**2012 PUBLIC SCHOOL REPORT
INDIVIDUAL INCOME TAX CREDIT FOR THE SUPPORT OF
EXTRACURRICULAR ACTIVITIES OR CHARACTER EDUCATION PROGRAMS**

Arizona Revised Statute § 43-1089.01 provides a non-refundable individual income tax credit for fees and cash contributions paid to public schools in Arizona for the support of extracurricular activities or character education programs. This credit is available only to individuals.¹ The credit is equal to the amount of fees paid or amount contributed up to \$200 for single or heads of household taxpayers and up to \$400 for married taxpayers that file a joint return.²

Extracurricular activities are school sponsored activities that require enrolled students to pay a fee in order to participate. The activities must supplement the school's education program. Extracurricular activities may include use of band uniforms, use of equipment or uniforms for varsity athletics, use of scientific laboratory equipment or materials, or in-state or out-of-state trips that are solely for competitive events. Extracurricular activities do not include any senior trips or events that are recreational, amusement or tourist activities.

A character education program is a program defined in Arizona Revised Statute § 15-719. At a minimum, the character education program must include 1) instruction in the definition and application of at least six of the character traits (truthfulness, responsibility, compassion, diligence, sincerity, trustworthiness, respect, attentiveness, obedience, orderliness, forgiveness, virtue, fairness, caring, citizenship and integrity); 2) use activities, discussions and presentations to illustrate and reinforce the application of the character traits; and 3) presentations by teachers or mentors who demonstrate the character traits.

The school must provide instruction in grades kindergarten through 12. Contributions made or fees paid to a non-governmental school, a pre-school, a community college, a university, or a public school located outside of Arizona does not qualify for this credit.

Public Schools must report on a calendar year basis to the Arizona Department of Revenue by February 28 of each year indicating the total number of donors, the total dollar amount of fees and contributions received and the amount spent by the school. The school must also report the amount spent categorized by specific extracurricular activity or character education program.

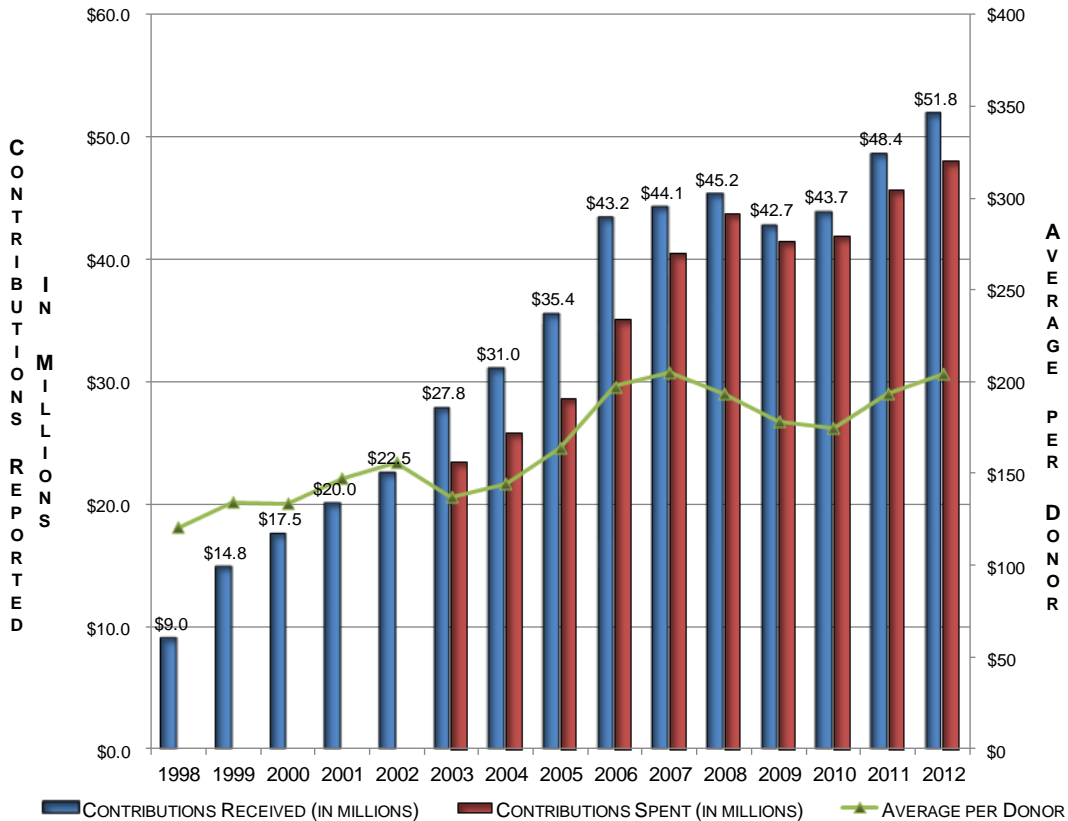

For calendar year 2012, public schools (which include charter schools) reported receiving \$51,772,717 in fees or cash contributions from 253,162 donors for the support of extracurricular activities or character education programs. This represents a 6.9% increase over the \$48,442,987 reported for 2011. The average fee or cash contribution per donor was \$205 for 2012 compared to an average of \$194 per donor for 2011. Public schools reported spending \$47,961,877 or 92.6% of the \$51.8 million received in calendar year 2012. For 2011, schools reported spending \$45,636,837 or 94.2% of the \$48.4 million received. The following table summarizes the reports provided by public schools.

¹ Corporations may not claim this credit. A partnership may not pass the credit through to its partners. An S corporation may not pass the credit through to its shareholders.

² If married taxpayers file separate returns, each spouse may claim only half of the credit that would have been allowed on a joint return.

The maximum allowable credit of \$200 was increased to \$250 for married taxpayers filing a joint return for taxable year 2001; to \$300 for tax year 2005; and to \$400 for taxable year 2006 and thereafter.

A.R.S. § 43-1089.01 was amended in 2011 requiring a public school to report how the tax credit money was spent categorized by specific extracurricular activity or character education program. This reporting requirement provided an opportunity to contact schools to discuss how they spent their tax credit contributions and reinforce the statutory requirements. Last fall, the Arizona Association of School Business Officials (AASBO) sponsored a Webinar on the public school extracurricular tax credit with staff from the Office of the Auditor General and the Department of Revenue. The recorded broadcast can be viewed at www.azauditor.gov/ASD/Webinar/School_District_Webinar.htm under Auxiliary Operations/Tax Credit. Additional information and a rubric to assist schools in determining if an activity is tax credit eligible can be found at www.azdor.gov under the *Tax Credits* and

School Tax Credit for Individuals links under the heading of *Guidelines for Public Schools*. The following table summarizes the amount reported by public schools for 2012 categorized by specific extracurricular activity or character education program.

Session Law (Laws 2011, Chapter 195) allows schools to temporarily use up to 50% of the unencumbered contributions received on or before December 31, 2010 for short-term capital items such as technology, textbooks, library resources, instructional aids, pupil transportation vehicles, furniture and equipment in FY 2011/2012 and 2012/2013. A public school that uses unencumbered contributions for short-term capital items must also report these expenditures to the Joint Legislative Budget Committee at the end of each fiscal year.

For calendar year 2012, 61 schools reported spending \$2,021,271 on short-term capital items. For calendar year 2011, 52 schools reported spending \$848,764 on short-term capital items for a grand total of \$2,870,034 from 85 schools. The following table lists the schools that reported using unencumbered contributions for short-term capital items in 2012 or 2011 and the corresponding total amount of extracurricular tax credit spent for the same period.

Appendix I lists by school district the total number of donors, the average fee or cash contribution per donor, the total amount of fees or cash contributions received in 2012 and in 2011, the percentage change from the amount received last year, the ranking of total amount received for 2012 and for 2011, the total amount spent, and the percentage of dollars spent to the total amount received for 2012.

Appendix II lists the same information as noted above for charter school holders.

The data source is from the Public School Report(s) filed by the school(s) or school district. A shaded box indicates no school in the district submitted a report. Eleven charter schools failed to submit a report for 2012 (reference Page 4 for a list of these schools).

For additional information or questions, contact Darlene Teller at the Arizona Department of Revenue's Office of Economic Research and Analysis at 602-716-6436.
