General Instructions

Purpose of Schedule

For taxable years beginning from and after December 31, 2013, a multistate service provider may elect to treat sales from services as being in Arizona based on a combination of income producing activity sales and market sales prescribed under Arizona Revised Statutes (A.R.S.) § 43-1147. The election is effective retroactively for the entire taxable year on which the election is made. The election is binding on the taxpayer for at least five consecutive taxable years beginning with the first taxable year to which the election applies, regardless of whether the taxpayer no longer meets the percentage threshold of a multistate service provider during that time period. To continue with the election after the five consecutive taxable years, the taxpayer must meet the qualifications to be considered a multistate service provider and renew the election for another five consecutive taxable years.

Complete Schedule MSP, Part A, in the first year of the election cycle to determine if you qualify to be treated as a multistate service provider and to make the election. Complete Part B in each taxable year of the election cycle to compute the sales from services in Arizona.

Who Should File

Taxpayers who want to make an election to be treated as a multistate service provider under A.R.S. § 43-1147 must file this schedule with the current tax year.

NOTE: *By completing and including Schedule MSP with the current tax return, taxpayer is making an irrevocable election pursuant to A.R.S. § 43-1147(B). This election is binding for five consecutive taxable years beginning with the first taxable year to which the election applies.*

When to File

The election must be made on the taxpayer's timely filed original income tax return including extensions. The taxpayer must include the completed Schedule MSP with the tax return for the year when election is made and also in the four subsequent taxable years that the taxpayer is bound by the election. To continue with the election after the expiration of the five consecutive taxable years, the taxpayer must meet the qualification to be considered a multistate service provider and renew the election for another five consecutive taxable years by completing and including this schedule with the timely filed tax return.

Termination of Election

During the election cycle, the election may be terminated as follows:

1. without the permission of the department on the acquisition or merger of the taxpayer.
2. with the permission of the department before the expiration of five consecutive taxable years.

Rounding Dollar Amounts

Except for Part A lines A1, A2, and A3, taxpayers must round amounts to the nearest whole dollar. If 50 cents or more, round up to the next dollar. If less than 50 cents, round down.
