General Instructions

Purpose of Form

Taxpayers filing Forms 99T, 120, 120A, and 120S use Form 220 to determine whether they are subject to penalty and interest for underpayment of their Arizona estimated tax liability and, if so, the amount of the penalty and interest.

The taxpayer's Arizona estimated tax liability is determined as follows:

- **Forms 120, 120A, and 120S** - [income tax plus tax from recapture of tax credits] less [the Clean Elections Fund tax reduction, nonrefundable tax credits, the Clean Elections Fund tax credit and refundable tax credits];
- **Form 99T** - [income tax] less [the Clean Elections Fund tax reduction and Clean Elections Fund tax credit].

OTHER ADJUSTMENTS:

Retroactive consolidation tax payment credit (Form 120):

Taxpayers who made a retroactive election to file on a consolidated basis for taxable years 1986 through 1993, and who have a consolidation tax payment credit available from those taxable years, may base their required installments for taxable years beginning July 1, 1995, or later on their computed Arizona tax liability reduced by the available credit. The maximum amount of credit that can be used in any taxable year is 10 percent of the total credit or the amount of the tax liability (after the refundable tax credits), whichever is less.

Claim of right adjustments (Forms 120 and 120A): A taxpayer that computes its tax liability under the claim of right provisions should base its estimated tax liability on the net tax liability computed under the claim of right provisions.

Who is Subject to the Underpayment Penalty

If the taxpayer's Arizona tax liability (reduced by the retroactive consolidation tax payment credit and claim of

right adjustments, if applicable) is less than \$1,000, the taxpayer is not subject to this penalty. Arizona tax liability is Form 99T, page 1, line 7; or Form 120, page 1, line 24 less line 25 (reduced by the retroactive consolidation tax payment credit and claim of right adjustments, if applicable); or Form 120A, page 1, line 16 less line 17 (reduced by claim of right adjustments, if applicable); or Form 120S, page 1, line 20 less line 21.

A. Forms 99T, 120, and 120A: Generally, the taxpayer is subject to the penalty if the tax shown on the taxpayer's 2000 Arizona tax return is \$1,000 or more and it did not timely pay at least the **smaller** of:

- Ninety percent of the tax (reduced by the retroactive consolidation tax payment credit and claim of right adjustments, if applicable) shown on its 2000 return, OR
- The tax shown on its 1999 return (reduced by the retroactive consolidation tax payment credit and claim of right adjustments, if applicable). The taxpayer must have filed a 1999 return showing at least some amount of tax and the return must have been filed for a period of 12 full months. However, a "large corporation" may base only its first required installment on the prior taxable year's tax.

NOTE FOR FORM 120: A unitary group of corporations filing a combined return must make its estimated tax payments on a combined basis. Therefore, a unitary group, as a single taxpayer, must compute the underpayment of estimated tax penalty *on a combined basis* if its Arizona tax liability for the taxable year is \$1,000 or more.

NOTE FOR FORM 120: An Arizona affiliated group filing a consolidated return pursuant to ARS § 43-947 must make its estimated tax payments on a consolidated basis. Therefore, an Arizona affiliated group, as a single taxpayer, must compute the underpayment of estimated tax penalty *on a consolidated basis* if its Arizona tax liability for the taxable year is \$1,000 or more.

B. Form 120S: Generally, the taxpayer is subject to the penalty if the tax shown on the taxpayer's 2000 Arizona tax return is \$1,000 or more and it did not timely pay at least the **smaller** of:

- Ninety percent of the tax shown on its 2000 return, OR
- If the taxpayer's 1999 return was filed for a period of twelve months, an amount of tax equal to the sum of:
Ninety percent of the portion of the 2000 Arizona tax liability that is attributable to built-in gains income or certain capital gains income; **plus**
One hundred percent of the portion of the 1999 Arizona tax liability that is attributable to excess net passive income.

The penalty is calculated separately for each installment due date. Therefore, the taxpayer may owe a penalty for an earlier installment due date, even if later "catch-up" payments were made for the amount of the earlier installment due date underpayment. A taxpayer may be subject to the

underpayment penalty even if the taxpayer is due a refund when its return is filed.

A taxpayer may be able to reduce or eliminate the penalty by using the annualized income installment method or the adjusted seasonal installment method.

Who Must Complete This Form

A taxpayer **DOES NOT HAVE TO COMPLETE** Form 220, *Underpayment of Estimated Tax by Corporations*, if the taxpayer made its estimated tax payments based on either of the following methods:

- *All taxpayers:* An amount equal to 90 percent of the current taxable year's tax liability (reduced by the retroactive consolidation tax payment credit and claim of right adjustments, if applicable), paid in four equal installments; or
- *Form 99T, 120, and 120A:* An amount equal to 100 percent of the taxpayer's tax liability (reduced by the retroactive consolidation tax payment credit and claim of right adjustments, if applicable) for the prior taxable year, paid in four equal installments. A "large corporation" may not use this method.

The department will compute the estimated tax penalty and interest based on either of these methods and notify the taxpayer of any amount due.

A taxpayer **MUST COMPLETE** Form 220, even though no penalty is due, if it made its estimated tax payments based on any of the following methods:

- *All taxpayers:* The annualized income installment method; **or**
- *All taxpayers:* The adjusted seasonal installment method; **or**
- *Forms 120 and 120A:* The taxpayer is a "large corporation" that computed its first required installment based on the taxpayer's tax liability for the prior taxable year; **or**
- *Form 120S:* An amount, paid in four equal installments, that is equal to the sum of:

Ninety percent of the portion of the current taxable year's Arizona tax liability that is attributable to built-in gains income or certain capital gains income; **plus**

One hundred percent of the portion of the prior taxable year's Arizona tax liability that is attributable to excess net passive income.

How To Use This Form

Check the applicable boxes in Part A. Complete Part B to determine if the taxpayer has an underpayment for any of the four installment due dates. If the taxpayer has an underpayment on line 15 (column (a), (b), (c), or (d)), go to Part C to calculate the penalty.

If the taxpayer is required to complete Form 220, attach the completed Form 220 to the taxpayer's Arizona tax return.

Check the box on Form 99T, page 1, line 14; Form 120, page 1, line 34; Form 120A, page 1, line 25; or Form 120S, page 1, line 29.

Specific Instructions

Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year (in an MM/DD/YYYY format).

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation is the corporation's federal employer identification number. Taxpayers that fail to include their TIN may be subject to a penalty.

Part A - Reasons for Filing Form 220

Lines 1 and 2 - Annualized Income Installment Method and/or Adjusted Seasonal Installment Method

If the taxpayer's income varied during the taxable year because, for example, it operates its business on a seasonal basis, it may be able to lower the amount of one or more required installments by using the annualized income installment method or the adjusted seasonal installment method.

Use the Form 220 Schedule A to calculate one or more required installments. If Schedule A is used for any payment due date, it must be used for all payment due dates.

Use Schedule A to arrive at the amount of each required installment and to select the lesser of:

- the annualized income installment;
- the adjusted seasonal installment (if applicable); or
- the regular installment (25 percent of the required annual payment) increased by any reduction recaptured under IRC § 6655(e)(1)(B).

Follow the steps below to determine which parts of the Form 220 Schedule A to complete.

- If the taxpayer is using only the annualized income installment method, check the box on line 1 of Part A and complete Parts I and III of Schedule A.
- If the taxpayer is using only the seasonal installment method, check the box on line 2 of Part A and complete Parts II and III of Schedule A.
- If the taxpayer is using both methods, check the boxes on lines 1 and 2 of Part A and complete all three parts of Schedule A.
- All taxpayers: In each column on line 8, enter the amounts from the corresponding column of line 54 of Schedule A. Attach a copy of Schedule A to Form 220.

Line 3 - Large Corporations (Forms 120 and 120A)

"Large corporation" means a corporation or unitary group of

corporations if the corporation, or a predecessor corporation, had federal taxable income of one million dollars or more for any of the immediately preceding three taxable years, excluding any federal net operating loss or capital loss carrybacks or carryovers. An Arizona affiliated group filing a consolidated return pursuant to ARS § 43-947 is treated as a single corporation for purposes of applying the large corporation definition.

If the taxpayer is a large corporation, check the box on line 3 of Part A. In addition, if applicable, check the box(es) on line 1 and/or line 2. Complete Parts I, II, and III of Schedule A, as discussed above.

Part B - Calculation of Underpayment

Line 5 - Arizona Tax Liability

Enter the 2000 Arizona tax liability from Form 99T, page 1, line 7; Form 120, page 1, line 24 less line 25; or Form 120A, page 1, line 16 less line 17; or Form 120S, page 1, line 20 less line 21.

OTHER ADJUSTMENTS:

Retroactive consolidation tax payment credit (Form 120):

Taxpayers that filed amended consolidated returns and have a retroactive consolidation tax payment credit available should use the Arizona tax liability after application of that credit for purposes of computing underpayment of estimated tax.

Claim of right adjustments (Forms 120 and 120A):

Taxpayers computing the Arizona tax liability under the claim of right provisions of ARS § 43-1130.01 should use the Arizona tax liability reduced by those provisions for purposes of computing underpayment of estimated tax.

Line 6 - Required Annual Payment

The Arizona required annual payment of estimated tax is the smaller of:

- *All taxpayers* - Ninety percent of the taxpayer's Arizona tax liability (reduced by the retroactive consolidation tax payment credit and claim of right adjustments, if applicable) for the current taxable year; **or**
- *Forms 99T, 120, and 120A* - one hundred percent of the taxpayer's Arizona tax liability (reduced by the retroactive consolidation tax payment credit and claim of right adjustments, if applicable) for the prior taxable year.

Form 120S - an amount equal to the sum of:

Ninety percent of the portion of the current taxable year's Arizona tax liability that is attributable to built-in-gains income or certain capital gains income; **plus**

The department will apply the payment of a required installment in the order in which the installments are required to be paid.

Include any overpayment of tax from the taxpayer's 1999 Arizona tax return that the taxpayer elected to apply to its 2000 Arizona estimated tax. Unless otherwise designated by the taxpayer, the department will apply the overpayment of tax from the taxpayer's 1999 Arizona tax return to the first required installment of estimated tax for the 2000 Arizona tax return.

Column (a). Enter payments made by the 15th day of the fourth month.

Column (b). Enter payments made after the 15th day of the fourth month through the 15th day of the sixth month.

Column (c). Enter payments made after the 15th day of the sixth month through the 15th day of the ninth month.

Column (d). Enter payments made after the 15th day of the ninth month through the 15th day of the 12th month.

Line 15 - Underpayment

This amount (an amount greater than zero) is the underpayment of a required installment. If an amount greater

than zero is entered here, the taxpayer should complete Part C to calculate the underpayment penalty.

Part C - Underpayment of Estimated Tax Penalty

The underpayment of estimated tax penalty is imposed on any required installment of estimated tax that is late or underpaid. The penalty is equal to the interest that would accrue under ARS § 42-1123 on the amount not paid for the period of nonpayment, not to exceed 10 percent of the amount not paid.

Compute the underpayment penalty for any underpayment of a required installment for the period of nonpayment on page 2, Part C, lines 17 through 33. "Underpayment" refers to a late payment or underpayment of a required installment.

Compute the penalty by applying the applicable rate to each underpayment. The penalty is computed for the number of days that the underpayment remained unpaid or until the original due date of the return, whichever is earlier.

The Arizona interest rates are established at various times during the year. Arizona interest rates are the interest rates prescribed by IRC § 6621 for each calendar quarter with the following exception. **Exception:** The Arizona rate of interest for both underpayments and overpayments *for all taxpayers* is the federal underpayment rate under IRC § 6621(a)(2) [the federal short-term rate, determined pursuant to IRC § 6621(b), plus three percentage points].

If the taxpayer has made more than one payment for a required installment, attach a separate computation for each payment.

NOTE FOR COMPOUND PENALTY AMOUNT: *The penalty is compounded annually (on January 1 of each year) on any underpayment of an installment outstanding as of that date. The compound penalty amount is added to the principal amount of the underpayment. The amount added to the principal accrues penalty until the underpayment is paid or until the original due date of the return, whichever is earlier.*

Line 33 - Penalty Limitation

The penalty for an underpayment of a required installment cannot exceed 10 percent of the amount not paid.

Part D - Interest Computation

Compute the interest on any late or underpaid required installments on page 2, Part D, lines 34 through 49.

Compute the interest by applying the applicable rate to each underpayment. "Underpayment" refers to a late payment or underpayment of a required installment. The interest is computed for the number of days that the underpayment remained unpaid or until the original due date of the return, whichever is earlier.

The Arizona interest rates are established at various times during the year. Arizona interest rates are the interest rates prescribed by IRC § 6621 for each calendar quarter with the following exception. **Exception:** The Arizona rate of interest for both underpayments and overpayments *for all taxpayers* is the federal underpayment rate under IRC § 6621(a)(2) [the

federal short-term rate, determined pursuant to IRC § 6621(b), plus three percentage points].

If the taxpayer has made more than one payment for a required installment, attach a separate computation for each payment.

NOTE FOR COMPOUND INTEREST AMOUNT: *Interest is compounded annually (on January 1 of each year) on any interest outstanding as of that date. The compound interest amount is added to the principal amount of the underpayment. The amount added to the principal accrues interest until the underpayment is paid or until the original due date of the return, whichever is earlier.*

Part E - Total Penalty and Interest

Add the amounts from Part C, line 33, and from Part D, line 49. Round the total to the nearest whole dollar. If 50 cents or more, round up to the next dollar. If less than 50 cents, round down. Enter the total on Part E, line 50, and on Form 99T, line 14; or Form 120, line 34; or Form 120A, line 25; or Form 120S, line 29.
