General Instructions

Which Corporations Must File a Return?

Every corporation subject to the Arizona Income Tax Act of 1978 must file an Arizona corporate income tax return.

Disaster Relief for Out-of-State Businesses

If an out-of-state business is a separate company and is in Arizona on a temporary basis solely for the purpose of performing disaster recovery from a declared disaster during a disaster period, it may not be required to file, remit, withhold, or pay state or local (income) tax. (See the department’s publication, Pub. 720, *Disaster Recovery Tax Relief*, to determine if the taxpayer qualifies for disaster relief.)

If an out-of-state business is part of a unitary group filing a combined return and is in Arizona on a temporary basis solely to perform disaster recovery from a declared disaster during a disaster period, it may be allowed to subtract its income from such activity from the unitary group’s Arizona income. (See the department’s publication, Pub. 720, *Disaster Recovery Tax Relief*, to determine if the taxpayer qualifies for disaster relief.)

Which Form To Use

Complete Arizona Form 120 if the corporation:

- Has income from business activity that is taxable in more than one state (a “multistate corporation”);
- Is a partner in:
 - A multistate partnership; and/or
 - A partnership that conducts no business in Arizona.
- Is a member of a unitary group of corporations that files an Arizona return on a combined basis; or
- Is a member of an affiliated group of corporations that elects to file an Arizona consolidated return.

The only type of corporation that may use Arizona Form 120A is one that files its return on a separate company (separate entity) basis and is a “wholly Arizona corporation.”

- A corporation files on a separate company (separate entity) basis if:
 - It is not part of a group of corporations comprising a unitary business; and

- It is not a member of an affiliated group that elected to file an Arizona consolidated return.
- A corporation that has income from business activity that is taxable entirely within Arizona is a “wholly Arizona corporation.”

Entity Classification Under the Federal "Check-the-Box Rules"

The federal tax classification of an entity under the federal "check-the-box rules" determines the entity's classification for Arizona tax purposes. Refer to the department’s ruling, CTR 97-1, *Federal “Check-The-Box Rules” on Elective Tax Classification*.

Limited Liability Companies

A limited liability company (LLC) that made a valid federal election to be treated as an association taxable as a corporation must file an Arizona corporate income tax return.

A single member LLC that is disregarded as an entity for federal income tax purposes is treated as a branch or division of its owner, and is included in the tax return of its owner. Refer to the department’s ruling, CTR 97-2, *Limited Liability Companies*, for further information.

Electing Small Business Corporations

Corporations taxed as S Corporations under Subchapter S of the Internal Revenue Code (IRC) must file Arizona form 120S.

Homeowners Associations

Homeowners associations that file federal Form 1120-H or federal Form 1120 are not exempt from Arizona income tax. These associations must file an Arizona corporate income tax return on Arizona form 120A or Arizona form 120.

Certain homeowners associations are federally tax exempt as social welfare organizations or as clubs organized for pleasure or recreation. These homeowners associations are similarly tax exempt for Arizona income tax purposes and are not required to file an Arizona information return.

Marijuana Establishments, Marijuana Testing Facilities, Dual Use Licensees and Nonprofit Medical Marijuana Dispensaries

- A corporation licensed by the Arizona Department of Health Services (ADHS) as a Marijuana Establishment (Adult Use), or as a Marijuana Testing Facility (Adult Use), must file an Arizona Corporate Income Tax Return – either Arizona Form 120 or Arizona Form 120A – to report the income and expenses of its operations for the taxable year.
- A corporation licensed by ADHS as a Dual Use Licensee (Dual Licensee) that elected to operate on a for-profit basis, must file an Arizona corporate income tax return, Arizona Form 120 or Arizona Form 120A, to report the income and expenses of ALL its operations for the taxable year.
- A corporation licensed by ADHS as a Dual Licensee that did NOT make the election to operate on a for-profit basis, must file Arizona Form 99M to report its income and expenses from the NMMD portion of its operations and also file Arizona Form 120 or Arizona Form 120A.

- A corporation registered by ADHS as a Nonprofit Medical Marijuana Dispensary *only*, must file Arizona Form 99M to meet the filing requirements of Arizona Revised Statutes § 43-1201(B).

Records

Every corporation should maintain books and records substantiating information reported on the return and keep these documents for inspection. See the department's ruling, GTR 96-1, *Electronic Data Processing*, for more information about record retention requirements.

IRC § 7519 Required Payments

Taxpayers cannot deduct the federal required payments on their Arizona tax returns as an ordinary and necessary business expense or otherwise.

Treatment of Installment Obligations When Corporate Activities Cease

A corporation may elect to report income from the sale or other disposition of property on the installment method. If the corporation fails to report the entire amount from the sale before it ceases to be subject to Arizona corporate income tax, it must report the remaining income in the last year in which it is subject to Arizona corporate income tax.

This provision does not apply if a reorganization transfers the installment obligation to another taxpayer subject to Arizona tax. The transferee may not use its capital losses to offset income from the installment obligation transferred to it.

Rounding Dollar Amounts

Taxpayers must round amounts to the nearest whole dollar. If 50 cents or more, round up to the next dollar. If less than 50 cents, round down.

Examples:

Company A (A) reports federal taxable income of \$15,000. A has no Arizona additions to, or subtractions from, federal taxable income. Its apportionment ratio is .326954. A multiplies the federal taxable income by the apportionment ratio. The result is \$4,904.31. Company A rounds the result to \$4,904.00.

Company W (W) reports a federal taxable loss of (\$27,000). W has no Arizona additions to, or subtractions from, its federal taxable loss. Its apportionment ratio is .005946. W multiplies its federal loss of (\$27,000) by the apportionment ratio. The result is an Arizona loss of (\$160.54). Company W rounds the result to (\$161.00).

Company Z (Z) reports a federal taxable loss of (\$500). Z has no Arizona additions to, or subtractions from, federal taxable income. Its apportionment ratio is .075000. Z multiplies its federal loss of (\$500) by the apportionment ratio. The result is an Arizona loss of (\$37.50). Company Z rounds the result to (\$38.00).

Taxable Year Covered by Return

File the 2022 Arizona Form 120 for calendar year 2022 and fiscal years that begin in 2022 and end in 2023. Indicate whether the taxable year is a calendar year or a fiscal year. If the return is for a fiscal year, indicate the beginning and ending dates for the year in the space(s) provided at the top of page 1.

The 2022 Arizona Form 120 can also be used if the corporation has a tax year of less than 12 months that begins and ends in 2023 and the 2023 Arizona Form 120 is not available at the time the corporation is required to file its return. The corporation must show its 2023 year on the 2022 Arizona Form 120 and take into account any tax law changes that are effective for tax years beginning after December 31, 2022. If submitting the 2022 Arizona Form 120 for a 2023 short-period return, submit a paper filed return. Do not submit this short-period return electronically.

Timely Filing of Returns

- The department determines the timeliness of an electronically filed tax return by the date of the electronic postmark. If the taxpayer and the electronic return preparer or the electronic return transmitter are in different time zones, it is the taxpayer's time zone, as determined by the taxpayer's address, that controls the timeliness of the electronically filed return. When a return has been electronically received on the host system of more than one electronic return preparer or electronic return transmitter during its ultimate transmission to the department, the return shall be deemed filed and received by the department on the date of the earliest electronic postmark.
- The department determines the timeliness of a paper-filed tax return by the postmark or other official mark of the United States Mail stamped on the envelope in which the return is mailed. See the department's ruling, GTR 16-1, *Timely Filing of Income or Withholding Tax Returns Through the United States Mail*.
- The department will accept proof of mailing from a private delivery service included in the Internal Revenue Service (IRS) list of designated private delivery services. Contact the private delivery service for information regarding how to obtain written proof of mailing.
- If the due date for the return falls on a Saturday, Sunday, or a legal holiday, the return is considered timely filed if it is postmarked the next business day. See the department's ruling, GTR 16-2, *Timely Filing of Income or Withholding Tax Return – Holidays and Weekends*.

Extension of Time to File a Return

- A request for an extension of time to file an Arizona corporate income tax return **must** be submitted by the original due date of the return.
- **Beginning with taxable year 2021, the department may grant an extension request for a C Corporation for a maximum of seven (7) months.**
- The extension request can be made by filing an Arizona extension request, Arizona Form 120/165EXT, or by filing a federal extension.
- The department will also accept a valid federal extension for the same period of time covered by the Arizona extension, seven (7) months.
- You may file Form 120/165EXT electronically or by mail. If mailing, submit Form 120/165EXT to:

Arizona Department of Revenue
P O Box 29079
Phoenix, AZ 85035-9079

- If the original return is filed under extension, check box 82F on page 1 of the return.
- Do not include a copy of the extension with your return.
- If the corporation has a tax liability of less than \$500 for the year, Arizona Form 120/165EXT may be used to transmit extension payments by check or money order, regardless of how you request an Arizona extension (valid federal extension or Arizona Form 120/165EXT).
- Corporations with a tax liability of \$500 or more for the 2022 taxable year must pay their tax liability by Electronic Funds Transfer. (See *Payment by Electronic Funds Transfer*, beginning on page 4 for details.)
- If you made extension payments over the Internet, you are not required to file Arizona Form 120/165EXT unless you are requesting an Arizona filing extension.
- The Arizona extension and the federal extension provide an extension of time to file, but they do not provide an extension of time to pay tax.
 - You must pay 90% of your tax liability (including the \$50 minimum tax) by the original due date of your return.
 - The department imposes the extension underpayment penalty on any late or underpaid extension requests.
- See the department’s ruling, CTR 01-3, *Extensions*, for additional information.

Filing Original Returns

- Returns are due by the 15th day of the 4th month following the close of the taxable year.
- A corporation filing a short-period return must file by the 15th day of the 4th month after the short period ends.
- If the corporation has a valid federal or Arizona filing extension, the return is due by the extended due date. See the examples in “*Extension of Time to File a Return*” to determine the extended due date of a return filed using a federal extension or an Arizona extension.
- If the return is filed under extension, check box 82F on page 1 of the return.
- If the original due date or extended due date for the return falls on a Saturday, Sunday, or a legal holiday, the return is considered timely filed if it is post-marked the next business day. See the department’s ruling, GTR 16-2, *Timely Filing of Income or Withholding Tax Return – Holidays and Weekends*.
- The return must be signed by one or more of the officers of the corporation (President, Treasurer, or any other principal officer).
- Do not submit a blank Arizona return with a copy of the federal return.
 - Taxpayers must furnish complete data.
 - Answer all questions on the return.
 - Complete all applicable schedules.
 - Include all appropriate supplementary schedules.
- You must electronically submit Arizona Form 120 unless you have one of the following:
 - A federal waiver from electronically filing your federal return.

- You meet one of the federal exemptions from electronically filing your federal return.
- You received an Arizona filing waiver pursuant to A.R.S. § 43-323(F).
- You meet one of the Arizona exemptions from electronically filing your Arizona return.
- You have been directed by the IRS or the department to paper file your return.
- If you have been granted a waiver from electronically filing Arizona Form 120, or you are not required to e-file your return, mail the return to:

Arizona Department of Revenue
P.O. Box 29079
Phoenix, AZ 85038-9079
- The department requests that taxpayers include a copy of their “as-filed” federal return (i.e. federal Form(s) 1120, 1120-F, etc.) and all its schedules and attachments with their Arizona return.
 - **Corporations filing Arizona Form 120 electronically or by paper:** To reduce the size of the return, the detail of Schedule M-3 may be omitted. In addition, it is not necessary to include copies of the following federal Forms: Form 5471, Form 8621, and Form 8858.
 - **Corporations wishing to file Arizona Form 120 electronically, please note:** due to system constraints, the department’s computer system can handle an electronically filed return up to 20MB in size. The department requests that returns in excess of 20MB in size be filed as paper returns. (For additional limitations on e-filed returns, refer to *Which Corporations Are Not Required to Electronically (E-File) Their Arizona Income Tax Returns?* on page 5 of these instructions.)

Filing Amended Returns

- Electronic filing of amended returns for the 2022 taxable year is not currently available. Mail Arizona Form 120X to:
- Arizona Department of Revenue
P.O. Box 29079
Phoenix, AZ 85038-9079
- Any taxpayer who files an amended return with the IRS *must* file an Arizona amended return on Arizona Form 120X within 90 days of final determination of the federal amended return by the IRS.
 - Taxpayers *must* report changes or corrections of the taxpayer’s taxable income by the IRS or as a result of renegotiation of a contract or subcontract with the United States to the department.
 - Within 90 days after the final determination of the change or correction, the taxpayer must:
 - File a copy of the final determination with the department, concede the accuracy of the determination or state any errors, and request that the department recompute the tax owed Arizona, or,
 - File an amended return as required by the department.
 - The taxpayer must provide sufficient information for the department to recompute the taxpayer’s Arizona taxable income based on the Revenue Agent Report changes.

- Amended returns that are not based on federal changes should include any schedules, forms, and/or statements that are necessary to fully explain and substantiate the change(s).
- The department may require the taxpayer to file an amended return if the department does not have the necessary information to recompute the tax owed to Arizona.
- Mail Arizona Form 120X to the address shown on the form.
- If the corporation was required to make its tax payments for the 2022 taxable year by electronic funds transfer (EFT), it must pay any additional tax due from an amended return by EFT.

NOTE: *File amended returns for prior taxable years on the Arizona Form 120X for those taxable years. Use the 2022 Arizona Form 120X to amend only the taxable year 2022.*

Do NOT file an amended return until your original return has been processed.

Estimated Tax Payments

Corporations expecting an Arizona income tax liability for the taxable year of \$1,000 or more must make Arizona estimated income tax payments. All corporations required to make Arizona estimated income tax payments must make those payments by the 15th day of the 4th, 6th, 9th, and 12th months of their taxable year. Corporations that fail to make the required estimated tax payments are subject to a penalty on any estimated tax payment which is late or underpaid.

Arizona’s required annual payment of corporate estimated income tax is the smaller of:

- Ninety percent of the taxpayer's Arizona tax liability (reduced by refundable tax credits and claim of right adjustments, if applicable) for the current taxable year; or,
- One hundred percent of the taxpayer's Arizona tax liability (reduced by refundable tax credits and claim of right adjustments, if applicable) for the prior taxable year. For a corporation to base its Arizona estimated tax payments on its prior taxable year’s tax liability:
 - The corporation’s return filed for the prior taxable year must have shown at least some amount of tax liability (an amount greater than zero); and
 - The corporation’s return filed for the prior taxable year must have been for a period of twelve months.

Complete Arizona Form 120/PTE-W to compute the amount of the estimated payments for 2023 and to compute the required installments.

NOTE: *Taxpayers required to make corporate estimated payments via EFT that fail to do so are subject to a penalty of 5% of the amount of the payment not made by EFT. See A.R.S. § 42-1125(O).*

For additional information on electronic funds transfer, refer to A.R.S. § 42-1129 and the related Arizona Administrative Code rules (A.A.C. R15-10-301 through R15-10-307) for detailed information

MAKING ESTIMATED TAX PAYMENTS FOR 2023

Corporations making estimated tax payments for 2023 that expect a 2023 income tax liability of \$500 or more must make Arizona estimated income tax payments using EFT. See the Section *Payment Electronic Funds Transfer* on page 5 for details on making tax payments by EFT.

NOTE: *Corporations that make estimated tax payments by EFT should not submit Arizona Form 120/165ES.*

Corporations making estimated payments for 2023 that expect a 2023 income tax liability of less than \$500 may pay by check, e-check, money order, credit card, or they may elect to participate in EFT. See the Section, *Payment by Electronic Funds Transfer* on page 6 for additional information. If paying by check or money order, complete Arizona Form 120/165ES and include the check or money order with the form.

Is the corporation subject to the Estimated Underpayment Penalty for the 2022 taxable year?

See the instructions for Arizona Form 220/PTE.

Penalties and Interest

NOTE: *If more than one of the penalties described in A, B, or C apply, the maximum combined penalty is 25%.*

A. Late Filing Penalty

Without a valid federal or Arizona extension, a return filed after the original due date is subject to the late filing penalty. A return filed after its extended due date is also subject to the late filing penalty. The late filing penalty is 4.5% (.045) of the amount of tax required to be shown on the return. The penalty period is each month or fraction of a month between the due date of the return and the date the taxpayer filed the return. The maximum penalty is 25% of the tax found to be remaining due.

B. Extension Underpayment Penalty

The taxpayer must pay 90% of the tax liability reported on its return by the original due date of the return. If it does not, the extension underpayment penalty is charged on any late or underpaid extension payments. The extension underpayment penalty is 0.5% (.005) of the tax not paid for each 30-day period or fraction of a 30-day period between the original due date and the date the tax is paid. The maximum penalty is 25% of the unpaid tax. Taxpayers subject to the extension underpayment penalty are not subject to the late payment penalty described in C below.

C. Late Payment Penalty

The late payment penalty is charged on any amount shown as tax on a return that is not paid by the due date. The late payment penalty is 0.5% (.005) of the unpaid tax for each month or fraction of a month that the tax remains unpaid, not to exceed 10% of the unpaid tax.

Amended Return Filers: *If you voluntarily file an amended return and pay the additional tax due when you file your amended return, the department will not assess the late payment penalty. Exceptions are:*

- *The taxpayer is under audit by the department.*
- *The amended return was filed on demand or request by the department.*

Refer to the department’s ruling, CTR 09-1, *When do Penalties Apply to an Income Tax Return Filed Under An Extension*, for information on the application of penalties to returns filed under extension.

D. Underpayment of Estimated Tax Penalty

The department imposes the underpayment of estimated tax penalty on any late payment or underpayment of a required installment of estimated tax. Refer to the instructions for line 29 on page 11, or to Arizona Form 220/PTE for further details.

E. Failure to Pay by Electronic Funds Transfer

Corporations that anticipate a tax liability of \$500 or more for the taxable year must pay their tax liability by Electronic Funds Transfer (EFT).

Corporations required to pay their tax liability by EFT that fail to do so may be subject to a penalty equal to five percent (5%) of the amount of the payment not made by EFT.

F. Interest

The department charges interest on any portion of the tax not paid by the due date. The department compounds interest annually and applies it in the same manner and at the same time as the IRS. The Arizona rate of interest for both underpayments and overpayments for all taxpayers is the federal underpayment rate.

On January 1 of each year, the department adds any interest outstanding as of that date to the principal amount of the tax. It is then a part of the principal amount of the tax and accrues interest until paid.

NOTE: The entire amount of tax, penalties, and interest is due by the original due date of the return.

Electronic Filing of Corporate Income Tax Returns

Electronic filing of Arizona corporate income tax returns is required for the 2022 taxable year. Please see the department’s website at <https://azdor.gov/e-services/approved-vendors> for a list of approved software vendors.

1120-FSC	Foreign Sales Corporation
1120-H	Homeowner’s Association
1120-IC-DISC	Interest Charge Domestic International Sales Corporation

In addition:

- Any corporation receiving a federal waiver from electronically filing its federal return is not required to e-file its Arizona return.
- Any corporation having a federal exemption from electronically filing its federal return is not required to e-file its Arizona return.
- Any corporation whose request for an Arizona filing waiver was not denied is not required to e-file its return.
- Any corporation having an Arizona exemption is not required to e-file its Arizona return.
- Any corporation submitting the 2022 Form 120 for a 2023 short-period return, submit a paper filed return. Do NOT submit this short period return electronically.
- Due to system constraints, the department’s computer can handle an electronically filed return up to 20MB in size. The department requests that returns in excess of 20MB in size be filed as a paper return.

Requesting an Electronic Filing Waiver

Any corporate taxpayer who is required to file its income tax return electronically may apply to the director for an annual waiver from the electronic filing requirement. The waiver may be granted if any of the following apply:

- The taxpayer has no computer.
- The taxpayer has no internet access.
- Any other circumstance considered to be worthy by the director.

Waivers are granted on an annual basis and expire at the end of the requested tax year. Waivers must be renewed each calendar year. If a waiver is not renewed, you will be subject to statutory electronic filing requirements at the expiration of your waiver.

To request a waiver, submit Form 292, *Electronic Filing and Payment Waiver Application*, to the department. Form 292 is available at: <https://azdor.gov/forms/other-forms/electronic-filing-and-payment-waiver-application>.

A waiver is not required if the corporate income tax return cannot be electronically filed for reasons beyond the taxpayer’s control, including situations in which the taxpayer was instructed by either the Internal Revenue Service or the Arizona Department of Revenue to file by paper.

Please contact the department at azefile@azdor.gov if you need assistance in electronically submitting your Arizona corporate income tax return. If your return has been rejected, please include the Arizona submission ID and the form type (i.e. Arizona Form 120) in your correspondence.

Payment of Tax, Penalties, and Interest

The entire amount of tax, penalties, and interest is due by the original due date of the return.

Payment by Electronic Funds Transfer

Corporations are required to pay their tax liability by electronic funds transfer (EFT) if the corporation owes \$500 or more for any taxable year beginning from and after December 31, 2020.

NOTE: *If a corporation was required to pay its 2022 tax liability by EFT, it must also pay any additional tax due from an amended return by EFT.*

Requesting a Waiver from the EFT Requirement

A corporation may apply to the director for an annual waiver from the electronic payment requirement. The application must be received by December 31st of each year. The director may grant the waiver if any of the following applies:

- The corporation has no computer.
- The corporation has no internet access.
- Any other circumstance considered to be worthy by the director exists, including:
 - The corporation has a sustained record of timely payments, and,
 - No delinquent tax account with the department.

To request a waiver, submit Arizona Form 292, *Electronic Filing and Payment Waiver Application*, to the department. Arizona Form 292 is available by clicking here:

<https://azdor.gov/forms/other-forms/electronic-filing-and-payment-waiver-application>.

NOTE: *A corporation that is required to pay by EFT but who fails to do so is subject to a penalty of 5% of the amount of the payment not made by EFT. See A.R.S. § 42-1125(O).*

For additional information on electronic funds transfer, refer to A.R.S. § 42-1129 and the related Arizona Administrative Code rules (A.A.C. R15-10-301 through R15-10-307) for detailed information.

See the instructions for ACH Credit above to register and make ACH Credit payments.*

Arizona Filing Methods

There are three filing methods for corporate income tax returns filed to Arizona: (1) separate company (separate entity); (2) combined; and (3) consolidated.

1. Separate Company

A corporation files on a separate company basis if:

- It is not part of a group of corporations comprising a unitary business; and
- It is not a member of an affiliated group that elected to file an Arizona consolidated return.

2. Combined Return

A corporation files on a combined basis when it is part of a unitary group of corporations, unless the affiliated group elects to file an Arizona consolidated return.

- A unitary business comprises those parts and components whose functions are integrated and interdependent at the basic operational level.

- The entities comprising the unitary business must be owned or controlled directly or indirectly by the same interests that collectively own more than 50% of the voting stock.

NOTE: Refer to Arizona Administrative Code rule (A.A.C.) R15-2D-401 for additional requirements.

Refer to the department's ruling, CTR 00-2, Defining Ownership or Control for Combined Returns, for additional information regarding whether a bond of direct or indirect ownership or control exists.

Combined Return and Arizona Form 51

A unitary group of corporations required to file a combined return must:

- Complete Arizona Form 51, Section 1 for the first taxable year the group files a combined return.
- In succeeding taxable years, complete Section 2 (Additions) and Section 3 (Deletions) of Arizona Form 51 to report changes in the unitary group.
- Include the completed Arizona Form(s) 51 following page 4 of Arizona Form 120.
- Check the box on page 1, line D to indicate that Arizona Form 51 is included.

NOTE: The Arizona gross income of an Arizona unitary group is the consolidated federal taxable income of that unitary group. A multistate Arizona unitary group is a single taxpayer, and must allocate and apportion its income to Arizona using a single apportionment formula.

IRC § 351 reorganizations Activities conducted as part of a unitary business do not become a separate and unrelated business simply because those activities are subsequently conducted by a different affiliated corporate entity. An affiliated corporation resulting from an IRC § 351 reorganization is required to file a combined return as part of the unitary group if its activities are conducted as a part of the unitary business. See the department's ruling, CTR 01-1, *Does a Federal Tax-Free I.R.C. § 351(a) Reorganization Affect the Arizona Unitary Determination of the Affiliated Companies.*

Foreign corporation; water's edge limitation Do not allocate or apportion the income and expenses of a foreign corporation to Arizona if the foreign corporation is not itself subject to the Arizona corporate income tax. This provision does not apply if a foreign corporation is a member of an affiliated group that elects to file an Arizona consolidated tax return.

"Domestic corporation" means a corporation created or organized in the United States or under the laws of the United States, any of its states, or the District of Columbia.

"Foreign corporation" means:

- A corporation which is not a domestic corporation.
- A domestic corporation with less than 20% of its property, payroll, and sales in the United States. The percentage applies for the three-year period immediately preceding the close of the taxable year, or for such part of that period as the corporation has been in existence. The factors are equally weighted when making this determination.

- A domestic corporation for the immediately preceding three-year period (or for such part of that period as the corporation has been in existence) that:
 - Derived 80% or more of its federal gross income from sources in Puerto Rico or any other possession of the United States except the Virgin Islands; and
 - Derived 65% or more of its federal gross income from the **active conduct of a trade or business** in Puerto Rico or any other U.S. Possession except the Virgin Islands.

The department's procedure, CTP 02-1, *Determining Whether a Domestic Corporation Should be Treated as a Foreign Corporation for Arizona Income Tax Purposes*, provides sample calculations to determine whether a domestic corporation is considered a foreign (80/20) corporation for Arizona tax purposes.

3. Consolidated Returns

The common parent of an affiliated group of corporations that files a federal consolidated return may elect to file an Arizona consolidated return. The consolidated return includes all members of the group filing a federal consolidated return, regardless of whether each member is subject to Arizona income tax.

To make the Arizona consolidated election:

- The common parent must make the election on or before the due date, including extensions, for filing the return.
- Arizona Form 122 must be completed and signed by an officer of each subsidiary in the federal consolidated group.
- Arizona Form(s) 122 must be included with the tax return on which the Arizona consolidated election is made.

Once the election is made:

- The election is binding on the group for succeeding taxable years unless the department consents to a change of filing method.
- The election is binding on new members that become part of the federal consolidated group in subsequent tax periods.
- All members of the Arizona consolidated group are jointly and severally liable for the taxes, interest, and penalties of the group.

NOTE: For additional information, the following corporate tax rulings address consolidated tax returns:

- CTR 94-11, Consolidated Return Net Operating Loss
- CTR 94-12, Business/Nonbusiness Income in Consolidated Returns

Consolidated Return and Arizona Form 51

An Arizona consolidated group that elects to file a consolidated return must:

- Complete Arizona Form 51, Section 1 of Arizona Form 51 for the first taxable year an Arizona consolidated return is filed.
- In succeeding taxable years, complete Section 2 (Additions) and Section 3 (Deletions), as needed to report changes in the Arizona affiliated group.

- Check the box on page 1, line D to indicate that Arizona Form 51 is included.

NOTE: *The Arizona gross income of an Arizona consolidated group is the consolidated federal taxable income of the consolidated group. A multistate Arizona consolidated group is a single taxpayer, and must allocate and apportion its income to Arizona using a single apportionment formula.*

Arizona Apportionment Methods

There are three apportionment methods for multistate corporate income tax returns filed to Arizona: (1) air carrier apportionment, (2) standard apportionment, and (3) sales factor only apportionment.

Air carriers are required to use revenue miles. All other taxpayers may select either the standard or the sales factor only apportionment method.

1. Air Carrier Apportionment

An air carrier is required to use revenue miles to calculate its apportionment ratio. Check the box on line E on page 1, fill out Schedule ACA, and include it with your return. Do not complete Schedule E on Arizona Form 120.

2. Standard Apportionment Formula

All non-air carrier taxpayers may use Arizona's standard apportionment formula, which double-weights the sales factor. Check the box on line E on page 1 and complete Schedule E using the number on the left-hand side of line E3e, column A, to double-weight the sales factor. Divide the total ratio by four.

3. Sales Factor Only Apportionment Formula

All non-air carrier taxpayers may use Arizona's SALES FACTOR ONLY apportionment formula, which is determined by dividing Arizona Sales by Everywhere Sales. Check Box 3 on line E of page 1, complete Schedule E, Section E3, "Sales Factor", lines a through f.

**Schedule E - Apportionment of Income
(Multistate Corporations Only)**

A.R.S. §§ 43-1131 through 43-1150 govern the apportionment of income. A corporation that engages in activities both within and without Arizona must apportion its business income based on property, payroll, and sales in Arizona as compared to these factors everywhere. "Everywhere" means the property, payroll, and sales factors related to the whole combined or consolidated business.

A combined return excludes the factors of a unitary foreign corporation unless the foreign corporation is itself subject to the Arizona corporate income tax. A consolidated return includes the factors of a foreign corporation that is a member of the affiliated group. Both combined and consolidated returns exclude the factors of an insurance company exempt under A.R.S. § 43-1201(A)(14).

Taxpayers apportioning income shall complete lines 6 through 12 on page 1 of Arizona Form 120.

NONAPPORTIONABLE INCOME

Apportionment factors generating nonapportionable or nontaxable income are not to be included in the calculation of the apportionment ratio.

ADMINISTRATIVE RELIEF REQUESTS

A.R.S. § 43-1148 provides administrative relief if the allocation and apportionment provisions of UDITPA do not fairly represent the extent of the taxpayer's business activity in this state. The taxpayer may petition for or the department may require, in respect to all or any part of the taxpayer's business activity, if reasonable:

- Separate accounting, except with respect to an Arizona affiliated group, as defined in A.R.S. § 43-947.
- The exclusion of any one or more of the factors.

- The inclusion of one or more additional factors that will fairly represent the taxpayer's business activity in this state.
- The employment of any other method to effectuate an equitable allocation and apportionment of the taxpayer's income, other than disallowance of a properly elected consolidated return.

A.R.S. § 43-1148 permits a departure from the allocation and apportionment provisions only in limited cases. A.R.S. § 43-1148 may be invoked only if the allocation and apportionment provisions do not fairly represent the extent of the taxpayer's business activity in Arizona. Taxpayers seeking such relief should submit a letter to the Corporate Income Tax Audit Section 60 days prior to the filing of the return setting forth the relief that is requested and the justification for the relief. Please include a contact phone number and email address with your request.

The department normally makes such determinations only upon an audit of the taxpayer. Such a detailed examination of the specific facts and circumstances reveals whether such unusual fact situations and incongruous results exist.

COMPUTING THE APPORTIONMENT RATIO

When computing the factors of the apportionment ratio, carry the result out to six places after the decimal. If the seventh place after the decimal is five or more, round the sixth decimal place up to the next higher digit. If the seventh place after the decimal is less than five, leave the sixth place decimal as it is.

Example #1:

Arizona Amount	<u>123,456</u>
Everywhere Amount	789,654
Factor	.1563418

The seventh digit after the decimal is "8". Since "8" is greater than "5," the sixth digit after the decimal is increased to the next higher digit, "2".

The factor rounded to six (6) decimal places is .156342.

Example #2:

Total Ratio	<u>.179865</u>
Divided by	4
Apportionment Ratio	.0449662

The seventh digit after the decimal is "2". Since "2" is less than "5," the sixth digit after the decimal remains "6". No increase to the sixth digit after the decimal is made.

The average rounded to six decimal places is .044966.

SCHEDULE ACA - AIR CARRIER APPORTIONMENT FORMULA (MULTISTATE AIR CARRIERS ONLY)

A.R.S. § 43-1139 requires a taxpayer that is a qualifying air carrier to use revenue miles to apportion its business income to Arizona. The taxpayer must be engaged in air commerce. "Air commerce" means transporting persons or property for hire by aircraft in interstate, intrastate or international transportation. If the taxpayer files a combined or consolidated return, the combined group or the Arizona affiliated group must use this method of apportionment if 50% or more of the taxpayer's gross income is derived from air commerce. The taxpayer will apportion its

business income by means of a single apportionment ratio computed under this method for all group members.

Check the box labeled "AIR CARRIER" on line E on page 1 of the return. Do not complete Schedule E on page 3 of the return.

Complete Schedule ACA and include with the return. Schedule ACA is available on the department's website at <http://www.azdor.gov/Forms/Corporate.aspx>.

NON-AIR CARRIER APPORTIONMENT FORMULA (MULTISTATE CORPORATIONS ONLY)

Non-air carrier multistate corporations have the opportunity to choose one of two apportionment formulas for calculating the apportionment ratio:

- The sales factor only apportionment formula or
- The standard apportionment formula.

Check the box on line E of page 1 of the return to indicate which apportionment formula, "STANDARD" or "SALES FACTOR ONLY," will be used to calculate the apportionment ratio on the corporation's return. Whichever apportionment method is indicated, the taxpayer must compute the apportionment ratio using only that formula. (The taxpayer cannot use "STANDARD" to calculate one portion of the ratio and "SALES FACTOR ONLY" to calculate another portion of the ratio.)

For the standard apportionment total ratio, the numerator of the fraction is the property factor plus the payroll factor plus two times the sales factor. The denominator of the fraction is four.

For taxable years beginning after December 31, 2016, Sales Factor Only Apportionment replaced the enhanced apportionment ratio. The numerator is Arizona Sales. The denominator is Everywhere Sales. The property factor and the payroll factor are not included in this computation.

Line E1 - Property Factor – Standard Apportionment Taxpayers electing "SALES FACTOR ONLY APPORTIONMENT" – leave blank.

The Property Factor is a fraction that represents the average value of the taxpayer's property owned or rented and used in Arizona to the total average value of the taxpayer's property owned or rented and used during the tax period.

The value of tangible personal property and real property owned by the taxpayer is its original cost. The taxpayer normally determines the average value of its owned property by averaging the values at the beginning and ending of the tax period. Property used to generate nonapportionable or nontaxable income is not included in the property factor.

The value of tangible personal property and real property rented by the taxpayer is eight (8) times its net annual rental rate. The net annual rental rate is the annual rental rate paid by the taxpayer for rented property, less the aggregate annual subrental rates paid by subtenants of the taxpayer. The taxpayer automatically achieves averaging for rented property by the method of determining the net annual rental rate of such property.

For a discussion of the treatment of computer software in the property factor, refer to the department's ruling, CTR 01-2, *How Does a Taxpayer Filing an Arizona Corporate Income*

Tax Return Determine Whether Computer Software is Included in the Property Factor.

Report real property situated and tangible personal property permanently located in Arizona as property within Arizona during the tax year. Attribute the value of mobile property to Arizona based on the total time that the property was within Arizona.

Divide the numerator of the property factor by the denominator. Express the ratio as a decimal carried out to six places. (The property factor may not exceed 1.0.) Enter the result on line E1c, Column C.

Taxpayers electing “SALES FACTOR ONLY APPORTIONMENT,” leave lines E1a through E1c, Columns A through C blank.

For additional information on the property factor, refer to:
 A.R.S. §§ 43-1140 through 43-1142

 CTR 01-2, How Does a Taxpayer Filing an Arizona Corporate Income Tax Return Determine Whether Computer Software is Included in the Property Factor

Line E2 - Payroll Factor – Standard Apportionment

Taxpayers electing “SALES FACTOR ONLY APPORTIONMENT” – leave blank.

The Payroll Factor is a fraction that represents the compensation paid in Arizona by the taxpayer to the total compensation paid by the taxpayer during the tax year.

Report the salaries, wages, or other compensation of officers, employees, etc., as being within Arizona if the performance of those services occurs entirely in Arizona. This rule applies regardless of where payment is made or control exercised. This rule also applies regardless of whether the performance of the services is partly or wholly in connection with the apportionable business carried on outside the state or in interstate or foreign commerce. Payroll used to generate nonapportionable or nontaxable income is not included in the payroll factor.

Allocate the compensation of officers and employees who perform services partly within and partly without Arizona to this state when:

- The services performed outside of Arizona are incidental to the employee's service within Arizona; or
- The employee's base of operation is in Arizona; or
- The employee has no base of operation in any state but the direction or control of the employee is from Arizona; or
- The employee has no base of operation in any state and there is no direction or control from a state in which the employee performs some part of his services, but the employee's residence is in Arizona.

Taxpayers electing “STANDARD APPORTIONMENT”

Divide the numerator of the payroll factor by the denominator. Express the ratio as a decimal carried out to six places. (The payroll factor may not exceed 1.0.) Enter the result on line E2, Column C.

Taxpayers electing “SALES FACTOR ONLY APPORTIONMENT,” leave Line E2, Columns A through C, blank.

For additional information on the payroll factor, refer to:

Line E3 - Sales Factor

The Sales Factor is a fraction that represents the total sales of the taxpayer in Arizona to the total sales of the taxpayer during the tax period.

"Sales" includes all gross receipts from transactions and activities in the course of the regular trade or business that produce income. Gross receipts from nonapportionable or non-taxable income are not included in the sales factor.

Sales of tangible personal property is determined on a destination sales basis. Sales of real property is determined based on the location of the property. Generally, sales of other than tangible personal property is determined based on the location where the income producing activity occurs. Service income is determined based on the location of the income producing activity, *unless* the taxpayer elected to be treated as a Multistate Service Provider (MSP). See the following box for a description of an MSP.

TAXPAYERS THAT QUALIFY AS MULTISTATE SERVICE PROVIDERS ELECTING TO SOURCE SALES FROM SERVICES AND FROM DESIGNATED INTANGIBLES TO ARIZONA USING MARKET SALES
Taxpayers that qualify as a Multistate Service Provider (MSP) may elect to treat sales from services and from designated intangibles as being sourced to Arizona based on market sales.
[NOTE: For purposes of the Multistate Service Provider Election and Computation, sales from designated intangibles means sales derived from credit and charge card receivables, including fees, merchant discounts, interchanges, interest, and related revenue (A.R.S. § 43-1147(E)(3)(a)). **The sale of any ther intangible may not be included in the calculation of this election.**
Multistate taxpayers complete Schedule MSP to determine if they qualify as an MSP. If the taxpayer qualifies, and wishes to make the election, the completed Schedule MSP must be included with the taxpayer's original, timely-filed tax return. (The election to be treated as an MSP cannot be made on an amended return.) Once made, the election is binding for five years. For each year of the election period, Schedule MSP must be completed by the taxpayer to source sales from services and from designated intangibles to Arizona. Once Schedule MSP is completed, the taxpayer can compute the sales factor.
Taxpayers that qualify and want to make the election should:

- Ensure the completed Schedule MSP is included with the return.
- Ensure the box on line F of the return is checked.
- Ensure the box indicating the year of the taxpayer's election cycle is checked.
- Enter on line E3b, column A, the Arizona sales from services and from designated intangibles from the completed Schedule MSP, line B.

- Complete the calculation of the sales factor following the instructions for the taxpayer's choice of the "STANDARD" or "SALES FACTOR ONLY" apportionment formula.

Taxpayers qualifying as an MSP, and electing to be treated as an MSP:

- Enter the Arizona sales from services and from designated intangibles on line E3b from the completed Schedule MSP, line B.

Taxpayers not making the election to be treated as an MSP:

- Leave line E3b blank.
- Enter Arizona sales from services on line E3c.

Taxpayers electing "STANDARD APPORTIONMENT"

- Check the box on line E of the return labeled "STANDARD".
- Multiply the numerator of the sales factor by two. Divide that result by the denominator. Express the ratio as a decimal carried out to six places. (The sales factor may not exceed 2.0.) Enter the result on line E3f, Column C.

Taxpayers electing "SALES FACTOR ONLY APPORTIONMENT"

- Check the box on line E of the return labeled "SALES FACTOR ONLY."
- Divide the numerator (Arizona sales) by the denominator (Everywhere sales). Express the ratio as a decimal carried out to six places. (The sales factor may not exceed 1.0.) Enter the result in column C of line E3f and on page 1, line 9.

For more information on the sales factor, refer to:
 A.R.S. §§ 43-1145 through 43-1147

Line E4 - Total Ratio

Taxpayers electing "STANDARD APPORTIONMENT"

Add the amounts in Column C of lines E1c, E2, and E3f and enter the total.

Taxpayers electing "SALES FACTOR ONLY APPORTIONMENT," leave this line blank.

Line E5 - Average Apportionment Ratio

NOTE: Taxpayers must exclude a factor if both the numerator and the denominator of a factor are zero. Do not exclude a factor if the numerator of the factor is zero and the denominator of that factor is greater than zero. See A.A.C. R15-2D-901(B).

Taxpayers electing "STANDARD APPORTIONMENT"

If either the property or the payroll factor is excluded, determine the average ratio by dividing the total ratio by three. If the sales factor is excluded, determine the average ratio by dividing the total ratio by two. If two of the factors are excluded, the remaining factor, without respect to any weighting, is the apportionment ratio.

Taxpayers electing "STANDARD APPORTIONMENT"

Divide the total ratio, line E4, column C, by four. Express the ratio as a decimal carried out to six places. Enter the average ratio. Also, enter the average ratio and on page 1, line 9 of Arizona Form 120.

Taxpayers electing "SALES FACTOR ONLY APPORTIONMENT," leave this line blank.

NOTE: If line E5 is "0.000000", the corporation is considered to have no Arizona nexus.

If line E5 is blank, the corporation is considered to be taxable entirely within Arizona (100% Arizona company).
