This booklet contains:

☐ Tax Credit Forms
☐ Fiduciary Tax Forms
☐ Withholding Tax Forms

CAUTION

The federal amounts that you use on your Arizona return may not be the same as the federal amounts from your federal tax return.

Each year the Arizona State Legislature considers if they will adopt changes made to the federal tax law during the prior year. These forms assume the Legislature will adopt all federal law changes made after January 1, 2016.

If you use the amounts from your 2016 federal tax return to complete your Arizona return and the Legislature does not adopt the 2016 federal changes, you may have to amend your return at a later date for any difference between Arizona and federal law. For more details, visit www.azdor.gov and click on the link for 2016 conformity.

General Instructions

Arizona Form 300 may only be used by corporate taxpayers or exempt organizations with unrelated business taxable income (UBTI). Individual taxpayers must use Arizona Form 301 to claim tax credits.

Corporate taxpayers and exempt organizations with UBTI use this form to summarize their total available nonrefundable tax credits, to determine the application of the available nonrefundable tax credits, and to calculate their tax liability related to the recapture of tax credits.

The credits are available to an exempt organization that is subject to corporate income tax on UBTI. The credit must result from the activities that generate UBTI.

NOTE: You must include Form 300 and the corresponding credit forms on which you computed your credit(s) with your income tax return.

Specific Instructions

Enter the taxpayer name and employer identification number as shown on Arizona Form 99T, 120, 120A, 120S, or 120X. Indicate the period covered by the taxable year.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). **General Instructions**

Former Arizona Revised Statutes (A.R.S.) §§ 43-1074 and 43-1161 provided nonrefundable individual and corporate income tax credits for net increases in qualified employment positions by a business located in a former enterprise zone.

**NOTE:** Former A.R.S. §§ 43-1074 and 43-1161 are repealed effective from and after June 30, 2011. The last year that a taxpayer could establish an Enterprise Zone Credit was 2013. All enterprise zone credits properly established can be carried forward for the remainder of their five-year carry forward period.

**Specific Instructions**

Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Include the completed form and all supporting documentation with the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, S corporation, or a partnership is the taxpayer's employer identification number. The TIN for an individual is the taxpayer's social security number or an Internal Revenue Service individual taxpayer identification number. Taxpayers that fail to include their taxpayer identification number may be subject to a penalty.

**Available Credit Carryover**

The taxpayer who is utilizing the credit carryover should complete the table on the form only if its allowable enterprise zone tax credit for qualified employment positions for prior taxable years exceeded its Arizona income tax liability for those taxable years.

**PARTNERSHIPS AND S CORPORATIONS THAT ELECTED TO PASS THE CREDIT THROUGH TO THEIR SHAREHOLDERS:** A partnership or an S corporation that passed the credit through to its partners or shareholders must furnish each partner or shareholder with a statement indicating that the business is still located in the former enterprise zone.

**Line 1**

Enter the taxable year(s) from which you are carrying over the credit in columns (a) through (c).

**Line 2**

Enter the credit originally computed for that taxable year.

**Line 3**

Enter the amount of the credit from that taxable year already used.

**Line 4**

Subtract the amount on line 3 from the amount on line 2. Enter the difference.

**Line 5**

Enter the amount of the credit that is disallowed because the business is no longer located at the location that formerly was in an enterprise zone.

**Line 6**

Subtract the amount entered on line 5 from line 4. Enter the difference.

**Line 7**

Add the amounts from columns (a) through (c) on line 6 and enter the total in column (c) on line 7. This is the total enterprise zone credit carryover available from prior taxable years.

Corporations and S corporations - enter the amount from line 7, column (c) on Arizona Form 300, Part 1, line 1, column (b).

General Instructions
Arizona Revised Statutes (A.R.S.) §§ 43-1080 and 43-1169 provide a nonrefundable tax credit for expenses incurred in constructing a qualified environmental technology manufacturing, producing or processing facility as described in A.R.S. § 41-1514.02. The amount of the credit is equal to 10% of the amount spent during the taxable year to construct the facility, including land acquisition, improvements, building improvements, machinery and equipment. The credit cannot exceed 75% of the Arizona income tax liability for the taxable year as determined without applying the credit.

The former Arizona Department of Commerce identified and certified new facilities of qualified environmental technology manufacturers, producers and processors for purposes of the credit. The certification program ran through June 30, 1996. However, the certification may be assigned or transferred to one or more successor taxpayers, manufacturers, producers or processors that have acquired and continue to operate a facility that was used to meet the qualifying conditions listed below and that continues to be used predominantly for those purposes.

To qualify under A.R.S. § 41-1514.02, an environmental technology manufacturer, producer, or processor must locate or make an additional capital investment in a facility in this state that:

- Is used predominantly to do any of the following:
  a. Sort, store, prepare, convert, fabricate, manufacture, or otherwise process finished products consisting of at least 90% recycled materials.
  b. Prepare, fabricate, manufacture, or otherwise process finished products that are powered exclusively with solar or other specific renewable energy.
  c. Prepare, fabricate, manufacture, or otherwise process raw material or intermediate product exclusively through a hydro-metallurgical process where at least 85% of the process solution used to produce the finished product is recycled on site for additional production.
  d. Fabricate or manufacture finished paper products that consist of at least 80% recycled material.
  e. Costs, or is expected to cost, an aggregate of at least 20 million dollars of new capital investment in this state within five years after construction begins or commencement of installation of improvements.

You may claim a credit with respect to new qualifying construction within ten years after the start of the facility’s initial construction. You qualify for the credit if you own or lease the facility or any component of the facility for a term of five or more years, but a credit is not allowed for any amount spent more than ten years after the start of the facility’s initial construction.

You can only claim the credit for items that are depreciable or amortizable assets. You have to subtract the amount of your credit from your basis in those assets. You can still take depreciation or amortization of your Arizona basis in the assets.

If the allowable tax credit exceeds 75% of the taxes otherwise due on the claimant’s income, or if there are no taxes due, the amount of the credit not used to offset taxes may be carried forward for not more than fifteen taxable years as a credit against subsequent years’ income tax liabilities.

Co-owners of a business, including partners in a partnership and shareholders of an S corporation, may each claim only the pro rata share of the credit allowed based on the ownership interest. The total of the credits allowed all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

The credit is available to an exempt organization that is subject to corporate income tax on unrelated business taxable income (UBTI). The credit must result from the activities that generate UBTI.

Credit Recapture
If either of the following circumstances occurs with respect to a qualified environmental technology manufacturing, producing or processing facility, the tax imposed for the taxable year shall be increased by the full amount of all credits previously allowed with respect to that facility:

- The taxpayer abandons construction before the facility is placed in service.
- Before the facility is placed in service, the taxpayer changes plans so that the facility no longer qualifies as an environmental technology manufacturing, producing or processing facility under A.R.S. § 41-1514.02.

If a qualified environmental technology facility ceases to operate as an environmental manufacturing, producing or processing facility at some time during the first five years it has been in operation, you have to recapture part of the credit.

Any credit recapture will affect any carryover you may have on that credit. If you have to recapture 100% of the credit,
you will have no credit carryover. If you have to recapture a portion of the credit, you have to recapture the same portion of the carryover. How to figure the recapture of a portion of your credit is discussed in the specific instructions that follow.

**Specific Instructions**

Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Include the completed form with your tax return.

**NOTE:**
- All returns, statements, or other documents filed with the department must have the taxpayer’s Employer Identification Number (EIN) or taxpayer identification number (TIN) indicated on them.
- Taxpayers who fail to include their EIN or TIN may be subject to a penalty.

Enter the certification number from the former Arizona Department of Commerce.

**Part 1 - Schedule of Cost of Equipment or Property Used in Construction of Facility for Current Year and Current Taxable Year's Credit Calculation**

**Line 1**-
Enter the date the facility's initial construction was started.

**Current Year's Cost of Equipment or Property Used in Construction of Facility**

**In column (a)**, describe the expenses incurred in constructing the new qualifying environmental technology facility during the current year. Such items would include land purchased or improved, building construction initiated or improved, or equipment or machinery installed or placed in use. If additional space is needed, include a separate sheet.

**In column (b)**, enter the amount of the cost.

**Lines 2 and 3**-
Complete lines 2 and 3 as directed on the form.

**Part 2 - Recapture of Environmental Technology Facility Credit**

If the facility has been in operation for five years or more, you do not have to recapture credits you have already used to offset your tax liability. If it ceased to operate as required before five years had passed, you must recapture the credit you used by taking the total of all environmental technology facility credits you received before, and multiplying it by a percentage. The percentage depends on how long the facility had been operating as an environmental manufacturing, producing or processing facility. The recapture percentages are as follows:

<table>
<thead>
<tr>
<th>How long between the time the facility was placed in service and the time it ceased to meet the credit requirements?</th>
<th>Recapture percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>Less than one year</td>
<td>100 %</td>
</tr>
<tr>
<td>At least one year, but less than two years</td>
<td>80 %</td>
</tr>
<tr>
<td>At least two years, but less than three years</td>

</tr>
<tr>
<td>At least three years, but less than four years</td>
<td>40 %</td>
</tr>
<tr>
<td>At least four years, but less than five years</td>
<td>20 %</td>
</tr>
</tbody>
</table>

Use the appropriate percentage to complete Part 2 as instructed on the form.

**Part 3 - S Corporation Credit Election and Shareholder's Share of Credit and Credit Recapture**

The S corporation must complete this portion of Form 305 in order for the S corporation or its shareholders to claim this credit. The S corporation must make an irrevocable election either to claim the credit or to pass the credit through to its shareholders. The election statement on line 9 must be signed by one of the officers of the S corporation who is also a signatory to Arizona Form 120S.

If the S corporation elects to pass the credit through to its shareholders, it must first complete Form 305, Part 1 and then complete Part 3, lines 10 through 12, separately for each shareholder. If the S corporation has been notified of a credit recapture for a credit it passed through to its shareholders, it must also complete Part 2 and then Part 3, line 13, separately for each shareholder.

Each S corporation shareholder is entitled to only a pro rata share of pass-through credit based on ownership interest in the S corporation. The total of the credit allowed to all shareholders may not exceed the amount that would have been allowed for a sole owner.

The S corporation must give each shareholder a copy of pages 1, 2 and 3 of Form 305. Each shareholder must complete Parts 5 (if Part 5 is applicable) through 7.

**Part 4 - Partner's Share of Credit and Credit Recapture**

**Lines 14 through 17**-

**TOTAL:** Add lines 1 through 25. Enter the total here: 26
The net increase in the number of employees shall be determined by comparing the taxpayer's average employment in the military reuse zone during the taxable year with the taxpayer's previous year's fourth quarter employment in the zone, based on the taxpayer's report to the Arizona Department of Economic Security for unemployment insurance purposes, but considering only employment in the zone.

A credit is not allowed with respect to an employee whose place of employment is relocated by the taxpayer from a location in this state to the military reuse zone, unless the employee is engaged in providing aviation or aerospace services, or in manufacturing, assembling, or fabricating aviation or aerospace products, and the taxpayer maintains at least the same number of employees in this state but outside the zone.

The military reuse zone credit is in lieu of the following credits, with respect to the same employees:

- The credit for new employment, claimed on Arizona Form 345;
- The employment credit for healthy forest enterprises, claimed on Arizona Form 332; and
- The credit for renewable energy industry, claimed on Arizona Form 342.

The amount of the credit is a dollar amount allowed for each new full-time employee. The amount per employee differs depending on whether the employee is a dislocated military base employee or another type of full-time military base employee. A "dislocated military base employee" means a civilian who previously had permanent full-time civilian employment on the military facility, at the date the closure of the facility was finally determined under federal law, as certified by Commerce. The credit amount per employee is as follows:

If the allowable tax credit exceeds the taxes otherwise due, or if there are no taxes due, the amount of the claim not used to offset the taxes may be carried forward as a credit against the five subsequent years' income tax liabilities, if the business remains in the military reuse zone.

Co-owners of a business, including partners in a partnership and shareholders of an S corporation, each claim only a pro rata share of the allowable credit based on the ownership interest. The total of the credits allowed all owners may not exceed the amount that would have been allowed for a sole owner of the business.

The credit is available to an exempt organization that is subject to corporate income tax on unrelated business taxable income (UBTI). The credit must result from the activities that generate UBTI.

Aggregate summary: This is a single Arizona Form 306 that combines the results of multiple business locations in a military reuse zone or zones. Taxpayers having multiple business locations must first complete separate Forms 306, 306-1, 306-2, 306-3, and
306-4 for each business location, whether those locations are in the same military reuse zone or multiple military reuse zones. Then, complete an aggregate summary of Form 306. Do not complete aggregate summaries of Forms 306-1 through 306-4.

Taxpayers do NOT need to complete the following portions of an aggregate summary of Form 306:
- Part 1 - Business Information
- Part 2 - Net Increase in Employment
- Part 3 - Lines 8 through 11 (line 12 must still be completed)

Specific Instructions

Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Include the completed form with the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, an exempt organization with UBTI, an S corporation, or a partnership is the taxpayer's employer identification number. The TIN for an individual is the taxpayer's social security number or an Internal Revenue Service individual taxpayer identification number. Taxpayers that fail to include their TIN may be subject to a penalty.

Part 1 - Business Information

Lines 1 through 4 -
On lines 1 through 3, enter the business’s name, its actual location in the zone (may not be its mailing address), and employer identification number.

On line 4, enter the name of the military reuse zone in which the business is located.

NOTE: If there is more than one location in a military reuse zone, include a schedule listing the name, location address, employer identification number, and zone of each location.

Part 2 - Net Increase in Employment

The military reuse zone credit is based on net increases in employment of full-time employees working in a military reuse zone. Whether there has been a net increase in employment is determined by comparing the average employment in the zone during the current taxable year with the prior year’s fourth quarter employment in the zone. The prior year figure must be based on the employer’s unemployment insurance report to the Arizona Department of Economic Security, limited to employment in the zone.

Line 5 -
Enter the average employment in the military reuse zone for the current taxable year. Complete the following worksheet to determine the average employment during the current taxable year.

On lines 1 through 12 of the worksheet, enter the number of employees employed at the end of each month by the business located in the military reuse zone.

For lines 13 through 15, follow the instructions on the worksheet.

</tr>
</tbody>
</table>

Line 6 -
Enter the previous year’s fourth quarter employment. A newly established business in a military reuse zone that did not have any employment within the zone during the fourth quarter of the immediately preceding taxable year would enter zero.

An established business already located in an area that subsequently becomes a designated military reuse zone could have employment in the zone during the fourth quarter of the immediately preceding taxable year. This employer would enter their previous year’s fourth quarter employment in the zone only, based on their report to the Arizona Department of Economic Security for unemployment tax purposes.

Line 7 -
Subtract the amount on line 6 from the amount on line 5. If this amount is less than one, enter zero. If this amount contains a decimal, round down to the next whole number. This is the net increase in employment.

Part 3 - Maximum Number of New Employees

Lines 8 through 12 and Form 306-1 and Form 306-3

The maximum number of new employees for which the business may claim the military reuse zone credit is limited to the lesser of the total number of new employees or the net increase in employment. Complete Arizona Form 306-1 listing each dislocated military base employee in the first year of employment in the military reuse zone. Complete Arizona Form 306-3 listing each non-dislocated military base employee in the first year of employment in the military reuse zone.
Line 8 -
Enter the total number of new employees employed in the zone who are dislocated military base employees from the Form(s) 306-1.

Line 9 -
Enter the total number of new employees employed in the zone who are non-dislocated military base employees from the Form(s) 306-3.

Line 10 -
Add line 8 and line 9 and enter the total.

Line 11 -
Enter the net increase in employment from Part 2, line 7.

Line 12 -
Enter the lesser of line 10 or line 11. This is the maximum number of new employees for which the business may claim the military reuse zone credit.

Part 4 - Credit Calculation for Dislocated Military Base Employees

Before completing lines 13 through 18, complete the Arizona Form 306-2 listing each dislocated military base employee for whom the business is claiming a credit.

Arizona's statutes do not require that the dislocated military base employee who is claimed in a subsequent year of continuous employment be the same dislocated military base employee who was claimed in prior years of employment. Therefore, if one of the originally claimed new dislocated military base employees leaves employment after the first year, the business can claim subsequent years' credits for another dislocated military base employee. The substitute employee must be in the same year of employment as the departed employee.

Lines 13 through 17 -
Column (a) -
Refer to the total numbers of employees shown in the columns of Form 306-2 to complete column (a) of Part 4. The maximum number of dislocated military base employees entered on line 13, column (a) cannot exceed the maximum number of new employees entered on Part 3, line 12. If the business is claiming the military reuse zone credit for dislocated military base employees and non-dislocated military base employees, the total number of employees claimed in both categories cannot exceed the maximum number of new employees from Part 3, line 12.

The number of dislocated military base employees claimed in each year can never exceed the number of non-dislocated military base employees for which a credit was claimed in the immediately preceding tax year.

Column (c) -
Multiply the numbers shown on lines 13 through 23, column (a) by the amounts shown in column (b). Enter each result in column (c).

Line 18 -
Add the numbers on lines 13 through 17, in column (a). Enter the total on line 18 in column (a). The number shown on line 18, column (a), is the total number of dislocated military base employees for which the business is claiming the military reuse zone credit.

Add the amounts on lines 13 through 17 in column (c). Enter the total on line 18 in column (c). The amount shown on line 18, column (c) is the total allowable military reuse zone credit for dislocated military base employees for the current taxable year.

Part 5 - Credit Calculation for Non-Dislocated Military Base Employees

Before completing lines 19 through 24, complete the Arizona Form 306-4 listing each non-dislocated military base employee for whom the business is claiming a credit.

Lines 19 through 23 -
Column (a) -
Refer to the total numbers of employees shown in the columns of Form 306-4 to complete column (a) of Part 5. The maximum number of non-dislocated military base employees entered on line 19, column (a), cannot exceed the maximum number of new employees entered on Part 3, line 12. If the business is claiming the military reuse zone credit for dislocated military base employees and non-dislocated military base employees, the total number of employees claimed in both categories cannot exceed the maximum number of new employees from Part 3, line 12.

The number of non-dislocated military base employees claimed in each year can never exceed the number of non-dislocated military base employees for which a credit was claimed in the immediately preceding tax year.

Column (c) -
Multiply the numbers shown on lines 19 through 23, column (a) by the amounts shown in column (b). Enter each result in column (c).

Line 24 -
Add the numbers on lines 19 through 23, in column (a). Enter the total on line 24 in column (a). The number shown on line 24, column (a) is the total number of non-dislocated military base employees for the current taxable year.

The amount shown on line 24, column (c) is the total allowable military reuse zone credit for non-dislocated military base employees for the current taxable year.

Part 6 - S Corporation Credit Election and Shareholder's Share of Credit

Line 25 -
This portion of Form 306 must be completed by all S corporations in order for the S corporation or its shareholders to claim the military reuse zone credit. The S corporation must make an irrevocable election either to claim the credit or to pass the credit through to its shareholders. The election statement must be signed by one of the officers of the S corporation who is also a signatory to Arizona Form 120S. If the S corporation elects to claim the credit itself, it can skip lines 26 through 29 and complete Parts 8 and 9.
Lines 26 through 29 -
If the S corporation elects to pass the credit through to its shareholders, it must complete lines 26 through 29 separately for each shareholder.

Each S corporation shareholder is entitled to only a pro rata share of pass-through credit based on ownership interest in the S corporation. The total of the credit allowed to all shareholders may not exceed the amount that would have been allowed for a sole owner.

The S corporation must furnish each shareholder with a copy of pages 1, 2 and 3 of Form 306. Each shareholder must complete Parts 8 and 9.

NOTE: Taxpayers who are partners or shareholders in multiple entities operating in military reuse zones must complete a schedule detailing the amount of the credit passed through from each partnership or S corporation, and include the schedule with their tax returns.

Part 7 - Partner's Share of Credit
Lines 30 through 33 -
Complete Part 7, lines 30 through 33, separately for each partner.

Each partner is entitled to only a pro rata share of the credit based on the partner’s ownership interest in the partnership. The total of the credit allowed to all partners may not exceed the amount that would have been allowed for a sole owner.

The partnership must furnish each partner with a copy of pages 1, 2 and 3 of Form 306. Each partner must complete Parts 8 and 9.

NOTE: Taxpayers who are partners or shareholders in multiple entities operating in military reuse zones must complete a schedule detailing the amount of the credit passed through from each partnership or S corporation, and include the schedule with their tax returns.

Part 8 - Available Credit Carryover
Lines 34 through 40 -
Use Part 8 to figure the total available credit carryover. Complete lines 34 through 40 if you claimed the credit on a prior year return and the credit was more than your tax.

Provided it maintains its businesses in the military reuse zone, a taxpayer may carry forward the amount of the unused military reuse zone credit for a period not to exceed five taxable years. However, if the taxpayer moves its business outside of the military reuse zone or the military reuse zone is terminated, the carryover of the tax credit is lost. If a portion of the taxpayer’s business is moved outside of the military reuse zone, the portion of the carryforward attributable to that portion of the business is lost.

Line 34 -
Enter the taxable year(s) from which you are carrying over the credit in columns (a) through (e).

Line 35 –
Enter the credit originally computed for that taxable year.

Line 36 –
Enter the amount of the credit from that taxable year already used.

Line 37 –
Subtract line 36 from line 35. Enter the result.

Line 38 –
Enter the amount of credit that is disallowed because the business is no longer located in the military reuse zone or the zone has been terminated.

Line 39 –
Subtract line 38 from line 37. Enter the result.

Line 40 –
Add the amounts in columns (a) through (e) on line 39. Enter the total. This is the total military reuse zone credit carryover for the current taxable year.

Part 9 - Total Available Credit

NOTE: For lines 41 and 42, if you are claiming this credit as a credit you earned, AND are claiming this credit as a pass through credit from a partnership or S corporation, add the amount you earned to the amount passed through to you. Enter the total credit for each line.

Line 41 -
Individuals, corporations (including S corporations that elected to claim the credit), and exempt organizations with UBTI - enter the current year's credit for dislocated military base employees from Part 4, line 18, column (c).

S corporation shareholders - enter the amount from Part 6, line 28.

Partners of a partnership - enter the amount from Part 7, line 32.

Line 42 -
Individuals, corporations (including S corporations that elected to claim the credit), and exempt organizations with UBTI - enter the current year's credit for non-dislocated military base employees from Part 5, line 24, column (c).

S corporation shareholders - enter the amount from Part 6, line 29.

Partners of a partnership - enter the amount from Part 7, line 33.

Line 43 -
Enter the amount from Part 8, line 40. This is the total available credit carryover.

Line 44 -
Add lines 41, 42, and 43. This is the total available military reuse zone credit that may be applied to the current taxable year's tax liability.

Corporations (including S corporations that elected to claim the credit) and, exempt organizations with UBTI - enter the total here and on Arizona Form 300, Part 1, line 3, column (c).

Individuals - enter the total here and on Arizona Form 301, Part 1, line 3, column (c).

### General Instructions

The recycling equipment credit for an individual was repealed effective for taxable years beginning from and after December 31, 2002. Individuals cannot claim any new credits. A partnership cannot generate and pass a new credit through to its individual partners.

Individuals can continue to carry any unused credit forward, if the credits were claimed in taxable years beginning prior to January 1, 2003.

The portion of the unused credit carryovers relating to that recycling equipment is lost if either of the following apply:
- If the recycling equipment ceases to be recycling equipment; or
- Is transferred to another person.

The portion of the total available credit carryover that may be claimed by the individual taxpayer is limited to the smaller of the following amounts:
- 25% of the amount of tax entered on Arizona Form 301, Part 2, line 41; or
- $5,000.

**NOTE:** You must also complete Arizona Form 301, Nonrefundable Individual Tax Credits and Recapture, and include Forms 301 and 307 with your tax return to claim this credit.

### Line-by-Line Instructions

Complete the name and social security number (SSN) section at the top of the form. Indicate the period covered by the taxable year. Include the completed form with the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for an individual is the taxpayer’s SSN or an Internal Revenue Service (IRS) individual taxpayer identification number (ITIN). Taxpayers that fail to include their identification number may be subject to a penalty.

## General Instructions

**NOTE:** THE 2016 FORM 308 IS USED BY TAXPAYERS THAT ARE CORPORATIONS, EXEMPT ORGANIZATIONS WITH UNRELATED BUSINESS TAXABLE INCOME (UBTI), S CORPORATIONS OR PARTNERSHIPS. INDIVIDUAL TAXPAYERS MUST USE THE 2016 FORM 308-I.

Arizona Revised Statutes (A.R.S.) § 43-1168 provides a corporate income tax credit for increased research activities in a taxable year.

- This credit is available to corporate taxpayers, corporate partners, exempt organizations subject to corporate income tax on unrelated business income (UBTI), or S corporation shareholders.
  - An exempt organization may utilize this credit only if it results from activities that generate UBTI.
  - An S corporation may claim this credit against income Arizona is taxing at the corporate level, or it may make an irrevocable election to pass this credit through to its shareholders.
  - A partnership must pass this credit through to its partners.
  - If two or more taxpayers, including shareholders of an S corporation and partners in a partnership, share in the eligible expenses, each taxpayer is eligible to claim a proportionate share of the credit.
  - This credit is in lieu of the solar liquid fuel credit (claimed on Arizona Form 344) with respect to the same expenses.
  - This credit is allowed in an amount computed pursuant to Internal Revenue Code (IRC) § 41 with the following exceptions:
    - Qualified research includes only research conducted in Arizona. The term "qualified research", for purposes of the Arizona tax credit, means qualified research, as defined in IRC § 41, that is conducted in Arizona and basic research, as defined in IRC § 41, which is conducted in Arizona.
    - The amount of the credit is based on the federal regular credit computation method for Arizona qualified research expenses and Arizona basic research payments. Taxpayers cannot use the federal alternative credit computation method.
    - The allowable current taxable year credit is a percentage of:
      - The excess, if any, of the Arizona qualified research expenses for the taxable year, over the base amount; and
      - The Arizona basic research payments.
    - The termination provisions of IRC § 41 do not apply.
    - For 2016, if the allowable expenses do not exceed $2,500,000, the allowable credit is 24% of this amount. If the allowable expenses exceed $2,500,000, the allowable credit amount is $600,000 plus 15% of the amount of expenses over $2,500,000, subject to certain limitations.
    - A portion of the current year's excess credit may be refundable if you qualify.

### Corporate Taxpayers: If two or more members of a unitary group or an Arizona affiliated group incur qualifying expenses, the individual members of the group are not considered separate taxpayers. When a combined return or a consolidated return is filed, the unitary group or the Arizona affiliated group is considered a single taxpayer.

#### REFUNDABLE PORTION OF THE CURRENT YEAR'S EXCESS CREDIT

If you qualify, **and** if the current taxable year’s credit for increased research activities exceeds your income tax liability, a portion of the excess credit may be refundable to you. To qualify to receive this refund:

- You must have less than 150 full-time employees.
- You must apply to the Arizona Commerce Authority (ACA) and receive a Certificate of Qualification (Certificate) to be eligible to receive a refund.
- The refund amount is the lesser of:
  - 75% of the excess credit, or
  - the maximum refund amount indicated on the Certificate; any additional amount is waived.

The excess credit is the current year's credit less the current year's tax liability. The 75% refund is only available for the current year's excess credit for increased research activities. The election to make this credit refundable must be made when you originally file your return to claim the current year’s credit. If two or more taxpayers, including shareholders of an S corporation and partners in a partnership, share in the eligible expenses, each taxpayer is eligible to claim a proportionate share of the refund. An S corporation must apply for the Certificate on behalf of its shareholders. A partnership must apply for the Certificate on behalf of its partners.

**NOTE:** The refund of this credit is calculated after your tax liability. You must calculate all of your other credits before you can determine the current year's excess credit.

#### CARRY OVER OF UNUSED CREDIT

If your current taxable year’s credit exceeds your tax liability, **and** you did not receive a refund of 75% of the excess, you may carry forward the unused portion of your credit to the next 15 consecutive taxable years. Due to various law changes, the
amount you may carry forward, and how you may apply those amounts, differ depending on the tax year in which it was earned.

If you received a refund of 75% of the excess credit, you do not have any excess amount to carryforward for this year. Any carryover amounts from the previous taxable year will be carried over to the next taxable year, subject to the fifteen-year carryover period and annual limitations on the use of those carryovers.

Specific Instructions

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). All other taxpayers: Begin computing your current year’s credit on line 12.

Line 9 -
Enter the amount you paid to a qualified university, scientific research organization, or grant organization for basic research conducted in Arizona.

NOTE: You must have a written contract with the organization to include these payments in the calculation.

Line 10 -
Enter your base period amount based on your Arizona research activity. Refer to IRC § 41(e) for a definition of base period amount.

Line 11 -
If line 9 is greater than line 10, subtract line 10 from line 9. Enter the difference. If line 10 is greater than line 9, enter zero (“0”).

Line 12 -
Enter total wages paid or incurred for qualified services performed in Arizona. Do not include the amount of wages paid to employees that were used in the calculation of the federal work opportunity credit.

NOTE: Wages include any wages paid or incurred to an employee for qualified services performed in Arizona.

Qualified services are: (1) engaging in qualified research; or, (2) engaging in the direct supervision, or the direct support of research activities conducted in Arizona that are defined as qualified research.

Qualified research is an investigation undertaken to discover information that is technological in nature. Its application must be intended for use in developing a new or improved business component.

"Qualified research consortium" is any qualifying organization as defined in IRC §41(b)(3)(C)(ii). Also include 75% of that portion of line 9, basic research payments, paid to a qualified research consortium that does not exceed the line 10 base amount.
(b) Sixty-five percent (.65) of any amount paid or incurred for qualified research performed in Arizona on the taxpayer’s behalf, other than such amounts paid to a qualified research consortium. Prepaid contract research expenses are considered paid in the year the research is actually done. Also include 65% of that portion of line 9, basic research payments, that does not exceed the line 10 base amount, other than amounts paid to a qualified research consortium.

NOTE: If you made basic research payments to an Arizona university under the jurisdiction of the Arizona Board of Regents, you may be entitled to an additional credit. See Arizona Form 346 for details.

Line 16 -
Add the amounts on lines 12 through 15. Enter the total.

Line 17 -
Enter the amount of expenses included on lines 12 through 15 that are related to solar liquid fuel that will be claimed on Form 344. The credit for increased research activities is in lieu of the solar liquid fuel credit claimed on Form 344 with respect to the same expenses.

Line 18 -
Subtract line 17 from line 16. Enter the difference.

Line 19 -
Enter the average annual Arizona gross receipts for the four taxable years preceding the taxable year for which the credit is being determined (the credit year). You may be required to annualize gross receipts for any short taxable year.
If 2016 is the first year you are in business, your average annual Arizona gross receipts for the preceding taxable years is zero. If you have been in business in Arizona for less than four taxable years prior to the credit year, then the average is the sum of annual Arizona gross receipts of the applicable period, divided by the number of taxable years.

Example: ABC Corporation began business in Arizona in 2014. Its annual Arizona gross receipts for 2014 were $100,000. Its annual Arizona gross receipts for 2015 were $200,000. Therefore, ABC Corporation's average annual Arizona gross receipts for the 2016 credit year is $150,000 ([($100,000 plus $200,000)] divided by 2).

Line 20 -
Fixed base percentage
Use the same type of formulas to compute your fixed-base percentage for Arizona as you would for computing your federal fixed-base percentage. The difference is that you use Arizona qualified research expense and gross receipts amounts instead of federal amounts. Other than that, the calculations are the same. Round off the percentage to the nearest one, one hundredth of one percent (four decimal places).
If the percentage computation involves de minimis amounts of gross receipts and qualified expenses in a taxable year or short taxable years are involved, the amounts may be annualized or disregarded. Refer to IRC §§41(c)(3) and 41(f)(4) for details.

### General Instructions

**Arizona Revised Statutes (A.R.S.) § 43-1074.01** provides an individual income tax credit for increased research activities in a taxable year.

- The Arizona tax credit for individuals is allowed in an amount computed pursuant to Internal Revenue Code (IRC) § 41 with the following exceptions:
  - Qualified research includes only research conducted in Arizona. The term "qualified research", for purposes of the Arizona tax credit, means qualified research, as defined in IRC § 41, that is conducted in Arizona.
  - The amount of the credit is based on the federal regular credit computation method for Arizona qualified research expenses. Taxpayers cannot use the federal alternative credit computation method. The allowable current taxable year credit is a percentage of the excess, if any, of the Arizona qualified research expenses for the taxable year over the base amount.
  - The termination provisions of IRC § 41 do not apply.
  - For 2016, if the allowable expenses do not exceed $2,500,000, the allowable credit is 24% of this amount. If the allowable expenses exceed $2,500,000, the allowable credit amount is $600,000 plus 15% of the amount of expenses over $2,500,000.
  - If two or more taxpayers, including shareholders of an S corporation and partners in a partnership, share in the eligible expenses, each taxpayer is eligible to receive a proportionate share of the credit.
  - A portion of the current year’s excess credit may be refundable if you qualify.
  - The credit for increased research activities is in lieu of the solar liquid fuel credit, claimed on Arizona Form 344, with respect to the same expenses.

### REFUNDABLE PORTION OF THE CURRENT YEAR’S EXCESS CREDIT

If you qualify, and if the current taxable year’s credit for increased research activities exceeds your income tax liability, a portion of the excess credit may be refundable to you. To qualify to receive this refund:

- You must have less than 150 full-time employees.
- You must apply to the Arizona Commerce Authority (ACA) and receive a Certificate of Qualification (Certificate) to be eligible to receive a refund.

- The refund amount is the lesser of:
  - 75% of the excess credit, or
  - the maximum refund amount indicated on the Certificate; any additional amount is waived.

The excess credit is the current year's credit less the current year's tax liability. The 75% refund is only available for the current year's excess credit for increased research activities. The election to make this credit refundable must be made when you file originally file your return to claim the current year’s credit.

If two or more taxpayers, including shareholders of an S corporation and partners in a partnership, share in the eligible expenses, each taxpayer is eligible to claim a proportionate share of the refund. An S corporation must apply for the Certificate on behalf of its shareholders. A partnership must apply for the Certificate on behalf of its partners.

**NOTE:** The refund of this credit is calculated after your tax liability. You must calculate all of your other credits before you can determine the current year's excess credit.

### CARRYOVER OF UNUSED CREDIT

If your current taxable year’s credit exceeds your tax liability, and you did not receive a refund of the excess, you may carry forward the unused portion of your credit to the next 15 consecutive taxable years. Due to various law changes, the amount you may carry forward, and how you may apply those amounts, differ depending on the tax year in which it was earned.

If you received a refund of 75% of the excess credit, you do not have any excess amount to carryforward for this year. Any carryover amounts from the previous taxable year will be carried over to the next taxable year, subject to the 15-year carryover period and annual limitations on the use of those carryovers.

If you have other nonrefundable tax credits that you are using to reduce your tax liability, you may not be able to use all of your credit for increased research activities to reduce your tax this year. You will be applying these limitations when you complete Arizona Form 301, Nonrefundable Individual Tax Credits and Recapture.

**DO YOU HAVE TO MAKE OTHER ADJUSTMENTS TO ARIZONA GROSS INCOME OR TO THE ARIZONA TAX CREDIT FOR INCREASED RESEARCH ACTIVITIES?**

- If you claim an Arizona credit for increased research activities for the taxable year, Arizona statutes do not require you to make an addition to Arizona gross income.
for the amount of qualified research expenses equal to the amount of the allowable Arizona credit.

• If you claim a reduced federal credit for increased research expenses and claim the Arizona credit for increased research activities, Arizona statutes do not require you to reduce the Arizona credit for increased research activities in a manner similar to the federal reduction method.

• If you reduce the amount of the deduction for qualified research activities in the computation of federal adjusted gross income, Arizona statutes do not allow you to take a subtraction from Arizona gross income for the amount of the expense reduction.

• If you adjust the federal asset basis of capitalized research expenses and reduce the amount of amortization deductible in the computation of federal adjusted gross income, Arizona statutes do not allow you to take a subtraction from Arizona gross income for additional amortization.

Specific Instructions

Complete the name and Social Security Number section at the top of the form. Indicate the period covered by the taxable year. Include the completed form with the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for an individual is the taxpayer’s Social Security Number or an Internal Revenue Service individual taxpayer identification number. Taxpayers that fail to include their TIN may be subject to a penalty.

Part 1 - Qualification for the Credit

Line 1 -
Did your sole proprietorship have qualified research expenses for this taxable year?

a. If your sole proprietorship had qualified research expenses for this taxable year and you intend to claim this credit, check the box labeled, “Yes”.

b. If you sole proprietorship did not have qualified research expenses for this taxable year, check the box labeled, “No”. Go to line 3.

Line 2 -
Is this credit refundable?

a. If this credit is refundable, check the box labeled, “Yes”.

b. If this credit is not refundable, check the box labeled, “No”.

Line 3 -
Are you claiming a pass through of this credit from a partnership or from an S corporation?

• If you are claiming a pass through of this credit from a partnership or from an S corporation, check the box labeled, “Yes”.

• If you are not claiming a pass through of this credit, check the box labeled, “No”. Go to line 5.

Line 4 -
Is this pass through credit refundable?

• If the pass through credit you received is refundable, check the box labeled, “Yes”.

• If the pass through credit you received is not refundable, check the box labeled, “No”.

Lines 5 - 7
Answer the questions on lines 5 through 7 to determine if you qualify for this credit. Your answers will help you complete the remainder of this form.

Line 8 –
Reserved.

Part 2 - Current Taxable Year's Credit Calculation (Sole Proprietorships Only)

NOTE: Complete this part only if you operate a business as a sole proprietorship and your sole proprietorship incurred qualified research expenses during the taxable year. If you received your credit as the result of a pass through, go to Part 3.

Line 9 -
Enter total wages paid or incurred for qualified services performed in Arizona. Do not include the amount of wages paid to employees that were used in the calculation of the federal work opportunity credit.

NOTE: Wages include any wages paid or incurred to an employee for qualified services performed in Arizona. Qualified services are: (1) engaging in qualified research; or, (2) engaging in the direct supervision, or the direct support of research activities conducted in Arizona that are defined as qualified research. Qualified research is an investigation undertaken to discover information that is technological in nature. Its application must be intended for use in developing a new or improved business component.

Line 10 -
Enter the cost of supplies paid or incurred for use in conducting qualified research in Arizona. Supplies include expenditures for any tangible property other than land or improvements to land and property of a character subject to the allowance for depreciation.

Line 11 -
Enter the amount paid or incurred to rent or lease the right to use computers in conducting qualified research in Arizona.

Line 12 -
Enter the total of:

(a) Seventy-five percent (.75) of any amount paid or incurred for qualified research performed in Arizona by a qualified research consortium on your sole proprietorship’s behalf. "Qualified research consortium" is any qualifying organization as defined in IRC § 41(b)(3)(C)(ii).

(b) Sixty-five percent (.65) of any amount paid or incurred for qualified research performed in Arizona on your sole proprietorship’s behalf, other than such amounts paid to
a qualified research consortium. Prepaid contract research expenses are considered paid in the year the research is actually done.

NOTE: If your contract research expenses were made to an Arizona university under the jurisdiction of the Arizona Board of Regents and qualify as basic research payments, you may be entitled to an additional credit. See Form 346 for details.

Line 13 –
Add lines 9 through 12. Enter the total.

Line 14 -
Enter the amount of expenses included on lines 9 through 12 that are related to solar liquid fuel that will be claimed on Arizona Form 344. The credit for increased research activities is in lieu of the solar liquid fuel credit, claimed on Arizona Form 344, with respect to the same expenses.

Line 15 -
Subtract line 14 from line 13. Enter the difference.

Line 16 -
Enter the average annual Arizona gross receipts for the four taxable years preceding the taxable year for which the credit is being determined (the credit year). You may be required to annualize gross receipts for any short taxable year.

If 2016 is the first year you are in business, the average annual Arizona gross receipts for the preceding taxable years is zero. If you have been in business in Arizona for less than four taxable years prior to the credit year, then the average is the sum of annual Arizona gross receipts of the applicable period, divided by the number of taxable years.

Example: ABC Corporation began business in Arizona in 2014. Its annual Arizona gross receipts for 2014 were $100,000. Its annual Arizona gross receipts for 2015 were $200,000. Therefore, ABC Corporation’s average annual Arizona gross receipts for the 2016 credit year is $150,000 ($100,000 plus $200,000) divided by 2.

Line 17 -
Fixed base percentage
Use the same type of formulas to compute your fixed-base percentage for Arizona as you would for computing your federal fixed-base percentage. The difference is that you use Arizona qualified research expense and gross receipts amounts instead of federal amounts. Other than that, the calculations are the same. Round off the percentage to the nearest one, one hundredth of one percent (four decimal places).

If the percentage computation involves de minimis amounts of gross receipts and qualified expenses in a taxable year or short taxable years are involved, the amounts may be annualized or disregarded. Refer to IRC §§ 41(c)(3) and 41(f)(4) for details.

Existing firms and start-up companies
Arizona’s definition of whether an organization is an existing firm or a start-up company is also the same as federal, except on an Arizona basis:

• Existing firms - An existing firm is one that had both Arizona gross receipts and Arizona qualified research expenses for at least three taxable years beginning after December 31, 1983, and before January 1, 1989. The fixed-base percentage is the ratio that the aggregate Arizona qualified research expenses for all taxable years beginning after 1983 and before 1989, bears to the aggregate Arizona gross receipts for such taxable years.

• Start-up companies - A start-up company is one that had both Arizona gross receipts and Arizona qualified research expenses either (1) for the first time in a taxable year beginning after December 31, 1983, or (2) for fewer than three taxable years beginning after 1983 and before 1989.

If the percentage computation involves de minimis amounts of gross receipts and qualified expenses in a taxable year or short taxable years are involved, the amounts may be annualized or disregarded. Refer to IRC §§ 41(c)(3) and 41(f)(4) for details.

NOTE: The maximum percentage that can be entered on line 17 is 16% (.1600).
Line 18 –
Multiply line 16 by the percentage on line 17. Enter the result.

Line 19 –
Subtract line 18 from line 15. Enter the result. If less than zero (“0”), enter zero (“0”).

Line 20 -
Multiply line 15 by 50% (.50). Enter the result. The base amount cannot be less than 50% of the current year qualified research expenses. This rule applies both to existing and start-up companies.

Line 21 –
Enter the lesser of line 19 or line 20.

NOTE:
• If line 21 is $2,500,000 or less, complete line 22 and skip lines 23 through 25.
• If line 21 is more than $2,500,000, skip line 22 and complete lines 23 through 25.

Lines 22 through 26 -
The amount of expenses you have determines the amount of current year credit you are eligible to claim. To determine your proper credit amount, complete lines 22 through 26 as instructed on the form.

Part 3 – Current Year’s Credit Passed Through from S Corporations and Partnerships
Line 27 -
Enter the total amount you received as a pass through from partnerships and/or S corporations from Form(s) 308-P, Part 2, line 4 and/or Forms 308-S, Part 2, line 4. Include a copy of all Forms 308-P and/or Forms 308-S you received with your return.

Part 4 – Total Current Taxable Year’s Credit for Increased Research Activities
Line 28 -
Add line 26 and line 27. Enter the total. This is your current year’s total credit for increased research activities.

Part 5 - Refundable Portion of the Current Taxable Year's Excess Credit
Complete Part 5 ONLY if you checked the “Yes” box on line 2 or on line 4 and elected to receive a refund of 75% of your excess credit.

If you checked the “No” box on line 2 or line 4, or you elect not to receive a refund of 75% of your excess credit, skip to Part 6.

The excess credit is the current taxable year's credit for increased research activities less the current taxable year's tax liability. Carryovers of the credit for increased research activities from previous taxable years will carry over for possible use in the next taxable year, provided they do not expire this taxable year.

NOTE: If you complete Part 5 and are receiving a refund, do not complete Part 8.

Line 29 -
Enter the amount from Part 4, line 28.

Line 30a -
Enter the amount from Form 140, line 48; or Form 140PY, line 60; or Form 140NR, line 58; or Form 140X, line 36.

Line 30b -
Enter the current year’s nonrefundable tax credits from Form 301, Part 1, line 33 excluding the credit or carryovers for increased research activities on Form 301, Part 1, line 5, column (c).

Line 30c -
Subtract line 30b from line 30a. Enter the difference. If the difference is zero or more, enter it on Part 9, line 56; also enter it on Form 301, Part 1, line 5, column (a), and Form 301, Part 2, line 48. If the difference is less than zero, enter zero. This is the current year’s credit for increased research activities that will be used to offset the current taxable year's tax liability.

Line 31 -
Subtract the amount on line 30c from line 29. Enter the difference. If the result is less than zero, enter “0”, because no refund is available. This is the current year's excess credit.

Line 32 -
Multiply the amount on line 31 by 75% (.75) and enter the result. This is your tentative refundable credit.

Maximum Refundable Credit
Line 33a -
Enter the maximum refundable credit amount authorized by the ACA for the credit you earned from Part 1, line 2a2.

Line 33b –
Enter the partner’s or shareholder’s maximum refundable credit amount from Form 308-P, Part 3, line 6, or from Form 308-S, Part 3, line 6. If this credit was passed through to you from more than one partnership and/or S corporation, total the amounts indicated on Form(s) 308-P, Part 3, line 6, and/or Form(s) 308-S, Part 3, line 6. Enter the total amount here.

Line 33c –
Add the amounts on line 33a and 33b. Enter the total here.

Line 34 -
Enter the lesser of line 32 or line 33c. Complete Part 6 and Part 7 if you have carryovers from prior taxable years.

Enter this amount on Form 140, line 57; or Form 140PY, line 68; or Form 140NR, line 64; or Form 140X, line 43. On the same line, be sure to check box 308-I indicating you are claiming a refundable credit for increased research activities.

**CREDIT CARRYOVERS**

**NOTE:** If you have credit carryovers from taxable years prior to 2016, complete Part 8 and/or Part 9 (as appropriate). If you are receiving a refund, do not complete Part 10 and/or Part 11 (as appropriate). If you do not have carryovers from taxable years prior to 2016, skip to Part 9.

The credit for increased research activities may be carried forward to offset your tax liability of the next fifteen (15) years.

Allowable Credit Carryover

There are limitations on how much of your carryover you can use to offset this year's tax. How much you can use depends on the year from which the carryover arose. In Part 8 you will apply those limitations to determine the proper carryover amounts.

If you have other credits, your usable amount of credit from increased research activities may be limited further. You will be applying these limitations when you complete Form 300, Nonrefundable Corporate Tax Credits and Recapture.

**Part 6 - Available Pre-2003 Credit Carryover**

Use Part 6 to compute the carryover of the credit for increased research activities from taxable years beginning January 1, 2001 through December 31, 2002. Since the credit for increased research activities applies only to individuals for taxable years beginning after December 31, 2000, there is no available credit carryover from taxable years beginning prior to January 1, 2001. Compute the total available carryover of the credit for increased research activities on Part 6, lines 35 and 36.

In column (b), enter the credit originally computed for taxable year 2001 and 2002. In column (c), enter the amount of the credit from taxable years 2001 and 2002 which has already been used. Subtract the amount in column (c) from column (b) and enter the difference in column (d). Add the amounts entered on lines 35 and 36 in column (d). Enter the total on line 37, column (d). This is the total credit carryover available for years beginning before January 1, 2003.

**Part 7 - Available Post-2002 Credit Carryover**

Use Part 7 to compute the carryover of the credit for increased research activities from taxable years beginning on or after January 1, 2003.

In column (b), enter the credit originally computed for taxable years 2003 and subsequent years. In column (c), enter the amount that has already been used. Subtract the amount in column (c) from column (b) and enter the difference in column (d). Add the amounts entered on lines 38 through 50 in column (d). Enter the total on line 51, column (d). This is the total credit carryover available for years beginning on or after January 1, 2003.

**REMINDER:** If you received a refund of this credit for any prior taxable year, no carryover of the credit is available from those years. In this case, enter zero in column (d) for those tax years.

---

**Part 8 - Limitation of Credit Carryovers**

Use Part 8 to figure the limitations on use of credit carryovers. Complete lines 52a through 55 if you claimed the credit on a prior year return and the credit was more than your tax.

**NOTE:** If you completed Part 5 and are receiving a refund, do not complete Part 8.

LIMITATION FOR CREDIT CARRYOVERS FROM TAXABLE YEARS BEGINNING JANUARY 1, 2001 THROUGH DECEMBER 31, 2002.

There is an additional limitation on how much you can use of your available credit carryovers included in the amount from Part 6, line 37, column (d). To calculate the limitation, you must first compare the amount of your tax liability with $500,000, and select the lower of those two numbers. Then, subtract your current year’s credit for increased research activities from the number you selected. Use your entire current year’s credit for increased research activities for this computation, even if you will not be able to claim that entire amount on your current year’s tax return. If the result of your calculation is zero or less, you will not be able to use your carryforward from taxable years beginning January 1, 2001 through December 31, 2002, to reduce your current year’s tax liability. However, you may still be able to use your credit carryover from 2003 and later.

LIMITATION FOR CREDIT CARRYOVERS FROM TAXABLE YEARS BEGINNING ON OR AFTER JANUARY 1, 2003. The amount of credit carryover from taxable years beginning on or after January 1, 2003, is only limited by the amount by which your current year’s tax liability exceeds your current year’s credit for increased research activities.

**Line 52a**

Enter your tax liability from Form 301, Part 3, line 41.

**Line 52b**

Enter the current year's total credit from Part 4, line 28.

**Line 52c**

Subtract line 52b from line 52a and enter the difference. If the difference is zero or less, enter zero.

**Line 53a**

Enter your available pre-2003 credit carryover from Part 6, line 37, column (d).

**Line 53b**

Enter the lesser of the amount on line 52a or $500,000.

**Line 53c**

Subtract line 52b from line 53b and enter the difference. If the difference is zero or less, enter “0”.

**Line 53d**

Compare the numbers on lines 53a and 53c, and enter the lowest number here. This is the amount of pre-2003 carryover you may use to reduce your current year’s Arizona tax liability.

**Line 54**

Subtract line 53d from line 52c and enter the difference.
Line 55 -
Compare the amounts on Part 7, line 51, column (d), and on Part 8, line 54, and enter the lowest amount here. This is the amount of post-2002 carryover you may use to reduce your current year’s Arizona tax liability.

Part 9 - Total Available Nonrefundable Credit
Complete this section to compute the total available credit for the taxable year. The total available credit is the sum of the current taxable year’s credit for increased research activities and the available credit carryover(s).

Line 56 -
If you completed Part 5 and are receiving a refund, enter the amount from Part 5, line 30c. Otherwise, enter the amount from Part 4, line 28. This is the current taxable year’s credit for increased research activities.

NOTE: If you qualify for, and are claiming a 75% refund of your excess credit for the current year, enter only the nonrefundable portion of the current year’s credit here (from Form 308-I, Part 5, line 30c). Enter the refundable portion of the credit (the amount from Form 308-I, Part 5, line 34) on Form 140, line 57; or Form 140NR, line 64; or Form 140PY, line 68; or Form 140X, line 43.

Carry forwards from previous years of this credit will carry over to the following year, provided this credit is within the 15-year carry forward period.
Do not enter any carry over amount(s) on lines 56 or 57.

Line 57 -
If you completed Part 5 and are receiving a refund, enter zero. Otherwise, enter the amount from Part 8, line 53d. This is the amount of the pre-2003 carryover that you may use to reduce your current year’s Arizona tax liability. Do not enter any carryover amount here.

Line 58 -
If you completed Part 5 and are receiving a refund, enter zero. Otherwise, enter the amount from Part 8, line 55. This is the amount of the post-2002 carryover that you may use to reduce your current year’s Arizona tax liability. Do not enter any carryover amount here.

Line 59 -
Add the amounts on lines 56, 57, and 58. This is the total available credit for increased research activities that may be applied to your current taxable year's tax liability. Enter the total here and on Arizona Form 301, Part 1, line 5, column (c).

### Purpose of Form

Use Arizona Form 309 to figure your credit for taxes paid to Arizona and another state or country on the same income. If claiming a credit for more than one state or country, complete a separate Form 309 for each state or country.

If you are not sure what amounts you should enter on Form 309, see the department’s procedure, ITP 08-1, Procedure for Calculating Credit for Taxes Paid to Another State or Country by Arizona Resident Individuals.

NOTE: You must notify the department immediately if the other state or country credits or refunds taxes for which you have received an Arizona credit. In this case, you must file an amended return.

Complete this form only if you meet the following:  
1. You are filing a 2016 Arizona income tax return.
2. You paid a net income tax to another qualified state or country for 2016.
   - If you are claiming a credit for taxes paid to another state, payroll taxes withheld from income do not constitute a net income tax. Having tax withheld from your pay by Arizona and another state does not by itself qualify you for this credit. You must file a net income tax return to the other state.
   - If you are claiming a credit for taxes paid to another country, a net income tax paid to another country includes those taxes that qualify for a credit under Internal Revenue Code (IRC) §§ 901 and 903.

NOTE: To claim a credit for taxes paid to a foreign country, you must complete Form 309. You must complete Form 309 even if you did not have to complete federal Form 1116 to claim a credit on your federal return.

You may not claim this credit for the following:
- income taxes paid to any city or county, and
- interest or penalties paid to another state or country.

### Application of Credit

Claim this credit only if the income was subject to tax in both Arizona and the other state or country in the same tax year.

You cannot apply this credit against interest or penalties payable to Arizona.

NOTE: You may use this credit only in the year incurred. You cannot carry the credit forward to the next year. You also cannot carry the credit back to a prior year.

### Arizona Resident

Arizona residents are allowed a credit against Arizona income taxes for net income taxes imposed by and paid to another state or country if the following apply:
- The income taxed in Arizona is derived from sources within another state or country. This income is subject to a net income tax in the other state or country regardless of your residence.
- The other state or country does not allow Arizona residents a credit for taxes imposed on income subject to tax in both Arizona and the other state or country.

As an Arizona resident, nonresident returns filed with the following states qualify for the credit:

*Minnesota sources the sale of certain partnership interests to Minnesota. Minnesota allows an Arizona resident a credit for taxes paid to Minnesota for the sale of a partnership interest that is subject to Minnesota tax. As an Arizona resident, you cannot claim this credit for taxes paid to Minnesota on the sale of a partnership interest that is sourced to Minnesota.

NOTE: This list is subject to change at any time.

Important: As an Arizona resident, nonresident returns filed with the following states DO NOT QUALIFY for the credit:
Nonresident

A credit against Arizona income taxes is allowed for Arizona nonresidents who are not allowed a credit by their state or country of residence for taxes paid to Arizona if either:

- The other state or country does not tax Arizona residents on income derived from sources within the other state or country.
- The other state or country allows Arizona residents credit for taxes paid on income subject to tax by the other state or country and Arizona.

Arizona nonresidents who file resident returns with the following states qualify for the credit.

- California, Indiana, Oregon, and Virginia

NOTE: This list is subject to change at any time.

Part-Year Residents

For that part of the year you were a resident of Arizona, follow the instructions for residents.

For that part of the year you were an Arizona nonresident, follow the instructions for nonresidents.

Dual Resident

You may be eligible to claim the credit if you are a full-year Arizona resident filing Arizona Form 140 and you are also considered to be a resident of another state under the laws of that other state. Figure your credit for taxes paid to Arizona and that other state on the same income that is taxable by both Arizona and the other state, but only on income that would be sourced to the other state if you had to report that income as a nonresident.

You may claim the credit as a dual resident if you meet the following:

1. You are filing a 2016 full-year Arizona resident income tax return.
2. You are considered to be a resident of another state under the laws of that other state.
3. You paid a net income tax to that other state.

An Arizona resident who is also considered to be a resident of another state under the laws of that state is allowed a credit against Arizona income taxes for net income taxes imposed by and paid to that other state if the following apply:

- The other state taxes the income of the Arizona resident and does not allow the Arizona resident a credit for taxes imposed on income subject to tax in both Arizona and the other state.
- The credit is allowed only for taxes imposed on income that would have been sourced to the other state if the Arizona resident had filed as a nonresident to the other state.

NOTE: If you are an Arizona full-year resident and also considered to be a resident of another state under the laws of that other state, complete the Schedule of Income Allocation, on page 2 of Form 309 before you complete page 1 of Form 309.

Required Forms

If you are claiming a credit for taxes paid to another state, you must include a copy of the tax return filed to the other state.

If you are claiming a credit for taxes paid to a foreign country, include the following information with your Arizona income tax return:

1. A copy of the tax return you filed to the foreign country. If you are claiming a credit for taxes paid to a foreign country for amounts withheld at the source, and are not required to file a return with that country, include documentation showing the amount of tax imposed and paid.
2. If the tax is paid in a foreign currency, a statement substantiating the conversion rate on the date of payment. Identify your authority for your conversion rate.

NOTE: You must also complete Arizona Form 301, Nonrefundable Individual Tax Credits and Recapture, and include Form 301 and Form(s) 309 with your tax return to claim this credit.

Line-by-Line Instructions

Enter your name and SSN as shown on Arizona Form 140, Form 140NR, Form 140PY, or Form 140X.

Make sure that every return, statement, or document that you file with the department has your SSN. Failing to include the proper numbers may subject you or your preparer to a penalty. Make sure that all of the required identification numbers are clear and correct. Your return may take longer to process if identification numbers are missing, incorrect, or unclear.

If your name appears first on the return, make sure your SSN is the first number listed.

Part 1 - Computation of Income Subject to Tax by Both Arizona and the Other State or Country During 2016

If you are claiming a credit for income taxes paid to another state, enter in the space provided, the two-letter abbreviation for that state. See the last page of these instructions for a list of state abbreviations.

If you are claiming a credit for income taxes paid to another country, enter the name of that country on the line provided.

In order for income to be taxed by both Arizona and another state or country, the following must exist.

For an Arizona resident:

1. The same income must be taxed by both Arizona and the other state or country.
2. The income must have its source within the other state or country.

For a nonresident:
1. The same income must be taxed by both Arizona and the other state or country.
2. The income must have its source within Arizona.

Lines 1 through 6 -
Provide a breakdown of your income which is subject to tax in both Arizona and the other state or country. Complete lines 1 through 5 separately for each income item listed in columns (a) through (c). If you have more than three items of income from the other state or country for which you are claiming the credit, complete additional schedules.

NOTE: If you are an Arizona resident who is also considered to be a resident of another state under the laws of that other state, complete the Schedule of Income Allocation, on page 2 of Form 309 before you complete Part 1, lines 1 through 6 of Form 309.

Line 1 -
Identify the income item from which the income subject to tax in both Arizona and the other state or country is derived. If you have more than one income item, complete column(s) (b) and (c), as necessary. Examples of such income are business income, partnership income, wages, etc. Enter an item in column (a) only if your Arizona adjusted gross income and the adjusted gross income of the return filed with the other state or country includes the income from that item.

If you are an Arizona resident and also considered to be a resident of another state, enter the income item and amount from column (d) of the Schedule of Income Allocation.

If you are claiming a credit for taxes paid to another country, and that country withheld at the source, and you are not required to file a return with that country, enter the item of income from which the foreign taxes were withheld.

Line 2 -
Enter the amount of income from the item listed on line 1 reportable to both Arizona and the other state or country. This is the amount of income derived from that item which you must include in the income reported to both Arizona and the other state or country.

Line 3 -
Enter that portion of income on line 2 included in your Arizona adjusted gross income. This amount is that portion of the amount of income included on line 2 that is also included in your Arizona gross income adjusted by any additions or subtractions related to that income required under Arizona law.

For example, during the tax year, Taxpayer A, a full-year Arizona resident, had Schedule C business income of $50,000 from State P. This $50,000 of Schedule C income is reportable to both Arizona and to State P.

For federal purposes, Taxpayer A included the $50,000 in federal adjusted gross income, but also reduced that Schedule C business income by ½ of the self-employment tax related to that income ($3,532) and by the amount of self-employed health insurance deduction ($6,000). Therefore, only $40,468 ($50,000 – ($3,532 + $6,000)) of the $50,000 Schedule C income is included in Taxpayer A’s Arizona gross income. Arizona law requires no further additions or subtractions related to this Schedule C income included in Taxpayer A’s Arizona gross income. Therefore, the amount of Schedule C income included in Taxpayer A’s Arizona adjusted gross income would be $40,468. Taxpayer A would enter $40,468 on line 3.

Line 4 -
Enter that portion of income on line 2 which is included in the other state or country’s equivalent of Arizona adjusted gross income. If you are a full-year Arizona resident filing a nonresident return to the other state or country, this would be the other state or country’s income computed under the equivalent of Arizona Revised Statute (A.R.S.) § 43-1094 (adjusted gross income of a nonresident). In other words, the income computed as if only source income were included, and then adjusted by any additions or subtractions related to that income required under the other state or country’s law.

For example, during the tax year, Taxpayer A, a full-year Arizona resident, had Schedule C business income of $50,000 from State P. This $50,000 of Schedule C income is reportable to both Arizona and to State P.

For federal purposes, Taxpayer A included the $50,000 in federal adjusted gross income, but also reduced that Schedule C business income by ½ of the self-employment tax related to that income ($3,532) and by the amount of self-employed health insurance deduction ($6,000). Taxpayer A was required to make these same adjustments on the return filed to State P. Therefore, only $40,468 ($50,000 – ($3,532 + $6,000)) of the $50,000 Schedule C income is included in State P’s equivalent of Arizona gross income.

Additionally, State P law allows Taxpayer A to subtract an additional $2,000 of depreciation related to the Schedule C income. Therefore, the amount of Schedule C income included in State P’s equivalent of Arizona adjusted gross income would be $38,468 ($40,468 - $2,000). Taxpayer A would enter $38,468 on line 4.

NOTE: If you are claiming a credit for taxes paid to another country, and that country withheld at the source, and you are not required to file a return with that country, enter the amount of income subject to tax in that foreign country.

Line 5 -
Enter the smaller of the amount entered on line 3 or line 4. This is the amount of income from that item which is subject to tax by both Arizona and the other state or country.
Line 6 -
Add line 5, columns (a) through (c). This is the total income subject to tax in both Arizona and the other state or country. Enter the amount from Part 1, line 6, on Part 2, line 8, and also on Part 2, line 13.

NOTE: The amounts on lines 2 through 5 may be the same. However, differences may occur due to the application of the other state’s law. See the following example.

The following example illustrates how to complete lines 1 through 6 of Arizona Form 309. If you are an Arizona resident who is also considered to be a resident of another state under the laws of that other state, see the example following the instructions for the Schedule of Income Allocation for an example of how to complete lines 1 through 6 of Form 309.

EXAMPLE:

Facts:

Mr. and Mrs. M are Arizona residents. Mr. M is an active duty military member who is stationed in State X. Mr. M receives wages from the military and from a part-time job in State X. Mr. and Mrs. M receive rental income from property in Arizona. During the taxable year for which the credit is being claimed, Mr. and Mrs. M received the following income.

Mr. M’s military wages $15,000
Mr. M’s part-time employment wages $10,000
Rental income from AZ property $20,000
Total Income $45,000

As Reported on State X Return As Reported on Arizona Return
Federal adjusted gross income $45,000 Federal adjusted gross income $45,000
Less non-state X income (military & rental income) $35,000 Less subtractions from income (military income of $15,000 and dependent exemption of $2,300) $17,300
Less subtraction for second job income $1,000 Arizona adjusted gross income $27,700
State X adjusted gross income $9,000

Mr. and Mrs. M must include Mr. M’s part-time employment wages of $10,000 in both the Arizona gross income and the State X’s equivalent of Arizona gross income. Therefore, the amount of wage income reportable to both Arizona and State X is $10,000. For Arizona purposes, there are no additions or subtractions related to that $10,000 wage income included in Arizona gross income, so the entire $10,000 of wage income is included in Arizona adjusted gross income. However, under State X law, $1,000 of the $10,000 wage income is subtracted from State X’s equivalent of Arizona adjusted gross income, so only $9,000 of that $10,000 is included in State X’s equivalent of Arizona adjusted gross income. Mr. and Mrs. M complete lines 1 through 6 of Form 309 as follows:

1. Description of income items (a) wages
2. Amount of income from item listed on line 1, reportable to both Arizona and the other state or country. $10,000
3. Portion of income on line 2 included in Arizona adjusted gross income. $10,000
4. Portion of income included on line 2 included in the other state or country’s equivalent of Arizona adjusted gross income. $9,000
5. Income subject to tax by both Arizona and the other state or country. Enter the smaller of the amount entered on line 3 or 4. $9,000
6. Total income subject to tax in both Arizona and the other state or country. $9,000
Part 2 - Computation of Other State or Country Tax Credit

Part-Year Residents With Arizona Source Income for the Period of the Year in Which You Were an Arizona Nonresident

If you have Arizona source income for the period of the year in which you were an Arizona nonresident, you must separately determine the amount of Arizona adjusted gross income for the period in which you were a resident and the amount of Arizona adjusted gross income for the period in which you were a nonresident. These figures are not separately stated on any particular line on your Arizona Form 140PY.

Lines 10 and 11 -
Follow the instructions on the form for lines 10 and 11.

Line 12 -
Enter the amount of income tax paid to the other state or foreign country. Do not include federal income taxes or any taxes paid to a city or county. Also, do not include any amount paid to the other state or foreign country for penalty or interest. Amounts of tax paid or accrued to a foreign country do not include amounts that are reasonably certain to be refunded, credited, rebated, abated, or forgiven. Also enter the name of the other state or country to which income tax was paid.

Line 13 -
Enter the amount from Part 1, line 6.

Line 14 - Entire Income Upon Which Other State or Country’s Income Tax is Imposed
Enter the entire income upon which the other state or country’s income tax is imposed. This is the other state or country’s equivalent of Arizona adjusted gross income, but does not include exemptions allowable under the equivalent of Arizona Revised Statute (A.R.S.) § 43-1023. Such income must include items of income and loss, but not exemptions and itemized or standard deductions. Such income must also be adjusted by any additions or subtractions required under the other state’s law which relate to the income from sources within the other state. This amount may not be shown on a specific line of the return filed with the other state.

If you are claiming a credit for taxes paid to another country, and that country withheld at the source, and you are not required to file a return with that country, enter the amount of income subject to tax in that foreign country.
NOTE FOR ARIZONA RESIDENTS ONLY: Since the other state can only tax a nonresident on income which is sourced to that state, the entire income upon which the other state’s income tax is imposed includes only income sourced to that other state under its income tax laws. Source income is generally income derived from property located within a state or from an activity carried on within a state when the income recipient is a nonresident.

NOTE: You may not be able to take the entire income upon which the other state or country’s tax is imposed from a specific line on the return filed to the other state or country. If you must determine this amount, include a schedule.

The example beginning on page 7 illustrates how an Arizona resident figures the entire income subject to tax in the other state or country.

If you have questions concerning what amount to enter on line 14, call one of the phone numbers listed at the beginning of these instructions.

Lines 15 and 16
Follow the instructions on the form for lines 15 and 16.

Line 17 -
Enter the smaller of line 11 or line 16. If this is the only state or country for which you are claiming a credit, also enter this amount on Arizona Form 301, Part 1, line 6, column (a).

If you are claiming a credit for more than one state or country, make a separate computation for each. Enter the total from all Arizona Forms 309 on Arizona Form 301, Part 1, line 6, column (a).
EXAMPLE:
The following example will illustrate how to figure a credit for taxes paid to another state.

**Lines 1 through 6 - Income subject to tax in both Arizona and State XY**

Mr. and Mrs. F must report State XY farm income of $16,000 in both Arizona gross income and State XY’s equivalent of Arizona gross income. There are no additions or subtractions related to the $16,000 farm income required under either Arizona law, or State XY law. Therefore, $16,000 of farm income is included in Arizona adjusted gross income and $16,000 of farm income is included in State XY’s equivalent of Arizona adjusted gross income.

**Line 7 - Arizona tax liability**

For the purpose of the credit, Mr. and Mrs. F compute the Arizona tax liability as follows:

- Arizona tax: $1,018
- Less public school tax credit: (300)
- Arizona tax Liability: $718

**Line 9 - Entire income upon which Arizona tax is imposed**

For the purpose of the credit, Mr. and Mrs. F compute the entire income upon which Arizona tax is imposed as follows:

- Arizona adjusted gross income: $55,700
- Plus dependent, blind, age 65 or over, and qualifying parent and grandparent exemptions: 2,300
- Entire income upon which Arizona income tax is imposed: $58,000

**Line 14 - Entire income upon which State XY tax is imposed**

This is the entire income upon which State XY’s tax is imposed. This is State XY’s equivalent of Arizona adjusted gross income for these individuals. Since these individuals are nonresidents of State XY, State XY’s equivalent of Arizona adjusted gross income (not including exemptions and standard or itemized deductions), includes only that income which is sourced to State XY. It should be
noted that in this case, the entire income upon which State XY’s income tax is imposed had to be determined. This amount was not separately shown on a specific line of the State XY return, since State XY computes its tax on the total income and then prorates that tax to reflect the tax attributable to income derived from sources within State XY. For the purpose of the credit, Mr. and Mrs. F compute the entire income upon which State XY’s tax is imposed as follows:

Mr. and Mrs. F’s Farm income sourced to State XY (State XY’s equivalent of Arizona adjusted gross income) computed under A.R.S. § 43-1094)…………………………………………  $16,000
Plus State XY’s equivalent of Arizona’s dependent exemptions……………                      0
Entire income upon which State XY tax is imposed………………………..  $16,000

Form 309, Page 2 – Schedule of Income Allocation Instructions

Complete page 2, Schedule of Income Allocation, only if you are a full-year Arizona resident who is also considered a resident of another state under the laws of that other state.
All other taxpayers skip page 2, Schedule of Income Allocation.

NOTE: If you are a full-year Arizona resident that is also considered to be a resident of another state under the laws of that other state, you must complete the Schedule of Income Allocation on page 2 of Form 309 before you complete page 1 of Form 309.

Because the credit allowed for a full-year Arizona resident that is also considered to be a resident of another state is for taxes paid to that other state on income sourced to that other state, you must complete the Schedule of Income Allocation, before you can complete lines 1 through 6 of Form 309.

The following example illustrates how to complete Form 309 for an Arizona resident who is also considered to be a resident of another state under the laws of that other state.

EXAMPLE:

Facts:

Mr. and Mrs. R are Arizona residents who are temporarily living and working in State Z. They will be there for one year and then they will return to Arizona. During the current taxable year, Mr. and Mrs. R have been living and working in State Z for 10 and one-half months. Because Mr. and Mrs. R have been living in State Z for more than 183 days during the tax year, State Z considers Mr. and Mrs. R to be residents of State Z and taxes all of their income from the time they moved to State Z. Because Mr. and Mrs. R are Arizona residents who are temporarily out of Arizona, they are still full-year Arizona residents for Arizona income tax purposes and must file a full-year Arizona income tax return and include all income for the taxable year, wherever derived. For the taxable year, Mr. and Mrs. R have the following income.

<table>

<tr>

Plus additions to income | Arizona personal exemption
0 | (6,300)
Less subtractions (dependent $4,000) | Arizona taxable income
(4,000) | $ 66,400
State Z adjusted gross income | $ 64,875
State Z itemized deductions | Arizona tax
(9,500) | $ 1,928
State Z personal exemptions | State Z tax
(7,500) |
State Z taxable income | $ 47,875
State Z tax | $ 2,154

Before Mr. and Mrs. R can complete Form 309, they must complete the Schedule of Income Allocation on page 2 of Form 309. This will help Mr. and Mrs. R determine the income that is taxable in both Arizona and State Z that would be sourced to State Z if Mr. and Mrs. R were filing a nonresident return to State Z.

If Mr. and Mrs. R had filed a nonresident return to State Z, they would have reported $47,000 of wage income to State Z as State Z source income. Therefore, when Mr. and Mrs. R complete Form 309, they would complete lines 1 through 6 as follows:

Arizona law provides a solar energy credit for an individual who installs a solar energy device in his or her residence located in Arizona. The solar energy credit for buying and installing a solar energy device is 25% (.25) of the cost, including installation, or $1,000, whichever is less. If you install another device in a later year, the cumulative credit cannot exceed $1,000 for the same residence.

NOTE: You must also complete Arizona Form 301, Nonrefundable Individual Tax Credits and Recapture, and include Forms 301 and 310 with your tax return to claim this credit.

If the allowable tax credit is more than your tax or if you have no tax, you may carry the unused credit forward for up to the next 5 consecutive years.

To be eligible for this credit, you must be an Arizona resident who is not a dependent of another taxpayer.

A solar energy device is a system or series of mechanisms which collect and transfer solar generated energy and which are designed primarily to:
- provide heating,
- provide cooling,
- produce electrical power,
- produce mechanical power,
- provide solar daylighting, or

**NOTE:** A taxpayer may claim a credit of up to $1,000 for a second personal home. A taxpayer that claims a credit for both a primary home and a second home is limited to a maximum credit of $1,000 in the taxable year. To claim a credit for a second home you must complete a second form and add the two amounts together to claim on your return.

Solar energy systems may also have the capability of storing solar energy for future use. Passive systems must clearly be designed as a solar energy device, such as a trombe wall, and not merely as a part of a normal structure, such as a window.

Only a system or device, which performs one or more of these functions, qualifies for the credit. An individual component of a system does not qualify for the credit by itself.

**The following devices, when used for residential purposes, qualify for the credit:**
- Solar domestic water heating systems - collectors, storage tanks, heat exchangers, and piping, valves, wiring, etc., directly related to the solar system.
- Solar swimming pool and spa heating systems - collectors, heat exchangers, piping, valves, wiring, etc., directly related to the solar system.
- Solar photovoltaic systems - collectors, batteries, inverters, solar system related wiring, and including solar photovoltaic systems for recreational vehicles used as a residence. End-use appliances (even if they are 12 vdc) are excluded unless they are manufactured specifically for photovoltaic systems applications.
- Solar photovoltaic phones, street lighting, etc. - collectors, batteries, inverters, and solar system related wiring. Phone, lights, etc., are excluded unless they are manufactured specifically for photovoltaic applications.
- Passive solar building systems - trombe wall components, thermal mass, and components specifically designed for energy gains. Dual pane windows, low-e, and other window coatings, etc., are excluded.
- Solar day lighting systems - those devices and systems specifically designed to capture and redirect visible solar energy while controlling the infrared energy (conventional skylights are specifically excluded).
- Wind generators - windmill, structure, generator, batteries, controls, wiring, and other components directly related to the wind generator. End-use appliances are excluded.
- Wind-powered pumps - windmill, structure, pump, pipes, and other components directly related to the wind pump.

The person who sells you your solar energy device must furnish you with a certificate stating that the solar energy device complies with Arizona's solar energy device requirements. If you designed and installed the system yourself, you will not receive such a statement, but your solar energy device must meet the required criteria.

For more information on the solar energy credit and the Arizona solar energy device requirements, see the department’s publication, Pub 543, *Solar Energy Credit*.
The following DO NOT qualify for the credit:
- Conventional plumbing components - water softeners, drinking water systems, etc., even if they are provided (free or otherwise) as part of the system.
- Conventional controls - load controllers, programmable thermostats, etc., even if they are provided (free or otherwise) as part of the system.
- Conventional heating/cooling systems - air conditioners, heat pumps, evaporative coolers, furnaces, regardless of efficiency.
- Conventional windows and window treatments - dual-pane, low-e, shade screens, reflective and dark coatings, awnings, interior shades, drapes, and blinds.
- Conventional skylights.
- Appliances (all voltages) - refrigerators, lights, fans, TVs, etc., unless they are manufactured specifically for photovoltaic systems.
- Fans - ceiling, window, attic, interior, etc., unless they are manufactured specifically for photovoltaic applications.
- Paint - ceramic, reflective roof coatings.
- Insulation (includes "outsulation") and radiant barrier.
- Weather stripping, caulking.
- Misting systems.
- Vegetation - shade trees, shrubs, grass.
- Solar energy cars.
- A solar hot water heater plumbing stub out that was installed by the builder of a house or dwelling unit before title was conveyed to the taxpayer. You may be able to take this credit on Arizona Form 319. For details, see Form 319.

NOTE: If you claim a credit, you cannot take a depreciation deduction for the solar energy device for which the credit is claimed. If such depreciation deduction is included in your federal adjusted gross income, you must add that amount to your Arizona gross income. You must make this addition for each period in which you deduct depreciation for federal purposes.

Line-by-Line Instructions

Enter your name and Social Security Number (SSN) as shown on Arizona Form 140, 140PY, or 140X.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for an individual is the taxpayer's SSN or an Internal Revenue Service (IRS) individual taxpayer identification number (ITIN).

Taxpayers that fail to include their identification number may be subject to a penalty.

Part 1 - Current Year's Credit

Use lines 1 through 9 to figure your credit for the current tax year.

Line 1 -
Enter the address of the residence where you installed the solar energy device for which you are claiming the credit.

Line 2 -
Enter the cost of the solar energy device. The cost of installing the device may be included in the cost of the device.

Lines 3 and 4 -
Follow the instructions on the form for lines 3 and 4.

Line 5 -
If you claimed a credit for another solar energy device you installed during a prior taxable year (1995 through 2015), at the same residence listed on line 1, enter the total amount of allowable credit for that prior tax year or years.

Lines 6 through 8 -
Follow the instructions on the form for lines 6 through 8.

Line 9 - Current Year's Credit

Enter the smaller of line 4 or line 8.

If you are married filing a separate return, but you could have filed a joint return, you may take only one-half of the total credit that you and your spouse would have been allowed to take on a joint return. In this case, enter one-half of the smaller of line 4 or line 8.

Part 2 - Carryover from Prior Taxable Years

Lines 10 through 15 -
Use Part 2 to figure your total available credit carryover from taxable years 2011 through 2015.

Complete lines 10 through 15 if you claimed this credit on a return for one of these years and the credit was more than your tax.

### Purpose of Form

**NOTE:** You must also complete Arizona Form 301, Nonrefundable Individual Tax Credits and Recapture, and include Forms 301 and 312 with your tax return to claim this credit.

Arizona law allows a nonrefundable tax credit for the purchase and installation of an agricultural water conservation system. Complete Form 312 to claim this nonrefundable credit.

### To Qualify for the Credit:

- The system must be primarily designed to substantially conserve water on land that the taxpayer or taxpayer's tenant uses to:
  - produce crops, fruits, or other agricultural products; or
  - raise, harvest, or grow trees; or
  - sustains livestock.
- The expense must be consistent with a conservation plan that the taxpayer has filed and that is in effect with the United States Department of Agriculture Soil Conservation Service.

The credit is equal to 75% of the qualifying expenses incurred during the taxable year.

### Who May Claim this Credit?

This credit is available to individuals only. A partnership may not claim this credit, but may pass the credit through to partners who are individuals, S corporations and other partnerships. A corporation, including an S corporation, may not claim this credit. However, an S corporation may pass the credit through to its individual shareholders.

Individual co-owners of a business, including individual partners in a partnership and individual shareholders of an S corporation, may each claim only a pro rata share of the credit, based on ownership interest. The total of the credits allowed all owners may not exceed the amount that would have been allowed for a sole owner of the business.

A partnership passing the current year’s credit through to its individual partners must do the following:

- Complete Part 1 and Part 2, lines 1 through 10.
- Complete Form 312-P, Credit for Agricultural Water Conservation System - Distribution to Partners, for each partner and provide the partner with a copy of Form 312-P. Form 312-P is available on the department’s website. Instructions for completing Form 312-P are included at the end of these instructions, beginning on page 3.

The partner will use Form 312-P to complete their own Form 312 to claim the pro rata share of the credit or another Form 312-P, if applicable.

- Include Forms 312 and 312-P with its tax return.
- Keep a copy of Forms 312 and 312-P for its record.

An S corporation passing the current year’s credit through to its individual shareholders must do the following:

- Complete Part 1 and Part 2, lines 1 through 10.
- Complete Form 312-S, Credit for Agricultural Water Conservation System - Distribution to Individual shareholders of an S Corporation, for each individual shareholder and provide the shareholder with a copy of Form 312-S.

Form 312-S is available on the department’s website. Instructions for completing Form 312-S are included at the end of these instructions, beginning on page 3.

The individual shareholder will use Form 312-S to complete their own Form 312 to claim the pro rata share of the credit.

- Include Forms 312 and 312-S with its tax return.
- Keep a copy of Forms 312 and 312-S for its record.

Individual taxpayers claiming his or her own current year’s credit for expenses he or she paid during the taxable year to purchase and install an agricultural water conservation system in this state must do the following:

- Complete Part 3, if claiming an unused credit carryover amount from a prior tax year.
- Include Form 312 with the income tax return, when filed.

Individual taxpayers claiming a pass through credit for the current tax year from a Partnership and/or an S corporation must do the following:

- Complete Part 2, line 8 and/or line 9, using the information provided by the S corporation on Form 312-S or the Partnership on Form 312-P.
- Complete Part 3, if claiming an unused credit carryover amount from a pass through credit from a prior tax year.
- Include Form 312, Forms 312-S and/or 312-P, with the income tax return, when filed.
NOTE: To claim a credit, the individual taxpayer must also complete Arizona Form 301, Nonrefundable Individual Tax Credits and Recapture, and include it with his or her tax return.

If the allowable tax credit exceeds the taxes otherwise due, or if there are no taxes due, you may carry the unused credit forward for a period not to exceed the next five taxable years.

A taxpayer cannot take a subtraction for the same expenses for which a credit is claimed.

For example: If the taxpayer had $10,000 of qualifying expenses (Part 2, line 6), the credit would be $7,500 (Part 2, line 7) and the add-back would be $10,000. The individual would include $10,000 on the Arizona individual income tax return under “Additions to Income”. An individual shareholder claiming a pass through credit would add-back his or her pro rata share of the qualifying expenses on the individual income tax return under “Other additions to income”. The amount the shareholder is required to add-back is reported by the S corporation on Form 312-S, line 1.

Form Instructions

Type or print the required information in the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Include the completed form with the income tax return.

### General Instructions

*Arizona Revised Statutes § 43-1178 provides a nonrefundable corporate income tax credit equal to 30% of the amount paid by the seller or purchaser as transaction privilege tax or use tax for coal sold to the taxpayer that is consumed in the generation of electrical power in Arizona.* "Amount paid by the seller or purchaser as transaction privilege tax or use tax" means that the Arizona transaction privilege tax (TPT) was passed through to the taxpayer by the seller as an added charge or that the seller collected the Arizona use tax from the taxpayer or that the taxpayer paid the Arizona use tax to the department.

The tax credit is in lieu of a deduction for the taxes for which the credit is claimed. An addition to Arizona gross income is required for the amount of Arizona TPT and Arizona use taxes included in the computation of federal taxable income for which the Arizona tax credit is claimed.

For example, a taxpayer that paid $50,000 in TPT for coal consumed in the generation of electrical power in Arizona would receive a credit of $15,000 ($50,000 x 30% = $15,000). The addition to Arizona gross income would be $50,000.

The tax credit is available only to corporate taxpayers. A partnership may pass this credit through only to its corporate partners. An S corporation may claim this credit, or the S corporation may elect to pass this credit through to only its exempt organization shareholders.

The credit is available to an exempt organization that is subject to corporate income tax on unrelated business taxable income (UBTI). The credit must result from the activities that generate UBTI.

Co-owners of a business, including corporate partners of a partnership or exempt organization shareholders of an S corporation, may each claim only the pro rata share of the credit allowed based on the ownership interest. The pro rata share that would be distributed to non-eligible partners or shareholders is lost. The total of the credits allowed all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

### Specific Instructions

Complete the name and employer identification number section at the top of the form. Indicate the period covered by the taxable year. Include the completed form with the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, an exempt organization with UBTI, an S corporation or a partnership is the taxpayer's employer identification number. Taxpayers that fail to include their TIN may be subject to a penalty.

### Part 1 - Current Taxable Year's Credit Calculation

#### Form 318-1 and Line 1 -

Complete Form 318-1 before completing Part 1, line 1, of Form 318. Complete Form 318-1 to list the qualifying coal purchases for the taxable year.

**FORM 318-1**

The design of Form 318-1 allows the taxpayer to list qualifying coal purchases for the taxable year in two situations:

1. Purchases from vendors that passed the Arizona TPT through to the taxpayer as an added charge or purchases from vendors that collected the Arizona use tax from the taxpayer; and
2. Purchases from vendors for which the taxpayer paid the Arizona use tax to the department.

**Situation 1:** List the qualifying coal purchases by vendor for situation 1 above. If the taxpayer has purchased coal from more than two vendors, additional Form(s) 318-1 must be completed to list the qualifying coal purchases for the taxable year. Complete section A to list the vendor name and the vendor’s Arizona TPT or use tax number. Do not complete section B.

**NOTE:** The Arizona TPT must be shown as an added charge on the vendor's invoice. If the vendor collects the Arizona use tax from the taxpayer, the tax must be shown as a separate charge on the vendor's invoice. If the amount is not shown as a separate charge, you cannot claim that amount.

**Situation 2:** List the qualifying coal purchases from all vendors for situation 2 above. Complete section B to list the taxpayer’s Arizona TPT or use tax number. Do not complete section A.

**NOTE:** If the taxpayer pays the Arizona use tax directly to the department, the taxpayer must document the amount of tax paid for each invoice.
Column (a): On lines 1 through 12, enter the applicable month of the taxable year.

Column (b): On lines 1 through 12, indicate the type of tax, TPT or use.

Column (c): On lines 1 through 12, enter the total amount of qualifying coal purchases for that month. Do not include the amount of tax paid in the total.

Column (d): On lines 1 through 12, enter the total amount of tax paid for that month.

Column (e): On lines 1 through 12, enter the total of columns (c) and (d).

Now go to Form 318, Part 1, line 1.

**FORM 318**

**Line 1**

Enter the aggregate total from the completed Form(s) 318-1, line 13, column (d), on Form 318, Part 1 line 1.

**Line 2**

Multiply line 1 by 30 percent (.30). Enter the result. This is the current taxable year's credit.

**Part 2 - Corporate Partner's Share of Credit**

**Lines 3 through 5**

The partnership must complete Form(s) 318-1 and Part 1 of Form 318. Then, complete Part 2, lines 3 through 5, separately for each corporate partner. The partnership may pass the credit through only to its corporate partners.

Each corporate partner is entitled to only a pro rata share of the credit based on the corporate partner’s ownership interest in the partnership. The total of the credit allowed to all corporate partners may not exceed the amount that would have been allowed for a sole owner.

The partnership must furnish each corporate partner with a copy of Form 318. Each corporate partner must complete Part 3, if applicable, and Part 4.

**NOTE:** An S corporation that elects to pass the credit through to its exempt organization shareholders should complete Part 2 separately for each exempt organization shareholder and include a statement with Form 318, signed by a signatory to Arizona Form 120S, that states: The S corporation has made an irrevocable election for the taxable year ending (MM/DD/YYYY) to pass the credit for taxes paid for coal consumed in generating electrical power as shown on Form 318, Part 1, line 2 through to its exempt organization shareholders. Each exempt organization shareholder would then complete Part 3, if applicable, and Part 4 of Form 318.

**Part 3 - Available Credit Carryover**

Complete Part 3 only if the allowable credit for prior taxable years exceeded the Arizona income tax liability for those taxable years. Calculate the total available carryover of the credit on Part 3, lines 6 through 11.

Enter the applicable taxable year(s) in column (a) on lines 6 through 10. Enter the amount of the original tax credit for each taxable year in column (b). Enter the amount of the credit for each taxable year that has been taken in previous taxable years in column (c). Subtract column (c) from column (b) and enter the difference in column (d). Add the amounts entered on lines 6 through 10, column (d). Enter the total on line 11, column (d). This is the total available credit carryover available for the current taxable year.

**Part 4 - Total Available Credit**

**NOTE:** If you are claiming this credit as a credit you earned, AND are claiming this credit as a pass through credit from a partnership or S corporation, add the amount you earned to the amount passed through to you. Enter the total credit on line 12.

**Line 12**

Corporations (including S corporations electing to claim the credit at the corporate level), and exempt organizations with UBTI - enter the current taxable year's credit from Part 1, line 2.

Corporate partners of a partnership and exempt organizations that are shareholders of an S corporation - enter the amount from Part 2, line 5.

Corporations (including S corporations electing to claim the credit at the corporate level), and exempt organizations with UBTI - enter the amount from Part 3, line 11, column (d). This is the total available credit carryover.

Also enter this amount on Form 300, Part 1, line 6, column (b).

If the taxpayer is transferring the tax credit for more than 10 houses or dwelling units, complete and include additional sheets of Form 319-2. Enter the amount from line 11, column (c) on page 1, line 2.
General Instructions

**Arizona Revised Statutes §§ 43-1090 and 43-1176** provide nonrefundable individual and corporate income tax credits for the installation of solar hot water heater plumbing stub outs and electric vehicle recharge outlets in houses or dwelling units constructed by the taxpayer. The houses or dwelling units must be located in Arizona.

Qualifying installations of solar hot water heater plumbing stub outs must:

- Include two insulated three-fourths inch copper pipes and at least two pairs of wires for monitoring and control purposes that project from the dwelling roof or other suitable locations and that are connected to the domestic hot water transport and storage system.

- Be located and configured to allow sufficient solar access and exposure and to allow ready installation of solar water heating devices without further expense or effort to reach, use, or serve the domestic hot water system of the house or dwelling.

Qualifying installations of electric vehicle recharge outlets must be connected to the utility system by a dedicated line that:

- Is capable of operating at normal secondary voltages.

- Meets applicable local building safety codes.

- Is commensurate and consistent with electric vehicle recharging needs and methods.

The amount of the credit is equal to the lesser of $75 or the installation cost for each installation of a solar hot water heater plumbing stub out or an electric vehicle recharge outlet in each separate house or dwelling unit.

The taxpayer that constructed the house or dwelling unit may transfer the credit for that house or dwelling unit to a purchaser or transferee. A taxpayer that transfers the credit for a house or dwelling unit must provide a written statement to the purchaser or transferee of the house or dwelling unit. The written statement must include the name of the purchaser or transferee, the address of the house or dwelling unit, the number of stub outs or outlets installed, the installation cost of each, and a certification that the taxpayer has elected not to claim the credit and has elected to transfer the credit to the purchaser or transferee. If the builder transfers the credits for more than one house or dwelling unit to a purchaser or transferee, the builder must provide a separate written statement for each house or dwelling unit.

The tax credit is in lieu of a deduction for the expenses of installing the solar hot water heater plumbing stub outs and electric vehicle recharge outlets for which the credit is claimed.

Co-owners of a business, including partners in a partnership and shareholders of an S corporation, may each claim only the pro rata share of the credit allowed based on the ownership interest. The total of the credits allowed all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

The credit is available to an exempt organization that is subject to corporate income tax on unrelated business taxable income (UBTI). The credit must result from the activities that generate UBTI.

If the allowable tax credit exceeds the taxes otherwise due, or if there are no taxes due, the amount of the credit not used to offset taxes may be carried forward for not more than five consecutive taxable years as a credit against subsequent years' income tax liability.

Specific Instructions

Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Include the completed form with the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, an exempt organization with UBTI, an S corporation, or a partnership is the taxpayer's employer identification number. The TIN for an individual is the taxpayer's social security number or an Internal Revenue Service individual taxpayer identification number. Taxpayers that fail to include their TIN may be subject to a penalty.

**TOTAL:**
- For column (c), add the number of employees in each column (c1), (c2) and (c3), and enter the total for each column on line 12.
- For columns (d) and (e), add the amounts in each column and enter the total for each column on line 12.

If you have more than 11 qualifying employees for which you are claiming a credit, complete additional schedules and include behind this page.
The credit for employing TANF recipients is equal to:

1. One-fourth of the taxable wages paid to each qualified employee in the first year or partial year of employment, not to exceed $500 per net new employee.

2. One-third of the taxable wages paid to each previously qualified employee in the second year of continuous employment, not to exceed $1,000 per net new employee.

3. One-half of the taxable wages paid to each previously qualified employee in the third year of continuous employment, not to exceed $1,500 per net new employee.

You cannot take a deduction for the same wages for which you claim a credit. For more information, see the instructions under “Other Additions to Income” for the income tax return you will file.

You cannot claim this credit for any position that is eligible for any other Arizona employment credit based on wages paid. If the allowable credit exceeds your income tax liability, you may carry over any unused amount for up to five consecutive taxable years.

This credit is available to individuals, corporations, and S corporations. A partnership may pass the credit through to its partners. An S corporation may pass the credit through to its shareholders.

This credit is also available to an exempt organization that is subject to corporate income tax on unrelated business taxable income (UBTI). The credit must result from the activities that generate UBTI.

For more information on this credit, see the department’s publication, Pub 708, Credit for Employment of Recipients of Temporary Assistance for Needy Families.

**Part 1 - Business Information**

**Lines 1 through 3**

On lines 1, 2, and 3, enter the name, address, and EIN of the business that employs qualifying employees.

**Part 2 - Net Increase in Qualified Employment Positions**

**Lines 4 and 5**

This credit is based on net increases in qualified employment positions. You must determine the net increase in the number of qualified positions by comparing the average number of qualified employment positions during the taxable year with the immediately preceding taxable year. This comparison is based on the report that you submit to the Arizona Department of Economic Security for unemployment purposes. The worksheet following the instructions for line 5 is provided to help you determine the average number of qualified positions for lines 4 and 5.

**Line 4**

Enter the average number of qualified employment positions during the current taxable year.

A qualified employment position is a position that meets all of the following:

- The position must be classified as full-time employment.
- The position must provide health insurance coverage if the employer offers the coverage to other employees not on TANF.
• The position must provide compensation at least equal to the minimum wage or a wage comparable to that paid other employees not receiving TANF in the same job classification.
• The position must be listed on the report that you submit to the Arizona Department of Economic Security for unemployment purposes.

**Line 5**

Enter the average number of qualified employment positions during the immediately preceding taxable year. If the business is a newly established business, the business would not have any qualified employment positions during the immediately preceding taxable year. A newly established business would have zero average employment positions during the immediately preceding taxable year. This business would enter zero on line 5.

If the business is an established business, the business must figure the average qualified employment positions of the immediately preceding taxable year using the worksheet below. Line 15 of the worksheet's immediately preceding taxable year column is the amount you should enter on line 5.

Complete the following worksheet to determine the average employment. On lines 1 through 12 below, enter the number of qualifying employment positions the business had during each month of the current taxable year and the immediately preceding taxable year.

**Line 6 - Net Increase in the Number of Qualified Employment Positions**

Subtract line 5 from line 4. If this amount is less than one, enter zero. If this amount contains a decimal, round down to the next whole number. This is your net increase in qualified employment positions.

**NOTE:** If the amount shown on line 6 is zero or less, you may not claim this credit for qualified employees hired during the year.

**Line 7 -**

You cannot take this credit for any position that is eligible for any other Arizona employment credit based on wages paid. On line 7, enter the number of positions on line 6 that are eligible for any other income tax credit under Arizona law.

**Line 8 -**

Subtract line 7 from line 6. This is the maximum number of new employment positions for which you may claim a credit for employees in their first year of employment.

**Part 3 - Qualifying New Employees**

**Line 9 -**

Enter the total number of new employees hired during the year.

**Line 10 - Qualified New Employees**

Enter the number of employees shown on line 9 who are qualified employees.

A qualified employee is an employee who meets all of the following criteria:

• The employee is a resident of Arizona.
• The employee was a recipient of TANF at the time he or she was hired. The employer should obtain documentation from the employee substantiating that the employee was a TANF recipient on the date of hire.
• The employee was employed for at least ninety days during the first taxable year. An employee hired with less than 90 days left in the taxable year is considered a new employee in the next taxable year. Periods when the employee's wages are subsidized under A.R.S. § 46-299 cannot be counted as employment time.
• The employee was not employed by the taxpayer within 12 months before the current date of hire.

**Line 11 - Maximum Number of Qualifying Net New Employees**

Enter the smaller of line 8 or line 10. This is the maximum number of qualifying net new employees for which you may claim a credit.

**Part 4 - Credit Calculation for Qualified Employees**

**Lines 12 through 15 and Form 320-1 and Form 320-2**

**IMPORTANT:** Before completing Part 4, lines 12 through 15 of Form 320, complete Form 320-1, and Form 320-2.
Form 320-1 Qualifying Employees
List each employee who is a qualified employee. List each employee's name and SSN. Also, list the date each employee was hired. You must also answer the questions in columns (d) and (e).

Form 320-2 Qualifying Employees for Which You are Claiming a Credit
List each qualifying employee from Form 320-1 for whom you are taking the credit. List the employees' names and SSNs. Complete columns (c) through (e), as instructed on the form.

Form 320
Line 12 - Column (a)
Enter the number of qualifying net new employees from Form 320-2, line 12, column c1.

NOTE: The maximum number of qualifying net new employees entered on line 12, column (a), cannot exceed the number of qualified net new employees entered on line 11 (Part 3).

Line 12 - Column (b)
Enter the maximum allowable wages for all of your qualifying first year employees from Form 320-2, line 12, column e1.

Line 12 - Column (d)
Multiply the amount entered on line 12, column (b), by the percent shown on line 12, column (c). Enter the result on line 12, column (d). This is the allowable credit for qualifying net new employees.

Line 13 - Column (a)
Enter the total number of previously qualified employees in the second year of continuous employment from Form 320-2, line 12, column c2.

NOTE: The maximum number of previously qualified employees in the second year of continuous employment entered on line 13, column (a), cannot exceed the number of qualified net new employees entered on the 2015 Form 320, line 11 (Part 3).

Arizona's statutes do not require that the employee who is claimed in the second year of continuous employment be the same employee who was claimed in the second year of employment. Therefore, if one of the originally claimed net new employees leaves employment in year two, the business can claim the second year credit for another previously qualified employee who is in the second year of continuous employment.

Line 13 - Column (b)
Enter the maximum allowable wages for all previously qualified employees in the second year of continuous employment from Form 320-2, line 12, column e2.

Line 13 - Column (d)
Multiply the amount shown on line 13, column (b), by the percent shown on line 13, column (c). Enter the result on line 13, column (d). This is the allowable credit for previously qualified employees in their second year of continuous employment.

Line 14 - Column (a)
Enter the total number of previously qualified employees in the third year of continuous employment from Form 320-2, line 12, column c3.

NOTE: The maximum number of previously qualified employees in the third year of continuous employment entered on line 14, column (a), cannot exceed the number of qualified net new employees entered on the 2014 Form 320, line 11 (Part 3).

Arizona's statutes do not require that the employee who is claimed in the third year of continuous employment be the same employee who was claimed in the second year of employment. Therefore, if one of the originally claimed net new employees leaves employment in year three, the business can claim the third year credit for another previously qualified employee who is in the third year of continuous employment.

Line 14 - Column (b)
Enter the maximum allowable wages for all previously qualified employees in the third year of continuous employment from Form 320-2, line 12, column e3.

Line 14 - Column (d)
Multiply the amount shown on line 14, column (b), by the percent shown on line 14, column (c). Enter the result on line 14, column (d). This is the allowable credit for previously qualified employees in their third year of continuous employment.

Line 15 -
• Add the amounts in column (a) on lines 12, 13 and 14; enter the total in column (a) on line 15. The amount entered on line 15, column (a), is the total number of qualified employees for which you are claiming the credit.
• Add the amounts in column (b) on lines 12, 13, and 14; enter the total in column (b) on line 15. This is your total qualifying wages.
• Add the amounts in column (d) on lines 12, 13 and 14; enter the total in column (d) on line 15. The amount entered on line 15, column (d), is the total allowable credit for qualified employees for the current taxable year.

Part 5 - S Corporation Credit Election and Shareholder's Share of Credit
Line 16 -
The S corporation must complete this portion of the Form 320 in order for the S corporation or its shareholders to claim this credit. The S corporation must make an irrevocable election either to claim the credit or to pass the credit through to its shareholders. The election statement must be signed by one of the officers of the S corporation who is also a signatory to the Arizona Form 120S.
Lines 17 through 20 -
If the S corporation elects to pass the credit through to its shareholders, it must also complete lines 17 through 20 for each individual shareholder.

S corporations must complete Form 320, Parts 1 through 5. The S corporation must complete Part 5, lines 17 through 20, separately for each shareholder. Each shareholder may claim only a pro rata share of the credit based on the shareholder’s ownership interest in the S corporation.

Line 19 - Individual Shareholder’s share of the Qualifying Wages used to compute the allowable current year credit.

An individual shareholder cannot take a subtraction for the same expenses for which the credit is claimed. If the shareholder claims the credit, the shareholder is required to add back the pro-rata portion of the total expenses used to compute the allowable current year credit.

Enter the shareholder’s pro-rata share of the total amount of qualifying wages used to compute the allowable current year credit.

For example:

The partnership must furnish each partner with a copy of pages 1 and 2 of Form 320.

Each partner must complete Parts 7 and 8.

Lines 24 through 29 -

NOTE: You must also complete Arizona Form 301, Nonrefundable Individual Tax Credits and Recapture, and include Forms 301 and 321 with your tax return to claim this credit.

Arizona law provides a credit for cash contributions made to certain charities that provide assistance to residents of Arizona who either receive Temporary Assistance of Needy Families (TANF) benefits, are low income residents of Arizona, or are children who have a chronic illness or physical disability.

For taxable years beginning from and after December 31, 2015, Arizona law provides a separate credit, on Arizona Form 352, for cash contributions made to qualifying foster care charitable organizations.

CAUTION: A contribution to a qualifying foster care charitable organization does not qualify for, and cannot be included in, a credit claimed on Form 321 for cash contributions made to a qualifying charitable organization.

If you made cash contributions to a qualifying foster care charitable organization, you must complete Form 352 to claim a credit for those contributions. Do not use Form 321 to claim a credit for contributions made to qualifying foster care charitable organizations.

This credit is available only to individuals. Corporations may not claim this credit. A partnership may not pass the credit through to its partners. An S corporation may not pass the credit through to its shareholders.

Beginning 2016, credit eligible contributions made to a qualifying charitable organization from January 1, 2017, to April 18, 2017, may be used as a tax credit on either your 2016 or 2017 Arizona income tax return.

If you claim this credit in 2016 for a donation made from January 1, 2017, to April 18, 2017, you must make an adjustment on your Arizona Form 140 Schedule A; or Form 140PY Schedule A(PY) or A(PYN); or Form 140NR Schedule A(NR), filed in 2017.

The maximum amount of credit that a taxpayer can establish for the current taxable year for these donations is $400 for single taxpayers or heads of household. For married taxpayers filing a joint return, the maximum amount of credit that a taxpayer can establish for the current taxable year is $800. In most cases, for married taxpayers who file separate returns, each spouse may claim only one-half (1/2) of the total credit that would have been allowed on a joint return.

NOTE: The maximum amount of credit established for the current taxable year does not include any unused valid carryover amount(s) from prior taxable years. Because this is a nonrefundable credit, the total amount of available credit (current year plus any valid carryover amount(s)) that a taxpayer may use for the taxable year cannot be greater than the tax liability shown.

If the allowable tax credit is more than your tax or if you have no tax, you may carry the unused credit forward for up to the next five consecutive taxable years’ income tax liability.

You cannot claim both a tax credit and an itemized deduction for the amount of contributions made to a qualifying charitable organization for which you are claiming a credit.

You may qualify for this credit if you make cash contributions to a qualified charity through an Umbrella Charitable Organization (UCO). An UCO is a charitable organization that collects donations on behalf of member charities and directs that donation as designated by the taxpayer to a qualifying charitable organization that is certified by the department.

In this case, 100% of the donation to a specific qualifying charitable organization or to a specific fund of the UCO must be distributed to a qualifying charitable organization that is certified by the department.

The UCO will need to provide you with a receipt for your donation that specifies the qualifying charity or fund to whom the donation is designated and certifies that 100% of the donation will be distributed to the named charity. If a fund is designated then the receipt should certify that 100% of the fund is distributed to a qualifying charity that is certified by the department.

NOTE: You may be able to make contributions to these charities through your payroll withholding. Contact your employer and ask if they can withhold contributions for this credit from your pay.

For more information about this credit, see the department’s publication, Pub 710, Credit for Contributions to Qualifying Charitable Organizations.

What is a Qualifying Charitable Organization?
A qualifying charitable organization (charity) is a charity that is exempt from federal income tax under Internal Revenue Code (IRC) § 501(c)(3). A qualifying charity is also a charity that is a designated community action agency that receives...
Community Services Block Grant Program money under the United States Code, Title 42, Section 9901. The charity must spend at least 50% of its budget on services to Arizona residents who receive Temporary Assistance for Needy Families benefits, who are low income Arizona residents, or who are chronically ill or physically disabled children.

For the purpose of this credit, qualifying services are services that meet the recipient’s immediate basic needs. The services must be provided and used in Arizona. Services that meet these needs include cash assistance, medical care, childcare, food, clothing, shelter, job training, and job placement services.

How Can I Tell if a Charity Qualifies?
In order to qualify, a charity must provide the Department with written certification that it meets the criteria necessary to be considered a qualifying charity. To see if a particular charity qualifies, visit the department’s website and click on Tax Credits to see a list of the qualifying charities.

Line-by-Line Instructions
Enter your name and Social Security Number (SSN) as shown on Arizona Forms 140, 140PY, 140NR, or 140X.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for an individual is the taxpayer’s SSN or an Internal Revenue Service (IRS) individual taxpayer identification number (ITIN). Taxpayers that fail to include their identification number may be subject to a penalty.

Part 1 - Current Year’s Credit
Lines 1, 2 and 3 -
Enter the following information for each qualifying charitable organization for which you made cash contributions or paid fees from January 1, 2016, through December 31, 2016:

- name of the qualifying charitable organization,
- location of the qualifying charity (city and state), and
- amount of cash contributions made from January 1, 2016, through December 31, 2016.

If you made qualifying cash contributions to a second and third qualifying charity, complete line(s) 2 and 3.

If you made qualifying cash contributions to four or more qualifying charities, complete an additional schedule. The schedule should show the same information required on lines 1, 2 and 3 for each of the additional qualifying charitable organizations to which you made cash contributions.

Line 4 -
Add the amount of qualifying cash contributions listed on lines 1 through 3, and any additional schedule. Enter the total on line 4.

Part 2 - Available Credit Carryover

NOTE: If you have a carryover amount from a prior year for cash contributions made to a qualifying foster care charitable organization for which you claimed a credit on Form 321, you must claim the carryover amount on Form 321.

Do not claim any carryover amount on Form 352 from contributions made to qualifying foster care charities and claimed on Form 321 in prior years.

Lines 12 through 17 -
Use lines 12 through 17 to figure your total available credit carryover from taxable years 2011 through 2015. Complete lines 12 through 17 if you claimed this credit on a return for one of these years and the credit was more than your tax.
NOTE: You may carry over only that portion of the credit that you do not apply to tax. You cannot carry over any amount that you gave that was more than the maximum amount allowed as a credit.

For example: During 2016, Mary, a single person, gave $600 to a qualified charity that provides services to the working poor. For 2016, Mary is allowed a maximum credit of $400. Mary’s 2016 tax is $250. Mary can apply $250 of the credit to her 2016 tax liability and carryover $150 of the unused $400 credit to 2017.

Mary cannot claim any credit for the $200 gift that was more than the allowable credit for cash contributions made to the qualifying charity that provided services to the working poor ($600 minus allowable credit of $400).

- In column (b), enter the credit originally computed for that taxable year listed in column (a).
- In column (c), enter the amount of the credit from that taxable year which you have already used.
- In column (d), subtract the amount in column (c) from column (b) and enter the difference.
- Add the amounts entered on lines 12 through 16 in column (d).

20 Total Available Credit: Add line 18 and line 19.

Also, enter this amount on Arizona Form 301, Part 1, line 13, column (c) ........................................... 20 00
NOTE: You must also complete Arizona Form 301, Nonrefundable Individual Tax Credits and Recapture, and include Forms 301 and 322 with your tax return to claim this credit.

Arizona law provides a credit for cash contributions made and certain fees paid to public schools in Arizona. “Public School” means a school that is part of a school district, a joint technical education district, or a charter school.

This credit is available only to individuals. Corporations may not claim this credit. A partnership may not pass the credit through to its partners. An S corporation may not pass the credit through to its shareholders.

The credit is equal to the amount contributed or the amount of fees paid. The maximum amount of credit that a taxpayer can establish for the current taxable year for contributions or fees paid is $200 for single taxpayers or heads of household. For married taxpayers filing a joint return, the maximum amount of credit that can be established for the current taxable year is $400. In most cases, for married taxpayers who file separate returns, each spouse may claim only one-half (1/2) of the credit that would have been allowed on a joint return.

NOTE: The maximum amount of credit established for the current taxable year does not include any unused valid carryover amount(s) from prior taxable years. Because this is a nonrefundable credit, the total amount of available credit [current year plus any valid carryover amount(s)] that a taxpayer may use for the taxable year cannot be greater than the tax liability shown.

If the allowable tax credit is more than your tax or if you have no tax, you may carry the unused credit forward for up to the next five consecutive taxable years’ income tax liability.

Credit eligible contributions made or fees paid to a public school from January 1, 2017, to April 18, 2017, may be used as a tax credit on either your 2016 or 2017 Arizona income tax return.

You cannot claim both a tax credit and an itemized deduction for contributions made to a public school for which you are claiming a credit.

If you claim this credit in 2016 for contributions made from January 1, 2017, to April 18, 2017, you must make an adjustment on your Arizona Form 140 Schedule A; or Form 140PY Schedule A(PY) or A(PYN); or Form 140NR Schedule A(NR), filed in 2017.

You may be able to make credit eligible contributions to a public school through payroll withholding. Check with your employer to see if your employer has agreed to withhold contributions that qualify for this credit from your pay.

To qualify for the credit, you must make contributions or pay fees to a public school located in this state for the following activities or programs of the public school:

- standardized testing for college credit or readiness offered by a widely recognized and accepted educational testing organization,
- the career and technical education industry certification assessment,
- preparation courses and materials for standardized testing,
- cardiopulmonary resuscitation training,
- extracurricular activities, or
- career education programs.

"Standardized testing for college credit or readiness" includes the SAT, PSAT, ACT, advanced placement and international baccalaureate diploma tests and other similar tests.

"Widely recognized and accepted educational testing organization" means the college board, the ACT, the international baccalaureate and other organizations that are widely recognized and accepted by colleges and universities in the United States and that offer college credit and readiness examinations.

"Career and technical education industry certification assessment" means an assessment for career and technical preparation programs for pupils.

NOTE: Your contribution for the support of standardized testing fees, career and technical education industry certification assessments, preparation courses, or materials for standardized testing, must be made directly to the public school located in Arizona. Contributions made to any other organization will not qualify for this credit.

A character education program is a program defined in Arizona Revised Statutes (A.R.S.) § 15-719. Under this statute, each district may develop its own course of study for each grade. At a minimum, the character education program must include instruction in the definition and application of at least six of the following character traits: truthfulness,
responsibility, compassion, diligence, sincerity, trustworthiness, respect, attentiveness, obedience, orderliness, forgiveness, and virtue.

Extracurricular activities are school-sponsored activities that may require enrolled students to pay a fee in order to participate. The activities must supplement the school's education program and may be educational or recreational.

Each school district will determine what activities are extracurricular activities for each public school located in that district. Extracurricular activities may include the following:

- use of hand uniforms,
- use of equipment or uniforms for varsity athletics,
- use of scientific laboratory equipment or materials, and
- in-state or out-of-state trips that are solely for competitive events.

Extracurricular activities do not include any senior trips or events that are recreational, amusement or tourist activities.

You must make cash contributions or pay fees to a public school or charter school located in Arizona. The school must provide instruction in grades kindergarten through 12.

Contributions made or fees paid to any of the following do not qualify for this credit:

- a nongovernmental school,
- a pre-school,
- a community college,
- a university, or
- a public school located outside of Arizona.

Before claiming this credit, make sure the public school issues you a receipt for the contributions or qualifying fees you paid. The receipt should show all of the following:

- name of the public school,
- name and number of the school district,
- name of the taxpayer,
- amount paid or contributed,
- date paid or contributed, and
- description of the activity for which the contributions were made or the fees were paid.

Please keep this receipt with your tax records. For more information on school tax credits, see the department’s publication, Pub 707, School Tax Credits.

**Line-by-Line Instructions**

Enter your name and Social Security Number (SSN) as shown on Arizona Forms 140, 140PY, 140NR, or 140X.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN).

The TIN for an individual is the taxpayer's SSN or an Internal Revenue Service (IRS) individual taxpayer identification number (ITIN). Taxpayers that fail to include their identification number may be subject to a penalty.

Add the amount of qualifying cash contributions and fees paid to all schools listed on lines 1 through 3, and any additional schedule. Enter the total on line 4.

**Lines 5, 6, and 7**

**For calendar year filers -** Because April 15, 2017, falls on a Saturday and District of Columbia Emancipation Day will be observed on April 17, 2017, you have until Tuesday, April 18, 2017, to make a contribution and claim a credit for that amount on your 2016 tax return.

Enter the following information for each Arizona public school for which you made cash contributions or paid fees from January 1, 2017, through April 18, 2017, for which you are claiming a credit on your 2016 tax return:

In this case, enter 1/2 of the smaller of line 9 or line 10.

Part 2 - Available Credit Carryover
Lines 12 through 17 -
Use lines 12 through 17 to figure your total available credit carryover from taxable years 2011 through 2015. Complete lines 12 through 17 if you claimed this credit on a return for one of these years and the allowable credit was more than your tax.

NOTE: You may carry over only that portion of the credit that you do not apply to tax. You cannot carry over any amount that you paid that was more than the amount allowed as a credit.

For example, during 2016, John, a single person, paid $400 to School A for extracurricular activity fees for John’s child. For 2016, John is allowed a credit of $200. John’s 2016 tax is $100. John applied $100 credit to his tax liability and may carryover $100 of the unused $200 credit to 2017. John cannot claim any credit for the $200 fee he paid that was more than the allowable credit ($400 minus allowable credit of $200).

General Instructions

NOTE: You must also complete Arizona Form 301, Nonrefundable Individual Tax Credits and Recapture, and include Forms 301 and 323 with your tax return to claim this credit.

Arizona law provides a credit for contributions made to a private school tuition organization that provides scholarships or grants to qualified schools.

This credit is available only to individuals. Corporations may not claim this credit. A partnership may not pass the credit through to its partners. An S corporation may not pass the credit through to its shareholders.

The credit is equal to the amount contributed. For 2016, the maximum amount of credit that a taxpayer can establish for the current taxable year is $545 for single taxpayers or heads of household. For married taxpayers that file a joint return, the maximum credit that can be established for the current taxable year is $1,090. In most cases, for married taxpayers who file separate returns, each spouse may claim only one-half (1/2) of the credit that would have been allowed on a joint return.

NOTE: The maximum amount of credit established for the current taxable year does not include any unused valid carryover amount(s) from prior taxable years. Because this is a nonrefundable credit, the total amount of available credit [current year plus any valid carryover amount(s)] that a taxpayer may use for the taxable year cannot be greater than the tax liability shown.

The credit eligible contributions made to a school tuition organization from January 1, 2017, to April 18, 2017, may be used as a tax credit on either your 2016 or 2017 Arizona income tax return.

If the allowable tax credit is more than your tax or if you have no tax, you may carry the unused credit forward for up to the next 5 consecutive taxable years’ income tax liability.

A private school tuition organization is an organization that meets all of the following:

- The organization is tax exempt under Section 501(c)(3) of the Internal Revenue Code (IRC).
- The organization allocates at least 90% of its annual revenue from contributions to educational scholarships or tuition grants.
- The organization makes its scholarships or grants available to students of more than one qualified school.

A “qualified school” means a preschool that offers services to students with disabilities, nongovernmental primary or a secondary school that is located in Arizona. The school cannot discriminate on the basis of race, color, handicap, familial status, or national origin and requires all teaching staff and personnel that have unsupervised contact with students to be fingerprinted. A “qualified school” does not include a charter school or programs operated by a charter school. The primary school must begin with kindergarten and the secondary school must end with grade 12.

In the case of a preschool that offers services to students with disabilities, a “student with disabilities” is a student who has any of the following conditions:

- hearing impairment,
- visual impairment,
- developmental delay,
- preschool severe delay, or
- speech and/or language impairment.

NOTE: The Arizona Department of Revenue is required to certify school tuition organizations. The department maintains a list of currently certified school tuition organizations on its website at www.azdor.gov.

To qualify for the credit all contributions must be made to a certified school tuition organization. To determine if your contributions made in 2016 and/or 2017, qualify for this credit, you should verify that the school tuition organization you made a contribution to is certified. For a list of school tuition organizations certified to receive donations for the individual income tax credit, see the department’s website.

Your donation to the school tuition organization will not qualify for the credit if you designate the donation for the direct benefit of your dependents.

NOTE: Your donation will also not qualify if you designate a student beneficiary as a condition of your contribution to the school tuition organization. Also, the tax credit is not allowed if you agree with another person to designate each other’s contributions to the school tuition organization for the direct benefit of each other’s dependent, a practice commonly known as swapping.
You cannot claim both a tax credit and an itemized deduction for the amount of contributions made to a private school tuition organization for which you are claiming a credit.

If you claim this credit in 2016 for a donation made from January 1, 2017, to April 18, 2017, you must make an adjustment on your Arizona Form 140 Schedule A; or Form 140PY Schedule A(PY) or A(PYN); or Form 140NR Schedule A(NR), filed in 2017.

Before claiming this credit, make sure the school tuition organization issues you a receipt for the contribution. The receipt should show all of the following:
- name and address of the school tuition organization,
- name of the taxpayer,
- amount paid,
- date paid, and
- the tax year for which you will claim the contribution.

Please keep this receipt with your tax records. For more information on school tax credits, see the department’s publication, Pub 707, School Tax Credits.

NOTE: You may be able to make credit eligible contributions to a school tuition organization through payroll withholding. Check with your employer to see if your employer has agreed to withhold contributions that qualify for this credit from your pay.

Line-by-Line Instructions

Enter your name and Social Security Number (SSN) as shown on Arizona Forms 140, 140PY, 140NR, or 140X.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for an individual is the taxpayer's SSN or an Internal Revenue Service (IRS) individual taxpayer identification number (ITIN). Taxpayers that fail to include their identification number may be subject to a penalty.

Part 1 - Current Year’s Credit

Lines 1, 2 and 3 -
If you are married and filing separate, be sure to include all cash contributions made by you and your spouse.

Enter the following information for each private school tuition organization to which you made contributions from January 1, 2016 through December 31, 2016 and for which you are claiming a current year’s credit for on your return.
- name of the private school tuition organization,
- street address of the private school tuition organization,
- location (city and state) of the private school tuition organization, and
- the amount of contributions made.

NOTE: Do not include those contributions that you made from January 1, 2016, through April 18, 2016, for which you claimed a credit on your 2015 tax return.

If you made cash contributions to four or more schools, complete an additional schedule. The schedule should show the same information required on lines 1, 2, and 3 for each of the additional schools to which you made cash contributions.

Line 4 -
Add the amounts in column (d) of lines 1, 2, and 3. Also, add any amount included on a separate schedule.

Lines 5, 6 and 7 -
For calendar year filers: Because April 15, 2017 falls on a Saturday and District of Columbia Emancipation Day will be observed on April 17, 2017, you have until Tuesday, April 18, 2017, to make a contribution and claim a credit for that amount on your 2016 tax return.

Enter the following information for each private school tuition organization to which you made contributions from January 1, 2017 through April 18, 2017, for which you are claiming a credit on your 2016 tax return.

Line 8 -
Add the amounts in column (d) of lines 5, 6, and 7. Also, add any amount included on a separate schedule.

Line 9 -
Add lines 4 and 8. Enter the total.

Line 10 -
Single taxpayers and taxpayers filing as head of household, enter $545. Married taxpayers enter $1,090.

Line 11 - Current Year’s Credit

Enter the smaller of line 9 or line 10. If you are married filing a separate return, but you could have filed a joint return, you may take only one-half of the total credit that you and your spouse would have been allowed to take on a joint return, up to a maximum of $545 each. In this case, enter one-half of the smaller of line 9 or line 10.

NOTE: If you made contributions that total more than the allowable current year’s credit on Form 323, you may claim a credit on Arizona Form 348 for some or all of the contributions that exceed the maximum allowable amount. To determine if you have excess contributions available to claim a credit on Form 348, complete Part 4 of Form 323.

For additional information see Form 348.

Part 2 - Available Credit Carryover

Lines 12 through 17 -
Use lines 12 through 17 to figure your total available credit carryover from taxable years 2011 through 2015.
Complete lines 12 through 17 if you claimed this credit on a return for one of these years and the credit was more than your tax.

**NOTE:** You may carry over only that portion of the credit that you do not apply to tax. You cannot carry over any amount that you gave that was more than the amount allowed as a credit. See the example at the end of these instructions.

- In column (b) enter the credit originally computed for that taxable year listed in column (a).
- In column (c) enter the amount of the credit from that taxable year which you have already used.
- Subtract the amount in column (c) from column (b) and enter the difference in column (d).
- Add the amounts entered on lines 12 through 16 in column (d).

Enter the total on line 17, column (d).

**Part 3 - Total Available Credit**

**Line 18 -**

Enter the amount from Part 1, line 11. Also, enter this amount on Form 301, Part 1, line 14, column (a).

**Line 19 -**

Enter the amount from Part 2, line 17, column (d). Also, enter this amount on Form 301, Part 1, line 14, column (b).

**Line 20 -**

Add line 18 and line 19. Enter the total. Also, enter this amount on Form 301, Part 1, line 14, column (b).

**Part 4 - Do I Have Excess Contributions Available to Claim on Arizona Form 348?**

Complete Part 4, lines 21 through 23, to determine if you have excess contributions available to claim a credit on Arizona Form 348, **Contributions to Certified School Tuition Organization – Individuals.**

**NOTE:** Married taxpayers filing a separate return - be sure to enter one-half of the total amount of contributions made during the taxable year by you and your spouse on line 9.

**Line 21 -**

Enter the total amount of contributions made during the taxable year:

- Single taxpayers, heads of household and married taxpayers filing a joint return; enter the total amount from Part 1, line 9.
- Married taxpayers filing separate; enter one-half (1/2) of the total amount from Part 1, line 9.

**Line 22 -**

Enter the maximum credit allowed on Form 323:

- Single taxpayers and heads of household; enter $545.
- Married taxpayers filing joint; enter $1,090.
- Married taxpayers filing separate; enter $545.

**Line 23 – Excess Contributions:**

Subtract line 22 from line 21 and enter the difference. If less than zero, enter “0”.

If the amount on line 23 is more than zero, you have excess contributions available and may claim a credit on Form 348 for those contributions.

If the amount on line 23 is “0”, you do not have any excess contributions available to claim on Form 348.

**EXAMPLE:** During 2016, Mary, a single person, gave $1,400 to a school tuition organization. For 2016, Mary is allowed a maximum credit on Form 323 of $545. Mary’s 2016 tax liability is $400. Mary may apply $400 of the $545 credit claimed on Form 323 against her 2016 tax liability. Mary may carryover the unused credit of $145 to her 2017 income tax return. Mary may not claim a credit on Form 323 for the $855 gift that was more than the allowable credit ($1,400 minus allowable credit of $545).

However, Mary may claim a credit on Arizona Form 348 for the contribution made to the school tuition organization that was more than the $545 allowable credit. The credit Mary may claim on Form 348 cannot exceed the maximum credit allowed on that form.

To compute that credit, Mary must complete Form 348 in addition to Form 323. Mary must also complete Arizona Form 301. For 2016, Mary would compute her available credit for Form 323 as follows.

General Instructions
Arizona Revised Statutes (A.R.S.) §§ 43-1081.01 and 43-1170.01 provide nonrefundable individual and corporate income tax credits for expenses that a taxpayer incurred during the taxable year to purchase agricultural pollution control equipment.

The amount of the credit is equal to 25% of the cost of the property. The maximum credit that a taxpayer may claim in a taxable year is $25,000.

The agricultural pollution control equipment credit claimed on Form 325 is in lieu of the pollution control credit claimed on Form 315 with respect to the same equipment or expense.

Co-owners of a business, including partners in a partnership and shareholders of an S corporation, may each claim only the pro rata share of the credit allowed based on the ownership interest. The total of the credits allowed all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

The credit is available to an exempt organization that is subject to corporate income tax on unrelated business taxable income (UBTI). The credit must result from the activities that generate UBTI.

To Qualify for the Credit:
- The taxpayer must be involved in the commercial production of livestock, livestock products or agricultural, horticultural, viticultural or floricultural crops or products; AND
- The taxpayer must purchase tangible personal property that is primarily used in the taxpayer’s trade or business in Arizona to control or prevent pollution.
- Property eligible for the tax credit includes only that portion of the property directly used, constructed, or installed in Arizona to prevent, monitor, or reduce air, water, or land pollution.
- Qualifying property includes a portion of a structure, building, installation, excavation, machine, equipment, or device, and any attachment to, or addition to, or reconstruction, replacement, or improvement of that property.

Amounts that qualify for the credit must be includible in the taxpayer's adjusted basis for the property. The adjusted basis of any property for which the taxpayer has claimed a credit must be reduced by the amount of credit claimed for that property.

If the allowable tax credit exceeds the taxes otherwise due or, if there are no taxes due, the amount of the credit not used to offset taxes may be carried forward for not more than five taxable years as a credit against subsequent years' income tax liabilities.

Specific Instructions
Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Include the completed form with the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, an exempt organization with UBTI, an S corporation, or a partnership is the taxpayer's employer identification number. The TIN for an individual is the taxpayer's Social Security Number or an Internal Revenue Service individual taxpayer identification number. Taxpayers that fail to include their TIN may be subject to a penalty.

However, the share of an S corporation owned by a grantor trust that is disregarded for federal income tax purposes is treated as owned by the grantor. ** General Instructions **

*Arizona Revised Statutes (A.R.S.) §§ 43-1089.02 and 43-1181 provide nonrefundable individual and corporate income tax credits for the donation of real property and improvements to an Arizona school district or Arizona charter school for use as a school or as a site for the construction of a school.*

To qualify for the credit:

- The real property and improvements must be located in Arizona.
- The donor must convey the real property and improvements unencumbered and in fee simple, except that there must be a deed restriction and protective covenant related to the use of the property.
- The value of the donated property must be determined by an appraisal as defined in *A.R.S. § 32-3601* that is conducted by an independent party and is paid for by the donee.
- The conveyance shall not violate the provisions of *A.R.S. §§ 15-341(D) or 15-183(U).*
- The donor must record the appropriate lien on the property donated to an Arizona charter school. The tax credit constitutes a lien on the property. The lien is the amount of the allowable tax credit adjusted by the gross domestic product (GDP) price deflator, as defined in *A.R.S. § 41-563,* with a maximum of 12.5% over the allowable tax credit.
- An Arizona school district shall not accept the donation unless the school facilities board has reviewed the proposed donation and has issued a written determination that the real property and improvements are suitable as a school site or as a school.

On written request of the donee, the donor must disclose in writing to the donee the amount of the allowable tax credit for the property received by the donee.

The tax credit is in lieu of a deduction in the computation of Arizona gross income for the donation of the property for which the credit is claimed. **CORPORATE TAXPAYERS:** An addition to Arizona gross income is required for the amount of the deduction included in the computation of federal taxable income. **INDIVIDUAL TAXPAYERS:** The taxpayer cannot claim both the tax credit and an itemized deduction for the donation of a school site. If the taxpayer claims the credit and itemizes deductions on the Arizona return, the taxpayer must exclude the amount of the charitable deduction otherwise allowed for the donation of the school site.

For example, a taxpayer that donates a $2,000,000 property would receive a credit of $600,000 ($2,000,000 x 30%). If the taxpayer is a corporation, the addition to Arizona gross income would be $2,000,000. If the taxpayer is an individual that itemizes deductions, then the charitable contribution deduction must exclude the $2,000,000 donation.

Co-owners of a business, including partners in a partnership and shareholders of an S corporation, may each claim only the pro rata share of the credit allowed based on the ownership interest. The total of the credits allowed all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

The credit is available to an exempt organization that is subject to corporate income tax on unrelated business taxable income (UBTI). The credit must result from the activities that generate UBTI.

If the allowable tax credit exceeds the taxes otherwise due or, if there are no taxes due, the amount of the credit not used to offset taxes may be carried forward for not more than five taxable years as a credit against subsequent years’ income tax liabilities.

This form is for donations of real property only (real estate). Do not use this form for cash donations to schools. Credits for those donations should be claimed on Form 322. Do not use this form for cash donations to school tuition organizations. Credits for those donations should be claimed on Form 323 or Form 348 for individuals; or claimed on Form 335 or Form 341 for corporations.

** Specific Instructions **

In general, a qualified healthy forest enterprise is a business operation that enhances or sustains forest health, sustains or recovers watershed or improves public safety. A qualified healthy forest enterprise must be primarily engaged in the business of harvesting, transporting or processing of qualifying forest products for commercial use. To obtain information regarding additional criteria for qualification, contact Commerce using the contact information shown above.

The credits are based on the net increase in the number of qualified employment positions created and filled by a business operating a healthy forest enterprise.

The employment credit is computed using the wages of qualified employees of the business and the net increase in the number of qualified employment positions.

The training credit is based on the net cost to the taxpayer of training and certifying a new employee in a qualified employment position, but not more than $3,000 in each of the first three years of employment.

Positions occupied by employees that meet the following criteria are considered qualified employment positions.

- If a qualified employment position is filled during the last ninety days of the taxable year, it is considered a new qualified employment position for the next taxable year.
- A newly created position is a qualified employment position on the date that it meets all of the requirements for a qualified employment position.

**EMPLEYES IN QUALIFIED POSITIONS**

- Must be Arizona residents on their hire date.
- Must be permanent, full-time employees in positions that require at least 1,550 hours per year. The 1,550 hour requirement does not include overtime hours. If forest closures or weather conditions beyond the taxpayer’s control result in a shorter period, this would not disqualify the employee so long as the position is still permanent and full-time, and all other qualifications are met.
- Must have duties that primarily involve or directly support the harvesting, transporting or processing of qualifying forest products for commercial use.
- Must be compensated at wages equal to or greater than the wage offer of the county, as computed annually by the Arizona Department of Economic Security research administration division.
- Cannot have been employed by the business within the twelve months preceding their hire date.
- Must have been employed for at least ninety days during the first taxable year. An employee who is hired during the last ninety days of the taxable year shall be considered a new employee during the following taxable year.
- Must have employer-provided health insurance coverage, a portion of which must be paid for by the employer. The employer must pay for at least twenty-five percent of the premium or membership cost of the insurance program in the third year the employer claims the credit for healthy forest enterprises. The employer must pay at least forty percent of this cost in the fourth year it claims the credit, and at least fifty percent of the cost in the fifth year it claims the credit.
Calculating the Credits

The number of qualified employment positions on which the credits can be computed cannot exceed 200 per year per taxpayer. For example, if a taxpayer has several healthy forest enterprises, the taxpayer would add up the net increase in qualified employment positions for all enterprises and compute the credit on that number, or 200, whichever is the lesser amount. Therefore, although a taxpayer may have more than 200 filled qualified employment positions, the taxpayer must select which of those positions should be used for computing the credits. The same employees who are used to compute the first year credit are used to compute the second and third year credits.

If the net increase is being computed for a group of corporations filing a combined or consolidated Arizona corporate income tax return, that group is considered a single taxpayer and therefore entitled to use no more than 200 positions for its credit calculations. Co-owners of the same enterprise(s) are similarly limited to the lesser of the net increase in qualified employment positions or 200. Each co-owner would get a pro rata share of the credits.

The number of qualified employment positions determined in the first year will never increase in the second or third year. Only the same positions that were qualified in the first year can be used to compute the credits in the two subsequent tax years.

Employment Credit for Healthy Forest Enterprises

Once the taxpayer has determined which employees it will use to compute the employment credit, the credit amount allowed per employee is applied. Only employee wages incurred during the period the taxpayer has been certified may be used for this calculation. The credit amount per employee depends on the employee’s year of employment, as follows.

First year employees: The lesser of $500 or one-fourth of the taxable wages paid to an employee in a qualified employment position in the first year or partial year of employment.

Second year employees: The lesser of $1,000 or one-third of the taxable wages paid to an employee in a qualified employment position in the second year of continuous employment.

Third year employees: The lesser of $1,500 or one-half of the taxable wages paid to an employee in a qualified employment position in the third year of continuous employment.

Training Credit for Healthy Forest Enterprises

Once the taxpayer has determined which employees it will use to compute the training credit, the credit amount allowed per employee is applied. Only the net cost to the taxpayer of training and certifying the new employee incurred during the period the taxpayer has been certified may be used for this calculation. The credit amount per employee is the net cost to the taxpayer of training and certifying the employee, but not to exceed $3,000 in each of the first three years of employment.

Specific Instructions

Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Include all supporting forms with the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, an exempt organization with UBTI, an S corporation, or a partnership is the taxpayer's employer identification number. The TIN for an individual is the taxpayer's Social Security Number or an Internal Revenue Service individual taxpayer identification number. Taxpayers that fail to include their TIN may be subject to a penalty.

Part 1 - Healthy Forest Enterprises Information

| NOTE: Taxpayers claiming only a pass through of this credit from Form 332-P and/or Form 332-S and are claiming: |
| - The Employment Credit, skip to Part 5, line 17, column (d). |
| - The Training Credit, Skip to Part 6, line 22, column (b). |

Lines 1 and 2 -

Enter the name and TIN of the healthy forest enterprise. For a corporation, an exempt organization with UBTI, a partnership, or an S corporation, use the taxpayer's employer identification number.

Line 3 -

Reserved for future use.

Lines 4 and 5 -

Check only one box on each line to answer each of the questions line 4 and line 5.

Part 2 - Average Number of Full-Time Employees

Use these lines to calculate the difference in the average number of full-time employees that worked for the healthy forest enterprise in this taxable year and the average for the immediately preceding taxable year. The following worksheet can be helpful in figuring the average. The column for each year corresponds to line 6 and line 7 on page 1 of Form 332.

On lines 1 through 12 of the worksheet, enter the number of full-time employees employed at the end of each month of the year indicated. If the enterprise was not in operation in the immediately preceding taxable year, that year’s average is zero. Once the worksheet is completed, enter the amounts on page 1 of Form 332.

During 2015, A was notified by the department it was subject to a recapture of 60% of the credit claimed, or $900.

A completes Part 11 of its Form 332 and finds that line 47 is **positive**. This means A still has a carryover of the employment credit in the amount of $600.

At the end of taxable year 2015, A had an available employment credit carryover amount of $1,500, shown on the schedule below (from Part 13 of its 2015 taxable year Form 332):

You may claim this credit only once in any taxable year with respect to each employee who is placed on active duty by the Arizona National Guard. However, you may claim the credit again for that employee in a subsequent year if that employee remains on active duty or is placed again on active duty in a subsequent taxable year.

If the allowable credit exceeds your income tax liability, you may carry over any unused amount for the next five consecutive taxable years.

**General Information**

*Arizona Revised Statutes (A.R.S.) § 43-1183* provides a nonrefundable corporate income tax credit for contributions made to a school tuition organization (STO), authorized to receive corporate donations, that provides scholarships or grants to qualified schools. This credit must be pre-approved by the Arizona Department of Revenue. STO must be certified pursuant to Chapter 15 of Title 43 at the time of donation.

Contributions designated for the direct benefit of a specific student will not qualify for the credit.

This credit is in lieu of any deduction taken under Internal Revenue Code § 170 for state tax purposes.

A taxpayer cannot claim this credit and the credit claimed on Arizona Form 341 (see A.R.S. § 43-1184) for the same contribution.

The tax credit is equal to the amount the department has preapproved, if the taxpayer has made that amount of contribution to the STO within twenty days of when the STO notified the taxpayer of the preapproval.

The tax credit is available to corporate taxpayers, corporate partners, exempt organizations subject to corporate income tax on unrelated business income (UBTI), or S corporation individual shareholders.

- A partnership may pass this credit through only to its corporate partners, each of which may claim a pro-rata share of the credit based on their ownership interest.
- An exempt organization may utilize this credit only if it results from activities that generate UBTI.
- An S corporation may claim this credit against income Arizona is taxing at the corporate level, or it may make an irrevocable election to pass this credit through to its individual shareholders.
- Each individual shareholder may claim only a pro-rata share of the credit based on the individual’s ownership interest in the S corporation.
- Any pro-rata shares that would be distributed to non-eligible partners (individual partners in a partnership), or estates or trusts (shareholders in an S corporation) is lost.
- The total of the credits allowed to all owners may not exceed the amount that would have been allowed to a sole owner of the business.

If the allowable tax credit exceeds the taxes otherwise due, or if there are no taxes due, the amount of the credit not used to offset taxes may be carried forward for not more than five consecutive taxable years as a credit against subsequent years' income tax liability.

**Claiming the Credit**

This credit must be pre-approved by the Arizona Department of Revenue before it can be claimed. The process for obtaining pre-approval for the credit is available on our website: www.azdor.gov, click on “Tax Credits”, then click on “Corporate Tuition Tax Credits”.

Before claiming the credit, obtain a copy of the STO’s preapproved application. Include a copy of the preapproved application with Form 335. Failure to do so could result in a disallowance of this credit.

The department will preapprove the credits on a first-come, first-served basis. The preapproval process works as follows:

- Before making the contribution, the taxpayer notifies the STO of the intended amount.
- The STO requests preapproval from the Arizona Department of Revenue.
- The Arizona Department of Revenue preapproves or denies the request within twenty days after it has received the request, and notifies the STO.
- If the request is preapproved, the STO notifies the taxpayer immediately.
- The taxpayer must make the contribution within twenty days of receiving notice from the STO.

**QUALIFIED SCHOOL TUITION ORGANIZATION REQUIREMENTS**

The STO receiving contributions under this program must be certified pursuant to Chapter 15 of Title 43 at the time of donation.

*A listing of certified School Tuition Organizations is available at www.azdor.gov, click on “Tax Credits”, then click on “Corporate Tuition Tax Credits”, and then click on “School Tuition Organizations Certified to Receive Corporate Donations”.

**Completing the Form**

Complete the name and employer identification number section at the top of the form. Indicate the period covered by the taxable year. Include the completed form with the tax return.

NOTE: If the entity passing this credit through has a different tax year-end than the taxpayer, the taxpayer may only claim this credit on its tax return for that year. For example, if the entity passing this credit through has a tax year end of February 2017, claim this credit on the taxpayer's 2017 return.
All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, an exempt organization with UBTI, an S corporation, or a partnership is the taxpayer’s employer identification number. Taxpayers that fail to include their TIN may be subject to a penalty.

General Instructions

NOTE: You must also complete Arizona Form 301, Nonrefundable Individual Tax Credits and Recapture, and include Forms 301 and 335-I with your tax return to claim this credit.

Beginning from and after December 31, 2014, Arizona law allows an individual shareholder to claim a nonrefundable tax credit for the pro rata amount of contributions made by an S Corporation to a school tuition organization.

The S corporation must make an irrevocable election on Arizona Form 335, Credit for Contributions to School Tuition Organization, to pass-through the credit to its individual shareholder(s). The S corporation making the election should give you an Arizona Form 335-S, Credit for Corporate Contributions to School Tuition Organizations - Distribution to Shareholders of an S Corporation, indicating your pro rata share of the available credit for the taxable year. The amount of the allowable credit you may claim is reported on Form 335-S.

An individual shareholder may claim a corporate private school tuition credit passed through from an S corporation even if the individual has already claimed the maximum amount allowed under the two individual private school tuition credits (Arizona Forms 323 and 348). The corporate private school tuition credits passed through from an S corporation are different credits that are not subject to the limitations under the two individual private school tuition credits.

NOTE: Individual Shareholders of an S Corporation with a Fiscal Year-End - If you file your tax return on a calendar year basis, but the corporation files a return for a fiscal year, claim the credit on your tax return for the year in which the corporation’s fiscal year ends. For example, if the corporation’s tax year ends in February 2017, claim the credit on your 2017 tax return.

Co-owners of the S Corporation may each claim the pro rata share of the credit allowed based on the taxpayers ownership interest. The total of the credits allowed all owners of the corporation may not exceed the amount that would have been allowed a sole owner of the business.

If the allowable tax credit exceeds the taxes otherwise due, or if there are no taxes due, you may carry the unused credit forward for a period not to exceed the next five consecutive taxable years’ income tax liability.

You cannot claim both a tax credit and an Arizona itemized deduction for the amount of contributions made to a school tuition organization for which you are claiming a credit.

NOTE: This tax credit is not allowed if the S corporation or a shareholder designates the contribution to the school tuition organization for the direct benefit of any dependent of a shareholder of the corporation claiming a credit under this section or if the corporation or a shareholder designates a student beneficiary as a condition of the contribution to the school tuition organization.

The tax credit is not allowed if the S corporation or a shareholder, with the intent to benefit a shareholder's dependent, agrees with one or more other taxpayers to designate reciprocal contributions to school tuition organizations for the direct benefit of the other taxpayer's dependent.

Specific Instructions

Type or print your name and taxpayer identification number number section at the top of the form. Indicate the period covered by the taxable year. Include the completed form with the income tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for an individual is the taxpayer's Social Security Number (SSN) or an Internal Revenue Service (IRS) individual taxpayer identification number (ITIN). Taxpayers that fail to include their identification number may be subject to a penalty.

If the allowable tax credit is more than the tax, the taxpayer may carry the unused credit forward for up to the next 5 consecutive tax years.

Who May Claim This Credit
This credit is available to individuals, corporations and S corporations. A partnership may pass the credit through to its partners. An S corporation may pass the credit through to its shareholders.

This credit is also available to an exempt organization that is subject to corporate income tax on unrelated business taxable income (UBTI). The credit must result from the activities that generate UBTI.

The taxpayer, including a tax exempt organization that would otherwise qualify for the credit, may elect to transfer the credit to the third party that financed, installed, or manufactured the solar energy device. All taxpayers, including a tax exempt organization that elects to transfer the credit to a third party, must complete Arizona Form 336 to make this election.

Tax Exempt Organizations
A tax exempt organization, filing only Form 99, and is transferring this credit to a third party must complete Parts 1, 2 and 4 of Form 336. The tax exempt organization must furnish each taxpayer, to whom it transfers a credit, a completed copy of Form 336 (Parts 1 through 4, only). The exempt organization must mail a copy of the completed Form 336 to:
Office of Economic Research and Analysis
Arizona Department of Revenue
PO Box 29099
Phoenix, AZ  85038-9099

NOTE: An exempt organization must mail a copy of the completed Form 336 to the above address regardless of whether the organization is required to file Arizona Form 99.

A tax exempt organization with UBTI, and filing Arizona Form 99T, should do the following:
• Whether or not the credit is claimed by the exempt organization with UBTI, or is transferred by the exempt organization with UBTI to a third party, include the completed Form 336 with the Form 99T, when filed.
• Mail a copy of the completed Form 336 to:
Office of Economic Research and Analysis
Arizona Department of Revenue
PO Box 29099
Phoenix, AZ  85038-9099

Credit Eligibility
To be eligible for this credit, the Arizona Commerce Authority (ACA) must have issued the taxpayer a Credit Certificate that includes an identifying number. To obtain a Credit Certificate, the taxpayer must follow the procedures outlined by the ACA. These procedures include the requirement that the taxpayer file an application with the ACA so that the ACA can determine whether the project meets the criteria for the purpose of this tax credit.
Once the ACA determines that the project meets the criteria, the ACA will issue an initial certification of the project. To receive a Credit Certificate, the taxpayer must file additional information to the ACA once the installation is complete.

For more information on how to make an application for this credit with the ACA, visit www.azcommerce.com.

**NOTE:** A taxpayer cannot claim this credit without a Credit Certificate issued from the ACA.

### Solar Energy Devices

For the purpose of this credit, a solar energy device means a system or series of mechanisms designed primarily to:

- provide heating,
- provide cooling,
- produce electrical power,
- produce mechanical power,
- provide solar day lighting, or
- provide any combination of the foregoing by means of collecting and transferring solar generated energy into such uses either by active or passive means, including wind generator systems that produce electricity.

Solar energy systems may also have the capability of storing solar energy for future use. Passive systems shall clearly be designed as a solar energy device, such as a trombe wall, and not merely as a part of a normal structure, such as a window.

The person who sells or installs the solar energy device must furnish the taxpayer with an accounting of the cost.

### Line-by-Line Instructions

Enter the names and taxpayer identification numbers (TIN) as shown on Arizona Form 99, 99T, 140, 140NR, 140PY, 140X, 120, 120A, 120S, 120X, or 165.

If the taxpayer is an exempt organization that is not required to file Arizona Form 99, enter the organization’s name and employer identification number (EIN).

Fiscal year basis taxpayers must indicate the period covered by the taxable year. Include the completed form with the tax return. Exempt organizations must file this form as noted under the heading titled “Tax Exempt Organizations.”

All returns, statements, and other documents filed with the Department of Revenue (Department) require a taxpayer identification number (TIN). The TIN is either a correct Social Security Number (SSN) or, for a business, the EIN.

Paid tax preparers must also include their TIN on forms where requested. Paid preparers who fail to include their TIN may be subject to a penalty.

Please check the return to be sure that all required identification numbers are accurate and written clearly. Missing, incorrect, or unclear identification numbers may cause delays in processing.

### Part 1 - Eligibility

**Lines 1 and 2 -**

Answer questions 1 and 2. If you answer “NO” to either question 1 or question 2, **STOP**, you do not qualify for this credit. In this case, do not complete Form 336.

### Part 2 - Credit Computation for Installing Qualifying Devices

**Lines 3 through 16 -**

Use lines 3 through 16 to figure your credit for installing one or more solar energy devices for commercial, industrial, or nonresidential purposes on your business property located in Arizona.

If you have installed more than one device on the same building during the same taxable year, complete your own separate schedule for each device installed on that building. The separate schedules should show the information required on lines 5 through 9 for a single device.

Enter the aggregate amount for all devices installed on the same building in the column designated for that building. When you file your return, include your separate schedules and Form 336 with your return.

Exempt organizations must file this form as noted under the heading titled “Tax Exempt Organizations.”

If you have installed devices on more than three buildings, complete an additional schedule. The additional schedule should show the same information that is shown on the form for the first three buildings.

Complete lines 3 through 16 as instructed on the form.

### Part 3 - Allowable Credit Transferred to You as a Third Party

**Lines 17 through 19 -**

Use lines 17 through 19 to claim a credit if you are the third party to which the taxpayer transferred the credit.

The credit may be transferred to you as a third party only if you financed, installed or manufactured the solar energy device.

**Line 17 - Credit Limitation**

The total credit allowed in any given tax year cannot exceed $50,000. Line 17 limits the amount of credit allowed to be claimed in both Part 2 and Part 3 to the $50,000 maximum.

Complete line 17 as instructed on the form.

**Line 18 - Credits Transferred to You as a Third Party**

Enter the amount from Form 336, Part 4, line 24 received from the taxpayer otherwise eligible for the credit.

If more than one taxpayer has transferred a credit to you as the third party, enter the aggregate amount from Part 4, line 24 from all Forms 336 received from the transferors.
Line 19 - Allowable Credit to Third Party
Enter the smaller of line 17 or line 18. This is the amount of credit allowable to you as a third party.

Part 4 - Taxpayer’s Third Party Election
Lines 20 through 25 -
All taxpayers claiming the credit must complete Part 4. The taxpayer must make an irrevocable election either to claim the credit or to transfer the credit to a third party. The credit may be transferred to a third party that financed, installed or manufactured the solar energy device.

If a taxpayer makes the election to transfer the credit to a third party, the taxpayer must transfer the entire credit allowable for that device to the third party. The taxpayer may not use a portion of the credit and also allow the third party to use a portion of the credit.

However, if the taxpayer has installed more than one device, the taxpayer may claim the credit for one device and transfer the credit for the second device to a third party.

The taxpayer must sign the election statement. In the case of a corporation, the election must be signed by one of the officers of the corporation who is also a signatory to the Arizona Form 120, Form 120A or Form 120S.

In the case of a partnership, the election must be signed by a partner who is also a signatory to the Arizona Form 165. In the case of a tax exempt organization, the election must be signed by an officer of the organization.

If you have credits for multiple devices that you are transferring to more than one third party, complete a separate Form 336 for each third party to which you are transferring a credit.

On line 25, enter the total amount of the credit transferred to all third party organizations. If you are transferring the credit to only one third party organization, enter the amount from line 24 on line 25.

The taxpayer must furnish each third party with a copy of the completed Form 336. The third party will use the information from Part 4, line 24 to complete its own Form 336 to claim the credit.

Part 5 - Current Year’s Credit
Lines 26 through 30 -
Complete lines 26 through 30, as instructed on the form, to figure the current year’s credit.

Part 6 - S Corporation Credit Election and Shareholder’s Share of Credit
Lines 31 through 34 -
The S corporation must complete Form 336, Parts 1 through 5. Then the S corporation must also complete Part 6 of Form 336 in order for the S corporation or its shareholders to claim this credit. The S corporation must make an irrevocable election either to claim the credit or to pass the credit through to its shareholders. The election statement must be signed by one of the officers of the S corporation who is also a signatory to the Arizona Form 120S.

If the S corporation elects to pass the credit through to its shareholders, it must complete lines 32 through 34 separately for each shareholder.

Each shareholder may claim only a pro rata share of the credit based on the shareholder’s ownership interest in the S corporation. The S corporation must furnish each shareholder with a copy of the completed Form 336.

Each shareholder must complete Parts 8 and 9.

Part 7 - Partner’s Share of Credit
Lines 35 through 37 -
Partnerships must complete Form 336, Parts 1 through 5. Then complete Part 7, lines 35 through 37, separately for each partner. Each partner may claim only a pro rata share of the credit based on the partner’s ownership interest in the partnership. The partnership must furnish each partner with a copy of the completed Form 336.

Each partner must complete Parts 8 and 9.

Part 8 - Available Credit Carryover
Lines 38 through 43 -
Use Part 8 to figure your total available credit carryover. Use lines 38 through 43 to figure your credit carryover from taxable years 2011 through 2015. Complete lines 38 through 43 if you claimed this credit on a return for one of these years and the credit was more than your tax.

General Instructions

Arizona Revised Statutes § 43-1182 previously provided a nonrefundable corporate income tax credit for the installation of a water conservation system plumbing stub out in each house or dwelling unit constructed by the taxpayer. The houses or dwelling units must be located in Arizona.

The tax credit applied to taxable years beginning from and after December 31, 2006 and ending before January 1, 2012.

NOTE: Calendar year 2011 was the last year to establish a credit for water conservation system plumbing stub outs. Taxpayers with a fiscal year ending in 2012 did not qualify to establish a credit for 2011. Carryovers will be allowed for not more than five consecutive taxable years.

If the allowable tax credit exceeded the taxes otherwise due, or if there are no taxes due, the amount of the credit not used to offset taxes may be carried forward for not more than five consecutive taxable years as a credit against subsequent years’ income tax liability.

Specific Instructions

Complete the name and employer identification number section at the top of the form. Indicate the period covered by the taxable year. Include the completed form with the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation or an S corporation is the taxpayer’s employer identification number. A taxpayer that fails to include its TIN may be subject to a penalty.

Available Credit Carryover

Complete Form 337 only if the allowable credit for prior taxable years exceeded the Arizona income tax liability for those taxable years.

Each corporate partner must complete Form 337 for the computation of the available carryover of the credit passed through by the partnership.

Lines 1 and 2

Enter the taxable year from which you are carrying over the credit in column (a) on line 1. In column (b), enter the credit originally computed for that taxable year. In column (c), enter the amount of the credit from that taxable year which you have already used. Subtract the amount in column (c) from the amount in column (b) and enter the difference column (d). Enter the amount from line 2, column (d) on Form 300, Part 1, line 16, column (b). This is the total available credit which may be applied to the current taxable year’s corporate income tax liability.

Taxable year 2016 is the last year a taxpayer can apply a carryover of this credit.
For the calendar year 2016 or fiscal year beginning \( \text{M, M, D, D, 2, 0, 1, 6} \) and ending \( \text{M, M, D, D, 2, 0, 1, 6} \).

**Qualified Small Business Capital Investment Program**

The ACA administers the Qualified Small Business Capital Investment program. The ACA cannot allocate tax credits exceeding $20 million during the life of the program. Tax credits are authorized on a first come, first served basis. Income tax credits are equal to 30% or 35% of the investment amount and are claimed over a three year period.

To seek a tax credit under this program, you must submit an application for an Authorization of Tax Credits to the ACA. To obtain an Authorization of Tax Credits, you must document that each investment and the small business meet the eligibility requirements. The ACA will issue an Authorization of Tax Credits after determining eligibility of the investor. For more information about this credit, visit the ACA’s website at: www.azcommerce.com.

4. Your tax liability for the taxable year.

There is no carry forward for this credit. You must claim and use this credit on the tax return filed for the taxable year for which you made your donation.

This credit is available only to individuals. Corporations may not claim this credit. A partnership may not pass the credit through to its partners. An S corporation may not pass the credit through to its shareholders.

You cannot claim both a tax credit and an itemized deduction for your donation.

Before you claim this credit, you must have received a receipt from the ADVS. Your receipt must show all of the following:
- your full name and address,
- the last four digits of your Social Security Number (SSN),
- the amount you donated, and
- your donation qualifies for the credit.

**Military Family Relief Fund**

The ADVS administers the Military Family Relief Fund. The fund helps service members and their families faced with unforeseen expenses when a loved one becomes a casualty of war. Your donations to the fund may qualify for this income tax credit. Donations to the fund will qualify for the credit if the total amount donated to the fund during the calendar year has not exceeded one million dollars.

Donations made to the fund once the total donations for the calendar year reach one million dollars will not qualify for the credit. The determination of whether a donation will qualify for the credit is made on a first come, first served basis.

The ADVS will provide you with a receipt that will let you know if your donation qualifies for the credit. The ADVS will also send a copy of that receipt to the Arizona Department of Revenue.
Line-by-Line Instructions

Enter your name and SSN as shown on Arizona Forms 140, 140PY, 140NR, or 140X.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for an individual is the taxpayer’s SSN or an Internal Revenue Service (IRS) individual taxpayer identification number (ITIN). Taxpayers that fail to include their identification number may be subject to a penalty.

**Line 1**

To claim this credit, you must have received a receipt from the ADVS that indicates that your donation qualifies for the credit. Answer the question on line 1.

• If your answer to this question is “No”, STOP, you do not qualify for the credit.
• If your answer to this question is “Yes”, complete lines 2 through 4.

**Line 2**

Enter the amount of qualified donations that you made to the fund during the taxable year. To be a qualified donation, the ADVS must have issued you a receipt that shows that the donation qualifies for the credit.

**Line 3**

Single taxpayers and taxpayers filing as head of household, enter $200. Married taxpayers enter $400.

**Line 4**

Enter the smaller of line 2 or line 3. If you are married filing a separate return, enter 1/2 of the smaller of line 2 or line 3. If you are filing separate returns, you each may claim only 1/2 of the credit that would have been allowed on a joint return (up to a maximum of $200 each).

General Information

Arizona Revised Statutes (A.R.S.) § 43-1184 provides a nonrefundable corporate income tax credit for contributions made to a school tuition organization (STO) authorized to receive corporation donations that provides scholarships or grants to displaced students or students with disabilities. This credit must be pre-approved by the Arizona Department of Revenue. The STO must be certified pursuant to Chapter 15 of Title 43 at the time of donation.

Contributions designated for the direct benefit of a specific student will not qualify for the credit.

This credit is in lieu of any deduction taken under Internal Revenue Code § 170 for state tax purposes.

A taxpayer cannot claim this credit and the credit claimed on Arizona Form 335 (see A.R.S. § 43-1183) for the same contribution.

The tax credit is equal to the amount the department has preapproved, if the taxpayer has made that amount of contribution to the STO within twenty days of when the STO notified the taxpayer of the preapproval.

The tax credit is available only to corporate taxpayers, corporate partners, exempt organizations subject to corporate income tax on unrelated business taxable income (UBTI), or S corporation individual shareholders.

- A partnership may pass this credit through only to its corporate partners, each of which may claim a pro rata share of the credit based on their ownership interest.
- An exempt organization may utilize this credit only if it results from activities that generate UBTI.
- An S corporation may claim this credit against income Arizona is taxing at the corporate level, or it may make an irrevocable election to pass this credit through to its individual shareholders.

To pass this credit through, the S corporation must make minimum contributions of $5,000 to School Tuition Organizations or to School Tuition Organizations for Displaced Students or Students With Disabilities in a tax year beginning after December 31, 2014.

- Each individual shareholder may claim only a pro rata share of the credit based on the individual’s ownership interest in the S corporation.
- Any pro rata shares that would be distributed to non-eligible partners (individual partners in a partnership), or estates or trusts (shareholders in an S corporation) is lost.
- The total of the credits allowed to all owners may not exceed the amount that would have been allowed to a sole owner of the business.

If the allowable tax credit exceeds the taxes otherwise due, or if there are no taxes due, the amount of the credit not used to offset taxes may be carried forward for not more than five consecutive taxable years as a credit against subsequent years' income tax liability.

Claiming the Credit

This credit must be pre-approved by the Arizona Department of Revenue before it can be claimed. The process for obtaining pre-approval for the credit is available on our website: www.azdor.gov, click on “Tax Credits”, then click on “Corporate Tuition Tax Credits”.

Before claiming the credit, obtain a copy of the STO’s preapproved application. Include a copy of the preapproved application with Form 341. Failure to do so could result in a disallowance of this credit.

The department will preapprove the credits on a first-come, first-served basis. The preapproval process works as follows:

- Before making the contribution, the taxpayer notifies the STO of the intended amount.
- The STO requests preapproval from the Arizona Department of Revenue.
- The Arizona Department of Revenue preapproves or denies the request within twenty days after it has received the request, and notifies the STO.
- If the request is preapproved, the STO notifies the taxpayer immediately.
- The taxpayer must make the contribution within twenty days of receiving notice from the STO.

Completing the Form

Complete the name and employer identification number section at the top of the form. Indicate the period covered by the taxable year. Include the completed form with the tax return.
NOTE: If the entity passing this credit through has a different tax year-end than the taxpayer, the taxpayer may only claim this credit on its tax return for that year. For example, if the entity passing this credit through has a tax year end of February 2017, claim this credit on the taxpayer’s 2017 return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, an exempt organization with UBTI, an S corporation, or a partnership is the taxpayer's employer identification number. Taxpayers that fail to include their TIN may be subject to a penalty.

The S corporation must make an irrevocable election on Arizona Form 341, Credit for Contributions to School Tuition Organization for Displaced Students or Students with Disabilities, to pass-through the credit to its individual shareholder(s). The S corporation making the election should give you an Arizona Form 341-S, Credit for Corporate Contributions to School Tuition Organizations for Displaced Students or Students with Disabilities - Distribution to Shareholders of an S corporation, indicating your pro rata share of the available credit for the taxable year. The amount of the allowable credit you may claim is reported on Form 341-S.

An individual shareholder may claim a corporate private school tuition credit passed through from an S corporation even if the individual has already claimed the maximum amount allowed under the two individual private school tuition credits (Arizona Forms 323 and 348). The corporate private school tuition credits passed through from an S corporation are different credits that are not subject to the limitations under the two individual private school tuition credits.

NOTE: Individual Shareholders of an S Corporation with a Fiscal Year-End - If you file your tax return on a calendar year basis, but the corporation files a return for a fiscal year, claim the credit on your tax return for the year in which the corporation's fiscal year ends. For example, if the corporation's tax year ends in February 2017, claim the credit on your 2017 tax return.

Co-owners of the S corporation may each claim the pro rata share of the credit allowed based on the taxpayers ownership interest. The total of the credits allowed all owners of the corporation may not exceed the amount that would have been allowed a sole owner of the business.

If the allowable tax credit exceeds the taxes otherwise due, or if there are no taxes due, you may carry the unused credit forward for a period not to exceed the next five consecutive taxable years’ income tax liability.

You cannot claim both a tax credit and an Arizona itemized deduction for the amount of contributions made to a school tuition organization for which you are claiming a credit.

NOTE: This tax credit is not allowed if the S corporation or a shareholder designates the contribution to the school tuition organization for the direct benefit of any dependent of a shareholder of the corporation claiming a credit under this section or if the corporation or a shareholder designates a student beneficiary as a condition of the contribution to the school tuition organization.

The tax credit is not allowed if the S corporation or a shareholder, with the intent to benefit a shareholder's dependent, agrees with one or more other taxpayers to designate reciprocal contributions to school tuition organizations for the direct benefit of the other taxpayer's dependent.

Specific Instructions

Type or print your name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Include the completed form with the income tax return.

Taxpayers that fail to include their identification number may be subject to a penalty.

General Instructions

Arizona Revised Statutes (A.R.S.) §§ 43-1083.01 and 43-1164.01 provide refundable individual and corporate income tax credits for expanding or locating qualified renewable energy operations in this state. “Renewable energy operations” are limited to manufacturers of, and headquarters for, systems and components that are used or useful in manufacturing renewable energy equipment for the generation, storage, testing and research and development, transmission or distribution of electricity from renewable resources, including specialized crates necessary to package the renewable energy equipment manufactured at the facility. The credit is effective for taxable years beginning from and after December 31, 2009 through December 31, 2019.

The credit is up to 10 percent of the taxpayer’s total capital investment in Arizona. The credit is apportioned and claimed in five equal annual installments in each of five consecutive taxable years.

The credit for renewable energy industry is in lieu of the following credits, with respect to the same employment positions:

- The credit for new employment, claimed on Arizona Form 345; and
- The military reuse zone credit, claimed on Arizona Form 306.

To claim the credit for renewable energy industry, a renewable energy business must apply for and receive pre-approval from the Arizona Commerce Authority (Commerce). Commerce cannot preapprove income tax credits for any one taxpayer in excess of $30 million in any calendar year. Commerce cannot pre-approve income tax credits in excess of $70 million annually between this credit (for Renewable Energy Industry), and the credit for qualified facilities claimed on Arizona Form 349.

Once pre-approval is received, the renewable energy business must incur at least $250,000 in qualifying investment within 12 months of pre-approval.

The tax year of pre-approval determines the "allocation year". The allocation year is the calendar year to which the credit was applied to the annual credit cap.

The renewable energy business must enter into a managed review with Commerce prior to applying for post-approval.

The renewable energy business must obtain post-approval from Commerce prior to claiming the credit. The first fifth of the apportioned credit is claimed on the tax return that includes the post-approval date.

For example, Company A, a renewable energy business, is a calendar year filer. Company A received pre-approval from Commerce for renewable energy operations on March 10, 2014, and received its post-approval on March 16, 2015. Because Company A completed everything necessary to earn the credit in calendar year 2015, the first fifth of the credit must be claimed on the tax return for calendar year 2015.

NOTE: Each fifth of the credit for renewable energy industry must be claimed on a timely filed original income tax return, including extensions. The credit may not be claimed on an amended return. Failing to claim the apportioned credit on a timely filed return will result in loss of the apportioned credit for that taxable year.

The amount of the credit for renewable energy industry a taxpayer may claim can never exceed the amount that is on the post-approval from Commerce.

NOTE: The renewable energy business must submit a copy of the Certification of Qualification (Certification) from Commerce with Form 342 when claiming the credit.

Co-owners of a business, including partners in a partnership and shareholders of an S corporation, may each claim only the pro rata share of the apportioned credit based on ownership interest. The total of the apportioned credits allowed to all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

The credit is available to an exempt organization that is subject to corporate income tax on unrelated business taxable income (UBTI). The credit must result from the activities that generate UBTI.

Credit Recapture

During the pre-approval process with Commerce, the applicant must consent to adjustment or recapture of the income tax credit in the case of noncompliance with A.R.S. § 41-1511.

If, within five taxable years after first receiving the credit for renewable energy industry, the Certification is rescinded by Commerce, the taxpayer is disqualified from the apportioned credits for subsequent taxable years and may be subject to recapture.

On a determination that the taxpayer has committed fraud or relocated outside of this state within five taxable years of first receiving a credit, all credits previously allowed are subject to recapture.

The recapture of the credit is computed by increasing the amount of taxes imposed in the year following the year of termination or revocation by the full amount of all credits previously allowed.

Specific Instructions

Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Include the completed form with the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN),
The TIN for a corporation, an exempt organization with UBTI, an S corporation, or a partnership is the taxpayer's employer identification number. The TIN for an individual is the taxpayer's social security number or an Internal Revenue Service individual taxpayer identification number. A taxpayer that fails to include its TIN may be subject to a penalty.

**Part 1 - Listing of Post-Approved Renewable Energy Operations and Apportioned Credit Amount**

**Lines 1 through 4 -**

In Part 1, list renewable energy operations that Commerce has post-approved and that have apportioned credit amounts that are eligible to be claimed on this year’s tax return. The first fifth of the credits for renewable energy industry is to be claimed on the tax return that includes the post-approval date and must be filed timely, including extensions.

Write the allocation year in column (a)1. The allocation year is the calendar year to which the credit was applied to the annual credit cap. This date will be noted on the post-approval document received from Commerce. Commerce has assigned each operation a priority placement number, which should be the same on both pre-approval and post-approval documents. List this number in column (a)3. Enter the apportioned credit amount per the post-approval document in column (b).

If you do not have enough lines on the form to enter all of the apportioned credits required to be claimed this tax year, include a schedule that shows all of the information Part 1 requires. Enter the total apportioned credit amounts from all included schedules on line 3. Add lines 1 through 3, and enter the total on line 4. This is the total apportioned credit for renewable energy industry for this year.

**Part 2 - Credit Recapture**

**Lines 5 and 6 -**

On line 5, list the date on which the Certification of the renewable energy business was terminated or revoked. On line 6, enter the full amount of apportioned credits previously claimed.

**Part 3 - S Corporation Credit Election and Shareholder’s Share of Credit and Credit Recapture**

**Lines 7 through 11 -**

S corporations must complete this portion of Form 342 in order for the S corporation or its shareholders to claim the credit. The S corporation must make an irrevocable election either to claim this taxable year's apportioned credit or to pass this taxable year's apportioned credit through to its shareholders. The election statement must be signed by one of the officers of the S corporation who is also a signatory to Arizona Form 120S.

If the S corporation elects to pass this year's apportioned credit through to its shareholders, it must first complete Form 342, Part 1, then complete Part 3, lines 8 through 10, separately for each shareholder. Each S corporation shareholder is entitled to only a pro rata share of pass-through credit based on ownership interest in the S corporation. The total of the credits allowed to all shareholders may not exceed the amount that would have been allowed for a sole owner.

If the S corporation has been notified of a credit recapture for a credit it passed through to its shareholders, it must also complete Part 2 and then Part 3, line 11, separately for each shareholder.

The S corporation must furnish each shareholder with a copy of the Certification from Commerce and pages 1 and 2 of Form 342. Each shareholder would then complete Part 5, if applicable, and Part 6.

**Part 4 - Partner’s Share of Credit and Credit Recapture**

**Lines 12 through 15 -**

A partnership must complete Form 342, Part 1, then complete Part 4, lines 12 through 14, separately for each partner.

Each partner is entitled to only a pro rata share of the credit based on the partner’s ownership interest in the partnership. The total of the credits allowed to all partners may not exceed the amount that would have been allowed for a sole owner.

If the partnership has been notified of a credit recapture, it must also complete Part 2 and then Part 4, line 15, separately for each partner.

The partnership must furnish each partner with a copy of the Certification from Commerce and pages 1 and 2 of Form 342. Each partner would then complete Part 5, if applicable, and Part 6.

### General Instructions

**Arizona Revised Statutes §§ 43-1083.02 and 43-1164.03** provide nonrefundable individual and corporate income tax credits for production of electricity by a qualified energy generator that produces electricity using a qualified energy resource.

“Qualified energy generator” means a facility that has at least five megawatts generating capacity, that is located on land in Arizona owned or leased by the taxpayer, that produces electricity using a qualified energy resource and that sells electricity to an unrelated entity, unless the electricity is sold to a public service corporation.

“Qualified energy resource” means a resource that generates electricity through the use of only: solar light, solar heat, wind or biomass.

The qualified energy generator must first produce electricity from and after December 31, 2010, and before January 1, 2021. The credit is effective for taxable years beginning from and after December 31, 2010.

The Department of Revenue (Revenue) will certify credits on a first-come, first-served basis. The entity that holds title to the qualified energy generator must apply between January 2 and January 31 of the year following the calendar year of production. Fiscal year taxpayers will claim the credit on the return for the taxable year in which the calendar year ends.

The amount of total credits Revenue may allow cannot exceed $20 million in any calendar year. The amount of credit per facility is limited to $2 million per calendar year, for up to 10 consecutive calendar years. The amount of the credit is based on electricity produced, the qualified energy resource used, the year of production, and Revenue certification.

Revenue will issue a Certificate of Renewable Energy Production Tax Credit (Certificate) to the applicant if it is certified to claim the tax credit. Each taxpayer must include a copy of the Certificate with the return.

Co-owners of a business, including partners in a partnership and shareholders of an S corporation, may each claim only the pro rata share of the credit allowed based on the ownership interest. The total of the credits allowed all such owners may not exceed the amount that would have been allowed for a sole owner of the business.
statement must be signed by one of the officers of the S corporation who is also a signatory to Arizona Form 120S. If the S corporation elects to claim the credit itself, it can skip lines 8 through 12 and complete Part 4 and Part 5.

**Lines 8 through 12** -
If an S corporation elects to pass the credit through to its shareholders, it must also complete lines 8 through 10. If the S corporation received a Certificate from Revenue, it must also complete line 11. If the S corporation received a credit passed through from a partnership, and the partnership received a Certificate from Revenue, the S corporation must also complete line 12.

General Instructions
Arizona Revised Statutes (A.R.S.) §§ 43-1085.01 and 43-1164.02 provide nonrefundable individual and corporate income tax credits for increased research activities related to solar liquid fuel.

"Solar liquid fuel" means liquid fuel that is generated through processes that use sunlight, carbon dioxide and water to produce infrastructure-compatible liquid hydrocarbon fuels. This credit is available to individuals, corporations, S corporations claiming the credit at the corporate level, and exempt organizations subject to tax on unrelated business taxable income (UBTI). For exempt organizations to claim this credit, the credit must result from activities that generate the UBTI.

Co-owners of a business, including partners in a partnership and shareholders of an S corporation, may each claim only the pro rata share of the credit allowed based on the ownership interest. The total of the credits allowed all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

There is no carry forward for the solar liquid fuel credit. This credit must be used on the tax return filed for the taxable year in which the research was conducted.

This credit is composed of three parts:
1. A credit for increased research and development activity related to solar liquid fuel.
2. A credit for the production of solar liquid fuel in Arizona in commercial quantities.
3. A credit for costs incurred during the taxable year to convert or modify existing motor vehicle service stations for the retail sale of solar liquid fuel to customers.

Increased Research and Development Activity Related to Solar Liquid Fuel
- This credit is equal to 40 percent (.40) of the amount exceeding the excess, if any, of the qualified research expenses over the base amount defined in section 41(c) of the Internal Revenue Code (IRC).
- Claiming this credit is in lieu of the following credits, with respect to the same expenses:

Production of Solar Liquid Fuel
- Solar liquid fuel must be produced in commercial quantities in Arizona.
- The credit is equal to eleven cents ($0.11) per one hundred thousand (100,000) British Thermal Units (BTUs) of fuel produced in this state in the taxable year.

Converting or Modifying Existing Motor Vehicle Service Stations (Delivery)
- The credit is allowed for costs incurred during the taxable year to convert or modify existing motor vehicle fuel service stations for the retail sale of solar liquid fuel to customers.
- The credit is equal to 30 percent (.30) of the cost of conversion or modification, but not more than twenty thousand dollars ($20,000) per taxable year per service station.

Specific Instructions
Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Include the completed form with the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, an exempt organization with UBTI, an S corporation or a partnership is the taxpayer’s employer identification number. The TIN for an individual is the taxpayer's social security number or an Internal Revenue Service individual taxpayer identification number. Taxpayers that fail to include their TIN may be subject to a penalty.

Part 1 - Calculation of the Credit

Increased Research and Development Activity Related to Solar Liquid Fuel

Line 1 -
Enter total wages paid or incurred for qualified services performed in Arizona. Do not include the amount of wages...
paid to employees that were used in the calculation of the federal work opportunity credit.

**NOTE:** Wages include any wages paid or incurred to an employee for qualified services performed in Arizona.

Qualified services are: (1) engaging in qualified research related to solar liquid fuel; or, (2) engaging in the direct supervision, or the direct support of research activities related to solar liquid fuel conducted in Arizona that are defined as qualified research.

**Line 2 -**
Enter the cost of supplies paid or incurred for use in conducting qualified research in Arizona. Supplies include expenditures for any tangible property other than land or improvements to land, and property that can be depreciated.

**Line 3 -**
Enter the amount paid or incurred to rent or lease the right to use computers in conducting qualified research in Arizona.

**Line 4 -**
Enter the total of:

(a) Seventy-five percent (.75) of any amount paid or incurred for qualified research performed in Arizona by a qualified research consortium on the taxpayer's behalf. "Qualified research consortium" is any qualifying organization as defined in IRC § 41(b)(3)(C)(ii).

(b) Sixty-five percent (.65) of any amount paid or incurred for qualified research performed in Arizona on the taxpayer's behalf, other than such amounts paid to a qualified research consortium. Prepaid contract research expenses are considered paid in the year the research is actually done.

**Line 5 -**
Add lines 1 through 4. Enter the total.

**Line 6 -**
Enter the amount of expenses included on lines 1 through 4 that are related to solar liquid fuel that will be claimed on Arizona Form 308, Arizona Form 308-I or Arizona Form 346. The solar liquid fuel credit is in lieu of the se credits with respect to the same expenses.

**Line 7 -**
Subtract line 6 from line 5. Enter the difference.

**Line 8 -**
Enter the average annual Arizona gross receipts for the four taxable years preceding the taxable year for which the credit is being determined (the credit year). The taxpayer may be required to annualize gross receipts for any short taxable year.

If 2016 is the first year the taxpayer is in business, the average annual Arizona gross receipts for the preceding taxable years is zero. If the taxpayer has been in business in Arizona for less than four taxable years prior to the credit year, then the average is the sum of annual Arizona gross receipts of the applicable period, divided by the number of taxable years.

Example: ABC Corporation began business in Arizona in 2014. Its annual Arizona gross receipts for 2014 were $100,000. Its annual Arizona gross receipts for 2015 were $200,000. Therefore, ABC Corporation’s average annual Arizona gross receipts for the 2016 credit year is $150,000 ([$100,000 plus $200,000] divided by 2).

**Line 9 -**
**Fixed base percentage**
Use the same type of formulas to compute your fixed-base percentage for Arizona as you would for computing your federal fixed-base percentage. The difference is that you use Arizona qualified research expense and gross receipts amounts instead of federal amounts. Other than that, the calculations are the same. Round off the percentage to the nearest one, one hundredth of one percent (four decimal places).

If the percentage computation involves de minimis amounts of gross receipts and qualified expenses in a taxable year or short taxable years are involved, the amounts may be annualized or disregarded. Refer to IRC §§ 41(c)(3) and 41(f)(4) for details.

**Existing firms and start-up companies**
Arizona’s definition of whether an organization is an existing firm or a start-up company is also the same as federal, except on an Arizona basis:

- **Existing firms** - An existing firm is one that had both Arizona gross receipts and Arizona qualified research expenses for at least three taxable years beginning after December 31, 1983, and before January 1, 1989. The fixed-base percentage is the ratio that the aggregate Arizona qualified research expenses for all taxable years beginning after 1983 and before 1989, bears to the aggregate Arizona gross receipts for such taxable years.

- **Start-up companies** - A start-up company is one that had both Arizona gross receipts and Arizona qualified research expenses either (1) for the first time in a taxable year beginning after December 31, 1983, or (2) for fewer than three taxable years beginning after 1983 and before 1989.

If the percentage computation involves de minimis amounts of gross receipts and qualified expenses in a taxable year or short taxable years are involved, the amounts may be annualized or disregarded. Refer to IRC §§ 41(c)(3) and 41(f)(4) for details.

**NOTE:** The maximum percentage that can be entered on line 9 is 16 percent (.1600).

**Line 10 -**
Multiply the amount on line 8 by the percentage on line 9. Enter the result. This is the base amount.

**Line 11 –**
If line 7 is greater than line 10, subtract line 10 from line 7. Enter the result. If line 10 is greater than line 7, enter “0”.

**Line 12 -**
Multiply line 7 by 50% (.50). The base amount cannot be less than 50 percent of the current year qualified research expenses. This rule applies to both existing and start-up companies.

**Line 13 -**
Enter the lesser of line 11 or line 12.
Line 14 -
Multiply the amount on line 13 by 40 percent (.40). Enter the result.

Arizona Revised Statutes (A.R.S.) §§ 43-1074 and 43-1161 provide nonrefundable individual and corporate income tax credits for net increases in qualified employment positions in Arizona at a business location in Arizona. This credit applies to taxable years beginning from and after June 30, 2011. No more than 10,000 first year qualified positions for all taxpayers shall be allowed annually. The 10,000 qualified position cap is administered by the Arizona Commerce Authority (Commerce).

Note for Form 120 filers: Taxpayers filing on a combined or consolidated basis are considered to be a single taxpayer for the purposes of the credit for new employment.

If the documents required to be filed with Commerce or the Arizona Department of Revenue (Revenue) are not timely filed or contain materially false information, the taxpayer is ineligible for the credit for new employment (including second and third year credits, and carryovers) and is subject to recovery of the amount of tax credits allowed in preceding taxable years based on the false information, plus penalties and interest.

The credit for new employment is in lieu of the following credits, with respect to the same employment positions:
• The military reuse zone credit, claimed on Arizona Form 306;  
• The employment credit for healthy forest enterprises, claimed on Arizona Form 332; and  
• The credit for renewable energy industry, claimed on Arizona Form 342.

To qualify for the credit for new employment, the owner must either:
• Invest at least $5 million of capital investment and create at least 25 new qualified employment positions within the exterior boundaries of a city or town in Arizona that has a population of fifty thousand and that is located in a county that has a population of eight hundred thousand persons or more.

General Instructions

The job duties are performed primarily at the location or locations of the business in Arizona.

The employment provides health insurance coverage for the employee where the employer pays 65% of the premium or membership cost.

The employer pays at least equal to the median wage by county as computed annually by Commerce.

The credit for new employment for qualified employment positions is equal to:
• $3,000 for each Arizona employee in a qualified employment position in the first year or partial year of employment.
• $3,000 for each Arizona employee in a qualified employment position for the full taxable year, in the second year of continuous employment.
• $3,000 for each Arizona employee in a qualified employment position for the full taxable year, in the third year of continuous employment.

The credit is limited to 400 first year employees, per taxpayer, in any taxable year beginning from and after June 30, 2011, through December 31, 2012. The credit is allowed for second and third year employees only for qualified employment positions for which a credit was claimed and allowed in the first year.

NOTE: For taxable years beginning from and after December 31, 2013, if a full-time employee in a qualified employment position left during the second or third taxable year that a credit for that position is being claimed, the employee may be replaced with another new full-time employee in the same employment position and the new employee will be treated as being in their second or third full year of continuous employment if (1) the total time the qualified employment position was vacant from the date the position was originally filled to the end of the current tax year totals 90 days or less, and (2) the new employee meets all of the same requirements as the original employee was required to meet. However, only one credit can be claimed for one employee for each qualified employment position, even if there was more than one replacement for the same position during the taxable year.

If the allowable tax credit exceeds the taxes otherwise due on the claimant’s income, or if there are no taxes due, the amount of the credit not used to offset taxes may be carried forward for not more than five taxable years as a credit against subsequent years’ income tax liabilities.

Co-owners of a business, including partners in a partnership and shareholders of an S corporation, may each claim only the pro rata share of the credit allowed based on the
ownership interest. The total of the credits allowed all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

The credit is available to an exempt organization that is subject to corporate income tax on unrelated business taxable income (UBTI). The credit must result from the activities that generate UBTI.

**Reporting requirements:** Include a copy of the Certification received from Commerce stating that the taxpayer timely complied with the reporting requirements for that agency and indicating the number of positions certified for the taxable year. A taxpayer must timely comply with the reporting requirements of both Revenue and Commerce in order to claim the credit. Do not use the 2016 Forms 345 and 345-1 to claim the credit for new employment for prior taxable years.

**Aggregate summary:** Complete one Form 345, 345-1, and 345-2 for each business location. Taxpayers having multiple business locations must complete an aggregated summary Form 345. Do not complete aggregate summaries of Forms 345-1 and 345-2.

Taxpayers filing an aggregated Form 345 do NOT need to complete Part 1 - Business Information. Include the Forms 344, 345-1, and 345-2 for each business location with the aggregated Form 345.

### Specific Instructions

Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Include the completed form and all supporting documentation with the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, an exempt organization with UBTI, an S corporation, or a partnership is the taxpayer's employer identification number. The TIN for an individual is the taxpayer's social security number or an Internal Revenue Service individual taxpayer identification number. Taxpayers that fail to include their taxpayer identification number may be subject to a penalty.

---

**FORM 345-1**

Complete a Form 345-1 for each employee at the business location, WHETHER OR NOT THE EMPLOYEE IS IN A QUALIFIED EMPLOYMENT POSITION.

**NOTE:** A.R.S. § 41-1525(D)(1) provides for the information requested in the Form 345-1 to be submitted in a form prescribed by Revenue and may include electronic media. Revenue will accept a hard copy spreadsheet that contains all the requested information or the information may be submitted on electronic media as a Microsoft Excel spreadsheet on a CD-ROM or DVD. The chosen media must be Microsoft Windows compatible.

Regardless of the form, the information must be filed on or before the due date of the tax return including any extensions. Taxpayers submitting the information on CD-ROM or DVD should secure the CD-ROM or DVD in a hard case and include it with the tax return. Forms 345-1 submitted on CD-ROM or DVD are part of the income tax return and are subject to the sworn statement on the return that they are true and correct to the best of the signer’s knowledge and belief.

The CD-ROM or DVD should be labeled as Form 345-1 with the taxpayer’s name, employer identification number, and taxable year.

Taxpayers may password protect the CD-ROM or DVD and email the password separately to MediaLibrarian@azdor.gov. Include “Form 345-1” in the subject line of the email. In the body of the email, include the same information that is on the CD-ROM or DVD label. Revenue will not return or copy any media.

**CAUTION:** The taxpayer substitutes the CD-ROM or DVD at its own risk and understands that the information may need to be provided to Revenue again at a later date if it is not accessible by Revenue for any reason.

**NOTE:** For taxable years beginning from and after December 31, 2013, if a full-time employee in a qualified employment position left during the second or third taxable year that a credit for that position is being claimed, the employee may be replaced with another new full-time employee in the same employment position and the new employee will be treated as being in their second or third full year of continuous employment if (1) the total time the qualified employment position was vacant from the date the position was originally filled to the end of the current tax year totals 90 days or less, and (2) the new employee meets all of the same requirements as the original employee was required to meet. However, only one credit can be claimed for one employee for each qualified employment position, even if there was more than one replacement for the same position during the taxable year. See the example on page 3.

**FORM 345-1, LINE 3a** - Check the applicable box for the credit year that you are claiming a credit for this employee.

**FORM 345-1, LINE 3b** - Check the applicable box to indicate whether this employee is a replacement of another employee.
who left a qualified employment position in the second or third year that you are claiming a credit.

**FORM 345-1, LINE 3c** - If the answer to line 3b is “Yes”, check the applicable box on line 3c to indicate if the total time the position was vacant from the date the employment position was originally filled to the end of the current tax year totals 90 days or less.

**FORM 345-1, LINE 3d** - If the answer to line 3c is “Yes”, enter the name of the replaced employee, his or her social security number, and termination date.

**Example:** ABC Company began operations on January 1, 2014 and hired Employee A, B, and C at a different time period for the same qualified employment position that qualifies for the credit for new employment. ABC Company is a calendar year filer.

**Tax year 2016 (credit year 2):** ABC Company is eligible to claim only one credit for one employee (Employee A, Employee B, OR Employee C) for the same qualified employment position. The total time the position was vacant from the date the position was originally filled to the end of the current taxable year totals 58 days (28 days in February plus 30 days in November), which is less than 90 days.

**Tax year 2017 (credit year 3):** ABC Company is eligible to claim a credit for Employee C.

On line 9b, enter the total amount of the insurance premium or membership cost paid by the employer.

**FORM 345-1, LINES 11a and 11b** - Arizona's statutes do not require that the employee who is claimed in the second and third years of continuous employment be the same employee who was claimed in the first and second years of employment. Therefore, if one of the originally claimed new employees leaves employment, the business can claim the subsequent years’ credits for another employee in a qualified employment position who is in the same year of continuous employment as the departed employee.

If the employee is being substituted for another employee, check the “Yes” box on line 11a, and enter the date of substitution on line 11b.

☐ Claim the additional credit for increased research activities for basic research payments as shown on Part 3, line 11 (for the taxable year mentioned above) at the corporate level;

OR

☐ Pass the additional credit for increased research activities for basic research payments as shown on Part 3, line 11 (for the taxable year mentioned above) through to its shareholders.

S corporations making the election to pass on this credit to its shareholders, complete Form 346-S for each shareholder, and include a copy of this form with your return. Provide a copy of Form 346-S to each shareholder.
General Instructions
Arizona Revised Statutes (A.R.S.) §§ 43-1074.01(A)(1)(c) and 43-1168(A)(1)(d) provide an additional income tax credit for increased research activities for basic research payments made to a university under the jurisdiction of the Arizona Board of Regents.

You may be eligible for this credit if you made cash payments in excess of your base period amount to a qualified Arizona university for research conducted in Arizona.

This credit is available to:
- Individuals,
- Corporations,
- Exempt organizations with unrelated business taxable income (UBTI),
- S corporations using this credit to offset tax incurred at the corporate level,
- S corporations or partnerships may pass the credit through to their shareholders or partners.

NOTE: For an exempt organization to claim this credit against its UBTI, the credit must result from the activities generating UBTI.

Claiming the Credit
To claim this credit, the taxpayer must first apply for certification from the Arizona Commerce Authority (ACA) that the taxpayer’s basic research payments meet the requirements established by statute. Once the taxpayer receives certification from the ACA, the taxpayer then applies to the Arizona Department of Revenue (Revenue) for determination of the amount of the credit the taxpayer is eligible to claim.

Important Information/Credit Summary
- The credit is limited to $10 million in total credits in a calendar year.
- This credit is in addition to the credit for increased research activities:
  - Claimed by corporations on Arizona Form 308;
  - Claimed by individuals on Arizona Form 308-I.
- This tax credit is allowed in an amount computed pursuant to Internal Revenue Code (IRC) § 41(e), except for:
  - Only basic research payments [defined in IRC § 41(e)] which are made to a university under the jurisdiction of the Arizona Board of Regents are included.
  - The taxpayer must make basic research payments during the taxable year to a university under the jurisdiction of the Arizona Board of Regents, for research completed by the same university.
  - The terms “basic research payments” and “qualified organization base period amount” have the same meanings prescribed by IRC § 41(e), without regard to whether the taxpayer is, or is not, a corporation.
  - The amount of the credit is based on the federal regular credit computation method for basic research payments. Taxpayers cannot use the federal alternative credit computation method. The allowable current taxable year credit is 10% of the excess, if any, of the basic research payments over the qualified organization base period amount for the taxable year.
  - If two or more taxpayers, including shareholders of an S corporation and partners in a partnership, share in the eligible expenses, each taxpayer is eligible to receive a proportionate share of the credit.
  - The termination provisions of IRC § 41 do not apply.
  - If the current taxable year’s credit exceeds the taxpayer’s tax liability for the taxable year, the taxpayer may carry forward the unused credit to the next five consecutive taxable years.
  - This credit is in lieu of the credit for solar liquid fuel claimed on Arizona Form 344.
  - This credit is not refundable.

Corporate Taxpayers: If two or more members of a unitary group, or an Arizona affiliated group incur qualifying basic research payments, the individual members of the group are not considered separate taxpayers. When a combined return, or a consolidated return is filed, the unitary group, or the Arizona affiliated group is considered a single taxpayer.

Specific Instructions
Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Include the completed form with the tax return.

Note:
- All returns, statements, or other documents filed with the department must have the taxpayer’s Employer Identification Number (EIN) or taxpayer identification number (TIN) indicated on them.
- Taxpayers who fail to include their EIN or TIN may be subject to a penalty.

Notice to All Taxpayers

NOTE: To claim a current year’s credit on Form 348, you must first claim the maximum current year’s credit allowed on Arizona Form 323, Credit for Contributions to Private School Tuition Organizations. The amount of credit you must claim on Form 323 depends on your filing status. See Form 323 for these amounts.

If you have a carryover amount(s) from a credit claimed on Form 348 from prior tax year(s), you do not have to claim the maximum allowable credit on Form 323 to only use a carryover amount on Form 348. If you are claiming only a carryover amount on Form 348, and are not claiming any current year’s credit on Form 323, submit only Form 348.

For an example of how to calculate the current year credit and carryover credit, if any, see the last page of these instructions.

AZ Form 348 Credit Carryover Amount(s) from Prior Tax Year(s)

If you claimed an allowable credit on Form 348 on your 2012, 2013, 2014 and/or 2015 tax return and your 2012, 2013, 2014 and/or 2015 tax liability was less than your allowable credit; you may have a carryover amount available.

You may use the available credit carryover amount to reduce your 2016 tax liability even if you do not claim a credit on Form 323 for 2016.

General Instructions

Arizona law provides an individual income tax credit for the voluntary cash contributions made to a certified school tuition organization in order to improve education by raising tuition scholarships for children in Arizona.

This credit is available only to individuals. Corporations may not claim this credit. A partnership may not pass the credit through to its partners. An S corporation may not pass the credit through to its shareholders.

The amount of current year’s contributions that may be claimed on Form 348 is computed after the maximum credit is claimed on Form 323 and is based on the excess amount of contributions shown on Form 323, Part 4, line 23.

For 2016, the maximum amount of credit on Form 348 that a taxpayer can establish for the current taxable year is $542 for single taxpayers or heads of household. For married taxpayers that file a joint return, the maximum amount of credit that a taxpayer can establish for the current taxable year is $1,083. In most cases, for married taxpayers who file separate returns, each spouse may claim only one-half (1/2) of the credit that would have been allowed on a joint return.

NOTE: The maximum amount of credit established for the current taxable year does not include any unused valid carryover amount(s) from prior taxable years. Because this is a nonrefundable credit, the total amount of available credit [current year plus any valid carryover amount(s)] that a taxpayer may use for the taxable year cannot be greater than the tax liability shown.

If the allowable tax credit is more than your tax or if you have no tax, you may carry the unused credit forward for up to the next five consecutive taxable years’ income tax liability.

You cannot claim both a tax credit and an itemized deduction for the amount of contributions made to a certified school tuition organization for which you are claiming a credit.

NOTE: The credit eligible contributions made to a certified school tuition organization from January 1, 2017, to April 18, 2017, may be claimed as a tax credit on either your 2016 or 2017 Arizona income tax return.

If you claim this credit in 2016 for a donation made from January 1, 2017, to April 18, 2017, you must make an adjustment on your Arizona Form 140 Schedule A, or Form 140PY Schedule A(PY) or A(PYN); or Form 140NR Schedule A(NR), filed in 2017.

A certified school tuition organization is an organization that meets all of the following.

• The organization is tax exempt under Section 501(c)(3) of the Internal Revenue Code.
• The organization allocates at least 90% of its annual revenue for educational scholarships or tuition grants.
• The organization makes its scholarships or grants available to students of more than one qualified school.
A “qualified school” means a preschool that offers services to students with disabilities, nongovernmental primary or a secondary school that is located in Arizona. The school cannot discriminate on the basis of race, color, handicap, familial status, or national origin and requires all teaching staff and personnel that have unsupervised contact with students to be fingerprinted.

A “qualified school” does not include a charter school or programs operated by a charter school. The primary school must begin with kindergarten and the secondary school must end with grade 12.

In the case of a preschool that offers services to students with disabilities, a “student with disabilities” is a student who has any of the following conditions:
- hearing impairment,
- visual impairment,
- developmental delay,
- preschool severe delay, or
- speech and/or language impairment.

NOTE: The Arizona Department of Revenue is required to certify school tuition organizations. The department maintains a list of currently certified school tuition organizations on its website at www.azdor.gov.

To qualify for the credit, all contributions must be made to a certified school tuition organization. To determine if your contributions made in 2016 and/or 2017, qualify for this credit, you should verify that the school tuition organization you made a contribution to is certified. For a list of school tuition organizations certified to receive donations for the individual income tax credit, see the department’s website.

Your donation to the school tuition organization will not qualify for the credit if you designate the donation for the direct benefit of your dependent.

NOTE: Your donation will also not qualify if you designate a student beneficiary as a condition of your contribution to the school tuition organization. Additionally, the tax credit is not allowed if you agree with another person to designate each other’s contributions to the school tuition organization for the direct benefit of each other’s dependent, a practice commonly known as swapping.

Before claiming this credit, make sure the school tuition organization issues you a receipt for the contributions. The receipt should show all of the following:
- the name and address of the school tuition organization,
- the name of the taxpayer,
- the amount paid, and
- the date paid.

Please keep this receipt with your tax records.

NOTE: You may be able to make credit eligible contributions to a certified school tuition organization through payroll withholding. Check with your employer to see if your employer has agreed to withhold contributions that qualify for this credit from your pay.

**Lines 15 through 20 -**
Use Part 3 to figure your total available credit carryover from taxable years 2012, 2013, 2014 and/or 2015.

Complete lines 15, 16 and 17 to figure your available credit carryover from taxable years 2012, 2013, 2014 and/or 2015, if you claimed the credit on a return for one of these years, and the credit was more than your tax.
- In column (b), enter the credit originally computed for that taxable year listed in column (a).
- In column (c), enter the amount of the credit from that taxable year which you have already used.
- In column (d), subtract the amount in column (c) from column (b) and enter the difference.
- Add the amounts on lines 15 through 17 in column (d). Enter the total on line 20, column (d).

**Part 4 - Total Available Credit**

**Line 21 -**
Enter the amount from Part 2, line 14. Also, enter this amount on Form 301, Part 1, line 30, column (a).

**Line 22 -**
Enter the amount from Part 3, line 20, column (d). Also, enter this amount on Form 301, Part 1, line 30, column (b).

**Line 23 -**
Add line 21 and line 22. Also, enter this amount on Form 301, Part 1, line 30, column (c).

**NOTE:** To claim this credit, you must first claim the maximum credit allowed on Arizona Form 323, Credit for Contributions to Private School Tuition Organizations. The amount of credit you must claim on Form 323 depends on your filing status. See Form 323 for these amounts.

**EXAMPLE:** During 2016, Mary, a single person, gave $1400 to a school tuition organization. Mary’s tax liability for 2016 is $400. Mary claimed the maximum credit amount of $545 allowed on Arizona Form 323.

Since Mary made a contribution that totaled more than the allowable credit on Arizona form 323, she may claim a credit, up to the maximum amount allowed, on Form 348 (for 2016, $542 for single or head or household; or $1,083 for married filing joint.) For 2016, Mary would compute her available current year’s credit for Form 348 as follows:

<table>
<thead>
<tr>
<th>Description</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>2016 total contributions made</td>
<td>$1,400</td>
</tr>
<tr>
<td>Credit claimed on Form 323 for tax year 2016</td>
<td>($545)</td>
</tr>
<tr>
<td>Contributions eligible to use for computing Form 348 credit</td>

</tr>
<tr>
<td>Maximum credit on Form 348 that Mary may claim</td>
<td>$542</td>
</tr>
<tr>
<td>Contributions exceeding the allowable credit.</td>
<td>$313</td>
</tr>
</tbody>
</table>

Once Mary computes her credit, she must then determine how much of that credit may be applied to the current year’s tax and how much, if any, may be carried over to a future year. In this case, Mary has already applied a credit (from Arizona Form 323) against her total tax liability of $400. Therefore, Mary will have a $542 carryover on Form 348 for the next taxable year. Mary will compute her 2016 carryover credit amount as follows:

<table>

<tr>
<th>Description</th>

The business must enter into a managed review with Commerce prior to applying for post-approval. The business must obtain post-approval from Commerce prior to claiming the credit. The first fifth of the apportioned credit is claimed on the tax return that includes the post-approval date. For example, Company A, is a calendar year filer. Company A received pre-approval from Commerce for a qualified facility on March 11, 2015, and received its post-approval on March 14, 2016. Because Company A completed everything necessary to earn the credit in calendar year 2016, the first fifth of the credit must be claimed on the tax return for calendar year 2016.

NOTE: Each fifth of the credit for qualified facilities must be claimed on a timely filed original income tax return, including extensions. If you do not claim this credit on a timely filed original return, you cannot claim this credit on an amended return. **Failing to claim this credit on a timely filed return will result in loss of this credit for that taxable year.**

The amount of the credit for qualified facilities a taxpayer may claim can never exceed the amount indicated on the post-approval from Commerce.

NOTE: The business must submit a copy of the Certification of Qualification (Certification) from Commerce with Form 349 when claiming the credit.

Co-owners of a business, including partners in a partnership and shareholders of an S corporation, may each claim only the pro rata share of the apportioned credit based on ownership interest. The total of the apportioned credits allowed to all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

The credit is available to an exempt organization that is subject to corporate income tax on unrelated business taxable income (UBTI). The credit must result from the activities that generate UBTI.

**Credit Recapture**

During the pre-approval process with Commerce, the applicant must consent to adjustment or recapture of the income tax credit in the case of noncompliance with A.R.S. § 41-1512.

If, within five taxable years after first receiving the credit for qualified facilities, the Certification is rescinded by Commerce, the taxpayer is disqualified from the apportioned credits for subsequent taxable years and may be subject to recapture.

On a determination that the taxpayer has committed fraud or relocated outside of this state within five taxable years of first receiving a credit, all credits previously allowed are subject to recapture.

The recapture of the credit is computed by increasing the amount of taxes imposed in the year following the year of termination or revocation by the full amount of all credits previously allowed.
**Specific Instructions**

Complete the name and taxpayer identification number (TIN) section at the top of the form. Indicate the period covered by the taxable year. Include the completed form with the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, an exempt organization with UBTI, an S corporation, or a partnership is the taxpayer's employer identification number. The TIN for an individual is the taxpayer's social security number or an Internal Revenue Service individual taxpayer identification number. A taxpayer that fails to include its TIN may be subject to a penalty.

If passing the credit through to the shareholders, complete Form 351-S for each individual shareholder.

• Provide a copy of completed Form 351-S to each shareholder.
• File a copy of each completed Form 351-S with your tax return.
• Keep a copy of each completed Form 351-S for your records.

Part 6  Partner’s Share of Credit

• Provide a copy of completed Form 351-P to each partner.
• File a copy of each completed Form 351-P with your tax return.
• Keep a copy of each completed Form 351-P for your records.
To claim this credit, a taxpayer must apply to the Arizona Department of Revenue (Department) for certification. The department reviews and pre-approves the taxpayer for the credit on a first come, first served basis. The maximum amount of this credit a taxpayer can receive is $5,000,000 per tax year. The department may not authorize tax credits under A.R.S. §§ 43-1083.04 and 43-1164.05 that exceed, in the aggregate, a total of $10 million for any calendar year.

The taxpayer must submit a request for final certification to the department within 30 days after the renewable energy facility for which authorization was given becomes operational. The recapture must be made on the taxpayer's income tax return for the taxable year in which it is first known that the required investment would not be made within the required time or the taxable year in which the certification was revoked.

There are two means of qualifying for this credit: (a) as a manufacturing facility (Manufacturer), or, (b) as an International Operations Center (IOC).

To qualify as a Manufacturer, a taxpayer must:
- Invest $300 million in new renewable energy facilities in Arizona
- Those facilities must produce energy for self-consumption using renewable energy resources
- The $300 million investment must be completed within a 3-year period beginning on the date the initial application was received by the Department or by December 31, 2017, whichever is earlier.

To qualify as an IOC, a taxpayer must:
- Invest at least $100 million in one or more renewable energy facilities in Arizona
- The minimum investment of $100 million must be completed within a 3-year period beginning on the date the initial application is received by the Department or by December 31, 2018, whichever is earlier
- Invest $1.25 billion in the IOC within 10 years after being certified by the Arizona Commerce Authority
- The energy produced must be used for self-consumption
- By the fifth year the facility is in operation, at least 51 percent of the energy produced must be used for self-consumption in Arizona

This credit is available to corporate taxpayers, exempt organizations subject to unrelated business taxable income (UBTI), partners in a partnership, members of a limited liability company (LLC), and to shareholders of an S corporation. The total of the credits may not exceed the amount that would have been allowed for a sole owner of the business.

If the current taxable year's credit exceeds the taxpayer’s tax liability for the taxable year, the taxpayer may carry forward the unused credit to the next five consecutive taxable years. No credit, other than carryovers generated properly, may be claimed for any taxable year beginning after December 31, 2025.

Credit Recapture

Manufacturer:
If a taxpayer fails to meet the required investment for a Manufacturer, the taxpayer must cease claiming any credits and recapture any and all credit(s) already claimed.

The recapture must be made on the taxpayer's income tax return for the taxable year in which it is first known that the required investment would not be made within the required time or the taxable year in which the certification was revoked.

International Operations Center:
If an IOC taxpayer fails to make the $1.25 billion investment in the center within the 10 years after certification, this credit is recaptured in inverse proportion to the total capital investment made in the IOC by the $1.25 billion. The recapture must be made on the taxpayer's income tax return for the taxable year in which it is first known that the required investment would not be made within the required time or the taxable year in which the certification was revoked.

IOC Example:
Ten years after its certification, an IOC taxpayer invested $900 million in its center and claimed $25 million for this credit ($5,000,000 per year for 5 years.) The IOC taxpayer will determine its credit recapture by subtracting its total investment...
Arizona Form 351

IOC Example (continued):
($900 million) from the required investment ($1.25 billion) and dividing that amount by the required investment

IOC taxpayer invests $900 million in 10 years.
Required investment amount is $1.25 billion.

Specific Instructions

Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year. Include the completed form and all supporting documentation with the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, an exempt organization with UBTI, an S corporation, or a partnership is the taxpayer's employer identification number. Line 2
Enter the tax year(s) you claimed the credit.

Line 3
Enter the total amount of the credit authorized by the certificate.

Line 5
Enter the amount of credit carryover that remains unused.

Line 15
Subtract line 14 from line 13 and enter the amount.

To determine the amount of credit carryforward you can use, subtract line 13 from line 14. The result is the amount of this credit you can carry forward.

EXAMPLE:
On your Form 351, line 13 is $5,000,000 and line 14 is $4,000,000. If you subtract line 14 from line 13, the result is negative ($1,000,000).

As instructed above, you then subtract line 13, $5,000,000, from line 14, $4,000,000. The result is $1,000,000. This is the amount of this credit you can carry forward.

Line 16
Enter the greater of line 15 or zero. This is the amount of your direct recapture.
NOTE: If you are a partner or shareholder in multiple entities receiving this tax credit, complete a schedule detailing the amount of the credit passed through from each partnership or S corporation, and include that schedule with your tax return.

Line 17
If you received a notice of recapture on Form 351-S or 351-P, check the “Yes” box and include a copy of the form. If you did not, check the “No” box and skip to Part 3.

Line 18
Enter the name and EIN of the partnership or S corporation who sent you the notice or recapture.

Line 22
Subtract line 21 from line 20 and enter the amount.

Is line 22 less than zero?
If you subtract line 21 from line 20 and your result is less than zero, you may be eligible to use a portion of your credit carryforward.

To determine the amount of credit carryforward you can use, subtract line 20 from line 21. The result is the amount of this credit you can carry forward.

EXAMPLE:
On your Form 351, line 21 is $5,000,000 and line 20 is $4,000,000. If you subtract line 21 from line 20, the result is negative ($1,000,000).
As instructed above, you then subtract line 20, $5,000,000, from line 21, $4,000,000. The result is $1,000,000. This is the amount of credit you can carry forward.

Line 23
Enter the greater of line 22 or zero. This is the amount of the credit recapture passed through to you from an S corporation or a partnership.

Line 24

Line 25
Enter the amount of the credit originally computed for the first year you claimed the credit.

Line 26

RECAPTURE OF THIS CREDIT PASSED THROUGH TO SHAREHOLDERS OF AN S CORPORATION

If you passed this credit through to your shareholders in a previous tax year and then received a notice from the Arizona Department of Revenue that your credit is subject to recapture during this year, you must pass the amount(s) subject to recapture through to your shareholders who received the original credit.

This credit was passed through to your shareholders based on their ownership percentage (per year). The recapture amount is based on a percentage of the total credit passed through to all shareholders. You will receive a notice of recapture from the Department indicating the percentage of this credit that is subject to recapture. You must notify your shareholders of their portion of this amount.

To notify your shareholders of their respective amount(s) of this credit that is subject to recapture from them:

A. Determine the amount of credit passed through to each shareholder for all years of the credit.
B. Multiply the amount in A (above) by the recapture percentage (provided by Arizona Department of Revenue).
C. Complete Part 2 of Form 351-S for each shareholder informing him/her of the amount of this credit subject to recapture.

Example:
S Corporation claimed this credit for five years, 1 through 5. Each year, S Corporation claimed the maximum amount, $5M. The total credit claimed was $25M.
During the time S Corporation claimed this credit, it had 5 shareholders:
- Shareholder A owned 20% of S Corporation for each year, 1 through 5
- Shareholder B owned 20% of S Corporation for each year 1 through 5
- Shareholder C owned 20% of S Corporation for years 1 through 3; in year 4, Shareholder C sold his ownership percentage of S Corporation to Shareholder D
- Shareholder D owned 20% of S Corporation for years 1 through 3; for years 4 and 5, Shareholder D owned 40% of Partnership
- Shareholder E owned 20% of Partnership for each year 1 through 5.

During year 7, S Corporation received a notice from the Department indicating 40%, or $10M of its credit is subject to recapture.

Using the 351-S forms it completed for years 1 through 5, S Corporation determined it passed through the following amounts of credits to each of its shareholders for these years:

<table>
<thead>
<tr>
<th>Shareholder</th>
<th>Total Credit Passed Through</th>

<tr>

</tr>
<tr>

</tr>
<tr>

<td>$25,000,000</td>
</tr>
</tbody>
</table>

Multiplying each shareholder’s amount of credit “passed through” by the recapture percentage, 40%, S Corporation determined the credit amount(s) subject to recapture for each shareholder is:

  - Provide each partner with their respective copy of Form 351-P,
  - File a copy of each completed Form 351-P with its tax return, and
  - Keep a copy of each completed Form 351-P for its records.

The partner will then complete its own Form 351 to claim this credit.

NOTE: Each partner is entitled to only a pro rata share of the credit based on the partner’s ownership interest in the partnership. The total of the credit allowed to all partners may not exceed the amount that would have been allowed for a sole owner.

Use this form to determine the amount of the credit to be passed through to each partner.

RECAPTURE OF THIS CREDIT PASSED THROUGH TO PARTNERS OF A PARTNERSHIP

If you passed this credit through to your partners in a previous tax year and then received a notice from the Arizona Department of Revenue that your credit is subject to recapture during this year, you must pass the amount(s) subject to recapture through to your partners that received the credit.

This credit was passed through to your partners based on their ownership percentage (per year). The recapture amount is based on a percentage of the total credit passed through to all partners. You will receive a notice of recapture from the Department indicating the percentage of this credit that is subject to recapture. You must notify your shareholders of their portion of this amount.

To notify your partners of their respective amount(s) of this credit that is subject to recapture from them:

A. Determine the amount of credit passed through to each partner for all years of the credit,
B. Multiply the amount in A (above) by the recapture percentage (provided by Arizona Department of Revenue),
C. Complete Part 2 of Form 351-P for each partner informing him/her of the amount of this credit subject to recapture.

Example:
Partnership claimed this credit for five years, 1 through 5. Each year, Partnership claimed the maximum amount, $5M. The total credit claimed was $25M. During the time Partnership claimed this credit, it had 5 Partners:
- Partner A owned 20% of Partnership for each year, 1 through 5,
- Partner B owned 20% of Partnership for each year 1 through 5,
- Partner C owned 20% of Partnership for years 1 through 3; in year 4, Partner C sold his ownership percentage of Partnership to Partner D,
- Partner D owned 20% of Partnership for years 1 through 3; for years 4 and 5, Partner D owned 40% of Partnership,
- Partner E owned 20% of Partnership for each year 1 through 5.

During year 7, Partnership received a notice from the Department indicating 40%, or $10M of its credit is subject to recapture.

Using the 351-P forms it completed for years 1 through 5, Partnership determined it passed through the following amounts of credits to each of its partners for these years:

<table>
<thead>
<tr>
<th>Partner</th>
<th>Credit Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Partner A</td>
<td>$5,000,000</td>
</tr>
<tr>
<td>Partner B</td>
<td>$5,000,000</td>
</tr>
<tr>
<td>Partner C</td>
<td>$3,000,000</td>
</tr>
<tr>
<td>Partner D</td>
<td>$7,000,000</td>
</tr>
<tr>
<td>Partner E</td>
<td>$5,000,000</td>
</tr>
<tr>
<td>Total Credit</td>
<td>$25,000,000</td>
</tr>
</tbody>
</table>

Multiplying each Partner’s amount of credit “passed through” by the recapture percentage, 40%, Partnership determined the credit amount(s) subject to recapture for each individual Partner is:

<table>

<tr>

<th>Subject to Recapture</th>

NOTE: You must also complete Arizona Form 301. Nonrefundable Individual Tax Credits and Recapture, and include Forms 301 and 352 with your tax return to claim this credit.

For taxable years beginning from and after December 31, 2015, Arizona law provides a separate credit for cash contributions made to qualifying foster care charitable organizations.

CAUTION: Contributions made after December 31, 2015, to a qualifying foster care charitable organization does not qualify for, and cannot be included in, a credit claimed on Arizona Form 321 for cash contributions made to a qualifying charitable organization.
If you made cash contributions to a non-foster care qualifying charitable organization, you must complete Arizona Form 321 to claim a credit for those contributions. Do not use Form 352 to claim a credit for contributions made to non-foster care charitable organizations.

This credit is available only to individuals. Corporations may not claim this credit. A partnership may not pass the credit through to its partners. An S corporation may not pass the credit through to its shareholders.

Beginning 2016, credit eligible contributions made to a qualifying foster care charitable organization from January 1, 2017, through April 18, 2017, may be used as a tax credit on your Arizona Form 140 Schedule A; or Form 140PY Schedule A(PY) or A(PYN); or Form 140NR Schedule A(NR), filed in 2017.

The maximum amount of credit that a taxpayer can establish for the current taxable year for these donations is $500 for single taxpayers or heads of household. For married taxpayers filing a joint return, the maximum amount of credit that a taxpayer can establish for the current taxable year is $1,000. In most cases, for married taxpayers who file separate returns, each spouse may claim only one-half (1/2) of the total credit that would have been allowed on a joint return.

NOTE: The maximum amount of credit established for the current taxable year does not include any unused valid carryover amount(s) from prior taxable years. Because this is a nonrefundable credit, the total amount of available credit [current year plus any valid carryover amount(s)] that a taxpayer may use for the taxable year cannot be greater than the tax liability shown.

If the allowable tax credit is more than your tax or if you have no tax, you may carry the unused credit forward for up to the next five consecutive taxable years’ income tax liability.

You cannot claim both a tax credit and an itemized deduction for the amount of contributions made to a qualifying foster care charitable organization for which you are claiming a credit.

You may qualify for this credit if you make cash contributions to a qualified foster care charity through an Umbrella Charitable Organization (UCO). An UCO is a charitable organization that collects donations on behalf of member charities and directs that donation as designated by the taxpayer to a qualifying foster care charitable organization that is certified by the Department.

In this case, 100% of the donation to a specific qualifying foster care charitable organization or to a specific fund of the UCO must be distributed to a qualifying foster care charitable organization that is certified by the Department.

The UCO will need to provide you with a receipt for your donation that specifies the qualifying foster care charity or fund to whom the donation is designated and certifies that 100% of the donation will be distributed to the named charity. If a fund is designated then the receipt should certify that 100% of the fund is distributed to a qualifying foster care charitable organization that is certified by the Department.

NOTE: You may be able to make contributions to these charities through your payroll withholding. Contact your employer and ask if they can withhold contributions for this credit from your pay.

For more information about this credit, see the department’s publication, Pub 710, Credit for Contributions to Qualifying Charitable Organizations.

What is a Qualifying Foster Care Charitable Organization?
A qualifying foster care charitable organization is a qualifying charitable organization that each operating year provides services to at least two hundred qualified individuals in Arizona. The charity must spend at least 50% of its budget on services to qualified individuals in this state.
"Qualified Individual" means a child placed in a foster home or child welfare agency or a person who is under 21 years of age and who is participating in a transitional independent living program.

"Foster home" means a home maintained by any individual or individuals having the care or control of minor children, other than those related to each other by blood or marriage, or related to such individuals, or who are legal wards of such individuals.

NOTE: For more information on what is a qualifying charitable organization, see the instructions for Form 321.

How Can I Tell if a Charity Qualifies?

In order to qualify, a foster care charity must provide the Department with written certification that it meets the criteria necessary to be considered a qualifying foster care charity.

To see if a particular charity qualifies, visit the department’s website and click on Tax Credits to see a list of the qualifying foster care charities.

Line-by-Line Instructions

Taxpayers that fail to include their identification number may be subject to a penalty.

Fiduciary Filing Return on Arizona Form 140

A personal representative must file a return on Arizona Form 140 if any of the following apply:
- The gross income of a single decedent was $15,000 or more.
- The Arizona adjusted gross income of a single decedent was $5,500 or more.
- The Arizona adjusted gross income of a married decedent for which the representative will file a separate return was $5,500 or more.
- The gross income of a married decedent for which the representative will file a separate return was $15,000 or more.
- The Arizona adjusted gross income of a married decedent and his or her surviving spouse for which a joint return will be filed was $11,000 or more.
- The gross income of a married decedent and his or her surviving spouse for which a joint return will be filed was $15,000 or more.

NOTE: The fiduciary must file a final return for an estate when the fiduciary is requesting a tax certificate required by the probate court. In this case, the fiduciary must file a final return regardless of the estate's income. See instructions for requesting a certificate on page 3.

General Information

Estate

An Arizona resident estate is the estate of a decedent who was a resident of Arizona at the time of death. The starting point for the Arizona income tax computation for a resident estate is the estate’s federal taxable income.

A nonresident estate is an estate that is not a resident estate. The starting point for a nonresident estate is that portion of the estate’s federal taxable income derived from Arizona sources.

Trusts

An Arizona resident trust is a trust of which the fiduciary is a resident of Arizona. If the trust has more than one fiduciary, the trust is a resident trust if at least one of the fiduciaries is a resident of Arizona. If a corporate fiduciary engaged in interstate trust administration is the sole fiduciary of a trust, or is a co-fiduciary with a nonresident, the trust is a resident trust only if the corporate fiduciary conducts the administration of the trust in Arizona. The starting point for the Arizona income tax computation for a resident trust is the trust’s federal taxable income.

A nonresident trust is a trust that is not a resident trust. The starting point for a nonresident trust is that portion of the trust’s federal taxable income derived from Arizona sources.

Who Must File

The fiduciary, or fiduciaries, must file a return for an estate or trust if one of the following applies:
1. The estate or trust has any Arizona taxable income for the tax year.
2. The estate or trust's gross income for the tax year is $5,000 or more, regardless of the amount of the Arizona taxable income.

This also applies to bankruptcy estates.

The fiduciary does not have to file a return if the income does not exceed the amounts shown in items 1 or 2.

NOTE: The fiduciary must file a final return for an estate when the fiduciary is requesting a tax certificate required by the probate court. In this case, the fiduciary must file a final return regardless of the estate's income. See instructions for requesting a certificate on page 3.
For individual filing purposes, gross income is gross income as defined under the Internal Revenue Code (IRC) less income included in gross income that is excluded from Arizona taxation.

For Example: A taxpayer died on June 29, 2016. The decedent had wages of $9,700 and interest income of $920 received through the date of death. The personal representative files a final Arizona Form 140 for the period January 1, 2016, through June 29, 2016. The personal representative notes on the Form 140 that the taxpayer is deceased as of June 29, 2016. The personal representative reports the wage and interest income of $10,620 on the Form 140. The personal representative reports all income that the estate receives from June 30, 2016, forward on the Form 141AZ.

A fiduciary who has charge of the income of an individual must file a return of income on Form 140 if that individual’s income meets the filing requirements. Such fiduciaries include guardians of minors and guardians or committees of legally incompetent persons. Where several fiduciaries exist, a return filed by one of two or more joint fiduciaries is sufficient.

Filing for a Charitable Remainder Trust
Charitable remainder trusts should file on Form 141AZ. The fiduciary should indicate that the return is for a charitable remainder trust by checking the appropriate box on line 6.

The trustee should not enter any numerical figures on the face of the return. Go directly to signature line. The trustee should not complete a Form 141AZ, Schedule K-1, or Schedule K-1(NR) for any of its beneficiaries.

Grantor Trusts
Grantor trusts file only an information return since the income reverts to the grantor. The grantor reports this income on the individual income tax return (Arizona Form 140). The fiduciary should indicate that the return is for a grantor trust by checking the appropriate box on line 6. Do not enter any numerical figures on the face of the return. Go directly to the signature line.

Qualified Subchapter S Trusts (QSST)
A QSST that is treated as a grantor trust for federal purposes will be treated the same for Arizona purposes.

Where Should You Mail the Return?
If you are expecting a refund, or owe no tax, or owe tax but are not sending a payment, mail the return to:
Arizona Department of Revenue
PO Box 52138
Phoenix, AZ  85072-2138

If you are sending a payment with this return, mail the return to:
Arizona Department of Revenue
PO Box 52016
Phoenix, AZ  85072-2016

When Should You File?
Your 2016 calendar year tax return is due no later than midnight, April 18, 2017. You must file a return made on a fiscal year basis by the 15th day of the fourth month following the close of the fiscal year. Your original filing date must be the same for Arizona as it is for federal purposes.

For calendar year filers: Because April 15, 2017, falls on a Saturday and District of Columbia Emancipation Day will be observed on April 17, 2017, you have until Tuesday, April 18, 2017, to file the extension.

You may request an extension if you know you will not be able to file on time. An extension does not extend the time to pay the income tax. Failure to pay at least 90% (.90) of the tax due by the original due date will result in a penalty.

NOTE: Arizona will grant a 5½ month extension. For more information, see the department’s ruling, FTR 16-1, Extension for Estates and Trusts Filing.

Arizona charges interest on any unpaid tax. The extension underpayment penalty is ½ of 1% (.005) of the tax not paid for each 30-day period or fraction of a 30-day period. The extension underpayment penalty cannot exceed 25% of the unpaid tax.

To Get a Filing Extension, You Can Either
1. Apply for a state extension (Form 141AZ EXT). To apply for an automatic 5½ month state extension, file Form 141AZ EXT by April 18, 2017. See Form 141AZ EXT for details. You do not have to include a copy of the extension with your return when you file, but make sure that you check extension box 82E on page 1 of the return. If you must make a payment, use Form 141AZ EXT.

2. Use your federal extension. File your Arizona return by the same due date. You do not have to include a copy of the extension with your return, but make sure that you check extension box 82E on page 1 of the return.

NOTE: Because September 30, 2017, falls on a Saturday, you have until Monday, October 2, 2017, to file Form 141AZ.

Does an Estate or Trust Have to Make Estimated Payments?
An estate or trust does not have to make estimated payments. An estate or trust may elect to make Arizona estimated tax payments on Form 141AZ ES.

What if You File or Pay Late?
If you file or pay late, we will charge you interest and penalties on the amount you owe. If the U.S. Post Office postmarks your 2016 calendar return by April 18, 2017, your return will not be late.

You may also use certain private delivery services designated by the Internal Revenue Service (IRS) to meet the “timely mailing as timely filed” rule.
Late Filing Penalty
If you file late, we will charge you a late filing penalty. This penalty is 4½% (.045) of the tax required to be shown on the return for each month or fraction of a month the return is late. This penalty cannot exceed 25% of the tax found to be remaining due.

Late Payment Penalty
If you pay your tax late, we will charge you a late payment penalty. This penalty is ½ of 1% (.005) of the amount shown as tax for each month or fraction of a month for which the failure continues. We charge this penalty from the original due date of the return until the date you pay the tax. This penalty cannot exceed a total of 10% of the unpaid tax.

Extension Underpayment Penalty
If you file your return under an extension, you must pay 90% of the tax shown on your return by the return’s original due date. If you do not pay this amount, we will charge you a penalty. This penalty is ½ of 1% (.005) of the tax not paid for each 30-day period or fraction of a 30-day period. We charge this penalty from the original due date of the return until the date you pay the tax. This penalty cannot exceed 25% of the unpaid tax. If we charge you the extension underpayment penalty, we will not charge you the late payment penalty under Arizona Revised Statutes (A.R.S.) § 42-1125(D).

NOTE: If you are subject to two or more of the above penalties, the total cannot exceed 25%.

Interest
We charge interest on any tax not paid by the due date. We will charge you interest even if you have an extension. If you have an extension, we will charge you interest from the original due date until the date you pay the tax. The Arizona interest rate is the same as the federal rate.

Amended Returns
If you are filing an amended Form 141AZ, check the amended return box on line 6. Complete the entire return, correct the appropriate line(s) with the new information, and recompute your tax liability.

On a separate schedule, explain the reason(s) for the amendment(s) and identify the line(s) and amount(s) being changed on the amended return. Also, include a copy of the amended federal Form 1041.

NOTE: You must plainly mark an amended return "Amended" by checking the appropriate box on line 6. The period covered by this return must be the same accounting period as covered by the original return. If you are amending a prior year return, use Form 141AZ for that taxable year.

Copy of Will or Trust Instrument
Upon the department’s request, the fiduciary must submit a copy of the will or trust instrument when the estate or trust’s gross income is $5,000 or more. The fiduciary must swear that the will or trust instrument is a true and complete copy.

Reporting Payments Made by an Estate or Trust
An estate or trust that paid salaries or wages may have to report those payments to the department.

Request for Certificate of Payment of Taxes

IMPORTANT: Make requests for this income tax certificate separately. Do not include requests for the income tax certificate with Form 141AZ. The department can issue certificates only if required by the probate court.

Mail requests to:
Attention: Fiduciary Unit
Arizona Department of Revenue
Box B-06
1600 West Monroe
Phoenix, AZ 85007-2650

If an estate is in probate, the probate court may require a certificate from the department that shows no income tax is due. The probate court may require this before approving the fiduciary’s final account.

Arizona law requires a certificate only when all of the following apply.
1. The estate is subject to probate.
2. The value of the assets of the estate at the decedent's date of death exceeds $20,000.
3. The estate has a beneficiary that is not an Arizona resident.

In order for the department to issue a certificate, all of the following must be met.
1. The fiduciary has filed Arizona Form 210 - Notice of Assumption of Duties in a Fiduciary Capacity.
2. A return was filed by, or on behalf of, the decedent and for the estate for each taxable year in which the respective incomes of the decedent or estate exceeded the requirements for filing returns.
3. A final Arizona fiduciary return is filed when the certificate is requested. This return must be filed regardless of the gross or net income for the year. If there is no income, submit a return with "zero" on all lines.

If filing a final return and you are sending a payment with this return, mail the return to:
Arizona Department of Revenue
PO Box 52016
Phoenix, AZ 85072-2138

If filing a final return and you are expecting a refund, or owe no tax, or owe tax but are not sending a payment, mail the return to:
Arizona Department of Revenue
PO Box 52138
Phoenix, AZ 85072-2138

4. The request must contain a statement regarding the status of returns filed by, or on behalf of, the decedent, or for the estate for the four taxable years immediately preceding the date of the request. The fiduciary must make the statement under declaration of perjury. The statement must indicate the following:
   • The years for which returns were filed.
Additional Arizona Returns or Forms You May Have to File

An Arizona resident estate or trust should enter the federal taxable income shown on page 1 of the federal fiduciary return, Form 1041.

A nonresident estate or trust must complete Form 141AZ, Schedule A, before entering an amount on line 7. For a nonresident estate or trust, the fiduciary should enter the amount from Form 141AZ, Schedule A, line A6 on line 7.

NOTE: Before completing the rest of page 1 of Form 141AZ, complete Schedules A, B, C, D and E, as necessary.

Schedule A - Nonresident Estate or Trust Source Income Schedule
Use Schedule A to compute the federal taxable income of the nonresident estate or trust from Arizona sources. All nonresident estates and nonresident trusts must complete Schedule A. Resident estates and resident trusts skip Schedule A.

Federal Column
Enter all items of income and deductions that correspond to those items listed on the federal fiduciary return. Line A5 should equal the federal taxable income reported on the federal fiduciary return.

Arizona Column
Enter that part of each item of income and deductions reported in the federal column that is derived from Arizona sources. Intangible income will not be considered to be from Arizona sources except where it is part of a business, trade, or occupation carried on in Arizona.

Schedule B - Fiduciary Adjustment
Fiduciary adjustment increasing federal taxable income
Use lines B1 through B4 to figure the amount of fiduciary adjustment that increases federal taxable income.

Line B1 - Positive Arizona Fiduciary Adjustment From Another Estate or Trust
Use this adjustment only if the estate or trust’s Form 141AZ, Schedule K-1, indicates a difference between federal and state distributable income. If the amount shown on the Form 141AZ, Schedule K-1, is a positive number, enter that amount here.

Line B2 - Non-Arizona Municipal Bond Interest
Arizona taxes interest received from non-Arizona municipal bonds. Enter the amount of this type of interest income that you did not include on the federal return.

You may exclude any expenses incurred to purchase or hold the bond(s). Reduce the interest income by the amount of expenses that you could not deduct on your federal return.

Line B3 - Other Additions to Federal Taxable Income
Enter any other additions, including those shown below, to federal taxable income. Include your own schedule.

A. Total Depreciation Included in Arizona Gross Income
Enter the amount of depreciation deducted on the federal return that is included in Arizona gross income. If you make an entry here, also see the instructions for line B9, “Other Subtractions From Federal Taxable Income.”

B. Net Operating Losses
Arizona does not have specific provisions for calculating the net operating loss of estates or trusts. Generally, the net
operating loss deduction included in the federal taxable income is the amount allowable for Arizona purposes. There are, however, instances when the amount allowable for Arizona may be different.

You must adjust the net operating loss deduction included in the federal taxable income if the estate or trust has already deducted any amount of the net operating loss included in federal taxable income for Arizona purposes. Enter on line B3, the amount of net operating loss included in federal taxable income that was previously deducted for Arizona purposes.

Usually, Arizona conforms to the federal net operating loss and the carryback provisions. Arizona, however, did not conform to the special federal net operating loss rules for 2008 and 2009. Under the special rules for 2008 and 2009, a taxpayer could have elected to carry the net operating loss back for 3, 4, or 5 years, instead of the normal 2 years.

This election would have been allowed under IRC § 172(b)(1)(H) as amended by the American Recovery and Reinvestment Act of 2009 or the Worker, Homeownership, and Business Assistance Act of 2009. If a taxpayer deducted a federal net operating loss carryback under the federal American Recovery and Reinvestment Act of 2009 or the federal Worker, Homeownership, and Business Assistance Act of 2009, see the instructions for line B9, (K).

For information on deducting a net operating loss carryback in cases where a taxpayer did not make an election under IRC § 172(b)(1)(H), see the department’s procedure, ITP 13-1, Procedure for Individuals Deducting a Net Operating Loss Carryback.

C. Annuity Income in Excess of Contributions

Make this adjustment if both of the following apply.

1. The estate or trust received annuity income and the first payment received from the annuity was before December 31, 1978.
2. The sum of the proceeds received from the annuity in all taxable years prior to and including the current tax year exceeds the total consideration premiums paid.

D. Excess of a Partner’s Share of Partnership Taxable Income or Loss

Resident Estates and Trusts:

Make this adjustment if the Arizona Form 165, Schedule K-1, shows a difference between federal and state distributable income.

If the difference reported on line 3, of your Arizona Form 165 Schedule K-1, is a positive number, enter that difference as an addition on line B3.

Nonresident Estates and Trusts

Make this adjustment if the Arizona Form 165, Schedule K-1(NR), shows a difference between federal and state distributable income.

If the difference reported on line 17, column (c), of your Arizona Form 165 Schedule K-1(NR), is a positive number, enter that difference as an addition on line B3.

NOTE: If the difference reported on line 17, column (c), of your Arizona Form 165 Schedule K-1(NR), is a negative number, enter that difference as a subtraction on line B9.

Amending Form 165PA K-1, line 3, with the total amount of additions reported on line B3.

Amending Form 141AZ and Reporting Arizona Form 165PA K-1 Positive Adjustment

If the estate or trust received an Arizona Form 165PA K-1, include the positive adjustment amount reported on Form

165PA K-1, line 3, with the total amount of additions reported on line B3.

Amending Form 141AZ and Reporting Arizona Form 165PA K-1(NR) Positive Adjustment

If the estate or trust received an Arizona Form 165PA K-1(NR), include the positive adjustment amount reported on Form 165PA K-1(NR), line 5, with the total amount of additions reported on line B3.

E. Claim of Right Adjustment for Amounts Repaid in 2016

You must make an entry here if all of the following apply.

1. During 2016, the estate or trust was required to repay amounts held under a claim of right.
2. The amount required to be repaid was subject to Arizona income tax in the year included in income.
3. The amount required to be repaid during 2016 was more than $3,000.
4. The estate or trust took a deduction for the amount repaid on its 2016 federal income tax return.
5. The deduction taken on the estate or trust’s federal income tax return is reflected in the Arizona taxable income.

If all of the above apply, enter the amount deducted on the federal income tax return that is reflected in the Arizona taxable income.

For more information on the Arizona claim of right provisions, see the department’s procedure, ITP 16-1, Procedure for Individuals Who Restore Substantial Amounts Held Under a Claim of Right.

F. Claim of Right Adjustment for Amounts Repaid in Prior Taxable Years

You must make an entry here if all of the following apply.

1. During a year prior to 2016, the estate or trust was required to repay amounts held under a claim of right.
2. The estate or trust computed its tax for that prior year under Arizona’s claim of right provisions.
3. A net operating loss or capital loss was established due to the repayment made in the prior year.
4. The estate or trust is entitled to take that net operating loss or capital loss carryover into account when computing its 2016 Arizona taxable income.
5. The amount of the loss carryover included in the estate or trust’s federal income is more than the amount allowed to be taken into account for Arizona purposes.
Enter the amount by which the loss carryover included in the federal income is more than the amount allowed for the taxable year under Arizona law.

G. Nonqualified Withdrawals From 529 College Savings Plans

Make this adjustment if both of the following apply.
1. The estate or trust received a nonqualified withdrawal from a 529 college savings plan.
2. The amount of withdrawal was not included in the federal taxable income.

The amount that the fiduciary must add is the amount of withdrawal, but no more than the difference between the amount of contributions subtracted in prior years and the amount added in any prior years.

A nonqualified withdrawal is a withdrawal other than any of the following.
- A qualified withdrawal. A qualified withdrawal is a withdrawal from an account to pay the qualified higher education expenses of the designated beneficiary of the account.
- A withdrawal made as the result of the death or disability of the designated beneficiary of an account.
- A withdrawal that is made on the account of a scholarship, or the allowance or payment described in IRC § 135(d)(1)(B) or (C), and that is received by the designated beneficiary, but only to the extent of the amount of this scholarship, allowance, or payment.
- A rollover or change of designated beneficiary.

H. Original Issue Discount (OID) on Reacquisition of Debt Instrument

For federal purposes, when an estate or trust made the special election to defer discharge of indebtedness (DOI) income under IRC § 108(i), the estate or trust was not allowed to take a deduction with respect to the portion of any OID that accrued with respect to that DOI income, during the income deferral period. In this case, the estate or trust had to deduct the aggregate amount of the OID deductions disallowed ratably over a 5-year period, beginning with the period in which the income was includable in federal adjusted gross income.

Arizona did not adopt the federal provisions requiring an estate or trust to defer the OID deduction in cases where the estate or trust federally deferred the DOI income.

For Arizona purposes, the estate or trust had to report the DOI income from a debt reacquisition in the year in which it reacquired the debt, and it was allowed to subtract any OID related to that DOI income in the year the OID accrued. (See the instructions for “Other Subtractions From Federal Taxable Income” line B9, (L).) If the estate or trust’s federal taxable income includes a deduction for any accrued OID already subtracted for Arizona purposes, make an addition to Arizona income for the amount of deferred OID deducted on the federal return. Generally, this addition will apply to taxable years 2014 through 2018. On line B3, enter the amount of any previously deferred OID deducted in computing the estate or trust’s 2016 federal taxable income, to the extent that the amount was previously subtracted from Arizona taxable income.

I. Estate Loss of an Arizona Nonprofit Medical Marijuana Dispensary (NMMD) included in Federal Adjusted Gross Income

If the NMMD was registered to an individual as a sole proprietorship and the NMMD becomes part of the individual’s estate after the individual died, the estate is required to add the amount of the loss from the dispensary that is included in the computation of the estate’s federal adjusted gross income. Include the amount of the loss on line B3.

J. Other Adjustments

Other special adjustments may be necessary. You may need to make an addition for depreciation or amortization. Call one of the numbers listed on page 1 of these instructions if any of the following apply.
1. You sold or disposed of property that was held for the production of income and your basis was computed under the Arizona Income Tax Act of 1954.
2. You elected to amortize the basis of a pollution control device or the cost of a childcare facility under Arizona law in effect before 1990. You are still deducting amortization or depreciation for that device or facility on your federal income tax return.

Line B4 - Total Adjustments Increasing Federal Taxable Income

Add lines B1 through B3. Enter the total.

Fiduciary Adjustment Decreasing Federal Taxable Income

Use lines B5 through B10 to figure the amount of fiduciary adjustment that decreases federal taxable income.

You may only subtract those items for which statutory authority exists. Without such authority, you cannot take a subtraction.

If you have any questions concerning subtractions from income, call one of the numbers listed on page 1 of these instructions.

NOTE: You cannot subtract any amount that is allocable to income excluded from Arizona taxable income.

Enter the following other subtractions from federal taxable income. Include your own schedule.

Line B5 - Negative Arizona Fiduciary Adjustment From Another Estate or Trust

Use this adjustment only if the Form 141AZ, Schedule K-1, indicates a difference between federal and state distributable income. If the amount shown on the Form 141AZ, Schedule K-1, is a negative number, enter that amount here.

Line B6 - Interest Received on U.S. Obligations

Enter the amount of interest income from U.S. Government obligations included on page 1, line 7. U.S. Government obligations include obligations such as U.S. savings bonds and
treasury bills. You cannot deduct any interest or other related expenses incurred to purchase or carry the obligations. If such expenses are included in Arizona gross income, you must reduce the subtraction by such expenses. Reduce the subtraction only by the amount of such expenses included in your Arizona gross income.

**NOTE:** Do not subtract interest earned on FNMA or GNMA bonds since this interest is taxable by Arizona. For details, see the department’s ruling, ITR 06-1, Obligations of the United States Government, Federal Agencies, and United States Territories.

Do not subtract any amount received from a qualified pension plan that invests in U.S. Government obligations. Do not subtract any amount received from an IRA that invests in U.S. Government obligations. These amounts are not interest income.

For more information, see the department’s rulings, ITR 96-2, Pension Plan Distributions Derived from Investment in U.S. Government Obligations; and ITR 96-3, Distributions Comprised of Income Earned by the IRA.

**Line B7 - Refunds From Other States**

Enter any state income tax refunds received from states other than Arizona. Enter an amount only to the extent it is included on page 1, line 7 of Form 141AZ.

**Line B8 – Reserved**

Do not enter an amount on line B8.

**Line B9 - Other Subtractions From Federal Taxable Income**

Enter any other subtractions, including those shown below, to federal taxable income. Include your own schedule.

**A. Exclusion for U.S. Government, Arizona State, or Local Government Pensions**

This subtraction does not apply to nonresident estates or trusts.

If the estate or trust received pension income from any of the sources listed below, subtract the amount received or $2,500, whichever is less. Only include amounts which the estate or trust reported as income on the federal return.

**Public pensions from the following sources qualify for this subtraction:**

- the United States Government Service Retirement and Disability Fund,
- the United States Foreign Service Retirement and Disability System,
- retired or retainer pay of the uniformed services of the United States,
- any other retirement system or plan established by federal law.

**NOTE:** This applies only to those retirement plans authorized and enacted into the U.S. Code. This does not apply to a retirement plan that is only regulated by federal law (i.e., plans that must meet certain federal criteria to be qualified plans).

- the Arizona State Retirement Plan,
- the Corrections Officer Retirement Plan,
- the Public Safety Personnel Retirement Plan,
- the Elected Officials' Retirement Plan,
- a retirement plan established for employees of a county, city, or town in Arizona,
- an optional retirement program established by the Arizona Board of Regents under Arizona Revised Statutes, and
- an optional retirement program established by an Arizona community college district.

**NOTE:** Public retirement pensions from states other than Arizona do not qualify for this subtraction.

**B. Qualified Wood Stove, Wood Fireplace, or Gas Fired Fireplace**

Arizona allows a subtraction for converting an existing fireplace to one of the following:

- a qualified wood stove,
- a qualified wood fireplace, or
- a gas fired fireplace and non-optional equipment directly related to its operation.

You may subtract up to $500 for converting an existing fireplace on property located in Arizona to a qualified wood stove, qualified wood fireplace, or gas fired fireplace.

**C. Claim of Right Adjustment for Amounts Repaid in Prior Taxable Years**

You must make an entry here if all of the following apply.

1. During a year prior to 2016, the estate or trust was required to repay amounts held under a claim of right.
2. The estate or trust computed its tax for that prior year under Arizona's claim of right provisions.
3. A net operating loss or capital loss was established due to the repayment made in the prior year.
4. The estate or trust is entitled to take that net operating loss or capital loss carryover into account when computing its 2016 Arizona taxable income.
5. The amount of the loss carryover allowed to be taken into account for Arizona purposes is more than the amount included in your federal income.

Enter the amount by which the loss carryover allowed for the taxable year under Arizona law is more than the amount included in your federal income.

**D. Certain Expenses Not Allowed For Federal Purposes**

The estate or trust may subtract some expenses that it cannot deduct on its federal return when the estate or trust claims certain federal tax credits. These federal tax credits include the following:

- the federal work opportunity credit
- the empowerment zone employment credit
- the credit for employer-paid social security taxes on employee cash tips; and
- the Indian employment credit.
If the estate or trust claimed any of these federal tax credits for 2016, enter the portion of wages or salaries it paid or incurred during the taxable year equal to the amount of those federal tax credits it received.

A nonresident estate or trust should enter the amount of wages or salaries that it paid or incurred during the taxable year that is related to the income sourced to Arizona. The subtraction is equal to the amount of the federal credits it received.

E. Agricultural Crops Given to Charitable Organizations

Arizona allows a subtraction for qualified crop gifts made during 2016 to one or more charitable organizations. To take this subtraction, all of the following must apply:

- The estate or trust must be engaged in the business of farming or processing agricultural crops.
- The crop must be grown in Arizona.
- The gift must be made to a charitable organization located in Arizona.
- The charitable organization must be exempt from Arizona income tax.

The subtraction is the greater of the wholesale market price or the most recent sale price for the crop given. The amount of the subtraction cannot include any amount deducted under IRC § 170 with respect to the crop contribution that exceeds the cost of producing the contributed crop.

To determine if the estate or trust’s crop gift qualifies for this subtraction, see the department’s procedure, ITP 12-1, Establishing an Income Tax Subtraction for Agricultural Crops Contributed to Charitable Organizations.

F. Installment Sale Income From Another State Taxed by the Other State in a Prior Taxable Year

This subtraction does not apply to nonresident estates or trusts.

The estate or trust may subtract any income from an installment sale that has been properly subjected to income tax in another state in a prior tax year. Enter the amount of such income included in Arizona gross income in the current taxable year.

G. Subtraction for World War II Victims

The estate or trust may subtract distributions made to it for the decedent or settlor’s persecution by Nazi Germany or any other Axis regime for racial, religious, or political reasons. The estate or trust may also subtract distributions made for the persecution of the ancestors of the decedent or settlor. If the estate or trust is the first recipient of such distributions, enter the amount of the distributions that it had to include in the estate or trust’s federal taxable income.

The estate or trust may also subtract certain items of income, if the decedent or settlor was persecuted by Nazi Germany or any other Axis regime for racial, religious, or political reasons before, during, or immediately after World War II. The income must be attributable to, derived from, or related to assets that were stolen or hidden from the decedent or settlor. If the estate or trust is the first recipient of such income, enter the amount of income that it had to include in the estate or trust’s federal taxable income.

A nonresident estate or trust should enter such payments only to the extent included in Arizona taxable income.

H. Recalculated Arizona Depreciation

Resident Estate or Trust

For assets placed in service in taxable years beginning before December 31, 2012, enter the total amount of depreciation allowable pursuant to IRC § 167(a) for the taxable year calculated as if the taxpayer had elected not to claim bonus depreciation for eligible properties for federal purposes.

For assets placed in service during taxable years beginning from and after December 31, 2012 through December 31, 2013, the amount of the subtraction for these assets depends on the method you used to compute the depreciation for these assets.

NOTE: For more information, see the department’s procedure, ITP 16-2, Procedure for Individuals who Claim Federal and/or Arizona Bonus Depreciation.

For assets placed in service in taxable years beginning from and after December 31, 2013, through December 31, 2015, enter the total amount of depreciation allowable pursuant to IRC § 167(a) for the taxable year calculated as if the bonus depreciation is 10% of the amount of federal bonus depreciation pursuant to IRC § 168(k).

For assets placed in service in taxable years beginning from and after December 31, 2015, through December 31, 2016, enter the total amount of depreciation allowable pursuant to IRC § 167(a) for the taxable year calculated as if the bonus depreciation is 55% of the amount of federal bonus depreciation pursuant to IRC § 168(k).

Add all amounts together and enter the total on line B9.

Nonresident Estate or Trust

For assets placed in service in taxable years beginning before December 31, 2012, enter the total amount of depreciation attributable to assets used in an Arizona business allowable pursuant to IRC § 167(a) for the taxable year calculated as if the taxpayer had elected not to claim bonus depreciation for eligible properties for federal purposes.

For assets placed in service during taxable years beginning from and after December 31, 2012 through December 31, 2013, the amount of the subtraction for these assets depends on the method you used to compute the depreciation for these assets. Enter the total amount of depreciation attributable to assets used in an Arizona business.

NOTE: For more information, see the department’s procedure, ITP 16-2, Procedure for Individuals who Claim Federal and/or Arizona Bonus Depreciation.

For assets placed in service in taxable years beginning from and after December 31, 2013, through December 31, 2015, enter the total amount of depreciation attributable to assets used in an Arizona business allowable pursuant to IRC
§ 167(a) for the taxable year calculated as if the bonus depreciation is 10% of the amount of federal bonus depreciation pursuant to IRC § 168(k).

For assets placed in service in taxable years beginning from and after December 31, 2015, through December 31, 2016, enter the total amount of depreciation attributable to assets used in an Arizona business allowable pursuant to IRC § 167(a) for the taxable year calculated as if the bonus depreciation is 55% of the amount of federal bonus depreciation pursuant to IRC § 168(k).

Add all amounts together and enter the total on line B9.

I. Basis Adjustment for Property Sold or Otherwise Disposed of During the Taxable Year

With respect to property that is sold or otherwise disposed of during the taxable year by a taxpayer who has complied with the requirement to add back all depreciation with respect to that property on tax returns for all taxable years beginning from and after December 31, 1999; enter the amount of depreciation that was allowed pursuant to IRC § 167(a), to the extent that the amount has not already reduced Arizona taxable income in the current or prior years. (Note: The practical effect of this is to allow a subtraction for the difference in basis for any asset for which bonus depreciation has been claimed on the federal return.) A nonresident estate or trust may make this adjustment for only property that was used in an Arizona business.

J. Federal Estate Taxes Paid by an Estate

An estate may subtract the amount of federal estate tax paid by the estate in the current taxable year. Enter the amount of federal estate taxes paid in 2016.

K. Net Operating Loss Adjustment

This subtraction applies to only those estates or trusts that made an election under the special federal net operating loss rules for 2008 and 2009. Under these federal rules for 2008 and 2009, an estate or trust could have elected to carry the net operating loss back for 3, 4, or 5 years, instead of the normal 2 years.

This election would have been allowed under IRC § 172(b)(1)(H) as amended by the American Recovery and Reinvestment Act of 2009 or the Worker, Homeownership, and Business Assistance Act of 2009.

Arizona did not adopt the special federal net operating loss rules for losses incurred during 2008 or 2009. For Arizona purposes, estates or trusts must deduct a net operating loss as if the loss was computed under IRC § 172 in effect prior to the enactment of those special rules.

Resident Estate or Trust

If the estate or trust made an election to deduct a 2008 or 2009 federal net operating loss under IRC § 172(b)(1)(H), the estate or trust may have to enter an amount here. Figure how much of the net operating loss carry forward would have been allowed as a deduction on the estate or trust’s 2016 federal income tax return, if the election described in IRC § 172(b)(1)(H) had not been made in the year of the loss. On line B9, enter the amount that exceeds the actual net operating loss carry forward that was deducted in arriving at federal taxable income.

Nonresident Estate or Trust

Figure how much of the net operating loss carry forward would have been allowed as a deduction on the estate or trust’s 2016 federal income tax return, if the election described in IRC § 172(b)(1)(H) had not been made in the year of the loss. Then figure how much of the carry forward computed under that method was derived from Arizona source losses. The amount the estate or trust may take as a subtraction is the difference between the amount of Arizona source net operating loss carryover allowable as a deduction for federal purposes under the as if calculation and the amount of the Arizona source net operating loss deduction actually taken for federal purposes that the estate or trust included in its Arizona gross income. On line B9, enter the amount of allowable Arizona source loss carry forward deduction that exceeds the actual amount of Arizona source net operating loss carry forward deduction that was deducted in arriving at Arizona gross income.

NOTE: As an Arizona nonresident estate or trust, the estate or trust may have had a loss from prior year Arizona business operations. However, the loss cannot offset this year’s income unless the as if calculation results in an Arizona source net operating loss deduction for federal purposes. The estate or trust can only take this subtraction if the as if federal net operating loss deduction for 2016 includes Arizona source losses that have not been absorbed by non-Arizona income in any intervening years. The estate or trust cannot subtract any amount of that net operating loss that has been absorbed by non-Arizona income in any intervening years. The estate or trust also cannot take a subtraction for any amount that has already been deducted for Arizona purposes.

L. Previously Deferred Discharge of Indebtedness (DOI) Income Adjustment

Generally, when a loan is settled for less than the amount owed, DOI income is realized by the debtor and usually must be included in the debtor’s gross income. The amount of DOI income is generally equal to the amount of loan forgiveness. DOI income also occurs when a debtor repurchases its own debt at a discount (a price lower than the adjusted basis issue price of the debt instrument). In debt repurchase transactions, the amount of DOI income is generally equal to the difference between the adjusted issue price and the price paid for the debt instrument.

For federal purposes, an estate or trust may have made a special election for taxable years 2009 or 2010 to include DOI income in connection with the reacquisition of a business debt instrument, ratably over a 5-year period.

An estate or trust that made this election will generally include this income in federal taxable income beginning with the 2014 taxable year. An estate or trust would have made the federal election under IRC § 108(i) as added by the American Recovery and Reinvestment Act of 2009. Arizona did not
adopt the special federal DOI income deferral provisions for the 2009 or 2010 taxable year.
For Arizona purposes, if a taxpayer made the federal election to defer the inclusion of DOI income under IRC § 108(i), the estate or trust was required to add the amount of deferred DOI income to Arizona income for the year for which the estate or trust made the election. If the estate or trust made the required addition to Arizona income on the Arizona return filed for the year in which the estate or trust reacquired the debt instrument (2009 or 2010), Arizona will not tax that DOI income twice. In the year in which the estate or trust includes that deferred DOI income in federal taxable income, the estate or trust may take a subtraction for the amount included for that year.

**Resident Estate or Trust**
On line B9, enter the amount of previously deferred DOI income included in federal taxable income for the current taxable year to the extent that the amount was previously added to the Arizona income.

**Nonresident Estate or Trust**
On line B9, enter the amount of previously deferred Arizona source DOI that the estate or trust included in its Arizona gross income for the current taxable year to the extent that the amount was previously added to the estate or trust’s Arizona income.

**M. Estate Income of an Arizona Nonprofit Medical Marijuana Dispensary (NMMD) included in Federal Adjusted Gross Income**
If the NMMD was registered to an individual as a sole proprietorship and the NMMD becomes part of the individual’s estate after the individual died, the estate may subtract the amount of the income from the dispensary that is included in the computation of the estate’s federal adjusted gross income. Include the amount of the income on line B9.

**N. Excess of a Partner's Share of Partnership Taxable Income or Loss**

**Resident Estate or Trust:**
Make this adjustment if the Arizona Form 165, Schedule K-1, shows a difference between federal and state distributable income.
If the difference reported on line 3, of your Arizona Form 165 Schedule K-1, is a negative number, enter that difference as a subtraction on line B9.

**Nonresident Estate or Trust:**
Make this adjustment if the Arizona Form 165, Schedule K-1(NR), shows a difference between federal and state distributable income.
If the difference reported on line 17, column (c), of your Arizona Form 165 Schedule K-1(NR), is a negative number, enter that difference as a subtraction on line B9.

NOTE: If the difference reported on line 3, of your Arizona Form 165 Schedule K-1, is a positive number, enter that difference as an addition on line B3.

**Amending Form 141AZ and Reporting Arizona Form 165PA K-1(NR) Negative Adjustment**
If the estate or trust received an Arizona Form 165PA K-1(NR), include the negative adjustment amount reported on Form 165PA K-1(NR), line 5, with the total amount of subtractions reported on line B9.

**O. Other Adjustments**
Other special adjustments may be necessary. Call one of the numbers listed on page 1 of these instructions if any of the following apply:
- You sold or disposed of property that was held for the production of income and your basis was computed under the Arizona Income Tax Act of 1954.
- You deferred exploration expenses determined under IRC § 617 in a taxable year ending before January 1, 1990, and you have not previously taken a subtraction for those expenses.

**Line B10 - Total Adjustments Decreasing Federal Taxable Income**
Add lines B5 through B9. Enter the total.

**Line B11 - Net Fiduciary Adjustment**
Subtract the amount on line B10 from the amount on line B4. If the result is a negative number, enter the result in brackets. Also, enter the result on Form 141AZ, line 8.

**Schedule C - Fiduciary Adjustment Allocation**
Use Schedule C to determine the allocation of the shares of the Arizona fiduciary adjustment. This adjustment is divided among the beneficiaries and the fiduciary in proportion to their share of the federal distributable net income. If there is no federal distributable net income, each beneficiary’s share of the adjustment is in proportion to each share of the estate or trust income distributed. Any balance of the adjustment not allocated to the beneficiaries is allocable to the fiduciary.

**Lines C1 through C10**
In column (a), enter the name of each beneficiary. In column (b), enter each beneficiary’s share of the federal distributable net income. In column (c), enter the percentage of the estate or trust to be distributed to each beneficiary in accordance with the documents or laws controlling distribution of the estate or trust. If the estate or trust has more than 10 beneficiaries, complete an additional schedule. The schedule
should show the same information required on lines C1 through C10.

Line C11 -
Add the amounts on lines C1 through C10 in column (b). Add the percent on lines C1 through C10 in column (c). If the fiduciary completed an additional schedule because there are more than 10 beneficiaries, include the amounts from the additional schedule on line C11.

Line C12 -
In column (b), enter the fiduciary’s share of the federal distributable net income. In column (c), enter the percentage of the fiduciary’s share of federal distributable net income computed in accordance with the documents or laws controlling distribution of the estate or trust.

Lines C13 through C16 -
Complete lines C13 through C16 as instructed on the form.

Schedule D - Federal Distributable Net Income From Arizona Sources
Schedule D is used to determine the net estate or trust income reportable to Arizona by nonresident beneficiaries. Use the information in Schedule D to complete Form 141AZ, Schedule K-1(NR) for nonresident beneficiaries.

The fiduciary should complete Schedule D only if the trust or estate has Arizona nonresident beneficiaries. If the trust or estate does not have any nonresident beneficiaries, the fiduciary should skip Schedule D.

Lines D1 through D9 -
In column (b), enter an amount for each item from which federal distributable net income is comprised. The total entered on line D9, column (b), should equal the federal distributable net income.

In column (c), enter that portion of federal distributable net income derived from Arizona sources. Such income includes Arizona rental and business income, and gains on the sale of Arizona property.

Schedule E - Questions
Answer the questions on lines E1 through E7.

Tax Computation

Line 12 - Electing Small Business Trust (ESBT) Income
Enter the federal taxable income of Electing Small Business Trusts (ESBT) from the IRC § 641(c) worksheet included with your federal Form 1041. Include a copy of the worksheet with the Arizona return. A nonresident trust should enter the amount of ESBT income received from the S corporation that was derived from sources within Arizona.

Line 13 -
Add lines 11 and 12. Enter the total.

Line 14 - Undistributed Net Capital Gain from Investment in Qualified Small Business
The estate or trust may subtract the amount of any undistributed net capital gain included in federal adjusted gross income for the taxable year derived from investment in a qualified small business as determined by the Arizona Commerce Authority (ACA) pursuant to A.R.S. § 41-1518.

To qualify for this subtraction, the investment in the qualified small business must have been made after the ACA certified the company as a qualified small business and before the company’s certification expiration date. An investment made prior to certification or after the expiration of certification does not qualify for this subtraction. See the ACA’s website, Small Business Incentives: Angel Investment, for a list of certified businesses and their certification dates.

CAUTION: If the amount entered on line 14 includes a long-term capital gain from an investment made after December 31, 2011, you cannot include that portion of the net capital gain in your computation of the allowable subtraction for any net long-term capital gain from assets acquired after December 31, 2011 and included in federal adjusted gross income. For more information, see the instructions on page 18 for the amount to enter on line 13, columns (c) through (e) on the net long-term capital gain worksheet at the end of these instructions.

Lines 15a through 15e - Net Capital Gain or (Loss) and Net Long-Term Capital Gain Subtraction for assets acquired after December 31, 2011.

The estate or trust may subtract a percentage of any net long-term capital gain included in the federal taxable income of a resident estate or trust (or the Arizona gross income of a nonresident estate or trust) that is derived from an investment in an asset acquired after December 31, 2011. For 2016, the percentage is 25% (.25).

The estate or trust must complete the worksheet at the end of these instructions, Worksheet for Net Long-Term Capital Gains Subtraction for Assets Acquired after December 31, 2011, to take the allowable subtraction.

Line 15a - Total Net Capital Gain or (loss)
Enter the total net capital gain or (loss) reported on the Capital Gain or (Loss) line on page 1 of the estate or trust’s federal return. This amount should be reported in federal taxable income.

Line 15b - Total Net Short-Term Capital Gain or (Loss)
Enter the total amount of net short-term capital gain or (loss) reported on the Capital Gain or (Loss) line on page 1 of the estate or trust’s federal return. This amount should be reported in federal taxable income.

Line 15c - Total Net Long-Term Capital Gain or (Loss)
Enter the total net long-term capital gain or (loss) from the worksheet on line 14, column (a).
Form 141AZ

Line 15d - Net Long-Term Capital Gain From Assets Acquired after December 31, 2011
Enter the total net long-term capital gain from assets acquired after December 31, 2011, from the worksheet, line 14, column (d).
Only include net long-term capital gain on this line if it can be verified that the asset was acquired after December 31, 2011. For purposes of this line, an asset acquired by gift or inheritance is considered acquired on the date that it was acquired by the gift-giver deceased individual.

Line 15e - Net Long-Term Capital Gain Subtraction from Income
Multiply the amount on line 15d by 25% (.25) and enter the result on line 15e.

Line 16 - Arizona Taxable Income
Subtract lines 14 and 15e from line 13. Enter the difference. If less than zero, enter “0”.

Line 17 - Tax Amount
Compute the tax on the amount on line 16 from the tax table on page 20 of these instructions.

Line 18 - Credit for Taxes Paid to Another State or Country
If both Arizona and another state or country considers an estate or trust to be a resident, Arizona will allow the estate or trust a tax credit against the Arizona income tax liability for taxes paid to the other state or country. The credit allowed on the Arizona fiduciary return is subject to the following conditions:
1. The credit is allowed only for the proportion of the taxes paid to the other state or country that the income taxable to Arizona and also subject to tax in the other state or country bears to the entire income on which the taxes paid to the other state or country are imposed.
2. The credit cannot exceed the proportion of the tax payable to Arizona that the income subject to tax in the other state or country and also taxable to Arizona bears to the entire income that is taxable to Arizona.
3. The credit is not allowed for taxes paid to the other state or country on income from sources within Arizona.
If claiming this tax credit, the estate or trust must include the following items with the Form 141AZ:
1. a copy of the other state or country’s income tax return, and
2. a schedule showing how the credit was calculated.

Line 19 - Balance of Tax
Subtract line 18 from line 17 and enter the difference. If line 18 is more than line 17, enter “0”.

Payments

Line 20 (Boxes a, b and c) - Arizona Estimated Tax Payments; Arizona Claim of Right
Use this line if you did any of the following:
• Made any estimated tax payments to the State of Arizona for 2016.
• Recomputed a prior year’s tax under Arizona Claim of Right provisions.
Beginning 2016, you must also complete and include the Arizona Claim of Right schedule with your income tax return. If you fail to complete and include the schedule, the amount of your claim may be denied. The schedule is available on the department’s website at www.azdor.gov.

Box 20a: Enter the total amount of estimated taxes paid and/or applied to the estate or trust’s 2016 taxes.
Box 20b: Enter the amount from your Arizona Claim of Right schedule, line 8.
If you completed more than one Claim of Right schedule for the current taxable year, add all amounts on line 8 and enter the total in box 20b.

NOTE: For more information on Arizona’s Claim of Right provisions, see the department’s procedure, ITP 16-1, Procedure for Individuals Who Restore Substantial Amounts Held Under a Claim of Right.

Line 20c: Add the amounts in box 20a and box 20b and enter the total on line 20c.

Line 21 - Payment With Extension
Enter the amount of payment made with an extension request on Form 141AZ EXT.

Line 22 - Arizona Income Tax Withheld
Use line 22 to claim a credit for any Arizona income tax withheld (and not repaid) by:
1. an employer on wages and salaries of a decedent received by the decedent’s estate,
2. a payer of certain gambling winnings (e.g., state lottery winnings), or
3. a payer of distributions from pensions, annuities, retirement, or profit-sharing plans received by a decedent’s estate or trust.
Include a copy of each Form W-2, Form W-2G, or Form 1099-R with the return.

Line 23 - Payment With Original Return (if amending)
Enter the payment sent with the original Form 141AZ return. Also, include any additional tax payments made after the return was filed.

Line 24 - Total Payments
Add lines 20 through 23. Enter the total.

NOTE: Arizona Claim of Right amount is now entered on line 20. See line 20 for instructions.

Line 25 - Refund From Original Return (if amending)
Enter any refunds received from your original filing.

Line 26 - Balance of Payments
Subtract line 25 from line 24. Enter the difference.
Overpayment or Balance Due

Line 27 - Balance Due
Subtract line 26 from line 19. The estate or trust owes this amount. You may pay the balance due only with a check, money order, or electronic check.

Check or money order
Include your check or money order with your return. Please do not send cash. Make the check payable to the Arizona Department of Revenue. Write the estate or trust’s EIN and tax year on the front of the check or money order. The department cannot accept checks or money orders in foreign currency. You must make payment in U.S. dollars.

Electronic payment from your checking or savings account
You can make an electronic payment from your checking or savings account to pay your balance due for 2016. There is no fee to use this method. To make an electronic payment, go to www.AZTaxes.gov and click on the “Make a Payment” link. Be sure to enter the correct routing number and account number for your checking or savings account. You will be charged a $25 NSF (non-sufficient funds) fee if you provide an incorrect routing number or an incorrect account number. Check with your financial institution to get the correct account and routing numbers.

The “E-Check” option in the “Payment Method” drop-down box will debit the amount from the checking or savings account that you specify. If you make an electronic payment from your checking or savings account, you will receive a confirmation number. Please keep this confirmation number as proof of payment.

NOTE: You may not make an electronic payment from your checking or savings account if the payment will ultimately be coming from a foreign account. In this case, you must pay by check or money order.

Line 28 - Refund Due
Subtract line 19 from line 26. This is the amount the State of Arizona owes the estate or trust.

Line 29 - Amount of Line 28 to be Applied to 2017 Estimated Tax
If the estate or trust wants all or part of the refund applied to next year’s Arizona estimated taxes, enter that amount.

Line 30 - Balance of Refund/Overpayment
Subtract line 29 from line 28. Enter the difference.

TAX TIP: If the estate or trust’s address changes before it receives its refund let the department know. Write to: Refund Desk, Arizona Department of Revenue, PO Box 29216, Phoenix, AZ 85038-9216. Include the EIN in the letter.

Direct Deposit of Refund
Complete the direct deposit line if you want us to directly deposit the amount shown on line 30 into your account at a bank or other financial institution (such as a mutual fund, brokerage firm or credit union) instead of sending you a check.

NOTE: Check the box on line 30A if the direct deposit will ultimately be placed in a foreign account. If you check box 30A, do not enter your routing or account numbers. If this box is checked, we will not direct deposit your refund. We will send you a check instead.

Why use Direct Deposit?
• You will get your refund fast – even faster if you e-file!
• Payment is more secure - there is no check to get lost.
• It is more convenient. No trip to the bank to deposit your check.
• It saves tax dollars. A refund by direct deposit costs less to process than a check.

NOTE: We are not responsible for a lost refund if you enter the wrong account information. Check with your financial institution to get the correct routing and account numbers and to make sure your direct deposit will be accepted.

Routing Number
MAKE SURE YOU ENTER THE CORRECT ROUTING NUMBER
The routing number must be nine digits. The first 2 digits must be 01 through 12 or 21 through 32. Otherwise, the direct deposit will be rejected and a check sent instead. On the following sample check, the routing number is 250250025.

Sample Check

Your check may state that it is payable through a financial institution different from the one at which you have your checking account. If so, do not use the routing number on that check. Instead, contact your financial institution for the correct routing number to enter here.

Account Number
MAKE SURE YOU ENTER THE CORRECT ACCOUNT NUMBER.
The account number can be up to 17 characters (both numbers and letters). DO NOT include hyphens, spaces or special symbols. Enter the number from left to right and leave any unused boxes blank. On the sample check the account number is 20202086. Be sure not to include the check number.

NOTE: If the direct deposit is rejected, a check will be mailed instead.
Declaration

The individual or authorized officer of the organization receiving or having custody, control, or management of the income of the estate or trust must sign the declaration. If two or more individuals act jointly as fiduciaries, any one of them may sign the declaration.

Filing Reminder to Fiduciary Filers

1. DO NOT STAPLE THE RETURN. DO NOT STAPLE ANY DOCUMENT, SCHEDULE OR PAYMENT TO THE RETURN.

2. Be sure to use the correct year's form to file the return. Also, be sure to clearly mark the period covered by the return.

3. Enter the correct EIN on the return.

4. If the estate or trust is ready to file but has not yet received an EIN, it may file the return. Let us know what the number is as soon as it is received.

Mail the correspondence to:
Customer Care
Arizona Department of Revenue
PO Box 29086
Phoenix, AZ  85038-9086

5. Write the estate or trust’s EIN and tax year on the front of all checks and correspondence. Include the check with the return.

6. Do not attach correspondence to the back of the return. Mail all correspondence separate from returns to:
Customer Care
Arizona Department of Revenue
PO Box 29086
Phoenix, AZ  85038-9086

7. When filing returns that generate a refund due to any previous payments (i.e., amount paid with extension, amount paid as estimated payment, amount paid with original returns), it may speed the refund process if a copy of the canceled check of the previous payment accompanies the return generating the refund.

8. If the estate or trust is a fiscal year filer (for periods not ending on December 31), use the Tax Table for the prior year. Example: If filing for April 1, 2015, to March 31, 2016, use the 2015 Tax Table. If this return is for a short taxable year, use the 2016 Tax Table. Example: If filing for June 1, 2016, to November 30, 2016, use the 2016 Tax Table.

9. If the income is taxable but deductions bring the return to zero, make sure all necessary lines are filled in to support this declaration.

10. Grantor trusts file an information return using Form 141AZ showing no numerical figures for lines 7 through 30. Taxable income on a grantor trust reverts to the grantor. The grantor reports this income on the Arizona individual income tax return. The fiduciary should indicate that the return is for a grantor trust by checking the appropriate box on line 6.

11. When filing an amended Form 141AZ return, be sure the return is marked as an amended return. You must plainly mark an amended return "amended" by checking the appropriate box on line 6. If amending the 2016 return use the 2016 form. If amending a different tax year, use the Form 141AZ for that tax year.

12. File returns on time to avoid late filing and/or late payment penalties. Returns are due on the 15th day of the fourth (4th) month from the date the tax period ends.

For calendar year filers: Because April 15, 2017, falls on a Saturday and District of Columbia Emancipation Day will be observed on April 17, 2017, you have until Tuesday, April 18, 2017, to file the extension.

Make sure you put enough postage on the envelope

The U.S. Post Office or United States mail service must postmark your return or extension request by midnight April 18, 2017.

The term "United States mail" includes any private delivery service designated by the United States Secretary of the Treasury pursuant to Internal Revenue Code § 7502(f) and the term “postmark” includes any date recorded or marked by any such designated delivery service.

An income tax return that is mailed to the department is timely filed if it is delivered on or before its due date. Additionally, if the envelope or wrapper containing the return sent through the United States mail bears a postmark of the United States mail and that tax return is delivered to the department after its due date that return will be considered timely filed if all of the following apply:

1. The return was deposited in an official depository of the United States mail.

2. The date of the postmark is no later than the due date.

3. The return was properly addressed, and

4. The return had proper postage.

If the envelope or wrapper containing a return sent through the United States mail bears a private meter postmark made by other than the United States mail, the return is treated as timely filed if both of the following apply:

1. The private meter postmark bears a date on or before the due date for filing; and

2. The return is received no later than the time it would ordinarily have been received from the same point of origin by the same class of U.S. postage. If the return is received by the department within five business days of the private meter postmark date the department will consider this requirement satisfied.

You may also use certain private delivery services designated by the IRS to meet the “timely mailing as timely filed” rule.

For more information, see the department’s ruling, GTR 16-1, Timely Filing of Income or Withholding Tax Returns Through the United States Mail.
**Taxpayer Identification Numbers**

All returns, statements, and other documents filed with the Arizona Department of Revenue require a taxpayer identification number (TIN). The TIN for a trust or an estate is its EIN. Taxpayers who fail to include the proper TIN may be subject to a penalty. Please check the return to be sure that all required identification numbers are accurate and written clearly. Missing, incorrect, or unclear identification numbers may cause delays in processing the returns.

**Identification Numbers for Paid Preparers**

If you pay someone else to prepare your return, that person must also include an identification number where requested. A paid preparer may use any of the following:

- his or her PTIN,
- his or her SSN, or
- the EIN for business.

A paid preparer who fails to include the proper numbers may be subject to a penalty.

Instructions For Completing The Worksheet For The Subtraction From Arizona Gross Income For The Net Long-Term Capital Gain From Assets Acquired After December 31, 2011.

Purpose of the Worksheet

The estate or trust may subtract a percentage of any undistributed net long-term capital gain included in its federal taxable income (resident estate or trust) or its Arizona gross income (nonresident estate or trust) that is from an investment in an asset acquired after December 31, 2011. The worksheet is used to identify a qualified asset. For purpose of this subtraction, “qualified” means a capital asset acquired after December 31, 2011 and held for more than one year.

To take the allowable subtraction, you must know whether the capital gain or (loss) is considered short-term or long-term. Only the net long-term capital gain from qualified assets is used to compute the allowable subtraction. For more information about determining whether a gain or (loss) is short term or long term, see federal Publication 544 at www.irs.gov.

If you cannot verify that the capital gain is from the sale of an asset acquired after December 31, 2011, then the capital gain should be included in column (b) of the worksheet as a capital gain from an asset acquired before January 1, 2012.

An asset acquired by gift or inheritance is considered acquired on the date it was acquired by the gift-giver or the deceased individual.

Who Should Complete this Worksheet?

Complete the worksheet to compute the allowable subtraction if the estate or trust has a net long-term capital gain included in federal taxable income (resident estate or trust) or its Arizona gross income (nonresident estate or trust) and the gain includes assets purchased after December 31, 2011.

Do not complete this worksheet if either of the following applies.

- The estate or trust does not have any capital gains to report for the current tax year; or
- The estate or trust does not have any net capital gain from qualified asset(s) acquired after December 31, 2011, to report for the current tax year.

General Instructions

1. Check the box if this worksheet is for an original or an amended return.
2. Keep this worksheet for the estate or trust’s records.

Line-by-Line instructions for completing the worksheet

Lines 1 through 8, lists the federal forms reported on Schedule D (Form 1041). Line 9 identifies the total capital gain distributions reported on Form(s) 1099-DIV.

- **Column (a)** is the total amount of net long-term capital gains or (losses) included in Arizona gross income. For a resident estate or trust, the Arizona gross income is the federal taxable income. For a nonresident estate or trust, the Arizona gross income is that part of the federal taxable income derived from Arizona sources.

- **Column (b)** is the amount of the long-term capital gains or (losses), included in column (a) for assets acquired before January 1, 2012.

- **Column (c)** is the amount of the long-term capital gains or (losses), included in column (a) for assets acquired after December 31, 2011.

- **Column (d)** is the amount of the long-term capital gains or (losses) for assets acquired after December 31, 2011, taxable to the estate or trust.

- **Column (e)** is the amount of the long-term capital gains or (losses) for assets acquired after December 31, 2011, distributed to all beneficiaries.

### Lines 1 through 8 - Capital Gains or (Losses) Reported on Federal Schedule D

Enter the long-term capital gain or (loss) from the federal form listed that was reported on the estate or trust federal Schedule D and included in federal taxable income (resident estate or trust) or its Arizona gross income (nonresident estate or trust).

### Line 9 - Form(s) 1099-DIV Dividends and Distributions

Enter the long-term capital gain or (loss) reported on Form(s) 1099-DIV and included in the estate or trust’s federal taxable income (resident estate or trust) or its Arizona gross income (nonresident estate or trust).

Capital gains listed on a 1099-DIV are gains passed on from a fund, such as a mutual fund, from the sale of assets within the fund. Generally, such funds do not provide the information needed to determine when the asset that was sold was acquired. In this situation, the capital gains will be considered as acquired before January 1, 2012, and would not qualify for this subtraction.

**NOTE:** Some taxpayers are not required to file Schedule D. In these cases, the long-term capital gains or (losses) are reported directly on the taxpayer’s income tax return. Enter those items on line 9.

### Line 10 - Subtotal

For each column, combine the amounts listed on lines 1 through 9 and enter the result.

### Line 11 - Long-Term Capital Loss Carryover

- Column (a), enter the total amount of long-term capital loss carryover actually used on the federal return for the current table year.

- Column (b), enter the portion from column (a) that is from assets acquired before January 1, 2012.

- Column (c), enter the portion from column (a) that is from assets acquired after December 31, 2011.

### Line 12 -

Subtract line 11 from line 10 and enter the difference in each applicable column.
Line 13 -
To determine the amount to enter on line 13, columns (c), (d) and (e), answer the following questions.
Did the estate or trust take a subtraction for any net capital gain included in federal adjusted gross income for the taxable year derived from investment in a qualified small business on Form 141AZ, page 1, line 14?
- If “no”, enter zero on line 13, columns (c), (d) and (e).
- If “yes”, does that amount include any net long-term capital gain from an investment made after December 31, 2011?
  - If “no”, enter zero on line 13, columns (c), (d) and (e).
  - If “yes”, enter in column (c) the total amount of any net long-term capital gain from an investment made after December 31, 2011, and included in the amount subtracted on Form 141AZ, page 1, line 14.
Enter in column (d) the amount of undistributed net long-term capital gain from an investment made after December 31, 2011, and included in the amount subtracted on Form 141AZ, page 1, line 14.
Enter in column (e) the amount of distributed net long-term capital gain from an investment made after December 31, 2011, and included in the amount subtracted on Form 141AZ, page 1, line 14.

Line 14 - Undistributed Net Long-Term Capital Gain or (Loss)
Subtract line 13 from line 12 and enter the result in each applicable column.
- Enter the amount on line 14, column (a) on Form 141AZ line 15(c). If the result for line 14, column (d) is a net capital gain, enter the result on Form 141AZ, page 1, line 15d.
- If the amount on line 14, column (d) is a net capital loss, the estate or trust cannot take a subtraction for any net long-term capital gain from assets acquired after December 31, 2011.

NOTE: Follow the instructions on Form 141AZ Schedule K-1, Part 2; or Schedule K-1(NR), Part 3, for amounts to report to the beneficiaries.

Purpose of Form
Use Form 141AZ EXT to apply for an extension of time to file a Form 141AZ.

Fiduciaries use this form to apply for an automatic 5 ½ month extension.

Also use Form 141AZ EXT to remit an extension payment whether you are requesting an Arizona extension or using a valid federal extension.

Enter the estate or trust’s federal employer identification number (EIN) in the space provided.

Arizona will accept your federal extension for the period covered by the federal extension.

Foreign Addresses
If the fiduciary has a foreign address, enter the information in the following order: city, province or state, and country. Follow the country’s practice for entering the postal code. Do not abbreviate the country name.

When to File
For 2016, you must file Form 141AZ EXT by the original due date of the return.

Complete Form 141AZ EXT to request an automatic 5 ½ month extension (fiduciaries filing Form 141AZ). Mark your envelope “Extension Request.”

For calendar year filers: Because April 15, 2017, falls on a Saturday and District of Columbia Emancipation Day will be observed on April 17, 2017, you have until Tuesday, April 18, 2017, to file the extension.

An extension does not extend the time to pay your income tax. You must still pay your tax liability by April 18, 2017 (or by the original due date of your return). If you do not pay at least 90% (.90) of the tax liability disclosed by your return by the return’s original due date, you will be subject to the extension underpayment penalty. We charge interest from the original due date to the date of payment.

Extension Underpayment Penalty: The estate or trust may be charged this penalty if it does not pay at least 90% of the tax liability shown on your return filed under an extension by the return’s original due date. This penalty is ½ of 1% (.005) of the tax not paid for each 30-day period or fraction of a 30-day period. We impose this penalty from the original due date of the return until the tax is paid. This penalty cannot exceed 25% of the unpaid tax.

If we charge you the extension underpayment penalty, we will not charge you the late payment penalty under Arizona Revised Statutes § 42-1125(D).

Making Your Payment

Fiduciaries filing Form 141AZ must make extension payments by check or money order.

**Who Should File**
The fiduciary should file Form 210 to notify the department of either of the following:
- the creation of a fiduciary relationship for a decedent's estate, or
- the termination of a fiduciary relationship for a decedent's estate.

**Instructions**

**Section 1: Decedent Information**
Enter the decedent's name, address, and social security number. Enter the estate's identification number, if applicable. Enter the dates of the decedent's death and birth, and the date decedent established domicile in Arizona. If the decedent was a nonresident, describe the decedent's Arizona property on a separate schedule. If applicable, provide the name of the decedent's spouse, the spouse's social security number, and, if deceased, the spouse's date of death.

**Foreign Addresses**
If the decedent had a foreign address, enter the information in the following order: city, province or state, and country. Follow the country’s practice for entering the postal code. Do not abbreviate the country’s name.

**Section 2: Fiduciary Information**

**Section 3: Probate Information**
Complete this section only if the decedent's estate is being probated.
- Enter the name of the county in which probate proceedings are being conducted.
- Enter the probate number, the date of the fiduciary's appointment, and the name, address, and telephone number of the attorney for the estate.

If an estate is being probated, the fiduciary may have to obtain a Certificate of Payment of Taxes from the department that shows no income tax is due. The probate court may require this certificate before approving the fiduciary's final account. Arizona law requires a certificate only when all of the following apply:
1. The estate is subject to probate.
2. On the date of death, the value of the assets of the estate exceeded $20,000.
3. The estate has a beneficiary that is not an Arizona resident.

To obtain a certificate from the department, all of the following must be met.
1. A written request for a certificate must be submitted. The request must contain a statement regarding the status of returns filed by or on behalf of the decedent or for the estate for the four taxable years immediately preceding the date of the request. The fiduciary must make the statement under declaration of perjury. The statement must indicate the following:
   - the years for which returns were filed, and
   - the years for which the gross and Arizona taxable incomes were less than the amount necessary to require the filing of returns.
2. A return was filed by or on behalf of the decedent and for the estate for each taxable year in which the respective incomes of the decedent or estate exceeded the requirements for filing returns.
3. A final return (Form 141AZ) is filed when the certificate is requested. This return must be filed regardless of the gross or net income for the year. If there is no income, file a return with zero "0" on all lines.
4. The fiduciary has filed Form 210.

**Section 4: Estate Information**
Enter the approximate gross value of the decedent's entire estate. If the estate is being probated, also enter the approximate value of the probate estate. Enter the name, address, and social security number of each beneficiary of the estate. Include an extra sheet, if necessary.
Section 5: Termination of Fiduciary Relationship

Calling the Department

If you have any questions or need help with Form 210, call the department at (602) 716-7809.
If the fiduciary figures the estate or trust's current year's tax under Arizona's claim of right provisions, complete this form to figure the prior year's tax reduction and explain the amounts repaired. For more information on Arizona's claim of right provisions, see the department's procedure, ITP 16-1.

### Part 1 General Information

1. Enter the **total** amount of all income that was **repaid** during the 2016 tax year that was included in income under a claim of right.  
   
   *(If the amount on line 1 is $3,000 or less, STOP. The estate or trust does not qualify to compute a credit for amounts paid back under a claim of right.)*

2. Was the total amount repaid in 2016 from income that was reported in more than one prior tax year?  
   - **Yes**
   - **No**

3. List each prior tax year that included income that was included in line 1:  
   - 3a
   - 3b
   - 3c
   - 3d

   - 3f

4. Did the estate or trust take a deduction instead of a credit for the claim of right on the 2016 federal income tax return?  
   - **Yes**
   - **No**

### Part 2 Decrease in Prior Year's Tax

5. Prior Tax Year: 

6. Enter the amount of tax from the Arizona tax return filed for the prior tax year.  

7. For the year listed on line 5, refigure your tax for the prior tax year without including the income that you repaid in 2016.  

8. Subtract line 7 from 6. Enter the difference.  

   *(This is the estate or trust's claim of right credit for the current tax year. Enter the amount shown on line 8 on the estate or trust's income tax return, Form 141AZ, line 20, box 20b.)*

   *(Note: If you are completing more than one Claim of Right form, add all amounts on line 8 and enter the total on your tax return.)*

### Part 3 Explanation of the estate or trust's claim of right for the prior tax year entered on line 5. Show how the fiduciary figured the amounts entered in Part 2.  

*(If more space is needed, continue on page 2 or provide your own schedule.)*
What is a Claim of Right?

Generally, a claim of right is when:

- a taxpayer received income during a prior tax year, and reported that income on the tax return filed for that prior tax year; and
- then has to repay that income back in a future tax year.

Example: An estate or trust received income during 2013. In 2016 the estate or trust received a letter from the business that paid the income stating there was a mistake and the income amount paid during 2013 was more than the estate or trust should have received. The estate or trust must now pay the overpaid amount back to the business.

For information regarding which types of income qualify or do not qualify for a claim of right, see federal Publication 525 at www.irs.gov.

How does the claim of right work?

For federal income tax purposes, the estate or trust may take a deduction for the repayment of an amount included in income under a claim of right or claim a credit. When the amount repaid was $3,000 or less, the estate or trust may be able to deduct the amount repaid from the income for the year in which it was repaid. Or, if the amount the estate or trust repaid is more than $3,000, it may be able to claim a credit against the tax for the year in which it repaid it.

For Arizona income tax purposes, the Arizona claim of right provisions only apply in cases where the total amount repaid during the year was more than $3,000. In this case, the estate or trust cannot take a deduction, but must claim a “credit”.

When the estate or trust figures whether the amount it repaid was more or less than $3,000, it must consider the total amount being repaid during the year. Each instance of repayment is not considered separately. The total re-payment amount may include income from just one prior tax year or multiple prior tax years.

Who Must Complete an Arizona Claim of Right Form?

If the estate or trust figures its 2016 income tax under Arizona's claim of right provisions, complete an Arizona Claim of Right form and include it with the estate or trust’s 2016 income tax return.

The Fiduciary must complete and include a separate form for each prior tax year for which the Fiduciary figured a tax reduction (decrease).

For more information on Arizona's Claim of Right provisions and examples of how to compute the decrease in tax for a prior taxable year (or years), see the department’s procedure, ITP 16-1, Procedure for Individuals Who Restore Substantial Amounts Held Under a Claim of Right.

How to complete an Arizona Claim of Right Form

- If the total amount repaid during 2016 was from income that was reported in only one prior tax year, the Fiduciary must file one form, completing Parts 1, 2, and 3.
- If the total amount repaid during 2016 was from income that was reported in more than one prior tax year, file a separate form for each tax year listed on line 3, and complete each form as follows:
  - For the earliest tax year, complete Parts 1, 2, and 3.
  - For all other years, only complete Parts 2 and 3.

For example, if the total amount repaid was from income reported in tax years 2013, 2014, and 2015, complete Parts 1, 2, and 3 for tax year 2013. Be sure to enter the total income that was repaid for all prior tax years when completing Part 1, line 1, for taxable year 2013.

For tax years 2014 and 2015, only complete Parts 2 and 3 on both of these separate claim of right forms

Line-by-Line Instructions

Part 1 - General Information

Line 1

Enter the total amount of all income that the estate or trust repaid during the 2016 tax year that was included in income under a claim of right.

CAUTION: If the amount on line 1 is $3,000 or less, STOP. The estate or trust does not qualify to figure a credit for amounts paid back under a claim of right.

Line 2

Check “Yes” if the total amount repaid in 2016 was from income that was reported in more than one prior tax year.

If you checked “Yes” you must complete and include with the estate or trust’s 2016 tax return a separate Claim of Right form.
for each prior taxable year. See the instructions under **How to complete an Arizona Claim of Right Form** for more than one tax year.

**Line 3**
List each prior tax year that included income that was repaid in 2016 and included in income under claim of right.

**Line 4**
If the estate or trust took a deduction on its federal return instead of claiming a credit, check the box, “Yes”.
The estate or trust cannot take both a deduction and claim a credit on its Arizona return for the amounts repaid and included in income under a claim of right. Because the deduction is included in the computation of its federal taxable income, it must add-back the amount of the income entered on line 1 as an “Other Addition to Income” on its income tax return, Form 141AZ, Part B, line B3.

**Part 2 - Decrease in Prior Year’s Tax**

**Line 5**
Using the format, MM/DD/YYYY, enter the prior tax year for which the estate or trust is completing this form. If the fiduciary is completing more than one form for the current tax year, complete Part 2 for each separate tax year.

**Line 6**
Enter the amount of tax from the Arizona return filed for the tax year listed on line 5.

**Line 7**
For the tax year listed on line 5, refigure the estate or trust’s tax for the tax year listed on line 5 without including the income that it repaid in 2016.

**Line 8**
Subtract line 7 from line 6 and enter the difference.
This is the estate or trust’s claim of right credit for the current tax year. Enter the amount shown on line 8 on its current year’s income tax return, Form 141AZ, line 20, box 20b.
If the estate or trust is completing more than one Claim of Right form, add all amounts on line 8 and enter the total on the tax return.

**Part 3 - Explanation**
Complete Part 3 explaining the estate or trust’s claim of right. Show how it figured the amounts in Part 2. If more space is needed, continue on page 2 of the form or provide its own schedule.

General Instructions

Why is Form A1-APR Filed?
An employer must withhold Arizona income tax from wages paid for services performed in Arizona. Tax must be withheld, unless those wages are exempt from Arizona withholding.

The employer must remit the tax withheld to the department, based on the deposit schedule that applies to the employer. Some employers may qualify to make one annual Arizona withholding payment.

An employer that is eligible to file and pay on an annual basis files one Form A1-APR. Form A1-APR may be filed electronically or the employer may file a paper Form A1-APR.

If a paper Form A1-APR is filed, use Form A1-APR to transmit federal Forms W-2, Form W-2c, Form W-2G (with Arizona withholding) and Form 1099-R (with Arizona withholding).

Form A1-APR may also be used as the written notice that the business is cancelling its withholding registration.

NOTE: For details about other returns and forms that may be required, see the department’s procedure WTP 16-2, What Withholding Tax Forms and Returns to File and When to File Them.

Who May File Form A1-APR?
Employers that qualify to use the annual deposit schedule file Form A1-APR.

NOTE: An employer that uses the annual deposit schedule does not file Form A1-QRT or Form A1-R. This employer files Form A1-APR instead.

What withholding payments are reconciled using this form?
All Arizona withholding amounts averaging less than $200 per quarter are reconciled using this form. Arizona law requires all amounts withheld to be treated as if the withholding was from wages paid to an employee.

NOTE: If you file federal Form 941 to report federal withholding on Arizona wages and federal Form 945 to report federal withholding on Arizona non-wage payments for the same Employer Identification Number (EIN), AND your total Arizona withholding amounts are less than $200 per quarter, file one A1-APR to report and reconcile your total Arizona withholding for the year. Do not file more than one original A1-APR for the same EIN for the same period of time.

Who May Use the Annual Deposit Schedule?

NOTE: Only an employer that qualifies to make its withholding payment on an annual basis should use Form A1-APR. If the employer files Form A1-QRT or Form A1-R, do not file Form A1-APR.

For an employer to qualify to make its withholding payment on an annual basis, the employer must have been in business for at least a year and it must have established a filing and payment history. To establish a filing and payment history, the employer must have:

• Filed quarterly returns (Form A1-QRT) for at least 4 preceding quarters.
• Had a withholding liability of more than zero (“0”) for at least 1 of the previous 4 quarters.
• Had average quarterly Arizona tax withholding of $200 or less in the last 4 quarters. This will be met if the total amount withheld in that period is $800 or less.
• Timely filed Form A1-QRT and timely paid its Arizona withholding for at least 3 out of the last 4 preceding quarters.
• If more than 4 prior quarters, filed Form A1-QRT for all preceding quarters.
• Filed the annual reconciliation tax return (Form A1-R) for all prior calendar years.
• Timely filed Form A1-R for the immediately preceding calendar year.
• Paid all amounts due [has no balance due (tax, penalty, or interest) for any prior quarter].

An employer may continue to make its Arizona withholding payments on an annual basis for the succeeding calendar year if all of the following conditions are met:

• The average amount of Arizona income taxes withheld by the employer in the four preceding calendar quarters does not exceed $200.
• The employer has timely filed the annual payment tax return (Form A1-APR) and has timely made its annual Arizona withholding payment for the preceding calendar year.

If an employer does not meet all of the qualifying conditions to continue making its Arizona withholding payments on an annual basis for the succeeding calendar year:

• The employer must determine its Arizona withholding payment schedule for succeeding calendar quarters according to the Arizona Withholding Liability/Payment Schedule section of Form A1-QRT instructions; and
• The employer shall file quarterly tax returns (Form A1-QRT) for succeeding calendar quarters.

What is the due date for filing Form A1-APR and for Making the Annual Deposit?

Due Date for Payment and Filing Form A1-APR

<table>
<thead>
<tr>
<th>Period in Which Wages Paid</th>
<th>Form A1-APR and Payment Due By</th>
</tr>
</thead>
<tbody>
<tr>
<td>January - December</td>
<td>February 28 of the following year</td>
</tr>
</tbody>
</table>

If the due date falls on a Saturday, Sunday, or a legal holiday, the return will be considered timely if filed on the next business day.

Payment of Tax

The entire amount of tax must be paid by the original due date of Form A1-APR. The tax must be paid by this due date even if the employer has been granted an extension of time to file Form A1-APR.

NOTE: If the due date falls on a Saturday, Sunday, or a legal holiday, the payment will be considered timely if made on the next business day.

Can you get an extension of time to file Form A1-APR?

You may apply for a 30-day extension of time to file Form A1-APR. When asking for an extension, you must show good cause. You must file the extension request as soon as you know that you need an extension. The extension request must be mailed or faxed on or before February 28. For details on how to request an extension, see the department’s procedure, WTP 11-1, Procedure for Requesting Extension of the Filing Deadline for Annual Withholding Tax Returns.

If you are making a payment with an extension request, you must make that payment with a completed Form A1-WP. Show that the payment is for the 4th Quarter.

Sending Federal Forms W-2, W-2c, W-2G, and 1099-R to the Department

An employer may send Forms W-2, W-2c, W-2G, and 1099-R to the department by attaching paper copies or optical media to Form A1-APR.

If the employer is filing a paper Form A1-APR, it must send federal Forms W-2, W-2c, W-2G, and 1099-R (either paper copies or optical media) to the department included with Form A1-APR.

If the employer is electronically filing Form A1-APR, it must send in federal forms W-2, W-2c, W-2G, and 1099-R (either paper copies or optical media) with Form A1-T.

Paper copy. Submit a paper copy of each federal Form W-2, W-2c, W-2G, and 1099-R with Form A1-APR.

Optical media. Label the CD-ROM or DVD (CD/DVD) with the employer’s name, EIN, calendar year, and Form W-2 or Form 1099 (or both, whichever applies). If the CD/DVD is password protected, note that on the label and indicate the email address from which you will be sending the password to the department. Email the password separately to MediaLibrarian@azdor.gov. Include “Form W-2” or “Form 1099” (or both, whichever applies) in the subject line of the email. In the body of the email, include the same information that is on the CD/DVD label. The department will not return or copy any media.

Employers submitting the information on CD/DVD should secure the CD/DVD in a hard case and include it with Form A1-APR.

NOTE: If you filed Form A1-APR electronically, do not include a paper copy of Form A1-APR with the CD/DVD containing optical media. Instead, submit the CD DVD with Form A1-T.

For more details on sending in federal forms using optical media, see the department’s publication 701, Optical Media Reporting.

Penalties and Interest

A. Late Filing Penalty. If you file late, we will charge you a late filing penalty. This penalty is $25 (.25) of the tax required to be shown on the return for each month or fraction of a month the return is late. This penalty cannot exceed 25% (.25) of the tax found to be remaining due.

B. Late Payment Penalty. If you pay your tax late, we will charge you a late payment penalty. This penalty is ½ of 1% (.005) of the amount shown as tax for each month or fraction of a month for which the failure continues. We charge this penalty from the original due date of the return until the date you pay the tax. This penalty cannot exceed a total of 10% (.10).

NOTE: If the penalties in both A and B apply, the maximum combined penalty cannot be more than 25%.

C. Additional Failure to Pay Penalty. We may charge an additional penalty if the amount of tax required to be withheld is not paid by the due date set for its payment. This amount may be determined by either the employer or the department. This penalty is 25% (.25) of the amount of tax required to be withheld and paid to the department.

D. Payroll Service Company Penalty. A payroll service company (PSC) must make withholding payments electronically. A PSC must also file Form A1-APR electronically. A PSC is subject to a $25 penalty for each failure to make withholding payments electronically. A PSC is also subject to a $25 penalty for each failure to file withholding returns electronically. Multiple $25 penalties could apply to the same client on one return.

E. Interest. We charge interest on any tax not paid by the due date. The Arizona interest rate is the same as the federal rate imposed on individual taxpayers.

General Instructions

Why is Form A1-QRT required?
An employer must withhold Arizona income tax from wages paid for services performed in Arizona. Tax must be withheld, unless those wages are exempt from Arizona withholding tax. Withholding may also be withheld from pensions and gambling winnings.

The employer must remit the tax withheld to the department, based on the deposit schedule that applies to that employer. Employers must reconcile the amounts withheld during the quarter to the amounts paid during the quarter. Form A1-QRT is filed for this purpose.

Form A1-QRT is also used as:
- The payment transmittal form for payments made on a quarterly basis when those payments are made by check or money order.
- The written notification to the department that the business is cancelling its withholding registration.

NOTE: For details about other returns and forms that may be required, see Withholding Tax Procedure (WTP) 16-2, What Withholding Tax Forms and Returns to File and When to File Them.

Who Must File Form A1-QRT
All employers, except employers who remit on an annual basis must file Form A1-QRT. Employers that remit on any of the following schedules must file Form A1-QRT:
- Quarterly
- Monthly
- Semi-weekly (including employers that incur a one banking day payment obligation)

NOTE: An employer must file Form A1-QRT for every quarter. This includes quarters in which the employer has not withheld any Arizona tax. For those quarters, the employer must file a Form A1-QRT that shows zero withholding liability. These returns must be filed until the employer cancels its withholding registration by filing a final Form A1-QRT. The only exception is for employers that qualify to file and pay on an annual basis (Form A1-APR).

What withholding payments are reconciled using this form?
All Arizona withholding amounts averaging more than $200 per quarter are reconciled using this form. Arizona law requires all amounts withheld to be treated as if the withholding was from wages paid to an employee.

NOTE: If you file federal Form 941 to report federal withholding on Arizona wages and federal Form 945 to report federal withholding on Arizona non-wage payments for the same Employer Identification Number (EIN), file one A1-QRT to reconcile the total Arizona withholding for the quarter. Do not file more than one original A1-QRT for the same EIN for the same quarter.

What are the due dates for filing Form A1-QRT?
Form A1-QRT is due as follows:

<table>
<thead>
<tr>
<th>Quarter</th>
<th>Form A1-QRT Due Date</th>
<th>*Form A1-QRT Extended Due Date</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 (January - March)</td>
<td>April 30</td>
<td>May 10</td>
</tr>
<tr>
<td>2 (April - June)</td>
<td>July 31</td>
<td>August 10</td>
</tr>
<tr>
<td>3 (July - September)</td>
<td>October 31</td>
<td>November 10</td>
</tr>
<tr>
<td>4 (October - December)</td>
<td>January 31</td>
<td>February 10</td>
</tr>
</tbody>
</table>

*Extended Form A1-QRT due dates are available to employers who have made every payment on time during the prior quarter. These employers may have 10 additional days in which to file their A1-QRT.

Because April 30, 2017, is a Sunday, the return will be timely if filed by Monday, May 1, 2017. Also, if the extended due date applies, a return due on February 10, 2018, will be timely if filed by February 12, 2018.

Penalties and Interest

A. Late Filing Penalty. If you file late, we will charge you a late filing penalty. This penalty is 4½% (.045) of the tax required to be shown on the return for each month or fraction of a month the return is late. This penalty cannot exceed 25% of the tax found to be remaining due.

B. Late Payment Penalty. If you pay your tax late, we will charge you a late payment penalty. This penalty is ½ of 1% (.005) of the amount shown as tax for each month or fraction of a month for which the failure continues. We charge this penalty from the original due date of the return until the date you pay the tax. This penalty cannot exceed a total of 10%.

C. Additional Failure to Pay Penalty. We may charge an additional penalty if the amount of tax required to be withheld is not paid by the date set for its payment. This amount may be determined by either the employer or the department. This penalty is 25% (.25) of the amount of tax required to be withheld and paid to the department.
D. Payroll Service Company Penalty. A Payroll Service Company (PSC) must make withholding payments electronically. A PSC must also file Form A1-QRT electronically. A PSC is subject to a $25 penalty for each failure to make withholding payments electronically. A PSC is also subject to a $25 penalty for each failure to file withholding returns electronically. Multiple $25 penalties could apply to the same client on one return. For example, if Client A is required to make 4 payments in the 3rd quarter, and none of the payments are made electronically, the PSC would be subject to four $25 penalties, totaling $100. If the PSC files a paper Form A1-QRT for Client A, the PSC will be charged another penalty of $25. The PSC would owe a grand total of $125 in penalties related to Client A for the 3rd quarter.

E. Interest. We charge interest on any tax not paid by the due date. The Arizona interest rate is the same as the federal rate imposed on individual taxpayers.

Specific Instructions

You may file a paper Form A1-QRT, or you may file Form A1-QRT electronically. To file Form A1-QRT online, the business must be registered to use www.AZTaxes.gov. When filing and paying online, the employer does not have to file a paper form with the department. If you are using a PSC, that company must file your A1-QRT electronically. Visit www.AZTaxes.gov and select the link under Payroll Service Companies, “Bulk File & Pay WTH Returns”.

Ein and Paid Preparer Tin

All withholding returns filed with the department require the employer’s EIN. Paid preparers must provide a taxpayer identification number (TIN). Taxpayers and their paid preparers that fail to include their EIN or TIN may be subject to a penalty.

The TIN for a paid preparer may be one of the following:

- The preparer’s PTIN,
- The preparer’s SSN, or
- The EIN for the business.

Part 1 - Taxpayer Information

Name, Address, Phone Number and Address Change Box

Type or print the employer's name, address, and phone number. If the employer has a foreign address, enter the information in the following order: city, province or state, and country. Follow the country’s practice for entering the postal code. Do not abbreviate the country’s name.

Address Change

If you have had an address change since you last filed Form A1-QRT, enter your current address in Part 1. Also, check the “Address Change” box.

Employer Identification Number (Ein)

Enter the employer’s EIN. If the employer does not have an EIN, it must get one from the IRS.

Quarter and Year

Enter the quarter and the year for which Form A1-QRT is being filed. For this purpose, the term “quarter” refers to a calendar quarter based on a calendar year. Each quarter is comprised of three months and each quarter contains the months shown in the following chart.

<table>
<thead>
<tr>
<th>Quarter</th>
<th>Months in Quarter</th>
</tr>
</thead>
<tbody>
<tr>
<td>1st</td>
<td>January through March</td>
</tr>
<tr>
<td>2nd</td>
<td>April through June</td>
</tr>
<tr>
<td>3rd</td>
<td>July through October</td>
</tr>
<tr>
<td>4th</td>
<td>October through December</td>
</tr>
</tbody>
</table>

Amended Return

If this is an amended Form A1-QRT, check the amended return box on page 1 of the form. Also, complete Part 5 on page 2 of the form to explain why you are amending the return. If you are filing an amended return for a quarter in a prior calendar year, you must also file an amended Form A1-R for that year. Include the state copies of the federal Forms W-2c, or corrected copies of Forms W-2G and 1099-R with the amended Form A1-R.

NOTE: An amended Form A1-QRT can only be electronically filed through www.AZTaxes.gov by a PSC or by an employer filing through a registered transmitter. All other employers required to file an amended Form A1-QRT must file a paper return.

Final Return

If this is a final return, check the final return box on page 1 of the form. Enter the date that the final wages were paid. Complete Part 6 on page 2 of the form to indicate the reason for the cancellation.

When you cancel your withholding account, you must file a final return on Form A1-QRT to report your Arizona tax liability for the quarter in which the account was closed.

NOTE: You must also file Form A1-R, Arizona Withholding Reconciliation Return, for that calendar year.

For details about an employer’s duties when a business stops paying wages or if the business is sold, transferred or closed, see the department’s procedure WTP 92-1, Procedure for Filing Final Withholding Reports/Returns.

Total Arizona Payroll and Employees for the Quarter

Enter the total gross Arizona payroll for this calendar quarter. This is the amount of wages paid to employees who are subject to Arizona withholding.

Enter the number of employees on your payroll for the quarter who received wages, tips, or other compensation this quarter. Include only employees who are subject to Arizona withholding.

This includes:

1. An employee who had Arizona withholding deducted from his or her wages in this calendar quarter; and
2. An employee whose wages were for services performed in Arizona, but the employee filed an election to not have any Arizona withholding deducted from his or her wages.
An employer must use the quarterly deposit schedule if:

- Them.
- which deposit schedule to use, see WTP 16-2, What Withholding Tax Forms and Returns to File and When to File Them.

NOTE: All liabilities reported and payments made should be net of any withholding designated for tax credits.

Arizona Withholding Deposit Schedules

Part 2 of Form A1-QRT is completed based on the deposit schedule that applies for the employer.

For Arizona withholding tax purposes, several deposit schedules may apply. The schedule that an employer must use will depend on the amount of Arizona tax withheld. These schedules are based on the average amount withheld during the prior 4 quarter period. The employer must compute this average at the start of each new quarter. The deposit schedule that may apply for one quarter may not be the same schedule that applies to the next.

Explanation of Deposit Schedules

The Arizona deposit schedules are as follows:

<table>
<thead>
<tr>
<th>Previous 4 Quarter Arizona Withholding Average</th>
<th>Arizona Deposit Schedule</th>
</tr>
</thead>
<tbody>
<tr>
<td>$1,500 or less</td>
<td>Quarterly (May deposit on an annual basis if 4 quarter average is $200 or less and other criteria met)</td>
</tr>
<tr>
<td>More than $1,500</td>
<td>Same time as Federal (Monthly, Semi-weekly, Next Business Day)</td>
</tr>
</tbody>
</table>

NOTE: For help in figuring out your quarterly averages and which deposit schedule to use, see WTP 16-2, What Withholding Tax Forms and Returns to File and When to File Them.

Quarterly Deposit Schedule

An employer must use the quarterly deposit schedule if:

1. The average amount of Arizona tax withheld during the prior 4 quarters was not more than $1,500; and
2. The employer does not qualify to use the annual deposit schedule.

Payment due dates for the quarterly deposit schedule are as follows:

<table>
<thead>
<tr>
<th>Quarter in Which Wages Paid</th>
<th>Arizona Payment Due By</th>
</tr>
</thead>
<tbody>
<tr>
<td>1st</td>
<td>April 30</td>
</tr>
<tr>
<td>2nd</td>
<td>July 31</td>
</tr>
<tr>
<td>3rd</td>
<td>October 31</td>
</tr>
<tr>
<td>4th</td>
<td>January 31</td>
</tr>
</tbody>
</table>

If the due date falls on a Saturday, Sunday, or a legal holiday, the payment will be considered timely if made on the next banking day.

Annual Deposit Schedule

NOTE: An employer that uses the annual deposit schedule does not file Form A1-QRT. This employer files Form A1-APR instead.

Some employer’s may qualify to make one annual Arizona withholding payment. The employer must have been in business for at least a year and it must have established a specified filing and payment history. The employer must also have an average quarterly Arizona tax withholding of $200 or less for the last 4 quarters. For complete details, see WTP 16-2, What Withholding Tax Forms and Returns to File and When to File Them.

Payment due date for the annual deposit schedule:

<table>
<thead>
<tr>
<th>Period in Which Wages Paid</th>
<th>Arizona Payment Due By</th>
</tr>
</thead>
<tbody>
<tr>
<td>January – December</td>
<td>February 28 of the following year</td>
</tr>
</tbody>
</table>

If the due date falls on a Saturday, Sunday, or a legal holiday, the payment will be timely if made on the next banking day.

Same Time as Federal Deposit Schedule

When the prior 4 quarter average is more than $1,500, the employer must remit its Arizona tax at the same time it must remit its federal tax.

For federal purposes, there are two deposit schedules (monthly and semi-weekly). Before the start of each calendar year, the employer must decide which of the two deposit schedules it must use. The terms “monthly deposit schedule” and “semi-weekly deposit schedule” do not refer to how often a business pays wages. These terms do not refer to how often the employer must make deposits. These terms refer to which set of deposit rules the employer must use. The deposit rules are based on the dates when wages are paid (cash basis); not on when tax liabilities are accrued for accounting purposes.

Federal Monthly Deposit Schedule

For federal purposes, this schedule applies when the total federal tax reported for the federal lookback period was $50,000 or less. Under this schedule, an employer must deposit its taxes for wages paid during the month by the 15th day of the following month. An Arizona employer whose prior 4 quarter average is more than $1,500, who uses this schedule for federal purposes must also deposit the Arizona tax withheld by the 15th day of the following month.

Monthly Deposit Schedule

<table>
<thead>
<tr>
<th>Period in Which Wages Paid</th>
<th>Arizona Payment Due By</th>
</tr>
</thead>
<tbody>
<tr>
<td>Any month during the year</td>
<td>15th day of the month following the month in which wages were paid</td>
</tr>
</tbody>
</table>

If the due date falls on a Saturday, Sunday, or a legal holiday, the payment will be considered timely if made on the next banking day.

Federal Semi-weekly Deposit Schedule

For federal purposes, this schedule applies when the total federal tax reported for the federal lookback period was more than $50,000. An Arizona employer whose prior 4 quarter
average is more than $1,500, who uses this schedule for federal purposes must also use this schedule to remit its Arizona tax.

**Semi-weekly Deposits**

<table>
<thead>
<tr>
<th>Day of the Week Wages Paid</th>
<th>Payment Due By</th>
</tr>
</thead>
<tbody>
<tr>
<td>Wednesday, Thursday or Friday</td>
<td>The Following Wednesday</td>
</tr>
<tr>
<td>Saturday, Sunday, Monday or Tuesday</td>
<td>The Following Friday</td>
</tr>
</tbody>
</table>

*If the due date falls on a Saturday, Sunday, or a legal holiday, the withholding payment is timely if made on the next banking day.*

**Federal Next Business Day Deposit**

For federal purposes, this schedule applies when the employer accumulates a federal withholding tax liability of $100,000 or more on any day during a federal deposit period. In this case, the employer must deposit the tax by the close of the next business day. This applies whether the employer is a monthly or semi-weekly schedule depositor.

An Arizona employer whose prior 4 quarter average is more than $1,500, which must deposit its federal tax by the close of the next business day, must also deposit its Arizona tax by the close of the next business day. If an employer is a monthly depositor, that employer will become a semi-weekly depositor when it incurs a next day deposit obligation. The employer will remain a semi-weekly depositor for the remainder of the calendar quarter.

**Completing Part 2 of Form A1-QRT**

**Part 2, Section A - Quarterly Deposit Schedule**

Employers that use the Quarterly Deposit Schedule must complete Part 2, Section A.

An employer that uses the quarterly deposit schedule must complete:
- Part 2, Section A, line A1. For line A1, enter the amount withheld during the quarter, not the amount paid to the department. Also, enter this amount on Part 3, line 1.

*IF YOU COMPLETED PART 2A, LINE 1A, DO NOT COMPLETE PART 2B, LINES B1 THROUGH B4, MONTHLY DEPOSIT SCHEDULE, OR PART 4, SEMI-WEEKLY DEPOSIT SCHEDULE.*

**Part 2, Section B - Monthly Deposit Schedule**

Employers that use the Monthly Deposit Schedule must complete Part 2, Section B.

**Monthly Deposit Schedule Used for All Months in the Quarter**

An employer that uses the Monthly Deposit Schedule for all three months of the quarter must complete:
- Part 2, Section B, lines B1 through B3. Enter the amount withheld during each respective month of the quarter, not the amount paid to the department.
- Part 2, Section B, line 4. Add lines B1 through B3. Enter the total. Also, enter this amount on Part 3, line 1.

**Employer that Changes from the Monthly Deposit Schedule to the Semi-weekly Deposit During the Quarter**

If the employer is a monthly depositor, that employer will become a semi-weekly depositor once it incurs a next day deposit obligation. The employer will be a semi-weekly depositor for the rest of the calendar quarter. If this occurs, the employer must:
- Check the box on page 1, in Part 2B.
- Complete Part 4 on page 2, Section A, B and/or C as applicable.

If an Employer Becomes a Semi-weekly Depositor During the 1st Month of the Quarter, The Employer Must:
- Check the box on page 1, in Part 2B.
- 1st month - Complete Part 4, Section A of the Semi-weekly Deposit Schedule. Enter the total of Part 4, Section A in Part 2B, line B1.
- 2nd month - Complete Part 4, Section B of the Semi-weekly Deposit Schedule. Enter the total of Part 4, Section B in Part 2B, line B2.
- 3rd month - Complete Part 4, Section C of the Semi-weekly Deposit Schedule. Enter the total of section C in Part 2B, line B3.

If an Employer Becomes a Semi-weekly Depositor During the 2nd Month of the Quarter, The Employer Must:
- Check the box on page 1, in Part 2B.
- 2nd month - Complete Part 4, Section B of the Semi-weekly Deposit Schedule. Enter the total of Part 4, Section B in Part 2B, line B2.
- 3rd month - Complete Part 4, Section C of the Semi-weekly Deposit Schedule. Enter the total of section C in Part 2B, line B3.

If an Employer Becomes a Semi-weekly Depositor During the 3rd Month of the Quarter, The Employer Must:
- Check the box on page 1, in Part 2B.
- 3rd month - Complete Part 4, Section C of the Semi-weekly Deposit Schedule. Enter the total of section C in Part 2B, line B3.

**SEMI-WEEKLY DEPOSIT SCHEDULE**

An employer that uses the semi-weekly deposit schedule for each month of the quarter must complete the following parts of Form A1-QRT:
- Part 2, Section B, lines B1 through B4
- Part 3
- Part 4

**First, Complete Part 4, Sections A, B and C.**

Each section (A, B and C) in Part 4 represents one month in the quarter. Lines 1 through 31 of each section represent days of the month.

Complete each section in Part 4 using the following rules:
- For each day in a month on which you paid wages, enter the amount withheld. Do not enter the amount paid.
• If the payment was required to be paid as a next day banking obligation, check the box to the right of the day of the month on which the wages were paid. If this does not apply, do not check the box.
• Total the amount of the withholding liability for the month. This is the total of all amounts entered for each day during the month on which you paid wages. Your withholding liability is the amount withheld, not the amount that you paid to the department during the month.
• For each month, also enter the monthly total on the correct line in Part 2, Section B.
The following example will show how a semi-weekly depositor completes Part 4 for the 1st month of withholding in the quarter.

<table>
<thead>
<tr>
<th>Day of the Week</th>
<th>Payment Due By</th>
</tr>
</thead>
<tbody>
<tr>
<td>Wages Paid</td>
<td></td>
</tr>
<tr>
<td>Wednesday, Thursday, or Friday</td>
<td>The Following Wednesday</td>
</tr>
<tr>
<td>Saturday, Sunday, Monday, or Tuesday</td>
<td>The Following Friday</td>
</tr>
</tbody>
</table>

Semi-weekly
Group D uses the semi-weekly deposit schedule to remit its federal tax withheld. Because Group D’s previous 4 quarter Arizona average was more than $1,500, Group D must also make its Arizona withholding payments using the federal semi-weekly deposit schedule. Group D pays wages on the 15th and the 30th of each month. (Since the 15th of the example month falls on a Sunday, Group D pays its wages on the preceding Friday.) For the first quarter of 2017, Group D must remit its Arizona withholding as shown:

<table>
<thead>
<tr>
<th>Date Wages Paid</th>
<th>Day of the Week</th>
<th>Tax Withheld</th>
<th>Due By</th>
<th>Amount Due</th>
</tr>
</thead>
<tbody>
<tr>
<td>13th Friday</td>
<td>$525</td>
<td>Wednesday 1/18</td>
<td>$525.00</td>
<td></td>
</tr>
<tr>
<td>30th Tuesday</td>
<td>$675</td>
<td>Friday 2/3</td>
<td>$675.00</td>
<td></td>
</tr>
</tbody>
</table>

Group D completes Part 4, Section A as follows:
Because Group D has only 2 paydays in January, Group D enters an amount in Part 4, Section A on line 13, and on line 30. Group D would enter $525.00 on line 13 and $675.00 on line 30. Group D would add these amounts together and enter $1,200 for its total monthly liability.

Second, Complete Part 2, lines B1 through B4.
Once Part 4, Sections A, B and C are completed, do the following:
• Enter the total from Part 4, Section A, on Part 2B, line B1.
• Enter the total from Part 4, Section B, on Part 2B, line B2.
• Enter the total from Part 4, Section C, on Part 2B, line B3.
• Add the amounts entered on lines B1, B2 and B3 and enter the total on line B4.
• Also check the box that indicates that the employer is a semi-weekly depositor.

Third, Complete Part 3, lines 1 through 3.
Complete Part 3, lines 1 through 3 following the instructions for Part 3.

Part 3 - Tax Computation

Line 1 - Liability (Arizona Tax Withheld or Amount Required to be Withheld During the Quarter)
• Quarterly Depositors
Enter the amount from Part 2, Section A, line A1 here.
• Monthly and Semi-weekly Depositors
Enter the amount from Part 2, Section B, line B4 here.

Line 2 - Payments Made for the Quarter
Enter the total amount of payments made for this quarter. If no payments were made prior to filing this return, enter “0”.
Do not include any payment that is made with this return (or for this return, if you are making a payment for an amount due for this return).

Line 3 - Total Amount Due
Subtract the amount on line 2 from the amount on line 1. Enter the difference.

If line 3 is a positive number, this is the amount of tax due. You can pay by check, money order, electronic check, or credit card. If you owe any penalty or interest, the department will calculate these amounts and mail a billing notice after the return is processed.

If you are filing an amended return and that return shows a balance due, enclose the amount due with the amended return, unless the payment must be made by EFT. If payments must be made by EFT, make the payment for the balance due by EFT. The department will send you a bill for any interest or penalty due once the amended return is processed.

If line 3 is a negative number (an amount less than zero), this is the overpayment for the quarter. Use a minus sign to indicate a negative amount. After the return is processed and payments are confirmed, the overpayment will be applied to any outstanding liabilities, possibly in another tax type. If the overpayment exceeds the outstanding liabilities or the employer has no outstanding liabilities, a refund check will be issued and mailed to the employer. A refund will not be issued once the overpayment is applied to a liability.

Tax Payments
Check or Money Order
Make checks payable to Arizona Department of Revenue. Include the employer's EIN on the front of the check or money order. Include the check or money order with the return.

Internet Payments
Go to www.AZTaxes.gov to register or to make payments over the Internet.

Electronic payment from checking or savings account
Payments can be made electronically from a checking or savings account. Go to www.AZTaxes.gov and choose the e-check option. There is no fee to use this method. This payment method will debit the amount from the specified checking or savings account on the date specified. If an electronic payment is made from a checking or savings account, a confirmation number will be generated. Please keep this confirmation number as proof of payment.
Credit card payment
Payments can be made via American Express, Discover, MasterCard or VISA credit cards. Go to www.AZTaxes.gov and choose the credit card option. This will take you to the website of the credit card payment service provider. The service provider will charge a fee based on the amount of the tax payment. The service provider will disclose the amount of the fee during the transaction and you will be given the option to continue or cancel. If you accept the fee and complete the credit card transaction, a confirmation number will be generated. Please keep this confirmation number as proof of payment.

Part 4 – Semi-Weekly Deposit Schedule
If you are an employer who is required to make withholding deposits on a semi-weekly schedule, or you are required to make a federal next day deposit, complete Part 4 using the instructions beginning on page 4, “SEMI-WEEKLY DEPOSIT SCHEDULE”.

Part 5 - Amended Return Information
If this is an amended return, explain why you are amending Form A1-QRT.

Part 6 - Reason for Cancellation
If you checked the “Final Return” box on page 1, place a check in the box explaining why this is your final return. If the reason is not provided, check the box “Other” and enter your own explanation.

The preparer must give you a copy of the return in addition to the copy to be filed with the department.
Employers required to make more than one Arizona withholding payment per calendar quarter use Form A1-WP to transmit Arizona withholding payments to the department. Employers required to make quarterly withholding payments should not use this form. Employers making withholding payments by electronic funds transfer or on the Internet should not use this form.

**Internet payments:** Employers that register may make their withholding payments on the Internet with e-check or credit card. There is a fee to pay by credit card. Visit www.AZTaxes.gov for further information.

Electronic Funds Transfer (EFT)

Refer to A.R.S. § 42-1129 and the related Arizona Administrative Code rules (A.A.C. R15-10-301 through R15-10-307) for detailed information regarding electronic funds transfer.

Employers whose average Arizona quarterly withholding tax liability for the preceding taxable year was $20,000 or more must make Arizona withholding payments via the electronic funds transfer program. If the employer makes its withholding payments by electronic funds transfer (EFT), the employer should not submit Form A1-WP to the department.

**NOTE:** Employers required to make withholding payments via EFT that fail to do so will be subject to a penalty of 5% of the amount of the payment not made by EFT. See A.R.S. § 42-1125(O).

Employers whose average Arizona quarterly withholding tax liability for the preceding taxable year was less than $20,000 may elect voluntary participation in the electronic funds transfer program.

Participants in the Electronic Funds Transfer program must enroll online at www.AZTaxes.gov at least 30 days prior to the first applicable transaction.

# 2017 Arizona Charitable Withholding Statement

## General Instructions

Arizona permits employees to reduce their income tax withholding and have that amount forwarded to qualifying charitable organizations by their employer. The following conditions apply:

- The employee must make his or her request in writing;
- The employer must agree to reduce the amount of the employee’s income tax withholding;
- Only the following contributions to charitable organizations qualify:
  - Contributions to charitable organizations claimed on Arizona Form 321;
  - Contributions or fees paid to public schools claimed on Arizona Form 322;
  - Contributions to school tuition organizations claimed on Arizona Form 323; or,
  - Contributions to certified school tuition organizations claimed on Arizona Form 348; or,
  - Contributions to qualifying foster care charitable organizations claimed on Arizona Form 352;
- Form A1-C for calendar year 2017 is due January 30, 2018.
- Do not mail this form with any other withholding form.

### Who Must File Form A1-C

Employers that made payments of reduced withholding from employees to charitable organizations must file this form to report the amount(s) withheld and paid to charitable organizations on behalf of the employee(s). This information must be provided to the department. Each employee who requested his or her withholding be reduced and paid to a charitable organization must receive his or her withholding and contribution information.

The employer may substitute its own schedule rather than file Form A1-C. The substitute schedule must provide the same information as Form A1-C.

**NOTE:** Employers that file Form A1-C still must file either Form A1-APR, or Form A1-R.

## Filing Original Statements, and Due Date

Form A1-C must be filed within 30 days after the end of the calendar year (January 30), or within 15 days after the termination of an employee whose withholding was reduced. If the due date falls on a Saturday, Sunday, or legal holiday, the statement is considered timely if it is filed by the next business day.

Mail the statement to:
- Office of Economic Research and Analysis
- Arizona Department of Revenue
- PO Box 29099

## Filing Amended Statements

If this is an amended Form A1-C, check the box “Amended Statement”. Enter the corrected information in all areas of the form. Check the “Corrected” box for each employee or charity that was corrected. Complete Part 3 to explain the reason for amending this form.

## Specific Instructions

### Part 1

If the employer has a foreign address, enter the information in the following order: city, province or state, and country. Follow the country’s practice for entering the postal code. **Do not abbreviate the country’s name.**

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). Taxpayers that fail to include their TIN may be subject to a penalty. Paid tax return preparers must include their TIN where requested. The TIN for a paid tax return preparer is the individual’s social security number or the employer identification number of the business. Paid tax return preparers that fail to include their TIN may be subject to a penalty.

If this is an amended statement, check the box “Amended Statement”. Enter the corrected information in the appropriate areas. Complete Part 3 to explain why an amended statement is being filed.

If the employer’s address changed, check the box, “Address Change”. Ensure the employer’s new address is entered above.

### Part 2

Complete a Charitable Withholding Statement for each charity and each employee who had his or her withholding reduced and forwarded to that charity. There may be several individual Charitable Withholding statements for each charity and each employee. Include continuation sheet(s) as needed. Include the employer name and EIN at the top of each continuation sheet filed to the department.
Example:
Employer X has two employees (A & B) who requested their withholding be reduced and forwarded to a qualifying charity. Employee A requested his or her withholding be reduced by $100.00 and forwarded to these charities: Charity A, $50.00; Charity B, $25.00; Charity C, $25.00.
Employee B requested his or her withholding be reduced by $200.00 and forwarded to these charities: Charity A, $75.00, Charity C, $50.00, Charity Z, $75.00.
Employer X would complete six (6) Charitable Withholding Statements:
1. Employee A’s contribution of $50.00 to Charity A
2. Employee A’s contribution of $25.00 to Charity B
3. Employee A’s contribution of $25.00 to Charity C
4. Employee B’s contribution of $75.00 to Charity A
5. Employee B’s contribution of $50.00 to Charity C
6. Employee B’s contribution of $75.00 to Charity Z

Rather than complete the individual Charitable Withholding Statements, employers may substitute a schedule providing the same information as the Charitable Withholding Statements.

Box 1 - Employee Contributions Made in 2017
Include the amount of reduced withholding paid to the employee's chosen charity. Do not round the amount paid to the nearest whole dollar.

**Employee’s Instructions**

Arizona law requires your employer to withhold Arizona income tax from your wages for work done in Arizona. The amount withheld is applied to your Arizona income tax due when you file your tax return. The amount withheld is a percentage of your gross taxable wages from every paycheck. You may also have your employer withhold an extra amount from each paycheck. Complete this form to select a percentage and any extra amount to be withheld from each paycheck.

**What are my “Gross Taxable Wages”?**

For withholding purposes, your “gross taxable wages” are the wages that will generally be in box 1 of your federal Form W-2. It is your gross wages less any pretax deductions, such as your share of health insurance premiums.

**New Employees**

Complete this form within the first five days of your employment to select an Arizona withholding percentage. You may also have your employer withhold an extra amount from each paycheck. If you do not file this form, the department requires your employer to withhold 2.7% of your gross taxable wages.

**Current Employees**

If you want to change your current amount withheld, you must file this form to change the Arizona withholding percentage to change the extra amount withheld.

**What Should I do With Form A-4?**

Give your completed Form A-4 to your employer.

---

**E lecting a Withholding Percentage of Zero**

You may elect an Arizona withholding percentage of zero if you expect to have no Arizona income tax liability for the current year. Arizona tax liability is gross tax liability less any tax credits, such as the family tax credit, school tax credits, or credits for taxes paid to other states. If you make this election, your employer will not withhold Arizona income tax from your wages for payroll periods beginning after the date you file the form. Zero withholding does not relieve you from paying Arizona income taxes that might be due at the time you file your Arizona income tax return. If you have an Arizona tax liability when you file your return or if at any time during the current year conditions change so that you expect to have a tax liability, you should promptly file a new Form A-4 and choose a withholding percentage that applies to you.

**Voluntary Withholding Election by Certain Nonresident Employees**

Compensation earned by nonresidents while physically working in Arizona for temporary periods is subject to Arizona income tax. However, under Arizona law, compensation paid to certain nonresident employees is not subject to Arizona income tax withholding. These nonresident employees need to review their situations and determine if they should elect to have Arizona income taxes withheld from their Arizona source compensation. Nonresident employees may request that their employer withhold Arizona income taxes by completing this form to elect Arizona income tax withholding.

Arizona Revised Statutes (A.R.S.) § 43-401(E) requires an employer to make Form A-4 available to employees at all times and to inform employees of the Arizona withholding election options.

Arizona income tax withholding is based on a percentage of gross taxable wages. "Gross taxable wages" is the amount that meets the federal definition of "wages" contained in Internal Revenue Code § 3401. Generally, it is the amount included in box 1 of the employee’s federal Form W-2 at the end of the calendar year.

Employees elect the percentage of their gross taxable wages they wish to be withheld. They may also elect to have an extra amount withheld from each paycheck.

EMPLOYEE INFORMATION - COMPLETING ARIZONA FORM A-4

- All employees are required to complete Form A-4.
- New employees must complete Form A-4 within 5 days of employment. If the employee fails to complete the form, the employer must withhold 2.7% of the employee’s wages until the employer receives a completed Form A-4 from that employee.
- Current employees must complete an updated Form A-4 to elect a different Arizona withholding percentage or to change any extra amount to be withheld from his or her paycheck.
- An employee may elect an Arizona withholding percentage of zero ("0") if that employee expects to have no Arizona income tax liability for the current taxable year.
  - If an employee makes this election, his or her employer will not withhold Arizona tax from his or her paycheck for all payroll periods beginning after the date of the employee’s election.
  - Each employee claiming to be exempt from Arizona withholding must renew this election annually.
- A qualifying nonresident employee may use Form A-4 to voluntarily elect to have a portion of his or her wages withheld to be applied to his or her Arizona income tax liability.

EMPLOYMENT REQUIRING WITHHOLDING

Withholding tax shall be deducted from the compensation of:
- Wages paid to an Arizona resident whose compensation is for services performed within this state.
- Wages paid to a nonresident employee who is in this state solely for athletic or entertainment purposes.
- Wages paid to part-time or seasonal agricultural employees whose principal duties are operating any mechanically-driven device in such operations.

EMPLOYMENT EXCLUDED FROM WITHHOLDING

No withholding amount shall be deducted from:
- Wages paid to an employee of a common carrier when that employee is a nonresident of Arizona and regularly performs services inside and outside the state.
- Wages paid for domestic service in a private home.
- Wages paid for casual labor not in the course of the employer’s trade or business.
- Wages paid for part-time or seasonal agricultural labor whose services to the employer consist solely of labor in connection with the planting, cultivating, harvesting or field packing of seasonal agricultural crops.
- Wages paid to a nonresident of Arizona who is solely in this state on a temporary basis for the purpose of performing disaster recovery from a declared disaster during a disaster period.
- Wages paid to a nonresident of Arizona engaged in any phase of motion picture production, if the employer applies for an exemption from the withholding provisions, and the department determines that the nonresident would be allowed a credit for taxes paid to his or her state of residency or domicile.
- Wages paid to a nonresident of Arizona who is:
  - An employee of an individual, fiduciary, partnership, corporation, or limited liability company (multi-state business) having property, payroll and sales in this state, or of a related entity having more than fifty percent (50%) direct or indirect common ownership. (All companies are owned at least 50% by the same interest[s].)
  - Physically present in this state for less than sixty (60) days in a calendar year for the purpose of performing a service that will benefit the employer or the related entity. For purposes of determining the number of days of service in this state, days spent in the following activities are not included:
    - In transit
    - Engaging in personal activities
    - Participating in training or professional development activities or attending meetings that are not directly connected to the Arizona operations of the employer or related entity.

The examples on page 2 illustrate three different situations in which a nonresident employee is performing services in Arizona for a multi-state business for less than 60 days during
a calendar year. In these examples, the employer has met the qualifying criteria for this exemption and is not required to withhold Arizona income taxes from compensation paid to the employee for services performed in Arizona.

Example 1:
Corporation A is the U.S. domestic parent of Corporation B, a wholly owned foreign subsidiary corporation. Corporation A has property, payroll and sales in Arizona. Corporation B operates in China and does not have property, payroll and sales in Arizona. Individual R, an Arizona nonresident, is an employee of Corporation B. Individual R performs services for Corporation B in Arizona for 45 days during calendar year 2016.

Example 2:
Corporation F, based in California, is the common parent of Corporation W. Corporation F does not have property, payroll and sales in Arizona. Corporation W does have property, payroll and sales in Arizona. Individual L, an Arizona nonresident, is an employee of Corporation F. Individual L performs services for Corporation F in Arizona for 55 days during calendar year 2016.

Example 3:
Individual D owns 60 percent of Corporation K and 51 percent of Corporation S. Individual N owns 40 percent of Corporation K and 49 percent of Corporation S. Corporation S has property, payroll and sales in Arizona. Corporation K, based in California, does not have property, payroll and sales in Arizona. Individual T, an Arizona nonresident, is an employee of Corporation K. Individual T performs services for Corporation K in Arizona for 35 days during calendar year 2016.

EMPLOYMENT FOR WHICH WITHHOLDING MAY BE ELECTED

• A nonresident Arizona employee of a multi-state business in this state for less than 60 days may elect to have Arizona withholding amounts subtracted from his or her paycheck and the employer must withhold tax based on the employee’s election to do so.
• A multi-state business may elect to withhold tax from the nonresident employee before the 60 day limitation has elapsed.

**Why is Form WEC Used?**

Your employer must withhold Arizona income tax from your wages that you earn while working in Arizona. Tax must be withheld unless your wages are exempt from withholding.

Wages paid to certain people are exempt from Arizona withholding. People who are earning these types of wages use Form WEC to let their employer know to not withhold.

---

**Who May Use Form WEC?**

You may use Form WEC if you are a:
- Qualified Native American;
- Qualified Military Spouse;
- Qualified Arizona Nonresident.

**NOTE:** Do not use Form WEC to make a zero withholding election. You must make this election on Form A-4.

---

**Native Americans**

If you are a Native American, your wages are exempt from Arizona withholding if you:
1. Live on the reservation;
2. Work on that reservation;
3. Are an affiliated and enrolled member of the tribe for which that reservation was established.

Any wages earned off the reservation for work done in Arizona are subject to Arizona withholding.

For more details see the department’s income tax ruling, ITR 96-4, Income Taxation of Indians and Spouses.

---

**Military Spouses**

The federal Military Spouses Residency Relief Act provides tax relief for qualifying spouses. Under this Act, wages earned in Arizona by a qualifying spouse are not deemed to be income for work done in Arizona. Those wages are exempt from Arizona withholding.

If you are married to a servicemember and you earn wages in Arizona, those wages are exempt from Arizona withholding if:
1. Your spouse is a member of the armed forces and is in Arizona in compliance with military orders;
2. You are in Arizona solely to be with your spouse;
3. You maintain a domicile in another state, which is the same state that is the domicile of your spouse.

For more details, see the department’s publication, Pub 705, Spouses of Active Duty Military Members.

---

**Nonresidents**

If you are a nonresident working in Arizona, you may claim an exemption from Arizona income tax withholding if you are:
1. A resident of one of the following states: California, Indiana, Oregon, or Virginia; AND
2. Allowed to claim a tax credit against your Arizona tax for taxes paid to your state of residence on Form 140NR filed for the year.

For more details about how to claim this tax credit, see Arizona Form 309, Credit for Taxes Paid to Another State or Country.

---

**When Should I Complete Form WEC?**

You should complete Form WEC as soon as you qualify for the exemption. Give the completed Form WEC to your employer.

To keep your exemption from year to year, you must file a new Form WEC at the beginning of each calendar year. You must also provide required documentation with each annual Form WEC.

---

**Will I Have to File an Arizona Income Tax Return if I am Exempt from Arizona Withholding?**

Even though your wages may be exempt from Arizona tax withholding, you may still have to file an Arizona income tax return.

**Native Americans**

If you have any wages or other income earned off the reservation you may be subject to Arizona income tax on that income. If you are subject to Arizona income tax and you meet the Arizona filing requirements, you will need to file an Arizona income tax return.

For more details see the department’s income tax ruling, ITR 96-4, Income Taxation of Indians and Spouses.

---

**Military Spouses**

If you or your spouse have any other income subject to Arizona income tax and you meet the Arizona filing requirements, you will need to file an Arizona income tax return. See Arizona Form 140NR for more details.

---

**Nonresidents**

You will have to file Arizona Form 140NR, if you meet the Arizona filing requirements. For complete details, see Arizona Form 140NR.

---
