General Instructions

Arizona Revised Statutes § 43-1178 provides a nonrefundable corporate income tax credit equal to 30% of the amount paid by the seller or purchaser as transaction privilege tax or use tax for coal sold to the taxpayer that is consumed in the generation of electrical power in Arizona. "Amount paid by the seller or purchaser as transaction privilege tax or use tax" means that the Arizona transaction privilege tax (TPT) was passed through to the taxpayer by the seller as an added charge or that the seller collected the Arizona use tax from the taxpayer or that the taxpayer paid the Arizona use tax to the department.

The tax credit is in lieu of a deduction for the taxes for which the credit is claimed. An addition to Arizona gross income is required for the amount of Arizona TPT and Arizona use taxes included in the computation of federal taxable income for which the Arizona tax credit is claimed.

For example, a taxpayer that paid \$50,000 in TPT for coal consumed in the generation of electrical power in Arizona would receive a credit of \$15,000 ($\$50,000 \times 30\% = \$15,000$). The addition to Arizona gross income would be \$50,000.

The credit is available only to corporate taxpayers. A partnership may pass this credit through only to its corporate partners. While an S corporation may claim this credit, the S corporation may not pass this credit through to its shareholders.

Co-owners of a business, including corporate partners of a partnership, may each claim only the pro rata share of the credit allowed based on the ownership interest. The total of the credits allowed all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

If the allowable tax credit exceeds the taxes otherwise due, or if there are no taxes due, the amount of the credit not used to offset taxes may be carried forward for not more than five consecutive taxable years as a credit against subsequent years' income tax liability.

Specific Instructions

Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Attach the completed form to the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, an S corporation or a partnership is the taxpayer's employer identification number. Taxpayers that fail to include their TIN may be subject to a penalty.

Part I - Current Taxable Year's Credit Calculation Form 318-1 and Line 1 -

Complete Form 318-1 before completing Part I, line 1, of Form 318. Complete Form 318-1 to list the qualifying coal purchases for the taxable year.

FORM 318-1

The design of Form 318-1 allows the taxpayer to list qualifying coal purchases for the taxable year in two situations:

1. Purchases from vendors that passed the Arizona TPT through to the taxpayer as an added charge or purchases from vendors that collected the Arizona use tax from the taxpayer; and
2. Purchases from vendors for which the taxpayer paid the Arizona use tax to the department.

Situation 1: List the qualifying coal purchases *by vendor* for situation 1 above. If the taxpayer has purchased coal from more than two vendors, additional Form(s) 318-1 must be completed to list the qualifying coal purchases for the taxable year. Complete section A to list the vendor name and the vendor's Arizona TPT or use tax number. Do not complete section B.

NOTE: *The Arizona TPT must be shown as an added charge on the vendor's invoice. If the vendor collects the Arizona use tax from the taxpayer, the tax must be shown as a separate charge on the vendor's invoice.*

Situation 2: List the qualifying coal purchases *from all vendors* for situation 2 above. Complete section B to list the taxpayer's Arizona TPT or use tax number. Do not complete section A.

NOTE: *If the taxpayer pays the Arizona use tax directly to the department, the taxpayer must document the amount of tax paid for each invoice.*
