This booklet contains:

- Tax Credit Forms
- Fiduciary Tax Forms
- Withholding Tax Forms

CAUTION

The federal amounts that you use on your Arizona return may not be the same as the federal amounts from your federal tax return.

Each year the Arizona State Legislature considers if they will adopt changes made to the federal tax law during the prior year. These forms assume the Legislature will adopt all federal law changes made after January 1, 2011.

If you use the amounts from your 2011 federal tax return to complete your Arizona return and the Legislature does not adopt the 2011 federal changes, you may have to amend your return at a later date for any difference between Arizona and federal law. For more details, visit [www.azdor.gov](http://www.azdor.gov) and click on the link for 2011 conformity.

General Instructions

ARS §§ 43-1077 and 43-1165 previously provided nonrefundable tax credits for net increases in employment under United States Department of Defense contracts during the taxable year by a certified defense contractor that was certified by the former Arizona Department of Commerce under ARS § 41-1508. A nonrefundable tax credit was also allowed for net increases in private commercial employment during the taxable year by a certified defense contractor for full-time equivalent employee positions transferred from exclusively defense related activities to employment in exclusively private commercial activities.

ARS §§ 43-1078 and 43-1166 previously provided nonrefundable tax credits that are equal to a portion of the amount paid as taxes during the taxable year by a certified defense contractor on property in this state that is classified as class one, paragraphs 12 and 13 pursuant to ARS § 42-12001.

Credit carryover for corporate and individual taxpayers: If the allowable credit exceeds the tax liability, any unused amount may be carried forward as a credit against subsequent taxable years’ tax liability through tax year 2011.

This is the last taxable year to use this credit carryforward. Any carryforward not used this taxable year will expire.

Specific Instructions

Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Attach the completed form to the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, S corporation, or a partnership is the taxpayer’s employer identification number. The TIN for an individual is the taxpayer’s social security number or an IRS individual taxpayer identification number. Taxpayers that fail to include their TIN may be subject to a penalty.

Available Credit Carryover

This is the last taxable year to use this credit carryforward. Any carryforward not used this taxable year will expire.

In column (a), enter the total credit amount originally computed for those taxable years. In column (b), enter the total amount of the credits from those taxable years that has already been used. Subtract the amount in column (b) from column (a) and enter the difference in column (c).

### General Instructions

**Note:** Former ARS §§ 43-1074 and 43-1161 are repealed effective from and after June 30, 2011. Laws 2012, Chapter 3, section 60 amended the previous savings clause for claiming and carryovers of the Enterprise Zone Credit, as long as the employer continues to meet all qualification and reporting requirements of the former statutes.

With a repeal date of June 30, 2011, tax years that began before the repeal date are allowed to establish the credit for first year credits. Second and third year credits will be allowed for tax year 2012 and tax year 2013. Wages paid through the full tax year can be included in the calculation of the credit.

Taxpayers whose fiscal year began after June 30, 2011, cannot establish first year credits, but are allowed to claim second and third year credits on their tax year 2011 return. Third year credits will be allowed for tax year 2012. Wages paid through the full tax year can be included in the calculation of the credit.

All enterprise zone credits properly claimed can be carried forward for the respective five year carry forward period.

Former ARS §§ 43-1074 and 43-1161 provided nonrefundable individual and corporate income tax credits for net increases in qualified employment positions by a business located in an enterprise zone. This credit applies to taxable years beginning from and after December 31, 1995. Refer to Arizona Corporate Tax Ruling CTR 02-5 and Arizona Partnership Tax Ruling PTR 02-1 for further information regarding the enterprise zone tax credit provisions effective for taxable years beginning from and after December 31, 2001.

The enterprise zone credit for qualified employment positions was repealed, effective July 1, 2011. A business must have been located within an enterprise zone and hired employees prior to July 1, 2011, in order to be eligible to claim first year credits for tax year 2011. Taxpayers whose tax year began July 1, 2011, or later will not qualify to claim first year enterprise zone tax credits for tax year 2011, but are eligible to claim second and third year credits. Carryovers of credits from previous tax years may be carried forward for the full five taxable year carryforward period.

**Note for Form 120 filers:** Taxpayers filing on a combined or consolidated basis are considered to be a single taxpayer for the purposes of the enterprise zone credit.

If the documents filed with the Arizona Commerce Authority or the Arizona Department of Revenue contain materially false information, the taxpayer is ineligible for the enterprise zone tax credit and is subject to recovery of the amount of enterprise zone tax credits allowed in preceding taxable years based on the false information, plus penalties and interest.

The enterprise zone credit is in lieu of the following credits, with respect to the same employment positions:

- The military reuse zone credit, under ARS § 43-1079 or ARS § 43-1167 (claimed on Arizona Form 306);
- The defense contracting credit, under ARS § 43-1077 or ARS § 43-1165 (claimed on Arizona Form 302);
- The credit for healthy forest enterprises, under ARS § 43-1076 or ARS § 43-1162 (claimed on Arizona Form 332); and
- The credit for renewable energy industry, under ARS § 43-1083.01 or ARS § 43-1164.01 (claimed on Arizona Form 342).

### Highlights of Enterprise Zone Credit for Qualified Employment Positions for Taxable Years Beginning From and After December 31, 2003

- Credit allowed for net increases in qualified employment positions by a business located in an enterprise zone unless more than 10 percent of the business conducted at the location consists of retail sales of tangible personal property, measured by either the number of employees assigned to retail or the square footage of the facility used for retail transactions at the location in the enterprise zone. Retail activity allowable at the zone location (that does not exceed 10 percent) is limited solely to the following activities:
  1. Food and beverage for consumption on the premises solely by employees and occasional guests of employees at the location.
  2. Promotional products displaying the company logo or trademark that are not available for sale.
  3. Products sold to company employees.
- The credit may be carried over for the next five subsequent taxable years.
- A business located in an enterprise zone that is terminated may claim its second and third year credits for qualified employment positions and any credit carryover if the business remains at the location that was formerly in an enterprise zone. The positions must continue to meet all of the requirements for qualified employment positions, and the business must continue to meet all of the qualifications for the credit.

The tax credit and any carryover is lost if the business relocates outside of the enterprise zone.
The enterprise zone credit for qualified employment positions is equal to:

- One-fourth of the taxable wages paid to an employee in a qualified employment position, not to exceed $500 per qualified employment position, in the first year or partial year of employment.
- One-third of the taxable wages paid to an employee in a qualified employment position, not to exceed $1,000 per qualified employment position, in the second year of continuous employment.
- One-half of the taxable wages paid to an employee in a qualified employment position, not to exceed $1,500 per qualified employment position, in the third year of continuous employment.

Note: To calculate the first, second and third year credits, include wages paid in the full 2011 taxable year.

Reporting requirements: Attach a copy of the letter received from the Arizona Commerce Authority stating that the taxpayer timely complied with the reporting requirements for that agency. A taxpayer must timely comply with the reporting requirements of both the Department of Revenue and the Arizona Commerce Authority in order to claim the credit. Do not use the 2011 Forms 304, 304-1 and 304-2 to claim the enterprise zone credit for prior taxable years.

Aggregate summary: This is a single Form 304 that combines the results of multiple business locations in an enterprise zone or zones. Taxpayers having multiple business locations must first complete separate Forms 304, 304-1 and 304-2 for each business location, whether those locations are in the same enterprise zone or multiple enterprise zones. Then, complete the aggregate summary Form 304. Do not complete aggregate summaries of Forms 304-1 and 304-2.

Taxpayers do NOT need to complete the following portions of the aggregate summary Form 304:

- Part I - Business Information
- Part II - Net Increase in Average Number of Full-Time Employees
- Part III - Lines 8 through 11b (line 11c must still be completed)
- Part VI - Limited Liability Companies

Specific Instructions

Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Attach the completed form and all supporting documentation to the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, S corporation, or a partnership is the taxpayer’s employer identification number. The TIN for an individual is the taxpayer’s social security number or an IRS individual taxpayer identification number. Taxpayers that fail to include their taxpayer identification number may be subject to a penalty.

Part I - Business Information

Lines 1 through 3 -
On lines 1, 2a, and 3, enter the name, address, and taxpayer identification number of the business location that is at a site located in an enterprise zone. Enter the name of the enterprise zone in which business is located on line 2b.

Line 4 - Retail Sales of Tangible Personal Property
Answer the question on line 4. If the answer to this question is "Yes", the business is not eligible for an enterprise zone credit for any of its qualified employment positions.

ASSIGNED TO RETAIL means working more than 25 percent of an employee’s time in one or more retail activities.

RETAIL ACTIVITIES means all activities persons operating a retail business normally engage in, including taking, filling, and billing orders, receiving and processing payment and shipping, stocking and delivering tangible personal property to the ultimate consumer, except drop shipments by a company acting on behalf of an unrelated company that has made a sale to a final consumer.

ZONE LOCATION means a single parcel or contiguous parcels of owned or leased land, the structures and personal property contained on the land, or any part of the structures occupied by a taxpayer.

Part II - Net Increase in Average Number of Full Time Employees

Lines 5 and 6 -
To determine the net increase in the number of full time employees, compare the average number of full time employees during the current taxable year with the average number of full time employees during the immediately preceding taxable year. The net increase in average number of full time employees calculation includes all permanent full time employees, whether or not they are in qualified employment positions. New full time employees are newly hired employees who were employed for at least ninety days during the taxable year, and who were not employed by the employer within the preceding 12 months. The position must be a minimum of 1,750 hours per year of regularly scheduled work hours, and not for a specified or limited period of time. Do not include overtime hours in the minimum requirement determination.

Note: To calculate the net increase in average number of full time employees, only include qualified employment positions filled before July 1, 2011.

Use the worksheet on the next page to calculate the numbers for lines 5 and 6. Columns 5 and 6 of the worksheet correspond to lines 5 and 6 of Part II of Form 304. Then, transfer the totals from line 15 of the worksheet to their corresponding lines on Form 304.
On lines 1 through 12 of the worksheet, enter the number of full time employees employed at the end of each month by the business located in the enterprise zone. Do not include any employment positions that were filled after June 30, 2011, or during the last ninety days of the tax year. This means that the number entered on lines 7-12 of the line 5 column for a calendar year taxpayer cannot exceed the number entered on line 6 of column 5. A newly established business in an enterprise zone would not have any full time employees within the zone during the immediately preceding taxable year. Such a business would utilize only the line 5 column on the worksheet, and would enter zero on line 6 of Form 304.

**Line 7 - Net Increase in Average Number of Full Time Employees**

Subtract the amount on line 6 from the amount on line 5. If this amount contains a decimal, round down to the next whole number. This is the net increase in the number of full time employees for the current taxable year.

If the amount shown on line 7 is zero, the business may not claim an enterprise zone credit for qualified employment positions created during the current taxable year. Do not complete the portion of Form 304-2 relating to first year credits. Enter zero on Part III, line 11c. Do not complete Part V, line 15 of Form 304.

**Part III - Maximum Number of Qualified Employment Positions**

**Line 8**

Enter the total number of qualified employment positions created during the taxable year. A newly created position is a qualified employment position on the date that it meets the following requirements. Positions that cease to meet these criteria are no longer qualified employment positions.

- The qualified employment position must have been created and filled before July 1, 2011.
- All employees in qualified employment positions must be Arizona residents.
- Thirty-five percent of employees in qualified employment positions for which the first year credit is claimed must be residents of an enterprise zone within the county in which the business is located on the date of hire.
- The employees must perform their job duties primarily at the enterprise zone locations of the business.
- The qualified employment positions must be full time, permanent positions that require a minimum of 1,750 hours per year, not including overtime hours.
- The position must include health insurance coverage for the employee for which the employer pays at least 50 percent of the premium or membership cost. If the taxpayer is self-insured, the employer must pay at least 50 percent of a predetermined fixed cost per employee for an insurance program that is payable whether or not the employee has filed claims.
- The compensation paid for this position must at least equal the wage offer by county for the particular taxable year as computed annually by the Department of Economic Security Research Administration Division. To obtain this information, contact the Arizona Commerce Authority, or refer to its website at www.azcommerce.com.
- The business must have employed the employee for at least ninety days during the taxable year.
- The business cannot have employed the employee within twelve months before the employee’s current hire date.

**Line 9**

Divide the amount on line 11a by 35 percent (.35). Enter the quotient. If this amount contains a decimal, round down to the next whole number.

Compare the numbers entered on lines 11c and 12 and enter the lower of the two numbers on line 13. This is the total number of new employees in qualified employment positions for the current year. If the number on line 11c is greater than 200, identify the qualified employment positions for which the taxpayer is claiming the credit by checking the box in column (e) on the Forms 304-2 for the zone location. This number cannot exceed the number entered in Part V, line 15, column (a).

Complete Forms 304-1 and 304-2 before completing Part V of Form 304.

FORM 304-1

Complete a Form 304-1 for each employee at the zone location, WHETHER OR NOT THE EMPLOYEE IS IN A QUALIFIED EMPLOYMENT POSITION.

Former ARS § 41-1525(B)(1) provided for the information requested in the Form 304-1 to be submitted in a form prescribed by the Department of Revenue and may include electronic media. The department will accept a hard copy spreadsheet that contains all the requested information or the information may be submitted on electronic media as a Microsoft Excel spreadsheet or pdf file on a CD-ROM or DVD. The chosen media must be Microsoft Windows compatible.

Regardless of the form, the information must be filed on or before the due date of the tax return including any extensions. Taxpayers submitting the information on CD-ROM or DVD should attach a statement to Form 304 in the tax return that the information is being separately submitted in that format. The Forms 304-1 submitted on CD-ROM or DVD are part of the income tax return and are subject to the sworn statement on the return that they are true and correct to the best of the signer’s knowledge and belief.

The CD-ROM or DVD should be labeled as Form 304-1 with the taxpayer’s name, employer identification number, and taxable year and sent directly to:

FORM 304

Part V - Credit Calculation for Qualified Employment Positions

The taxpayer may claim the first, second, and third year credits for a qualified employment position only if the position continues to meet all of the requirements for a qualified employment position. The second year and third year credits are allowed only for qualified employment
positions for which first year and second year credits were allowed and claimed by the taxpayer on the taxpayer’s original tax returns for those taxable years.

Arizona's statutes do not require that the employee who is claimed in the second and third years of continuous employment be the same employee who was claimed in the first and second years of employment. Therefore, if one of the originally claimed new employees leaves employment, the business can claim the subsequent years’ credits for another employee in a qualified employment position who is in the same year of continuous employment as the departed employee. If the original employee was counted as part of the 35 percent enterprise zone residency requirement, the substitute must have been a resident of an enterprise zone in the county in which the business is located on the date of hire.

**Line 14 - Arizona Residency**

Answer the question on line 14. If the answer to this question is "No", the business is not eligible for an enterprise zone credit for any of its otherwise qualified employment positions (first, second and third year) filled by employees who are not Arizona residents. Refer to Arizona Individual Income Tax Procedure ITP 92-1 for information on determining Arizona residency.

**Line 15 - Column (a)**

Taxpayers who are partners or shareholders in multiple entities operating in enterprise zones must complete a schedule detailing the amount of the credit passed through from each partnership or S corporation, and attach the schedule to their tax returns.

**Part IX - Available Credit Carryover**
The taxpayer who is utilizing the credit carryover should complete Part IX only if its allowable enterprise zone tax credit for qualified employment positions for prior taxable years exceeded its Arizona income tax liability for those taxable years.

### General Instructions

ARS §§ 43-1080 and 43-1169 provide a nonrefundable tax credit for expenses incurred in constructing a qualified environmental technology manufacturing, producing or processing facility as described in ARS § 41-1514.02. The amount of the credit is equal to 10 percent of the amount spent during the taxable year to construct the facility, including land acquisition, improvements, building improvements, machinery and equipment. The credit cannot exceed 75 percent of the Arizona income tax liability for the taxable year as determined without applying the credit.

The former Arizona Department of Commerce identified and certified new facilities of qualified environmental technology manufacturers, producers and processors for purposes of the credit. The certification program ran through June 30, 1996. However, the certification may be assigned or transferred to one or more successor taxpayers, manufacturers, producers or processors that have acquired and continue to operate a facility that was used to meet the qualifying conditions listed below and that continues to be used predominantly for those purposes.

To qualify under ARS § 41-1514.02, an environmental technology manufacturer, producer, or processor must locate or make an additional capital investment in a facility in this state that:

- Is used predominantly to do any of the following:
  
  a. sort, store, prepare, convert, fabricate, manufacture, or otherwise process finished products consisting of at least 90 percent recycled materials.
  
  b. prepare, fabricate, manufacture, or otherwise process finished products that are powered exclusively with solar or other specific renewable energy.
  
  c. prepare, fabricate, manufacture, or otherwise process raw material or intermediate product exclusively through a hydro-metallurgical process where at least 85 percent of the process solution used to produce the finished product is recycled on site for additional production.
  
  d. fabricate or manufacture finished paper products that consist of at least 80 percent recycled material.

- Costs, or is expected to cost, an aggregate of at least 20 million dollars of new capital investment in this state within five years after construction begins or commencement of installation of improvements.

You may claim a credit with respect to new qualifying construction within ten years after the start of the facility's initial construction. You qualify for the credit if you own or lease the facility or any component of the facility for a term of five or more years, but a credit is not allowed for any amount spent more than ten years after the start of the facility's initial construction.

You can only take the credit for items that are depreciable or amortizable assets. You have to subtract your credit from your basis in those assets. You can still take depreciation or amortization of your Arizona basis in the assets.

If the allowable tax credit exceeds 75 percent of the taxes otherwise due on the claimant's income, or if there are no taxes due, the amount of the credit not used to offset taxes may be carried forward for not more than fifteen taxable years as a credit against subsequent years' income tax liabilities.

Co-owners of a business, including partners in a partnership and shareholders of an S corporation, may each claim only the pro rata share of the credit allowed based on the ownership interest. The total of the credits allowed all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

### Credit Recapture

If either of the following circumstances occurs with respect to a qualified environmental technology manufacturing, producing or processing facility, the tax imposed for the taxable year shall be increased by the full amount of all credits previously allowed with respect to that facility:

- The taxpayer abandons construction before the facility is placed in service.

- Before the facility is placed in service, the taxpayer changes plans so that the facility no longer qualifies as an environmental technology manufacturing, producing or processing facility under ARS § 41-1514.02.

If a qualified environmental technology facility ceases to operate as an environmental manufacturing, producing or processing facility at some time during the first five years it has been in operation, you have to recapture part of the credit.

Any credit recapture will affect any carryover you may have on that credit. If you have to recapture 100% of the credit, you will have no credit carryover. If you have to recapture a portion of the credit, you have to recapture the same portion of the carryover. How to figure the recapture of a portion of your credit is discussed in the specific instructions that follow.
Specific Instructions

Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Attach the completed form to your tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, S corporation, or a partnership is the taxpayer's employer identification number. The TIN for an individual is your social security number or an IRS individual taxpayer identification number. If you fail to include your TIN, you may be subject to a penalty.

Enter the certification number from the former Arizona Department of Commerce.

Part I - Schedule of Cost of Equipment or Property Used in Construction of Facility for Current Year and Current Taxable Year's Credit Calculation

Line 1 -
Enter the date the facility's initial construction was started.

Current Year's Cost of Equipment or Property Used in Construction of Facility

In column (a), describe the expenses incurred in constructing the new qualifying environmental technology facility during the current year. Such items would include land purchased or improved, building construction initiated or improved, or equipment or machinery installed or placed in use. If additional space is needed, attach a separate sheet. In column (b), enter the amount of the cost. Complete lines 2 and 3 as directed on the form.

Part II - Recapture of Environmental Technology Facility Credit

If the facility has been in operation for five years or more, you do not have to recapture credits you have already used to offset your tax liability. If it ceased to operate as required before five years had passed, you must recapture the credit you used by taking the total of all environmental technology facility credits you received before, and multiplying it by a percentage. The percentage depends on how long the facility had been operating as an environmental technology facility, producing or processing facility. The recapture percentages are as follows:

<table>
<thead>
<tr>
<th>How long between the time the facility was placed in service and the time it ceased to meet the credit requirements?</th>
<th>Recapture percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>Less than one year</td>
<td>100 %</td>
</tr>
<tr>
<td>At least one year, but less than two years</td>
<td>80 %</td>
</tr>
<tr>
<td>At least two years, but less than three years</td>
<td>60 %</td>
</tr>
<tr>
<td>At least three years, but less than four years</td>
<td>40 %</td>
</tr>
<tr>
<td>At least four years, but less than five years</td>
<td>20 %</td>
</tr>
</tbody>
</table>

Use the appropriate percentage to complete Part II as instructed on the form.

Part III - S Corporation Credit Election and Shareholder's Share of Credit and Credit Recapture

to the taxpayer on noncompliance with the terms of the memorandum;

b. the Arizona Commerce Authority to notify the Arizona Department of Revenue of the conditions of noncompliance; and

c. the Arizona Department of Revenue to require the taxpayer to file appropriate amended tax returns reflecting the recapture of the tax credit.

The net increase in the number of employees shall be determined by comparing the taxpayer's average employment in the military reuse zone during the taxable year with the taxpayer's previous year's fourth quarter employment in the zone, based on the taxpayer's report to the Arizona Department of Economic Security for unemployment insurance purposes but considering only employment in the zone.

A credit is not allowed with respect to an employee whose place of employment is relocated by the taxpayer from a location in this state to the military reuse zone, unless the employee is engaged in providing aviation or aerospace services, or in manufacturing, assembling, or fabricating aviation or aerospace products, and the taxpayer maintains at least the same number of employees in this state but outside the zone.

The military reuse zone credit is in lieu of the following credits, with respect to the same employees:

- The enterprise zone credit, under former ARS § 43-1074 or former ARS § 43-1161 (claimed on Arizona Form 304);
- The credit for new employment, under ARS § 43-1074 or ARS § 43-1161 (claimed on Arizona Form 345);
- The defense contracting credit, under ARS § 43-1077 or ARS § 43-1165 (claimed on Arizona Form 302);
- The credit for healthy forest enterprises, under ARS § 43-1076 or ARS § 43-1162 (claimed on Arizona Form 332); and
- The credit for renewable energy industry, under ARS § 43-1083.01 or ARS § 43-1164.01 (claimed on Arizona Form 342).

The amount of the credit is a dollar amount allowed for each new full-time employee. The amount per employee differs depending on whether the employee is a dislocated military base employee or another type of full-time military base employee. A "dislocated military base employee" means a civilian who previously had permanent full-time civilian employment on the military facility, at the date the closure of the facility was finally determined under federal law, as certified by the Arizona Commerce Authority. The credit amount per employee is as follows:

If the allowable tax credit exceeds the taxes otherwise due, or if there are no taxes due, the amount of the claim not used to offset the taxes may be carried forward as a credit against the five subsequent years' income tax liabilities if the business remains in the military reuse zone.

Co-owners of a business, including partners in a partnership and shareholders of an S corporation, may each claim only a pro rata share of the allowable credit based on the ownership interest. The total of the credits allowed all owners may not exceed the amount that would have been allowed for a sole owner of the business.

Aggregate summary: This is a single Form 306 that combines the results of multiple business locations in a military reuse zone or zones. Taxpayers having multiple business locations must first complete separate Forms 306, 306-1, 306-2, 306-3, and 306-4 for each business location, whether those locations are in the same military reuse zone or multiple military reuse zones. Then, complete the aggregate summary Form 306. Do not complete aggregate summaries of Forms 306-1 through 306-4.

Taxpayers do NOT need to complete the following portions of the aggregate summary Form 306:

- Part I - Business Information
- Part II - Net Increase in Employment
- Part III - Lines 8 through 11 (line 12 must still be completed)

**Specific Instructions**

Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Attach the completed form to the tax return. All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, S corporation, or a partnership is the taxpayer's employer identification number. The TIN for an individual is the taxpayer's social security number or an IRS individual taxpayer identification number. Taxpayers that fail to include their TIN may be subject to a penalty.

**Part I - Business Information**

Lines 1 through 4 -

On lines 1 through 3, enter the business’s name, its actual location in the zone (may not be its mailing address), and employer identification number. On line 4, enter the name of the military reuse zone in which the business is located.

**NOTE:** If there is more than one location in a military reuse zone, attach a schedule listing the name, location address, employer identification number, and zone of each location.

**Part II - Net Increase in Employment**

The military reuse zone credit is based on net increases in employment of full-time employees working in a military reuse zone. Whether there has been a net increase in employment is determined by comparing the average employment in the zone during the current taxable year with the prior year’s fourth quarter employment in the zone. The prior year figure must be based on the employer’s unemployment insurance report to the Arizona Department of Economic Security, limited to employment in the zone.

**Line 5 -**

Enter the average employment in the military reuse zone for the current taxable year. Complete the worksheet below to determine the average employment during the current taxable year.

On lines 1 through 12 below, enter the number of employees employed at the end of each month by the business located in the military reuse zone.

</tbody>
</table>

**Line 6 -**

Enter the previous year’s fourth quarter employment. A newly established business in a military reuse zone that did not have any employment within the zone during the fourth quarter of the immediately preceding taxable year would enter zero.

An established business already located in an area that subsequently becomes a designated military reuse zone could have employment in the zone during the fourth quarter of the immediately preceding taxable year. This employer would enter their previous year’s fourth quarter employment in the zone only, based on their report to the Arizona Department of Economic Security for unemployment tax purposes.

**Line 7 -**

Subtract the amount on line 6 from the amount on line 5. If this amount is less than one, enter zero. If this amount contains a decimal, round down to the next whole number. This is the net increase in employment.
Part III - Maximum Number of New Employees

Lines 8 through 12 and Form 306-1 and Form 306-3

The maximum number of new employees for which the business may claim the military reuse zone credit is limited to the lesser of the total number of new employees or the net increase in employment. Complete Form 306-1 listing each dislocated military base employee in the first year of employment in the military reuse zone. Complete Form 306-3 listing each non-dislocated military base employee in the first year of employment in the military reuse zone.

Line 8 -
Enter the total number of new employees employed in the zone who are dislocated military base employees from the Form(s) 306-1.

Line 9 -
Enter the total number of new employees employed in the zone who are non-dislocated military base employees from the Form(s) 306-3.

Line 10 -
Add line 8 and line 9 and enter the total.

Line 11 -
Enter the net increase in employment from Part II, line 7.

Line 12 -
Enter the lesser of line 10 or line 11. This is the maximum number of new employees for which the business may claim the military reuse zone credit.

Part IV - Credit Calculation for Dislocated Military Base Employees

Before completing lines 13 through 18, complete the Form 306-2 listing each dislocated military base employee for whom the business is claiming a credit.

Lines 13 through 17 -
Column (a) -
Refer to the total numbers of employees shown in the columns of Form 306-2 to complete column (a) of Part IV. The maximum number of non-dislocated military base employees claimed in both categories cannot exceed the maximum number of new employees from Part III, line 12. The number of dislocated military base employees claimed in each year can never exceed the number of employees for which a credit was claimed in the immediately preceding tax year.

Column (c) -
Multiply the numbers shown on lines 13 through 17, column (a) by the amounts shown in column (b). Enter each result in column (c).

Line 18 -
Add the numbers on lines 13 through 17, in column (a). Enter the total on line 18 in column (a). The number shown on line 18, column (a), is the total number of dislocated military base employees for which the business is claiming the military reuse zone credit.

Add the amounts on lines 13 through 17 in column (c). Enter the total on line 18 in column (c). The amount shown on line 18, column (c) is the total allowable military reuse zone credit for dislocated military base employees for the current taxable year.

Part V - Credit Calculation for Non-Dislocated Military Base Employees

Before completing lines 19 through 24, complete the Form 306-4 listing each non-dislocated military base employee for whom the business is claiming a credit.

Lines 19 through 23 -
Column (a) -
Refer to the total numbers of employees shown in the columns of Form 306-4 to complete column (a) of Part V. The maximum number of non-dislocated military base employees entered on line 19, column (a), cannot exceed the maximum number of new employees entered on Part III, line 12. If the business is claiming the military reuse zone credit for dislocated military base employees and non-dislocated military base employees, the total number of employees claimed in both categories cannot exceed the maximum number of new employees from Part III, line 12. The number of non-dislocated military base employees claimed in each year can never exceed the number of non-dislocated military base employees for which a credit was claimed in the immediately preceding tax year.

Column (c) -
Multiply the numbers shown on lines 19 through 23, column (a) by the amounts shown in column (b). Enter each result in column (c).

Line 24 -
Add the numbers on lines 19 through 23, in column (a). Enter the total on line 24 in column (a). The number shown on line 24, column (a), is the total number of non-dislocated military base employees for which the business is claiming the military reuse zone credit.
Add the amounts on lines 19 through 23 in column (c). Enter the total on line 24 in column (c). The amount shown on line 24, column (c) is the total allowable military reuse zone credit for non-dislocated military base employees for the current taxable year.

**Part VI - S Corporation Credit Election and Shareholder's Share of Credit**

**Line 25 -**

This portion of the Form 306 must be completed by all S corporations in order for the S corporation or its shareholders to claim the military reuse zone credit. The S corporation must make an irrevocable election either to claim the credit or to pass the credit through to its shareholders. The election statement must be signed by one of the officers of the S corporation who is also a signatory to the Form 120S. If the S corporation elects to claim the credit itself, it can skip lines 26 through 29 and complete Parts VIII and IX.

**Lines 26 through 29 -**

If the S corporation elects to pass the credit through to its shareholders, it must complete lines 26 through 29 separately for each shareholder.

Each S corporation shareholder is entitled to only a pro rata share of pass-through credit based on ownership interest in the S corporation. The total of the credit allowed to all shareholders may not exceed the amount that would have been allowed for a sole owner.

The S corporation must furnish each shareholder with a copy of the completed Form 306. Each shareholder must complete Parts VIII and IX.

**Part VII - Partner's Share of Credit**

**Lines 30 through 33 -**

Complete Part VII, lines 30 through 33, separately for each partner.

Each partner is entitled to only a pro rata share of the credit based on the partner’s ownership interest in the partnership. The total of the credit allowed to all partners may not exceed the amount that would have been allowed for a sole owner.

The partnership must furnish each partner with a copy of the completed Form 306. Each partner must complete Parts VIII and IX.

**NOTE:** Taxpayers who are partners or shareholders in multiple entities operating in military reuse zones must complete a schedule detailing the amount of the credit passed through from each partnership or S corporation, and attach the schedule to their tax returns.

**Part VIII - Available Credit Carryover**

**Lines 34 through 40 -**

Use Part VIII to figure the total available credit carryover. Complete lines 34 through 40 if you claimed the credit on a prior year return and the credit was more than your tax. Provided it maintains its businesses in the military reuse zone, a taxpayer may carry forward the amount of the unused military reuse zone credit for a period not to exceed five taxable years. However, if the taxpayer moves its business outside of the military reuse zone or the military reuse zone is terminated, the carryover of the tax credit is lost. If a portion of its business is moved outside of the military reuse zone, the portion of the carryforward attributable to that portion of the business is lost.

Enter the taxable year(s) from which you are carrying over the credit on line 34 in columns (a) through (e). On line 35, enter the credit originally computed for that taxable year. On line 36, enter the amount of the credit from that taxable year already used. Subtract the amount on line 36 from the amount on line 35 and enter the result on line 37. On line 38, enter the amount of credit that is unallowable because the business is no longer located in the military reuse zone or the zone has been terminated. Subtract the amount entered on line 38 from line 37, and write the result on line 39.

Add the amounts in columns (a) through (e) on line 39. Enter the total in column (f) on line 40. This is the total military reuse zone credit carryover for the current taxable year.

**Part IX - Total Available Credit**

**Line 41 -**

*Individuals and corporations (including S corporations that elected to claim the credit)* - enter the current year's credit for dislocated military base employees from Part IV, line 18, column (c).

*S corporation shareholders* - enter the amount from Part VI, line 28.

*Partners of a partnership* - enter the amount from Part VII, line 32.

**Line 42 -**

*Individuals and corporations (including S corporations that elected to claim the credit)* - enter the current year's credit for non-dislocated military base employees from Part V, line 24, column (c).

*S corporation shareholders* - enter the amount from Part VI, line 29.

*Partners of a partnership* - enter the amount from Part VII, line 33.

**Line 43 -**

Enter the amount from Part VIII, line 40, column (f). This is the total available credit carryover.

**Line 44 -**

Add lines 41, 42, and 43. This is the total available military reuse zone credit that may be applied to the current taxable year’s tax liability.

*Corporations and S corporations* - enter the total here and on Form 300, Part I, line 4.

*Individuals* - enter the total here and on Form 301, Part I, line 4.
Individual Taxpayers

Laws 2003, Ch. 122, §§ 6 and 11, repealed the individual tax credit (A.R.S. § 43-1076) effective for taxable years beginning from and after December 31, 2002. Individual taxpayers, including individual partners of a partnership, no longer qualify for the recycling equipment credit. A partnership cannot pass the credit through to its individual partners.

However, Laws 2003, Ch. 122, § 10, provides that individual taxpayers may claim carryovers of unused tax credits from taxable years beginning prior to January 1, 2003 for the succeeding 15 taxable years after the unused credit year. You cannot carryover any unused credit related to recycling equipment that had ceased to be recycling equipment or was transferred to another person. See instructions for additional information.

General Instructions
The tax credit allowed under Arizona Revised Statute (A.R.S.) § 43-1164 was previously repealed for corporate taxpayers. Any remaining carryovers of unused credits from taxable years beginning before January 1, 2000, were lost after taxable year 2005. This affects all corporate taxpayers, including S corporations and corporate partners of a partnership. Because an S corporation no longer qualifies for the credit, an S corporation cannot pass the credit through to its shareholders. A partnership cannot pass the credit through to its corporate partners.

Individuals cannot generate any new credits, because the individual recycling equipment credit was repealed effective for taxable years beginning from and after December 31, 2002. A partnership cannot generate and pass a new credit through to its individual partners. However, individuals can continue to carry the credit forward if the credits were generated in taxable years beginning prior to January 1, 2003.

If the recycling equipment ceases to be recycling equipment, or is transferred to another person, the portion of the unused credit carryovers relating to that recycling equipment is lost.

The portion of the total available credit carryover that may be claimed by the individual taxpayer is limited to the lesser of 25% of the amount of tax entered on Form 301, Part II, line 35 or $5,000.

Specific Instructions
Complete the name and social security number (SSN) section at the top of the form. Indicate the period covered by the taxable year. Attach the completed form to the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for an individual is the taxpayer’s SSN or an IRS individual taxpayer identification number. Taxpayers that fail to include their TIN may be subject to a penalty.

General Instructions

NOTE: THE 2011 FORM 308 IS USED BY TAXPAYERS THAT ARE CORPORATIONS, S CORPORATIONS OR PARTNERSHIPS. INDIVIDUAL TAXPAYERS MUST USE THE 2011 FORM 308-I.

ARS § 43-1168 provides a corporate income tax credit for increased research activities in a taxable year. For taxable years beginning prior to January 1, 2001, this credit was only available to corporations and S corporations using the credit to offset tax incurred at the corporate level. It was not available for S corporations or partnerships to pass through to their shareholders or partners, and it was not available to individual taxpayers. This changed effective for taxable years beginning on or after January 1, 2001, and now S corporation and partnerships can pass the credit through to shareholders and partners (ARS § 43-1074.01). For taxable years beginning from and after December 31, 2009, a portion of the current year's excess credit may be refundable to qualified taxpayers.

The amount of credit that is refundable is limited to 75% of the excess credit. The excess credit is the current year's credit less the current year's tax liability. The 75% refund is only available for the current year's excess credit for increased research activities. Once the taxpayer files a return with the department and carries the excess credit for increased research activities forward, the taxpayer may not claim a refund later for that taxable year.

NOTE: Because the refund is calculated after tax liability, it is necessary that you calculate all of your other credits before you can determine the current year's excess credit amount.

Taxpayers must apply to the Arizona Commerce Authority (formerly the Arizona Department of Commerce) and receive a Certificate of Qualification to receive a refund. Taxpayers must have less than 150 full-time employees to qualify. The refund is the lesser of (a) 75% of the excess credit; or (b) the maximum refund on the Certificate of Qualification from the Arizona Commerce Authority. Any additional amount is waived.

If two or more taxpayers, including shareholders of an S corporation and partners in a partnership, share in the eligible expenses, each taxpayer is eligible to receive a proportionate share of the credit.

The termination provisions of IRC § 41 do not apply.

CORPORATE TAXPAYERS: If two or more members of a unitary group or an Arizona affiliated group incur qualifying expenses, the individual members of the group are not considered separate taxpayers. When a combined return or a consolidated return is filed, the unitary group or the Arizona affiliated group is considered a single taxpayer.

REFUND OF 75% OF CURRENT YEAR'S EXCESS CREDIT

If the current taxable year's credit for increased research activities exceeds your income tax liability for taxable years beginning from and after December 31, 2009, a portion of the excess credit may be refundable, if you qualify.

The amount of credit that is refundable is limited to 75% of the excess credit. The excess credit is the current year's credit less the current year's tax liability. The 75% refund is only available for the current year's excess credit for increased research activities. Once the taxpayer files a return with the department and carries the excess credit for increased research activities forward, the taxpayer may not claim a refund later for that taxable year.

NOTE: Because the refund is calculated after tax liability, it is necessary that you calculate all of your other credits before you can determine the current year's excess credit amount.

Taxpayers must apply to the Arizona Commerce Authority (formerly the Arizona Department of Commerce) and receive a Certificate of Qualification to receive a refund. Taxpayers must have less than 150 full-time employees to qualify. The refund is the lesser of (a) 75% of the excess credit; or (b) the maximum refund on the Certificate of Qualification from the Arizona Commerce Authority. Any additional amount is waived.

If two or more taxpayers, including shareholders of an S corporation and partners in a partnership, share in the eligible expenses, each taxpayer is eligible to receive a proportionate share of the refund. An S corporation must apply for the Certificate of Qualification on behalf of its shareholders. A partnership must apply for the Certification of Qualification on behalf of its partners.

Carryovers from the credit for increased research activities from previous taxable years will be carried over to the following taxable year, subject to the fifteen year carryover period and annual limitations on use of those carryovers.
CARRYOVER OF UNUSED CREDIT
If the current taxable year's credit exceeds the taxpayer's tax liability for the taxable year, the taxpayer may carry forward the unused credit to the next fifteen consecutive taxable years. Due to various law changes, the amount that may be carried forward and how it is applied differs depending on the tax year it was earned. Please see the specific instructions for more information on how to calculate the proper carryforward amounts.

Taxpayers that elected to receive a refund of 75% of the excess credit cannot carry forward any amount from the year of the refund. Carry forwards from years prior to 2010 or years where the taxpayer did not elect to receive a refund may carryover to the following year.

### Specific Instructions
Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Attach the completed form to the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, S corporation or partnership is the taxpayer's employer identification number. Taxpayers that fail to include their TIN may be subject to a penalty.

#### Part I - Qualification for Refund of Current Taxable Year's Excess Credit

**Line 1**
If the taxpayer applied to the Arizona Commerce Authority and received a Certificate of Qualification related to the credit for increased research activities, check the "Yes" box. Otherwise, check the "No" box and skip line 2.

**Line 2**
If you checked the "Yes" box on line 1, enter the maximum refund amount for taxable year 2011 on your Certificate of Qualification from the Arizona Commerce Authority.

#### Part II - Current Taxable Year's Credit Calculation

Lines 3 through 5 apply only to corporations (excluding S corporations, personal holding companies, and service organizations). All other taxpayers begin the computation on line 6.

**Line 3**
Corporate taxpayers may be eligible for a "basic research" credit if their payments made in cash to a qualified university or scientific research organization (pursuant to a written contract) for research conducted in Arizona exceeds a base period amount. Enter the amount of such payments on line 3.

**Line 4**
Enter the base period amount as defined by IRC § 41(c) that is based on Arizona research activity. The amount on line 4 (but not more than the amount on line 3), although not eligible for the basic research credit, can be treated as contract research expenses on line 9.

**Line 6**
Enter total wages paid or incurred for qualified services performed in Arizona. Do not include the amount of such wages paid to employees that were used in the calculation of the federal work opportunity credit. Wages include any wages paid or incurred to an employee for qualified services performed by such employee. Qualified services consist of engaging in qualified research or engaging in the direct supervision or direct support of research activities that constitute qualified research.

**Line 7**
Enter the cost of supplies paid or incurred for use in the conduct of qualified research in Arizona. Supplies include expenditures for any tangible property other than land or improvements to land, and property of a character subject to the allowance for depreciation.

**Line 8**
Enter the amount paid or incurred to rent or lease the right to use computers in the conduct of qualified research in Arizona.

**Line 9**
Enter the total of:

(a) Seventy-five percent (.75) of any amount paid or incurred for qualified research performed in Arizona by a qualified research consortium on the taxpayer's behalf. "Qualified research consortium" is any qualifying organization as defined in IRC § 41(b)(3)(C)(ii). Also include 75 percent of that portion of line 3, basic research payments, paid to a qualified research consortium that does not exceed the line 4 base amount.

(b) Sixty-five percent (.65) of any amount paid or incurred for qualified research performed in Arizona on the taxpayer's behalf, other than such amounts paid to a qualified research consortium. Prepaid contract research expenses are considered paid in the year the research is actually done. Also include 65 percent of that portion of line 3, basic research payments, that does not exceed the line 4 base amount, other than amounts paid to a qualified research consortium.

**Line 11**
Enter the amount of expenses included on lines 6 through 9 that are related to solar liquid fuel that will be claimed on Arizona Form 344. The credit for increased research activities is in lieu of the solar liquid fuel credit, under ARS § 43-1164.02 (claimed on Arizona Form 344) with respect to the same expenses.

**Line 13**
Enter the average annual Arizona gross receipts for the four taxable years preceding the taxable year for which the credit is being determined (the credit year). The taxpayer may be required to annualize gross receipts for any short taxable year.

If 2011 is the first year the taxpayer is in business, the average annual Arizona gross receipts for the preceding taxable years is zero. If the taxpayer has been in business in Arizona for less than four taxable years prior to the credit year, then the average is the sum of annual Arizona gross receipts of the applicable period, divided by the number of taxable years.
Example: ABC Corporation began business in Arizona in 2009. Its annual Arizona gross receipts for 2009 were $100,000. Its annual Arizona gross receipts for 2010 were $200,000. Therefore, ABC Corporation’s average annual Arizona gross receipts for the 2011 credit year is $150,000 ($100,000 plus $200,000] divided by 2).

Line 14 -
Fixed base percentage

Use the same type of formulas to compute your fixed-base percentage for Arizona as you would for computing your federal fixed-base percentage. The difference is that you use Arizona qualified research expense and gross receipts amounts instead of federal amounts. Other than that, the calculations are the same. Round off the percentage to the nearest one, one hundredth of one percent (four decimal places).

If the percentage computation involves de minimis amounts of gross receipts and qualified expenses in a taxable year or short taxable years are involved, the amounts may be annualized or disregarded. Refer to IRC §§ 41(c)(3) and 41(f)(4) for details.

Existing firms and start-up companies

Arizona’s definition of whether an organization is an existing firm or a start-up company is also the same as federal, albeit on an Arizona basis:

- **Existing firms** - An existing firm is one that had both Arizona gross receipts and Arizona qualified research expenses for at least three taxable years beginning after December 31, 1983, and before January 1, 1989. The fixed-base percentage is the ratio that the aggregate Arizona qualified research expenses for all taxable years beginning after 1983 and before 1989, bears to the aggregate Arizona gross receipts for such taxable years.

- **Start-up companies** - A start-up company is one that had both Arizona gross receipts and Arizona qualified research expenses either (1) for the first time in a taxable year beginning after December 31, 1983, or (2) for fewer than three taxable years beginning after 1983 and before 1989.

If the percentage computation involves de minimis amounts of gross receipts and qualified expenses in a taxable year or short taxable years are involved, the amounts may be annualized or disregarded. Refer to IRC §§ 41(c)(3) and 41(f)(4) for details.

**NOTE:** The maximum percentage that can be entered on line 14 is 16 percent (.1600).

Line 17 -

Multiply line 12 by 50 percent (.50). The base amount cannot be less than 50 percent of the current year qualified research expenses. This rule applies both to existing and start-up companies.

Lines 20 through 24 -

The way you compute the amount of current year’s credit you may receive depends on the amount of expenses you have. To determine your proper credit amount, complete lines 20 through 24 as instructed on the form.

Part III - S Corporation Credit Election and Shareholder's Share of Credit

Line 25 - S Corporation Credit Election

S corporations must complete line 25. The S corporation must make an irrevocable election to either claim the current taxable year credit or pass the credit through to its shareholders. The election statement must be signed by one of the officers of the S corporation who is also a signatory to the Form 120S. If the S corporation elects to claim the credit itself, it can skip lines 26 through 29 and complete Parts V through X, as applicable.

Lines 26 through 29 -

If an S corporation elects to pass the credit through to its shareholders, it must also complete lines 26 through 28. If the S corporation received a Certificate of Qualification from the Arizona Commerce Authority, it must also complete line 29.

After the S corporation completes Parts I and II, it must complete Part III, lines 26 through 29, separately for each shareholder. The S corporation must furnish each shareholder with a copy of the completed Form 308 and the Certificate of Qualification, if applicable.

Part IV - Partner's Share of Credit

Lines 30 through 33 -

After a partnership completes Parts I and II, it must complete Part IV, lines 30 through 33, separately for each partner. The partnership must furnish each partner with a copy of the completed Form 308 and the Certificate of Qualification, if applicable. Each corporate partner must complete Parts V through X, as applicable.

Part V - Refundable Portion of the Current Taxable Year's Excess Credit

Complete Part V if either of the following apply to you:

1) you are a corporation or an S corporation that elects to claim the credit, and the "Yes" box on Part I, line 1, is checked and you elect to receive a refund of up to 75% of your excess credit, limited by the amount on line 2; or

2) you are a corporate partner in a partnership, and the "Yes" box on Part I, line 1, is checked and you elect to receive a refund of 75% of your excess credit, limited by the amount on line 33.

The excess credit is the current taxable year's credit for increased research activities less the current taxable year's tax liability. Carryovers of the credit for increased research activities from previous taxable years will carryover for possible use in the next taxable year, provided they do not expire this taxable year.

**NOTE:** If you complete Part V and are receiving a refund, do not complete Part VIII or Part IX.

Line 34 -

Enter the amount of the current taxable year's credit. Corporations or S Corporations, enter the amount from
Part II, line 24. Corporate partners of a partnership, enter the amount from Part IV, line 32.

**Line 35a** -
Enter the current taxable year's tax, including recapture, from Form 120, line 18; or Form 120A, line 10; or Form 120S, line 14; or Form 120X, line 18(c).

**Line 35b** -
Enter the current taxable year's Clean Elections Fund Tax Reduction from Form 120, line 19; or Form 120A, line 11; or Form 120S, line 15; or Form 120X, line 19(c).

**Line 35c** -
Subtract line 35b from line 35a. Enter the difference.

**Line 35d** -
Enter the amount of nonrefundable tax credits from Form 300. Exclude the credit or carryover for increased research activities.

**Line 35e** -
Enter the current taxable year's credit for increased research activities that will be used to offset the current taxable year's tax liability. Subtract line 35d from line 35c. Enter the difference. If the difference is zero or more, also enter it on Form 300, Part I, line 5, and Form 300, Part II, line 34. If the difference is less than zero, enter zero.

**Line 36** -
Subtract line 35e from line 34. Enter the difference. If the result is less than zero, enter zero; no refund is available for this taxable year. This is the current taxable year's excess credit.

**Line 37** -
Multiply line 36 by 75% and enter the result. This is your tentative refundable credit.

**Line 38** -
Enter the maximum refundable credit. Corporations or S corporations, enter the amount from Part I, line 2. Corporate partners of a partnership, enter the amount from Part IV, line 33.

**Line 39** -
Enter the lesser of line 37 or line 38. Complete Part VI and Part VII, if you have carryovers from years prior to 2011. Skip Part VIII and Part IX.

Enter the amount from line 39 on Form 120, line 25; or Form 120A, line 17; or Form 120S, line 21; or Form 120X, line 25. On the same line, be sure to check box 308 indicating you are claiming a refundable credit for increased research activities.

**CREDIT CARRYOVER**

**WHAT IS A CONVERSION CARRYOVER?**
The allowable amount of carryover of qualified research expenses from years before taxable year 2001 was determined differently than a carryover is ordinarily done. Instead of carrying forward an unused credit amount, taxpayers had to convert each year’s qualified research expenses to a credit carryover amount (“conversion carryover”). Any unused qualified research expenses were multiplied by 20%, and the result was carried forward and applied subject to the same additional limitations as any credit for increased research activities. Those additional limitations are explained in the instructions that follow.

Because the conversion carryover arises from years where individuals were ineligible for the credit, S corporations would have no conversion carryover to pass through to their shareholders. The conversion carryover applies only to corporations and S corporations that were using the credit to offset their corporate income tax.

Taxpayers needing to use the conversion calculation may refer to the 2001 Form 308, *Credit for Increased Research Expenses*. This form is available on the department's website: www.azdor.gov.

**Part VI - Available Pre-2003 Credit Carryover**
The credit for increased research activities may be carried forward and offset against the next fifteen taxable years. Use Part VI to calculate the available pre-2003 credit carryover.

After you complete lines 40 through 46, calculate the total of all your carryovers that come from tax years prior to 2003. Enter this total on line 47, column (d).

**Allowable Credit Carryover**

There are limitations on how much of your carryover you can use to offset this year’s tax. How much you can use depends on the year from which the carryover arose. In Part VIII and Part IX, you will be applying these limitations to determine the proper carryover amounts.

Remember, if you have other credits, your usable amount of credit from increased research activities may be limited further. You will be applying these limitations when you complete Form 300, *Nonrefundable Corporate Tax Credits and Recapture*.

**Part VII - Available Post-2002 Credit Carryover**
The credit for increased research activities may be carried forward and offset against the next fifteen taxable years. Use Part VII to calculate the available post-2002 credit carryover.

After you complete lines 48 through 55, calculate the total of all your carryovers that come from tax years after 2002. Enter this total on line 56, column (d).

**Part VIII - Limitation of Pre-2003 Credit Carryover**

**REMEMBER**: Entities other than corporations and S corporations using the credit at the corporate level do not have carryovers from years prior to 2001.

**NOTE**: If you completed Part V and are receiving a refund, do not complete Part VIII.

The total amount of credit carryovers that originated in taxable year 2002 and the preceding years that you can use to
offset this year’s tax liability is limited. The total amount of pre-2003 credit carryforward cannot be more than your current year’s income tax liability or $500,000, minus the current year’s credit for increased research activities.

Use lines 57a through 57f to calculate the amount of pre-2003 carryovers that you can use. Complete these lines as instructed on the form.

**Part IX - Limitation of Post-2002 Credit Carryover**

**NOTE:** If you completed Part V and are receiving a refund, do not complete Part IX.

The total amount of credit carryovers originating in 2003 and subsequent years that you can use to offset this year’s tax liability can be no more than the current year’s tax liability less the current taxable year’s credit for increased research activities.

Use lines 58a through 58e to calculate the amount of post-2002 carryovers that you can use. Complete these lines as instructed on the form.

**Part X - Total Available Nonrefundable Credit**

Complete this section to compute the total available nonrefundable credit for the taxable year. The total available nonrefundable credit is the sum of the credit for the current taxable year’s increased research activities and the available credit carryover(s).

**Line 59 -**

If you completed Part V and are receiving a refund, enter the amount from Part V, line 35e.

*Corporations (including S corporations that elected to claim the credit) not receiving a refund in Part V* - enter the current year’s credit from Part II, line 24.

*Corporate partners of a partnership not receiving a refund in Part V* - enter the credit from Part IV, line 32.

This is the current taxable year’s credit for increased research activities.

**Line 60 -**

If you completed Part V and are receiving a refund, enter zero. Otherwise, enter your pre-2003 credit carryover amount from Part VIII, line 57f.

**Line 61 -**

If you completed Part V and are receiving a refund, enter zero. Otherwise, enter your post-2002 credit carryover amount from Part IX, line 58e.

**Line 62 -**

Add the amounts from lines 59, 60, and 61. This is the total available credit for increased research activities that may be applied to the current taxable year’s tax liability. Enter the total here and on Form 300, Part I, line 5.

ARS § 43-1074.01 provides an individual income tax credit for increased research activities in a taxable year. The credit for increased research activities applies to taxable years beginning January 1, 2001 and later. For taxable years beginning from and after December 31, 2009, a portion of the current year’s excess credit may be refundable to qualified taxpayers.

The credit for increased research activities is in lieu of the solar liquid fuel credit, under ARS § 43-1085.01 (claimed on Arizona Form 344) with respect to the same expenses.

The Arizona tax credit for individuals is allowed in an amount computed pursuant to IRC § 41 with the following exceptions:

- Qualified research includes only research conducted in Arizona. The term "qualified research," for purposes of the Arizona tax credit, means qualified research, as defined in IRC § 41, that is conducted in Arizona.

- The amount of the credit is based on the federal regular credit computation method for Arizona qualified research expenses. Taxpayers CANNOT use the federal alternative credit computation method. The allowable current taxable year credit is a percentage of the excess, if any, of the Arizona qualified research expenses for the taxable year over the base amount.

For 2011, if the allowable expenses do not exceed $2,500,000, the allowable credit is 24 percent of this amount. If the allowable expenses exceed $2,500,000, the allowable credit amount is $600,000 plus 15 percent of the amount of expenses over $2,500,000, subject to certain limitations. The allowable credit limitation is the lesser of the amount computed above, or (a) $1,500,000 (for taxable years beginning January 1, 2001 through December 31, 2001) or (b) $2,500,000 (for taxable years beginning January 1, 2002 through December 31, 2002).

For years beginning January 1, 2003 and later, the $1,500,000 and $2,500,000 limitations no longer apply.

- If two or more taxpayers, including shareholders of an S corporation and partners in a partnership, share in the eligible expenses, each taxpayer is eligible to receive a proportionate share of the credit.

- The termination provisions of IRC § 41 do not apply.

REFUND OF 75% OF CURRENT YEAR’S EXCESS CREDIT

If the current taxable year's credit for increased research activities exceeds your income tax liability for taxable years beginning from and after December 31, 2009, a portion of the excess credit may be refundable, if you qualify.

The amount of credit that is refundable is limited to 75% of the excess credit. The excess credit is the current year's credit less the current year's tax liability. The 75% refund is only available for the current year's excess credit for increased research activities. Once the taxpayer files a return with the department and carries the excess credit for increased research activities forward, the taxpayer may not claim a refund later for that taxable year.

NOTE: Because the refund is calculated after tax liability, it is necessary that you calculate all of your other credits before you can determine the current year’s excess credit amount.

Taxpayers must apply to the Arizona Commerce Authority (formerly the Arizona Department of Commerce) and receive a Certificate of Qualification to receive a refund. Taxpayers must have more than 150 full-time employees to qualify. The refund is the lesser of (a) 75% of the excess credit; or (b) the maximum refund on the Certificate of Qualification from the Arizona Commerce Authority. Any additional amount is waived.

If two or more taxpayers, including shareholders of an S corporation and partners in a partnership, share in the eligible expenses, each taxpayer is eligible to claim a proportionate share of the refund. An S corporation must apply for the Certificate of Qualification on behalf of its shareholders. A partnership must apply for the Certification of Qualification on behalf of its partners.

Carryovers from the credit for increased research activities from previous taxable years will be carried forward to the following taxable year, subject to the fifteen year carryover period and annual limitations on use of those carryovers.
CARRYOVER OF UNUSED CREDIT

If the current taxable year's credit for increased research activities exceeds your income tax liability for the current taxable year, you may carry forward the unused credit to the next fifteen consecutive taxable years.

The amount of credit carryover that you may use to reduce your current year’s tax liability is limited to the amount of tax liability that remains after you have used your current year’s credit. If the carryovers are from taxable years beginning January 1, 2001 through December 31, 2002, the amount of credit carryover that may be used is further limited. This is addressed in the instructions for Part VII of Form 308-I.

If you have other nonrefundable tax credits that you are using to reduce your tax liability, you may not be able to use all of your credit for increased research activities to reduce your tax this year. You will be applying these limitations when you complete Form 301, Nonrefundable Individual Tax Credits and Recapture.

DO YOU HAVE TO MAKE OTHER ADJUSTMENTS TO ARIZONA GROSS INCOME OR TO THE ARIZONA TAX CREDIT FOR INCREASED RESEARCH ACTIVITIES?

- If you claim an Arizona credit for increased research activities for the taxable year, Arizona statutes do not require you to make an addition to Arizona gross income for the amount of qualified research expenses equal to the amount of the allowable Arizona credit.
- If you claim a reduced federal credit for increased research expenses and claim the Arizona credit for increased research activities, Arizona statutes do not require you to reduce the Arizona credit for increased research activities in a manner similar to the federal reduction method.
- If you reduce the amount of the deduction for qualified research activities in the computation of federal adjusted gross income, Arizona statutes do not allow you to take a subtraction from Arizona gross income for the amount of the expense reduction.
- If you adjust the federal asset basis of capitalized research expenses and reduce the amount of amortization deductible in the computation of federal adjusted gross income, Arizona statutes do not allow you to take a subtraction from Arizona gross income for additional amortization.

Part I - Qualification for Refund of Current Taxable Year's Excess Credit

Line 1 -
If your sole proprietorship applied to the Arizona Commerce Authority and received a Certificate of Qualification related to the credit for increased research activities, check the "Yes" box. Otherwise, check the "No" box, and skip line 2.

Line 2 -
If you checked the "Yes" box on line 1, enter the maximum refund amount for taxable year 2011 on your Certificate of Qualification from the Arizona Commerce Authority.

Line 3 -
If the entity from which you are claiming a pass through credit for increased research activities applied to the Arizona Commerce Authority and received a Certificate of Qualification, check the "Yes" box. Otherwise, check the "No" box, and skip line 4. Also, skip Part IV.

Line 4 -
If you checked the "Yes" box on line 3, enter your share of the maximum refund amount for taxable year 2011. Shareholders of an S corporation, enter the amount from Form 308, Part III, line 29. Partners of a partnership, enter the amount from Form 308, Part IV, line 33.

Part II - Current Taxable Year's Credit Calculation (Sole Proprietorships Only)

NOTE: Complete this part only if you operate a business as a sole proprietorship and your sole proprietorship incurred qualified research expenses during the taxable year.

Line 5 -
Enter total wages paid or incurred for qualified services performed in Arizona. Do not include the amount of such wages paid to employees that were used in the calculation of the federal work opportunity credit. Wages include any wages paid or incurred to an employee for qualified services performed by such employee. Qualified services consist of engaging in qualified research or engaging in the direct supervision or direct support of research activities that constitute qualified research.

Line 6 -
Enter the cost of supplies paid or incurred for use in the conduct of qualified research in Arizona. Supplies include expenditures for any tangible property other than land or improvements to land, and property of a character subject to the allowance for depreciation.

Line 7 -
Enter the amount paid or incurred to rent or lease the right to use computers in the conduct of qualified research in Arizona.

Specific Instructions

Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Attach the completed form to the tax return. All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for an individual is the taxpayer’s social security number or an IRS individual taxpayer identification number. Taxpayers that fail to include their TIN may be subject to a penalty.
Line 8 -
Enter the total of:
(a) Seventy-five percent (.75) of any amount paid or incurred for qualified research performed in Arizona by a qualified research consortium on your sole proprietorship’s behalf. "Qualified research consortium" is any qualifying organization as defined in IRC § 41(b)(3)(C)(ii).
(b) Sixty-five percent (.65) of any amount paid or incurred for qualified research performed in Arizona on your sole proprietorship’s behalf, other than such amounts paid to a qualified research consortium. Prepaid contract research expenses are considered paid in the year the research is actually done.

Line 10 -
Enter the amount of expenses included on lines 5 through 8 that are related to solar liquid fuel that will be claimed on Form 344. The credit for increased research activities is in lieu of the solar liquid fuel credit, under ARS § 43-1085.01 (claimed on Arizona Form 344) with respect to the same expenses.

Line 12 -
Enter the average annual Arizona gross receipts for the four taxable years preceding the taxable year for which the credit is being determined (the credit year). You may be required to annualize gross receipts for any short taxable year.

If 2011 is the first year the taxpayer is in business, the average annual Arizona gross receipts for the preceding taxable years is zero. If the taxpayer has been in business in Arizona for less than four taxable years prior to the credit year, then the average is the sum of annual Arizona gross receipts of the applicable period, divided by the number of taxable years.

Example: ABC Corporation began business in Arizona in 2009. Its annual Arizona gross receipts for 2009 were $100,000. Its annual Arizona gross receipts for 2010 were $200,000. Therefore, ABC Corporation’s average annual Arizona gross receipts for the 2011 credit year is $150,000 ($100,000 plus $200,000] divided by 2).

Line 13 -
Round off the percentage to the nearest one, one hundredth of one percent (four decimal places). Compute the fixed-base percentage as follows:

- **Existing firms** - An existing firm is one that had both Arizona gross receipts and Arizona qualified research expenses for at least three taxable years beginning after December 31, 1983, and before January 1, 1989. The fixed-base percentage is the ratio that the aggregate Arizona qualified research expenses for all taxable years beginning after 1983 and before 1989, bears to the aggregate Arizona gross receipts for such taxable years.
- **Start-up companies** - A start-up company is one that had both Arizona gross receipts and Arizona qualified research expenses either (1) for the first time in a taxable year beginning after December 31, 1983, or (2) for fewer than three taxable years beginning after 1983 and before 1989.

If the percentage computation involves *de minimis* amounts of gross receipts and qualified expenses in a taxable year or short taxable years are involved, the amounts may be annualized or disregarded. Refer to IRC §§ 41(c)(3) and 41(f)(4) for details.

**NOTE:** The maximum percentage that can be entered on line 13 is 16 percent (.1600).

**Line 16 -**
Multiply line 11 by 50 percent (.50). The base amount cannot be less than 50 percent of the current year qualified research expenses. This rule applies both to existing and start-up companies.

**Lines 18 through 22 -**
The way you compute the amount of current year’s credit you may receive depends on the amount of expenses you have. To determine your proper credit amount, complete lines 18 through 22 as instructed on the form.
Part III - Current Taxable Year's Credit Passed Through From S Corporations and Partnerships

Line 23 -
Enter the aggregate amount you received from S corporations and partnerships from Form 308, Part III, line 28, and Part IV, line 32. Attach a copy of Form 308 received from S corporations or partnerships to your return. If you checked the "Yes" box on line 3, complete Part IV to calculate the amount of the current year's excess credit that is refundable to you.

Complete Parts V and/or VI to compute the available carryover of the credit passed through by S corporations or partnerships from prior taxable years. You should complete Parts V and/or VI only if your allowable credit for increased research activities for prior taxable years exceeded your Arizona income tax liability for those taxable years.

Part IV - Refundable Portion of the Current Taxable Year's Excess Credit

Only complete this section if you checked the "Yes" box in Part I, line 1 or Part I, line 3, and elect to receive a refund of 75% of your excess credit. The excess credit is the current taxable year's credit for increased research activities less the current taxable year's tax liability. Carryovers of the credit for increased research activities from previous taxable years will carry over for possible use in the next taxable year, provided they do not expire this taxable year.

Line 24a -
Enter the amount from Part II, line 22.

Line 24b -
Enter the amount from Part III, line 23.

Line 24c -
Add the amount on line 24a to line 24b. Enter the result. This is the current year's tax credit for increased research activities.

Line 25a -
Enter the amount from Form 140, line 24; or Form 140PY, line 27; or Form 140NR, line 27; or Form 140X, line 30. This is the reduced tax.

Line 25b -
Enter the current year's nonrefundable tax credits from Form 301, excluding the credit or carryovers for increased research activities.

Line 25c -
Subtract line 25b from line 25a. Enter the difference. If the difference is zero or more, also enter it on Form 301, Part I, line 6, and Form 301, Part II, line 43. If the difference is less than zero, enter zero. This is the current year's credit for increased research activities that will be used to offset the current taxable year's tax liability.

Line 26 -
Subtract the amount on line 25c from line 24c. Enter the difference. If the result is less than zero, enter zero. This is the current year's excess credit.

Line 27 -
Multiply the amount on line 26 by 75% (.75) and enter the result. This is your tentative refundable credit.

Line 28 -
Enter the amount from Part I, line 2 or line 4. This is the maximum refundable credit.

Line 29 -
Enter the lesser of line 27 or line 28. Complete Part V if you have carryovers from prior taxable years. Skip Part VII.

Compute the total available carryover of the credit for increased research activities on Part V, lines 30 through 32.

Part V - Available Pre-2003 Credit Carryover

Use Part V to compute the carryover of the credit for increased research activities from taxable years beginning January 1, 2001 through December 31, 2002. Since the credit for increased research activities applies only to individuals for taxable years beginning after December 31, 2000, there is no available credit carryover from taxable years beginning prior to January 1, 2001. Compute the total available carryover of the credit for increased research activities for years beginning before January 1, 2003.

In column (b), enter the credit originally computed for taxable years 2001 and 2002. In column (c), enter the amount of the credit from taxable years 2001 and 2002 which has already been used. Subtract the amount in column (c) from column (b) and enter the difference in column (d). Add the amounts entered on lines 30 and 31 in column (d). Enter the total on line 32, column (d). This is the total credit carryover available for years beginning before January 1, 2003.

Part VI - Available Post-2002 Credit Carryover

Use Part VI to compute the carryover of the credit for increased research activities from taxable years beginning on or after January 1, 2003.

In column (b), enter the credit originally computed for taxable years 2003 and subsequent years. In column (c), enter the amount that has already been used. Subtract the amount in column (c) from column (b) and enter the difference in column (d). Add the amounts entered on lines 33 through 40 in column (d). Enter the total on line 41, column (d). This is the total credit carryover available for years beginning on or after January 1, 2003.

Part VII - Limitation of Credit Carryovers

Use Part VII to figure the limitations on use of credit carryovers. Complete lines 42a through 45 if you claimed the credit on a prior year return and the credit was more than your tax. Your allowable credit for increased research activities applies only to individuals for taxable years through December 31, 2002. Since the credit for increased research activities applies only to individuals for taxable years beginning after December 31, 2000, there is no available credit carryover from taxable years beginning prior to January 1, 2001. Compute the total available carryover of the credit for increased research activities on Part V, lines 30 through 32.

NOTE: If you completed Part IV and are receiving a refund, do not complete Part VII.
LIMITATION FOR CREDIT CARRYOVERS FROM TAXABLE YEARS BEGINNING JANUARY 1, 2001 THROUGH DECEMBER 31, 2002.

There is an additional limitation on how much you can use of your available credit carryovers included in the amount from Part V, line 32, column (d). To calculate the limitation, you must first compare the amount of your tax liability with $500,000, and select the lower of those two numbers. Then, subtract your current year’s credit for increased research activities from the number you selected. Use your entire current year’s credit for increased research activities for this computation, even if you will not be able to claim that entire amount on your current year’s tax return. If the result of your calculation is zero or less, you will not be able to use your credit carryforward from taxable years beginning January 1, 2001 through December 31, 2002, to reduce your current year’s tax liability. However, you may still be able to use your credit carryover from 2003 and later.

LIMITATION FOR CREDIT CARRYOVERS FROM TAXABLE YEARS BEGINNING ON OR AFTER JANUARY 1, 2003. The amount of credit carryover from taxable years beginning on or after January 1, 2003, is only limited by the amount by which your current year’s tax liability exceeds your current year’s credit for increased research activities.

**Line 42a**
- Enter your tax liability from Form 301, Part II, line 35.

**Line 42b**
- Enter the current taxable year's credit from sole proprietorships from Part II, line 22.

**Line 42c**
- Enter the current taxable year's credit from pass through entities from Part III, line 23.

**Line 42d**
- Add lines 42b and 42c. Enter the total.

**Line 42e**
- Subtract line 42d from line 42a and enter the result. If the result is zero or less, enter zero.

**Line 43a**
- Enter your available pre-2003 credit carryover from Part V, line 32, column (d).

**Line 43b**
- If the amount on line 42a is lower than $500,000, enter that number on line 43b. If it is not, enter $500,000.

**Line 43c**
- Subtract line 42d from line 43b and enter the difference. If the result is zero or less, enter zero.

**Line 43d**
- Compare the numbers on lines 43a and 43c, and enter the lowest number here. This is the amount of pre-2003 carryover you may use to reduce your current year’s Arizona tax liability.

**Line 44**
- Subtract line 43d from line 42e and enter the result.

**Line 45**
- Compare the amounts on Part VI, line 41, column (d), and on Part VII, line 44, and enter the lowest amount here. This is the amount of post-2002 carryover you may use to reduce your current year’s Arizona tax liability.

**Part VIII - Total Available Nonrefundable Credit**

Complete this section to compute the total available credit for the taxable year. The total available credit is the sum of the current taxable year's credit for increased research activities and the available credit carryover(s).

**Line 46**
- If you completed Part IV and are receiving a refund, enter the amount from line 25c. Otherwise, enter the amount from Part VII, line 42d. This is the current taxable year's credit for increased research activities.

**Line 47**
- If you completed Part IV and are receiving a refund, enter zero. Otherwise, enter the amount from Part VII, line 43d. This is the amount of the pre-2003 carryover that you may use to reduce your current year’s Arizona tax liability.

**Line 48**
- If you completed Part IV and are receiving a refund, enter zero. Otherwise, enter the amount from Part VII, line 45. This is the amount of the post-2002 carryover that you may use to reduce your current year’s Arizona tax liability.

**Line 49**
- Add the amounts on lines 46, 47, and 48. This is the total available credit for increased research activities that may be applied to your current taxable year's tax liability. Enter the total here and on Form 301, Part I, line 6.

Purpose of Form
Use Form 309 to figure your credit for taxes paid to Arizona and another state or country on the same income.

If claiming a credit for more than one state or country, make a separate computation for each state or country.

If you are not sure what amounts you should enter on Form 309, the department has issued a procedure to help you figure out what amounts you should use. This procedure is ITP 08-1. To see this procedure, visit our web site at www.azdor.gov and click on legal research and then click on procedures.

NOTE: You must notify the department immediately if the other state or country credits or refunds taxes for which you have received an Arizona credit. In this case, you must file an amended return.

Complete this form only if you meet the following.

1. You are filing a 2011 Arizona income tax return.
2. You paid a net income tax to another qualified state or country for 2011.
   - If you are claiming a credit for taxes paid to another state, payroll taxes withheld from income do not constitute a net income tax. Having tax withheld from your pay by Arizona and another state does not by itself qualify you for this credit. You must file a net income tax return to the other state.
   - If you are claiming a credit for taxes paid to another country, a net income tax paid to another country includes those taxes that qualify for a credit under Internal Revenue Code Sections 901 and 903.

NOTE: To claim a credit for taxes paid to a foreign country, you must complete Arizona Form 309. You must complete Form 309 even if you did not have to complete federal Form 1116 to claim a credit on your federal return.

You may not claim this credit for the following.

1. Income taxes paid to any city or county.
2. Interest or penalties paid to another state or country.

NOTE: If you file an amended return after you claim this credit, be sure to recalculate the credit if required.

Application of Credit
Claim this credit only if the income was subject to tax in both Arizona and the other state or country in the same tax year.

You cannot apply this credit against interest or penalties payable to Arizona.

NOTE: You may use this credit only in the year incurred. You cannot carry the credit forward to the next year. You also cannot carry the credit back to a prior year.

Arizona Resident
Arizona residents are allowed a credit against Arizona income taxes for net income taxes imposed by and paid to another state or country if the following apply.

1. The income taxed in Arizona is derived from sources within another state or country. This income is subject to a net income tax in the other state or country regardless of your residence.
2. The other state or country does not allow Arizona residents a credit for taxes imposed on income subject to tax in both Arizona and the other state or country.

As an Arizona resident, nonresident returns filed with the following states qualify for the credit:

*Minnesota sources the sale of certain partnership interests to Minnesota. Minnesota allows an Arizona resident a credit for taxes paid to Minnesota for the sale of a partnership interest that is subject to Minnesota tax. As an Arizona resident, you cannot claim this credit for taxes paid to Minnesota on the sale of a partnership interest that is sourced to Minnesota.

NOTE: This list is subject to change at any time.

Important: As an Arizona resident, nonresident returns filed with the following states DO NOT QUALIFY for the credit:

Nonresident
A credit against Arizona income taxes is allowed for Arizona nonresidents who are not allowed a credit by their state or country of residence for taxes paid to Arizona if either:

1. The other state or country does not tax Arizona residents on income derived from sources within the other state or country.
2. The other state or country allows Arizona residents credit for taxes paid on income subject to tax by the other state or country and Arizona.

Arizona nonresidents who file resident returns with the following states qualify for the credit:

California, Indiana, Oregon and Virginia.

NOTE: This list is subject to change at any time.
Part-Year Residents
For that part of the year you were a resident of Arizona, follow the instructions for residents.
For that part of the year you were an Arizona nonresident, follow the instructions for nonresidents.

Dual Resident
You may be eligible to claim the credit if you are a full-year Arizona resident filing Arizona Form 140 and you are also considered to be a resident of another state under the laws of that other state. Figure your credit for taxes paid to Arizona and that other state on the same income that is taxable by both Arizona and the other state, but only on income that would be sourced to the other state if you had to report that income as a nonresident.
You may claim the credit as a dual resident if you meet the following:
1. You are filing a 2011 full-year Arizona resident income tax return.
2. You are considered to be a resident of another state under the laws of that other state.
3. You paid a net income tax to that other state.

An Arizona resident who is also considered to be a resident of another state under the laws of that state is allowed a credit against Arizona income taxes for net income taxes imposed by and paid to that other state if the following apply:
1. The other state taxes the income of the Arizona resident and does not allow the Arizona resident a credit for taxes imposed on income subject to tax in both Arizona and the other state.
2. The credit is allowed only for taxes imposed on income that would have been sourced to the other state if the Arizona resident had filed as a nonresident to the other state.

If you are an Arizona full-year resident and also considered to be a resident of another state under the laws of that other state, complete the Schedule of Income Allocation, on page 2 of Form 309 before you complete page 1 of Form 309.

Required Attachments
If you are claiming a credit for taxes paid to another state, you must attach a copy of the tax return filed to the other state.
If you are claiming a credit for taxes paid to a foreign country, attach the following information to your Arizona income tax return.
1. A copy of the tax return you filed to the foreign country. If you are claiming a credit for taxes paid to a foreign country for amounts withheld at the source, and are not required to file a return with that country, attach documentation showing the amount of tax imposed and paid.
2. If the tax is paid in a foreign currency, a statement substantiating the conversion rate on the date of payment. Identify your authority for your conversion rate.

Line-by-Line Instructions
Enter your name and SSN as shown on Arizona Form 140, Form 140NR, Form 140PY, or Form 140X.
Make sure that every return, statement, or document that you file with the department has your SSN. Failing to include the proper numbers may subject you or your preparer to a penalty. Make sure that all of the required identification numbers are clear and correct. Your return may take longer to process if identification numbers are missing, incorrect, or unclear.
If your name appears first on the return, make sure your SSN is the first number listed.

Part I - Computation of Income Subject to Tax by Both Arizona and the Other State or Country During 2011
If you are claiming a credit for income taxes paid to another state, enter in the space provided, the two-letter abbreviation for that state. See page 10 of these instructions for a list of state abbreviations.
If you are claiming a credit for income taxes paid to another country, enter the name of that country on the line provided.
In order for income to be taxed by both Arizona and another state or country, the following must exist.

For an Arizona resident:
1. The same income must be taxed by both Arizona and the other state or country; and
2. The income must have its source within the other state or country.

For a nonresident:
1. The same income must be taxed by both Arizona and the other state or country; and
2. The income must have its source within Arizona.

Lines 1 through 6 -
Provide a breakdown of your income which is subject to tax in both Arizona and the other state or country. Complete lines 1 through 5 separately for each income item listed in columns (a) through (c). If you have more than three items of income from the other state or country for which you are claiming the credit, complete additional schedules.
If you are an Arizona resident who is also considered to be a resident of another state under the laws of that other state, complete the Schedule of Income Allocation, on page 2 of Form 309 before you complete lines 1 through 6 of Form 309.

Line 1 -
Identify the income item from which the income subject to tax in both Arizona and the other state or country is derived. If you have more than one income item, complete column(s) (b) and (c) as necessary. Examples of such income are business income, partnership income, wages, etc. Enter an item in column (a) only if your Arizona adjusted gross income and the adjusted gross income of the return filed with the other state or country includes the income from that item.
If you are an Arizona resident and also considered to be a resident of another state, enter the income item and amount from column (d) of the Schedule of Income Allocation.

If you are claiming a credit for taxes paid to another country, and that country withheld at the source, and you are not required to file a return with that country, enter the item of income from which the foreign taxes were withheld.

**Line 2 -**
Enter the amount of income from the item listed on line 1 reportable to both Arizona and the other state or country. This is the amount of income derived from that item which you must include in the income reported to both Arizona and the other state or country.

**Line 3 -**
Enter that portion of income on line 2 included in your Arizona adjusted gross income. This amount is that portion of the amount of income included on line 2 that is also included in your Arizona gross income adjusted by any additions or subtractions related to that income required under Arizona law.

**For example,** during the tax year, Taxpayer A, a full-year Arizona resident, had schedule C business income of $50,000 from State P. This $50,000 of schedule C income is reportable to both Arizona and to State P. For federal purposes, Taxpayer A included the $50,000 in federal adjusted gross income, but also reduced that schedule C business income by ½ of the self-employment tax related to that income ($3,071) and by the amount of self-employed health insurance deduction ($6,000). Therefore, only $40,929 ($50,000 – ($3,071 + $6,000)) of the $50,000 schedule C income is included in Taxpayer A’s Arizona gross income. Arizona law requires no further additions or subtractions related to that income required under Arizona law.

**Line 4 -**
Enter the smaller of the amount entered on line 3 or line 4. This is the amount of income from that item which is subject to tax by both Arizona and the other state or country.

**Line 5 -**
Enter the smaller of the amount entered on line 3 or line 4. This is the amount of income from that item which is subject to tax by both Arizona and the other state or country.

**Line 6 -**
Add line 5, columns (a) through (c). This is the total income subject to tax in both Arizona and the other state or country. Enter the amount from Part I, line 6, on Part II, line 8, and also on Part II, line 13.

**NOTE:** The amounts on line 2 through 5 may be the same. However, differences may occur due to the application of the other state’s law. See the following example.

The following example illustrates how to complete lines 1 through 6 of Arizona Form 309. If you are an Arizona resident that is also considered to be a resident of another state under the laws of that other state, see the example following the instructions for the Schedule of Income Allocation for an example of how to complete lines 1 through 6 of Form 309.

**EXAMPLE:**

**Facts:**

Mr. and Mrs. M are Arizona residents. Mr. M is an active duty military member who is stationed in State X. Mr. M receives wages from the military and from a part-time job in State X. Mr. and Mrs. M receive rental income from property in Arizona. During the taxable year for which the credit is being claimed, Mr. and Mrs. M received the following income.

<table>
<thead>
<tr>
<th>Income Source</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Mr. M’s military wages</td>
<td>$15,000</td>
</tr>
<tr>
<td>Mr. M’s part-time employment wages</td>

</tr>
<tr>
<td>Rental income from AZ property</td>
<td>$20,000</td>
</tr>
<tr>
<td><strong>Total income</strong></td>
<td><strong>$45,000</strong></td>
</tr>
</tbody>
</table>
Mr. and Mrs. M must include Mr. M’s part-time employment wages of $10,000 in both the Arizona gross income and the State X’s equivalent of Arizona gross income. Therefore, the amount of wage income reportable to both Arizona and State X is $10,000. For Arizona purposes, there are no additions or subtractions related to that $10,000 wage income included in Arizona gross income, so the entire $10,000 of wage income is included in Arizona adjusted gross income. However, under State X law, $1,000 of the $10,000 wage income is subtracted from State X’s equivalent of Arizona adjusted gross income, so only $9,000 of that $10,000 is included in State X’s equivalent of Arizona adjusted gross income. Mr. and Mrs. M complete lines 1 through 6 of Arizona Form 309 as follows:

### Line 1 - Description of income items.
(a) wages

### Line 2 - Amount of income from item listed on line 1, reportable to both Arizona and the other state or country.
$10,000

### Line 3 - Portion of income on line 2 included in Arizona adjusted gross income.
$10,000

### Line 4 - Portion of income included on line 2 included in the other state’s or country’s equivalent of Arizona adjusted gross income.
$9,000

### Line 5 - Income subject to tax by both Arizona and the other state or country. Enter the smaller of the amount entered on line 3 or 4.
$9,000

### Line 6 - Total income subject to tax in both Arizona and the other state or country.
$9,000

### Part II - Computation of Other State or Country Tax Credit

#### Line 7 -
Enter your Arizona tax liability less any credits. However, do not reduce your Arizona tax liability by the other state tax credit.

For 2011, use the chart below to help you figure your Arizona tax liability prior to tax credits.

### Part-Year Residents With Arizona Source Income for the Period of the Year in Which You Were an Arizona Nonresident

If you have Arizona source income for the period of the year in which you were an Arizona nonresident, you must separately determine the amount of Arizona adjusted gross income for the period in which you were a resident and the amount of Arizona adjusted gross income for the period in which you were a nonresident. These figures are not separately stated on any particular line on your Arizona Form 140PY.

### Line 12 -

Enter the amount of income tax paid to the other state or foreign country. Do not include federal income taxes or any taxes paid to a city or county. Also, do not include any amount paid to the other state or foreign country for penalty or interest. Amounts of tax paid or accrued to a foreign country do not include amounts that are reasonably certain to be refunded, credited, rebated, abated, or forgiven.

### Line 14 - Entire Income Upon Which Other State’s or Country’s Income Tax is Imposed

Enter the entire income upon which the other state’s or country’s income tax is imposed. This is the other state’s or country’s equivalent of Arizona adjusted gross income, but does not include exemptions allowable under the equivalent of A.R.S. § 43-1023. Such income must include items of income and loss, but not exemptions and itemized or standard deductions. Such income must also be adjusted by any additions or subtractions required under the other state’s law which relate to the income from sources within the other state. This amount may not be shown on a specific line of the return filed with the other state.

If you are claiming a credit for taxes paid to another country, and that country withheld at the source, and you are not required to file a return with that country, enter the amount of income subject to tax in that foreign country.

**NOTE FOR ARIZONA RESIDENTS ONLY:** Since the other state can only tax a nonresident on income which is sourced to that state, the entire income upon which the other state’s income tax is imposed includes only income sourced to that other state under its income tax laws. Source income is generally income derived from property located within a state or from an activity carried on within a state when the income recipient is a nonresident.

**NOTE:** You may not be able to take the entire income upon which the other state’s or country’s tax is imposed from a specific line on the return filed to the other state or country. If you must determine this amount, attach a schedule.

The example following line 17 illustrates how an Arizona resident figures the entire income subject to tax in the other state or country.

If you have questions concerning what amount to enter on line 14, call one of the phone numbers listed at the beginning of these instructions.

### Line 17 -

Enter the smaller of line 11 or line 16. If this is the only state or country for which you are claiming a credit, also enter this amount on Arizona Form 301, Part I, line 7.

If you are claiming a credit for more than one state or country, make a separate computation for each. Enter the total from all Arizona Forms 309 on Arizona Form 301, Part I, line 7.
**EXAMPLE:**

The following example will illustrate how to figure a credit for taxes paid to another state.

</table>

*6. Total income subject to tax in both Arizona and the other state or country. $16,000

**Part II - Computation of Other State or Country Tax Credit**

* Lines 1 through 6 - Income subject to tax in both Arizona and State XY

Mr. and Mrs. F must report State XY farm income of $16,000 in both Arizona gross income and State XY’s equivalent of Arizona gross income. There are no additions or subtractions related to the $16,000 farm income required under either Arizona law, or State XY law. Therefore, $16,000 of farm income is included in Arizona adjusted gross income and $16,000 of farm income is included in State XY’s equivalent of Arizona adjusted gross income.

**Line 7 - Arizona tax liability**

For the purpose of the credit, Mr. and Mrs. F compute the Arizona tax liability as follows:

- Arizona tax $1,020
- Less clean elections tax reduction (10)
- Less public school tax credit (300)
- Arizona tax Liability $710

***Line 9 - Entire income upon which Arizona tax is imposed***

For the purpose of the credit, Mr. and Mrs. F compute the entire income upon which Arizona tax is imposed as follows:

- Arizona adjusted gross income $55,700
- Plus dependent, blind, age 65 or over, and qualifying parent and grandparent exemptions 2,300
- Entire income upon which Arizona income tax is imposed $58,000

****Line 14 - Entire income upon which State XY tax is imposed***

This is the entire income upon which State XY tax is imposed. This is State XY’s equivalent of Arizona adjusted gross income for these individuals. Since these individuals are nonresidents of State XY, State XY’s equivalent of Arizona adjusted gross income.
It should be noted that in this case, the entire income upon which State XY income tax is imposed had to be determined. This amount was not separately shown on a specific line of the State XY return, since State XY computes its tax on the total income and then prorates that tax to reflect the tax attributable to income derived from sources within State XY. For the purpose of the credit, Mr. and Mrs. F compute the entire income upon which State XY tax is imposed as follows:

Mr. and Mrs. F’s Farm income sourced to State XY (State XY’S equivalent of Arizona adjusted gross income computed under A.R.S. § 43-1094) $16,000
Plus State XY’s equivalent of Arizona’s dependent exemptions 0
Entire income upon which State XY tax is imposed $16,000

Form 309, Page 2 – Schedule of Income Allocation Instructions

Complete page 2, Schedule of Income Allocation, only if you are a full-year Arizona resident who is also considered a resident of another state under the laws of that other state.

All other taxpayers skip page 2, Schedule of Income Allocation.

NOTE: If you are a full-year Arizona resident that is also considered to be a resident of another state under the laws of that other state, you must complete the Schedule of Income Allocation on page 2 of Form 309 before you complete page 1 of Form 309.

Because the credit allowed for a full-year Arizona resident that is also considered to be a resident of another state is for taxes paid to that other state on income sourced to that other state, you must complete the Schedule of Income Allocation, before you can complete lines 1 through 6 of Form 309.

The following example illustrates how to complete Form 309 for an Arizona resident who is also considered to be a resident of another state under the laws of that other state.

EXAMPLE:

Facts:

Mr. and Mrs. R are Arizona residents who are temporarily living and working in State Z. They will be there for one year and then they will return to Arizona. During the current taxable year, Mr. and Mrs. R have been living and working in State Z for 10 and one-half months. Because Mr. and Mrs. R have been living in State Z for more than 183 days during the tax year, State Z considers Mr. and Mrs. R to be residents of State Z and taxes all of their income from the time they moved to State Z. Because Mr. and Mrs. R are Arizona residents who are temporarily out of Arizona, they are still full-year Arizona residents for Arizona income tax purposes and must file a full-year Arizona income tax return and include all income for the taxable year, wherever derived. For the taxable year, Mr. and Mrs. R have the following income.

State Z taxable income $ 47,875 | State Z tax $ 2,154

Before Mr. and Mrs. R can complete Arizona Form 309, they must complete the Schedule of Income Allocation on page 2 of Form 309. This will help Mr. and Mrs. R determine the income that is taxable in both Arizona and State Z that would be sourced to State Z if Mr. and Mrs. R were filing a nonresident return to State Z.

*Lines 1 through 6 – Income subject to tax in both Arizona and State XY*

Before completing lines 1 through 6, Mr. and Mrs. R must complete page 2 of Arizona Form 309, Schedule of Income Allocation. Even though Mr. and Mrs. R must report wage income, interest income and rental income to State Z, only the wage income earned for services performed in State Z would be sourced to State Z if State Z were taxing Mr. and Mrs. R as nonresidents. Therefore, when Mr. and Mrs. R complete the Schedule of Income Allocation, Mr. and Mrs. R indicate that only $47,000 of wages would be sourced to State Z as income of a nonresident of State Z.

Mr. and Mrs. R must report State Z wages of $47,000 in Arizona gross income and $47,000 of State Z wages in State Z’s equivalent of Arizona gross income. There are no additions or subtractions related to the $47,000 of State Z wages required under either Arizona law, or State Z law. Therefore, $47,000 of State Z wage income is included in Arizona adjusted gross income and $47,000 of State Z wage income is included in State Z’s equivalent of Arizona adjusted gross income.

**Line 9 – Entire income upon which Arizona tax is imposed**

For the purpose of the credit, Mr. and Mrs. R compute the entire income upon which Arizona tax is imposed as follows:

- Arizona adjusted gross income $84,700
- Plus dependent, blind, age 65 or over, and qualifying Parent and grandparent exemptions $2,300
- Entire income upon which Arizona income tax is imposed $87,000

***Line 14 – Entire income upon which State Z tax is imposed***

This is the entire income upon which State Z tax is imposed. This is State Z’s equivalent of Arizona adjusted gross income for these individuals. For the purpose of the credit, Mr. and Mrs. R compute the entire income upon which State Z tax is imposed as follows:

- State Z’s equivalent of Arizona adjusted gross income $64,875
- State Z’s equivalent of Arizona’s dependent exemptions $4,000
- Entire income upon which State Z’s tax is imposed $68,875

General Instructions

Arizona law allows a nonrefundable tax credit for the purchase and installation of an agricultural water conservation system. The credit is equal to 75% of the qualifying expenses incurred during the taxable year. This credit is available to individuals only. A corporation, including an S corporation, may not claim this credit. However, an S corporation may pass the credit through to its individual shareholders. A partnership may not claim this credit, but may pass the credit through to its individual partners.

To Qualify for the Credit:
- The system must be primarily designed to substantially conserve water on land that the taxpayer or taxpayer's tenant uses to:
  A. produce crops, fruits, or other agricultural products; or
  B. raise, harvest, or grow trees; or
  C. sustain livestock.
- The expense must be consistent with a conservation plan that the taxpayer has filed and that is in effect with the United States Department of Agriculture Soil Conservation Service.

If the allowable tax credit exceeds the taxes otherwise due, or if there are no taxes due, you may carry the unused credit forward for a period not to exceed the next 5 taxable years. Individual co-owners of a business, including individual partners in a partnership and individual shareholders of an S corporation, may each claim only a pro rata share of the credit, based on the individual owner's or shareholder's ownership interest. The total of the credits allowed all owners may not exceed the amount that would have been allowed for a sole owner of the business.

Specific Instructions

Type or print the required information in the name and taxpayer identification number (TIN) section at the top of the form. Indicate the period covered by the taxable year. Attach the completed form to the tax return. All returns, statements, and other documents filed with the department require a TIN. The TIN for a partnership or an S corporation is the taxpayer's employer identification number (EIN). The TIN for an individual is the taxpayer's SSN or an IRS individual taxpayer identification number. Taxpayers that fail to include their TIN may be subject to a penalty.

General Instructions

ARS §§ 43-1081 and 43-1170 provide nonrefundable individual and corporate income tax credits for expenses incurred during the taxable year to purchase real or personal property that is used within Arizona in the taxpayer's trade or business to control or prevent pollution. The amount of the credit is equal to 10 percent of the purchase price, limited to a maximum credit of $500,000 in a taxable year.

Co-owners of a business, including partners in a partnership and shareholders of an S corporation, may each claim only the pro rata share of the credit allowed based on the ownership interest. The total of the credits allowed all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

Qualifying property includes a structure, building, installation, excavation, machine, equipment, and any attachment to, or addition to, or reconstruction, replacement, or improvement of that property. Property eligible for the tax credit includes only that portion of the property directly used to reduce pollution that was incurred during this taxable year.

The property must meet or exceed rules or regulations adopted for this purpose by the United States Environmental Protection Agency, the Arizona Department of Environmental Quality, or a political subdivision of Arizona.

Amounts that qualify for the credit must be includible in the taxpayer's adjusted basis for the credit property. The adjusted basis of any property for which the taxpayer has claimed a credit must be reduced by the amount of credit claimed for that property.

If the allowable tax credit exceeds the taxes otherwise due or, if there are no taxes due, the amount of the credit not used to offset taxes may be carried forward for not more than five taxable years as a credit against subsequent years' income tax liabilities.

Specific Instructions

Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Attach the completed form to the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, S corporation, or a partnership is the taxpayer's employer identification number. The TIN for an individual is the taxpayer's social security number or an IRS individual taxpayer identification number. Taxpayers that fail to include their TIN may be subject to a penalty.

If the S corporation passes the credit through to its shareholders, it must notify each shareholder of the shareholder's pro rata share of the adjustment to income required by the difference between the federal depreciable basis and the Arizona depreciable basis of the property for which the credit is claimed. The S corporation must also notify the shareholder of the shareholder's pro rata share of any difference in gain or loss on the sale or other disposition of the property due to the difference in basis.

General Instructions

ARS § 43-1178 provides a nonrefundable corporate income tax credit equal to 30 percent of the amount paid by the seller or purchaser as transaction privilege tax or use tax for coal sold to the taxpayer that is consumed in the generation of electrical power in Arizona. "Amount paid by the seller or purchaser as transaction privilege tax or use tax" means that the Arizona transaction privilege tax was passed through to the taxpayer by the seller as an added charge or that the seller collected the Arizona use tax from the taxpayer or that the taxpayer paid the Arizona use tax to the department. The credit is allowed for taxable years beginning from and after December 31, 1997.

The tax credit is in lieu of a deduction for the taxes for which the credit is claimed. An addition to Arizona gross income is required for the amount of Arizona transaction privilege taxes and Arizona use taxes included in the computation of federal taxable income for which the Arizona tax credit is claimed.

The credit is available only to corporate taxpayers. A partnership may pass this credit through only to its corporate partners. While an S corporation may claim this credit, the S corporation may not pass this credit through to its shareholders.

Co-owners of a business, including corporate partners of a partnership, may each claim only the pro rata share of the credit allowed based on the ownership interest. The total of the credits allowed all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

If the allowable tax credit exceeds the taxes otherwise due, or if there are no taxes due, the amount of the credit not used to offset taxes may be carried forward for not more than five consecutive taxable years as a credit against subsequent years' income tax liability.

Specific Instructions

Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Attach the completed form to the tax return. All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, an S corporation or a partnership is the taxpayer's employer identification number. Taxpayers that fail to include their TIN may be subject to a penalty.

Part I - Current Taxable Year's Credit Calculation

Form 318-1 and Line 1 -

Complete Form 318-1 before completing Part I, line 1, of Form 318. Complete Form 318-1 to list the qualifying coal purchases for the taxable year.

FORM 318-1

The design of Form 318-1 allows the taxpayer to list qualifying coal purchases for the taxable year in two situations:

1. Purchases from vendors that passed the Arizona transaction privilege tax through to the taxpayer as an added charge or purchases from vendors that collected the Arizona use tax from the taxpayer; and

2. Purchases from vendors for which the taxpayer paid the Arizona use tax to the department.

Situation 1: List the qualifying coal purchases by vendor for situation 1 above. If the taxpayer has purchased coal from more than two vendors, additional Form(s) 318-1 must be completed to list the qualifying coal purchases for the taxable year. Complete section A to list the vendor name and the vendor's Arizona TPT or use tax number. Do not complete section B.

NOTE: The Arizona transaction privilege tax must be shown as an added charge on the vendor's invoice. If the vendor collects the Arizona use tax from the taxpayer, the tax must be shown as a separate charge on the vendor's invoice.

Situation 2: List the qualifying coal purchases from all vendors for situation 2 above. Complete section B to list the taxpayer's Arizona TPT or use tax number. Do not complete section A.

NOTE: If the taxpayer pays the Arizona use tax directly to the department, the taxpayer must document the amount of tax paid for each invoice.

Column (a): On lines 1 through 12, enter the applicable month of the taxable year.

Column (b): On lines 1 through 12, indicate the type of tax, TPT or use.

Column (c): On lines 1 through 12, enter the total amount of qualifying coal purchases for that month. Do not include the amount of tax paid in the total.

Column (d): On lines 1 through 12, enter the total amount of tax paid for that month.

### General Instructions

ARS §§ 43-1090 and 43-1176 provide nonrefundable individual and corporate income tax credits for the installation of solar hot water heater plumbing stub outs and electric vehicle recharge outlets in houses or dwelling units constructed by the taxpayer. The houses or dwelling units must be located in Arizona. The tax credit applies to taxable years beginning from and after December 31, 1997.

Qualifying installations of solar hot water heater plumbing stub outs must:
- Include two insulated three-fourths inch copper pipes and at least two pairs of wires for monitoring and control purposes that project from the dwelling roof or other suitable locations and that are connected to the domestic hot water transport and storage system.
- Be located and configured to allow sufficient solar access and exposure and to allow ready installation of solar water heating devices without further expense or effort to reach, use or serve the domestic hot water system of the house or dwelling.

Qualifying installations of electric vehicle recharge outlets must be connected to the utility system by a dedicated line that:
- Is capable of operating at normal secondary voltages.
- Meets applicable local building safety codes.
- Is commensurate and consistent with electric vehicle recharging needs and methods.

The amount of the credit is equal to the lesser of $75 or the installation cost for each installation of a solar hot water heater plumbing stub out or an electric vehicle recharge outlet in each separate house or dwelling unit.

The taxpayer that constructed the house or dwelling unit may transfer the credit for that house or dwelling unit to a purchaser or transferee. A taxpayer that transfers the credit for a house or dwelling unit must provide a written statement to the purchaser or transferee of the house or dwelling unit. The written statement must include the name of the purchaser or transferee, the address of the house or dwelling unit, and a certification that the taxpayer has elected not to claim the credit and has elected to transfer the credit to the purchaser or transferee. If the builder transfers the credits for more than one house or dwelling unit to a purchaser or transferee, the builder must provide a separate written statement for each house or dwelling unit.

The tax credit is in lieu of a deduction for the expenses of installing the solar hot water heater plumbing stub outs and electric vehicle recharge outlets for which the credit is claimed.

Co-owners of a business, including partners in a partnership and shareholders of an S corporation, may each claim only the pro rata share of the credit allowed based on the ownership interest. The total of the credits allowed all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

If the allowable tax credit exceeds the taxes otherwise due, or if there are no taxes due, the amount of the credit not used to offset taxes may be carried forward for not more than five consecutive taxable years as a credit against subsequent years' income tax liability.

### Specific Instructions

Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Attach the completed form to the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, an S corporation, or a partnership is the taxpayer's employer identification number. The TIN for an individual is the taxpayer's social security number or an IRS individual taxpayer identification number. Taxpayers that fail to include their TIN may be subject to a penalty.

General Instructions

For taxable years beginning on or after January 1, 1998, Arizona law provides a nonrefundable credit for employers that employ recipients of Temporary Assistance for Needy Families (TANF). TANF is assistance granted under Section 403 of Title IV of the Social Security Act as it exists after August 21, 1996.

The credit for employing TANF recipients is equal to:

1. One-fourth of the taxable wages paid to each qualified employee in the first year or partial year of employment, not to exceed $500 per net new employee.

2. One-third of the taxable wages paid to each previously qualified employee in the second year of continuous employment, not to exceed $1,000 per net new employee.

3. One-half of the taxable wages paid to each previously qualified employee in the third year of continuous employment, not to exceed $1,500 per net new employee.

You cannot take a deduction for the same wages for which you take a credit. You must add the amount of the credit taken for the taxable year to your Arizona gross income.

You cannot take this credit for any position that is eligible for any other Arizona employment credit based on wages paid.

If the allowable credit exceeds your income tax liability, you may carry over any unused amount for up to 5 consecutive taxable years.

This credit is available to individuals, corporations and S corporations. A partnership may pass the credit through to its partners. An S corporation may pass the credit through to its shareholders.

For more information on this credit, see Arizona Department of Revenue brochure, Pub 708, Credit for Employment of Recipients of Temporary Assistance for Needy Families. To get a copy of this brochure, visit our web site.

Part I - Business Information

Lines 1 through 3 -

On lines 1, 2, and 3, enter the name, address, and employer identification number of the business that employs qualifying employees.

Part II - Net Increase in Qualified Employment Positions

Lines 4 and 5 -

This credit is based on net increases in qualified employment positions. You must determine the net increase in the number of qualified positions by comparing the average number of qualified employment positions during the taxable year with the immediately preceding taxable year. This comparison is based on the report that you submit to the Arizona Department of Economic Security for unemployment purposes. The worksheet following the instructions for line 5 is provided to help you determine the average number of qualified positions for lines 4 and 5.

Line 4 -

On line 4, enter the average number of qualified employment positions during the current taxable year.

A qualified employment position is a position that meets all of the following:

- The position must be classified as full-time employment.
- The position must provide health insurance coverage if the employer offers the coverage to other employees not on TANF.
- The position must provide compensation at least equal to the minimum wage or a wage comparable to that paid other employees not receiving TANF in the same job classification.
- The position must be listed on the report that you submit to the Arizona Department of Economic Security for unemployment purposes.

Line 5 -

On line 5, enter the average number of qualified employment positions during the immediately preceding taxable year. If the business is a newly established business, the business would not have any qualified employment positions during the immediately preceding taxable year. A newly established business would have zero average employment positions during the immediately preceding taxable year. This business would enter zero on line 5 of the Arizona Form 320.

If the business is an established business, the business must figure the average qualified employment positions of the immediately preceding taxable year using the worksheet on the following page. Line 15 of the worksheet's immediately preceding taxable year column is the amount you should enter on line 5 of the Arizona Form 320.
Complete the following worksheet to determine the average employment.

On lines 1 through 12 below, enter the number of qualifying employment positions the business had during each month of the current taxable year and the immediately preceding taxable year.

Subtract line 5 from line 4. If this amount is less than one, enter zero. If this amount contains a decimal, round down to the next whole number. This is your net increase in qualified employment positions.

**NOTE:** If the amount shown on line 6 is zero or less, you may not claim this credit for qualified employees hired during the year.

Line 7 -

You cannot take this credit for any position that is eligible for any other Arizona employment credit based on wages paid. On line 7, enter the number of positions on line 6 that are eligible for any other income tax credit under Arizona law.

Line 8 -

Subtract line 7 from line 6. This is the maximum number of new employment positions for which you may claim a credit for employees in their first year of employment.

Part III - Qualifying New Employees

Line 9 -

- The employee was a recipient of TANF at the time he or she was hired. The employer should obtain documentation from the employee substantiating that the employee was a TANF recipient on the date of hire.
- The employee was employed for at least ninety days during the first taxable year. An employee hired with less than 90 days left in the taxable year is considered to be a new employee in the next taxable year. Periods when the employee's wages are subsidized under Section 46-299 cannot be counted as employment time.
- The employee was not employed by the taxpayer within 12 months before the current date of hire.

Line 11 - Maximum Number of Qualifying Net New Employees

Enter the smaller of line 8 or line 10. This is the maximum number of qualified net new employees for which you may claim a credit.

Part IV - Credit Calculation for Qualified Employees

Lines 12 through 15 and Arizona Form 320-1 and Arizona Form 320-2

**Important:** Before completing Part IV, lines 12 through 15 of Arizona Form 320, complete Arizona Form 320-1, and Arizona Form 320-2.

Form 320-1 Qualifying Employees

List each employee who is a qualified employee. List each employee's name and social security number. Also, list the date each employee was hired. You must also answer the questions in columns (d) and (e).

Form 320-2 Qualifying Employees for Which You are Taking a Credit

List each qualifying employee from Form 320-1 for whom you are taking the credit. List the employees' names and social security numbers. Complete columns (c) through (e), as instructed on the form.

Form 320 Line 12 - Column (a)

Enter the number of qualifying net new employees from Arizona Form 320-2, line 12, column c1.

**NOTE:** The maximum number of qualifying net new employees entered on line 12, column (a), cannot exceed the number of qualified net new employees entered on line 11 (Part III).
Line 12 - Column (b)
Enter on line 12, column (b), the maximum allowable wages for all of your qualifying first year employees from Arizona Form 320-2, line 12, column e1.

Line 12 - Column (d)
Multiply the amount entered on line 12, column (b), by the percent shown on line 12, column (c). Enter this amount on line 12, column (d). This is the allowable credit for qualifying net new employees.

Line 13 - Column (a)
Enter the total number of previously qualified employees in the second year of continuous employment from Arizona Form 320-2, line 12, column c2.

NOTE: The maximum number of previously qualified employees in the second year of continuous employment entered on line 13, column (a), cannot exceed the number of qualified net new employees entered on the 2010 Form 320, line 11 (Part III).

Arizona's statutes do not require that the employee who is claimed in the second year of continuous employment be the same employee who was claimed in the first year of employment. Therefore, if one of the originally claimed net new employees leaves employment in year two, the business can claim the second year credit for another previously qualified employee who is in the second year of continuous employment.

Line 13 - Column (b)

General Instructions

NOTE: To claim a current year credit or a carryover credit, you must claim itemized deductions on the Arizona return filed for the year in which you are claiming the credit. You cannot claim both a tax credit and an itemized deduction for the amount of contributions made to a qualifying charity.

Arizona law provides a credit for cash contributions made to certain charities that provide help to the working poor. The maximum amount of this credit is $200 for single taxpayers or heads of household. For married taxpayers, the maximum credit is $400.

If the allowable tax credit is more than your tax or if you have no tax, you may carry the unused credit forward for up to the next 5 consecutive taxable years’ income tax liability. This credit is available only to individuals. Corporations may not claim this credit. A partnership may not pass the credit through to its partners. An S corporation may not pass the credit through to its shareholders.

You may qualify for this credit if you make cash contributions to a qualifying charity. You may also qualify for this credit if you make cash contributions to a qualified charity through an umbrella type of charitable organization. In this case, you must designate your donation to a member charitable organization or member group fund that would qualify on a stand-alone basis.

NOTE: You may be able to make credit eligible contributions to a qualified charity that provides assistance to the working poor through payroll withholding. Check with your employer to see if your employer has agreed to withhold contributions for this credit from your pay.

For more information on this credit, see the Arizona Department of Revenue brochure, Pub 710, Credit for Contributions to Charitable Organizations That Provide Assistance to the Working Poor. To get a copy of this brochure, visit our web site, or call one of the numbers listed above.

What is a Qualifying Charity?

A qualifying charity is a charity that is exempt from federal income tax under Internal Revenue Code Section 501(c)(3). A qualifying charity is also a charity that is a designated community action agency that receives Community Services Block Grant Program money under the United States Code, Title 42, Section 9001. The charity must spend at least 50% of its budget on services to Arizona residents who receive Temporary Assistance for Needy Families benefits, who are low income Arizona residents, or who are chronically ill or physically disabled children.

For the purpose of this credit, qualifying services are services that meet the recipient’s immediate basic needs. The services must be provided and used in Arizona. Services that meet these needs include cash assistance, medical care, childcare, food, clothing, shelter, job training, and job placement services.

How Can I Tell if a Charity Qualifies?

In order to qualify, a charity must provide the Department with written certification that it meets the criteria necessary to be considered a qualifying charity. To see if a particular charity qualifies, you should ask to see a copy of the charity’s determination letter or visit the Department’s website www.azdor.gov to see a list of the qualifying charities.

ADOR 10941 (11)
Arizona law provides a credit for cash contributions made and for certain fees paid to public schools in Arizona. The credit for contributions made or fees paid to a public school must be claimed in the year of the donation.

The credit is equal to the amount contributed or the amount of fees paid. However, for single taxpayers or heads of household, the credit cannot exceed $200. For married taxpayers that file a joint return, the credit cannot exceed $400. If married taxpayers file separate returns, each spouse may claim only 1/2 of the credit that would have been allowed on a joint return.

If the allowable tax credit is more than your tax or if you have no tax, you may carry the unused credit forward for up to the next 5 consecutive taxable years’ income tax liability.

This credit is available only to individuals. Corporations may not claim this credit. A partnership may not pass the credit through to its partners. An S corporation may not pass the credit through to its shareholders.

To qualify for the credit, you must make contributions or pay fees to a public school for support of extra curricular activities or for character education programs.

A character education program is a program defined in A.R.S. § 15-719. Under this statute, each district may develop its own course of study for each grade. At a minimum, the character education program must include instruction in the definition and application of at least six of the following character traits: truthfulness, responsibility, compassion, diligence, sincerity, trustworthiness, respect, attentiveness, obedience, orderliness, forgiveness and virtue.

Extra curricular activities are school-sponsored activities that require enrolled students to pay a fee in order to participate. The activities must supplement the school’s education program and may be educational or recreational. Each school district must determine what activities are extra curricular activities for each public school located in that district. Extra curricular activities may include:
- use of band uniforms.
- use of equipment or uniforms for varsity athletics.
- use of scientific laboratory equipment or materials.

- in state or out-of-state trips that are solely for competitive events.

Extra curricular activities do not include any senior trips or events that are recreational, amusement or tourist activities.

You must make contributions or pay fees to a public school or charter school located in Arizona. The school must provide instruction in grades kindergarten through 12.

Contributions made or fees paid to any of the following do not qualify for this credit:
- a nongovernmental school.
- a pre-school.
- a community college.
- a university.
- a public school located outside of Arizona.

You cannot claim both a tax credit and an itemized deduction for the amount of contributions made to a public school for which you are claiming a credit.

Before claiming this credit, make sure the public school issues you a receipt for the contributions or qualifying fees you paid. The receipt should show all of the following:
- the name of the public school.
- the school district number of the district in which the school belongs.
- the name of the taxpayer.
- the amount paid or contributed.
- the date paid or contributed.
- a description of the activity for which the contributions were made or the fees were paid.

Please keep this receipt with your tax records.

For more information on school tax credits, see the Arizona Department of Revenue brochure, Pub 707, School Tax Credits. To get a copy of this brochure, visit our web site or call one of the numbers listed on this page of these instructions.

General Instructions

NOTE: The credit eligible contributions made to a school tuition organization from January 1, 2012 to April 15, 2012 may be used as a tax credit on either your 1) 2011 or 2) 2012 Arizona income tax return.

Arizona law provides a credit for contributions made to a private school tuition organization that provides scholarships or grants to qualified schools.

The credit is equal to the amount contributed. For 2011, the credit cannot exceed $500 for single taxpayers or heads of household. For married taxpayers that file a joint return, the credit cannot exceed $1,000. Starting in 2012, the maximum credit will be indexed for inflation. If married taxpayers file separate returns, each spouse may claim only 1/2 of the credit that would have been allowed on a joint return.

If the allowable tax credit is more than your tax or if you have no tax, you may carry the unused credit forward for up to the next 5 consecutive taxable years’ income tax liability.

This credit is available only to individuals. Corporations may not claim this credit. A partnership may not pass the credit through to its partners. An S corporation may not pass the credit through to its shareholders.

A private school tuition organization is an organization that meets all of the following:
- The organization is tax exempt under Section 501(c)(3) of the Internal Revenue Code.
- The organization allocates at least 90% of its annual revenue to scholarships or grants.
- The organization makes its scholarships or grants available to students of more than one qualified school.

A qualified school is a nongovernmental primary or a secondary school located in Arizona, or a preschool for handicapped students located in Arizona. The school cannot discriminate on the basis of race, color, handicap, familial status, or national origin. The primary school must begin with kindergarten and the secondary school must end with grade 12.

In the case of a preschool for handicapped students, a handicapped student is a student who has any of the following conditions:

- hearing impairment
- visual impairment
- preschool moderate delay
- preschool severe delay
- preschool speech or language delay

NOTE: The Arizona Department of Revenue is required to certify school tuition organizations. The Department will maintain a registry of currently certified school tuition organizations on its website, www.azdor.gov.

To determine if your contributions made in 2011 qualify for this credit, you should ask the organization if it meets all of the requirements. Your donation to the school tuition organization will not qualify for the credit if you designate the donation for the direct benefit of your dependent.

NOTE: Your donation will also not qualify if you designate a student beneficiary as a condition of your contribution to the school tuition organization. Additionally, the tax credit is not allowed if you agree with another person to designate each other’s contributions to the school tuition organization for the direct benefit of each other’s dependent, a practice commonly known as swapping.

You cannot claim both a tax credit and an itemized deduction for the amount of contributions made to a private school tuition organization for which you are claiming a credit. If you claim this credit in 2011 for a donation made from January 1, 2012, to April 15, 2012, you must make an adjustment on your Arizona Form 140, Schedule A, Itemized Deductions Adjustments, filed in 2012.

Before claiming this credit, make sure the school tuition organization issues you a receipt for the contributions. The receipt should show all of the following:
- the name and address of the school tuition organization
- the name of the taxpayer
- the amount paid
- the date paid

Please keep this receipt with your tax records.

For more information on school tax credits, see the Arizona Department of Revenue brochure, Pub 707, School Tax Credits. To get a copy of this brochure, visit our web site or call one of the numbers listed on this page of these instructions.

NOTE: You may be able to make credit eligible contributions to a school tuition organization through payroll withholding. Check with your employer to see if your employer has agreed to withhold contributions that qualify for this credit from your pay.

Line-by-Line Instructions

Lines 1 through 3 - Current Year’s Credit
Lines 1a, 1b, and 1c -

Enter the name and address of the private school tuition organization to which you made contributions. Also, enter the amount contributed to the school tuition organization. In the appropriate boxes, please indicate if the contribution for
which you are claiming a credit in tax year 2011 was made in 2011 or was made in 2012 between January 1, 2012 and April 15, 2012. If contributions were made in both years, please add the 2011 and 2012 amounts together on line 1a. If you made contributions to 2 school tuition organizations, complete line 1b following the same instructions as line 1a above. If you made contributions to 3 or more school tuition organizations, complete an additional schedule. The schedule should show the same information required on line 1a for each of the additional school tuition organizations to which you made contributions.

Add the amount of contributions made to all school tuition organizations listed on lines 1a, 1b, and any additional schedule. Enter the total on line 1c.

**Line 2 -**
Single taxpayers and taxpayers filing as head of household, enter $500. Married taxpayers enter $1,000.

**Line 3 -**
Enter the smaller of line 1c or line 2. If you are married filing a separate return, enter \( \frac{1}{2} \) of the smaller of line 1c or line 2. This is the current year's credit.

**Lines 4 through 9 - Available Credit Carryover**
Use lines 4 through 9 to figure your total available credit carryover from taxable years 2006 through 2010. Complete lines 4 through 9 if you claimed this credit on a return for one of these years and the credit was more than your tax.

**NOTE:** You may carry over only that portion of the credit that you do not apply to tax. You cannot carry over any amount that you gave that was more than the amount allowed as a credit. For example: During 2011, Mary, a single person, gave $700 to a school tuition organization. For 2011, Mary is allowed a credit of $500. Mary’s 2011 tax is $400. Mary may carryover $100 of the unused $500 credit to 2012. Mary cannot claim any credit for the $200 gift that was more than the allowable credit ($700 minus allowable credit of $500).

- In column (b) enter the credit originally computed for that taxable year listed in column (a).
- In column (c) enter the amount of the credit from that taxable year which you have already used.
- Subtract the amount in column (c) from column (b) and enter the difference in column (d).
- Add the amounts entered on lines 4 through 8 in column (d). Enter the total on line 9, column (d).

**Lines 10 through 12 - Total Available Credit**
Use lines 10 through 12 to figure your total available credit for 2011.

**Line 10 -**
Enter the amount from line 3 here. If you are married filing a separate return, you may take only 1/2 of the credit that would otherwise be allowed on a joint return.

**Line 11 -**
Available credit carryover from prior taxable years. Enter the amount from line 9, column (d).

**Line 12 -**
Total available credit. Add line 10 and line 11. Enter the total.

If this is the only credit that you are claiming, and the credit shown on line 12 is equal to or less than your Arizona tax minus the clean elections fund tax reduction, enter the amount from line 12 on Form 140, page 1, line 26 or Form 140NR, page 1, line 28, or Form 140PY, page 1, line 29.

If you are claiming the family income tax credit or other credits from only Forms 310, 321, and/or 322, complete the following worksheet, or one of the credit worksheets in the Form 310, 321, or 322 instructions.

**General Instructions**

ARS §§ 43-1081.01 and 43-1170.01 provide nonrefundable individual and corporate income tax credits for expenses that a taxpayer incurred during the taxable year to purchase agricultural pollution control equipment. The tax credit applies to taxable years beginning from and after December 31, 1998.

**To Qualify for the Credit:**

- The taxpayer must be involved in the commercial production of livestock, livestock products or agricultural, horticultural, viticultural or floricultural crops or products; AND
  - The taxpayer must purchase tangible personal property that is primarily used in the taxpayer’s trade or business in Arizona to control or prevent pollution.
- Property eligible for the tax credit includes only that portion of the property directly used, constructed, or installed in Arizona to prevent, monitor, or reduce air, water, or land pollution.
- Qualifying property includes a portion of a structure, building, installation, excavation, machine, equipment, or device, and any attachment to, or addition to, or reconstruction, replacement, or improvement of that property.

Amounts that qualify for the credit must be includible in the taxpayer's adjusted basis for the property. The adjusted basis of any property for which the taxpayer has claimed a credit must be reduced by the amount of credit claimed for that property.

The amount of the credit is equal to 25 percent of the cost of the property. The maximum credit that a taxpayer may claim in a taxable year is $25,000.

The agricultural pollution control equipment credit allowed under ARS §§ 43-1081.01 or 43-1170.01 (claimed on Arizona Form 325) is in lieu of the pollution control credit under ARS §§ 43-1081 or 43-1170 (claimed on Arizona Form 315) with respect to the same equipment or expense.

Co-owners of a business, including partners in a partnership and shareholders of an S corporation, may each claim only the pro rata share of the credit allowed based on the ownership interest. The total of the credits allowed all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

If the allowable tax credit exceeds the taxes otherwise due or, if there are no taxes due, the amount of the credit not used to offset taxes may be carried forward for not more than five taxable years as a credit against subsequent years' income tax liabilities.

**Specific Instructions**

Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Attach the completed form to the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, S corporation, or a partnership is the taxpayer's employer identification number. The TIN for an individual is the taxpayer's social security number or an IRS individual taxpayer identification number. Taxpayers that fail to include their TIN may be subject to a penalty.

**To qualify for the credit:**

- The real property and improvements must be located in Arizona.
- The donor must convey the real property and improvements unencumbered and in fee simple, except that there must be a deed restriction and protective covenant related to the use of the property.
- The value of the donated property must be determined by an appraisal as defined in ARS § 32-3601 that is conducted by an independent party and is paid for by the donee.
- The conveyance shall not violate the provisions of ARS §§ 15-341(D) and 15-183(U).
- The donor must record the appropriate lien on the property donated to an Arizona charter school. The tax credit constitutes a lien on the property. The lien is the amount of the allowable tax credit adjusted by the gross domestic product (GDP) price deflator, as defined in ARS § 41-563, with a maximum of 12.5 percent over the allowable tax credit.
- An Arizona school district shall not accept the donation unless the school facilities board has reviewed the proposed donation and has issued a written determination that the real property and improvements are suitable as a school site or as a school.

On written request of the donee, the donor must disclose in writing to the donee the amount of the allowable tax credit for the property received by the donee.

The tax credit is in lieu of a deduction in the computation of Arizona gross income for the donation of the property for which the credit is claimed. CORPORATE TAXPAYERS: An addition to Arizona gross income is required for the amount of the deduction included in the computation of federal taxable income. INDIVIDUAL TAXPAYERS: The taxpayer cannot claim both the tax credit and an itemized deduction for the donation of a school site. If the taxpayer claims the credit and itemizes deductions on the Arizona return, the taxpayer must exclude the amount of the charitable deduction otherwise allowed for the donation of the school site.

Co-owners of a business, including partners in a partnership and shareholders of an S corporation, may each claim only the pro rata share of the credit allowed based on the ownership interest. The total of the credits allowed all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

If the allowable tax credit exceeds the taxes otherwise due or, if there are no taxes due, the amount of the credit not used to offset taxes may be carried forward for not more than five taxable years as a credit against subsequent years' income tax liabilities.

This form is for donations of real property only (real estate). Please do not use this form for cash donations to schools. Credits for those donations should be claimed on Arizona Form 322. Please do not use this form for cash donations to school tuition organizations. Credits for those donations should be claimed on Arizona Form 323 for individuals, or claimed on Arizona Form 335 or Arizona Form 341 for corporations, as appropriate.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, S corporation, or a partnership is the taxpayer's employer identification number. The TIN for an individual is the taxpayer's social security number or an IRS individual taxpayer identification number. Taxpayers that fail to include their TIN may be subject to a penalty.

The credit for healthy forest enterprises is in lieu of the defense contracting credit, under ARS § 43-1077 or ARS § 43-1167 (claimed on Arizona Form 345); the enterprise zone credit, under former ARS § 43-1074 or former ARS § 43-1161 (claimed on Arizona Form 304); the military reuse zone credit, under ARS § 43-1079 or ARS § 43-1167 (claimed on Arizona Form 306); and The number of qualified employment positions on which the credit can be computed cannot exceed 200 per year per taxpayer. For example, if a taxpayer has several healthy forest enterprises, the taxpayer would add up the net increase in qualified employment positions for all enterprises and compute the credit on that number or 200, whichever is the lesser amount. If the net increase is being computed for a group of corporations filing a combined or consolidated Arizona corporate income tax return, that group is considered a single taxpayer and therefore entitled to use no more than 200 positions for its credit calculation. Co-owners of the same enterprise(s) are similarly limited to the lesser of the net increase in qualified employment positions or 200. Each co-owner would get a pro rata share of the credit. Therefore, although a taxpayer may have more than 200 filled qualified employment positions, the taxpayer must select which of those positions occupied by employees that meet the following criteria are considered qualified employment positions.

NOTE: The business must employ at least three new employees in qualified employment positions in the first taxable year in which the credit is claimed.

**EMPLOYEES IN QUALIFIED POSITIONS**

1. Must be Arizona residents on their hire date.
2. Must be permanent, full-time employees in positions that require at least 1,550 hours per year. The 1,550 hour requirement does not include overtime hours. If forest closures or weather conditions beyond the taxpayer’s control result in a shorter period, this would not disqualify the employee so long as the position is still permanent and full-time, and all other qualifications are met.
3. Must have duties that primarily involve or directly support the harvesting, transporting or the initial processing of qualifying forest products for commercial use.
4. Must be compensated at wages equal to or greater than the wage offer of the county, as computed annually by the Department of Economic Security research administration division.
5. Cannot have been employed by the business within the twelve months preceding their hire date.
6. Must have been employed for at least ninety days during the first taxable year. An employee who is hired during the last ninety days of the taxable year shall be considered a new employee during the following taxable year.
7. Must have employer-provided health insurance coverage, a portion of which must be paid for by the employer. The employer must pay for at least twenty-five percent of the premium or membership cost of the insurance program in the third year the employer claims the credit for healthy forest enterprises. The employer must pay at least forty percent of this cost in the fourth year it claims the credit, and at least fifty percent of the cost in the fifth year it claims the credit.

**Computing the amount of credit allowable**

The credit is based on the net increase in the number of qualified employment positions created and filled by businesses operating Healthy Forest Enterprises. The credit itself is computed using the wages of qualified employees of the

**General Instructions**

A.R.S. §§ 43-1076 and 43-1162 allow a business that operates a healthy forest enterprise to receive a nonrefundable credit against individual and corporate income tax liabilities for taxable years beginning from and after December 31, 2004 through December 31, 2014. In order to obtain the credit for healthy forest enterprises, the business must be a qualified healthy forest enterprise, as certified by the Arizona Commerce Authority. The business must provide a copy of its Arizona Commerce Authority certification to the Department of Revenue for approval before using the certification to obtain this credit.

### Computing the amount of credit allowable

The number of qualified employment positions on which the credit can be computed cannot exceed 200 per year per taxpayer. For example, if a taxpayer has several healthy forest enterprises, the taxpayer would add up the net increase in qualified employment positions for all enterprises and compute the credit on that number or 200, whichever is the lesser amount. If the net increase is being computed for a group of corporations filing a combined or consolidated Arizona corporate income tax return, that group is considered a single taxpayer and therefore entitled to use no more than 200 positions for its credit calculation. Co-owners of the same enterprise(s) are similarly limited to the lesser of the net increase in qualified employment positions or 200. Each co-owner would get a pro rata share of the credit. Therefore, although a taxpayer may have more than 200 filled qualified employment positions, the taxpayer must select which of those positions occupied by employees that meet the following criteria are considered qualified employment positions.
positions should be used for computing the allowable credit. The same employees who are used to compute the first year credit are used to compute the second and third year credits. Once the taxpayer has determined which employees it will use to compute the credit, the credit amount allowed per employee is applied. Only employee wages incurred during the period the taxpayer has been certified may be used for this calculation. The credit amount per employee depends on the employee’s year of employment, as follows.

First year employees: The lesser of $500 or one-fourth of the taxable wages paid to an employee in a qualified employment position in the first year or partial year of employment.

Second year employees: The lesser of $1,000 or one-third of the taxable wages paid to an employee in a qualified employment position in the second year of continuous employment.

Third year employees: The lesser of $1,500 or one-half of the taxable wages paid to an employee in a qualified employment position in the third year of continuous employment.

The number of qualified employment positions determined in the first year will never increase in the second or third year. Only the same positions that were qualified in the first year can be used to compute the credits in the two subsequent years.

Co-owners of a business, including partners in a partnership and shareholders of an S corporation, may each claim only a pro rata share of the allowable credit based on the ownership interest. The total of the credits allowed all owners may not exceed the amount that would have been allowed for a sole owner of the business.

### Specific Instructions

Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Check the box to indicate the year the form represents for claiming the credit. Attach all supporting forms to the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, S corporation, or a partnership is the taxpayer's employer identification number. The TIN for an individual is the taxpayer's social security number or an IRS individual taxpayer identification number. Taxpayers that fail to include their taxpayer identification number may be subject to a penalty.

### Part I - Business Information

**Lines 1 and 2 -**
Enter the name and taxpayer identification number of the Healthy Forest Enterprise. For a corporation, partnership, or an S corporation, use the taxpayer's employer identification number (“EIN”).

### Part II - Average Number of Full-Time Employees

Use these lines to calculate the difference in the average number of full-time employees that worked for the Healthy Forest Enterprise in this taxable year and the average for the immediately preceding taxable year. The following worksheet can be helpful in figuring the average. The column for each year corresponds to lines 3 and 4 on page one of Form 332. On lines 1 through 12 of the worksheet, enter the number of full-time employees employed at the end of each month of the year indicated. If the enterprise was not in operation in the immediately preceding taxable year, that year’s average is zero. Once the schedule has been completed, enter the results on page one of Form 332.

**Line 5 - Net Increase in Average Number of Full-Time Employees**

Subtract the amount on line 4 from the amount on line 3. If the result contains a decimal, enter the whole number only - do not round up. This is the net increase in the average number of full-time employees. If the result is zero, the enterprise cannot claim a Healthy Forest Enterprise income tax credit for qualified employment positions created during the current taxable year. If the amount is greater than zero, enter the result here and in Part III, line 7.

### Part III - Net Increase in Qualified Employment Positions

**Lines 6 through 8 -**
Enter the total number of filled qualified employment positions created during the current taxable year on line 6. The business must employ at least three new employees in qualified employment positions in the first taxable year it claims the credit. If a qualified employment position is filled during the last ninety days of the taxable year, it is considered a new qualified employment position for the next taxable year. A newly created position is a qualified employment position on the date that it meets all of the requirements for a qualified employment position.
Compare the amounts on lines 6 and 7. Enter the lowest of the numbers on line 8.

**Part IV - Limitation on Number of Qualified Employment Positions**

Compare the amounts on lines 8 and 9. Enter the lower number on line 10. This is the maximum number of positions on which you may compute the credit.

Before completing Part V, lines 11 through 14, of Arizona Form 332, complete the Arizona Forms 332-1 and 332-2. Use additional sheets if necessary.

**FORM 332-1 QUALIFIED EMPLOYEES**

Alternative formats prescribed by the department may also be used to file this form. For example, the department will accept a hard copy spreadsheet that contains all the requested information or the information may be compiled with a spreadsheet program such as Microsoft Excel and submitted on a CD-ROM or DVD-ROM. The chosen media must be Microsoft Windows compatible. Regardless of the form, the information must be filed on or before the due date of the tax return including any extensions.

Taxpayers submitting the information on CD-ROM or DVD-ROM should attach a statement to Form 332 in the tax return stating that the information is being separately submitted in that format. Forms 332-1 and 332-2 submitted on CD-ROM or DVD-ROM are part of the income tax return and are subject to the sworn statement on the return that they are true and correct to the best of the signer’s knowledge and belief.

The CD-ROM or DVD-ROM should be labeled as Forms 332-1 and 332-2, with the taxpayer’s name, employer identification number and taxable year listed. Send the information directly to:

Arizona Department of Revenue  
Attn: Corporate Office Audit/Healthy Forest Credits  
1600 West Monroe  
Phoenix, AZ 85007

Complete a Form 332-1 for each qualified employee. Include the employee’s name, social security number, and the date each employee was hired. If an employee’s job duties do not involve or directly support the harvesting, transporting or initial processing of qualifying forest products in a qualified project, the employee is not in a qualified employment position. Do not complete a Form 332-1 for employees that are not in qualified employment positions. These employees should not be listed on Form 332-2, and will not be used to compute the credit.

**FORM 332-1, LINE 6** - complete this line if the employee was previously employed by the business (prior to current employment).

**FORM 332-1, LINES 9a AND 9b** - on line 9a, enter the total amount of the insurance premium or membership cost provided for the employee. If the business is self-insured, list the total amount of a predetermined fixed cost for the employee for an insurance program that is payable whether or not the employee has filed claims. On line 9b, enter the total amount of the insurance premium or membership cost paid by the employer.

**FORM 332-2 QUALIFIED EMPLOYEES FOR WHICH YOU ARE TAKING A CREDIT**

Complete the requested information for each employee in a qualified employment position for whom you are taking the credit. Utilize Forms 332-1 and 332-2 to complete Part V, lines 11 through 14 on page one of Form 332.

Part VI - Credit Recapture
Lines 15 through 20 -
If your healthy forest enterprise has had its qualification terminated or revoked within five taxable years after you first received the credit for a healthy forest enterprise, you must recapture a percentage of the total credit you took in all prior years. How much credit you must recapture depends on the year you first received the credit, and how long ago it was. The percentage of credit you must recapture is shown in the following table.

<table>
<thead>
<tr>
<th>If you first received the credit</th>
<th>The percentage is</th>

</tr>
<tr>

</tr>
<tr>

</tr>
</tbody>
</table>

If the qualification was revoked due to reasons beyond the control of the business as determined by the Arizona Commerce Authority, you do not have to recapture the credit. If you are required to recapture the credit, complete Part VI as instructed on the form.

Part VII - S Corporation Credit Election and Shareholder’s Share of Credit and Credit Recapture

The S corporation must complete this portion of the Form 332 in order for the S corporation or its shareholders to claim this credit. The S corporation must make an irrevocable election either to claim the credit or to pass the credit through to its shareholders. The election statement on line 21 must be signed by one of the officers of the S corporation who is also a signatory to the Arizona Form 120S.

If the S corporation elects to pass the credit through to its shareholders, it must first complete Form 332, Parts I through VI, then complete Part VII, lines 22 through 24, separately for each shareholder. If the S corporation has been notified of a credit recapture for a credit it passed through to its shareholders, it must also complete line 25 for each shareholder.

Each S corporation shareholder is entitled to only a pro rata share of pass-through credit based on ownership interest in the S corporation. The total of the credit allowed to all shareholders may not exceed the amount that would have been allowed for a sole owner.

The S corporation must furnish each shareholder with a copy of the completed Form 332. Each shareholder would then complete Parts IX through XI.

Part VIII - Partner’s Share of Credit and Credit Recapture

A partnership must complete Form 332, Parts I through VI, then complete Part VIII, lines 26 through 28, separately for each partner. If the partnership has been notified of a credit recapture, it must also complete line 29 for each partner.

Each partner is entitled to only a pro rata share of the credit based on the partner’s ownership interest in the partnership. The total of the credit allowed to all partners may not exceed the amount that would have been allowed for a sole owner.

The partnership must furnish each partner with a copy of the completed Form 332. Each partner would then complete Parts IX through XI.

Credit for Motion Picture Production Costs

ARS §§ 43-1075 and 43-1163 provide transferable individual and corporate income tax credits against tax liabilities for motion picture production companies that produce motion pictures completely or partially in Arizona. “Motion picture” is defined as a single medium or multimedia program including commercials, music videos or a television series. The credit is effective from and after December 31, 2005 through December 31, 2010.

The credit is based on a percentage of motion picture production costs that a motion picture production company has in Arizona that are directly attributable to the production of the motion picture in Arizona.

The tax credit is in lieu of a deduction for the expenses for which the credit is claimed. An addition to Arizona gross income is required for the amount of the expenses included in the computation of federal taxable income for which the Arizona tax credit is claimed. For example, if a taxpayer computes its $30,000 credit on $100,000 of expenses, the taxpayer must add $100,000 to federal taxable income.

No credit will be allowed to any taxpayer who has a delinquent tax balance owed to the Department of Revenue.

In order to obtain the credit for motion picture production costs, a motion picture production company must have received preapproval from the former Arizona Department of Commerce by December 31, 2010. The motion picture production company must obtain postapproval from the former Arizona Department of Commerce or the Arizona Commerce Authority (hereafter, referred to as “Commerce”) prior to claiming the credit. The credit may be claimed on the first tax return due after the postapproval has been received, but not before the tax year of the preapproval (“allocation year”). The allocation year is the calendar year to which the credit was applied to the annual credit cap. This date will be noted on the postapproval document. For example, Company A, a motion picture production company, is a calendar year filer. Company A received preapproval from Commerce for producing Motion Picture B on March 10, 2006, and received its postapproval on March 16, 2008. Because the credit is allocated to the year in which the credit is applied to the cap, Company A’s credit is allocated to 2006, and 2006 is the first year of the credit. However, because Company A must claim the credit on the first return due after the postapproval, the first year in which Company A may claim the credit is 2007.

Credit Transfer

Form 334-1 - Schedule of Credit Transfers

Arizona law allows you to obtain the motion picture credit from other entities, and to transfer your credit to other entities. Use Form 334-1 to record transfers you made to, and received from, other entities.

Check a box to indicate the allocation year of the credit. Check only one box. Complete a separate Form 334-1 for transfers related to each allocation year. For example, if the taxpayer is transferring credits from both 2007 and 2008, the taxpayer would complete one Form 334-1 for 2007 and complete a separate Form 334-1 for 2008.

Complete Part I to record the credits you have received as transfers from other entities. If you received a credit as a transfer directly from the motion picture company that originated the credit, enter the name and TIN of the motion picture company in column (a). In column (b), write “same as transferor.” If you received the credit from an entity other than the motion picture company, enter that entity information in column (a), and the information of the motion picture company in column (b).
Complete Part II to record the credits you transferred to others. In column (h), enter any credit balance you have remaining on a credit you transferred to someone else. If you have no balance remaining, write zero in column (h).

**Form 334-E and Form 334-O - Notice of Transfer**

Complete Form 334-E or Form 334-O as instructed on the form.

**Authorized contact person:** List the name and telephone number of the individual who Department of Revenue employees may contact with questions about this form. Confidential information may be disclosed to a principal officer, any person designated by a principal officer, any person designated in a resolution by the corporate board of directors or other similar governing body, or to an individual designated as an authorized representative in a valid power of attorney. A principal corporate officer of a parent corporation may execute a written authorization for a controlled subsidiary. Refer to Arizona General Tax Ruling GTR 02-1 for additional information on the definition of a controlled subsidiary. IF THIS INDIVIDUAL IS NOT A PRINCIPAL OFFICER, OR IS NOT DESIGNATED AS AN AUTHORIZED REPRESENTATIVE IN A VALID POWER OF ATTORNEY, THE TAXPAYER UNDERSTANDS AND AGREES THAT CONFIDENTIAL INFORMATION MAY BE DISCLOSED TO THIS INDIVIDUAL.

**NOTE:** Both the transferor and transferee must report transfers to the department within thirty days of the transfer. Transferees file Form 334-O while transferees file Form 334-E. Do not file the forms with Form 334. Instead, file them to this address: Arizona Department of Revenue, Office of Economic Research and Analysis, PO BOX 25248, Phoenix, AZ 85002.

### Carryover Period

The credit for motion picture production costs may be carried forward and used against not more than five consecutive taxable years’ income tax liabilities.

The carryover period is determined by the allocation year of the motion picture production company that originated the credit. The allocation year is the calendar year to which the credit was applied to the annual credit cap. This date will be noted on the postapproval document received from Commerce.

**Example 1:** Company C, a motion picture production company, is a calendar year filer. Company C received preapproval from Commerce for producing Motion Picture D on January 3, 2006. Because the credit is allocated to the year the credit is applied to the annual credit cap, 2006 is the allocation year; 2006 is also the first year of the credit.

Company C received its postapproval for Motion Picture D on October 10, 2006. Company C claims the credit on the first return due after the postapproval, but not before the allocation year. The first year in which Company C may claim the credit is 2006. Because the carryforward period begins with the first year after the allocation year, 2007 is the first year of the carryover period.

If Company C transfers the credit to Company E during Company E’s 2007 tax year (year one of the carryover period), Company E may use the credit to apply against its 2007 tax liability. If Company E transfers the credit in 2008 to Company F, Company F would be using the credit in the second carryover year. There would be three more consecutive calendar years remaining in the carryover period. A credit allocated to the 2006 annual credit cap can be carried forward through calendar year 2011.

**Example 2:** Company G, a motion picture production company, is a calendar year filer. Company G received preapproval from Commerce for producing Motion Picture H on March 9, 2007. Because the credit is allocated to the year the credit is applied to the annual credit cap, 2007 is the allocation year; 2007 is also the first year of the credit.

Company G received its postapproval for Motion Picture H on March 16, 2009. Because Company G can claim the credit on the first return due after postapproval, the first year in which Company G may claim the credit is 2008. Because the carryforward period begins with the first year after the allocation year, 2008 will also be the first year of the carryover period.

If Company G transfers the credit to Company I during the Company I’s 2009 tax year (year two of the carryover period), Company I may use the credit to apply against its 2009 tax liability. If Company I transfers the credit to Company J in 2010, then Company J would be using the credit in the third carryover year. There would be two more consecutive taxable years remaining in the carryover period. A credit allocated to the 2007 annual credit cap can be carried forward through calendar year 2012.

**NOTE:** The credit for motion picture production costs must be claimed on a timely filed original income tax return, including extensions. Therefore, it may not be claimed on an amended return.

### Credit Recapture

If the motion picture company or other transferee was not qualified or was disqualified from using the credit at the time of transfer, the department is required to either disallow the credit claimed by the transferee, or recapture the credit from the transferee. The department may require that the transferee file an amended return to recapture the credit. The transferee’s recourse is against the transferee. The transferor of a disqualified credit should advise the transferees of the disqualification. A pass-through entity that has passed a disqualified credit should advise the transferees of the disqualification. The department may require that the transferee file an amended return to recapture the credit. The transferee’s recourse is against the transferee. The transferor of a disqualified credit should advise the transferees of the disqualification.

Contact the department’s audit section for details.
Specific Instructions

Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Attach the completed form to the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, an S corporation, or a partnership is the taxpayer's employer identification number. The TIN for an individual is the taxpayer's social security number or an IRS individual taxpayer identification number. A taxpayer that fails to include its TIN may be subject to a penalty.

If you did not originate the credit, but received the credit as a transfer, skip Parts I through IV. Complete Part V and Form(s) 334-1.

Part I - Individual who Will Maintain Records of Expenditures in Arizona

In this area, write the name, address, and telephone number of the person who will keep the records of the expenditures the company has in Arizona. If more than one individual will keep the records, attach an additional schedule.

Your tax information on file with the department is confidential. The department cannot discuss your tax information with anyone else, unless you have authorized the department to release confidential information to that person. You may use Form 285 to authorize the department to release confidential information to the individual(s) you have named in Part I, or any appointee you choose. See Form 285 for details.

Part II - Listing of Postapproved Productions

Lines 1 through 4 -

In Part II, list all of your productions that Commerce postapproved that are eligible to be claimed on this year's tax return. Credits for motion picture production costs are eligible to be claimed on the first tax return due after the postapproval date, including extensions. Write the allocation year in column (a)1. The allocation year is the calendar year to which the credit was applied to the annual credit cap. This date will be noted on the postapproval document received from Commerce. Commerce has assigned each production a priority placement number, which should be the same on both preapproval and postapproval documents. List this number in column (a)3.

If the company entered into a limited managed audit agreement, list the approved credit amount based on the Motion Picture Tax Credit Certificate. Otherwise, enter the approved credit amount per the postapproval document.

If you do not have enough lines on the form to enter all of the productions eligible to be claimed this tax year, attach a schedule that shows all of the information Part II requires. Enter the total approved credit amount from all attached schedules on line 3. Add lines 1 through 3, and enter the total on line 4. This is the total credit for motion picture production costs.

Because the allocation year in column (a)1 is 2010 or prior, the credit for motion picture production costs is already in the five year carryover period. Enter the amount for each production from Part II, column (b) in Part V, on line 13, in the column corresponding with the allocation year in Part II, column (a)1.

Complete Form 334-1 before completing the rest of Form 334.

FORM 334-1

Complete Form(s) 334-1; check the box to indicate the allocation year in which the credit was originated. Complete a Form 334-1 for each allocation year. List all transferred credits on Form(s) 334-1. Refer to Form(s) 334-1 to determine amounts needed for Form 334, Part V, lines 14 or 17. For example, if a taxpayer transfers a credit in the amount of $50,000 from the 2007 allocation year, in addition to completing Form 334-1, Part II, the taxpayer would enter $50,000 on Part V, line 17 in the column for 2007.

FORM 334

NOTE: Because all motion picture production cost credits are beyond the allocation year, they are already in the carryover period. All credits claimed in Part II should be entered in Part V, line 13 of the allocation year of the credit.

Part III - S Corporation Credit Election and Shareholder’s Share of Credit

Lines 5 through 8 -

S corporations must complete this portion of Form 334 in order for the S corporation or its shareholders to claim the credit. The S corporation must make an irrevocable election either to claim the credit or to pass the credit through to its shareholders. The election statement must be signed by one of the officers of the S corporation who is also a signatory to the Arizona Form 120S.

If the S corporation elects to pass the credit through to its shareholders, it must first complete Form 334, Parts I and II, then complete Part III, lines 6 through 8, separately for each shareholder. The S corporation may determine the amount of pass-through credits on any basis, without regard to ownership interest. The total of the credits allowed to all shareholders may not exceed the amount that would have been allowed for a sole owner.

The S corporation must furnish each shareholder with a copy of the completed Form 334. Each shareholder would then complete Part V.

Part IV - Partner’s Share of Credit

Lines 9 through 11 -

A partnership must complete Form 334, Parts I and II, then complete Part IV, lines 9 through 11, separately for each partner. The partnership may determine the amount of pass-through credits on any basis, without regard to ownership interest. The total of the credits allowed to all partners may
not exceed the amount that would have been allowed for a sole owner.

The partnership must furnish each partner with a copy of the completed Form 334. Each partner would then complete Part V.

**Part V - Available Credit Carryover - Motion Picture Production Costs**

**Lines 12 through 20 -**

Use Part V to figure your total available credit carryover for motion picture production costs. Complete lines 12 through 20, columns (a) through (f), if you claimed the credit on a prior year’s return and the credit was more than your tax, or because the credit originated on this year’s tax return was from a prior allocation year.

Enter the allocation year(s) on line 12. The allocation year is the calendar year to which the credit was applied to the annual credit cap. This date will be noted on the postapproval document received from Commerce. On line 13, enter the credit originally computed for that allocation year. On line 14, enter the total of any credit transfers you received that were originated in that allocation year. Add lines 13 and 14 together and enter the result on line 15. On line 16, enter the amount of the credit originated in that allocation year which you have already used. Enter the amount of credit from that allocation year that you transferred to other entities on line 17. On line 18, enter the total amount of credit that you can no longer use because it was disallowed, recaptured, or has expired. Subtract the sum of the amounts on lines 16 through 18 from line 15, and enter the difference on line 19. Add the amounts entered on line 19, columns (a) through (e) and enter the result on line 20, column (f).

**NOTE:** Be sure to complete and attach Form(s) 334-1, one for each allocation year transferred credits were originated from, to detail credit transfers included on lines 14 and/or 17.

The amount on Part V, line 20, column (f) is the available credit carryover for motion picture production costs.

*Corporations and S corporations* - enter the amount on Part V, line 20, column (f) on Form 300, Part I, line 14.

*Individuals* - enter the amount on Part V, line 20, column (f) on Form 301, Part I, line 20.

GENERAL INSTRUCTIONS

A.R.S. § 43-1183 provides a nonrefundable corporate income tax credit for contributions made to a school tuition organization that provides scholarships or grants to qualified schools. The corporate income tax credit is available for contributions made from and after June 30, 2006. For donations made from and after July 29, 2010, the school tuition organization must be certified pursuant to Chapter 15 of Title 43 at the time of donation.

The unused portion of this tax credit may be carried forward for five succeeding taxable years. The amount of total credits the Department of Revenue may allow cannot exceed $10 million in the first fiscal year. This amount will increase by 20% in each following fiscal year. The state’s fiscal year begins on July 1, and ends on June 30 of the following year.

The tax credit is equal to the amount the Department has preapproved, if the taxpayer has made that amount of contribution to the school tuition organization within ten days of when the school tuition organization notified the taxpayer of the preapproval.

The tax credit is available only to corporate taxpayers. A partnership may pass this credit through only to its corporate partners, each of which may claim a pro rata share of the credit based on ownership interest. An S corporation may only claim this credit against income Arizona is taxing at the corporate level.

The children who receive educational scholarships or tuition grants under this program must either be enrolling in a qualified school’s kindergarten program, or be transferring from governmental primary or secondary schools to the qualified school. Transferring students must have attended governmental schools as full-time students for at least 100 days of the prior fiscal year.

Students who receive an educational scholarship or tuition grant under this program may be eligible for another scholarship or tuition grant in a subsequent year, if they continue to meet the requirements and attend a qualified school.

Contributions designated as being for the direct benefit of any specific student will not qualify for the credit. This credit is in lieu of any deduction taken under IRC § 170 for state tax purposes. A taxpayer shall not claim a credit for this credit and the credit provided under A.R.S. § 43-1184, claimed on Arizona Form 341, with respect to the same contribution.

CREDIT PREAPPROVAL PROCEDURE

Before claiming the credit, obtain a copy of the school tuition organization’s preapproved application. Attach a copy of the preapproved application to Form 335. Failure to do so could result in a disallowance of this credit.

The Department will preapprove the credits on a first-come, first-served basis. The preapproval process works as follows:

- Before making the contribution, the taxpayer notifies the school tuition organization of the intended amount.
- The school tuition organization requests preapproval from the Department of Revenue.
- The Department of Revenue preapproves or denies the request within twenty days after it has received the request, and notifies the school tuition organization.
- If the request is preapproved, the school tuition organization notifies the taxpayer immediately.
- The taxpayer must make the contribution within ten days of receiving notice from the school tuition organization.

QUALIFIED SCHOOL TUITION ORGANIZATION REQUIREMENTS

The school tuition organization receiving contributions under this program must meet the following criteria in order for the contributions to be eligible for this credit. It must:

- Be tax exempt under Section 501(c)(3) of the Internal Revenue Code.
- Allocate ninety percent of its annual revenue for educational scholarships or tuition grants to children to allow them to attend any qualified school of their parents’ choice.
- Use at least ninety percent of the contributions it receives under this program to fund scholarships or tuition grants to children whose family income does not exceed 185% of the income limit required to qualify a child for reduced price lunches under the national school lunch and child nutrition acts.
- For 2011, limit each educational scholarship or tuition grant to $4,700 or less for kindergarten through eighth grade students, and to $6,000 for students in grades nine through twelve. Each limitation will each increase by $100 in each subsequent program year.

QUALIFIED SCHOOL REQUIREMENTS

A “qualified school” is a nongovernmental primary or a secondary school that:

- Is located in Arizona.
- Does not discriminate on the basis of race, color, handicap, familial status, or national origin.
- Satisfies the requirements prescribed by law for private schools in Arizona on January 1, 2005.
- Annually administers and makes available to the public the aggregate test scores of its students on a nationally standardized norm-referenced achievement test.

Part I - Current Taxable Year’s Credit Calculation

List each school tuition organization’s name, address, credit approval number, and approved contribution amount. If you made contributions to more than ten organizations, complete and attach additional schedules.

Partnerships must complete Form 335, Part I. The partnership must complete Part II, lines 12 through 14, separately for each corporate partner.

Each corporate partner is entitled to only a pro rata share of the credit based on the corporate partner’s ownership interest in the partnership. The total of the credit allowed to all corporate partners may not exceed the amount that would have been allowed for a sole owner.

The partnership must furnish each corporate partner with a copy of the completed Form 335. Each corporate partner would then complete Parts III and IV.

Part III - Available Credit Carryover

In column (c), enter the amount of the credit from that taxable year which you have already used. Credit Eligibility

To be eligible for this credit, the Arizona Commerce Authority (ACA) must have issued the taxpayer a credit certificate that includes an identifying number. To obtain a credit certificate, the taxpayer must follow the procedures outlined by the ACA. These procedures include the requirement that the taxpayer file an application with the ACA so that the ACA can determine whether the project meets the criteria for the purpose of this tax credit. Once the ACA determines that the project meets the criteria, the ACA will issue an initial certification of the project. To receive a credit certificate, the taxpayer must file additional information to the ACA once the installation is complete. For more information on how to make an application for this credit with the ACA, visit www.azcommerce.com.

Solar Energy Devices

For the purpose of this credit, a solar energy device means a system or series of mechanisms designed primarily to provide heating, to provide cooling, to produce electrical power, to produce mechanical power, to provide solar day lighting or to provide any combination of the foregoing by means of collecting and transferring solar generated energy into such uses either by active or passive means, including wind generator systems that produce electricity. Solar energy systems may also have the capability of storing solar energy for future use. Passive systems shall clearly be designed as a solar energy device, such as a trombe wall, and not merely as a part of a normal structure, such as a window.

The person who sells or installs the solar energy device must furnish the taxpayer with an accounting of the cost.

Line-by-Line Instructions

Enter the names and taxpayer identification numbers (TIN) as shown on Form 140, 140NR, 140PY, 140X, 120, 120A, 120S, 120X, 165, 99, or 99T. If the taxpayer is an exempt organization that is not required to file Arizona Form 99 or 99T, enter the organization’s name and employer identification number (EIN). Fiscal year basis taxpayers must indicate the period covered by the taxable year. Attach the completed form to the tax return. Exempt organizations must file this form as noted under the heading titled “Tax Exempt Organizations.”

All returns, statements, and other documents filed with the Department of Revenue (Department) require a taxpayer identification number (TIN). The TIN is either a correct SSN or, for a business, the EIN. Paid tax preparers must also include their TIN on forms where requested. Taxpayers and paid preparers who fail to include the preparer TIN may be subject to a penalty. Please check the return to be sure that all required identification numbers are accurate and written clearly. Missing, incorrect, or unclear identification numbers may cause delays in processing the return.
Part I - Eligibility

Lines 1 and 2 -
Answer the questions on lines 1 and 2. If you answer “NO” to either question 1 or question 2, you do not qualify for this credit. In this case, do not complete form 336.

Part II - Credit Computation for Installing Qualifying Devices

Lines 3 through 16 -
Use lines 3 through 16 to figure your credit for installing one or more solar energy devices for commercial, industrial, or nonresidential purposes on your business property located in Arizona.

If you have installed more than one device on the same building during the same taxable year, complete your own separate schedule for each device installed on that building. The separate schedules should show the information required on lines 5 through 9 for a single device. Enter the aggregate amount for all devices installed on the same building in the column designated for that building. When you file your return, attach your separate schedules along with Form 336 to your return. Exempt organizations must file this form as noted under the heading titled “Tax Exempt Organizations.”

If you have installed devices on more than three buildings, complete an additional schedule. The additional schedule should show the same information that is shown on the form for the first three buildings.

Complete lines 3 through 16 as instructed on the form.

Part III - Allowable Credit Transferred to You as a Third Party

Lines 17 through 19 -
Use lines 17 through 19 to claim a credit if you are the third party to which the taxpayer transferred the credit. The credit may be transferred to you as a third party only if you financed, installed or manufactured the solar energy device.

Line 17 - Credit Limitation
The total credit allowed in any given tax year cannot exceed $50,000. Line 17 limits the amount of credit allowed to be claimed in both Part II and Part III to the $50,000 maximum. Complete Line 17 as instructed on the form.

Line 18 - Credits Transferred to You as a Third Party
Enter the amount from Form 336, Part IV, line 24 received from the taxpayer otherwise eligible for the credit. If more than one taxpayer has transferred a credit to you as the third party, enter the aggregate amount from Part IV, line 24 from all Forms 336 received from the transferors.

NOTE: If claiming the credit as a third party, you must attach a copy of the Form 336 from which the credit was transferred. If you are claiming a credit from more than one taxpayer, attach all Forms 336 from which the credits were transferred.

Line 19 - Allowable Credit to Third Party
Enter the smaller of line 17 or line 18. This is the amount of credit allowable to you as a third party.

Part IV - Taxpayer’s Third Party Election

Lines 20 through 25 -
All taxpayers claiming the credit must complete Part IV. The taxpayer must make an irrevocable election either to claim the credit or to transfer the credit to a third party. The credit may be transferred to a third party that financed, installed or manufactured the solar energy device.

If a taxpayer makes the election to transfer the credit to a third party, the taxpayer must transfer the entire credit allowable for that device to the third party. The taxpayer may not use a portion of the credit and also allow the third party to use a portion of the credit. However, if the taxpayer has installed more than one device, the taxpayer may claim the credit for one device and transfer the credit for the second device to a third party.

The taxpayer must sign the election statement. In the case of a corporation, the election must be signed by one of the officers of the corporation who is also a signatory to the Arizona Form 120, Form 120A or Form 120S. In the case of a partnership, the election must be signed by a partner who is also a signatory to the Arizona Form 165. In the case of a tax exempt organization, the election must be signed by an officer of the organization.

If you have credits for multiple devices that you are transferring to more than one third party, complete a separate Form 336 for each third party to which you are transferring a credit. On line 25, enter the total amount of the credit transferred to all third party organizations. If you are transferring the credit to only one third party organization, enter the amount from line 24 on line 25.

NOTE: If you are not transferring any credit to a third party, enter zero on both lines 24 and 25.

The taxpayer must furnish each third party with a copy of the completed Form 336. The third party will use the information from Part IV, line 24 to complete its own Form 336 to claim the credit.

### General Instructions

ARS § 43-1182 provides a nonrefundable corporate income tax credit for the installation of a water conservation system plumbing stub out in each house or dwelling unit constructed by the taxpayer. The houses or dwelling units must be located in Arizona.

The tax credit applies to taxable years beginning from and after December 31, 2006 and ending before January 1, 2012. The amount of total credits the Department of Revenue may allow cannot exceed $500,000 for each calendar year.

**NOTE:** Calendar year 2011 is the last year to establish a new credit for water conservation system plumbing stub outs. Taxpayers with a fiscal year ending in 2012 do not qualify to establish a credit for 2011. Carryovers will be allowed for not more than five taxable years.

Qualifying installations of water conservation system plumbing stub outs must:

- Comply with rules that are adopted by the Department of Environmental Quality that relate to the recovery and disposal of gray water that is separate and distinct from the regular plumbing system.
- Meet applicable local building codes.

The amount of the credit is equal to the lesser of $200 or the installation cost for each installation of a water conservation system plumbing stub out in each separate house or dwelling unit.

The tax credit is in lieu of a deduction for the expenses of installing the water conservation system plumbing stub outs for which the credit is claimed.

The credit is available only to corporate taxpayers. A partnership may pass this credit through only to its corporate partners. While an S corporation may claim this credit, the S corporation may not pass this credit through to its shareholders.

Co-owners of a business, including corporate partners of a partnership, may each claim only the pro rata share of the credit allowed based on the ownership interest. The total of the credits allowed all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

If the allowable tax credit exceeds the taxes otherwise due, or if there are no taxes due, the amount of the credit not used to offset taxes may be carried forward for not more than five consecutive taxable years as a credit against subsequent years' income tax liability.

### Specific Instructions

Complete the name and employer identification number section at the top of the form. Indicate the period covered by the taxable year. Attach the completed form to the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, an S corporation, or a partnership is the taxpayer's employer identification number. A taxpayer that fails to include its TIN may be subject to a penalty.

Each corporate partner is entitled to only a pro rata share of the credit based on the corporate partner’s ownership interest in the partnership. The total of the credit allowed to all corporate partners may not exceed the amount that would have been allowed for a sole owner.

The partnership must furnish each corporate partner with a copy of the completed Form 337. Each corporate partner must complete Part III and Part IV.

General Instructions

For taxable years beginning from and after December 31, 2006 through December 31, 2019, Arizona law allows a credit for investments made in qualified small businesses. The amount of the credit is the amount determined and authorized by the Arizona Commerce Authority (ACA).

To claim this credit, you must attach a copy of the ACA’s Authorization of Tax Credits to your income tax return. You must claim the credit on a timely filed return filed for the tax year in which the credit is available. A timely filed return is a return that you file by the return’s original or extended due date. If you fail to timely file a return claiming the credit for a taxable year, the credit expires for that taxable year and there is no carryforward of the expired credit.

If the allowable tax credit is more than your tax liability or if you have no tax liability, you may carry the unused credit forward for up to the next 3 consecutive tax years.

This credit is available to individuals only. A corporation, including an S corporation, may not claim this credit. However, an S corporation may pass the credit through to its individual shareholders. A partnership may pass the credit through to its individual partners.

The basis of any investment with respect to which you claim a credit must be reduced by the amount of the credit claimed with respect to the investment.

Qualified Small Business Capital Investment Program

The ACA administers the Qualified Small Business Capital Investment program. The ACA cannot allocate tax credits exceeding $20 million during the life of the program. Tax credits are authorized on a first come, first served basis. Income tax credits are equal to 30% or 35% of the investment amount and are claimed over a three year period.

To seek a tax credit under this program, you must submit an application for an Authorization of Tax Credits to the ACA. To obtain an Authorization of Tax Credits, you must document that each investment and the small business meet the eligibility requirements. The ACA will issue an Authorization of Tax Credits after determining eligibility of the investor. For more information about this credit, visit the ACA’s web site at: www.azcommerce.com.

All returns, statements, and other documents filed with the Department of Revenue require a TIN. The TIN is either a correct social security number (SSN) or, for a business, the employer identification number (EIN). Paid tax preparers must also include their TIN on forms where requested. Taxpayers and paid preparers who fail to include a TIN may be subject to a penalty. Please check the return to be sure that all required identification numbers are accurate and written clearly. Missing, incorrect, or unclear identification numbers may cause delays in processing the returns.

**General Instructions**

A.R.S. § 43-1184 provides a nonrefundable corporate income tax credit for contributions made to a school tuition organization that provides scholarships or grants to displaced students or students with disabilities. The credit is available for contributions made from and after August 26, 2009. For donations made from and after July 29, 2010, the school tuition organization must be certified pursuant to Chapter 15 of Title 43 at the time of donation.

The unused portion of this tax credit may be carried forward for five succeeding taxable years. The amount of total credits the Department of Revenue may allow cannot exceed $5 million in any fiscal year. The state’s fiscal year begins on July 1, and ends on June 30 of the following year.

The credit is equal to the amount the Department has preapproved, if the taxpayer has made that amount of contribution to the school tuition organization within ten days of when the school tuition organization notified the taxpayer of the preapproval.

The corporate income tax credit is available only to corporate taxpayers. A partnership may pass this credit through only to its corporate partners, each of which may claim a pro rata share of the credit based on ownership interest. An S corporation may only claim this credit against income Arizona is taxing at the corporate level.

Students who received a grant or scholarship under Title 15, Chapter 9, Article 5, whichever is less.

The school tuition organization receiving contributions under this program must meet the following criteria in order for the contributions to be eligible for this credit. It must:

- Be tax exempt under Section 501(c)(3) of the Internal Revenue Code.
- Allocate ninety percent of its annual revenue for educational scholarships or tuition grants to qualified students to allow them to attend any qualified school of their custodian's choice.
- Use at least ninety percent of the contributions it receives under this program to fund scholarships or tuition grants for displaced or disabled students.
- Limit each educational scholarship or tuition grant to the cost of tuition for a qualified student to attend the qualified school or ninety per cent of the amount of state aid that otherwise would be computed for the student as provided in Title 15, Chapter 9, Article 5, whichever is less.

**QUALIFIED SCHOOL REQUIREMENTS**

A “qualified school” is a nongovernmental primary or secondary school or a preschool for handicapped students that:

- Is located in Arizona.
- Does not discriminate on the basis of race, color, handicap, familial status, or national origin.
- Satisfies the requirements prescribed by law for private schools in Arizona on January 1, 2009.
Specific Instructions

Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Attach the completed form to the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, S corporation, or a partnership is the taxpayer’s employer identification number. Taxpayers that fail to include their TIN may be subject to a penalty.

Part I - Current Taxable Year’s Credit Calculation

List each school tuition organization’s name, address, credit approval number, and approved contribution amount. If you made contributions to more than ten organizations, complete and attach additional schedules.

Add the amount of contributions made to all school tuition organizations listed on lines 1 through 10, and any additional schedule(s). Enter the total on line 11.

Part II - Corporate Partner’s Share of Credit

Partnerships must complete Form 341, Part I. The partnership must complete Part II, lines 12 through 14, separately for each corporate partner.

Each corporate partner is entitled to only a pro rata share of the credit based on the corporate partner’s ownership interest in the partnership. The total of the credit allowed to all corporate partners may not exceed the amount that would have been allowed for a sole owner.

The partnership must furnish each corporate partner with a copy of the completed Form 341. Each corporate partner would then complete Parts III and IV.

Part III - Available Credit Carryover

Use Part III to figure your total available credit carryover from prior taxable years. Complete lines 15 through 20, columns (a) through (d), if you claimed the credit on a prior year’s return and the credit exceeded your tax liability.

Enter the taxable year(s) from which you are carrying over the credit in column (a) on lines 15 through 19. In column (b), enter the credit originally computed for that taxable year. In column (c), enter the amount of the credit from that taxable year which you have already used. The tax year of pre-approval determines the “allocation year.” The allocation year is the calendar year to which the credit was applied to the annual credit cap.

The renewable energy business must enter into a managed review with the Arizona Commerce Authority prior to application for post-approval.

The renewable energy business must obtain post-approval from the Arizona Commerce Authority prior to claiming the credit. The first fifth of the apportioned credit is claimed on the tax return that includes the post-approval date.

For example, Company A, a renewable energy business, is a calendar year filer. Company A received pre-approval from the Arizona Commerce Authority for renewable energy operations on March 10, 2010, and received its post-approval on March 16, 2012. Because Company A completed everything necessary to earn the credit in calendar year 2012, the first fifth of the credit must be claimed on the tax return for calendar year 2012.

### General Instructions
ARS §§ 43-1083.01 and 43-1164.01 provide refundable individual and corporate income tax credits for expanding or locating qualified renewable energy operations in this state. “Renewable energy operations” are limited to manufacturers of, and headquarters for, systems and components that are used or useful in manufacturing renewable energy equipment for the generation, storage, testing and research and development, transmission or distribution of electricity from renewable resources, including specialized crates necessary to package the renewable energy equipment manufactured at the facility. The credit is effective for taxable years beginning from and after December 31, 2009 through December 31, 2014.

The credit is up to 10 percent of the taxpayer’s total capital investment in Arizona. The credit is apportioned and claimed in five equal annual installments in each of five consecutive taxable years.

The credit for renewable energy industry is in lieu of the following credits, with respect to the same employment positions:
- The enterprise zone credit, under former ARS § 43-1074 or former ARS § 43-1161 (claimed on Arizona Form 304);
- The credit for new employment, under ARS § 43-1074 or ARS § 43-1161 (claimed on Arizona Form 345);
- The defense contracting credit, under ARS § 43-1077 or ARS § 43-1165 (claimed on Arizona Form 302);
- The military reuse zone credit, under ARS § 43-1079 or ARS § 43-1167 (claimed on Arizona Form 306).

In order to claim the credit for renewable energy industry, a renewable energy business must apply for and receive pre-approval from the Arizona Commerce Authority (formerly the Arizona Department of Commerce). Once pre-approval is received, the renewable energy business must incur at least $250,000 in qualifying investment within 12 months of pre-approval.

### Credit Recapture
During the pre-approval process with the Arizona Commerce Authority, the applicant must consent to adjustment or recapture of the income tax credit in the case of noncompliance with ARS § 41-1511.

If, within five taxable years after first receiving the credit for renewable energy industry, the Certification of Qualification is rescinded by the Arizona Commerce Authority, the taxpayer is disqualified from the apportioned credits for subsequent taxable years and may be subject to recapture.

On a determination that the taxpayer has committed fraud or relocated outside of this state within five taxable years of first receiving a credit, all credits previously allowed are subject to recapture.

The recapture of the credit is computed by increasing the amount of taxes imposed in the year following the year of termination or revocation by the full amount of all credits previously allowed.
Specific Instructions

Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Attach the completed form to the tax return. All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, an S corporation, or a partnership is the taxpayer's employer identification number. The TIN for an individual is the taxpayer's social security number or an IRS individual taxpayer identification number. A taxpayer that fails to include its TIN may be subject to a penalty.

Part I - Listing of Post-Approved Renewable Energy Operations and Apportioned Credit Amount

Lines 1 through 4 -
In Part I, list renewable energy operations that the Arizona Commerce Authority has post-approved and that have apportioned credit amounts that are eligible to be claimed on this year’s tax return. Credits for renewable energy industry are to be claimed on the tax return that includes the post-approval date and must be filed timely, including extensions.

Write the allocation year in column (a)1. The allocation year is the calendar year to which the credit was applied to the annual credit cap. This date will be noted on the post-approval document received from the Arizona Commerce Authority. The Arizona Commerce Authority has assigned each operation a priority placement number, which should be the same on both pre-approval and post-approval documents. List this number in column (a)3. Enter the apportioned credit amount per the post-approval document in column (b).

If you do not have enough lines on the form to enter all of the apportioned credits required to be claimed this tax year, attach a schedule that shows all of the information Part I requires. Enter the total apportioned credit amounts from all attached schedules on line 3. Add lines 1 through 3, and enter the total on line 4. This is the total apportioned credit for renewable energy industry for this year.

Part II - S Corporation Credit Election and Shareholder’s Share of Credit

Lines 5 through 8 -
S corporations must complete this portion of Form 342 in order for the S corporation or its shareholders to claim the credit. The S corporation must make an irrevocable election either to claim this taxable year's apportioned credit or to pass this taxable year's apportioned credit through to its shareholders. The election statement must be signed by one of the officers of the S corporation who is also a signatory to the Arizona Form 120S.

If the S corporation elects to pass this year's apportioned credit through to its shareholders, it must first complete Form 342, Part I, then complete Part II, lines 6 through 8, separately for each shareholder. Each S corporation shareholder is entitled to only a pro rata share of pass-through credit based on ownership interest in the S corporation. The total of the credits allowed to all shareholders may not exceed the amount that would have been allowed for a sole owner.

The S corporation must furnish each shareholder with a copy of the completed Form 342. Each shareholder would then complete Part IV.

Part III - Partner’s Share of Credit

Lines 9 through 11 -
A partnership must complete Form 342, Part I, then complete Part III, lines 9 through 11, separately for each partner.

Each partner is entitled to only a pro rata share of the credit based on the partner’s ownership interest in the partnership. The total of the credits allowed to all partners may not exceed the amount that would have been allowed for a sole owner.

The partnership must furnish each partner with a copy of the completed Form 342. Each partner would then complete Part IV.

Enter the current year's apportioned credit for renewable energy industry.

Individuals and corporations (including S corporations that elected to claim the credit) - enter the amount from Part I, line 4.

General Instructions

ARS §§ 43-1085.01 and 43-1164.02 provide nonrefundable individual and corporate income tax credits for increased research activities related to solar liquid fuel. This credit is allowed for taxable years beginning from and after December 31, 2010 through December 31, 2021.

Additional credits related to solar liquid fuel will become available in 2016 for production and delivery system costs.

"Solar liquid fuel" means liquid fuel that is generated through processes that use sunlight, carbon dioxide and water to produce infrastructure compatible liquid hydrocarbon fuels.

Co-owners of a business, including partners in a partnership and shareholders of an S corporation, may each claim only the pro rata share of the credit allowed based on the ownership interest. The total of the credits allowed all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

There is no carry forward for the solar liquid fuel credit. This credit must be used on the tax return filed for the taxable year in which the research was conducted.

The solar liquid fuel credit is in lieu of the credit for increased research activities under ARS §§ 43-1074.01 or 43-1168 (claimed on Arizona Form 308-I or Form 308) with respect to the same expenses.

The Arizona solar liquid fuel credit related to increased research is allowed in an amount computed pursuant to IRC § 41 with the following exceptions:

- Qualified research includes only research related to solar liquid fuel conducted in Arizona. The term "qualified research," for purposes of the Arizona tax credit, means qualified research, as defined in IRC § 41, that is conducted in Arizona.

- The amount of the credit is based on the federal regular credit computation method for Arizona qualified research expenses. [Taxpayers CANNOT use the federal alternative credit computation method.] The allowable current taxable year credit is 40 percent of the excess, if any, of the Arizona qualified research expenses for the taxable year, over the base amount.

Specific Instructions

Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Attach the completed form to the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, S corporation or partnership is the taxpayer's employer identification number. The TIN for an individual is the taxpayer's social security number or an IRS individual taxpayer identification number. Taxpayers that fail to include their TIN may be subject to a penalty.

Part I - Current Taxable Year's Credit Calculation

Line 1 -
Enter total wages paid or incurred for qualified services performed in Arizona. Do not include the amount of such wages paid to employees that were used in the calculation of the federal work opportunity credit. Wages include any wages paid or incurred to an employee for qualified services performed by such employee. Qualified services consist of engaging in qualified research or engaging in the direct supervision or direct support of research activities that constitute qualified research.

Line 2 -
Enter the cost of supplies paid or incurred for use in the conduct of qualified research in Arizona. Supplies include expenditures for any tangible property other than land or improvements to land, and property of a character subject to the allowance for depreciation.

Line 3 -
Enter the amount paid or incurred to rent or lease the right to use computers in the conduct of qualified research in Arizona.

Line 4 -
Enter the total of:

(a) Seventy-five percent (.75) of any amount paid or incurred for qualified research performed in Arizona by a qualified research consortium on the taxpayer's behalf. "Qualified research consortium" is any qualifying organization as defined in IRC § 41(b)(3)(C)(ii). CORPORATIONS ONLY: Also include 75 percent of that portion of basic research payments, paid to a university in this state that is a qualified research consortium that does not exceed the qualified organization base period amount.

(b) Sixty-five percent (.65) of any amount paid or incurred for qualified research performed in Arizona on the taxpayer's behalf, other than such amounts paid to a qualified research consortium. Prepaid contract research expenses are considered paid in the year the research is actually done. CORPORATIONS ONLY: Also include 65 percent of that portion of basic research payments, paid to a university in this state that does not exceed the qualified organization base period amount, other than amounts paid to a university in this state that is a qualified research consortium.
Line 6 -
Enter the amount of expenses included on lines 1 through 4 that are related to solar liquid fuel that will be claimed on Form 308-I or Form 308. The solar liquid fuel credit is in lieu of the credit for increased research activities, under ARS §§ 43-1074.01 or 43-1168 (claimed on Arizona Form 308-I or 308) with respect to the same expenses.

Line 8 -
Enter the average annual Arizona gross receipts for the four taxable years preceding the taxable year for which the credit is being determined (the credit year). The taxpayer may be required to annualize gross receipts for any short taxable year.

If 2011 is the first year the taxpayer is in business, the average annual Arizona gross receipts for the preceding taxable years is zero. If the taxpayer has been in business in Arizona for less than four taxable years prior to the credit year, then the average is the sum of annual Arizona gross receipts of the applicable period, divided by the number of taxable years.

Example: ABC Corporation began business in Arizona in 2011. Its annual Arizona gross receipts for 2011 were $100,000. Its annual Arizona gross receipts for 2012 were $200,000. Therefore, ABC Corporation’s average annual Arizona gross receipts for the 2013 credit year is $150,000 ($100,000 plus $200,000) divided by 2).

Line 9 -
Fixed base percentage
Use the same type of formulas to compute your fixed-base percentage for Arizona as you would for computing your federal fixed-base percentage. The difference is that you use Arizona qualified research expense and gross receipts amounts instead of federal amounts. Other than that, the calculations are the same. Round off the percentage to the nearest one, one hundredth of one percent (four decimal places).

If the percentage computation involves de minimis amounts of gross receipts and qualified expenses in a taxable year or short taxable years are involved, the amounts may be annualized or disregarded. Refer to IRC §§ 41(c)(3) and 41(f)(4) for details.

Existing firms and start-up companies
Arizona’s definition of whether an organization is an existing firm or a start-up company is also the same as federal, albeit on an Arizona basis:

- Existing firms - An existing firm is one that had both Arizona gross receipts and Arizona qualified research expenses for at least three taxable years beginning after December 31, 1983, and before January 1, 1989. The fixed-base percentage is the ratio that the aggregate Arizona qualified research expenses for all taxable years beginning after 1983 and before 1989, bears to the aggregate Arizona gross receipts for such taxable years.

- Start-up companies - A start-up company is one that had both Arizona gross receipts and Arizona qualified research expenses either (1) for the first time in a taxable year beginning after December 31, 1983, or (2) for fewer than three taxable years beginning after 1983 and before 1989.

If the percentage computation involves de minimis amounts of gross receipts and qualified expenses in a taxable year or short taxable years are involved, the amounts may be annualized or disregarded. Refer to IRC §§ 41(c)(3) and 41(f)(4) for details.

NOTE: The maximum percentage that can be entered on line 9 is 16 percent (.1600).

Line 12 -
Multiply line 7 by 50 percent (.50). The base amount cannot be less than 50 percent of the current year qualified research expenses. This rule applies both to existing and start-up companies.

Line 14 -
Compute the amount of current year’s credit by multiplying the amount on line 13 by 40 percent (.40).

Part II - S Corporation Credit Election and Shareholder's Share of Credit

Line 15 - S Corporation Credit Election
S corporations must complete line 15. The S corporation must make an irrevocable election to either claim the current taxable year credit or pass the credit through to its shareholders. The election statement must be signed by one of the officers of the S corporation who is also a signatory to the Form 120S. If the S corporation elects to claim the credit itself, it can skip lines 16 through 18 and complete Part IV.

Lines 16 through 18 -
If an S corporation elects to pass the credit through to its shareholders, it must also complete lines 16 through 18.

After the S corporation completes Part I, it must complete Part II, lines 16 through 18, separately for each shareholder. The S corporation must furnish each shareholder with a copy of the completed Form 344. Each shareholder must complete Part IV.

Part III - Partner's Share of Credit

Lines 19 through 21 -
After a partnership completes Part I, it must complete Part III, lines 19 through 21, separately for each partner. The partnership must furnish each partner with a copy of the completed Form 344. Each partner must complete Part IV.

Part IV - Total Available Credit

Line 22 -

Limitation on total number of credits is 400 QEPs per taxpayer each year. See instructions before checking this box.

If you are claiming more than 23 employees in qualified employment positions, complete additional schedules.
To qualify for the credit for new employment, the owner must either, in the taxable year a first year credit is claimed:

- Invest at least $5 million of capital investment and create at least 25 new qualified employment positions within the exterior boundaries of a city or town in Arizona that has a population of fifty thousand.
- Invest at least $1 million of capital investment and create at least 5 new qualified employment positions in any other location in Arizona.

To qualify for the credit for new employment, the qualified employment positions must meet the following requirements:

- Consist of at least 1,750 hours per year of permanent employment.
- The job duties are performed primarily at the location or locations of the business in Arizona.
- The employment provides health insurance coverage for the employee where the employer pays 65% of the premium or membership cost.
- The employer pays at least equal to the median wage by county as computed annually by the Authority.

The credit for new employment for qualified employment positions is equal to:

- $3,000 for each Arizona employee in a qualified employment position in the first year or partial year of employment.
- $3,000 for each Arizona employee in a qualified employment position for the full taxable year, in the second year of continuous employment.
- $3,000 for each Arizona employee in a qualified employment position for the full taxable year, in the third year of continuous employment.

The credit is limited to 400 first year employees, per taxpayer, in any taxable year. The credit is allowed for second and third year employees only for qualified employment positions for which a credit was claimed and allowed in the first year.

If the allowable tax credit exceeds the taxes otherwise due on the claimant's income, or if there are no taxes due, the amount of the credit not used to offset taxes may be carried forward for not more than 5 taxable years as a credit against subsequent years' income tax liabilities.

Co-owners of a business, including partners in a partnership and shareholders of an S corporation, may each claim only the pro rata share of the credit allowed based on the ownership interest. The total of the credits allowed all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

**Reporting requirements:** Attach a copy of the Certification received from the Authority stating that the taxpayer timely complied with the reporting requirements for that agency and indicating the number of positions certified for the taxable year. A taxpayer must timely comply with the reporting requirements of both the Department and the Authority in order to claim the credit.

**Aggregate summary:** This is a single Form 345 that combines the results of multiple business locations in Arizona for which the
taxpayer is claiming the credit for new employment. Taxpayers having multiple business locations must first complete separate Forms 345, 345-1 and 345-2 for each business location. Then, complete the aggregate summary Form 345. Do not complete aggregate summaries of Forms 345-1 and 345-2.

Taxpayers do NOT need to complete Part II - Business Information, of the aggregate summary Form 345.

Specific Instructions

The TIN for a corporation, S corporation, or a partnership is the taxpayer's employer identification number. Taxpayers that fail to include their taxpayer identification number may be subject to a penalty.

FORM 345-1

Complete a Form 345-1 for each employee at the business location, WHETHER OR NOT THE EMPLOYEE IS IN A QUALIFIED EMPLOYMENT POSITION.

NOTE: ARS § 41-1525(D)(1) provides for the information requested in the Form 345-1 to be submitted in a form prescribed by the Department and may include electronic media. The Department will accept a hard copy spreadsheet that contains all the requested information or the information may be submitted on electronic media as a Microsoft Excel spreadsheet or pdf file on a CD-ROM or DVD. Regardless of the form, the information must be filed on or before the due date of the tax return including any extensions. Taxpayers submitting the information on CD-ROM or DVD should attach a statement to Form 345 in the tax return that the information is being separately submitted in that format. The Forms 345-1 submitted on CD-ROM or DVD are part of the income tax return and are subject to the sworn statement on the return that they are true and correct to the best of the signers knowledge and belief.

  Arizona Department of Revenue, PO Box 52138, Phoenix, AZ, 85072-2138.

NOTE: If an estate is being probated, the fiduciary may have to obtain a certificate from the department that shows no income tax is due.  See pages 2 and 3 of the instructions for details.  Make requests for an income tax certificate separately.  Do not attach requests for the income tax certificate to Form 141AZ.
Who Must File

The fiduciary, or fiduciaries, must file a return for an estate or trust if either of the following apply:

1. The estate or trust has any Arizona taxable income for the tax year.
2. The estate's or trust's gross income for the tax year is $5,000 or more, regardless of the amount of the Arizona taxable income.

The above also applies to bankruptcy estates.

The fiduciary does not have to file a return if the income does not exceed the amounts shown in items 1 or 2 above.

NOTE: The fiduciary must file a final return for an estate when the fiduciary is requesting a tax certificate required by the probate court. In this case, the fiduciary must file a final return regardless of the estate's income. See instructions for requesting a certificate on pages 2 and 3.

Fiduciary Filing Return on Form 140

A personal representative must file a return on Form 140 if any of the following apply:

- The Arizona adjusted gross income of a single decedent was $5,500 or more.
- The Arizona adjusted gross income of a married decedent for which the representative will file a separate return was $5,500 or more.
- The gross income of a married decedent for which the representative will file a separate return was $15,000 or more.
- The Arizona adjusted gross income of a married decedent and his or her surviving spouse for which a joint return will be filed was $11,000 or more.
- The gross income of a married decedent and his or her surviving spouse for which a joint return will be filed was $15,000 or more.

For individual filing purposes, gross income is gross income as defined under the Internal Revenue Code (I.R.C.) less income included in gross income that is excluded from Arizona taxation.

Example:

A taxpayer died on June 29, 2011. The decedent had wages of $9,700 and interest income of $920 received through the date of death. The personal representative files a final Form 140 for the period January 1, 2011, through June 29, 2011. The personal representative notes on the Form 140 that the taxpayer is deceased as of June 29, 2011. The personal representative reports the wage and interest income of $10,620 on the Form 140. The personal representative reports all income that the estate receives from June 30, 2011, forward on the Form 141AZ.

A fiduciary who has charge of the income of an individual must file a return of income on Form 140 if that individual's income meets the filing requirements. Such fiduciaries include guardians of minors and guardians or committees of legally incompetent persons.

Where several fiduciaries exist, a return filed by one of two or more joint fiduciaries is sufficient.

Filing for a Charitable Remainder Trust

Charitable remainder trusts should file on Arizona Form 141AZ. The fiduciary should indicate that the return is for a charitable remainder trust by checking the appropriate box on line 6.

The trustee should not enter any numerical figures on the face of the return. The trustee should not complete an Arizona Form 141AZ, Schedule K-1, or Schedule K-1(NR) for any of its beneficiaries.

Grantor Trusts

Grantor trusts file only an information return since the income reverts to the grantor. The grantor reports this income on the individual income tax return (Form 140). Do not enter any numerical figures on the face of the return. Go directly to the signature line. The fiduciary should indicate that the return is for a grantor trust by checking the appropriate box on line 6.

Where Should You Mail The Return?

If you are expecting a refund, or owe no tax, or owe tax but are not sending a payment, mail the return to:

Arizona Department of Revenue
PO Box 52138
Phoenix AZ. 85072-2138
If you are sending a payment with this return, mail the return to:
Arizona Department of Revenue
PO Box 52016
Phoenix AZ 85072-2016

When Should You File?
Your 2011 calendar year tax return is due no later than midnight, April 17, 2012. You have extra time to file and pay for 2011 because April 15, 2012, is a Sunday and April 16, 2012, is a legal holiday in Washington, DC. You must file a return made on a fiscal year basis by the 15th day of the fourth month following the close of the fiscal year. Your original filing date must be the same for Arizona as it is for federal purposes.

You may request an extension if you know you will not be able to file on time. An extension does not extend the time to pay the income tax. Failure to pay at least 90% of the tax due by the original due date will result in a penalty. Beginning April 18, Arizona charges interest on any unpaid tax. The extension underpayment penalty is $0.5% (.005) of the tax not paid for each 30-day period or fraction of a 30-day period. The extension underpayment penalty cannot exceed 25% of the unpaid tax.

NOTE: Arizona will grant a five-month extension. For more information, see Fiduciary Tax Ruling FTR 09-1.

To Get a Filing Extension, You Can Either:
1. Apply for a state extension (Form 141AZ EXT). To apply for an automatic 5-month state extension, file Arizona Form 141AZ EXT by April 17. See Form 141AZ EXT for details. You do not have to attach a copy of the extension to your return when you file, but make sure that you check extension box 82E on page 1 of the return. If you must make a payment, use Arizona Form 141AZ EXT.
2. Use your federal extension - file your Arizona return by the same due date. You do not have to attach a copy of the extension to your return, but make sure that you check extension box 82E on page 1 of the return.

Does an Estate or Trust Have to Make Estimated Payments?
An estate or trust does not have to make estimated payments. An estate or trust may elect to make Arizona estimated tax payments on Arizona Form 141AZ ES.

What if You File or Pay Late?
If you file or pay late, we will charge you interest and penalties on the amount you owe. If the U.S. Post Office postmarks your 2011 calendar year return by April 17, 2012, your return will not be late. You may also use certain private delivery services designated by the IRS to meet the “timely mailing as timely filed” rule.

Late Filing Penalty
If you file late, we will charge you a late filing penalty. This penalty is 4$0.5% (.045) of the tax required to be shown on the return for each month or fraction of a month the return is late. This penalty cannot exceed 25% of the tax found to be remaining due.

Late Payment Penalty
If you pay your tax late, we will charge you a late payment penalty. This penalty is ½ of 1$% (.005) of the amount shown as tax for each month or fraction of a month for which the failure continues. We charge this penalty from the original due date of the return until the date you pay the tax. This penalty cannot exceed a total of 10% of the unpaid tax.

Extension Underpayment Penalty
If you file your return under an extension, you must pay 90% of the tax shown on your return by the return's original due date. If you do not pay this amount, we will charge you a penalty. This penalty is $0.5% (.005) of the tax not paid for each 30-day period or fraction of a 30-day period. We charge this penalty from the original due date of the return until the date you pay the tax. This penalty cannot exceed 25% of the unpaid tax. If we charge you the extension underpayment penalty, we will not charge you the late payment penalty under A.R.S. § 42-1125(D).

NOTE: If you are subject to two or more of the above penalties, the total cannot exceed 25%.

Interest
We charge interest on any tax not paid by the due date. We will charge you interest even if you have an extension. If you have an extension, we will charge you interest from the original due date until the date you pay the tax. The Arizona interest rate is the same as the federal rate.

Amended Returns
If you are filing an amended Form 141AZ, check the amended return box on line 6. Complete the entire return, correct the appropriate line(s) with the new information, and recompute your tax liability. On an attached schedule, explain the reason(s) for the amendment(s) and identify the line(s) and amount(s) being changed on the amended return. Also, attach a copy of the amended federal Form 1041.

NOTE: You must plainly mark an amended return "Amended" by checking the appropriate box on line 6. The period covered by this return must be the same accounting period as covered by the original return. If you are amending a prior year return, use Form 141AZ for that taxable year.

Copy of Will or Trust Instrument
Upon the department's request, the fiduciary must submit a copy of the will or trust instrument when the estate's or trust's gross income is $5,000 or more. The fiduciary must swear that the will or trust instrument is a true and complete copy.

Reporting Payments Made by a Trust or Estate
An estate or trust that paid salaries or wages may have to report those payments to the department.

Request for Certificate of Payment of Taxes
Mail requests to:
Arizona Department of Revenue
Fiduciary Certificate Request
Box B-06
1600 W. Monroe
Phoenix, AZ 85007
If an estate is in probate, the probate court may require a certificate from the department that shows no income tax is due. The probate court may require this before approving the fiduciary’s final account.

Arizona law requires a certificate only when all of the following apply:
1. The estate is subject to probate.
2. The value of the assets of the estate at the decedent’s date of death exceeds $20,000.
3. The estate has a beneficiary that is not an Arizona resident.

In order for the department to issue a certificate, all of the following must be met:
1. The fiduciary has filed Arizona Form 210 - Notice of Assumption of Duties in a Fiduciary Capacity.
2. A return was filed by or on behalf of the decedent and for the estate for each taxable year in which the respective incomes of the decedent or estate exceeded the requirements for filing returns.
3. A final Arizona fiduciary return is filed when the certificate is requested. This return must be filed regardless of the gross or net income for the year. If there is no income, submit a return with “zero” on all lines.

If filing a final return and you are expecting a refund, or owe no tax, or owe tax but are not sending a payment, mail the return to:
Arizona Department of Revenue
PO Box 52138
Phoenix, AZ 85072-2138

If filing a final return and you are sending a payment with this return, mail the return to:
Arizona Department of Revenue
PO Box 52016
Phoenix, AZ 85072-2016

4. The request must contain a statement regarding the status of returns filed by, or on behalf of, the decedent or for the estate for the four taxable years immediately preceding the date of the request. The fiduciary must make the statement under declaration of perjury. The statement must indicate:
   • The years for which returns were filed.
   • The years for which the gross and Arizona taxable incomes were less than the amount necessary to require the filing of returns.

Additional Returns or Forms You May Have to File
Form 140, 140PY, or 140NR to report a decedent’s income for the period to the date of death.
Form 210 - Notice of Assumption of Duties in a Fiduciary Capacity - Filed for all estates
Form 141AZ EXT - Extension of Time to File
Form 141AZ ES - Estate or Trust Estimated Tax Payment

For each return filed in the future, you must keep the same accounting period unless you receive written permission from the department to change it.

If filing for a fiscal year, enter the beginning and ending month and year.

Lines 1 through 4 -

resident trust 5c
nonresident trust 5d

Line 6 -
Check the box (es) that identify the type of return you are filing.

Line 7 - Federal Taxable Income of Fiduciary
An Arizona resident estate or trust should enter the federal taxable income shown on page 1 of the federal fiduciary return, Form 1041.

A nonresident estate or trust must complete Form 141AZ, Schedule A, before entering an amount on line 7. For a nonresident estate or trust, the fiduciary should enter the amount from Form 141AZ, Schedule A, line A6 on line 7.

NOTE: Before completing the rest of page 1 of Form 141AZ, complete Schedules A, B, C, D and E, as necessary.

Schedule A - Nonresident Estate or Trust Source Income Schedule

Schedule A is used to compute the federal taxable income of the estate or trust from Arizona sources. All nonresident estates and nonresident trusts must complete Schedule A. Resident estates and resident trusts should skip Schedule A.

Federal Column
Enter all items of income and modifications that correspond to those items listed on the federal fiduciary return. Line A5 should equal the federal taxable income reported on the federal fiduciary return.

Arizona Column
Enter that part of each item of income reported in the federal column that is derived from Arizona sources. Intangible income will not be considered to be from Arizona sources except where it is part of a business, trade, or occupation carried on in Arizona.

Schedule B - Fiduciary Adjustment

Fiduciary adjustment increasing federal taxable income
Use lines B1 through B4 to figure the amount of fiduciary adjustment that increases federal taxable income.
Line B1 - Positive Arizona Fiduciary Adjustment From Another Trust or Estate

Use this adjustment only if the estate’s or trust’s Arizona Form 141AZ, Schedule K-1, indicates a difference between federal and state distributable income. If the amount shown on the Arizona Form 141AZ, Schedule K-1, is a positive number, enter that amount here.

Line B2 - Non-Arizona Municipal Bond Interest

Arizona taxes interest received from non-Arizona municipal bonds. Enter the amount of this type of interest income that you did not include on the federal return.

You may exclude any expenses incurred to purchase or hold the bond(s). Reduce the interest income by the amount of expenses that you could not deduct on your federal return.

Line B3 - Other Additions to Federal Taxable Income

Enter any other additions, including those shown below, to federal taxable income. Attach your own schedule.

A. Total Depreciation Included in Arizona Gross Income

Enter the amount of depreciation deducted on the federal return that is included in Arizona gross income. If you make an entry here, also see the instructions for line B8, “Other Subtractions From Federal Taxable Income.”

B. Net Operating Losses

Arizona does not have specific provisions for calculating the net operating loss of estates or trusts. Generally, the net operating loss deduction included in the federal taxable income is the amount allowable for Arizona purposes. There are, however, instances when the amount allowable for Arizona may be different.

You must adjust the net operating loss deduction included in the federal taxable income if the estate or trust has already deducted any amount of the net operating loss included in federal taxable income for Arizona purposes. Enter on line B3, the amount of net operating loss included in federal taxable income that was previously deducted for Arizona purposes.

Usually, Arizona conforms to the federal net operating loss and the carryback provisions. Arizona, however, did not conform to the special federal net operating loss rules for 2008 and 2009. Under the special rules for 2008 and 2009, a taxpayer could have elected to carry the net operating loss back for 3, 4, or 5 years, instead of the normal 2 years. This election would have been allowed under I.R.C. § 172(b)(1)(h) as amended by the American Recovery and Reinvestment Act of 2009 or the Worker, Homeownership, and Business Assistance Act of 2009. If a taxpayer elected to carry the net operating loss under the federal American Recovery and Reinvestment Act of 2009 or the federal Worker, Homeownership, and Business Assistance Act of 2009, see the instructions for line B8, (#N).

For information on deducting a net operating loss carryback in cases where a taxpayer did not make an election under I.R.C. § 172(b)(1)(H), see Arizona Department of Revenue Income Tax Procedure ITP 99-1.

C. Annuity Income in Excess of Contributions

Use this adjustment if both of the following apply.

1. The estate or trust received annuity income and the first payment received from the annuity was before December 31, 1978.
2. The sum of the proceeds received from the annuity in all taxable years prior to and including the current tax year exceeds the total consideration premiums paid.

D. Excess of a Partner's Share of Partnership Taxable Income or Loss

Use this adjustment if the Arizona Form 165, Schedule K-1, shows a difference between federal and state distributable income.

If the difference reported on the Arizona Form 165, Schedule K-1, is a positive number, enter that difference as an addition. Enter the addition on line B3.

If the difference reported on the Arizona Form 165, Schedule K-1, is a negative number, enter that difference as a subtraction. Enter the subtraction on line B8.

E. Claim of Right Adjustment for Amounts Repaid in 2011

You must make an entry here if all of the following apply:

1. During 2011, the estate or trust was required to repay amounts held under a claim of right.
2. The amount required to be repaid was subject to Arizona income tax in the year included in income.
3. The amount required to be repaid during 2011 was more than $3,000.
4. The estate or trust took a deduction for the amount repaid on its 2011 federal income tax return.
5. The deduction taken on the estate’s or trust’s federal income tax return is reflected in the Arizona taxable income.

If all of the above apply, enter the amount deducted on the federal income tax return that is reflected in the Arizona taxable income.

For more information on the Arizona claim of right provisions, see Arizona Department of Revenue Individual Income Tax Procedure ITP 95-1.

F. Claim of Right Adjustment for Amounts Repaid in Prior Taxable Years

You must make an entry here if all of the following apply:

1. During a year prior to 2011, the estate or trust was required to repay amounts held under a claim of right.
2. The estate or trust computed its tax for that prior year under Arizona's claim of right provisions.
3. A net operating loss or capital loss was established due to the repayment made in the prior year.
4. The estate or trust is entitled to take that net operating loss or capital loss carryover into account when computing its 2011 Arizona taxable income.
5. The amount of the loss carryover included in the estate’s or trust’s federal income is more than the amount allowed to be taken into account for Arizona purposes.

Enter the amount by which the loss carryover included in the federal income is more than the amount allowed for the taxable year under Arizona law.

G. Nonqualified Withdrawals From 529 College Savings Plans

Use this adjustment if both of the following apply.

1. The estate or trust received a nonqualified withdrawal from a 529-college savings plan.
2. The amount of withdrawal was not included in the federal taxable income.

The amount that the fiduciary must add is the amount of withdrawal, but no more than the difference between the amount of contributions subtracted in prior years and the amount added in any prior years.

A nonqualified withdrawal is a withdrawal other than any of the following:

- A qualified withdrawal. A qualified withdrawal is a withdrawal from an account to pay the qualified higher education expenses of the designated beneficiary of the account.
- A withdrawal made as the result of the death or disability of the designated beneficiary of an account.
- A withdrawal that is made on the account of a scholarship, or the allowance or payment described in I.R.C. § 135(d)(1)(B) or (C), and that is received by the designated beneficiary, but only to the extent of the amount of this scholarship, allowance, or payment.
- A rollover or change of designated beneficiary.

H. Original Issue Discount (OID) on Reacquisition of Debt Instrument

For federal purposes, when an estate or trust made the special election to defer discharge of indebtedness (DOI) income under I.R.C. § 108(i), the estate or trust was not allowed to take a deduction with respect to the portion of any OID that accrued with respect to that DOI income, during the income deferral period. In this case, the estate or trust had to deduct the aggregate amount of the OID deductions disallowed ratably over a 5 year period, beginning with the period in which the income was includible in federal adjusted gross income.

Arizona did not adopt the federal provisions requiring an estate or trust to defer the OID deduction in cases where the estate or trust federally deferred the DOI income. For Arizona purposes, the estate or trust had to report the DOI income from a debt reacquisition in the year in which it reacquired the debt, and it was allowed to subtract any OID related to that DOI income in the year the OID accrued. (See the instructions for “Other Subtractions From Federal Taxable Income.” (#P)) If the estate’s or trust’s federal taxable income includes a deduction for any accrued OID already subtracted for Arizona purposes, make an addition to Arizona income for the amount of deferred OID deducted on the federal return. Generally, this addition will not apply until taxable year 2014 through 2018. However, if the estate or trust was required to accelerate reporting of the DOI income for federal purposes and was allowed to deduct accrued OID attributable to that income on a return filed for a year prior to 2014, this addition may apply to an earlier year. On line B3, enter the amount of any previously deferred OID deducted in computing the estate’s or trust’s 2011 federal taxable income, to the extent that the amount was previously subtracted from Arizona taxable income.

I. Other Adjustments

Other special adjustments may be necessary. You may need to make an addition for depreciation or amortization. Call one of the numbers listed on page 1 of these instructions if any of the following apply.

1. You sold or disposed of property that was held for the production of income and your basis was computed under the Arizona Income Tax Act of 1954.

2. You elected to amortize the basis of a pollution control device or the cost of a childcare facility under Arizona law in effect before 1990. You are still deducting amortization or depreciation for that device or facility on your federal income tax return.

Line B4 - Total Adjustments Increasing Federal Taxable Income

Add lines B1 through B3. Enter the total.

Fiduciary Adjustment Decreasing Federal Taxable Income

Use lines B5 through B9 to figure the amount of fiduciary adjustment that decreases federal taxable income.

You may only subtract those items for which statutory authority exists. Without such authority, you cannot take a subtraction. If you have any questions concerning subtractions from income, call one of the numbers listed on page 1 of these instructions.

Note: You cannot subtract any amount that is allocable to income excluded from Arizona taxable income.

Enter the following other subtractions from federal taxable income. Attach your own schedule.

Line B5 - Negative Arizona Fiduciary Adjustment From Another Estate or Trust

Use this adjustment only if the Arizona Form 141AZ, Schedule K-1, indicates a difference between federal and state distributable income. If the amount shown on the Arizona Form 141AZ, Schedule K-1, is a negative number, enter that amount here.

Line B6 - Interest Received on U.S. Obligations

Enter the amount of interest income from U.S. Government obligations included on page 1, line 7. U.S. Government obligations include obligations such as U.S. savings bonds and treasury bills. You cannot deduct any interest or other related expenses incurred to purchase or carry the obligations. If such expenses are included in Arizona gross income, you must reduce the subtraction by such expenses. Reduce the subtraction only by the amount of such expenses included in your Arizona gross income.

Note: Do not subtract interest earned on FNMA or GNMA bonds since this interest is taxable by Arizona. For details, see: Income Tax Ruling ITR 06-1.

Do not subtract any amount received from a qualified pension plan that invests in U.S. Government obligations. Do not subtract any amount received from an IRA that invests in U.S. Government obligations. These amounts are not interest income. For more information, see Income Tax Rulings ITR 96-2 and ITR 96-3.

Line B7 - Refunds From Other States

Enter any state income tax refunds received from states other than Arizona. Enter an amount only to the extent it is included on page 1, line 7 of Arizona Form 141AZ.

Line B8 - Other Subtractions From Federal Taxable Income

Enter any other subtractions, including those shown below, to federal taxable income. Attach your own schedule.

If the estate or trust received pension income from any of the sources listed below, subtract the amount received or $2,500,
whichever is less. Only include amounts which the estate or trust reported as income on the federal return.

Public pensions from the following sources qualify for this subtraction:

- The United States Government Service Retirement and Disability Fund
- The United States Foreign Service Retirement and Disability System
- Retired or retainer pay of the uniformed services of the United States
- Any other retirement system or plan established by federal law

**NOTE:** This applies only to those retirement plans authorized and enacted into the U.S. Code. This does not apply to a retirement plan that is only regulated by federal law (i.e., plans that must meet certain federal criteria to be qualified plans).

- The Arizona State Retirement System
- The Arizona State Retirement Plan
- The Corrections Officer Retirement Plan
- The Public Safety Personnel Retirement Plan
- The Elected Officials' Retirement Plan
- A retirement plan established for employees of a county, city, or town in Arizona
- An optional retirement program established by the Arizona Board of Regents under Arizona Revised Statutes
- An optional retirement program established by an Arizona community college district

**NOTE:** Public retirement pensions from states other than Arizona do not qualify for this subtraction.

This subtraction does not apply to nonresident estates or trusts.

B. Annuity Income, First Payment Received Prior to December 31, 1978

Arizona allows an estate or trust to subtract the amount of annuity income included in the estate’s or trust’s federal income pursuant to I.R.C. § 72. This subtraction is allowed only if the first payment from the annuity was received before December 31, 1978.

This subtraction does not apply to nonresident estates or trusts.

C. Qualified Wood Stove, Wood Fireplace, or Gas Fired Fireplace

Arizona allows a subtraction for converting an existing fireplace to one of the following.

- a qualified wood stove.
- a qualified wood fireplace, or
- a gas fired fireplace and non-optional equipment directly related to its operation.

You may subtract up to $500 for converting an existing fireplace on property located in Arizona to a qualified wood stove, qualified wood fireplace, or gas fired fireplace.

D. Claim of Right Adjustment for Amounts Repaid in Prior Taxable Years

You must make an entry here if all of the following apply:

1. During a year prior to 2011, the estate or trust was required to repay amounts held under a claim of right.
2. The estate or trust computed its tax for that prior year under Arizona's claim of right provisions.
3. A net operating loss or capital loss was established due to the repayment made in the prior year.
4. The estate or trust is entitled to take that net operating loss or capital loss carryover into account when computing its 2011 Arizona taxable income.
5. The amount of the loss carryover allowed to be taken into account for Arizona purposes is more than the amount included in your federal income.

Enter the amount by which the loss carryover allowed for the taxable year under Arizona law is more than the amount included in your federal income.

E. Certain Expenses Not Allowed For Federal Purposes

The estate or trust may subtract some expenses that it cannot deduct on its federal return when the estate or trust claims certain federal tax credits. These federal tax credits are

- The federal work opportunity credit
- The empowerment zone employment credit
- The credit for employer-paid social security taxes on employee cash tips
- The Indian employment credit

If the estate or trust claimed any of these federal tax credits for 2011, enter the portion of wages or salaries it paid or incurred during the taxable year equal to the amount of those federal tax credits it received.

A nonresident estate or trust should enter the amount of wages or salaries that it paid or incurred during the taxable year that is related to the income sourced to Arizona. The subtraction is equal to the amount of the federal credits it received.

F. Employer Contributions Made to Employee Medical Savings Accounts

If the estate or trust is an employer, it may subtract the amount contributed to its employees' medical savings accounts that are established under Arizona law. The amount the estate or trust can subtract is equal to the amount that was not deductible on its federal return. The amount it can subtract is equal the amount that is included in its Arizona gross income.

G. Agricultural Crops Given to Charitable Organizations

Arizona allows a subtraction for qualified crop gifts made during 2011 to one or more charitable organizations. To take this subtraction, all of the following must apply:

- The estate or trust must be engaged in the business of farming or processing agricultural crops.
- The crop must be grown in Arizona.
- The gift must be made to a charitable organization located in Arizona.
- The charitable organization must be exempt from Arizona income tax.

The subtraction is the greater of 80% of the wholesale market price or 80% of the most recent sale price for the crop given. To determine if the estate’s or trust’s crop gift qualifies for this subtraction, see Arizona Department of Revenue Procedure, ITP 93-2.
H. Installment Sale Income From Another State Taxed by the Other State in a Prior Taxable Year

The estate or trust may subtract any income from an installment sale that has been properly subjected to income tax in another state in a prior tax year. Enter the amount of such income included in Arizona gross income in the current taxable year. This subtraction does not apply to nonresident estates or trusts.

I. Subtraction for World War II Victims

The estate or trust may subtract distributions made to it for the decedent’s or settlor’s persecution by Nazi Germany or any other Axis regime for racial, religious, or political reasons. The estate or trust may also subtract distributions made for the persecution of the ancestors of the decedent or settlor. If the estate or trust is the first recipient of such distributions, enter the amount of the distributions that it had to include in the estate’s or trust’s federal taxable income.

The estate or trust may also subtract certain items of income, if the decedent or settlor was persecuted by Nazi Germany or any other Axis regime for racial, religious, or political reasons before, during, or immediately after World War II. The income must be attributable to, derived from, or related to assets that were stolen or hidden from the decedent or settlor. If the estate or trust is the first recipient of such income, enter the amount of income that it had to include in the estate’s or trust’s federal taxable income.

A nonresident estate or trust should enter such payments only to the extent included in Arizona taxable income.

J. Recalculated Arizona Depreciation Resident Estate or Trust

Enter the total amount of depreciation allowable pursuant to I.R.C. § 167(a) for the taxable year calculated as if the taxpayer had elected not to claim bonus depreciation for eligible properties for federal purposes.

Nonresident estate or trust

Enter the total amount of depreciation attributable to assets used in an Arizona business allowable pursuant to I.R.C. § 167(a) for the taxable year calculated as if the taxpayer had elected not to claim bonus depreciation for eligible properties for federal purposes.

K. Basis Adjustment for Property Sold or Otherwise Disposed of During the Taxable Year

With respect to property that is sold or otherwise disposed of during the taxable year by a taxpayer who has complied with the requirement to add back all depreciation with respect to that property on tax returns for all taxable years beginning from and after December 31, 1999; enter the amount of depreciation that was allowed pursuant to I.R.C. § 167(a), to the extent that the amount has not already reduced Arizona taxable income in the current or prior years. (Note: The practical effect of this is to allow a subtraction for the difference in basis for any asset for which bonus depreciation has been claimed on the federal return.) A nonresident estate or trust may make this adjustment for only property that was used in an Arizona business.

L. Federal Estate Taxes Paid by an Estate

An estate may subtract the amount of federal estate tax paid by the estate in the current taxable year. Enter the amount of federal estate taxes paid in 2011.

M. Contributions to 529 College Savings Plans

For taxable years 2008 through 2012, an estate or trust may subtract amounts it contributes to 529 college savings plans during the taxable year. The estate or trust may subtract the amount contributed during the year up to a total of $750.

N. Net Operating Loss Adjustment

**NOTE:** This subtraction applies to only those estates or trusts that made an election under the special federal net operating loss rules for 2008 and 2009. Under these rules for 2008 and 2009, an estate or trust could have elected to carry the net operating loss back for 3, 4, or 5 years, instead of the normal 2 years. This election would have been allowed under I.R.C. § 172(b)(1)(H) as amended by the American Recovery and Reinvestment Act of 2009 or the Worker, Homeownership, and Business Assistance Act of 2009.

Arizona did not adopt the special federal net operating loss rules for losses incurred during 2008 or 2009. For Arizona purposes, estates or trusts must deduct a net operating loss as if the loss was computed under I.R.C. § 172 in effect prior to the enactment of those special rules.

**Resident estate or trust**

If the estate or trust made an election to deduct a 2008 or 2009 federal net operating loss under I.R.C. § 172(b)(1)(H), the estate or trust may have to enter an amount here. Figure how much of the net operating loss carry forward would have been allowed as a deduction on the estate’s or trust’s 2011 federal income tax return, if the election described in I.R.C. § 172(b)(1)(H) had not been made in the year of the loss. On line B8, enter the amount that exceeds the actual net operating loss carry forward that was deducted in arriving at federal taxable income.

**Nonresident estate or trust**

Figure how much of the net operating loss carry forward would have been allowed as a deduction on the estate’s or trust’s 2011 federal income tax return, if the election described in I.R.C. § 172(b)(1)(H) had not been made in the year of the loss. Then figure how much of the carry forward computed under that method was derived from Arizona source losses. The amount the estate or trust may take as a subtraction is the difference between the amount of Arizona source net operating loss carryover allowable as a deduction for federal purposes under the as if calculation and the amount of the Arizona source net operating loss deduction actually taken for federal purposes that the estate or trust included in its Arizona gross income. On line B8, enter the amount of allowable Arizona source loss carry forward deduction that exceeds the actual amount of Arizona source net operating loss carry forward deduction that was deducted in arriving at Arizona gross income.

**NOTE:** As an Arizona nonresident estate or trust, the estate or trust may have had a loss from prior year Arizona business operations. However, the loss cannot offset this year’s income unless the as if calculation results in an Arizona source net operating loss deduction for federal purposes. The estate or trust can only take this subtraction if the as if federal net operating loss deduction for 2011 includes Arizona source losses that have not been absorbed by non-Arizona income in any intervening years. The estate or trust cannot subtract any amount of that net operating loss that has been absorbed by non-Arizona income in any intervening years. The estate or trust also cannot take a subtraction for any amount that has already been deducted for Arizona purposes.
O. Previously Deferred Discharge of Indebtedness (DOI) Income Adjustment

Generally, when a loan is settled for less than the amount owed, DOI income is realized by the debtor and usually must be included in the debtor’s gross income. The amount of DOI income is generally equal to the amount of loan forgiveness. DOI income also occurs when a debtor repurchases its own debt at a discount (a price lower than the adjusted basis issue price of the debt instrument). In debt repurchase transactions, the amount of DOI income is generally equal to the difference between the adjusted issue price and the price paid for the debt instrument.

For federal purposes, an estate or trust may have made a special election for taxable years 2009 or 2010 to include DOI income in connection with the reacquisition of a business debt instrument, ratably over a 5 year period. An estate or trust that made this election will generally include this income in federal taxable income beginning with the 2014 taxable year. An estate or trust would have made the federal election under I.R.C. § 108(i) as added by the American Recovery and Reinvestment Act of 2009. Arizona did not adopt the special federal DOI income deferral provisions for the 2009 or 2010 taxable year.

For Arizona purposes, if a taxpayer made the federal election to defer the inclusion of DOI income under I.R.C. § 108(i), the estate or trust was required to add the amount of deferred DOI income to Arizona income for the year for which the estate or trust made the election. If the estate or trust made the required addition to Arizona income on the Arizona return filed for the year in which the estate or trust reacquired the debt instrument (2009 or 2010), Arizona will not tax that DOI income twice. In the year in which the estate or trust includes that deferred DOI income in federal taxable income, the estate or trust may take a subtraction for the amount included for that year. Usually this subtraction will apply to taxable years 2014 through 2018. However, if the estate or trust had to accelerate the deferral for federal purposes, this subtraction may apply to a taxable year prior to 2014.

Resident estate or trust

On line B8, enter the amount of previously deferred DOI income included in federal taxable income for the current taxable year to the extent that the amount was previously added to the Arizona income.

Nonresident estate or trust

On line B8, enter the amount of previously deferred Arizona source DOI that the estate or trust included in its Arizona gross income for the current taxable year to the extent that the amount was previously added to the estate’s or trust’s Arizona income.

P. Original Issue Discount (OID) on Reacquisition of Debt Instrument

For federal purposes, when an estate or trust made the special election to defer discharge of indebtedness (DOI) income under I.R.C. § 108(i) (for 2009 or 2010), the taxpayer was not allowed to take a deduction with respect to the portion of any OID that accrued with respect to that DOI income, during the income deferral period. Arizona did not adopt the federal provisions requiring an estate or trust to defer the OID deduction in cases where the estate or trust federally deferred the DOI income under I.R.C. § 108(i). In this case, the estate or trust must deduct the aggregate amount of the OID deductions disallowed ratably over a 5 year period, beginning with the period in which the income is includible in an estate’s or trust’s federal taxable income.

For Arizona purposes, an estate or trust was required to add the amount of deferred DOI income to its Arizona income on the return filed for the year in which it reacquired the debt instrument. Since Arizona is taxing the federally deferred DOI income for 2009 or 2010 on the 2009 or 2010 Arizona return, the estate or trust may subtract the amount of OID that accrued during the taxable year with respect to that DOI income.

Resident estate or trust

On line B8, enter the amount of any OID that was deferred and not allowed to be deducted in computing federal taxable income for 2011 under I.R.C. § 108(i).

Nonresident estate or trust

On line B8, enter the amount of any OID related to that Arizona source income that was deferred and not allowed to be deducted in computing federal taxable income for 2011 under I.R.C. § 108(i).

Q. Other Adjustments

Other special adjustments may be necessary. Call one of the numbers listed on page 1 of these instructions if any of the following apply.

- You sold or disposed of property that was held for the production of income and your basis was computed under the Arizona Income Tax Act of 1954.
- You deferred exploration expenses determined under I.R.C § 617 in a taxable year ending before January 1, 1990, and you have not previously taken a subtraction for those expenses.

Line B9 - Total Adjustments Decreasing Federal Taxable Income

Add lines B5 through B8. Enter the total.

Line B10 - Net Fiduciary Adjustment

Subtract the amount on line B9 from the amount on line B4. If the result is a negative number, enter the result in brackets. Also, enter the result on Form 141AZ, page 1, line 8.

Schedule C - Fiduciary Adjustment Allocation

Use Schedule C to determine the allocation of the shares of the Arizona fiduciary adjustment. This adjustment is divided among the beneficiaries and the fiduciary in proportion to their share of the federal distributable net income. If there is no federal distributable net income, each beneficiary’s share of the adjustment is in proportion to each share of the estate or trust income distributed. Any balance of the adjustment not allocated to the beneficiaries is allocable to the fiduciary.

Lines C1 through C10 -

In column (a), enter the name of each beneficiary. In column (b), enter each beneficiary’s share of the federal distributable net income. In column (c), enter the percentage of the estate or trust to be distributed to each beneficiary in accordance with the documents or laws controlling distribution of the estate or trust. If the estate or trust has more than 10 beneficiaries, complete an additional schedule. The schedule should show the same information required on lines C1 through C10.

Line C11 -

Add the amounts on lines C1 through C10 in column (b). Add the percents on lines C1 through C10 in column (c). If the fiduciary completed an additional schedule because there
are more than 10 beneficiaries, include the amounts from the additional schedule on line C11.

**Line C12 -**
In column (b), enter the fiduciary’s share of the federal distributable net income. In column (c), enter the percentage of the fiduciary’s share of federal distributable net income computed in accordance with the documents or laws controlling distribution of the estate or trust.

**Lines C13 through C16 -**
Complete lines C13 through C16 as instructed on the form.

**Schedule D - Federal Distributable Net Income From Arizona Sources**
Schedule D is used to determine the net estate or trust income reportable to Arizona by nonresident beneficiaries. Use the information in Schedule D to complete Forms 141AZ, Schedule K-1(NR) for nonresident beneficiaries.

The fiduciary should complete Schedule D only if the trust or estate has Arizona nonresident beneficiaries. If the trust or estate does not have any nonresident beneficiaries, the fiduciary should skip Schedule D.

**Lines D1 through D9 -**
In column (b), enter an amount for each item from which federal distributable net income is comprised. The total entered on line D9, column (b), should equal the federal distributable net income.

In column (c), enter that portion of federal distributable net income derived from Arizona sources. Such income includes Arizona rental and business income, and gains on the sale of Arizona property.

**Schedule E - Questions**
Answer the questions on lines E1 through E7.

**Tax Computation**

**Line 12 - Electing Small Business Trust (ESBT) Income**
Enter the federal taxable income of Electing Small Business Trusts (ESBT) from the I.R.C. § 641(c) worksheet attached to your Federal Form 1041. Attach a copy of the worksheet to the Arizona return. A nonresident trust should enter the amount of ESBT income received from the S corporation that was derived from sources within Arizona.

**Line 13 -**
Add lines 11 and 12. Enter the total.

**Line 14 - Income of a Trust Established as a Medical Savings Account**

**Line 15 - Arizona Taxable Income**
Subtract line 14 from line 13. Enter the difference.

**Line 16 - Tax Amount**
Compute the tax on the amount on line 15 from the tax table on page 12 of these instructions.

**Lines 17 and 18 - Clean Elections Fund Tax Reduction**
You may designate $5 of the tax to go to the Clean Elections Fund and may also reduce the tax on line 16 by up to $5.

To make this designation, check box 17. If you checked box 17 and the amount on Form 141AZ, page 1, line 16 is $10 or more, enter $5 on line 18. If the amount on line 16 is less than $10, complete the following worksheet.

**Line 20 - Credit for Taxes Paid to Another State or Country (Form 309)**
If both Arizona and another state or country considers an estate or trust to be a resident, Arizona will allow the estate or trust a tax credit against the Arizona income tax liability for taxes paid to the other state or country.

The credit allowed on the Arizona fiduciary return is subject to the following conditions:

1. The credit is allowed only for the proportion of the taxes paid to the other state or country that the income taxable to Arizona and also subject to tax in the other state or country bears to the entire income on which the taxes paid to the other state or country are imposed.

2. The credit cannot exceed the proportion of the tax payable to Arizona that the income subject to tax in the other state or country bears to the entire income that is taxable to Arizona.

3. The credit is not allowed for the proportion of the tax payable to Arizona that the income subject to tax in the other state or country and also taxable to Arizona bears to the entire income that is taxable to Arizona.

If claiming this tax credit, the estate or trust must attach the following items to the Arizona Form 141AZ:

1. A copy of the other state or country's income tax return.
2. A schedule showing how the credit was calculated.

**Line 22 - Clean Elections Fund Tax Credit**

**NOTE:** *Amounts designated to the Clean Elections Fund on page 1, line 18 do not qualify for the credit. Do not include those amounts here.*

If the estate or trust contributed to the Citizens Clean Elections Fund, the estate or trust may claim a credit for those contributions.

For 2011, the estate or trust may claim a credit for the following:

- Donations the estate or trust made directly to the fund during 2011.
- A donation the estate or trust made to the fund on its 2010 income tax return filed in 2011.
The estate or trust may not claim a credit on its 2011 return for a donation made to the fund on its 2011 return. If the estate or trust donates to the fund with its 2011 return, the estate or trust may claim a credit for that donation on its 2012 return.

Complete the following worksheet to figure the credit.

**Line 28 - Total Payments**

Add lines 24 through 27. Enter the total.

Also, do the following if the estate or trust computed the 2011 tax under Arizona's claim of right provisions.

1. Write "A.R.S. 43-1029" and the amount of the prior year tax reduction in the space to the left of the total payment amount.

2. Include the credit for the prior year tax reduction in the total entered on line 28.

3. Attach a schedule explaining the amounts repaid and the computation of the tax reduction for the prior year(s).

For more information on Arizona's claim of right provisions, see Individual Income Tax Procedure ITP 95-1.

**Line 29 - Refund From Original Return (if amending)**

Enter any refunds received from your original filing.

**Line 30 - Balance of Payments**

Subtract Line 29 from Line 28.

**Line 31 - Voluntary Gift to the Citizens Clean Elections Fund**

**NOTE:** If the estate or trust makes a gift, the trust or estate cannot change the amount of that gift later on an amended return.

The estate or trust may give some or all of its refund to the Citizens Clean Elections Fund. The estate or trust may also send in additional money with its return. If the estate or trust sends in additional money with its return, include that amount on line 32. Enter the amount donated on line 31.

If the estate or trust donates to the fund with its 2011 return filed in 2012, the estate or trust may claim a credit for that donation on its 2012 return.

The Citizens Clean Elections Fund provides funding to each participating candidate who qualifies for campaign funding.

**Overpayment or Balance Due**

**Line 32 - Balance Due**

Subtract line 30 from line 23. If making a donation on line 31, also add that amount to the amount entered on line 32. This is the amount the estate or trust owes. Make the check payable to the Arizona Department of Revenue. Be sure to write the estate’s or trust’s EIN on the front of the check. Attach the check to the front of the return in the upper left hand corner where indicated.

**Line 33 - Refund Due**

Subtract lines 23 and 31 from line 30. This is the amount the State of Arizona owes the estate or trust.

**Line 34 - Amount of Line 33 to be Applied to the 2012 Estimated Tax**

If the estate or trust wants all or part of the refund applied to next year's Arizona estimated taxes, enter that amount.

**Declaration**

The individual or authorized officer of the organization receiving or having custody, control, or management of the income of the estate or trust must sign the declaration. If two or more individuals act jointly as fiduciaries, any one of them may sign the declaration.

**Filing Reminder to Fiduciary Filers**

1. Be sure to use the correct year's form to file the return. Also, be sure to clearly mark the period covered by the return.
2. Enter the correct EIN on the return.
3. If the estate or trust is ready to file but has not yet received an EIN, it may file the return. Let us know...
what the number is as soon as it is received. Mail the correspondence to:
Taxpayer Assistance
Arizona Department of Revenue
PO Box 29086
Phoenix, AZ  85038-9086
4. Write the estate’s or trust’s EIN on the front of all checks and correspondence.
5. Do not attach correspondence to the back of the returns. Mail all correspondence separate from returns to:
   Taxpayer Assistance
   Arizona Department of Revenue
   PO Box 29086
   Phoenix, AZ  85038-9086
6. When filing returns that generate a refund due to any previous payments (i.e., amount paid with extension, amount paid as estimated payment, amount paid with original returns), it may speed the refund process if a copy of the canceled check of the previous payment accompanies the return generating the refund.
7. If the estate or trust is a fiscal year filer (for periods not ending in December), use the Tax Table for the prior year. Example: If filing for April 1, 2010, to March 31, 2011, use the 2010 Tax table. If this return is for a short taxable year, use the 2011 Tax Table. Example: If filing for June 1, 2011, to November 30, 2011, use the 2011 Tax Table.
8. If the income is taxable but deductions bring the return to zero, make sure all necessary lines are filled in to support this declaration.
9. Grantor trusts file an information return using Form 141AZ showing no numerical figures for lines 7 through 34. Taxable income on a grantor trust reverts to the grantor. The fiduciary should indicate that the return is for a grantor trust by checking the appropriate box on line 6.
10. When filing an amended Form 141AZ return, be sure the return is marked as an amended return. You must plainly mark an amended return “amended” by checking the appropriate box on line 6. If amending the 2011 return use the 2011 form. If amending a different tax year use the Form 141AZ for that tax year.
11. File returns on time to avoid late filing and/or late payment penalties. Returns are due on the 15th day of the fourth (4th) month from the date the tax period ends.

Taxpayer Identification Number

All returns, statements, and other documents filed with the Department of Revenue require a taxpayer identification number (TIN). The TIN for a trust or an estate is its employer identification number.

Taxpayers who fail to include the proper TIN may be subject to a penalty. Please check the return to be sure that all required identification numbers are accurate and written clearly. Missing, incorrect, or unclear identification numbers may cause delays in processing the returns.

Identification Numbers for Paid Preparers

If you pay someone else to prepare your return, that person must also include an identification number where requested.

A paid preparer may use any of the following:
• his or her SSN
• his or her PTIN
• the EIN for business

A paid preparer who fails to include the proper numbers may also be subject to a penalty.
Example of the computation of Arizona fiduciary income tax, resident beneficiary’s Arizona fiduciary adjustment, and nonresident beneficiary’s Arizona source income.

The federal Form 1041 for the Judy Jones estate showed the following items of income and deduction:
- Interest Income $32,614
- Dividends $4,800
- Net Rent Income (AZ) $16,832
- Total Income $54,246
- Less: Fiduciary Fees $6,000
- Accountant’s Fees $1,500
- Total Fees ($7,500)
- Adjusted Total Income $46,746
- Income Distribution Deduction $34,189
- Exemption $600
- Total Deductions ($34,789)
- Taxable Income $11,957

The estate also had $2,476 in non-Arizona municipal bond interest during the taxable year. $24,000 was distributed to Jane Jones, an Arizona Resident, and $12,000 to June Jones, a nonresident of Arizona. The estate had $8,700 in U.S. Government interest.

The shares of federal distributable net income are as follows:
- Jane Jones $24,000 48.76%
- June Jones $12,000 24.38%
- Judy Jones Estate $13,222 26.86%
- Total $49,222 100.00%

The estate’s Arizona taxable income is figured as follows:
- Federal taxable income $11,957
- Modifications increasing federal taxable income: Non-Arizona municipal bond interest $2,476
- Modifications decreasing federal taxable income: U.S. Government Interest $8,700
- Net Modifications ($6,224)

- Share of federal distributable net income $12,000
- From Arizona sources @ 29.67% $3,561

Arizona source income is figured as follows:
- Rental income (Arizona) $16,832
- Total income $56,722 ($46,746 + $2,476) = 29.67%
This can be verified as follows:
- June’s share of income $12,000
- DNI $49,222 ($46,746 + $2,476) = 29.67%
- Share of rental income $16,832 X 24.38% = $4,104
- Share of fees $7,500 X 24.38% X 29.67% = (543)
- Net Arizona income $3,561

Purpose of Form

Use Form 141AZ EXT to apply for an extension of time to file an Arizona 141AZ.

Fiduciaries use this form to apply for an automatic five (5) month extension.

Also use Form 141AZ EXT to remit an extension payment whether you are requesting an Arizona extension or using a valid federal extension.

Enter the estate’s or trust’s federal employer identification number in the space provided.

Arizona will accept your federal extension for the period covered by the federal extension.

When to File

For 2011, you must file Form 141AZ EXT by April 17, 2012 (or by the original due date of the return).

Complete Form 141AZ EXT to request an automatic five (5) month extension (fiduciaries filing Arizona Form 141AZ). Mark your envelope “Extension Request.”

An extension does not extend the time to pay your income tax. You must still pay your tax liability by April 17 (or by the original due date of your return). If you do not pay at least 90% of the tax liability disclosed by your return by the return’s original due date, you will be subject to the extension underpayment penalty. We charge interest from the original due date to the date of payment.

Extension Underpayment Penalty: We impose this penalty if you do not pay at least 90% of the tax liability shown on your return filed under an extension by the return’s original due date. The extension underpayment penalty is ½ of 1% (.005) of the tax not paid for each 30-day period or fraction of a 30-day period. We impose this penalty from the original due date of the return until you pay the tax. The extension underpayment penalty cannot exceed 25% of the unpaid tax. If we charge you the extension underpayment penalty, we will not charge you the late payment penalty under Arizona Revised Statutes section 42-1125(D).

Making Your Payment

Check or money order

Fiduciaries filing Form 141AZ must make extension payments by check or money order.

Make your check or money order payable to Arizona Department of Revenue. Write the estate’s or trust’s EIN and 2011 extension on the front of the check or money order. Attach the check or money order to the front of Form 141AZ EXT where shown.

Instructions Before Mailing

Make sure that you have completed all of the information requested on the front of the form.

To avoid an extension underpayment penalty, make sure you pay at least 90% of your Arizona tax liability.

To obtain a certificate from the department, all of the following must be met.
1. A written request for a certificate must be submitted. The request must contain a statement regarding the status of returns filed by or on behalf of the decedent or for the estate for the four taxable years immediately preceding the date of the request. The fiduciary must make the statement under declaration of perjury. The statement must indicate:
   - The years for which returns were filed.
   - The years for which the gross and Arizona taxable incomes were less than the amount necessary to require the filing of returns.
2. A return was filed by or on behalf of the decedent and for the estate for each taxable year in which the respective incomes of the decedent or estate exceeded the requirements for filing returns.
3. A final return is filed when the certificate is requested. This return must be filed regardless of the gross or net income for the year. If there is no income, file a return with "zero" on all lines.
4. The fiduciary has filed Arizona Form 210.

Section IV: Estate Information
Enter the approximate gross value of the decedent's entire estate. If the estate is being probated, also enter the approximate value of the probate estate. Enter the name, address, and social security number of each beneficiary of the estate. Attach an extra sheet, if necessary.

Section V: Termination of Fiduciary Relationship
Complete this section only if you are terminating a prior notice of assumption of duties in a fiduciary capacity on file with the department.

Signature of Fiduciary
Sign and date the completed Form 210. Include a title describing your role as a fiduciary (executor, administrator, personal representative, etc.).

NOTE: Tax information on file with the department is confidential. If the fiduciary wants the department to discuss tax matters with someone other than the fiduciary, the fiduciary must authorize the department to release confidential information to that person. Use Form 285 to:
- authorize the department to release confidential information to your appointee.
- authorize an individual to represent or perform certain acts on behalf of the entity.

Form 285 may be filed with Form 210.

2011 Arizona Annual Payment Withholding Tax Return

Arizona Form
A1-APR

General Instructions

Who May Use Form A1-APR

Employers that qualify to make their withholding payment on an annual basis should use Form A1-APR, and should not file Form A1-QRT, Form A1-R, or Form A1-WP.

An employer may make its Arizona withholding payments on an annual basis if all of the following conditions are met:

- The employer has established a history of withholding activity by filing the quarterly tax return (Form A1-QRT) for at least the four preceding calendar quarters.
- The employer's withholding liability was an amount greater than zero for at least one of the four preceding calendar quarters.
- The average amount of Arizona income taxes withheld by the employer in the four preceding calendar quarters does not exceed $200. The employer will meet this average withholding requirement if the total amount withheld in the four preceding calendar quarters is $800 or less.
- The employer has timely filed Form A1-QRT and has timely made its Arizona withholding payments for at least three of the four preceding calendar quarters.
- The employer has filed Form A1-QRT for all preceding calendar quarters and does not have a balance due (tax, penalty, or interest) for any preceding calendar quarter.
- The employer has filed the annual reconciliation tax return (Form A1-R) for all preceding calendar years and has timely filed Form A1-R for the preceding calendar year.

An employer may continue to make its Arizona withholding payments on an annual basis for the succeeding calendar year if all of the following conditions are met:

- The average amount of Arizona income taxes withheld by the employer in the four preceding calendar quarters does not exceed $200.
- The employer has timely filed the annual payment tax return (Form A1-APR) and has timely made its annual Arizona withholding payment for the preceding calendar year.

If an employer does not meet all of the qualifying conditions to continue making its Arizona withholding payments on an annual basis for the succeeding calendar year:

- The employer must determine its Arizona withholding payment schedule for succeeding calendar quarters according to the Arizona Withholding Liability/Payment Schedule section of Form A1-QRT instructions; and
- The employer shall file quarterly tax returns (Form A1-QRT) for succeeding calendar quarters.

Filing Original Returns

Returns are due on or before February 28 of the year following the close of the calendar year. If the due date falls on a Saturday, Sunday, or legal holiday, the return is considered timely filed if it is postmarked by the next day that is not a Saturday, Sunday, or legal holiday. If the employer has an Arizona extension, file the return by the extended due date. Attach a copy of the Arizona extension to the front of the return. Send the return to the Arizona Department of Revenue, PO Box 29009, Phoenix AZ 85038-9009.

Form A1-APR is also the transmittal form for federal Forms W-2, W-2c, W-2G, and 1099-R (if Forms W-2G and 1099-R include Arizona withholding). These forms are required to be filed with Form A1-APR as an integral part of the annual reconciliation of taxes withheld from employees and remitted to the Department of Revenue.

The department normally determines the timeliness of a return by the postmark or other official mark of the U.S. Postal Service stamped on the envelope in which the return is mailed. Refer to Arizona General Tax Ruling GTR 93-1 for further information. The department will also accept proof of mailing from a private delivery service included in the Internal Revenue Service (IRS) list of designated private delivery services. Contact the private delivery service for information regarding how to obtain written proof of mailing.

Extension of Time to File a Return

An employer may apply for an extension of time to file Form A1-APR upon a showing of good cause. The employer must file the extension request as soon as the employer knows that an extension of time to file is necessary. The extension request must be mailed on or before the due date of Form A1-APR. An extension cannot be granted if the extension request is filed after the due date of Form A1-APR. An extension of time to file Form A1-APR is also an extension of time to file federal Forms W-2, W-2c, W-2G, and/or 1099-R that are required to be filed with that return.

NOTE: To request an extension to file the 2011 Arizona Form A1-APR, refer to new Withholding Tax Procedure WTP 11-1, available on the department's website www.azdor.gov under Legal Research and Procedures. Be sure to select “Withholding” from the drop down box for the Procedure Tax Type.
Payment of Tax

The entire amount of tax is due on or before the original due date of Form A1-APR, even if the employer has been granted an extension of time to file Form A1-APR. Payments can be made via check, electronic check, money order, or credit card. Visit www.aztaxes.gov to register and make payments via the internet.

Payments made with the employer's extension request should be accompanied by a completed Form A1-WP, indicating the payment is for the 4th Quarter of 2011.

Filing Amended Returns

If this is an amended Form A1-APR, check the amended return box on page 1 of the form. Complete the Arizona Withholding Tax Liability section, the Tax Payments section, and the Federal Form Transmittal Information section on page 1 of the form according to the instructions for those sections. Complete the amended return explanation section on page 2 of the form.

Submitting Forms W-2, W-2c, W-2G, and 1099-R

The department will accept federal Forms W-2, W-2c, W-2G, and 1099-R (if Forms W-2G and 1099-R include Arizona withholding) submitted by either method listed below:

- Optical media, including an external label to identify the filer and characteristics of the media, with the required information can be sent to:
  Arizona Department of Revenue
  Information Technology Division
  Media Librarian
  1600 W Monroe
  Phoenix AZ 85007-2650

Refer to Publication 701, Optical Media Reporting, for information regarding optical media specifications for reporting federal Forms W-2, W-2c, W-2G, and 1099-R.

NOTE: Only the federal attachments to Arizona Form A1-APR may be filed via optical media. A paper copy of Arizona Form A1-APR must be filed to the address on the form, unless Form A1-APR was filed electronically through www.aztaxes.gov. Please do not include a paper copy of Form A1-APR with the disk containing optical media.

- A paper copy of each federal Form W-2, W-2c, W-2G, and 1099-R can be submitted with Form A1-APR. Mail Form A1-APR and the paper copies of the federal forms to:
  Arizona Department of Revenue
  PO Box 29009
  Phoenix AZ 85038-9009

NOTE: When sending paper federal attachments to the department, employers that filed Arizona Form A1-APR electronically on www.aztaxes.gov should print out a copy of Form A1-APR with the watermark “Electronically Filed” and attach paper Forms W-2, W-2c, W-2G and 1099-R to it.

Penalties and Interest

A. Late Filing Penalty. A return filed after the original due date is subject to the late filing penalty unless the employer has an approved Arizona extension. The employer must attach a copy of the approved Arizona extension to the return. A return filed after its extended due date is also subject to the late filing penalty. The late filing penalty is 4½ percent (.045) of the amount of tax required to be shown on the return. “Amount of tax required to be shown on the return” is the amount of tax imposed less the amount of any part of the tax paid on or before the beginning of the month. The penalty period is each month or fraction of a month between the due date of the return and the date the employer filed the return. The maximum penalty is 25 percent of the tax found to be remaining due.

B. Late Payment Penalty. The department imposes the late payment penalty on any amount shown as tax on the return that is not paid by the date prescribed for its payment. The late payment penalty is ½ percent (.005) of the unpaid tax for each month or fraction of a month the tax remains unpaid, not to exceed 10 percent of the unpaid tax.

NOTE: If both of the penalties described in A and B apply, the maximum combined penalty is 25 percent.

C. Additional Failure to Pay Penalty. An employer is required to withhold Arizona income tax from compensation paid to an employee for services performed in Arizona, unless the compensation is exempt from Arizona withholding by Arizona law. The amount of tax required to be withheld is determined by the employer or the department, is not paid to the department by the date prescribed for its payment. The amount of the penalty is 25 percent of the amount of tax required to be withheld and paid to the department.

D. Payroll Service Company Penalty. A payroll service company, as defined in ARS § 43-418(E)(3), is subject to a $25 penalty for failure to make withholding payments electronically and a $25 penalty for failure to file withholding returns electronically. Multiple $25 penalties could apply to the same client on one return. For example, if Client A is required to make four payments in the 3rd quarter, and none of the payments are made electronically, the payroll service company would be subject to four $25 penalties, a total of $100. If the payroll service company files the quarterly reconciliation for Client A by paper, an additional penalty of $25 would apply for a grand total of $125 in penalties assessed toward the payroll service company related to Client A for the 3rd quarter.

E. Interest. The department assesses interest on any portion of the tax, whether determined by the department or the employer, not paid by the date prescribed for its payment. The department applies interest, compounded annually, in the same manner and at the same times as prescribed by Internal Revenue Code § 6621 with the following exception.
Exception: The Arizona rate of interest for both underpayments and overpayments for all taxpayers is the federal underpayment rate under IRC § 6621(a)(2). On January 1 of each year, the department adds any interest outstanding as of that date to the principal amount of the tax. It is then a part of the principal amount of the tax and accrues interest until paid.

Arizona Quarterly Withholding Tax Return

General Instructions

Who May Use Form A1-QRT

An employer must make its Arizona withholding payments to the department either on a quarterly basis or at the same time as the employer makes its federal withholding deposits. An employer must file a quarterly withholding tax return with the department to report its Arizona withholding tax liability.

An employer incurs an Arizona withholding tax liability either quarterly, or on the same dates as it incurs a federal withholding liability (monthly, semi-weekly, or one-banking day). An employer must determine when it incurs an Arizona withholding tax liability to establish its correct Arizona withholding payment schedule. An employer makes this determination by calculating its average Arizona withholding tax liability for the four preceding calendar quarters or by using an alternate calculation if it does not have historical data for the preceding four calendar quarters. Both computations are discussed in the Arizona Withholding Liability/Payment Schedule section of these instructions.

Form A1-QRT: Use the quarterly tax return if the liability is incurred on a quarterly, monthly, semi-weekly or one-banking day basis. A monthly liability employer that incurs a one-banking day liability during the calendar quarter immediately becomes an Arizona semi-weekly liability employer for the remainder of the calendar quarter.

Exception for Annual Payment Return (Form A1-APR): Certain employers may make their withholding payments on an annual basis and file an annual withholding tax return on Form A1-APR. These employers will not file Form A1-QRT or Form A1-R, or use Form A1-WP for their withholding payments.

An employer may make its Arizona withholding payments on an annual basis if all of the following conditions are met:

- The employer has established a history of withholding activity by filing the quarterly tax return (Form A1-QRT) for at least the four preceding calendar quarters.
- The employer's withholding liability was an amount greater than zero for at least one of the four preceding calendar quarters.
- The average amount of Arizona income taxes withheld by the employer in the four preceding calendar quarters does not exceed $200. The employer will meet this average withholding requirement if the total amount withheld in the four preceding calendar quarters is $800 or less.
- The employer has timely filed Form A1-QRT and has timely made its Arizona withholding payments for at least three of the four preceding calendar quarters.
- The employer has filed Form A1-QRT for all preceding calendar quarters and does not have a balance due (tax, penalty, or interest) for any preceding calendar quarter.
- The employer has filed the annual reconciliation tax return (Form A1-R) for all preceding calendar years and has timely filed Form A1-R for the preceding calendar year.

An employer may continue to make its Arizona withholding payments on an annual basis for the succeeding calendar year if all of the following conditions are met:

- The average amount of Arizona income taxes withheld by the employer in the four preceding calendar quarters does not exceed $200.
- The employer has timely filed the annual tax return and has timely made its annual Arizona withholding payment for the preceding calendar year.

If an employer does not meet all of the qualifying conditions to continue making its Arizona withholding payments on an annual basis for the succeeding calendar year:

- The employer must determine its Arizona withholding payment schedule for succeeding calendar quarters according to the instructions in the Arizona Withholding Liability/Payment Schedule section; and
- The employer shall file the quarterly tax return (Form A1-QRT) for succeeding calendar quarters.

Penalties and Interest

A. Late Filing Penalty. A return filed after the due date is subject to the late filing penalty. The late filing penalty is 4½ percent (.045) of the amount of tax required to be shown on the return. “Amount of tax required to be shown on the return” is the amount of tax imposed less the amount of any part of the tax paid on or before the beginning of the month. The penalty period is each month or fraction of a month between the due date of the return and the date the taxpayer filed the return. The maximum penalty is 25 percent of the tax found to be remaining due.

B. Late Payment Penalty. The department imposes the late payment penalty on any amount shown as tax on the return that is not paid by the date prescribed for its payment. The late payment penalty is ½ percent (.005) of the unpaid tax for each month or fraction of a month the tax remains unpaid, not to exceed 10 percent of the unpaid tax.

NOTE: If both of the penalties described in A and B apply, the maximum combined penalty is 25 percent.

C. Additional Failure to Pay Penalty. An employer is required to withhold Arizona income tax from compensation paid to an employee for services performed in Arizona, unless the compensation is exempt from Arizona withholding by Arizona law. The amount of tax required to be withheld is...
specified in Title 43, Chapter 4 of the Arizona Revised Statutes. The department may impose a penalty if the amount of tax required to be withheld, whether the amount of tax is determined by the employer or the department, is not paid to the department by the date prescribed for its payment. The amount of the penalty is 25 percent of the amount of tax required to be withheld and paid to the department.

D. Payroll Service Company Penalty. A payroll service company, as defined in ARS § 43-418(E)(3), is subject to a $25 penalty for failure to make withholding payments electronically and a $25 penalty for failure to file withholding returns electronically. Multiple $25 penalties could apply to the same client on one return. For example, if Client A is required to make four payments in the 3rd quarter, and none of the payments are made electronically, the payroll service company would be subject to four $25 penalties, a total of $100. If the payroll service company files the quarterly reconciliation for Client A by paper, an additional penalty of $25 would apply for a grand total of $125 in penalties assessed toward the payroll service company related to Client A for the 3rd quarter.

E. Interest. The department assesses interest on any portion of the tax, whether determined by the department or the employer/taxpayer, not paid by the date prescribed for its payment. The department applies interest, compounded annually, in the same manner and at the same times as prescribed by Internal Revenue Code § 6621 with the following exception. Exception: The Arizona rate of interest for both underpayments and overpayments for all taxpayers is the federal underpayment rate under IRC § 6621(a)(2) [the federal short-term rate, determined pursuant to IRC § 6621(b), plus three percentage points]. On January 1 of each year, the department adds any interest outstanding as of that date to the principal amount of the tax. It is then a part of the principal amount of the tax and accrues interest until paid.

Arizona Withholding Liability/Payment Schedule

Arizona law requires an employer to compute its average Arizona withholding tax liability for the preceding four calendar quarters at the beginning of each new quarter. This calculation is performed to determine the correct Arizona withholding payment schedule. An employer that has four full consecutive calendar quarters of Arizona withholding liability historical data must use the regular withholding payment schedule computation. An employer that does not have four full consecutive calendar quarters of Arizona withholding liability historical data must use the alternate withholding payment schedule computation.

A. Regular Arizona Withholding Liability/Payment Schedule Computation

An employer required to use the regular computation must add its withholding liabilities for the preceding four calendar quarters and divide the total by four. An employer must make its Arizona withholding payments on a quarterly basis if the average amount of Arizona income taxes withheld during the preceding four calendar quarters does not exceed $1,500.

An employer must make its Arizona withholding tax payments at the same time as its federal withholding deposits if the average amount of Arizona income taxes withheld during the preceding four calendar quarters exceeds $1,500.

| Example 1 |
|------------------|------------------|------------------|
| **An employer is trying to determine the correct Arizona withholding payment schedule for the second calendar quarter 2011. The employer would make the following calculation to compute the average amount of Arizona income taxes withheld in the preceding four calendar quarters.** |
| **First quarter 2011 withholding** | $1,100 |
| **Fourth quarter 2010 withholding** | + 1,600 |
| **Third quarter 2010 withholding** | + 1,000 |
| **Second quarter 2010 withholding** | + 1,200 |
| **Total withholding** | = $4,900 |
| **Divide by** | + 4 |
| **Average withholding** | = $1,225 |

This example illustrates a four-quarter average of Arizona income taxes withheld that does not exceed $1,500. Therefore, the employer is required to make Arizona withholding payments on a quarterly basis.

| Example 2 |
|------------------|------------------|------------------|
| **An employer is trying to determine the correct Arizona withholding payment schedule for the third calendar quarter 2011. The employer would make the following calculation to compute the average amount of Arizona income taxes withheld in the preceding four calendar quarters.** |
| **Second quarter 2011 withholding** | $1,800 |
| **First quarter 2011 withholding** | + 1,400 |
| **Fourth quarter 2010 withholding** | + 1,900 |
| **Third quarter 2010 withholding** | + 1,300 |
| **Total withholding** | = $6,400 |
| **Divide by** | + 4 |
| **Average withholding** | = $1,600 |

This example illustrates a four-quarter average of Arizona income taxes withheld that exceeds $1,500. Therefore, the employer is required to make Arizona withholding payments at the same time as its federal withholding deposits.

B. Alternate Arizona Withholding Liability/Payment Schedule Computation

An employer must make its Arizona withholding payments on a quarterly basis if the average amount of Arizona income taxes withheld during the preceding four calendar quarters does not exceed $1,500.

An employer must make its Arizona withholding tax payments at the same time as its federal withholding deposits (monthly, semi-weekly, or one-banking day), if the average amount of Arizona income taxes withheld during the preceding four calendar quarters exceeds $1,500.

An employer required to use the alternate computation must use one of the following methods.

An employer that purchases an existing business must determine its Arizona withholding payment schedule for each calendar quarter by calculating the average amount withheld in the four preceding calendar quarters as follows:

- For the first quarter of withholding, the employer must calculate the previous owner's average amount of Arizona income taxes withheld in the four preceding calendar quarters.
- For the second through fourth quarters of withholding, the employer must calculate the average amount withheld in the four preceding calendar quarters by combining its prior
quarters of withholding with the previous owner's quarters of withholding.

- For subsequent quarters of withholding, the employer must add the amounts it withheld in the four preceding calendar quarters and then divide that sum by four.

A newly formed business must determine its Arizona withholding payment schedule as follows:

- For the first quarter of withholding, the employer must make its Arizona withholding payments on a quarterly basis.
- For the second quarter of withholding, the employer must determine its Arizona withholding payment schedule based on the amount withheld in the first quarter of withholding.
- For the third quarter of withholding, the employer must determine its Arizona withholding payment schedule by adding the amounts withheld in the first and second quarters and dividing by two.
- For the fourth quarter of withholding, the employer must determine its Arizona withholding payment schedule by adding the amounts withheld in the first, second, and third quarters and dividing by three.
- For subsequent quarters of withholding, the employer must determine its Arizona withholding payment schedule by adding the amounts withheld in the four preceding calendar quarters and dividing by four.

When two or more employers consolidate their business activities to form one entity, the new employer must determine its Arizona withholding payment schedule based on the combined withholding of the prior employers for the preceding four full quarters. Any prior employer with fewer than four full quarters of withholding activity must annualize the amounts withheld and divide by four. The new employer must determine its Arizona withholding payment schedule by combining this amount with the quarterly averages of the other prior employers with four full quarters of withholding activity.

C. Withholding Payment Due Dates

Internet payments: Registered employers may make their withholding payments on the Internet. Go to www.aztaxes.gov to register or for further information.

Quarterly Arizona withholding payments are due on the following dates:

- First calendar quarter - April 30;
- Second calendar quarter - July 31;
- Third calendar quarter - October 31;
- Fourth calendar quarter - January 31.

If the quarterly withholding payment due date is a non-banking day (Saturday, Sunday, or a legal holiday), the withholding payment is timely if made on the next banking day.

An employer required to make its Arizona withholding payments at the same time as its federal withholding deposits must make its Arizona withholding payments on a monthly, semi-weekly, or one-banking day basis.

Monthly Arizona withholding payments are due on the fifteenth day of the month following the calendar month in which the taxes accumulated.

If the fifteenth day of the following month is a non-banking day (Saturday, Sunday, or a legal holiday), the withholding payment is timely if made on the next banking day.

Semi-weekly Arizona withholding payments are due on the following schedule:

- Wednesday through Friday semi-weekly period - on or before the following Wednesday.
- Saturday through Tuesday semi-weekly period - on or before the following Friday.

If any of the three weekdays following the close of a semi-weekly period is a non-banking day (a legal holiday), an additional banking day is granted to make the required payment.

If a calendar quarter ends during a semi-weekly period (on a day other than Tuesday or Friday), the following rules apply:

- Taxes accumulated on the days in the current calendar quarter are subject to one payment obligation.
- Taxes accumulated on the days in the next calendar quarter are subject to a separate payment obligation.
- The payment(s) is (are) due at the normal payment due date for the semi-weekly period.

One-banking day Arizona withholding payments are due on the first banking day following the day that an employer incurs a federal one-banking day deposit obligation. The employer must make a one-banking day federal withholding deposit if federal taxes accumulate to $100,000 or more on any day during a monthly or semi-weekly deposit period. The Arizona withholding payment is due the same day as the federal withholding deposit although the Arizona withholding tax liability may not have reached $100,000 for the same monthly or semi-weekly period. A monthly liability payer that incurs an Arizona one-banking day withholding payment obligation during the calendar quarter immediately becomes an Arizona semi-weekly liability payer for the remainder of the calendar quarter.

Extended Form A1-QRT due dates available to taxpayers who have made every payment on time. ARS § 43-401(E) allows some employers additional time to file Form A1-QRT. Employers who have made every payment on time during the preceding calendar quarter may have ten additional days in which to file Form A1-QRT.

Form A1-QRT, for employers who have not made every payment on time during the preceding calendar quarter, are timely filed if filed by the following dates:

- First calendar quarter - April 30;
- Second calendar quarter - July 31;
- Third calendar quarter - October 31;
- Fourth calendar quarter - January 31.

Form A1-QRT filing due dates for employers who have made every payment on time during the preceding calendar quarter are:

- First calendar quarter - May 10;
- Second calendar quarter - August 10;
- Third calendar quarter - November 13;
- Fourth calendar quarter - February 11.

Because November 10, 2012, and February 10, 2013, are each on a weekend day, the payment is timely for those quarters if it is made on the next banking day.
Form A1-QRT may be filed online. Employers that are registered with the Arizona Department of Revenue and registered at www.aztaxes.gov may file Form A1-QRT and make withholding payments online. Employers may begin both registrations online. Visit www.aztaxes.gov for more details.

All returns, statements, and other documents filed with the department require the taxpayer's employer identification number (taxpayer identification number or TIN). Taxpayers and their paid preparers that fail to include their TIN may be subject to a penalty. Paid tax return preparers must include their TIN where requested. The TIN for a paid tax return preparer is the individual's social security number, preparer tax identification number, or the employer identification number of their business.

Refer to the sample Form A1-QRT on pages 6 and 7 of the instructions. The following numbered instructions correspond to the numbered sections of the sample Form A1-QRT.

Who May File Form A1-R

Employers that file Form A1-QRT must file Form A1-R, Arizona Withholding Reconciliation Return, to perform the reconciliation required by ARS § 43-412. Form A1-R is also the Arizona transmittal return for federal Forms W-2, W-2c, W-2G, and/or 1099-R, if those forms include Arizona withholding. These federal forms are required to be filed with the Form A1-R as an integral part of the reconciliation required by the statute.

Filing Original Returns

File this return only on a calendar year basis, i.e., for the period January 1, 2011, through December 31, 2011. The return is due by February 28 of the year following the calendar year for which payments were made. If the due date falls on a Saturday, Sunday, or legal holiday, the return is considered timely if it is filed by the next day that is not a Saturday, Sunday, or legal holiday. If the employer has an Arizona extension, file the return by the extended due date. Attach a copy of the extension request to the front of the return. Send the return to the Arizona Department of Revenue, PO Box 29009, Phoenix AZ 85038-9009.

Extension of Time to File a Return

An employer may apply for an extension of time to file Form A1-R upon a showing of good cause. The employer must file the extension request as soon as the employer knows that an extension of time to file is necessary. The extension request must be mailed on or before February 28. An extension cannot be granted if the extension request is filed after the due date of Form A1-R. An extension of time to file Form A1-R is also an extension of time to file federal Forms W-2, W-2c, W-2G, and 1099-R associated with that return. Attach a copy of the extension request to the front of Form A1-R when filing Form A1-R.

Filing Amended Returns

### EMPLYEE’S INSTRUCTIONS

Arizona law requires your employer to withhold Arizona income tax from your wages for work done in Arizona. This amount is applied to your Arizona income tax due when you file your tax return. The amount withheld is a percentage of your gross taxable wages of every paycheck. You may also have your employer withhold an extra amount from each paycheck. Complete this form to select a percentage and any extra amount to be withheld from each paycheck.

**What are my “Gross Taxable Wages”?**

For withholding purposes, your “gross taxable wages” are the wages that will generally be in box 1 of your federal Form W-2. It is your gross wages less any pretax deductions, such as your share of health insurance premiums.

**New Employees**

Complete this form in the first five days of employment to select an Arizona withholding percentage. You may also have your employer withhold an extra amount from each paycheck. If you do not file this form, the department requires your employer to withhold 2.7% of your gross taxable wages.

**Current Employees**

If you want to change the current amount withheld, you must file this form to change the Arizona withholding percentage or change the extra amount withheld.

**What Should I do With Form A-4?**

Give your completed Form A-4 to your employer.

**E lecting a Withholding Percentage of Zero**

You may elect an Arizona withholding percentage of zero if you expect to have no Arizona income tax liability for the current year. Arizona tax liability is gross tax liability less any tax credits, such as the family tax credit, school tax credits, or credits for taxes paid to other states. If you make this election, your employer will not withhold Arizona income tax from your wages for payroll periods beginning after the date you file the form. Zero withholding does not relieve you from paying Arizona income taxes that might be due at the time you file your Arizona income tax return. If you have an Arizona tax liability when you file your return or if at any time during the current year conditions change so that you expect to have a tax liability, you should promptly file a new Form A-4 and choose a percentage that applies to you.

**Voluntary Withholding Election by Certain Nonresident Employees**

Compensation earned by nonresidents while physically working in Arizona for temporary periods is subject to Arizona income tax. However, under Arizona law, compensation paid to certain nonresident employees is not subject to Arizona income tax withholding. These nonresident employees need to review their situations and determine whether they should elect to have Arizona income taxes withheld from their Arizona source compensation. Nonresident employees may request that their employer withhold Arizona income taxes by completing this form to elect an Arizona withholding percentage.
THIS PAGE INTENTIONALLY LEFT BLANK
Arizona Revised Statutes (ARS) § 43-401 requires an employer to make Form A-4 available to employees at all times and to inform employees of the Arizona withholding election options. Beginning July 1, 2010, Arizona withholding is based on a percentage of gross taxable wages. "Gross taxable wages" is the amount that meets the federal definition of "wages" contained in IRC § 3401 and that will generally be included in box 1 of the employee's federal Form W-2 at the end of the calendar year (i.e. gross wages net of pretax deductions, such as the employee's portion of health insurance premiums). Employees may also designate an additional amount to be withheld from each paycheck.

### New Employees

New employees must complete Form A-4 within the first five days of employment. If the employee does not complete this form, the employer must withhold 2.7% of the employee's gross taxable wages, until the employer receives a completed form from the employee.

### Current Employees

Current employees must complete Form A-4 to elect a different Arizona withholding percentage or to change the additional amount designated to be withheld from each paycheck. If the employee wants to increase or decrease the amount of Arizona withholding, the employee must complete Form A-4 to change the Arizona withholding percentage or change the additional amount designated to be withheld each paycheck.

### Electing a Withholding Percentage of Zero

An employee may elect an Arizona withholding percentage of zero, if the employee expects to have no Arizona income tax liability for the current taxable year. If an employee makes this election, the employer will not withhold Arizona income tax from the employee's compensation for payroll periods beginning after the date of the employee's election.

### Voluntary Withholding Election by a Nonresident Employee Exempt Under ARS § 43-403(A)(5)

A qualifying employee may use this form to voluntarily elect to have a portion of the employee's compensation withheld under the provisions of ARS § 43-403(D)(1) for application toward the employee's Arizona income tax liability. The employee completes this form to elect an Arizona withholding percentage and to designate an additional amount to be withheld from each paycheck.

**NOTE:** This exemption does not apply to a nonresident employee who is in this state solely for athletic or entertainment purposes.

### Qualifying Criteria for the ARS § 43-403(A)(5) Exemption

The exemption under the provisions of ARS § 43-403(A)(5) applies to wages paid to nonresident individuals who are:

1. Employed by a company having property, payroll, and sales in Arizona or by a related entity having more than 50 percent direct or indirect common ownership; and
2. Physically present in Arizona for less than 60 days in a calendar year for the purpose of performing a service that will benefit the employer.

Activities not included in determining the number of days of service are:

a. Being in transit.

b. Engaging in personal activities.

c. Participating in training or professional development activities or attending meetings that are not directly connected to the Arizona operations of the employer.

A “related entity having more than 50 percent direct or indirect common ownership” means that the related entities are more than 50 percent owned by the same interests. The examples below illustrate three different situations in which the nonresident employee is performing services in Arizona for such an entity for less than 60 days during a calendar year. In these examples, the employer has met the qualifying criteria for the ARS § 43-403(A)(5) exemption and, therefore, does not have to withhold Arizona income taxes from compensation paid to the employee for services performed in Arizona.

### Example 1:

Corporation A is the U.S. domestic parent of Corporation B, a wholly owned foreign subsidiary corporation. Corporation A has property, payroll and sales in Arizona. Corporation B operates in China and does not have property, payroll and sales in Arizona. Individual R, an Arizona nonresident, is an employee of Corporation B. Individual R performs services for Corporation B in Arizona for 45 days during calendar year 2011.

### Example 2:

Corporation F, based in California, is the common parent of Corporation W. Corporation F does not have property, payroll and sales in Arizona. Corporation W does have property, payroll and sales in Arizona. Individual L, an Arizona nonresident, is an employee of Corporation F. Individual L performs services for Corporation F in Arizona for 55 days during calendar year 2011.

### Example 3:

Individual D owns 60 percent of Corporation K and 51 percent of Corporation S. Individual N owns 40 percent of Corporation K and 49 percent of Corporation S. Corporation S has property, payroll and sales in Arizona. Corporation K, based in California, does not have property, payroll and sales in Arizona. Individual T, an Arizona nonresident, is an employee of Corporation K. Individual T performs services for Corporation K in Arizona for 35 days during calendar year 2011.
