Taxpayers who anticipate their Arizona corporate income tax liability for the 2020 taxable year to be \$5,000 or more must make Arizona corporate estimated tax payments via the EFT program. **If the taxpayer makes its estimated tax payments by EFT, the taxpayer should not submit Form 120ES to the department.**

NOTE: Taxpayers required to make corporate estimated payments via EFT that fail to do so will be subject to a penalty of 5% of the amount of the payment not made by EFT. See A.R.S. § 42-1125(O).

Taxpayers required to make estimated tax payments via EFT must complete the department's EFT authorization agreement at least 30 days prior to initiation of the first applicable transaction.

Taxpayers who anticipate their Arizona corporate income tax liability for the 2020 taxable year to be less than \$5,000 may elect voluntary participation in the EFT program. Voluntary participants in the program must complete the department's EFT authorization agreement at least 30 days prior to the first applicable transaction.

Who is Required to Make Estimated Tax Payments

Entities filing Arizona Forms 99T, 120, 120A, and 120S that expect an Arizona tax liability for the taxable year of at least \$1,000 are required to make Arizona estimated tax payments.

A unitary group of corporations filing a combined return on Form 120 must make estimated tax payments on a combined basis. Therefore, a unitary group, as a single taxpayer, must make estimated tax payments if its Arizona tax liability for the taxable year is at least \$1,000.

An Arizona affiliated group filing an Arizona consolidated return pursuant to A.R.S. § 43-947 on Form 120 must make estimated tax payments on a consolidated basis. Therefore, an Arizona affiliated group, as a single taxpayer, must make estimated tax payments if its Arizona tax liability for the taxable year is at least \$1,000.

When to Make Estimated Tax Payments

Calendar year and fiscal year basis taxpayers are required to make their Arizona corporate estimated tax payments by the 15th day of the 4th, 6th, 9th, and 12th months of the taxable year. If the installment due date falls on a weekend or legal holiday, the payment is considered timely if made on the next business day.

Computation of Required Installments of Estimated Tax on Arizona Form 120W

Taxpayers should use Form 120W, *Estimated Tax Worksheet for Corporations*, to compute the amount of the required installments of estimated tax.

Underpayment of Required Installments of Estimated Tax

If the taxpayer is required to make Arizona corporate estimated tax payments, a penalty will be imposed on any required installment that is late or underpaid.

Recomputing Required Installments of Estimated Tax

If the taxpayer, after paying one or more required installments of estimated tax, finds that its tax liability for the taxable year will be more or less than originally estimated, the taxpayer should recompute its required installments. If earlier installments were underpaid, the taxpayer may be subject to a penalty for underpayment of estimated tax.

If a new estimate is made, the required installments payable on or after the date of the new estimate should be adjusted. An immediate "catch-up" payment should be made to reduce the amount of any penalty resulting from the underpayment of any earlier installments, whether caused by a change in estimate, failure to make a payment, or a mistake.
