchase or carry the obligations. If such expenses are included in your Arizona gross income, you must reduce the subtraction by such expenses.

If you are itemizing deductions on your Arizona return, you must exclude such expenses from the amount deducted.

NOTE: *Do not subtract interest earned on Fannie Mae (FNMA) or Ginnie Mae (GNMA) bonds since this interest is taxable by Arizona. For details, see the department's ruling, ITR 06-1, Obligations of the United States Government, Federal Agencies, and United States Territories.*

Do not subtract any amount received from a qualified pension plan that invests in U.S. Government obligations. Line 39 - Net Operating Loss Adjustment For Losses incurred in 2008 or 2009

Arizona did not adopt the special federal net operating loss rules for losses incurred during 2008 or 2009. For Arizona purposes, you must deduct a net operating loss as if the loss was computed under IRC §172 in effect prior to the enactment of those special rules. If you made an election to deduct your 2008 or 2009

federal net operating loss under IRC § 172(b)(1)(H), you may have to enter an amount here. Figure how much of the net operating loss carry forward would have been allowed as a deduction on your 2022 federal income tax return, if the election described in IRC § 172(b)(1)(H) had not been made in the year of the loss. Enter the amount that exceeds the actual net operating loss carry forward that was deducted in arriving at federal adjusted gross income.

NOTE: *This subtraction applies to only those individuals who made an election under the special federal net operating loss rules for 2008 and 2009. Under the special rules for 2008 and 2009, you could have elected to carry the net operating loss back for 3, 4 or 5 years, instead of the normal 2 years. This election would have been allowed under IRC § 172(b)(1)(H) as amended by the American Recovery and Reinvestment Act of 2009 or the Worker, Homeownership, and Business Assistance Act of 2009.*

(Note: The practical effect of this is to allow a subtraction for the difference in basis for any asset for which bonus depreciation has been claimed on the federal return.)

In addition, a sole proprietorship of an **Arizona dual licensee that has not elected to operate on a for-profit basis** may subtract the portion of income included in federal adjusted gross income that is from the medical marijuana portion of the business.

NOTE: *A dual licensee that elects to operate on a for-profit basis does not qualify for a subtraction for the medical marijuana portion of their business.*

Line 43 - Sole Proprietorship – Marijuana Establishment, Testing Facilities and Dual Licensees that Elected to Operate on a for-profit Basis

A sole proprietorship that takes the allowable subtraction for the income of an Arizona Nonprofit Medical Marijuana Dispensary (NMMD) on line 42, cannot take this allowable subtraction.

To determine if your crop gift qualifies for this subtraction, see the department's procedure, ITP 12-1, *Establishing an Income Tax Subtraction for Agricultural Crops Contributed to Charitable Organizations*.

Direct Deposit of Refund

Complete the direct deposit line if you want us to directly deposit the amount shown on line 66 into your account at a bank or other financial institution (such as a mutual fund, brokerage firm, or credit union) instead of sending you a check.

NOTE: Check the box on line 66A if the direct deposit will ultimately be placed in a foreign account. If you check box 66A, do not enter your routing or account numbers. If this box is checked, we will not direct deposit your refund. We will mail you a check instead.

Why use Direct Deposit?

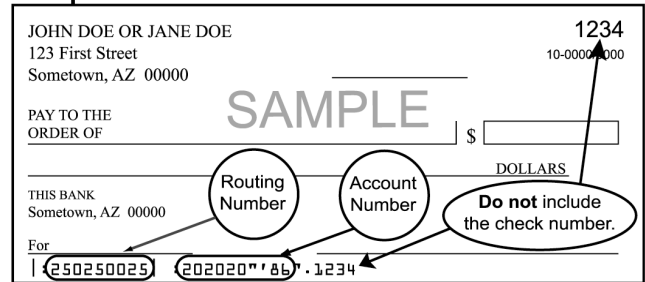

- You will get your refund fast - even faster if you e-file!
- Payment is more secure - there is no check to get lost.
- It is more convenient - no trip to the bank to deposit your check.
- It saves tax dollars. A refund by direct deposit costs less to process than a check.

NOTE: We are not responsible for a lost refund if you enter the wrong account information. Check with your financial institution to get the correct routing and account numbers and to make sure your direct deposit will be accepted.

Routing Number MAKE SURE YOU ENTER THE CORRECT ROUTING NUMBER

The routing number must be nine digits. The first 2 digits must be 01 through 12 or 21 through 32. Otherwise, the direct deposit will be rejected and a check will be mailed instead. On the sample check, the routing number is 250250025.

Sample Check

Note: The routing and account numbers may be in different places on your check.

Your check may state that it is payable through a financial institution different from the one at which you have your checking account. If so, **do not** use the routing number on that check. Instead, contact your financial institution for the correct routing number to enter.

Account Number**MAKE SURE YOU ENTER THE CORRECT ACCOUNT NUMBER.**

The account number can be up to 17 characters (both numbers and letters). DO NOT include hyphens, spaces, or special symbols. Enter the number from left to right and leave any unused boxes blank. On the sample check the account number is 20202086. Be sure **not** to include the check number. *If the direct deposit is rejected, a check will be mailed instead.*

Line 67 - Amount Owed

Add lines 60 and 64. Enter the amount you owe on line 67. You may pay the amount owed only with a check or money order, electronic check, direct debit through your software vendor or credit card.

Check or money order

NOTE: *Include your check or money order with your return. Please do not send cash.*

Make your check payable to Arizona Department of Revenue. Write your SSN, Form 140PY-SBI and tax year on the front of your check or money order. The department cannot accept checks or money orders in foreign currency. You must make payment in U.S. dollars. It may take 2-3 weeks for your payment to process.

The Department of Revenue may charge you \$50 for a check returned unpaid by your financial institution.

Electronic payment from your checking or savings account

You can make an electronic payment from your checking or savings account to pay your balance due for 2022. There is no fee to use this method. To make an electronic payment, go to www.AZTaxes.gov and click on the "Make a Payment" link.

Be sure to enter the correct routing number and account number for your checking or savings account. You will be charged a \$50 non-sufficient funds (NSF) fee if you provide an incorrect routing number or an incorrect account number. Check with your financial institution to get the correct account and routing numbers.

The "E-Check" option in the "Payment Method" drop-down box will debit the amount from the checking or savings account that you specify. If you make an electronic payment from your checking or savings account, you will receive a confirmation number. **Please keep this confirmation number as proof of payment.**

NOTE: *You may not make an electronic payment from your checking or savings account if the payment will ultimately be coming from a foreign account. In this case, you must pay by check or money order.*

Credit card payment

You can pay with your American Express, Discover, Visa, or MasterCard. Go to www.AZTaxes.gov and click on the "Make a Payment" link, and choose the credit card option. This will take you to a third party vendor site (provider). The provider

will charge you a convenience fee based on the amount of your tax payment. The provider will tell you what the fee is during the transaction; you will have the option to continue or cancel the transaction. If you complete the credit card transaction, you will receive a confirmation number. **Please keep this confirmation number as proof of payment.**

Installment payments

If you cannot pay the full amount shown on line 67 when you file, you may request to make monthly installment payments. All payment arrangements for individual income tax can be made online at www.AZTaxes.gov, please select the "Request A Payment Plan" option under the Individual Income section. If you cannot pay the full amount shown on line 67, you will be charged interest and may be charged a late payment penalty on the tax not paid by April 18, 2023. To limit the interest and penalty charges pay as much of the tax as possible when you file your return.

Sign Your Return

You must sign your return. If married filing a joint return, both you and your spouse must sign even if only one had income. Form 140PY-SBI is not considered a valid return unless you sign it. The department cannot mail a refund check without proper signatures on the return.

Mailing Your Return

NOTE: DO NOT MAIL THIS RETURN SEPARATELY. *If you are mailing your return to the department, you must include Form 140PY-SBI with your Form 140PY, when filed. See the mailing instructions for Form 140PY for assembly order (form sequence) information.*

- After applying the overpayment, if there is a net tax due and you are sending a payment mail both returns to:
Arizona Department of Revenue
PO Box 52016
Phoenix, AZ 85072-2016
- After applying the overpayment, if there is a net refund mail both returns to:
Arizona Department of Revenue
PO Box 52138
Phoenix, AZ 85072-2138

Make Sure You Put Enough Postage on the Envelope

The U.S. Post Office or United States mail service must postmark your return or extension request by midnight April 18, 2023. The term "United States mail" includes any private delivery service designated by the United States Secretary of the Treasury pursuant to IRC § 7502(f) and the term "postmark" includes any date recorded or marked by any such designated delivery service.

An income tax return that is mailed to the department is timely filed if it is delivered on or before its due date. Additionally, if the envelope or wrapper containing the return sent through the United States mail bears a postmark of the United States mail and that tax return is delivered to the department after its due date that return will be considered timely filed if **all** of the following apply:

1. The return was deposited in an official depository of the United States mail;
2. The date of the postmark is no later than the due date;
3. The return was properly addressed; and
4. The return had proper postage.

If the envelope or wrapper containing a return sent through the United States mail bears a private meter postmark made by other than the United States mail, the return is treated as timely filed if both of the following apply:

1. The private meter postmark bears a date on or before the due date for filing; and
2. The return is received no later than the time it would ordinarily have been received from the same point of origin by the same class of U.S. postage. If the return is received by the department within five business days of the private meter postmark date, the department will consider the requirement satisfied.

You may also use certain private delivery services designated by the IRS to meet the "timely mailing as timely filed" rule.

For more information, see the department's ruling, GTR 16-1, *Timely Filing of Income or Withholding Tax Returns Through the United States Mail*.

How long to keep your return

You must keep your records as long as they may be needed for the administration of any provision of Arizona tax law. Generally, this means you must keep records that support items

shown on your return until the period of limitations for that return runs out.

The period of limitations is the period of time in which you can amend your return to claim a credit or refund or the department can assess additional tax. A period of limitations is the limited time after which no legal action can be brought. Usually, this is four years from the date the return was due or filed.

In some cases, the limitation period is longer than four years. The period is six years from when you file a return if you under report the income shown on that return by more than 25% (.25). The department can bring an action at any time if a return is false or fraudulent, or if you do not file a return. To find out more about what records you should keep, get federal Publication 552.

Where's My Refund?

You can check on your refund by visiting www.azdor.gov or www.AZTaxes.gov and clicking on "Where's my refund?" or you may call one of the numbers listed on page 1 of these instructions. Before you call, be sure to have a copy of your 2022 tax return on hand. You will need to know your SSN, your filing status, and your 5-digit ZIP Code.

Contacting the Department

Your tax information on file with the department is confidential. If you want the department to discuss your tax matters with someone other than yourself, you must authorize the department to release confidential information to that person.

You may use Arizona Form 285 to authorize the department to release confidential information to your appointee. See Form 285 for details.
