I am pleased to provide the fiscal year (FY) 2021 update to the Arizona Department of Revenue 2018-2022 Strategic Plan. This plan demonstrates the ongoing transformation of this agency, its commitment to “Serving Taxpayers!”, and its vision of funding Arizona’s future through excellence in innovation, exceptional customer service, and public servant-led continuous improvement.

Governor Doug Ducey appointed me director of the Arizona Department of Revenue (ADOR) in September 2019, and I take pride in all of the department’s accomplishments over the past fiscal year. Within four months of appointment, ADOR enabled out-of-state sellers to file and pay electronically, implemented corporate e-file, and improved stakeholder collaboration.

ADOR has placed a renewed emphasis on enhancing employee culture, increasing voluntary compliance, managing data maturity, and initiating a tax system replacement.

The department is challenging itself to build a new and improved culture inside and outside the organization.

For FY 2020, the agency is reinforcing leader standard work, employee development, relationships with stakeholders, and education resulting in voluntary compliance.

The FY 2021 Strategic Plan Update highlights the goals, strategies, and performance measures critical to the department’s ongoing success. The four goals that guide ADOR in accomplishing its mission are the following:

**Goal 1** - Optimize Employee Culture: Create an environment focused on well-being, goal alignment, vision, and purpose from recruitment to retirement. Enable a completely functioning remote workforce while remaining connected to staff and no disruptions in services to taxpayers.

**Goal 2** - Maximize Agency Effectiveness and Efficiency: Review processes to ensure focus on what is required and realistic. Prioritize by impact and frequency with financial tools that promote a reduction in time, costs, and resources.

**Goal 3** - Enhance Services and Automation: Eliminate waste by increasing the automation of key processes through real-time taxpayer data to identify trends, needs, and opportunities.

**Goal 4** - Legislative Agility: Enable the agency to respond to changing priorities to better support the taxpayers of Arizona by quickly implementing legislation in a technically sound and administratively feasible manner.

In the fiscal year 2021, ADOR’s focus remains on collecting and distributing revenue to fund Arizona cities, towns, counties, and our communities. The Arizona Department of Revenue is dedicated to a customer-centric approach by continuing to enhance customer service and deliver on our ongoing commitment to Arizonans.

Carlton Woodruff
Director
OUR ORGANIZATION:

Our strategy begins with a comprehensive look at ADOR’s ecosystem as an organization — an ecosystem that includes a variety of perspectives and demands that influence our vital mission. We then make an honest assessment of our recent past and current reality, including a brutally honest evaluation of our performance. We refer to this as the “current state”. The Governor’s vision for the state and the agency’s vision together define our desired “future state”. It is by analyzing the gap between our current state and future state that we develop our plan. ADOR has adopted strategic goals to close the gap between the reality of our current challenges and future state vision.

In addition to the goals, ADOR has identified strategic initiatives to help overcome challenges that could keep us from closing the gap. The strategies are to be developed as specific projects to resolve the challenges. The outcomes associated with our goals, as supported by our strategies, and as executed through our projects, will be measured rigorously by our performance measures.

The performance measures ADOR has adopted track success through two primary lenses: the return on investment that taxpayers demand as an outcome of fulfilling our mission — i.e., delivering the revenue that finances Arizona’s future, and customer value in the form of quality service.
