**General Instructions**

**Who Is Required To Make Arizona Estimated Tax Payments**

Entities filing Forms 99T, 120, 120A, or 120S that expect an Arizona tax liability for the taxable year of at least \$1,000 are required to make Arizona estimated tax payments.

*A unitary group of corporations filing a combined return on Form 120 must make estimated tax payments on a combined basis. Therefore, a unitary group, as a single taxpayer, must make estimated tax payments if its Arizona tax liability for the taxable year is at least \$1,000.*

*An Arizona affiliated group filing a consolidated return pursuant to ARS § 43-947 on Form 120 must make estimated tax payments on a consolidated basis. Therefore, an Arizona affiliated group, as a single taxpayer, must make estimated tax payments if its Arizona tax liability for the taxable year is at least \$1,000.*

**Rounding Dollar Amounts**

Taxpayers must round amounts to the nearest whole dollar. If 50 cents or more, round up to the next dollar. If less than 50 cents, round down.

**Specific Instructions**

All taxpayers who are required to make estimated tax payments should use Form 120W to compute the required annual payment of estimated tax and the required installments.

**Line 1 - Arizona Tax Liability**

This amount is the taxpayer's estimated tax liability for the current taxable year. The Arizona tax liability is determined as follows:

- (a) **Form 120, 120A, and 120S filers** – [income tax plus tax from recapture of tax credits] less [nonrefundable tax credits and refundable tax credits]; or
- (b) **Form 99T filers** – income tax.

**Claim of right adjustments (Forms 120 and 120A):** A taxpayer that computes its tax liability under the claim of right provisions should base its estimated tax liability on the net tax liability computed under the claim of right provisions.

**Line 2 - Required Annual Payment**

The Arizona required annual payment of estimated tax is the smaller of:

- (a) *All taxpayers* - ninety percent of the taxpayer's Arizona tax liability (reduced by any refundable tax credits and the claim of right adjustment, if applicable) for the current taxable year; **or**
- (b) *Forms 99T, 120, and 120A* - one hundred percent of the taxpayer's Arizona tax liability (reduced by any refundable tax credits and the claim of right adjustment, if applicable) for the prior taxable year.

*Form 120S* - an amount equal to the sum of: (a) ninety percent of the portion of the current taxable year's Arizona tax liability that is attributable to built-in gains income or certain capital gains income and (b) one hundred percent of the portion of the prior taxable year's Arizona tax liability that is attributable to excess net passive income.

**NOTE:** *Forms 99T, 120, and 120A filers must meet certain conditions in order to make estimated tax payments equal to one hundred percent of the prior taxable year's tax liability. (See instructions for line 2b.)*

*Form 120S filers may not use one hundred percent of the prior taxable year's tax liability. In addition, Form 120S filers must meet certain conditions in order to make estimated tax payments equal to the amount calculated in (b) above. (See instructions for line 2c.)*

**Line 2a - (All Taxpayers)**

Multiply line 1 by 90 percent. Enter the result on line 2a.

**Line 2b - (Forms 99T, 120 and 120A)**

Determine the amount of the taxpayer's Arizona tax liability from the prior taxable year (reduced by any refundable tax credits and the claim of right adjustment, if applicable). Enter this amount on line 2b.

**DO NOT COMPLETE THIS LINE IF:** (1) a return was not filed for the 2012 taxable year showing at least some amount of tax liability (an amount greater than zero); OR (2) the 2012 taxable year was a period of less than twelve months. Skip line 2b and enter the amount from line 2a on line 2d.

**Line 2c - (Form 120S)**

Enter an amount on line 2c that is the sum of:

- Ninety percent of the portion of the 2013 Arizona tax liability that is attributable to built-in gains income or certain capital gains income; plus
- One hundred percent of the portion of the 2012 Arizona tax liability that is attributable to excess net passive income.

**DO NOT COMPLETE THIS LINE IF** the 2012 taxable year was a period of less than twelve months. Skip line 2c and enter the amount from line 2a on line 2d.

*Form 120S:* Enter the smaller of line 2a or line 2c (if an amount was entered on line 2c).

**Line 3 - Installment Due Dates**

Calendar year and fiscal year basis taxpayers are required to make their Arizona corporate estimated tax payments by the 15th day of the 4th, 6th, 9th, and 12th months of the taxable year. If the installment due date falls on a weekend or legal holiday, the payment is considered timely if made on the next business day.

**Note for short period returns:** *Enter the installment due dates and number of installments required by the Internal Revenue Service.*

**Line 4 - Required Installments**

When making estimated tax payments, be sure to take into account any 2012 overpayment that the taxpayer chose to credit against its 2013 Arizona tax liability.

**Annualized Income Installment Method and/or Adjusted Seasonal Installment Method**

If the taxpayer's income is expected to vary during the taxable year because, for example, it operates its business on a seasonal basis, it may be able to lower the amount of one or more required installments by using the annualized income installment method or the adjusted seasonal installment method.

Use Schedule A to calculate the amount of one or more required installments using one or both of these methods. If Schedule A is used for any payment due date, it must be used for all payment due dates.

Use Schedule A to arrive at the amount of each required installment and to select the lesser of:

- the annualized income installment;
- the adjusted seasonal installment (if applicable); or
- the regular installment (25% of the required annual payment) increased by any reduction recapture under IRC § 6655(e)(1)(B).

**Instructions for "Large Corporations" (Forms 120 and 120A)**

"Large corporation" means a corporation or unitary group of corporations if the corporation, or a predecessor corporation, had federal taxable income of one million dollars or more for any of the immediately preceding three taxable years, excluding any federal net operating loss or capital loss carrybacks or carryovers. An Arizona affiliated group filing a consolidated return pursuant to ARS § 43-947 is treated as a single corporation for purposes of applying the large corporation definition.
