General Instructions

Which Corporations Must File a Return

Every corporation subject to the Arizona Income Tax Act of 1978 must file an Arizona corporate income tax return.

NOTE: *Homeowners associations described in IRC § 528 are not exempt from tax under ARS § 43-1201 [associations that file federal Form 1120-H, 1120, or 1120-A]. These associations must file Form 120A. However, certain homeowners associations are federally tax exempt under IRC § 501(c)(4), as social welfare organizations or under IRC § 501(c)(7), as clubs organized for pleasure or recreation. These homeowners associations are similarly tax exempt for Arizona income tax purposes. These organizations may file the Form 99.*

Which Corporations May Use Form 120A

The standard corporation income tax return, Form 120, is designed to accommodate any taxpayer including the most complex filing under the combined or consolidated methods. The short form, Form 120A, is designed for corporate taxpayers with less complex filing requirements.

A corporation **MAY USE** Form 120A if it files its return on a separate company (separate entity) basis and it is a "wholly Arizona corporation". A corporation that has income from business activity that is taxable entirely within Arizona is a "wholly Arizona corporation". A corporation files on a separate company (separate entity) basis if: (1) it is not part of a group of corporations comprising a unitary business; or (2) it is not a member of an affiliated group that elected to file an Arizona consolidated return.

A corporation **MUST USE** Form 120 if: (1) it is a multistate corporation; or (2) it is a member of a unitary group of corporations that files an Arizona return on a combined basis; or (3) it is a member of an affiliated group of corporations that elects to file an Arizona consolidated return. A corporation that has income from business activity that is taxable in more than one state is a "multistate corporation".

NOTE: *The corporation must file Form 120 if the corporation is: (1) a partner in a multistate partnership, or*

(2) a partner in a partnership with business activity conducted entirely outside Arizona.

Entity Classification Under the Federal "Check-the-Box Rules"

The federal tax classification of an entity under the federal "check-the-box rules" determines the entity's classification for Arizona tax purposes. Refer to Arizona Corporate Tax Ruling CTR 97-1 for further information. An entity that is disregarded as an entity separate from its owner is included in the tax return of its owner.

Limited Liability Companies

Under the provisions of the Arizona Limited Liability Company Act, a limited liability company (LLC) is classified as a partnership, or as a corporation, or is disregarded as an entity as determined under the Internal Revenue Code as defined in ARS § 43-105. A single member LLC that is disregarded as an entity is treated as a branch or division of the owner. An LLC classified as a partnership for federal tax purposes must file Form 165. An LLC classified as a corporation for federal tax purposes must file Form 120 or Form 120A. An LLC classified as a corporation for federal tax purposes that makes a valid federal election to be taxed as an S corporation must file Form 120S. A single member LLC that is disregarded as an entity for federal tax purposes is included in the Arizona return of its owner. Refer to Arizona Corporate Tax Ruling CTR 97-2 for further information.

Electing Small Business Corporations

Corporations taxed as S corporations under Subchapter S of the Internal Revenue Code must file Form 120S.

Taxable Year Covered by Return

File returns for the calendar year or fiscal year. Indicate the period covered by the taxable year on page 1 of the return (in an MM/DD/YYYY format) and whether the taxable year is a calendar year or a fiscal year.

Filing Original Returns

Returns are due by the 15th day of the fourth month following the close of the taxable year. If the taxpayer has a valid federal or Arizona extension, file the return by the extended due date. If the taxpayer uses a FEDERAL extension, the taxpayer must check the federal extension box on page 1 of the return. If the taxpayer uses an ARIZONA extension, the taxpayer must attach a copy of the Arizona extension to the front of the return. Send the return to the Arizona Department of Revenue, PO Box 29079, Phoenix AZ 85038-9079. One or more of the following officers (president, treasurer, or any other principal officer) must sign the return. Attach a copy of the completed federal return (Form 1120, 1120A, etc.) to the Arizona return.

The department normally determines the timeliness of a return by the postmark or other official mark of the U.S. Postal Service stamped on the envelope in which the return is mailed. Refer to Arizona General Tax Ruling GTR 93-1 for further information. The department will also accept proof of mailing from a private delivery service included in the Internal Revenue Service list of designated private delivery services.

Contact the private delivery service for information regarding how to obtain the written proof of mailing.

Rounding Dollar Amounts

Taxpayers must round amounts to the nearest whole dollar. If 50 cents or more, round up to the next dollar. If less than 50 cents, round down.

Treatment of Installment Obligations When Corporation Activities Cease

If a corporation elects to report income from the sale or other disposition of property on the installment method, and does not report the entire amount of income from the sale before the year the corporation ceases to be subject to Arizona corporation income tax, the corporation must report the unreported income in the last year in which the corporation is subject to the tax. This provision does not apply if a reorganization transfers the installment obligation to another taxpayer subject to Arizona tax as the transferee. The transferee may not use its capital losses to offset income from the installment obligation transferred from a corporation no longer subject to the tax.

Payment of Tax

The entire amount of tax is due by the original due date of the return.

Estimated Tax Payments

Corporations that expect an Arizona income tax liability for the taxable year of \$1,000 or more must make Arizona estimated tax payments. Use Form 120ES, *Corporation Estimated Tax Payment*.

For exceptions to the estimated tax requirements, see the instructions for Form 220, *Underpayment of Estimated Tax by Corporations*.

A corporation that fails to make the required estimated tax payments is subject to a penalty on any estimated tax payment which is late or underpaid.

The Arizona required annual payment of corporate estimated tax is the smaller of:

- Ninety percent of the taxpayer's Arizona tax liability (reduced by claim of right adjustments, if applicable) for the current taxable year; or
- One hundred percent of the taxpayer's Arizona tax liability (reduced by claim of right adjustments, if applicable) for the prior taxable year.

NOTE: *In order for the taxpayer to base its Arizona corporate estimated tax payments on the prior taxable year's tax liability:*

- *The taxpayer's return filed for the prior taxable year must have shown at least some amount of tax liability (an amount greater than zero); and*
- *The taxpayer's return filed for the prior taxable year must have been for a period of twelve months.*

Taxpayers required to make Arizona corporate estimated tax payments should use the 2004 Form 120W, *Estimated Tax Worksheet for Corporations*, to compute the required installments. REFER TO THE 2004 FORM 120W AND ITS INSTRUCTIONS BEFORE COMPLETING THE 2004 FORM 120ES.

ESTIMATED TAX PAYMENTS BY ELECTRONIC FUNDS TRANSFER. Refer to ARS § 42-1129 and the related Arizona Administrative Code rules (AAC R15-10-301 through R15-10-307) for detailed information regarding electronic funds transfer.

Effective for taxable years beginning on or after January 1, 1997, taxpayers whose Arizona corporate income tax liability for the preceding taxable year was \$20,000 or more must make Arizona corporate estimated tax payments via the electronic funds transfer program. If the taxpayer makes its estimated tax payments by electronic funds transfer (EFT), the taxpayer should not submit the Form 120ES to the department.

Taxpayers required to make estimated tax payments via electronic funds transfer must complete the department's electronic funds transfer authorization agreement at least 30 days prior to initiation of the first applicable transaction.

Taxpayers whose Arizona corporate income tax liability for the preceding taxable year was less than \$20,000 may elect voluntary participation in the electronic funds transfer program. Voluntary participants in the program must complete the department's electronic funds transfer authorization agreement at least 30 days prior to the first applicable transaction.

Obtain additional information concerning the Arizona electronic funds transfer program by contacting the EFT Helpline at (602) 542-2040 in Phoenix or at (800) 572-7037 (toll-free). The FAX line is (602) 716-7986.

Extension of Time To File a Return

A request for an Arizona extension of time to file a corporate income tax return is made by filing a completed Form 120EXT by the original due date of the return. The taxpayer can use a valid federal extension rather than applying for an Arizona extension. The Form 120EXT must be used to transmit any extension payments, whether the taxpayer uses a valid federal extension or requests an Arizona extension. If the taxpayer uses a FEDERAL extension, the taxpayer must check the federal extension box on page 1 of the return. If the taxpayer uses an ARIZONA extension, the taxpayer must attach a copy of the Arizona extension to the front of the return.

The taxpayer must pay 90 percent of the tax liability (including the \$50 minimum tax) by the original due date of the return. The department imposes the extension underpayment penalty on any late or underpaid extension payments.

The department grants an Arizona extension for a period of six months. Arizona law provides that six months is the maximum extension of time to file that the department may grant. However, Arizona law provides that the department may accept the federal extension for the same period as covered by the federal extension.

Penalties and Interest

A. Late Filing Penalty. A return filed after the original due date is subject to the late filing penalty unless the taxpayer has a valid federal or Arizona extension. If the taxpayer uses a FEDERAL extension, the taxpayer must check the federal extension box on page 1 of the return. If the taxpayer uses an ARIZONA extension, the taxpayer must attach a copy of the

Arizona extension to the return. A return filed after its extended due date is also subject to the late filing penalty. The late filing penalty is 4½ percent (.045) of the amount of tax required to be shown on the return. "Amount of tax required to be shown on the return" is the amount of tax imposed less the amount of any part of the tax paid on or before the beginning of the month and the amount of any credit against the tax which may be claimed on the return. The penalty period is each month or fraction of a month between the due date of the return and the date the taxpayer filed the return. The maximum penalty is 25 percent of the tax found to be remaining due.

B. Extension Underpayment Penalty. A return filed without an attached Arizona extension (if the taxpayer uses an Arizona extension) is subject to the extension underpayment penalty. A return filed without a check in the federal extension box on page 1 of the return (if the taxpayer uses a federal extension) is subject to the extension underpayment penalty. The taxpayer must pay 90 percent of the tax liability disclosed by the taxpayer's return on or before the original due date of the return. The department imposes the extension underpayment penalty on any late or underpaid extension payments. The extension underpayment penalty is one-half of one percent (.005) of the tax not paid. The penalty period is each 30 day period or fraction thereof between the original due date of the return and the date the taxpayer paid the tax. The maximum penalty is 25 percent of the tax not paid.

C. Late Payment Penalty. The department imposes the late payment penalty on any amount shown as tax on a return that is not paid by the date prescribed for its payment. The late payment penalty is one-half of one percent (.005) of the unpaid tax for each month or fraction of a month that the tax remains unpaid, not to exceed 10 percent of the unpaid tax. "Amount of tax shown on the return" is the amount of tax imposed shown on the return less the amount of any part of the tax paid on or before the beginning of the month and the amount of any credit against the tax which may be claimed on the return.

NOTE: *If two or more of the penalties described in A, B, or C apply, the maximum combined penalty is 25 percent.*

D. Interest. The department assesses interest on any portion of the tax, whether determined by the department or the taxpayer, not paid by the date prescribed for its payment. The department applies interest, compounded annually, in the same manner and at the same times as prescribed by Internal Revenue Code § 6621 with the following exception.

Exception: The Arizona rate of interest for both underpayments and overpayments *for all taxpayers* is the federal underpayment rate under IRC § 6621(a)(2) [the federal short-term rate, determined pursuant to IRC § 6621(b), plus three percentage points]. On January 1 of each year, the department adds any interest outstanding as of that date to the principal amount of the tax. It is then a part of the principal amount of the tax and accrues interest until paid.

E. Underpayment of Estimated Tax Penalty. The department imposes the underpayment of estimated tax penalty on any late payment or underpayment of a required installment of estimated tax. Refer to Form 220 for further

details. The penalty imposed is the penalty prescribed by ARS § 43-582 for the applicable period.

Furnishing Data

Corporations must attach a copy of the federal return (along with all schedules and attachments) to the Arizona return.

Do not send in a blank Arizona return with a copy of the federal return; the return will not process accurately. Taxpayers must furnish complete data. Answer all questions on the return. Complete all applicable schedules. Also attach all appropriate supplementary schedules.

Filing Amended Returns

Any taxpayer who files an amended return with the Internal Revenue Service must file an Arizona amended return on Form 120X within 90 days.

The taxpayer must report changes or corrections of the taxpayer's taxable income by the Internal Revenue Service or as the result of renegotiation of a contract or subcontract with the United States to the department. The taxpayer must, within 90 days after the final determination of the change or correction, either:

- File a copy of the final determination with the department, concede the accuracy of the determination or state any errors, and request the department to recompute the tax owed to Arizona; or
- File an amended return as required by the department.

The taxpayer must include additional schedules that provide sufficient information for the department to recompute the taxpayer's Arizona taxable income based on the Revenue Agent Report (RAR) changes. The department may require the taxpayer to file an amended return if the department does not have the necessary information to recompute the tax owed to Arizona.

Records

Every corporation should maintain books and records substantiating information reported on the return and keep these documents for inspection. Arizona General Tax Ruling GTR 96-1 discusses the general requirements for the maintenance and retention of books, records, and other sources of information received, created, maintained, or generated through various computer, electronic, and imaging processes and systems. Refer to this tax ruling for further information.

Use of Federal Figures

CALCULATION OF ARIZONA TAXABLE INCOME: a corporation must compute its federal taxable income and make the adjustments required by Arizona law. (Refer to Article 3, Chapter 11, Title 43, of the Arizona Revised Statutes.)

IRC § 7519 Required Payments

Taxpayers cannot deduct the federal required payments on their Arizona tax returns as an ordinary and necessary business expense or otherwise.

Specific Instructions

Type or print the required information in the name, address, and information boxes on the top of page 1.

Indicate the period covered by the taxable year on page 1 of the return (in an MM/DD/YYYY format) and whether the taxable year is a calendar year or a fiscal year.

Enter the corporation's federal employer identification number, which is the taxpayer identification number (TIN). Enter the corporation's Arizona withholding tax number and Arizona transaction privilege tax number. If the corporation does not have an Arizona withholding tax number or Arizona transaction privilege tax number, leave these boxes blank.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). Taxpayers that fail to include their TIN may be subject to a penalty. Paid tax return preparers must include their TIN where requested. The TIN for a paid tax return preparer is the individual's social security number or preparer identification number or the federal employer identification number of the business. Paid tax return preparers that fail to include their TIN may be subject to a penalty.

L. Adjustment for Cumulative Retroactive Change of Depreciation Methods

Arizona tax laws pertaining to depreciation were changed retroactively effective May 7, 2004. These retroactive changes affect tax years beginning from and after December 31, 1999.

The primary effects of the changes are to property for which the taxpayer claimed "bonus depreciation" on the federal return. The prior method of adding back the amount of the bonus depreciation in the year of acquisition of the property and then subtracting an additional 3/7 of the ordinary depreciation on that property each year is no longer the treatment required (or allowed) by law. The current treatment is described in the instructions for Lines A1 and B1.

This change in method must be applied to depreciation for all tax years ending after August 31, 2001. The taxpayer must amend each of those years to effect the changes *or* the taxpayer may elect to recognize the entire cumulative effect of the change on the tax return for the first tax year ending on or after December 31, 2003 (the 2003 return). To qualify for this election, all returns prepared pursuant to the prior law must be filed by the due date for those returns, including extensions, or April 15, 2004, whichever is later.

Enter the net amount of this cumulative effect on Line B12 if the election is made. This will include the adjustment to basis (if any) for property that was disposed of during this retroactive period. (If the recalculated cumulative Arizona depreciation is less than the amount previously claimed on the Arizona returns, enter the net amount on line A12.)

Taxpayers who do not make the election to recognize the cumulative effect on the 2003 return must file an amended return for each affected year and make no entry on Line B12.
